Will Hold Arts & Crafts Exhibit On October 12 and 13

Started three years ago by a few enthusiastic art lovers, the Anyox Arts and Crafts Exhibition now takes an important place in the annual events of the smelter town. The first exhibition, held in 1931, was very creditable, and last year's was even more successful, both as to number of exhibits and all-round excellence. The work exhibited appeals to everyone, and arouses keen interest among all sections of the community.

This year's exhibit is being planned along ambitious lines and the committee is endeavoring to make its scope even wider than before. Exhibits are being asked for in painting, drawing, photography, china-painting, lamp shades, embroidery, knitting, rug-making, weaving, needlework, woodwork, metalwork, carving, jesso work, curios, etc.

If you know anyone who does some of this work, you may help by persuading them to exhibit. Names of exhibitors will be witheld when so desired. This is a non-competitive exhibition, and no prizes are awarded. The hearty co-operation of everyone interested is invited.

Remember the dates: Thursday and Friday, October 12th. and 13th. Mr. F. Dresser or the Secretary of the Community League will be glad to give any information desired.

Ladies Golf Club Handicap Championship

In the first round of the Handicap Championship of the Ladies' Golf Club, played last week, Mrs. Wenerstrom won from Mrs. Gorman, Mrs. Fricker from Miss Shields, Mrs. Gigot from Miss Cloke, Mrs. Roy from Mrs. Deane, Mrs. Cundill from Mrs. Geo. Stewart, Mrs. Peters from Mrs. Johnston, Miss Dresser from Mrs. Smith, and Mrs. Lee defaulted to Mrs. Sheen.

The losers named will form a flight, and play same off as soon as possible.

Ross Oatman Again Wins Tennis Championship

On Thursday September 7th. E. Ross Oatman successfully defended his title of tennis champion of Anyox by defeating O. G. Macintyre in the final of the Singles series. The score was 6-3, 6-4, 7-5. Oatman has won this event every year since 1929, and Macintyre has been the runner-up for the past five years.

Ball Park Sports Were Low In Price This Year

According to figures prepared by the League Secretary, V. S. McRae the net cost of the A. C. L. baseball and football during the season just closed was low, being around $300.00 for baseball for the Beach and Mine branches combined and $100.00 for football. Considering the large number of players and fans who enjoyed these recreations, the figures are absurdly small and thanks are due to those fans who consistently attended to witness their favorite sports.

A. C. L. Members Must Pay Dues Promptly

The attention of the Council has been drawn to the fact that many members are in arrears with their dues and at the same time are receiving the full benefits of membership, including library privileges. This is quite unfair to those members who pay promptly, and a system will be devised at once to take care of this condition.

A. C. L. Council Starts Very Busy Season

Dealing with many matters regarding the activities of the League during the past season, and projects for the approaching winter, the Council of the A. C. L. had a busy session at the meeting which was held on Wednesday evening last. A number of important matters were brought up and the necessary action taken on same.

Rolston Takes Airplane To Northern Districts

It is reported that Mr. H. W. M. Rolston, independent candidate, left Stewart for the Telegraph Creek and Atlin districts in an airplane this week to address the electors there, in connection with his political campaign.

Anyox Hunters Secure Fine Mountain Goat

A mountain goat was shot by R. Gale and Vic Hopkins in the vicinity of Six Mile on Saturday September 9th. It was a two-year old animal and had to be packed about eight miles before it was safely in the boat and headed for home.

BIRTHS AT ANYOX

Born to Mr. and Mrs. Frank Lew Lun at the Anyox General Hospital, on Friday, September 15th., twin daughters.

Born to Mr. and Mrs. B. M. Fitzpatrick. at the Anyox General Hospital, on Wednesday September 13th. a daughter.

T. W. Falconer Has Decided to Enter Political Contest

Gives Summary of What He Intends to Do

T. W. Falconer of Alice Arm, announced his intention this week of running as an Independent candidate in the forthcoming election. This will bring the total number of candidates for the Atlin constituency to four. It is not very probable that anyone else will contest the seat. The other three candidates are W. J. Asselstine of Premier, Liberal; T. J. Shenton of Prince Rupert, Independent Labor and supported by the C. C. F., and H. W. M. Rolston of Stewart; Independent candidate.

T. W. Falconer contested Atlin at the last election. He was defeated by a small majority by H. F. Kergin, the present member.

After carefully reviewing the methods of party politics in British Columbia, Mr. Falconer is convinced that it is time to discard the old worn out two-party system and elect a government independent of all parties. Following is a synopsis of his views:

"In offering myself as a straight Independent Candidate in the coming election, I wish to make it plain that petty politics and patronage will not concern me. There are paid officials in each district for the purpose of directing and carrying out all public works, and as long as these officials perform their duties in a proper manner, I will not interfere.

