Esperanza Ships High Grade Ore

Over forty tons of high grade ore from the Esperanza mine was shipped by scow yesterday to the Anyox smelter. This ore has been taken out by leasers at the mine, and it is expected that the values will be high. Two hundred more sacks of high grade are at the mine ready to come down the hill. All those taking leases are steadily producing ore, and another shipment will be made in the near future. The Esperanza is proving to be one of the steadiest shipping mines on the coast Since it commenced operations some twelve years ago it has changed hands four times. Each owner has made money out of the mine, and shipped considerable ore. The Esperanza has paid since the first pick was driven into the ground and very little dead work has been necessary. The ore is found in small high grade veins, and has paid from the grass roots. When sufficient capital is available for development work, large bodies of ore are likely to be encountered.

St. Patrick's Dance Held at Alice Arm

The 17th. of Auld Ireland was celebrated in the good old-fashioned northern mining camp style on Saturday evening last, when a dance was held at the Alice Arm Hotel, and almost the entire populace were there to honour the memory of Ireland's patron saint.

The dance was held in the big dining room, which was tastefully decorated for the occasion, the room in fact looked like a piece of the Emerald Isle itself, and great credit is due to Mrs. E. McCoy, and Messrs. T. Black and Geo. Graham, whose talent were responsible for the decorations.

A gay throng of dancers crowded the floor throughout the evening and two orchestras were necessary in order to satisfy the unquenchable dancing appetite of those present. Mrs. T. W. Falconer, and J. Fiva, piano. E. R. Oatman, cornet; J. Laidlaw, violin; D. Thompson, fife; A. D. Hallett, guitar; and E. Ness, mandolin, composed the two-shift orchestra, and they kept things moving at a lively clip throughout the evening. Solos were rendered by Messrs. J. Potts, E. R. Oatman and Geo. Graham, at intervals during the evening.

A bountiful and appetising supper was served by Mrs E. M. McCoy, and everyone unanimously declared that the St. Patrick's Dance was the best held in town for a long time.

Anyox Honors St. Patrick's Day

Catholic Ladies Give Dance

On Friday, March 16th, the ladies of the Catholic Church honored the memory of Ireland's patron saint with their annual dance in the Recreation Hall, which was prettily decorated for the occasion. The harp and shamrock, emblems of St. Patrick, predominating as ornamentations upon a background of green and orange, the associating of these two colors demonstrating the harmonius spirit of the occasion.

A 5-piece orchestra, Messrs. Liddel, Haesler, Varnes, Prevost, and Tynemouth rendered the music, every number of which just aggravated a desire for more. Quadrilles and Lancers were special features introduced, but the piece de'resistance was a circle two-step just after midnight to the tune of "St. Patrick's Day in the Mornin." This won such popular approval that it had to be repeated seven or eight times. If there was any item more popular it was the supper. It was a grand night and the credit for the evening's success is due to Mesdames A. Morton, J. Dillon, C. J. Harrington, E. Morning, E. J. Conway, M. Loftus.

Messrs. T. J. Ryan and J. Tierney were responsible for the artistic decorations.

Anyox Lose Basketball Game to Prince Rupert

The Prince Rupert Colts defeated the Anyox All Star team, on Wednesday evening, at Prince Rupert, by the score of 41-19.

The Anyox team left on Monday, and returned on Thursday evening. The following players made the trip: F. Whittaker, H. Down, J. Wooster, W. Anderson, G. Willis-croft, B. Fitzpatrick, C. Greenwell. As he was unable to get away, F. Brown, did not go.

The Prince Rupert team consisted of H. Menzies, A. Easson, W. Mitchell; spares, G. Mitchell, E. Smith, R. Bartlett and H. Frizzell.

A dance was given to the Anyox team, on Tuesday evening by the Rupert basketballers at the Elks' Home. Seventy-five couples were present and an enjoyable time was spent.

Piling Put in Water

Fred Miller has pulled the piles in the water that were fell some time ago by Ed. and Chas. Gustaffson about three miles down the inlet. The piles will be used at Anyox on the Granby Company's wharfs. Now that the piles are in the water the donkey engine will be transferred to the Quartz Quarry, and supplies gathered for the commencement of logging operations.

