Monthly Meeting of Alice Arm Citizens' Association

The regular monthly meeting of the Alice Arm Citizens' Association was held at the Anglican Church Building, on Saturday February 24th. President C. P. Riel presided. Secretary T. W. Falconer read the minutes of the previous meeting and also the special meeting of January 30th. After some discussion regarding the appointment of a wharfinger at the government wharf, the minutes were adopted as read.

A letter was read from Mr. F. Stork, M. P. stating that he had taken up the matter of the Indian Reserve on his arrival at Ottawa, and that he expected to get results in the near future. A letter was also received from Mr. Stork regarding the building of a government float, and he explained that the appropriation had not been included in last year's estimates, but that it would no doubt be included this year, and the float built during the early summer.

Discussion ensued as to whether the Association were expected to pay freight on ore samples for the B. C. Government Building in London, and it was decided to table the matter until information was obtained from Hon. Wm. Sloan, minister of mines.

The location of the proposed Kitsault river bridge was brought up, and considerable discussion ensued. Owing to the fact that Mr. J. A. Stephen, locating engineer had surveyed a site over half a mile from town, it was the general opinion that should the bridge be built there, it would be practically useless, and that the bridge should be built closer to town, if the people were to receive any benefit from it.

A motion was made be O. Flint seconded by J. Eiva, that a committee be appointed to interview H. F. Kergin, M. L. A. regarding his views on the matter, and also J. A. Stephen with the idea of ascertaining if it was not possible to build the bridge closer to town. The committee appointed consisted of Messrs. C. P. Riel, A. Falconer, O. Flint, G. Bruggy, H. Fowler, E. Moss.

It was decided to hold a special meeting the following evening to receive the report of committee.

At the special meeting, C. P. Riel, chairman of the committee, stated that the committee had interviewed Mr. H. F. Kergin and that he had stated that whatever site was selected by the engineer would receive his support. Mr. Stephen the locating engineer had also been interviewed, and he had stated that from an engineering standpoint the upper site was best, but that it was possible to build a bridge at the wing dam. He had not surveyed a site on the flats below the timber but would do so the following morning.

A motion was made by H. Fowler, seconded by G. Bruggy, that the Department of Public Works be communicated with, stating that it was the wish of the people of the town that the bridge be built as near the town as possible, and not higher up than the wing dam, and also point out the great necessity of constructing the bridge as quickly as possible.

Balance Sheet of the Anyox Community League, December 31st, 1922

The balance sheet of the Anyox Community League for the year ending December 31st. 1922, is certainly fine reading for the members of the League. Although a large amount of money has been expended during the year, in order to cater to the members, a profit of over $1000.00 has been made. This has only been made possible by the Council handling all matters in a business-like manner, and getting a dollar's worth for every dollar spent. The successful operation of the Community League activities for thh past year has also been due to a large extent to the untiring efforts of the Secretary, Mr. F. M. Kelley, who has handled the affairs of the League in a very creditable manner.

Following are the chief items of the balance sheet issued by the League:

ASSETS

Cash on hand and in bank	$10,062.57
Accounts Receivable, Granby Co.	19.37
Inventories:	
Beach Stand	1,839.40
Mine Pool	478.45
Beach Pictures	116.10
Mine Pictures	66.50
Athletic Equipment	469.25
Buildings	9,000.00
Library	1,309.47
Printing Press	550.00
Maple Bay Cafe	400.00
Musical Instruments	285.75
Rec. Hall Equipment	271.45
Beach Rink	58.87
Mine Hall	47.87
Deferred Income	92.95
Total Assets	25,018.36

LIABILITIES

Accounts Payable Granby Company	$6,769.49
Less discounts due from B. B. B. Company	3.88
B. C. News Company	9.07
Reserve for Relief Fund	828.10
Surplus	17,433.72
	$25,018.36

PROFITS

COMMERCIAL ACTIVITIES

The net profit from all commercial activities undertaken by the League from January 1st, to June 30th is $751.13

From July 1st to December 31st, 1922, the profit is $927.05

Net profit for the year 1922, $1678.18.

EXPENDITURE

Following is the amount of money expended by the League for the upkeep of the various departments:

Athletics	$129.65
Forum	106.72
Community Activities	47.87
Buildings	9000.00
Entertainment	65.75
Lighting Equipment	58.87
Total	$9408.86

Homestake Mine Will Operate in Spring

The Homestake Mining Company will undoubtedly commence operations on the Homestake property in the early summer, says Mr. A. Davidson, who is one of the owners of the property, and has just returned to Alice Arm from a trip to Vancouver. The company are keeping their payments paid up and have great faith in the property.

