TWENTY-FIRST ANNUAL REPORT

OF THE

PROVINCIAL INDUSTRIAL SCHOOL FOR BOYS

OF THE PROVINCE OF

BRITISH COLUMBIA

APRIL 1ST, 1924, TO MARCH 31ST, 1925

PRINTED BY
AUTHORITY OF THE LEGISLATIVE ASSEMBLY.

VICTORIA, B.C.:
Printed by CHARLES F. BANFIELD, Printer to the King's Most Excellent Majesty.
1925.

To His Honour WALTER CAMERON NICHOL,

Lieutenant-Governor of the Province of British Columbia.

MAY IT PLEASE YOUR HONOUR:

The undersigned has the honour to present the Twenty-first Annual Report of the Provincial Industrial School for Boys for the year ended March 31st, 1925.

WILLIAM SLOAN,

Provincial Secretary.

Provincial Secretary's Office,

Victoria, B.C., September, 1925.

PROVINCIAL INDUSTRIAL SCHOOL FOR BOYS,
PORT COQUITLAM, B.C., June 5th, 1925.

The Honourable William Sloan,
Provincial Secretary, Victoria, B.C.

SIR,—I have the honour to submit herewith Annual Report of the Provincial Industrial School for Boys, covering the fiscal year April 1st, 1924, to March 31st, 1925.

I have the honour to be,
Sir,
Your obedient servant,
D. B. BRANKIN,
Superintendent of the Provincial Industrial School for Boys.

DEPARTMENT OF PROVINCIAL SECRETARY.

HON. WILLIAM SLOAN, *Provincial Secretary.*

J. L. WHITE, ESQ., *Deputy Provincial Secretary.*

BRANKIN, DAVID B., *Superintendent.*

BRANKIN, MRS. M., *Matron.*

CLARKE, MISS A. D., *Book-keeper, Stenographer, and Commercial Teacher.*

HOLLAND, MISS A., *Nurse and Assistant Supervisor.*

HENDERSON, J., *Tailor Instructor.*

AYLING, N. C., *Carpenter Instructor and Musical Director.*

JENNER, G., *Shoemaking Instructor.*

SHAW, E. J. C., *Agricultural Instructor.*

WELLS, MISS W., *Senior School-teacher.*

MUTRIE, MISS J. A., *Junior School-teacher.*

HUGHES, R., *Chief Attendant.*

SCOTT, W. J., *Attendant, Poultryman, and Blacksmith.*

TRERISE, W. J., *Nightwatchman.*

KEITH, E., *Plumber and Engineer.*

PROVINCIAL INDUSTRIAL SCHOOL FOR BOYS.

SUPERINTENDENT'S ANNUAL REPORT.

The Honourable William Sloan,
Provincial Secretary, Victoria, B.C.

SIR,—I have the honour to submit herewith the Annual Report of the Provincial Industrial School for Boys, Port Coquitlam, B.C., for the fiscal year 1924–25.

POPULATION.

On roll, March 31st, 1924	127
Admissions during year	62
Total	189
Releases during year	54
Total on roll, March 31st, 1925	135

Making an average of 136 per month during the year.

It is worthy of mention that out of the fifty-four boys released during the fiscal year, none of them have been returned and, so far as our information goes, the majority are doing well, and all would be doing well if the parents or guardians had undergone as great a change as the boys did while in our care.

At present we know of one boy earning over $200 a month as a stenographer by day and by playing a cornet in the evening, both of which he learned while with us. Another is an engineer on board a ship; several are owners of their own cars and many are scattered all over the world making history.

LIST OF BOYS IN SCHOOL AS AT MARCH 31ST, 1925.

No.	Place of Birth.	Parentage.	Residence in B.C. previous to being admitted into School.	Residence in Canada previous to being admitted into School.
			Years.	Years.

RELIGIOUS STATISTICS.

Every facility is given a boy to practise his own form of religion. Services are held for Protestants every Sunday afternoon in the Auditorium, the local ministers and Salvation Army officers conducting on alternate Sundays. Roman Catholic services are held by a priest from Port Moody. In addition to these services, morning and evening prayers are conducted daily and grace is said before and after each meal.

Religious denominations: Church of England, 18; Presbyterian, 47; Roman Catholic, 29; Methodist, 18; Latter Day Saints, 1; Lutheran, 1; Greek Catholic, 2; Seventh Day Adventists, 2; Baptists, 10; Salvation Army, 1; New Thought, 1; Bible Students, 1; Mission, 2; Christian Science, 1; Russian Church, 1.

