Triple Birthday Party Celebration at Anyox

Tuesday, March 27th, was a birthday anniversary, but not of the ordinary kind, for three gentlemen of Anyox accept congratulations on that day. The three are Messrs. Chas. Gray, James Wier, and Wallace Henderson.

The residence of Mr. and Mrs. Gray was the scene of a party which a number of conspirators arranged as a surprise for the honored three. The uninvited guests in massed formation, invaded the house, each carrying a parcel, and bent upon having a good time.

Among those present besides the above mentioned three and their wives, were:

Mr. and Mrs. B. Buck, Mr. and Mrs. H. Chapman, Mr. and Mrs. J. Cloke, Mr. and Mrs. O. K. Dwyer, Mr. and Mrs. Wilfred Henderson, Mr. and Mrs. A. Morton. Messrs. G. Bailey, M. Cranley, A. Davie, E. Hannan, G. Liddel, J. Martin, M. Morrow, J. S. McDonald, F. Stringham, J. Prevost, R. Owens.

Messrs. Liddel with violin and J. Prevost with Banjo, attended to the musical end of the programme. Max Morrow delighted with several good songs, and J. S. McDonald the feature event of the evening, a recitation on "Murphy's Pills." Altogether it was a most enjoyable evening, entering well into the "wee sma' oors."

Anyox Basketball

Some surprising games took place during the week. The High School girls who until last week had not won a game, romped home winners over the Bluebirds on Friday night with a score of 4-1.

The School Girls defeated the Browns on Saturday 18-4. The Browns visited the Mine on Monday at went down to defeat at the hands of the Pinks, the score being 17-14. The Blues beat the Bluebirds in a close game, the score was 8-7. On Thursday night, the High School Girls defeated the Blues with a score of 6-4.

In the Men's Intermediates the High School boys met their first defeat, the General Store getting the odd point in a closely contested game, the score being 17-16.

Teachers' Convention At Victoria

As a welcome break in the lengthy winter term comes the Easter recess for the members of the teaching profession in this province. Although it affords a relaxation from the routine of the Schoolroom for a few days, the holiday has become more valuable than for the purpose of mere rest.

During the coming weeks, as many B. C. Teachers as find it possible to reach Vancouver meet there in convention under the auspices of the Teachers' Federation. This organization, it may be noted, was established some years ago to foster a closer co-operation between the Department of Education, School Boards, and the Teachers. The aims and objects of, together with the creditable results achieved by such an association has genuinely justified its inception.

At the three daily sessions of this convention every teacher is enabled to attend lectures bearing on the latest research pertaining to the matter and methods of the particular subjects they are teaching. They may also join in teachers conferances dealing with class or grade problems confronting them. Then, too, they are privileged to listen to the best speakers on educational topics of general interest procurable.

Although many of the teachers in the province attend university summer sessions to take courses to increase their efficiency and to procure higher certificates, no short period of the year is so eagerly anticipated or so frought with fresh ideas and new encouragement as the spring days of Easter week which betoken renewed energy and a brighter outlook throughout the remainder of the year.

An Easter Service will be held at the Anglican Church, on Sunday afternoon, at 2 p.m., a special feature of which will be the singing of the children. A short address will be given by Mr. H. Smith. Everyone cordially invited.

Mr. G. Bruggy received word by wire during the week that the Montana Group at Stewart has been bonded to a British Mining Co. Mr. Bruggy holds an interest in the property, the other owners being A. McLeod, of Stewart, and H. C. Magee, of Vancouver.

An opening dance will be held in the new bunkhouse at the Trethewey Logging Camp this evening. Teams leave at 8 p.m. A good old time for everyone.

Mr. and Mrs. Cote and family arrived in town on Saturday, from Anyox. Mrs. Cote and family are residing here but will later join Mr. Cote in Anyox.

R. W. Howey, of Anyox was a visitor in town during the week.

G. P. Fisher, representing Smith Davidson & Wright, Vancouver; J. W. Hockin, representing McLellan & McFeeley, Vancouver, and C. C. Mills, representing Kelly Douglas Co. Prince Rupert, arrived in town yesterday.

Dinner Party at Blue Bird Cafe

A very pleasant dinner party was given on Tuesday evening, at the Blue Bird Cafe, by Mr. J. Hays the occasion being the anniversary of his birthday. The party also took the form of a farewell to Mr. and Mrs. T. Chapman who were leaving Anyox the following day.

A sumptuous dinner was served by Mrs. J. M. Davis, of the Blue Bird Cafe, which was greatly enjoyed by the guests, who were: Mr. and Mrs. T. Chapman, Mr. and Mrs. W. F. Eve, Mr. and Mrs. Sawrey, Misses Peggy Thompson, Violet Eaton, Marion Stanley, Barbara Eve. Vera Eve, Edna Herrin, Nora Chapman, Messrs. Alex Davie, J. Hays, and Kenneth Sawrey.