The Homestake is situated at the Kitsault Glacier, and the last work done on the property was in the summer of 1921, and when the work ceased in October a good body of ore had been broken into, and the property looked very promising. The ore carries values in gold, silver and copper.

Work Speeded up at Esperanza Mine

It is expected that the Esperanza mine will shortly increase its output of high grade silver ore to a considerable extent. Leases have been let to two more crews of men. Messrs. A. Loftus, J. Fiva, J. Lee and "Skookum" have taken a lease on the tunnel immediately above the Baldy tunnel, and commenced work on Wednesday. Messrs. T. Calfa, J. Freeman, and Angus Mcdonald have also taken a lease on another vein and started work yesterday. Wm. Hutchison and Chas. Brown who have been working on a lease in the Baldy tunnel are steadily taking out high grade ore, and Rod Campbell and Angus McLeod, who are working in the upper tnnnel, are working on a nice high grade vein and are well pleased with the results of their labor. The Esperanza Co. have no men now working in the mine, all work being done by leasers.

The Esperanza has shipped a considerable quantity of high grade ore in the past, and with the force now working at the mine it is expected that all previous records will be broken.

Logging at Alice Arm

Work at the Trethewey logging camp is steadily proceeding, and the hauling of logs will commence about the middle of the month. The railway from the dumping grounds at water to the woods is practically finished. Construction of a cook house was commenced this week, and the work of building a permanent camp will shortly be undertaken, as soon as this is finished more men will be employed, and with the disappearance of the snow logging operations will be in full swing.

Annual Meeting Anyox Community League

Vote of Confidence Passed in Secretary

An audience numbering in the neighbourhood of 300 assembled in the Recreation Hall, on Wednesday February 28th. The occasion being semi-annual meeting of the Anyox Community League. There was a suspicion of mystery in the atmosphere, and as Mr. Simpson said: An audience this size only turn out when there is a scrap on. Vice-president E. J. Conway who was in the chair, wished to retire before his term of office was completed, which would be about a week more. He was prevailed upon to stay in the chair, much to the satisfaction of everyone.

The reading of the minutes of the last council meeting created considerable discussion. Mr. Armour taking exception to an assertion that Mr. Brown former Secretary of the League had been boosted out. Mr. Armour stated that he was president of the League when Mr. Brown was Secretary and that Mr. Brown had resigned of his own accord to take up another position. After alterations the minutes were adopted.

Reports were presented by the councillors representing different departments of the League. Also the Secretary's report by Mr Kelley. The retiring councillors were accorded a hearty vote of thanks for their labors during their term of office.

Nominations were then taken for new councillors. After nomination the meeting was open for new business. Mr. J. Blaney in a very eloquent manner called for a vote of confidence in the League Secretary, Mr. F. M. Kelley a show of hands was taken. No one counted the vote but it looked like 300 in support of Mr. Kelley against 2. Solemnly voting in the manner was not sufficient for the majority of those present, they just had to applaud and cheer by way of emphasizing their approval of Mr. Kelley as League Secretary.

Mr' Kelley acknowledged with a bow and thanks. A discussion followed concerning the action of the council or certain councillors in requesting Mr. Kelley for his resignation. After both sides of the question had been heard at length it was decided that as the meeting could do no good in continuing the discussion and in view of the vote of confidence in Mr. Kelley which showed that he had the support of the community it was decided to let the matter drop. A committee was appointed to draft a new constitution.

Anyox Basketball League Games

Basketball still maintains its position in the public favor, large crowds assembling at the halls every basketball night. A knowledge of the rules of the game is not absolutely necessary in order to enjoy an evening at the Gym. To listen to the remarks of some of the fans, particularly the fair sex, one may have entertainment surpassing any vaudeville act ever staged.

In the Senior League, the Elks still hold the top rung.

In the Intermediate League the High School boys are still undefeated, they beat the Store team 13-12.

The Smelter took the Tuxis boys into camp with a score of 30-13, but on Wednesday the Coke Plant swamped the gas eaters with a score of 24-18.

On Thursday evening, February 22nd, the fans of Anyox were given a chance to compare local and outside basketball, when the Prince Rupert Colts visited here.

The game lacked none of the usual interest when the Colts outpointed the local All Stars by 33 goals to 21.