Subsidiary Company Will Operate Copper Mountain Property

Mr. Chas. Wing Visits Camp

Legal processes are now under way which, when completed, will have the effect of transferring to the Allenby Copper Company, Limited, which will become a new subsidiary of the Granby Consolidated Mining & Smelting Company the holdings of the Canada Copper Corporation at Copper Mountain and Allenby, says the Princeton Star. These include foreclosure by the trustees for the bondholders, and the incorporation of the new company, but do not suggest any unexpected delay.

During the week Mr. Chas. Wing, whose duties include supervision of stores, supplies, housing and the general welfare of the employees of the Granby paid a visit to Allenby and Copper Mountain. Mr. Wing is on a three- week's vacation and while in Vancouver decided to run up here and give the new field of operations a look over. While a few extra frills may be introduced, in the main, Mr. Wing considers present accommodations at both Allenby and the Mountain as adequate for the crews that will be employed.

Mr. H. S. Munroe, general manager of the Granby, has been in consultation at Vancouver during the past few days with Mr. J. J. Warren of the Consolidated Mining & Smelting Co. and Mr. Lorne Campbell of the West Kootenay Power & Light Co. On his return to Anyox, it is understood that Mr. L. R. Clapp, assistant general manager of the Granby, will supervise the work of putting the plant in readiness for mining and milling to its fullest capacity.

Kitsault House Now Ready for Business

The interior improvements made by Mr. S. Dumas to the Kitsault House are now completed, and the old timers who used the house in the early days would hardly recognise it. The gronnd floor part of the building has been v-jointed and varnished throughout and the big room upstairs has been converted into eight rooms, which have been papered and present a very neat appearance. The Kitsault House is now to be opened for business, and it is expected that this will be done some time next month.

The new building opposite the Kitsault House, has also been completed. This building comprises one large room on the ground floor suitable for a store and two small rooms upstairs. The whole interior has been v-jointed and is ready for occupation.

Anyox Basketball League Games

Thursday, March, 15.—The Beach "gym" was filled to capacity when all the local fans and many outsiders witnessed three of the best games of the season between Anyox All Stars and Rupert Champions.

The local All Star Intermediates were almost a match for the Rupert Intermediate Colts. Up to the last five minutes the score was pretty well even, but the Rupert boys drew away in the last few minutes of play. Score being 20 to 14 in favor of Rupert.

The ladies game was hotly contested but the extra experience of the Rupert "Maple Leafs" showed up all through the game. Rupert winning 13 to 2.

Before the last game was played off between the Anyox Smelter and Rupert Colts, His Worship the Mayor of Prince Rupert gave a short address on basketball in general.

Bob Stewart called the teams to play and handled the referee's position admirably throughout the game. Both teams played well and the Smelter team a marked improvement over the last All Star team which played against the Colts. Everyboby appreciated the good work and were glad to see Anyox win one of the three games. Score being 29-18 in favor of Anyox.

The results of Monday's games were: Tuxis 5, High School 3. Browns 6, Blues 9. Coke Plant 11 Stores 13. High School girls 5, Pinks (Mine Ladies) 12.

A large number of the boys saw the Smelter team off to Prince Rupert on Monday night, where the local team is going to try their skill against the Rupert teams. They will return on Thursday meanwhile we wish them luck.

The games played during the week have been confined to the Ladies and Intermediates. On Wednesday evening, the Office and Tuxis Boys played a close and interesting game, both teams having the lead at various times, but the

Continued on page 4.

Inspection of Granby Co's Timber Holdings

Messrs. Heywood and Wright lumbermen of Vancouver, paid a visit to Alice Arm on Saturday last to inspect the timber holdings of the Granby Company in the neighborhood. They made the trip from Anyox on board the Cuprite, and were accompanied by Fred Miller, who acted in the capacity of guide, being familiar with the Granby Co's. limits. An inspection was also made of the Larkum Island sawmill, and it is very probable that the mill will be operated this coming summer.

ALICE ARM NOTES

G. M. Rear, representing the Merchants Casualty Co. of Vancouver, arrived yesterday from Anyox after spending a month in the smelter town.

Mrs. M. Smith, arrived in town yesterday from Tenakee, Alaska where she has been residing during the winter.

See Al. Falconer for Wood or Coal

Jim Calvin is steadily working on the King Saul group, and anxiously awaiting the disappearance of the snow so that he can move up the hill to the Bunker Hill group.

J. Strombeck left on Wednesday for the upper Kitsault, where he intends to do some work on his various mining properties.

