Operations Will Resume At Esperanza Mine Next Spring

The Esperanza mine will be operated again early next spring. Seattle capitalists headed by Mr. Harry Bowyer, have reached an agreement with the Esperanza Mining Co. whereby they acquire a large block of stock and assume control of operations. All the necessary documents have been signed and an office of the Esperanza Mines Ltd. has been opened in Seattle.

Mr. Bowyer will be in charge of operations, and if weather conditions permit he will arrive at Alice Arm within a month, in order to complete a survey of the lower claims. If he is unable to come, a representative will arrive here to look over conditions and make plans for future operations.

It is planned to commence mining operations as early as possible next spring. A compressor plant will be installed and development work will be undertaken on a much larger scale than in the past.

Formerly all work was done by hand drilling, which made progress slow and costly, and limited operations to a restricted area. It is the plan of Mr. Bowyer and associates to systematically develop the extensive holdings of the company and develop the bigger ore bodies.

The Esperanza mine has had a chequered career. At no time has sufficient capital been available for extensive development purposes, and it was therefore necessary to follow the small veins of high grade silver ore at a limited depth.

The Esperanza is admirably situated for the cheap mining, milling and shipping of ore. It is located at a distance of only 1½ miles from the town of Alice Arm, and is connected by a good road. It is also only 2½ miles distant from the government wharf.

The original property comprised three claims, but last year 14 additional claims were acquired from various adjoining owners, and on which are several promising bodies of high grade ore. The ores carry silver, gold and lead values, with silver values predominating. Tungsten ore is also found in commercial quantities.

Billiard Match Won By Boiler Shop

A billiard league match was played on Friday, November 21 between The Boiler Shop and the Orphans. The former team secured the points.

Entries are now being accepted for the Christmas handicap. Names are quickly filling the list so that a start will be made very shortly with the preliminary rounds.

Money For Relief Fund Is Piling Up

Subscription lists are rapidly becoming filled and the public response at the Mine and Beach has been whole-hearted.

The Meeting held on Thursday, November 20th. was attended by representatives from the various organizations in Anyox. An entertainment has been suggested to take place early in January, and arrangements are being made to make this benefit function a big success.

The Choral Society will devote half the proceeds of their concert, which is being held early in Dec. It is earnestly hoped this concert will be supported by a large audience. The programme arranged by the society is an attractive one and well worth hearing.

Successful Card Party Held At Alice Arm

A very successful card party was held at the Alice Arm Hotel on Saturday evening. There were six tables of bridge and everyone spent a very enjoyable evening pitting their skill against their opponent's. The ladies' first prize was won by Mrs. Ed. Peterson, and Mrs. W. MacDonald secured the consolation prize. Mr. Al. Falconer carried off the men's first prize, and Mr. A. H. Dale captured the consolation. An appetising supper concluded a very pleasant evening.

Mrs. J. Wier and Mrs. G. Anderson were the hostesses of the evening and all proceeds will be donated to the Anglican Church Fund.

Elks Hold Card Party And Dance

A large number of people attended the Card Party and Dance given by the Elks in their hall on Friday, November 21st. Both whist and bridge was played, the former attracting the largest number of players.

The prize winners for whist were: Ladies' first prize, Mrs. Hardy; Men's first, Cyril Tully. Consolation prizes went to Miss P. Brisbane and Mr. M. Cranley. The winners at bridge were: Ladies' first, Mrs. Kydd; Men's first, A. Walters. Consolation prizes were carried off by Miss M. Lindsay and Mr. A. E. Field.

At the conclusion of cards, an excellent supper was enjoyed, and following the repast, dancing was indulged in by a large number. Harry Ward's orchestra furnished the music and the peppy rendering of the latest dance hits was a feature of the evening. It was obvious that everyone had enjoyed a very pleasant evening.