"My main object in standing for office, is because I feel that this country if drifting into a worse condition each year. Our debt keeps mounting higher, and interest charges and taxes are beyond most of us. I do not believe our provincial government can do a great deal about lifting this province or Canada as a whole, out of the depression, as it really is a Federal matter. But I do believe that if we discard party politics and the struggle for party supremacy, team up and work more in harmony, we can perhaps impress on our Federal government the necessity of action on their part, as I feel it is from that source, and that alone, that we can ever hope for recovery.

"I also wish to say that if I am honored with being elected AS AN Independent member, I shall not go to that parliament with the idea of fighting with the government in power, whether it be Liberal, Conservative or any other brand, as I believe far greater things can be accomplished through friendship than enmity, and you may rest assured that I will be trying at all times to do my part in returning our province, and its people as a whole, to better conditions and prosperity, instead of having for my first interest, like all party men, party politics.

"I believe that in the coming election, there will be enough real Independents elected to control matters. Then, I would say, let us invite all elected members. who are big enough and willing to for get party and individual interests, to join the government in one big drive for the return of better conditions for the people of British Columbia. It is with this objective in view, that I solicit your support on the 2nd. day of November."

Busy Season Predicted For Anyox Gymnasium

The Gymnasium building will be officially opened on Monday, October 16th. but long before that date it will be very much in use. Minor renovations are in progress and equipment is being repaired and replenished wherever necessary. It is expected that the present season will be a busy one. Basketballers are making plans; badminton players are inspecting their rackets, and social events are being anticipated. These promise to be quite numerous between now and Christmas.

Badminton Club Will Meet On Monday

The Annual General Meeting of the Badminton Club will be held in the A. C. L. office on Monday, September 18th. at 8 p.m. Mr. W. Gibb attended the Council meeting on behalf of the Club. All those interested in the shuttlecock game are requested to attend, as such important matters as the election of officers, fixing of dues, etc. will be dealt with.

A. C. L. Reduces Rental For Gymnasium

As from the 1st. of September, the rental rate for dances etc. in the Gymnasium has been reduced to $20.00. This rate will include the usual service. The Community League are to be commended for this decision, which will meet with the approval of many public bodies who make use of this splendid building.

The Bowser Party Have Consolidated With Independents

W. J. Bowser, former Premier and Attorney-General of British Columbia has decided to consolidate his non-party political organization with the Independent group, which, during the past few weeks have become an influential body in Provincial politics. In ridings where a Bowser and an Independent candidate have been nominated, efforts will be made to withdraw one from the field. This will, however. not effect Atlin riding, where two Independents are contesting the seat.

Three political groups only are now in the field for political honors. They are the Liberals, Independents and C. C. F., which simplifies matters and clarifies the situation to a considerable extent. During the next six weeks the electors of the province will be fully informed from political platforms and through the press the plans of each party for improving provincial conditions.

In addition to the above mentioned parties it is understood that the Tolmie party will contest several ridings in the south.

Monday Is Last Day To Get On Voters' List

The final Court of Revision of the Voters' List for the Atlin Constituency will be held at the Court House, Anyox on Monday next, September 18th. from 10 a.m. to 5 p.m.

Anyone wishing to get their name on the list must appear in person on the above date. This is the last opportunity to get your name registered, as after Monday next the lists will be closed. Be sure your name is on the list, and if it isn't your last opportunity to vote will be gone after next Monday.

NOTICE TO THOSE CONCERNED

Owing to the restricted amount of advertising carried at present in the Herald, which necessitates the cutting of costs to a minimum it will not be possible to publish a detailed report of the political speeches made by the candidates during the present election campaign. unless financial arrangements are made with the publisher. The reporting and publishing of political speeches entails considerable cost and valuable time, which we are not able at the present to donate gratis to political aspirants.

Bayview Mine, Stewart, Being Developed

Bayview Mining Co. Ltd. has sold two of its 14 claims two miles north of Stewart in the Portland Canal area to United Empire Gold and Silver Mining Co. Ltd. taking shares in the latter company as payment. United Empire started tunnelling operations on the Bayview claims about a month ago. Bayview officials state that if this work proves successful Bayview will proceed with development of the balance of its property either on its own account or through arrangement with United Empire. The property had been inactive for some years owing to low silver prices. Values are in silver, lead and gold with silver predominating.