As soon as the weather clears, A. Davidson will commence work on the Wildcat property lengthening the tunnel he commenced last summer.

Two feet of snow fell during the early part of the week and shattered all hopes of an early spring. The snow, however, is fast disappearing and will be off the ground about the usual time.

Chas. and Ed. Gustaffson arrived in town during the week, having completed their contract with Fred Miller for getting out piles.

Jack Gray and "Tracy" Seaton have taken a contract from J. Wheatly for falling and bucking logs. A start was made last week but the late snowfall has interrupted operationg for a time.

Hand logging sites are being sought down the inlet by a number of local loggers, and as soon as the snow is off several outfits will be skidding the "big boys" into the salt chuck.

James Hayden, of Anyox, who has been convalascing at the Alice Arm Hotel, left on Thursday, and will visit his mother in Vancouver. Mr. Hayden is having trouble with wounds received in the war.

A camel-hair kalsomine brush, the property of the Alice Arm Hotel, has been taken from the Coliseum some time since the Christmas concert was held there. Will those who borrowed the brush please return to the Hotel.

Fair skating was obtainable at the skating Arena during the early part of the week but the weather is gradually getting warmer, and the joyous shout the children, the shriek of the hockey fans, the rasp of steel blades on ice, and the bang of the puck on the boards will be heard no more until next winter.

See Al. Falconer for Freight and Pack Horses.

Anyox Community League

The new Council of the Anyox Community League have been appointed and have already commenced their duties. The new Councillors are a body of very able men, and quite capable of conducting the affairs of the League to the satisfaction of the majority of the members. The Council of past years have been subjected to more or less criticism, but no one should criticise unless he is ready to take his place on the Council, and endeavor to do better. Any boob can pull down but it takes brains to build up. Give the present Council a chance to make good before condemning them. Don't pull back when you should be pushing. Help the League and the League will help you, and always remember that unity is strength.

American Telephone and Telegraph Company

The net earnings of this great Company for 1922 amounted to $66,470,268.00.

In addition to owning the Bell Telephone patents, it also owns and controls the radio patents. Number of telephones in operation over 23,000,000 and at present the company has over 400,000 unfilled orders for phones on its books. Its business is growing rapidly, and the dividends of $9 per share per annum are paid quarterly, January 15th., April 15th., July 15th. and Oct. 15th.

At present prices American Telephone and Telegraph yields over 7 per cent. Possibly the strongest investment stock in America.

Copper

New York—Copper in good volume is being sold at 17 cents delivered to domestic wire and brass mills. This is an advance of 1-8 cents since yesterday and 2 cents in the last three weeks, being the most rapid raise in the peace time history of the copper industry. Price trend is still upward, with consumers trying to buy July copper at 17 cents. Few producers are willing to sell beyond June. Main demand at the present time is for April and May. Foreign sales are in fair volume, with aside ship demand New York moderate.

Wire and brass mills are working up to capacity made possible by present labor supply with orders booked well ahead. One of the most encouraging features of the market is the way in which mills are trying to buy copper at present prices for July and even August shipment, indicating that despite rise of two points a pound in price during the last three weeks they are expecting considerable further advance.

Wire—mill buying of copper during the last few days has been slightly stronger than that by brass mills. Indications are that the industry has about covered its requirements so far as March is concerned, but the way that ultimate consumers have been coming into the market recently points to capacity operation by mills well into summer as normal good orders for summer business come into the market in April and May.

Price of electrolite copper for domestic shipment is 17 cents a pound delivered to end of June. Price of Lake copper is 17 cents to end of May. Price aside ship New York is 16.90 to 17 cents with little available at the lower price. Prices for European destinations are at levels corresponding with 17 1-8 to 17 1-4 cents c. i. f. Hamburg and London, with little copper obtainable at the lower price and some sold at as high as 17 3-4 cents.

Birthday Party at Anyox

A most enjoyable evening was spent at the home of Mr. and Mrs. W. Rashleigh on the evening of March 14th, the occasion being the 21st. birthday anniversary of their youngest daughter Gladys.

About thirty young friends were present. The earlier part of the evening was devoted to court whist, at which the prize winners were Miss Peggy Thompson and Mr. Russell Jones.

The guests then proceeded to the dining room. The room and table being beautifully decorated with spruce boughs blended with artificial flowers.