WORK ACCOMPLISHED BY DEPARTMENTS.

TAILORING DEPARTMENT.

(One man and four boys.)

In an institution like ours, where boys are ever on the move and being full of life and vitality, and where play has an important part in their daily life, there is of necessity a heavy demand made upon their clothing.

The following will convey how busy this department has been during the year:—

New clothing—

Overalls	432
Uniforms (full)	25
Pants	149
Coats (white)	51
Aprons	72
Aprons (carpenters)	13
Aprons (blacksmiths)	2
Bed-ticks	14
Bed-covers	6
Curtains	5
Total articles	769

Repairs—	
Overalls	1,303
Mackinaws	60
Pants	46
Uniforms pressed and repaired	193
Suits pressed and repaired	52
Total articles	1,654

Shoemaking Department.

(One man and eight boys.)

During the year this department did considerable minor repairs to harness, belts, straps, etc., from the Farm Department, in addition to the following:—

Credits.

New boots made, 193 pairs at $5.50 per pair	$1,061 50
Boots repaired, 1,032 pairs at $2 per pair	2,064 00
Total credits	$3,125 50

Debit.

Shoe-finding and replacements	$1,084 03

Blacksmith Department.

In this department all of the minor repairs to farm machinery and implements are carried out. Shovels are rehandled, pickaxes sharpened, bolts made, and a hundred-and-one things attended to that would be expensive if purchased outside. The usefulness of this department will be increased in the future as it is now better housed and equipped.

Paint Department.

(One man part time and three boys.)

The following work has been done during the year by the Paint Department: Completion of auditorium, interior and exterior, all three-coat work on exterior and three-coat work on interior. New blacksmith-shop received three coats of paint. Painting No. 1 cottage, interior only, received three coats of paint throughout. All fence-work around the grounds received two coats of paint. Painting of new calf-barn, interior and exterior, all two-coat work, besides considerable limewashing. All this work being in addition to that done by the Public Works Department.

Garage.

(Two boys.)

In this department all minor repairs and cleaning of cars are done by the boys, which means a considerable saving; in fact, our expenses in connection with the upkeep of cars during the year was very much less than last year, due chiefly to the good condition of the roads and the installation of a new gasolene-pump.

Grading and General Work.

(One man and new-comers and all difficult boys.)

During the year considerable work has been carried out on the sports-field and hundreds of yards of drain dug. We also erected fences around pasture-fields and poultry-runs, as well as excavating for new auditorium and building of roads and parks to same. This group is at present engaged in putting down curbs and general improvements around the buildings under the direction of the Public Works Department.

PLUMBING AND ENGINEERING DEPARTMENTS.

(One man and six boys.)

In this department a great deal of work is accomplished that cannot very well be shown in black and white, but which aggregates in the year to a considerable amount. Appended is an extract from report submitted by our plumber and engineer:—

"I beg to submit report on the plumbing, heating, and electrical departments of your school from May 8th, 1924, to March 31st, 1925.

"To begin with, I find that the care of plumbing fixtures, sewers and drains, regulating water-supply to avoid excessive use of water, watching heating plants and electrical motors in various shops and buildings causes one man to step lively.

"The sewerage system gave us a lot of trouble last year owing to faulty joints. I found cement joints made with plenty of cement, sticking up and never swabbed out, causing drains to block up and the necessity of excavating, taking up and relaying the same.

"Another big undertaking was practically all the catch-basins and cement boxes for various valves, etc., had water-drains leading into them, but no outlet drain, causing boxes to be full and overflowing with water and making it compulsory to put in outlet drains. Five hundred dollars would not cover this work if it had been done by outside help.

"On the general repairs a great deal of mending has been done to avoid laying new traps, etc., in addition to the erection of the large new building (school-rooms and auditorium), causing quite a large job of plumbing with twenty-one fixtures, all the necessary drains, traps, and septic tank, also the necessary separate water-supply with fire-hydrants, a heating plant with 1,000 feet of radiation distributed through the building, with a boiler large enough to heat in addition the proposed swimming-tank and gymnasium.

"Water has been laid to the new blacksmith-shop. Another quite big undertaking has been completed in the way of water-supply, where some 1,600 feet of pipe has been laid, connecting up all the buildings that is supplied (except for a dry season in summer) from a lake above the school.

"In the sick-room and cell-room alterations were done with plumbing and two new bath-tubs installed. In the electrical department a great deal of alterations, rewiring, and extensions have been made with repairs to electrical motors for the various shops, also the wiring of the new blacksmith-shop, sick-rooms, and cell-rooms.