Logging Operations To Start Next Week

Logging operations will be commenced next week by Al. Falconer on the flats near the Illiance River. The timber logged will be cottonwood, and will be shipped to the New Westminster Lamatco Co. where it will be manufactured into cottonwood veneer. There is a nice stand of cottonwood near the Illiance river, and a small crew will be employed during the next two months. The logs will be hauled from the woods to the water by Mr. Falconer with his caterpillar tractor.

High School Pupils Spend a Pleasant Evening

A very happy evening was spent by the scholars and school trustees at the High School party held in the Oddfellows' Hall on Friday November 21st. Mr. F. Dresser and Mr. P. Powell provided the music for the dance, which concluded the evening.

Standing of Billiard League Teams

	Played	Won	Lost	Pts.
Boiler Shop	4	4	0	8
Elks	4	3	1	6
Orphans	4	1	3	2
Mine	4	0	4	0

The Granby Store is gaily decorated for the festive season and makes one realize it is less than a month to Christmas.

ALICE ARM NOTES

A. H. Dale who has spent the past week with his sister Mrs. L. O'Connor, left on Monday for his home at Red Deer, Alberta.

A subscription list for the purpose of raising funds for the sufferers of the Bonanza disaster is now available at T. W. Falconer's store. All those desiring to contribute, are requested to do so during next week, as after that date the list will be forwarded to the Relief Fund Committee at Anyox. Any contribution, how ever small, will be appreciated.

Rev. and Mrs. W. B. Jennings arrived on Monday from Prince Rupert and will reside at Alice Arm during the winter months. Rev. Jennings will conduct Sunday School every Sunday morning or afternoon at T. W. Falconer's hall and Evening Service will be held at 7.30 p.m. each Sunday. Rev. Jennings will resume his duties on the Anglican Mission boat "Northern Cross," next spring. Holy Communion will be held on Sunday morning at 10 a.m.

Immigrants from Canada to the United States during the month of August were greatly on the decline and only 4,137 entered compared with 7,048 in 1929.

An Entertainment In Aid Of Relief Fund

On Thursday, November 20th. the Relief Funds Committee met various representatives in town and discussed plans for raising money for the Fund.

It was decided that an entertainment be put on early in January, as an earlier date would conflict with other items for which arrangements have already been made. Mrs. Lang, Mrs. Ruckhaber, E. R. Johnson, J. L. Anderson, and Stuart Steele were elected as a committee to take charge of the drawing up of the programme, setting the exact date, and making all necessary arrangements for the entertainment.

The purpose of the entertainment will ensure the committee of full support of the community, as regards our local talent contributing their services to make up the best programme ever put on in Anyox.

Rev. F. Bushfield Addresses P. T. A. Meeting

The regular meeting of the Parent-Teacher Association was held on Monday, November 17th. at which a very interesting talk was given by Rev. F. Bushfield on "The Duties of the Minister of Education."

After a very able presentation of the subject the meeting was thrown open for general discussion.

A similar meeting will be held next month dealing with the duties of the Inspector of Schools.

During the business meeting two members were elected to the executive; Mrs. J. Cody as Convenor of the Programme and Entertainment and Mrs. A. McMaster as Convenor of the Study group.

Industrial Pictures Were Appreciated

By courtesy of the Granby Co. the A. C. L. screened two films depicting "the story of the Electric Meter" and "Lead Mining and Milling," these instructional films were much appreciated by the large number that attended the free show at the Mine on Sunday evening and the Beach on Monday night.

The midget 9-hole course in the Elks' Hall was opened Friday night by a very enthusiastic crowd. There is no doubt the course will prove an attraction to the many budding golfers of Anyox who are anxious to improve their putting.

Blossoms, Orphans and Sheiks Win Games On Monday

Three games of basketball were played at the Gym on Monday evening. The Buds and Blossoms were the first to tangle. The youngsters played an enthusiastic game, and as the score indicates the game was very even. Score: Buds-10, Blossoms-12.