The line-ups and scoring were as follows:

Prince Rupert—E. Smith 11; W. Mitchell, 4; E. Macintosh, 8; Geo. Mitchell, 10; J. Mitchell, 0; A. A. Easson for W. Mitchell, 0. Total 33.

Anyox—W. G. Anderson, 11; Fred Brown, 4; W. Robertson, 2; G. Williscroft, 4; Bob Stuart, 0. Total 33.

Referee, George Lee; umpire, Fred Whittaker.

The Blues and Browns (ladies) gave a good exhibition game before the main event in which the Blues won with a fair margin.

The Tuxis Boys were let down by the Smelter team after a hard tussle, in which the Smelter won by 30 goals to 13.

The Blues added another victory to their string by defeating the High School girls 22 goals to 3.

Five League games were announced for Monday, when the Pinks (ladies' team of the Mine) were added to the list of fair competitors. The game was played at the Mine and won by the Pinks from the High School girls in a close game of 9-8.

Results of other games played on Monday are:

High School Intermediates 13, Stores 12.

Mine 32, Smelter Seniors, 18.

Elks 21, C. M. C. 14.

Ladies: Browns 9, Bluebirds 8.

An Appeal for Partially Disabled Ex-Soldiers

A letter has been sent by Attorney General A. M. Manson to all employers of labor throughout the province, asking them to provide employment when possible for partly disabled veterans of the late war, who are not capable of doing hard manual work. We feel sure that this appeal will not fall on deaf ears. Men who left our shores in full health amidst the cheers of their fellow men, who endured the torments of hell "over there" for over three years, and came back mained and crippled are entitled to more than sympathy. They are at least entitled to a chance to earn a living, and they should be given preference on every class of work not entailing great physical exertion. The Attorney General's appeal comes at an opportune time when outside work is opening up throughout the province and it is hoped that his plea for the returned veteran, who were partially disabled in the late war will not be in vain.

Following is part of the letter sent by the Attorney General to employers of labor. Owing to lack of space we were not able to publish it in full.

Gentlemen:

"It is my duty to desire to bring to your notice the present situation of a most deserving class of our fellow-citizens. I refer to the large number of men in our midst who are disabled through active services in the war, and who are at the present time without employment or adequate means of support.

Recent inquiries made by the Department of Labor have revealed the fact that there are between 800 and 1,000 such men in this plight in the province. They remind us of a duty which we cannot ignore. Many of them, before the war, were apparently assured of safe positions in the professions, in commerce, or in industry, and of every comfort for the rest of their days. They put these things behind them. They made the sacrifice—a sacrifice known to all—I need not dwell upon it. They have come back to us, maimed in body and broken in health, desiring nothing so much as a new start in life.

Many of these men find it impossible, in view of the handicaps from which they suffer, to look for a return of the same measure of prosperity which they formerly enjoyed. But they do ask to be allowed to serve the community in such a way as their strength and opportunity will permit.

So far as the Government of the Province is concerned it has been the constant aim to take into Civil Services as many returned men as could be placed, More than 80 per cent. of the men who have been added to the Service during the past four years, by appointment and reinstatement, have been returned soldiers. Of these about 40 per cent. have disabilities, among whom are included over twenty amputation cases. The Government, while it has thus been able to accomplish much, is limited in this direction, and will therefore welcome any similar consideration by employers in our various industries. Many firms have shown themselves fully alive to the importance of doing what they can. Many have not even given the matter a thought. There is not a firm in British Columbia that does not owe these men a greater debt by far than it ever owed the bank or can owe.

I therefore appeal to all employers of labor, both large and small, to take the claims of these men earnestly into consideration. There are, no doubt, many tasks which cannot be performed by men suffering from physical disability. But I believe it to be possible for many employers, who have numerous men in their service, so to distribute the work of their industrial concerns as to reserve a few positions that can be filled by partly disabled ex-soldiers. In the proper niche most of these men can give full efficiency—but each must be in the proper niche. United endeavour will find the appropriate berth for every man. The large industries of the province have not by any means exhausted their possibilities in the way of providing work and a livelihood for this class of men."