Shareholders of Bayview have approved a reorganization whereby a new company will be formed and an exchange effected on the basis of one new share for each 10 old shares. Present authorized capital is 3,000,000 shares, par 25c. of which 2,705,000 are outstanding. Accordingly the new company will have only 270,500 shares outstanding.

Officers are General V. W. Odlum, president, Jonathan Rogers, treasurer, Carl Frost, George Cameron, Col. Nelson Spencer, C. E. Smyth and Col. A. M. Brown. The secretary is G. F. H. Long.

Americans Demand 10c Per Pound Duty on Foreign Copper

Amendments to the proposed copper industry code which, proponents assert, would result within sixty days in opening mines in Arizona at from 60 to 70 per cent. of capacity, will be laid before the National Recovery administration this week, Miles Carpenter, representing a group of United States copper men, stated.

Carpenter said that the Arizonans will demand allocation of production according to states, instead of by groups of producers, as provided in the present proposed national code, will demand "freezing" of existing surplus to keep it off the market during the recovery period, and will insist on a ten cents a pound tarift on foreign copper.

Canada Producing Radium For Empire

Gilbert Labine, managing director of Eldorado Gold Mine, spoke to an Edmonton audience recently and informed his hearers that from the radium deposits of the Great Bear Lake district ore is now being refined at Port Hope, Ontario and sufficient refined radium is produced to make the British Empire independent of any other country for its supply.

American Copper Custom Smelters Refuse To Curtail Output

Advices from New York state that the attempt of large copper producers to get certain smaller units to sign the industry's code, has not yet met with full success.

Also, the custom smelters, although quite willing to see the price of copper fixed, provided they are assured sale of their intake, refuse to limit their output to any ratio with respect to primary production or to limit the period of forward sale of their output to three months, as suggested in the code.

There is said to be considerable opposition by smaller producers to any reduction in copper stocks until consumption is higher.

Ten Thousand Less Unemployed In B. C.

A total of 101,107 persons were receiving unemployment relief in British Columbia in July, according to latest available figures, made public by Hon. W. M. Dennies, minister of labor. This is a reduction of about 10,000 from the peak figure of last spring.

Of the total, 56,145 were under municipal supervision, 32,290 under provincial supervision, 10,240 under the special relief commission, and 2432 under the federal department of defense in road camps.

Pioneer Mine Creating Large Profits

Pioneer Gold Mines of B. C. Limited reports gross income for August at $202,150 from 9,300 tons of ore milled. Gross income in July was $204,300. Expenses in August were $62,000 leaving net income before depletion and depreciation at $140,150. Expenses for July were reported at $61,200 leaving net before depletion and depreciation at $143,100. Expenses were slightly higher in August owing to extra work being done on the hydro-electric plant.

Minister of Labor Will Urge Social Reforms

Announcement that he will seek an inter-provincial conference in the near future to consider national unemployment and state health insurance, minimum wages for men, hours of work for industry, employment of white crews on subsidized vessels and other matters is made by Hon. W. H. Dennies, provincial minister of labor.

It is announced that single unemployed women will not be granted further relief in this province unless they can show that they have endeavored to get work within the two weeks preceding their application for relief.

Changes Will Be Made In Cabinet

Premier S. F. Tolmie stated this week that he expects to make some changes in the personnel of the cabinet before the election. The extent and nature of the changes, however, were not indicated.

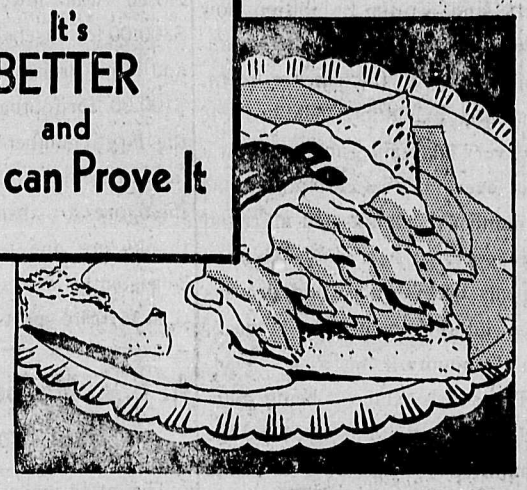
It's BETTER and You can Prove It


Try This Simple Way of Making Cream Sauce!
HERE is a simple way to make a delicious cream sauce that you can use for vegetables, fish, meat, croquettes, souffles, etc.
¾ tablespoon butter — ⅛ teaspoon pepper
¾ tablespoon flour — ½ cup St. Charles Milk
¼ teaspoon salt — ½ cup water
Melt the butter in top of double boiler. Add flour and seasonings, blend well and pour in gradually the milk diluted with water, stirring constantly until the mixture is smooth and thick. Continue to cook fifteen minutes in the double boiler.
Borden's St. Charles Milk is better and you can prove it—therefore be sure to use it for this and other recipes that call for milk.