"All of which is respectfully submitted. "(Sgd.) E. KEITH."

PUBLIC WORKS.

During the year considerable improvements have been made around the grounds by the Public Works Department, amongst them being the installation of a road-lighting system, interior decorating of No. 2 cottage, new curbing, and providing plans for the new swimming-tank and gymnasium.

CARPENTER DEPARTMENT.

(One man and seven boys.)

This department has been kept busy during the year with constructive work, amongst the most important being the completion of the new auditorium and class-rooms, a splendid building and a great asset to the institution. New paint and blacksmith shops, calf-pens, as well as several hundred feet of picket fences and trellis-work. In addition to this work, new tables were made and the general appearance of the buildings kept in good repair.

MUSIC SECTION.

As in previous years, we found considerable difficulty in maintaining our brass band to a full state of efficiency, owing to the number of band-boys who were released during the year, resulting at times in making certain sections of our band so weak that it was impossible for the band to play in public. Our band this year was in greater demand than ever, and when we were able to go out with credit to ourselves, we fulfilled engagements at Vancouver, Haney, Burnaby, Point Grey, and Coquitlam.

School.

(Two female teachers.)

We moved into our new school building during the year and with the increased facilities there has been a very marked improvement in the work performed by the boys.

Division I.—In this division we commenced the year with twenty-one pupils. Nine were added from new admissions, seven were released for trades and duties, and four returned home. The total number in this division is now nineteen and their classifications are as follows: Grade VI., 2; Grade VII., 7; Grade VIII., 1; and their average on March 31st, 1925, based on conduct and work, was as follows: Highest, 89 per cent.; lowest, 63 per cent.; medium, 74 per cent.

Division II.—We commenced the year with twenty-nine pupils. Two were promoted to Division I., one was released for trade, and three returned home. The total number of pupils in this division is now twenty-three and they are classified as follows: Grade I., 2; Grade II., 5; Grade III., 6; Grade IV., 6; Grade V., 4; and their average on March 31st, 1925, based on conduct and work, was: Highest, 70 per cent.; lowest, 40 per cent.; medium, 66 per cent.; a creditable showing considering that nearly all of these boys are backward and difficult to handle outside.

Commercial and Business Course.—At the present time we have but two students in the office who study in the free time accorded by the daily office routine. We have no set text-book for commercial law and these boys only take lessons as they rise incidentally in our work.

During the year two boys were returned to their homes. Both these boys made splendid progress in their studies during the time they were employed in the office, one being awarded the Underwood bronze medal and bar for typewriting at a net rate of fifty words a minute, and the other, the Underwood bronze medal for typewriting at a net rate of forty words a minute, as well as certificates for sight tests in typewriting. We hope to continue with the same success in the future.

Sports Section.

I am pleased to say that our boys continue to take a deep interest in baseball, football, and seasonable sports. Our grounds are gradually getting into shape and will in due course be suitable in every respect.

Poultry and Rabbits.

(One man part time and seven boys.)

Credits.

Poultry and eggs supplied to institution as follows:—

Eggs, 16,893 at 40 cents per dozen	$563 68
Rabbits for table use, 32	32 00
Cockerels for table use, 49	49 00
Drakes for table use, 6	12 00
Hens for table use, 7	7 00
Geese for table use, 4	9 00
Roosters sold, 2	8 00
Eggs sold, 2 sittings	2 00
Total credits	$682 68

Debit.

Feed, etc.	$604 25

We were most unfortunate this year with our young chickens and ducklings. A large number were killed by weasels and rats and over 400 died with disease, but in spite of these handicaps the showing on the credit side is very creditable and will improve each year.

FARM.

(One man and five boys.)

Credits.

Vegetables—		
Potatoes, 680 sacks	$680 00	
Beets, 750 lb.	18 00	
Beans, 220 lb.	9 85	
Cucumber, 346 lb.	8 05	
Tomatoes, 845 lb.	46 75	
Marrow, 450 lb.	9 00	
Cabbage, 240 lb.	9 60	
Turnips, 1,800 lb.	20 00	
Kale, 200 lb.	2 00	
Cauliflower, 250 lb.	4 00	
Lettuce	17 30	
Parsnips	9 00	
Onions	8 10	
Corn, 131 dozen	26 20	
		$ 867 85
Fruits—		
Strawberries, 40 lb.	$ 6 00	
Gooseberries, 46 lb.	4 60	
Raspberries, 68 lb.	10 20	
Red currants, 28½ lb.	2 85	
Black currants, 12 lb.	1 20	
		24 85
8 tons hay	$160 00	
1½ tons oat-hay	30 00	
		190 00
Total credits		$1,082 70

Debits.