The Smelter team suffered another set-back when narrowly defeated by the Orphans on Monday night. The Orphans again showed an improvement especially in passing, but their shooting was erratic.

The Smelter lacked the services of Joe Taylor, which left a weak spot in their defence and which the winners did not fail to take advantage of. Ellison-8, Ion-2, Pinckney-1, Dixon-1, secured the points for the losers, while W. Pinckney-4, C. Karen-4, A. E. Field-4, and A. Horner-2 were successful for the Orphans. The half time score was 10-8 in favor of Smelter. The Orphans played better afterwards and secured the winning basket in the last five minutes.

The Senior A basketball game played on Monday between the Sheiks and Micos was an exciting game, the Sheiks playing splendidly to win by 21 to 11. Scorers; Sheiks, J. Gillies 14 A. Lindren 3, F. Kent-1, S. Barclay 1, C. Dresser-2. Micos, Lazorek-5, Dresser, Deeth-2, F. Anderson 3, C. Anderson-1. Gillies was in good form being well on the target while J. Lazorek seemed to have an "off" night.

Basketball Games Of November 20th.

The game between the Orphans and Smelter was more evenly contested than the previous struggles between these two teams. There was a great improvement in the Orphans quintette, and had their shooting been more accurate they would have won by a great margin. Billy Cloke was a welcome inclusion to the winner's side. The Smelter held the lead until late in the second half when Arthur Horner scored a neat basket to give the Orphans their second victory over the Smelter this season.

Stan Ellison and J. Ion were the leading scorers for the losers. Orphans-11, Smelter-10.

The second game played by the High School girls and Pats was an excellent game to watch. The High School was victorious, and the Dresser girls played a big part toward the school victory.

The Celt's were again victorious over the Micos but fortune favored the winners considerably. The Celts score came from 9 field goals and 5 fouls, Calderoni and C. Hill being the chief marksmen. Anderson scored 10 points for the Micos.

This game was marred by the severe barracking of the referee by the spectators. Celts 23, Micos 19.

Every municipality in the province and also every unorganized district is clamoring for funds for the purpose of alleviating the unemployment problem. It is certainly plain that someone has to bear the burden of taking care of those who cannot obtain work, and the bulk of the burden is falling upon the government. Already however, there is a rumble of criticism. The farmers of the Fraser Valley are not in favor of the expenditure of government money for such purposes, and the opposition members in the Legislature will probably criticize the government at a later date for the abnormal expenditures. When the present depression has passed, and the people are called upon to pay higher taxes on account of relief money now being expended, many a growl will probably be heard. The government are "between the devil and the deep sea." Whatever they do criticism awaits them. The government is spending the money of the people, to help the people. Those unfortunate enough to find themselves without employment or funds cannot be allowed to starve. The money now being expended in this time of distress will be repaid later by the people when times are good and money plentiful, and no one should grumble because they are fortunately employed at the present time.

One of the most effective means to reduce unemployment is to insist on goods made in British Columbia when making your purchases. Such a policy is commendable in every way. It increases our provincial payroll, and instead of our money going to outside points it remains in the province. The people of British Columbia will eventually be called upon to repay the money now being expended for relief purposes. How much better it would be for us to insist on goods made in B. C. and relieve ourselves of the taxation burden that is bound to follow.

Lively Show At Beach Theatre, Tuesday

"It's a Great Life," the Metro-Goldwyn-Mayer picture starring the Duncan Sisters, showing at the Anyox Theatre, Tuesday, is an all-talking, singing and dancing film directed by Sam Wood and filmed with technicolor sequences. The story might well be a biography of the dancers dealing with a sister act in vaudeville which finds itself in difficulties when a quarrel separates the pair who find themselves "flops" as singles.

The new film incorporates a number of skillfully executed dance routines handled by Sammy Lee, who has received no little distinction as a result of his work in several Broadway musical comedy successes.

The Duncan Sisters, as usual, score with their songs.