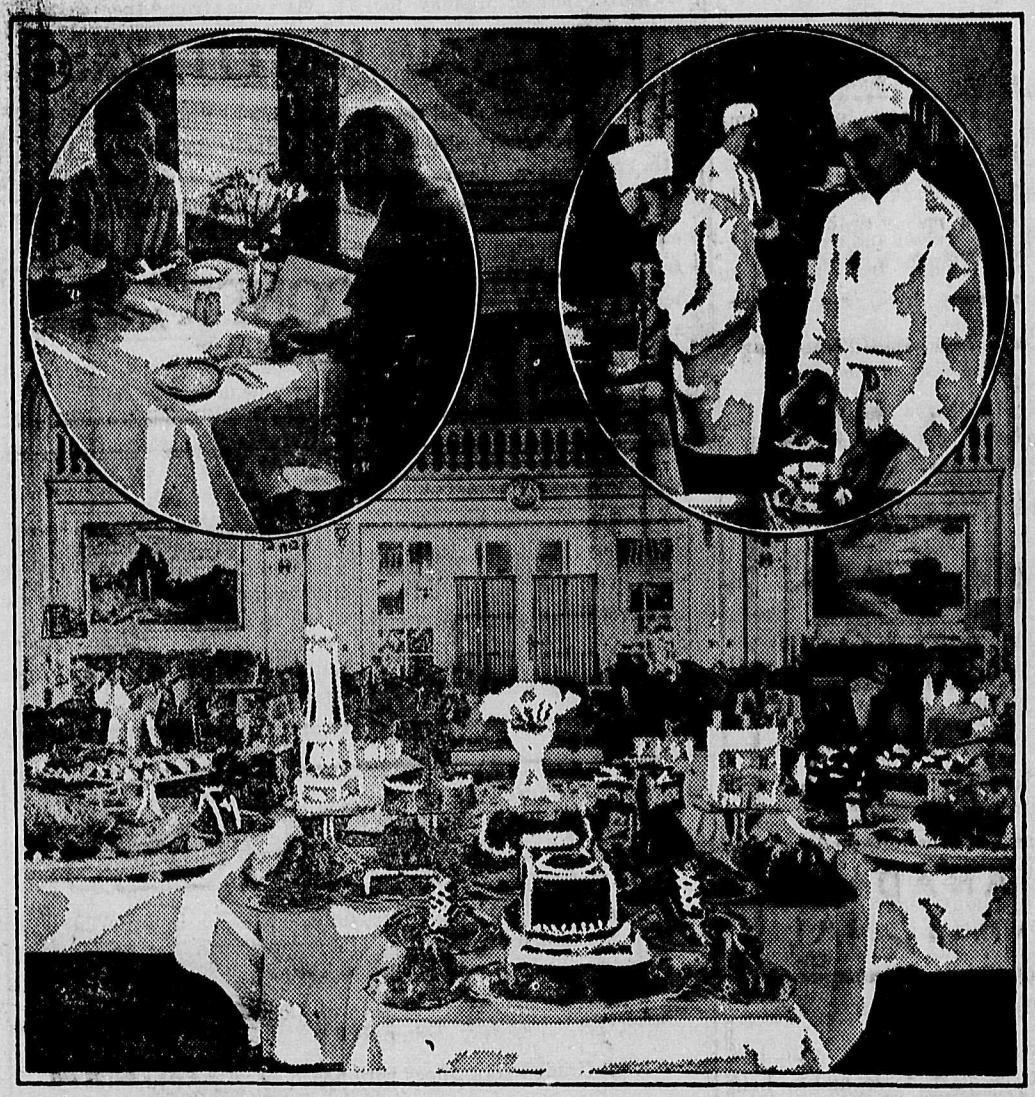
Provides Millions of Meals Yearly



About 13,500,000 meals a year are served to travellers by the Canadian Pacific, which is the equivalent of saying that it provides 37,000 every day and 259,000 every week of the year. This gigantic total is made up of about 4,200,000 in dining cars and station restaurants; 4,450,000 on Atlantic and Pacific steamships; 1,350,000 on inland and coastal steamers; and 3,500,000 in the company's hotels and bungalow camps. Lay-out shows first-class dining saloon on "Empress of Australia"; lunch for two on typical trans-continental Canadian Pacific flyer; and kitchen on C.P.R. dining car with the men in action behind the guns.