After the dinner, the party repaired to the home of Mr. and Mrs. Sawrey where the evening was spent very enjoyably.

Alice Arm Saw Mill Busy

Mr. C. P. Riel has towed up 65,000 feet of lumber from his logging camp at Perry Bay, and the local sawmill will be kept busy for the next three weeks cutting lumber for the Granby Company. The gasoline engine from the Molybdenum mine has been installed at the mill and is giving first class service. The engine is a Fairbanks-Morse, 45 H. P. In addition to the order for lumber from the Granby Co. numerous job lots of lumber have been ordered for local builders, and it is expected that the mill will be operated to capacity throughout the summer.

Athletic Meet of Mine Club

A meeting was held at the Mine Hall, during the week, under the auspices of the Mine Club. The meeting was called for the purpose of starting the machinery for the organization of baseball and football teams for the coming season.

It was decided to circulate a subscription list to raise funds to carry on these two games.

The list has not yet completed its travels around the hill, but up to the present it carries figures representing a total sum exceeding $600.00.

Weekly Meeting of Anyox Community League Council

The regular weekly meeting of the Community League was held on Friday evening, March 23rd. in the Rest Room. Present: President Lewis, Vice-President Callanan, Secy-Treasurer Townshend, Councillors Messrs. Harper, Blaney, Simpson, Steele and Jones.

The minutes of the preceding meeting were read and approved on motion of Mr. Simpson, seconded by Mr. Callanan.

The Secretary's report dealt with preparing for the Easter Dance, material for decorations being ordered and advertising arranged for. Two sample pairs of skates ordered by the last Council have arrived and will be passed around for your inspection before meeting adjourns. These skates cost $7.96 per pair landed in Anyox. In connection with the request of the Council. to get the League members at the Mine to suggest a representative for the Council, a number had been interviewed. Mr. Blundell had consented to act as the Mine representative. As to the remaining representative from the Beach, it was desirable to have one who would be capable of representing Home and School, an important department, and Mrs. Dwyer had been asked to take this on, she had consented to do so.

Mr. Callanan then asked that Mrs. Dwyer be made a Councillor of the Community League. Dr. Harper asked that Mr. Blundell be the Mine representative. Mr. Simpson moved that nominations be closed. This was seconded by Mr. Blaney and carried.

The Secretary introduced the Gymnasium and its losses and possible ways and means of producing revenue were discussed at considerable length. It was thought best to keep it open if at all possible, and various suggestions were put forward. If the roller skates proved satisfactory, this might be a way. Mr. Blaney thought they should be tried. Mr. Steel thought that the skates would ruin the floor, and told of efforts made at Prince Rupert to keep the roller rink there open. It did not pay and was something that soon lost its interest. Mr. Steele did not think it advisable to outlay $400.00 on roller skates. While there was nothing decided in the matter of keeping the Gym. open. it was thought advisable to give Mr. Cheshire, the instructor, notice that his services would not be required after the end of April. In doing this, there was no question of dissatisfaction with Mr. Cheshire or his work. it being merely a question af financing only. To this effect a motion was made by Dr. Harper and seconded by Mr. Townshend and carried.

Anyox Community League Meeting

Continued from page 1.

The Chairman opened the question of Recreation Hall and the methods employed in the conduct of the activities there. Mr. Simpson suggested that in connection with the pool room there should be a different system of collecting and thought that the fare box idea was the best one to introduce. Mr. Steele had never seen anything so loosely conducted, and if it were possible advocated the street car system of ringing a bell every time a fee was collected, and which was the practice in a great many pool rooms. The picture show also came in for its share of criticism and more efficient methods of checking suggested. All this discussion took place in best interests of the League. If the League was going to take full advantage of its facilities for doing business, things should be handled on a business basis. In seeking to do this, there was no question as to the honesty of the Manager of the Recreation Hall. The Secretary advised the holding of a special meeting of the Council to go thoroughly into the matter, at which the manager of the Recreation Hall would be present. The Council agreed that this would be the best way of disposing of the matter, and it was moved by Mr. Callanan and seconded by Mr. Jones that a special meeting be called for Monday evening, March 26th. which Mr. Selfe would be asked to attend.

The Easter Dance was then discussed. Mr. Simpson told of progress and what had already been done.

The Chair then announced that he would appoint the Chairmen of the different departments. For Recreation he named Mr. Seidleman for Choral and Dramatic, Dr. Harper; for House Chairman, Mr. Simpson; for Forum, Mr. Jones; for Home and School; Mrs. Dwyer, and for entertainment, Mr. Blaney.