Feed	$1,027 06
Oats for seed	3 50
Seeds	130 47
One team of horses	510 00
One dump-wagon	470 00
One dump-cart	125 00
Total debits	$2,266 03

In addition to their ordinary farm-work the teams hauled 620 yards of gravel for curbs, roads, and auditorium, which would have cost us $1.50 per yard or a total of $930, and considerable help was given by teams in preparing sports-field and parade-grounds and general improvement-work around the buildings.

DAIRY.

(One stock-keeper and four boys.)

Credits.

Milk produced, 63,972 lb.	$2,518 94
Butter, 96 lb.	15 75
Sale of Jersey bull calf	100 00
Bull service	12 50
Calves, 4 (3 valued at $350, and 1 killed for veal, $15.90)	365 90
Total credits	$3,013 09

Debits.

Feed	$1,923 76
Young bull	175 00
Three-year-old cow	385 00
Total debits	$2,483 76

We exhibited some of our Jersey stock at Vancouver and New Westminster and obtained the following prizes: 1 junior championship; 1 junior reserve championship; 4 firsts; 5 seconds; 3 thirds; 4 fourths; 3 fifths; as well as receiving favourable comment from the judge for the splendid way the boys in charge looked after the stock and demonstrated in the show-ring.

Piggery.

Credit.

Pork produced, 2,967 lb.	$413 97

Debits.

Cost of young pigs	$ 66 00
Cost of feed	158 25
Total debits	$224 25

It is our intention to launch out in this department by breeding our own young pigs and preparing hogs for the market.

Kitchen and Culinary Departments.

Meals served—	
Boys	146,582
Officials	28,618
Total	175,200

Total cost for meals for year, allowing full market price for everything used from the Farm, Dairy, Piggery, and Poultry Departments, $17,652.86. Average cost per meal, 10 cents.

Dental Report.

We regret to announce that our dentist, Dr. N. B. Forrester, was killed on New Year's Eve in an auto accident. During his term with us he performed his work faithfully and well. His successor has not yet been appointed.

Medical Officer's Report.

The following is our medical officer's report covering the work for the year:—

"The health of the boys during the past year has been rather better than the previous twelve months. There have been no new cases of rheumatism and heart involvement. There has been, however, a rather striking incidence of acute appendicitis, with recovery in each instance following operations. We have been quite free in the school from contagious diseases, although one boy in hospital for another condition contracted scarlet fever while there, with an uneventful recovery. I regret to record one death from acute double pneumonia.

"Apart from the common run of lesser accidents, burns, abscesses, etc., the admissions to hospital were as follows: Acute appendicitis, 6; crushed fingers, 1; anal abscess and fistula, 2; suppurating cervical glands, 1; suppurative bursitis (prepatellar bursa), 1; extensive burns (before admission to school), 1; tuberculous ulceration of leg, 1; pneumonia (death), 1; gonorrhœa, 1; painful fibromyomata of both feet (excision), 1; tonsillectomy, 4; circumcision, 2.

"The following conditions were noted on examination of the sixty-two new boys admitted: Enlarged tonsils and adenoids, 5; previous heart-disease, 1; impaired vision, 6; inguinal hernia,

1; hydrocele, 1; variococele, 1; undescended testicle, 1; phimosis, 3; scabies, 1; flat feet, 7; large burn, 1.

"I would again call your attention to the fact that almost 50 per cent. of the new boys have never been vaccinated against smallpox.

"(Sgd.) STANLEY PAULIN, M.D."

ENTERTAINMENTS, ETC.

Trip through Shelly's bakery; illustrated lecture on "Trip across Canada" by G. C. Hatt, of Port Moody; St. Marks' concert party from Vancouver; Methodist concert party from Vancouver; Baptist concert party from Vancouver; Salvation Army concert party from Vancouver; Shelly's minstrel troupe; annual concert, opening of new auditorium; picture-shows, baseball matches, etc.

All of these entertainments helped to make life run more smoothly and made our boys feel that they were not forgotten by the big world outside.

DONATIONS, ETC.

Radio set from the Rotary Club of Vancouver; 15 copies of book entitled "Peace Rive Joe" from the author, J. P. Babcock, Esq.; $25 from the North-west Travellers' Association of Canada; 50 pairs of Indian clubs from the Canadian Club; set of war memorial pictures from the Provincial Chapter, I.O.D.E.; Christmas gifts from the Nanaimo Kiwanis Club to boys from Nanaimo and district.

To one and all we say many thanks.