The music was composed by Dave Dreyer, responsible for "Me and My Shadow," "Rainbow 'Round My Shoulder" and other hits. Ballard MacDonald wrote the lyrics. "Trail of the Lonesome Pine" started him off on one of the most successful careers in the field of popular music.

Fort George By-Election To Be Held In Spring

It is not considered likely that the provincial by-election in Fort George riding, caused by the resignation of Hon. F. P. Burden to take the post of Agent-General in London, will take place before some time next spring after the session of the legislature.

Many Canadians Own Their Homes

Of the 2,001,512 families in Canada, 78 per cent. of the 977,776 families living in rural districts own their homes and 46 per cent. of the 1,023,736 families living in cities and towns are home owners.

The total population of Greater Montreal city is now placed at 1,256,000 by the most recent directory returns.

"We have been married a year and never quarrel. If a difference of opinion arises and I am right, Felix always gives in immediately."

"And if he is right?"

"That never occurs."

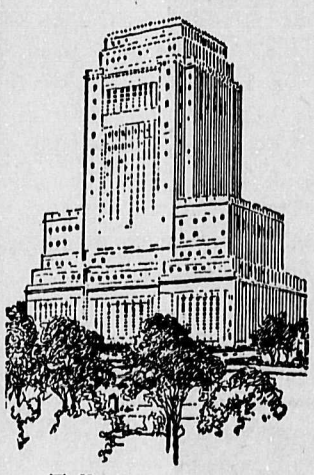
Life Assurance a form of Property


LIFE assurance is as much a form of property as a house, a farm, a bond, or a savings account with *these advantages:*—
(1) Its present and future values are guaranteed.
(2) It constantly appreciates in value.
(3) Its values are always available in liquid form.
(4) It is property purchased on a strictly one-price-to-all basis.

Germany Cuts Down Wheat Consumption

According to a trade report received from Berlin the Federal Railway Company of Germany will serve no more wheat cereals on its dining cars. This is with the view of stemming the tide of wheat imports into the country.

It is expected that the wheatless menu will stimulate German rye consumption in breads. At the present time Germany produces 128,590,000 bushels of wheat and consumes 202,070,000 bushels and at the same time produces 334,645,000 bushels of rye and consumes only 255,605,000 bushels.

In British Columbia there are about 25,000 men engaged in the Fishing Industry

Gold production in the province of Ontario for the first eight months of the year is valued at $23,287,735, an increase of over $1,260,000 in value as compared with the corresponding period of 1929.

Canadian National Railway Earnings Decline

The gross earnings of the Canadian National Railways for the period ending October 31, 1930, were $6,820,604, as compared with $7,933,737 for the corresponding period in 1929, a decrease of $1,113,133.

Radio came into play recently in maintaining the Royal Canadian Mounted Police tradition of "getting its man," when Mrs. Donald McIntosh, of Glasgow wrote C.P.R. headquarters in Montreal to help locate her son, Angus, after months of silence. The railway through J. J. Scully, general manager eastern lines, got in touch with J. W. Spalding, superintendent commanding Saskatchewan district of the R.C.M.P. who in turn applied to radio sources. Angus who was listening in at Saskatoon, got the message from home and at once communicated with his mother.

George M. Inverarity and J. K. Christison, of Carberry, Manitoba, won the boys and girls swine club championship on Canadian Pacific Railway lines in the province at the annual competition recently held at Manitoba Agricultural College. They won the Manitoba Cup for their club for the second time, gold medals for themselves and qualified for the trip to the Royal Winter Fair at Toronto this month as guests of the railway.

A novel form of entertainment is being offered at North Sydney, N.S., where passengers are being taken out on local sword-fishing crafts for which a small fee is charged. Many are availing themselves of this opportunity of seeing the huge fish harpooned from the deck of a boat. An instructor explains the method used in catching these monsters of the deep.

