Anyox Ladies Put Up Wonderful Ball Game

Big Crowd and Lots of Fun

Taking advantage of the fair weather on Saturday night, the baseball game between the Married and Single ladies was fought out. The game was a ding dong affair all the way through, the Single girls romped home winners by the close score of twelve runs to ten.

Many brilliant plays were made by both teams. The single girls having a slight edge in the fielding while the married ladies had the advantage with the bat. Both pitchers were in excellent form, each retiring six via the strike-out route. The batteries were; Singles, McMillan and Rashleigh, Married; McTaggart and Dwyer. W. Olsen umpired in his usual high class manner, and all the girls will agree that Ole is a real nice man for donating his services to the sport.

Considering the inclemency of the weather and the short notice on which the game was staged it was a huge success financially. One hundred dollars was collected at the gate, which sum will be turned over to the Union Church.

Everyone is clamoring for a return match, which if staged, should be a greater success than the first.

The teams lined up as follows: Single Ladies: Miss Rashleigh, c.; Miss McMillan, p.; Miss Moffatt, 1b.; Miss Calderone, 2b.; Miss Keith, s.s.; Miss J. Moffatt, 3b.; Miss Scott, l.f.; Miss Datillio, c.f.: Miss Cane, r.f.

Married Ladies: Mrs. Dwyer, c.; Mrs. McTaggart, p.; Mrs. Jeff, 1b.; Mrs. Cody, 2b.; Mrs. McQuarrie, s.s.; Mrs. Henderson, 3b.; Mrs. Campbell, l.f.; Mrs. Gray, c.f.; Mrs. Ferguson, r.f.

Dance Held at Alice Arm

On Monday evening, August 18, an impromptu dance was held in the Coliseum which was largely attended, and greatly enjoyed by all.

Dainty refreshments were served during the evening, and dancing was carried on until 1 a.m.

The snappy orchestra, consisting of Mrs. T. W. Falconer, piano; Mrs. J. Laidlaw, saxophone; Mr. Chas. Hutchinson, clarinet; and Lorne Falconer, violin; excelled themselves. They were relieved for several numbers by Mrs. W. O'Neill, Miss. V. Riel and Mr. J. Houston.

Construction of Alice Arm Float

The lumber for construction of the new government float at the wharf, arrived on Monday. Mr. Currie of Prince Rupert has secured the contract, and it is expected that work will be shortly commenced, and another long-felt want will be filled.

Big Quantity of Metals Smelted at Anyox

As is well-known, the Granby Co. are the largest copper producers in Canada. Last year they produced at Anyox more copper than the rest of British Columbia combined.

The first furnace was "blown in" at Anyox, on March 17th, 1914. From that date the Anyox plant has produced the stupendous total of 256,431,744 pounds of copper; 3,041,004 ounces of silver, and 59,197 ounces of gold.

Last year was the biggest year in the history of the company, with the exception of 1921. With the operation this year, of the new concentrating mill, production should exceed any previous year, and next year, when the concentrator is operated to capacity for the full twelve months, the total will be even larger.

Carnival Queen Nominated at Anyox

The Anyox candidate for Carnival Queen of the Prince Rupert exhibition is Miss Dodd, and it is up to Anyox to see that she is elected. In former years, Prince Rupert has carried off the honors by a small margin, but this year the campaign committee have decided that the smelter town is going to have the honor of electing the Queen. The first prize is a trip to the Empire Exhibition at Wembley, England, so don't forget to buy a ticket. In buying a ticket you are helping along the exhibition, whose chief aim is the boosting of the north, of which we are a part.

Anyox Man Comes Overland Terrace to Alice Arm

Mr. Ed. Ashton, of Anyox arrivfd at Alice Arm yesterday, after a trip overland from Terrace. He left Anyox some time ago, and proceeded to Terrace, and from there he commenced his prospecting trip, that finally brought him through to the head of the Arm. He reports rough travelling between the Naas River and Alice Arm, but was well pleased with his trip. He intends to prospect in the vicinity of Alice Arm for a short time. Mr. Ashton spent a few weeks here last summer.

Trail Rangers Return To Anyox

Rev. J. Herdman accompanied by his troop of trail rangers, returned on the Cardena Monday, after putting in two very enjoyable weeks at Port Simpson.

They found Port Simpson an ideal spot for camping. During their visit, a social was given by the members of the hospital staff to the adult members of the camp, and the boys entertained a number of the local young folks to a beach party.