Miss Rashleigh presided over a large birthday cake following the supper. Dancing was indulged in until 2 a.m. Amongst those present were:

Mr. and Mrs. G. Thomson, Mr. and Mrs. W. F. Eve, Mr. and Mrs. H. Chapman, Mrs. Leslie, Misses Peggy Thompson, Vi. Eaton, Phyllis Gregg, Elsie Russ, Rowena Champion, Rose Moffatt, Kathleen Haslett, Messrs. J. R. F. Jones, H. Thorley, A. Nickerson, C, Parmitter, J. C. Stroud, G. Leslie, C. Greenwell, F. Whittaker, N. Baillon R. Moore.

Surprise Party at Anyox

Mrs. E. J. Waterman, whose birthday anniversary happens to be on the same day as Ireland's patron saint, had a very pleasant surprise on Saturday evening, March 17th, when a number of friends just dropped in casually as it were, each loaded with packages of good things to eat.

Amongst those present were: Mr. and Mrs. F. Person, Mrs. S. Brentzen, Messrs. M. Cranley, S. Down, Geo. Cooper, and many others who spent a very enjoyable evening.

Geo. Clothier Gives Interesting Address

An optimistic story of the development of mining in Northern British Columbia was given at a meeting last week, in Vancouver, by Mr. Geo. A. Clothier, under the auspices of the Chamber of Mines.

Mr. Clothier, who is the provincial mining engineer for this district, gave a very interesting and forceful address, and being in a position to know what he is talking about his words carried conviction. To convince his audience that mining in the north is booming, he stated that more than 1200 assessments were done during the past year, that 1000 prospectors certificates were issued and 700 claims staked according to government office statistics.

The speaker advised small operators to get in touch with prospectors who would be willing to give an interest to anyone who will do a certain amount of work or spend money in having work done. Mr. Clothier gave a lengthy description of mining activities in the north.

Well Meant

Perfectly Well Meaning Old Lady: Thank you so much for the song my dear. It took me back to my childhood days on my father's farm, and when I shut my eyes and listened to your singing I seemed to hear the dear old gate creaking in the wind."

Monthly Meeting of Anyox Parent-Teacher Association

About thirty-five were present at the regular monthly meeting of the Anyox Parent-Teacher Association held in the New School last Tuesday evening.

The business session included an encouraging report from the convenor of the School Library Committee who stated that about half of the books ordered recently had arrived and were already in good circulation. The High School students have been doing excellent work and incidently receiving some valuable training in cataloging and distributing these volumes. It seems to us that an occasional perusal of the new titles on the library shelves by visiting parents will awaken their interest as to the value of these careful selections and should prompt the encouraging of a greater wish and will to read good wholesome and sensible books by their boys and girls.

Another hundred dollars was voted at this meeting to be applied to the purchase of suitable pictures and teachers' reference books. For the purpose of aiding and selecting the former requisite the above committee was increased to six members and will now include Mrs. Ed. Conway and Miss Bowes.

Mr. H. R. King who had anticipated giving a resume of early B. C. history read instead an enlightening article entitled, "Well I Didn't Know That" written by Edward Bok an eniment American editor. To the majority of those present this article proved the source of a wealth of information and insight into the customs and institutions of that remarkable country the Netherlands. This astute and energetic nation, as was pointed out, has given to the world, and certainly without sufficient credit, many of the men and ideas which have made itself and other nations especially U. S. A. great.

Not only because of the enjoyableness of his instructive paper but for the reason also that he is to leave Anyox shortly, Mr. King was accorded a hearty vote of thanks in appreciation of his active interest in the school work of his community as President of the School Board.

During the social hour Miss Zeigler and Mr. Morrow contributed extremely pleasing instrumental and vocal selections. Miss B. A. Leitch accompanied the latter. Refreshments and the National Anthem brought a very successful meeting to a close.

Mr. J. E. Trethewey Controls Mining Property

Mr. J. Trethewey, well known in Alice Arm as a mining and logging operator, is endeavouring to obtain control of the Sunrise property, which is situated on Nine Mile mountain at Hazelton. Mr. Trethewey became interested in the Sunrise last year. and now desires a greater interest in the property before undertaking any great development. Among the heaviest stock owners are the original locators, G. A. Rosenthal of Smithers, and H. A. Harris of Hazelton, who each control 200,000 shares, and they have accepted the offers made on behalf of Mr. Trethewey for the sale of their shares.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim

Records without permanent residence may be issued, provided applicant makes improvements to extent of $360 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrocative.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Anyox Basketball

Continued from page 1.