The Secretary suggested that a Junior Department of the League be instituted, so that the younger element, which was an important one, should have some representation. This was left over for further dealing.

Extensive Diamond Drilling

Mr. J. Sweeney, of Boyle Brothers, diamond drill contractors, of Spokane, stated in a recent address that his company had drilled over 100 miles and were drilling now at the rate of one and a half miles per month. Boyle Brothers have drills operating at Anyox, Premier, and B. C. Silver, they also drilled the Dolly Varden and Wolf properties.

With Copper over 17 cents, Cotton over 30 cents, Wool (London) over $1.00, Rubber 36 cents a pound, with steel, lumber and other raw and manufactured materials advancing in price, it must be admitted that the long expected period of secondary inflation is here. Our retail merchants are still selling their goods at prices that will look very cheap six months from today. Despite the increase in credit expansion the reports of the Federal Reserve Banks, that the great well of credit is still practically untouched. Member banks have scarcely begun to re-discount with the Federal Reserve System, which means, in the absence of any untoward event, that prices of commodities will continue to rise, as the member Banks will undoubtedly make money on their own credit, by re-discounting their own or their customers' paper with the Federal Reserve, if they can do so without undue risk. This means further credit expansion, and, consequently, higher prices for commodities. The fly in the ointment is the price of farm products, and their rise in price may be slow but it will be sure. Investors dependant upon income from securities, should make every effort to get the most income compatible with absolute safety of principal. A judicious exchange of securities, in many cases, will prove profitable.

Grand Trunk Pacific

Guaranteed Unconditionally by the Dominion of Canada. Grand Trunk Pacific 3 per cent. Bonds due 1962. Price on application. Payable Principal and Interest at $4.86 to pound sterling in Canada or New York.

Steel Prices Work Higher

Further advances in iron and steel prices resulted from the growing shortage of material for early delivery. Pig Iron moved up $1 to $1.50 a ton in most districts and premiums of from $3 to $7 a ton were established on several lines of finished steel. Coke advances to $7.50 on demand from Europe and South America.

Copper

New York—Price of electrolite copper is slightly weaker. While all the larger producers are holding firmly at 17 cents delivered, with a considerable tonnage sold Thursday at that price, copper can be bought in important directions at somewhat under 16 7-8 cents delivered. Second-hands are still willing to sell at 16 3-4 cents aside ship New York, while abroad English dealers are still selling as low as 16.95 cents c. i. f. While the amount of copper offering under, 17 cents is in fair amouut in the domestic market, it is not thought thatany material break in price will occur, as most producers are sold well ahead, with consumers as yet uncovered on considerable of the metal which they must buy to cover commitments that are being held for placing later in the second quarter.

Demand abroad is in fair volume, but being satisfied mainly by foreign dealers, although Copper Export Association has sold a fair tonnage to France and England during the last 24 hours.

Mine output of copper still is 20,000,000 pounds a month below world consumption, and everything still favors producers as to prices rather than consumers, Present slight weakness is due to smaller demand during the last two weeks such as is to be expected before start of another buying movement. Price of electrolytic copper for domestic shipment is 16 7-8 to 17 cents a pound delivered to end of June, with a slight willingness to sell into July. Lake copper is 16 1-8 cents delivered to end of May. Price aside ship to New York is 16 3-4 cents with producers unwilling to meet the price. Prices for European destinations from American producers are at levels corresponding with 17 to 17 1-8 cents c. i. f. Hamburg or London.

Copper Mountain Property to be Sold on May 7th.

Following the default in payment of approximately $2,800,000, properties near Princeton, of the Canada Copper Corporation Limited were foreclosed last week by Mr. Justice W. A. Macdonald at the suit of the Equitable Trust Company of New York, representing bondholders.

Sale of the Copper Mountain property and also the holdings of the Canada Copper Corporation in Washington State was ordered by his lordship, the sale to be conducted May 7th, at the Courthouse in Vancouver, by Mr. J. F. Mather, registrar of the Supreme Court.

The bondholders, acting through their trustee, the Equitable Trust Co. have been given leave to bid at the sale. Indications are the bondholders will buy in the property amd then convey to the Granby Company in accordance with agreement.

The mortgage securing the bond issue had been given November 1st, 1917.

The Granby Company's mine at Cassidy produced last month 19,111 tons of coal.

No Hitch on Copper Mountain Transfer says J. J. Warren

Mr. J. J. Warren, president of the Consolidated Mining & Smelting Company, of Trail, and Mr. Lorne Campbell, manager of the West Kootenay Power and Light Company, passed through here Wednesday morning on their return from Vancouver, where they had been in consultation with Mr. Munroe, general manager of the Granby Company. Mr. Warren is reported as saying that it would be only a very short time until things would be humming at Copper Mountain. He is also quoted as having stated in Penticton that there was absolutely no hitch in the negotiations between the Granby Company and the Consolidated. In the meantime there is a rather disquieting statement to the effect that the Granby have ordered a postponement of preparations for activity at Copper Mountain and Allenby.—Princeton Star.