Farmers from all parts of Canada will again be competitors in the International Livestock, Grain and Hay Show to be held at Chicago, November 29 to December 6. In the competitive class for hard spring wheat winner of which is acclaimed as the world's wheat king, Canada has won 16 times in the past 19 years and the province of Saskatchewan has won the crown on 11 occasions.

Capt. Eddie Collins, Mickey Cochrane and Cy Perkins of the world's champion Philadelphia Athletics, and Tris Speaker, world's champion player of former years, have been spending the first half of November in the New Brunswick woods, shooting deer, moose and bear and also adding wild goose and brant to their bags by a visit to Bathurst on the Gulf of St. Lawrence coast. Fredericton was the starting point for their hunting trips.

The championship of the 11th Canadian egg laying contest, just concluded at the Central Experimental Farm at Ottawa, goes to a pen of white leghorns entered by Richard Green of Farringdon Park, Preston, England, while second place honors went to Mrs. W. J. Thompson of Birch Hills, Sask., with a pen of barred Plymouth rocks. Third place was taken by a pen of Rhode Island reds entered by the University of British Columbia. The best laying individual bird in the contest was a Rhode Island red, "No. 336" entered by Dan Russell of New Westminster, B.C. It made a score of 287.8 points for 249 eggs. The contest lasted as usual, 52 weeks.

Six international army officers' teams will compete at the Royal Winter Fair Horse Show to be held at Toronto, November 19-27. They will come from the United States, the Irish Free State, Hungary, Sweden, Germany, and there will also be a Canadian team Teams will consist of four officers each who will enter the lists for the much-prized International Officers' Team Challenge Trophy.

Here and There

(619)

Western Canadian cattle almost swept the boards in 16 classes at the Washington State Fair just concluded at Yakima, Wash., when the Holstein show herd owned by the Canadian Pacific Railway Supply Farm at Strathmore, Alberta, won fourteen first prizes and nine seconds, also taking senior, junior and grand championships in both male and female classes.

A 35½-lb. muskalonge, largest to be taken from the waters of the French River this year, was caught a few days ago by F. R. Spottes, a visitor from Houston, Texas, and was entered in the annual competition for the French River Bungalow Camp Trophy. The monster was landed after a thrilling fight that lasted forty minutes during which it broke water a number of times. When netted it was found to measure 49¼ inches in length and 25 inches in girth. A little later the same fisherman caught an 18-pounder musky.

Modern developments in railroad traffic leading to heavier trains and increased speed is bringing about a concentrated study of the rail weights, according to Grant Hall, senior vice-president of the Canadian Pacific Railway, interviewed recently. The railway, he stated, has used 100-lb. rails since 1921 and has more than 4,000 miles of this weight of steel, particularly in the heavy travel districts between the larger cities and the Rockies, but the heavier trains made possible by greatly increased engine power have combined to bring up the question of 130-lb. rails which is now being studied and on which a final decision will soon be reached.

The history of the folk song in Canada will be illustrated at the Quebec Festival of French-Canadian Folk-Song and Handicrafts which will be held October 16-18 next with headquarters at the Chateau Frontenac. The Canadian Pacific Railway has again planned a comprehensive series of evening concerts of folk-songs, folk-music, dances, choral arrangements and children's play parties and dances.

All alarmist talk of world overproduction of wheat is wholly unwarranted, according to Dr. W. W. Swanson, head of the department of economics at the University of Saskatchewan, interviewed on board the Empress of Australia on his way to the Imperial Economic Conference. He instanced, in support of his view, the fact that in the midst of the campaign to reduce wheat acreage in the United States, a drought had occurred which had reduced the total yield of cereal crops by more than the average wheat crop of the country.

For the second time in two years the Shaughnessy Shield, emblematic of the First Aid championship of police forces in Western Canada, has come to rest in Vancouver. It was won by the Canadian Pacific Railway police team of that city, under the leadership of Constable W. E. Darknell.