Seven Seas Traversed

"We passed in luxurious comfort, free from any care or irritating responsibility and absolutely without one disturbing incident from continent to continent," stated Lady Williams-Taylor on her return from a world cruise on board the Canadian Pacific liner, the "Empress of Australia," during which tour five continents, twenty-one countries and twenty-six ports were visited and seven seas traversed.

"With sheltered ease," continued Lady Taylor, "we had unfolded to us the soul-penetrating magnificence and the somewhat repellant fanatical conditions of India and distraught, yet ever thrillingly interesting China. We steamed up and down the dangerous Pearl River, and saw first-hand the devastation of Canton. Mysterious Java, and almost untouched Sumatra, held us spellbound. Singapore and its ever-growing docks amazed us, and lovely Ceylon enchanted us. But Hawaii wound itself about our hearts and, to its haunting 'Aloha Oe,' we saw it fade away through regretful tears. Not only are the islands more than fascinating, but the Royal Hawaiian Hotel would tempt any traveller to return.

"After such a wonder tour of 133 days," concluded Lady Taylor, "we 'Lotus Eating Tourists' have once again to face the realities of ordinary existence without the untiring supervision and perfect organization of the mighty and far-reaching Canadian Pacific Railway and Steamship's protection and care of us. It was, indeed, with hearts full of gratitude and appreciation for our splendid captain, his staff, and for the constant and devoted attention of the cruise directors, that we finally bid farewell to our floating home—the 'Empress of Australia.'"

Our Circulation Is Increasing!

WHY ?

Because the Alice Arm and Anyox Herald carries all the local news of the district, placed before its readers in a concise and pleasing manner. A glance over the headlines shows exactly what has happened in Anyox and Alice Arm during the past week.

Reliable reports gathered from authentic sources, regarding the state of the copper and silver markets are frequently published; also interesting news items of provincial mining activities, etc.

Broadminded editorials, written from a purely independent viewpoint, concerning the metal markets, Provincial, Dominion and International politics; also editorial comment on local affairs are a feature of the Herald.

This bright and newsy paper will be sent you through the mail for $2.00 per year, or $1.00 for six months. Or 5 cents per copy if you wish to buy it by the week.

Read The Herald and Keep Informed of what is happening in the district.

THE COST IS SMALL

Subscriptions at Anyox can be obtained from Mr. P. Powell, or at the Post Office

United States Government May Peg Silver Price At $1.19

Senator Pittman of Nevada, has gone to Washington to press his proposal that President Roosevelt authorize the acceptance of newly mined silver by United States mints and its return to the owners in the form of coins.

If the president lacks the power to authorize Senator Pittman's plan, the senator predicted that legislation for the remonetization of silver will be adopted during the first thirty days of the session of Congress convening next January.

Should the United States remonetize silver it is possible that other countries would follow suit. It is expected that the price would be pegged at $1.19 per ounce. Should this happy state of affairs occur it will undoubtedly help the silver mining companies of British Columbia as well as the Western States, and put into operation many silver mines that are now idle, including those in the Alice Arm district.

Baseball Season Was Very Satisfactory

Comment was made at the recent League Council Meeting regarding the excellent season of baseball which has just been concluded. Some discussion took place as to holding some social function in connection with the sport, and this will receive attention at a later date.

Anyox Concert Orchestra Commence Activities

Permission has been granted by the Community League to the Anyox Concert Orchestra for the use of the Recreation Hall on Sunday and Wednesday evenings. A start is to be made immediately on the season's work, and a specially active season appears imminent.

Basketballers Will Organize On September 25th.

Basketballers are asked to attend an organization meeting at 7.30 p.m. September 25th. in the Recreation Hall. All intending players and those interested in this popular sport should make an effort to be present.

ALICE ARM NOTES

Jens Larson left on Thursday for a short visit to Prince Rupert.

J. Hauber, who has spent several weeks prospecting on the coast south of Prince Rupert returned on Monday.

Miss Juanita Falconer left on Monday for Vancouver, where she will attend the B. C. University during the coming term. This is her first year at the University.

Arthur Smith, mining promoter, who has spent the last ten days in the district examining mining properties, returned to Vancouver on Thursday. He was greatly enthused with the ore exposed on several properties since his last visit and carried many samples of ore south with him.

ANYOX NOTES

Mrs. F. Williams returned on Monday from a holiday visit to Victoria.

Mrs. C. Musser and child returned on Monday from a visit to Vancouver.

F. Calderoni returned on Monday from a visit to the south.

Mrs. F. Dodsworth returned on Monday from a holiday spent in the south.