Daly Alaska Optioned for $850,000

British interests have purchased an option on the Daly Alaska property, which is situated on the Alaska side of the international boundary on the Salmon River at the head of the Portland Canal.

It has been announced by Maurice D. Leehey, of Seattle, attorney for the Daly Alaska, that the property had been optioned to H. S. Denny, mining engineer of London, England. Under the agreement the ultimate consideration is $850,000.

Pat Daly has been in charge of development work at the Daly Alaska for the past year.

New Boat For Northern Run

The Union S.S. Company launched the new steamer Cardena, on the Clyde, on March 26th, and she will sail for Vancouver late in May. She will be put on the northern run, calling at Anyox and Alice Arm. The Cardena is 220 feet long, 34 feet beam, with fuel oil engines and accomodation for 100 passengers.

Canadian Investors Lose Nine Million Dollars

Canadians invested $9,000,000 in the L. R. Steel chain store enterprise, which recently went bankrupt. If these people had invested their money in companies that are developing the natural resources of the country they are living in, they probably would be a whole lot better off financially, and incidentally building up the country. It is time Canadians realized that enormous profits are being made by the developmet of the country's natural resources and that the bulk of the profits are going abroad.

George Wingfield a Good Sport

Mr. F. M. Mason writing in Mining Truth, says: George Wingfield has given W. J. Taylor a short option on Dolly Varden and Wolf mines, at Alice Arm. It is understood that Mr. Taylor has been negotiating for the sale of the properties before Mr. Wingfield foreclosed his mortgage. By giving the option Mr. Wingfield allows an opportunity for the deal to be consummated, in the event of which the Taylor Mining Company is to settle its obligations. At times there has been some bitter feeling over the Dolly Varden, but right through Mr. Wingfield has played the part of a good sport.

British Capital For Portland Canal District

A British syndicate is being formed in London with an authorised capital of £1,000,000 for the purpose of developing mining properties in northern Ontario and the Portland Canal district.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim

Records without permanent residence may be issued, provided applicant makes improvements to extent of $360 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrocative.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Presentation to Mrs. H. R. King, at Anyox

The Ladies Aid of the Anglican Church held a social evening at the home of Mrs. R. C. MacKnight on Tuesday 27th. Among those present were Mesdames Booth, Clark, Eve, Eld, Foxley, Hollindrake, Jenkinson, King, Kelley Kribbs, Rice, Selfe and Misses B. A. Leitch and McClelland.

The first part of the evening was given up to progress whist, the first and second prizes being won by Mrs. H. R. King and Mrs. A. Jenkinson respectively. This was followed by a sing-song. Miss. Leitch presiding at the piano.

Refreshments were then served, after which Mrs. MacKnight on behalf of the Ladies' Aid presented Mrs. King, who is leaving Anyox in the near future, with a set of table linen. Mrs. King suitably replied.

Mrs. King has been a faithful and active member of the Ladies Aid since its inception and she takes with her the good wishes of all the members for her future prosperity and happiness.

New Wharf for Outsider Property

In an interview with the Herald during the early part of the week, Mr. Munroe, general manager of the Granby Company stated that the Outsider property at Maple Bay, which is being developed by the Granby Co. will be shipping ore to the Anyox Smelter in the fall of this year. A wharf will be built. The approach will be 454 feet long, and a wharf with a water frontage of 100 feet will be built at the end of the approach.

Development work on the Sunshine property at Stewart has been suspended, but will be resumed as soon as the snow is off the property, and probably another tunnel will be driven, and the work again done by contract.

In regard to the transfer of the Copper mountain property, Mr. Munroe said that everything would be satisfactorily adjusted.

The secret of good beer lies in purity---

That's why Cascade Beer has for 35 years been British Columbia's favorite health beverage. No expense has been spared to ensure purity. It has cost a million dollars to build a plant to accomplish this. But after testing Cascade Beer, you agree that it has been worth it.

The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, $76,542,203; Lode Gold, $109,647,661; Silver, $59,814,266; Lead, $51,810,891; Copper, $170,723,242; Zinc, $24,625,853; Coal and Coke, $238,289,565; Building Stone, Brick, Cement, $36,605,942; Miscellaneous Minerals, $1,358,839; making its mineral production to the end of 1922 show

An Aggregate Value of $769,418,462

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years, 1906-1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; for the year 1921, $28,066,641, and for the year 1922, $35,158,843.

Production During last ten years, $339,280,940

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.