Office men seemed to have more staying power than their opponents running away with them in the last ten minutes, during which time H. Thorley did some effective shooting. The final score was: Office 25, Tuxis 18.

The Browns and High School girls next took the floor. The School, who have been playing an up-hill game all the season, showed a vast improvement in this game, being in the lead at one time with the score 6-5, but in the second, the Browns which are a heavier team were too strong for the girls.

Miss Jennie Oxley of the School team was the victim of an unfortunate accident, falling against the wall, she was injured in the face and forced to retire for the balance of the game. The final score was: Browns 15, High School 7.

LADIES LEAGUE

	Pld.	Won	Lost	Pts.
Blues	9	8	1	16
Browns	9	6	3	12
Bluebirds	8	4	4	8

Smelter	5	3	2	6
Coke Plant	7	2	5	4
Tuxis Boys	7	0	7	0

Two points for a win. Tied games not counted.

No Senior League games have been played during the week.

ANYOX NOTES

The Smelter Basketball team loses a valuable player, he is W. Anderson who was on the Anyox team which visited Prince Rupert. He did not return with the team, but is going south, having secured a position.

Harry Duby returned last week from Vancouver, looking much better for his holiday.

W. E. J. Pamplin and son Stanley went south on Monday's boat, having received news by wire that Mrs. Pamplin who recently moved to Vancouver from Anyox had been stricken with a stroke of paralysis.

Union Church Services, Sunday, March 25. Sunday School 11 a.m. Evening Worship, 7.45 p.m. We extend a welcome to you.

Monday, April 9th. is the last day to make application for the next court of revision of the voter's list.

Geo. Rattray returned last week from Vancouver.

Fred Leggett, who has been at the Coke Plant for several years, left on Thursday for Vancouver, where he will reside. He was a popular young man, who took a great interest in various entertainments, usually officiating at the Elks' dances.

Mr. Robert Thornton who has been in Anyox for fourteen months left for the south on Thursday.

In Again

A visitor from the dry belt who had looked upon the wine when he was no longer sure what color it was, on his way home encountered a tree protected by an iron tree guard. Grasping the bars, he cautiously felt his way around it twice. "Curse it," he moaned, sinking to the ground in despair, "locked in."

Wife (with newspaper) just think of it!" "A couple got married a few days ago after a courtship which lasted fifty years."

I suppose the poor old man was too feeble to hold out any longer."

TRY THIS MENU FOR YOUR INSOMONIA

A man suffered from insomnia and his friend told him a sure cure, says the Detroit News.

Eat a couple of bananas and drink two or three glasses of milk before going to bed," said he, "and I'll warrant you'll be asleep within half an hour."

The man did as his friend suggested and went to sleep soon after his retirement, but this is what he dreamed;

The friend came on the scene with his head under his arm and asked if the man wanted to buy his feet. The man was negotiating with him, when the dragon on which he was riding slipped out of his skin and left him in mid-air.

While he was considering how he should get down, a bull with two heads peered over the edge of the wall and said he would haul the man up if he would first climb up and rig a windlass for him.

So, as the man was sliding down the mountainside, the conductor came in, and the man asked him when the train would reach his station.

"We passed your station 200 years ago," the conductor said calmly, folding the train up and slipping it into his waistcoat pocket.

At this juncture the man awoke and found he had been asleep almost ten minutes.

The secret of good beer lies in purity---

That's why Cascade Beer has for 35 years been British Columbia's favorite health beverage. No expense has been spared to ensure purity. It has cost a million dollars to build a plant to accomplish this. But after testing Cascade Beer, you agree that it has been worth it.

Insist Upon CASCADE

BRITISH COLUMBIA

The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, $76,177,403; Lode Gold, $105,557,977; Silver, $55,259,485; Lead, $48,330,575; Copper, $166,393,488; Zinc, $21,884,531; Coal and Coke, $225,409,505; Building Stone, Brick, Cement, $34,072,016; Miscellaneous Minerals, $1,210,639; making its mineral production to the end of 1921 show

An Aggregate Value of $734,259,619

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years, 1906-1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; for the year 1921, $28,066,641.

Production During last ten years, $336,562,897

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES,
VICTORIA, British Columbia