Vancouver Bond Market

Strong demand for long term bonds continues, investors having wakened up to the fact that the present interest rates will not last very long. Overnight money in London 1-2 of 1 per cent. per annum, so that holders of liquid funds have to loan $2,000,000 to earn $25 a day, Such conditions point to the necessity of holders of money or short term bonds converting into long term securities if they are to enjoy a reasonable rate of interest in the next decade. There never was so much money for mortgage investment in Vancouver as today, with good mortgage loans practically impossible to get. It is a borrower's market, and likely to remain so for some time. There is a steady rise in the investment stocks like American Telephone and Telegraph (possibly the strongest concern on the continent), Canadian Pacific, Union Pacific and Bell Telephone. These stocks at present prices yield from 6 3-4 per cent. to 7 1-4 per cent., but with easier money rates prices should go much higher with consequent lower yields. Western Power of Canada 5 per cent. bonds advanced to $86.75, and P. Burns & Co. Ltd. 6 1-2 per cent. bonds to $101.12 A selected list of provincial and Municipal bonds and thoroughly reliable Investment Stocks will be mailed to readers of the Herald upon request.

Victory Bonds

War Loan 5 per cent.

1925	$101.25
1931	101.50
1937	103.20

Victory Bonds 5 1-2 per cent.

1923	$101.10
1924	101.30
1927	103.40
1933	106.60
1934	103.45
1937	108.30
1932	103.25
1927	103.20

Copper

Copper—Copper buying is moderate in the domestic market, and dull for export. Prices are firm. It is becoming increasingly difficult to get copper for later than April delivery under 15 1-8 cents.

Domestic consumption continues at the same high rate, with wire mills and brass works booked several months ahead at present rate of operation which is about as high as available labor supply will permit.

Some demand is beginning to appear for second-half deliveries but few producers are willing to sell beyond June. In the main, demand is for March and April shipments.

Price of electrolite copper is 15 cents a pound delivered to end of April for domestic shipment, and 15 to 15 1-8 to end of April. Price of Lake copper is 15 1-8 cents delivered to end of April. Price aside ship New York is 14. 90 to 14.95. Prices for European destinations are at levels corresponding with 15.20 to 15.25 cents c. i. f., Hamburg or London.

Cotton

Cotton—Washington, U. S. A.—Department of commerce in its third world cotton summary says that world's stocks of cotton have diminished eight million bales in two years.

Manchester, Eng.—World's shortage of cotton is such that Manchester mill owners are making every effort to encourage cotton growing in Queensland, is much superior to the American article, and cables from Brisbane indicate that 10,000 new growers of cotton planted initial crops this season.

Tokio, Japan—Foundation Company signs contract for $15,000,000 to construct four miles of subway in Tokio. London and New York bankers provide the funds. It will be remembered that the Foundation Company built 26 steamers in Victoria for French Government.

London—British Empire's gold' production in 1922 was £44,000,000 equal to 67.7 per cent. of the worlds output.

Detroit—Ford Motor Co. has orders for 148,407 cars and trucks booked for February delivery. This is 24,000 in excess of possible production. Orders for Ford-son tractors total 13,283. The company has advised it's dealers that not more than 124,394 cars and 9,000 tractors can be made during the month. January was the tenth consecutive month in which the actual retail delivery exceeded 100,000 cars.

Chicago—Standard Oil of Indiana declared a quarterly dividend of 62 1-2 cents, payable March 15th. to stock of record February 16.

How Nice

How sweet it is at break of day,
To rise with shouts of joy,
And gaily toss the bedclothes off,
To find it's ten degrees below,
And northern zephyrs on the blow,

A baby was taken to a church to be christened by the minister and as he was christening it he said: "as you all know an acorn makes a mighty oak tree and drops of water makes the ocean. This little infant may grow up to be the President, an orator, a famous lawyer and a great many other things. Now (turning to the mother) will you give us the baby's name?" The mother, very much bewildered: "Mary Ann."

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to $5 an acre: second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim

Records without permanent residence may be issued, provided applicant makes improvements to extent of $360 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrocative.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Exciting Finish of Coast Hockey League

Vancouver, Friday March 2nd.—The struggle for the chanpionship of the Pacific Coast Hockey League has assumed an interesting stage. All three teams running a neck-and-neck race. Seattle won from Victoria on Wednesday night and these two teams are now tied for second place, with one more game to be played. The game was featured by several clashes between players for which a total of thirteen penalties and two penalty shots were given. The main bout was a stick and fist fight between Captains Oatman and Foyston. Both players were sent off for the remainder of the game and fined $15.

Following is the present standing of the teams:

	pld.	won	lost	tied	pts.
Van.	29	16	12	1	33
Vic.	28	15	13	0	30
Seattle	28	15	13	0	30

Vancouver are sure of the play-off. If Seattle win from Victoria to-night (Friday) it will be necessary for Victoria and Vancouver to replay protested game to even up with Seattle for second place, an extra game being then necessary to decide which team will meet Vancouver for the championship.