Reports from Gloucester recently state that the schooner "Gertrude L. Thebaud" footed along remarkably fast under full sail. She is Gloucester's hope of re-establishing the sailing supremacy of the North Atlantic and is scheduled to meet the "Bluenose" of Lunenburg, in a series of three races opening off Gloucester October 9, for a cup offered by Sir Thomas Lipton.

Here and There

(637)

His Honor R. Randolph Bruce, Lieutenant-Governor of British Columbia, his niece and chatelaine, Miss Margaret Bruce MacKenzie, and Lady Rosalind Northcote, guest at Government House, lent their presence to the list of more than 350 guests at one of the major functions of the Vancouver social season when Triple Entente Chapter Imperial Order of Daughters of the Empire held their ball aboard the Canadian Pacific liner, Empress of Japan, recently, on her second visit to her home port. The newest and largest liner on the Pacific coast was in gala attire for the event.

Sweeping changes in operating methods affecting handling of Canadian Pacific trains throughout the west can be expected in the next few months, W. M. Neal, general manager of the company's western lines, announced recently. Locomotives will pull trains over several divisions instead of over a single division, permitting the railway to make use of its newer and more powerful engines capable of hauling a train more than 1200 miles instead of about 125 miles under the present divisional system.

Outmatching all other entrants to the British Columbia Boys and Girls Swine Club second annual judging contest held near New Westminster recently, Ernest Naughton and Wilbert De Leeuw, 14-year-old livestock experts of Kamloops, annexed the Canadian Pacific Railway cup and medals, as well as a free trip over the company's lines to Toronto to attend the Royal Winter Fair where the final judging contests of the Dominion Boys and Girls Swine Clubs will be held.

Interviewed as to a press despatch that the Consolidated Mining and Smelting Company had large stores of unsold metals and was reducing wages, J. J. Warren, president of the company, said that at the end of September a little more than half a month's production of lead was on hand unsold and a little more than two months' production of zinc, while October sales had been heavy. He added that while the metal bonus paid employees varied with metal prices from month to month, the base wage scale had not been cut.

An indication of the value of Canadian agriculture is given in a recent official estimate of the agricultural wealth of the Dominion. Total value is placed at $7,978,633,000 of which $3,316,061,000 is for lands.

Patrols carried out by the Royal Canadian Mounted Police by dog-team and boat in the eastern and western Canadian Arctic during 1928 totalled approximately 25,000 miles—sufficient to circle the globe at the equator.

A total of 461 pupils have been enrolled and 1,200 application forms have been sent out in response to requests in connection with a correspondence course by which the Saskatchewan Department of Education has made high school instruction available to all students in the province unable to take advantage of the ordinary facilities.

Great Bear Lake in the Mackenzie district of the North West Territories, Canada, is the largest lake wholly within the Dominion; its area is approximately 12,000 square miles.

THE BONANZA RELIEF FUND

- A Call For Aid -

Subscription Lists are now open to raise a fund to provide assistance for the dependents of those killed in the disaster at the Bonanza Mine on November 10th. It is aimed to raise a sum of at least two thousand dollars, and it is hoped that the generosity of the people of Anyox and Alice Arm will swell the fund to well over this amount. The subscription lists will be circulated for only a limited time. Subscribe now or it may be too late.

WHEN BUYING COAL - REMEMBER -

Every ton of British Columbia coal used means employment for local miners and mine workers.

It means the maintenance of more homes in the Province.

It means the continued local circulation of funds which otherwise would leave the Province.

It means, if every B. C. user of coal will use local coal, that the Vancouver Island, Nicola-Princeton, and Crow's Nest Pass coal fields, whose coal workers have been struggling on half time or less for months, again will be favored with prosperous conditions.

For these reasons British Columbians should consider carefully the source of the coal which fills their bins this winter.

Annual Reports, Bulletins, etc. may be obtained free of charge, on application to