Rich Ore From Basin

Mr. Angus McLeod arrived in town during the week from the Basin property near the Kitsault Glacier. He has uncovered an 18-ft. ledge of ore. and brought down some fine samples of grey copper ore, which are probably the finest samples of grey copper ever brought to town. They will be shipped to the Prince Rupert exhibition.

Summit Being Developed

Mr. A. Davidson is busy developing the Summit property, in the upper Kitsault country. He has driven a tunnel 15 feet in length, and is now surface stripping an ore ledge which he has lately discovered. Some good ore samples were brought to town by Mr. Davidson during the week, and he expects to locate a considerable tonnage of ore on the property before the snow flies.

Alice Arm Ore For Rupert

A number of samples from Alice Arm will be sent to the Prince Rupert exhibition on Monday next. While the shipment could have been much larger, the amount going forward will give outside people an idea of the mineral wealth of the district.

Rich Ore Strike Near Dolly Varden Railway

What is probably the most important ore strike made in the Alice Arm district this year, was made during the week on the Midnight group, near West Creek, by Mr. Tony Surbich.

It was while doing assessment work that Mr. Surbich was fortunate enough to strike a 2-ft. ledge of high grade ore. Samples were immediately sent out for assaying, and these gave returns of 12 per cent copper, 8.3 ozs. silver and 0.02 gold per ton. The property was only acquired last year and this is the first work done on it by the owner.

The most interesting part of the strike is that it was made only four feet from the Dolly Varden railway tracks, so that transportation problems are nil.

It is the intention of Mr. Surbich to drive a tunnel 100 feet in length on the ledge, and if the tunnel is successful he will, in all probability work the property himself. Living quarters and a blacksmith shop will also be built. The work to start immediately.

Anyox Moose Guests at Successful Smoker

Alice Arm Visitors Are Entertained

The Loyal Order of Moose, Anyox Lodge No. 1412, held a Smoking Concert on August 9, following their usual meeting.

The entertainment was given in honor of a number of Alice Arm members who made a special trip on the Awake in order to fraternize with their brothers in Anyox, and also to repay the visit to Alice Arm of the Anyox members.

A short business meeting was held, and at its conclusion refreshments were served, and music and song, intercepted with short stories by various members. were the order of the evening.

The Moose orchestra was in attendance, and the revelry was carried on until the hour of midnight, at which hour a pleasant evening, in which good-fellowship reigned supreme was brought to a close.

The Alice Arm visitors were given a wonderful time by the Anyox members, and wish to express their appreciation for the good time spent at the headquarters of the Lodge.

E. MOSS, Editor and Publisher.

Each year more mineral wealth in the Alice Arm district is brought to light, new ore ledges are discovered, and work done on old ledges have proved that richer and larger bodies of ore exist than was previously anticipated. Mining property owners throughout the whole district have unshaken faith in the possibilities of the camp, and are ready to stay with it until Alice Arm receives its right recognition. The development of the camp on a large scale can not be long delayed. Already several small companies are developing properties, that may ultimately develop into one of the big producers of the near future. Unbounded optimism and hard work, have put a lot of mining camps on the map. We have the ore and optimism, and are doing the work, the fruits of which will not long be denied us.

Uniforms For Provincial Police

Material for uniforms in which Provincial Police officers are to be clothed has been purchased, and will be ready for tailoring soon. Some officers, it is expected, will be in uniform by the end of the year. The attorney-general's department, which directs the police force, plans to put the police into uniform gradually so as to avoid any large expenditures at one time.

Employee—Why the crepe over the sink? Who's dead?
Janitor—That ain't crepe; that's the office towel.

Mill This Fall For Riverside Property

Portland Canal News

Within the neighborhood of a mile of underground work done and a large tonnage of good milling ore blocked out, the owners of the Riverside mine at Sevenmile, on the Salmon valley road, are now preparing to realize on their investment of many thousands of dollars spent in developing this property. A complete concentrating plant of 60 tons daily capacity has been ordered and should arrive on the Curacao about the end of this week. Otto Trojanowski, who built the Premier mill, has arrived to construct the Riverside plant. The work will be rushed, and barring unforseen delays the mill should be ready to turn over about the 1st of October.

Stewart Properties Shipping Ore

In addition to the regular cargo of Premier high grade ore, the big freighter Mogul last Monday took out 45 tons of B. C. Silver ore estimated at $120 per ton, and 30 tons of Porter-Idaho estimated at $200 per ton. Clearing earlier than was expected, the ship did not take all the ore from the dock.