IF Victoria win to-night's game Vancouver and Victoria will then be in the play-off.

The Coast championship is decided by home and home games between the first and second teams, total goals of the two games to count. The N. H. L. champions come to the coast to play, and the winners of this series play off with the prairie champions. These games are played in the coast city winning from the east, or if the N. H. L. win they will play in Vancouver, which is the chosen home ice of the eastern winners.

ALICE ARM NOTES

O. Flint left on Thursday for C. P. Riel's logging camp.

See Al. Falconer for Freight and Pack Horses.

Bob Kay was up from his trapping grounds down the inlet for a few days this week.

B. W. Barrett returned on Monday from a short visit to Prince Rupert.

James Nick was a visitor in town this week from the Illiance river, where he has a line of traps out.

J. A. Stephen, government locating engineer, who has been here for the past week locating a site for the new Kitsault river bridge, left today for Anyox.

The Post Office was moved on Thursday, to its new location on First Avenue, and Wm. M. Cummings, the newly appointed postmaster is in charge, having taken office on the 1st. of the month.

See Al Falconer for Wood or Coal

A. Davidson arrived home yesterday from a trip to Vancouver.

More men are being employed at the Riel logging camp down the inlet and work of taking out logs has already commenced.

ANYOX NOTES

H. S. Munroe, general manager, left for the south last week.

Mrs. A. L. Pound and two boys left for the south last week. Mr. Pound will follow at an early date.

Mr. and Mrs. Chas. Wing left on Thursday for a month's trip in the south. Mr. Wing will pay a visit of inspection to Copper Mountain.

H. J. Hardy, first aid attendant at the Smelter has returned from a visit to Seattle.

A school of elocution, memory culture, stage presence and deportment will be established in the Transportation Office in the near future, under the supervision of Fred Archer, the well known elocutionist.

A. Skinner, a former resident of Anyox, arrived from Vancouver last week. He will be an acquisition to athletic circles and particularly as a footballer and boxer. He appeared in a six round bout here in 1920, against Chet Neff, of Seattle who was then a lightweight champion.

TAKE NOTICE, that I, W. E. Williams, Free Miner's Certificate No. 56728-C acting as agent for J. D. Meenach, F. M. C. No. 47380-C, R. D. Brown, F. M. C. No. 47381-C, John Holmgren F. M. C. No. 47382-C, and Chas. Z. Frey Free Miner's Certificate No. 47383-C intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claim.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 19th. day of December A.D. 1922.

W. E. WILLIAMS

MINERAL ACT

NOTICE

Whereas I, Walter Jones, co-owner and agent, with power of attorney for the co-owners of the Alice group of mineral claims, situated in the Portland Canal District of Alice Arm, B. C.

And whereas the said J. McIsaac has failed to contribute his proportion of expenditure required by Sections 48 and 51 of the Mineral Act, and his co-owners have made the expenditure:

NOW THIS IS TO GIVE NOTICE to said J. McIsaac, that if, at the expiration of ninety days from the first publication of this notice in the "Herald" a newspaper published and circulating in the Mining Division in which said claim is situated, the said J. McIsaac shall fail or refuse to contribute the sum of $80.00, his proportion of the expenditure required by said sections 48 and 51, together with all costs of advertising, his interest in the claim shall become vested in his said co-owners pro-rata, on complying with and in accordance with the provisions of Section 28 of the Mineral Act.

Dated this 2nd. day of December, 1922.

WALTER JONES

The secret of good beer lies in purity---

That's why Cascade Beer has for 35 years been British Columbia's favorite health beverage. No expense has been spared to ensure purity. It has cost a million dollars to build a plant to accomplish this. But after testing Cascade Beer, you agree that it has been worth it.

Insist Upon CASCADE

BRITISH COLUMBIA

The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, $76,177,403; Lode Gold, $105,557,977; Silver, $55,259,485; Lead, $48,330,575; Copper, $166,393,488; Zinc, $21,884,531; Coal and Coke, $225,409,505; Building Stone, Brick, Cement, $34,072,016; Miscellaneous Minerals, $1,210,639; making its mineral production to the end of 1921 show

An Aggregate Value of $734,259,619

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years, 1906-1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; for the year 1921, $28,066,641.

Production During last ten years, $336,562,897

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES,
VICTORIA, British Columbia