Carbon Black Plant For Peace River

The first carbon black plant in Canada will be installed, it is stated, at Peace River, by the Canadian Petroleums Limited, which company plans to utilize the great deposits of gas in that district. About 100 men will be employed at the commencement of operations, if the present plans are carried out.

"What is an angel, mother?" asked a six-year-old.

"Why, my dear, an angel is a beautiful lady with wings who flies. But why do you ask?"

"Because I heard father call my governess an angel," replied the little boy.

"Oh," said the mother. "Well dear you watch, and you will see her fly tomorrow.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

Anyox Baseball and Football Games

Continued from page 1.

Elks Consolidate Their Position

On Thursday evening the Elks clinched their hold on first place in the League standing, when they turned back the Smelter, five runs to one.

Poor fielding lost the game for the Gas Eaters, while "Rusty" Fitzpatrick was in fine form on the mound for the winners. Three hits were collected off his deliveries, while the "Bills got to Wells for five bingles. Wells fanned six and Fitz four.

Score by innings—

Elks	1	4	0	0	0	0	0	—5
Smelter	1	0	0	0	0	0	0	—1

Batteries: F. Fitzpatrick and Cody. Wells and B. Fitzpatrick.

Umpires: W. Olsen and L Lane.

Smelter Win From Mine

The Smelter, by virtue of their win over the Mine on Monday evening, by three runs to one, earned the right to meet the Elks in the play-off series for the Cup.

Wells did the hurling for the Gas Eaters and pitched nice ball all the way. C. Ferguson was on the mound for the losers.

Standing of the teams at the finish of the schedule:

	Won	Lost	Pct.
Elks	10	6	625
Smelter	8	8	500
Mine	6	10	375

Smelter Footballers Win Two Games

In a League fixture on Friday evening, the Smelter footballers defeated the Beach eleven by the score of five goals to four. The Beach are showing vastly improved form and should have won Friday's game. The forwards passed up many opportunities to shoot the biggest fault seeming to be in trying to work the ball too close to the goal.

Craggs scored twice for the Beach, and Fitzpatrick and Taylor got one each. Robinson notched three for the winners and Twaddle one. The winners fifth goal was scored by the Beach full back, when he drove the ball through his own goal in an attempt to clear the ball.

Ted Simpson refereed to the satisfaction of all.

On Sunday evening, the Smelter turned in another win, this time at the expense of the Mine. The score was two to one. Ray Ingraham scored both goals for the winners.

Cheap Rates For Harvesters

For the first time, harvesters from the Okanagan and Central British Columbia will enjoy a special rate to the prairies this year. The labor department, under Hon. A. M. Manson, has secured a general rate of $10 to Edmonton or Calgary, and a half-cent per mile from there to destination. The same rates apply westward, after harvest.

BRITISH COLUMBIA
The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, $76,962,203; Lode Gold, $113,352,655; Silver, $63,532,655; Lead, $58,132,661; Copper, $179,046,508; Zinc, $27,904'756; Coal and Coke, $250,968,113; Building Stone, Brick, Cement, $39,415,234; Miscellaneous Minerals, $1,408,257; making its mineral production to the end of 1923 show

An Aggregate Value of $810,722,782

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years, 1906 1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; for the year 1921, $28,066,641, and for the year 1923, $41,304,320.

Production During last ten years, $350,288,892

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES,
VICTORIA, British Columbia

ANYOX NOTES

Mrs. C. E. Jeffs and son Thomas returned to Vancouver on the Prince George Thursday, after spending two months visiting relatives here. Mrs. Jeffs is a daughter of Mrs. P. McMillan of this town.

Mr. F. Barnsfather, was a south-bound passenger on Thursday.

The first game in the play-off series for the Anyox Baseball Cup scheduled for Wednesday had to be postponed owing to inclement weather. Weather permitting the game will be pulled off Sunday.

Mr. J. Varnes, our local band-master, returned on Thursday from a holiday in the south.

Mr. Geo. Phippen, arrived back on the Prince George Thursday, after spending a two months holiday in Vancouver.

Mr. and Mrs. Young and family were arrivals on the Prince George Thursday. Mrs. Young is a sister of Mrs. Phippen.

Mr. Coleman Hall, left town on the Prince George Thursday, for Vancouver. Mr. Hall was employed at the Larcom Island Saw Mill.

Mr. D. Dow, was a passenger on the Prince George Thursday en route to the Okanagan where he will visit his mother prior to his return to the University of Toronto.

Mr. Hugh Hackett, was a passenger on the Cardena Monday, bound for Vancouver,

Mr. Stevens, government engineer was a passenger for the south on Monday.

Mr. Lewis of No. 2 dam left on the S. S. Cardena.

Mr. W. Stevens of the Mine, was a south-bound passenger on the Cardena Monday.

Mr. and Mrs. G. E. Warwick and daughter returned to town on Monday, after visiting in Terrace B. C.

Mr. and Mrs. G. Thompson and daughter, arrived in town on Monday, after spending an extended holiday in Vancouver, where Mrs. Thompson was visiting her mother, Mrs. Wm. Ballantyne.

H. Cathro was a south-bound passenger on Monday's boat.

Miss M. Dupuis arrived home on Monday from Montreal where she has been attending school for the past three years.

Among the arrivals on Monday from Vancouver, were: Miss Mable Stevens, and Mr. J. D. Lewis.

Miss B. Brown arrived in town on Monday from Prince Rupert.

LADIES' BASEBALL RETURN GAME

Single vs. Married

On Monday Evening, September 1st. At 6 p.m

A Collection will be taken on entering the Park. Don't miss this chance to see the Ladies perform.

Following the Game, a Dance will be held in Elks' Hall, from 9.30 to 2.

$1.00 a Couple. Extra Ladies 50c.

GOOD MUSIC AND GOOD EATS

ALICE ARM NOTES

See Al. Falconer for Wood, Coal and Lumber.

Mr. John Stark, caretaker of the Dolly Varden mine was in town for a day or two during the week.

Mr. J. Strombeck is working on his mineral claims near the big canyon on the upper Kitsault.

The Dolly Varden telephone line from the wharf to the mine has been repaired during the week by Messrs. J. Anderson, R. Kay, and J. Stark.

Hand Laundry Work. Moderate Prices—Miss B. Crawford, Alice Arm.

Mr. J. B. Bower, arrived down from the Monarch property on Tuesday, where he has been doing development work. He expects to return at an early date.

With the exception of the work being done by a few big mining companies, mining is quiet throughout the province. But with the silver rising in value, the silver camps will be again busy, and Alice Arm will be the shining light of them all.

Mrs. J. Trinder was taken to the Anyox hospital on Tuesday. Latest reports are that she is progressing favorably.

Mr. A. Martinson of Anyox Mine is spending holidays in town with Mr. M. Petersen.

Shower Baths for ladies and gentlemen. First-class Service. J. Laidlaw, Alice Arm Electric Laundry.

Mr. O. Flint is doing development work on the Fox and Matilda property, at the Kitsault Glacier.

Mrs. C. McLachlan of Anyox, is spending holidays with Mrs. P. Whelan, having arrived on Tuesday.

Miss Edith Fraser arrived from Los Angelos on Thursday, on a visit to her parents, Mr. and Mrs. N. Fraser, of the Esperanza Mine.

Rev. Rushbrook will conduct Services at the Anglican Church tomorrow, instead of the following Sunday.

See Al. Falconer for Freight and Pack Horses.

Don't Forget To-morrow is Parson Rushbrook's Sunday at Alice Arm

Children's Service, at 11 a.m.
Evening Prayer, 7.30 p.m.
ALL WELCOME

Another Ladies' Baseball Game

So great was the success of the ladies' baseball game on Saturday evening, and so thoroughly was it enjoyed by both players and spectators, that the ladies have decided to give another exhibition of how the game should be played. This game will be played on Monday evening, September 1st. The ladies are now in great form, following their practice of last Saturday.

The launch, "Wanderer" T. Almas, skipper, made a trip to the Naas River over the week end.

Answer The Child.

"Father," said little Willie, "why has my hair grown so much longer than yours, when yours has grown so much longer than mine.

Exit father.

The Home Drink

Cascade PALE

"The Beer without a Peer"

HERE'S the drink for you, for your wife, for your guests—the drink to have always on hand for any social occasion. "Cascade" is the proud product of British Columbia's model brewery, equipped with every aid that modern brewing science can devise to produce the best beer possible. It's brewed to perfection, aged to a ripe mellowness, bottled at the brewery in sterilized amber-colored bottles that keep out the light and keep in the delicious "Cascade" flavor. That's why it appeals to more British Columbia people than all other brands of beer.

Insist on "Cascade" at the Vendors — have it in your home—serve it to your guests!
