I. O. D. E. Members Are Addressed By Major Watts

The monthly meeting of the Collison of Kincolith Chapter I. O. D. E. was held in the Legion Hall on Monday October 1st. at 7.30 p.m. There was a good attendance.

An important event of the evening was an impressive speech given by Major W. H. Watts of Vancouver, who is field secretary for the Canadian Institute of the Blind. He himself lost his sight during the Great War. An appeal was made to the listeners present to give their support to this great cause, not only financially, but in a manner which would benefit those in suffering.

Major Watts outlined the helpful work done by the Institute both in and at outside places, also giving accounts, of cases which he had encountered on his trip, that will be attended to and helped in all ways possible. The Braille system and the Moon Book were explained in detail and demonstrations given.

Major Watts is an excellent pianist and delighted the listeners with several selections. Rev. Abraham rendered a solo which was greatly appreciated and was accompanied by Major Watts on the piano.

The I. O. D. E. have headed the list and are sponsoring a drive, which will take place on Friday October 5th. in the form of a tag day, when your whole hearted support will be greatly appreciated.

The I. O. D. E. wish to thank those that helped to make the Sale on September 23rd. such a success.

Elks Win Opening Billiard League Games

The opening games of the Anyox Billiard league were held on Monday last. Both senior and junior games were played and in both instances the Elks' teams were victorious over the Mechanics' teams.

On Monday next week the Mechanics' and Mine senior teams will meet at the Beach Pool Room, and the Mine and Mechanics' juniors at the Mine Pool Room.

On Thursday next, the Elks and Mechanics' seniors will again meet at the Beach Pool Room, and the juniors of these teams at the Elks' Club.

Another Local Engagement?

It is rumoured round town that while on his holidays on Vancouver Island recently, Mr. J. V. Foss, of the Townsite Department, formed an alliance with a young lady friend of bygone days. When questioned on the subject, however, Mr. Foss merely blushes furiously!

Opening Badminton Games on Tuesday

On Tuesday evening October 2nd. Badminton devotees hunted up their racquets and hied themselves to the Gym for the opening night. While the attendance was not all that could be desired, the fun and gaiety of the opening night was not dampened. A member of the committee chose to show up in new-fangled shorts. While there is no doubt about the increased comfort and convenience of this sort of attire enquiry amongst the members, put a damper on the hope of seeing Bill Gibbs, Arthur Kirby or Henry Deeth cavorting about in anything remotely resembling shorts. The new committee member proved the point of his action by dishing up a good brand of badminton.

The game is rapidly becoming the most popular winter sport in Canada, in spite of the continued belief that it is a strenuous and fast game. That badminton succeeded in capturing and holding the interest of the younger generation in Anyox last winter, speaks well for its popularity. New members are cordially invited to come down and try it.

Dues are four dollars for the season. The club supplies shuttles.

Repair Work on Railway At Alice Arm Commenced

The work of repairing the Dolly Varden railway, so that it can be used for light traffic, was commenced last week. At the present time 16 men are employed under foreman J. Graham. An appropriation of $3,000 was recently made for this work by the Department of Public Works. Since repair work commenced activities have been centered on the wash-out at 4-mile. This will be completed in about two days and the crew moved further up the line.

Work has been completed on turning the North-east Fork creek back into its old channel, and it is expected that the further flooding of the Kitsault Flats will be eliminated during high water periods.

Clive Planta Champions The North's Development

Clive Planta, M. L. A. for the Peace River district was a recent visitor to Prince Rupert. While there he addressed several meetings He stated that it was his intention to foster railway connections between Prince Rupert and the Peace River District. It is, he said, the shortest and most practical route, and that is what the people of the Peace River want.

He was also in favor of the Federal Government constructing the Alaska-Yukon Highway, and allowing the United States every peace time privilege providing the Alaskan Panhandle was ceded to British Columbia.

Anyox Notes

Mrs. H. R. Taylor left on Thursday, the 27th. for a visit to the south.

Corp. E. H. Clarke of the R. C. M. P., left on Thursday, the 27th. for Prince Rupert.

W. Gentleman left last week for a holiday visit to Vancouver.

G. Blaney left on Monday for a holiday visit to Nanaimo.

N. Marshall left on Monday for a holiday visit to Vancouver.

Mr. and Mrs. S. Peters returned on Monday from a holiday visit spent in the south.

Mrs. R. L Fox returned on Monday from a visit to the south.

Mrs. C. McLachlan and Miss Anne McLachlan returned on Monday from a holiday visit to Vancouver.

Mrs. J. Bell and sons, Kenneth and Ronnie, returned on Monday from a two months holiday spent in Vancouver.

Miss Tess Gordon returned on Monday from a holiday visit to Vancouver.

Mrs. Geo. Casey returned on Monday from a visit to Prince Rupert.

R. E. Hopkinson returned on Monday from a holiday visit to Vancouver.

H. H. Spencer returned on Monday from a holiday visit to Vancouver.

J. Pinckney, C. Dresser, E. Barlett. and R. Frew returned on Wednesday from a holiday visit to the south.

Mrs. H. G. Cook and child returned on Wednesday from a holiday visit to the Okanagan Valley.

Dr. J. W. Lang returned on Wednesday from a holiday visit to southern points.

Mrs. J. Donaldson and children returned on Wednesday from a visit to the south.

Mr. and Mrs. J. K. Wright left on Wednesday for the east where they will reside.

The Anyox Rover Sea Scouts were treated to a talk by Major Watts, field secretary for the Institute of the Blind, at the regular meeting last Tuesday might.

Major Watts gave an interesting talk outlining the work done by the Institute. The many intriging anecdotes, humorous and pathetic, with which he illustrated his message were received with absorbed Interest. The crew showed a lively sympathy with those unfortunate people, whose cause was the subject of the address.

While refreshments were being served, Major Watts proved himself an artist at the piano and appropriately played a number of sea shanties and songs and the meeting closed with the happy assurance that the welcome visitor had made a deep impression on his audience.

Badminton Club Elects Officers For Year

The annual general meeting of The Anyox Community League Badminton Club was held on Friday, September 28th. A very satisfactory. financial statement was read by the Secretary-Treasurer and adopted by the meeting, The election of officers for the year 1934-1935 was held, resulting as follows: President A. H. Kirby; Vice President, M. Prust; Secretary-Treasurer, W. Gibbs; Committee, Mrs. J. Smith, Mrs O. G. Macintyre, R. Arnold and F. Gibson.

The opening night was held on Tuesday, October 2nd., when a large number of old and new members were present. The nights for playing will be the same as last year i. e. Tuesday and Thursday for adults and Saturday night for children. Adults may also play Sunday afternoon. Tournament games will be played on the last Wednesday evening of each month.

BASKETBALL PERSONALS

Amerigo Dominato

"Dom" is a familiar and well liked figure in our local hoopsters circle. Coming here from Prince Rupert nearly two years ago, he has added much to the color and interest of Senior B basketball.

Dom started, as most good ball players do, at school. A couple of years of intermediate and senior B play in the fish city, developed the well known "never say die" spirit of this young Warrior.

In the opinion of many who are well qualified to judge, Dom is playing out of his class and the Warriors' gain is "A" league loss.

For the present however, Dom is captain and chief bottle washer for the Warriors. If Dom pulls out of this fight with the B league championship—well,—don't say we didn't warn you.

Alice Arm Notes

E. O. Aves, deputy provincial assessor and collector arrived on Monday from Prince Rupert on departmental service. This is Mr. Aves' first visit here and during his stay he will adjust all problems here in regard to assessment of land and buildings.

J. Wier, who has been spending a vacation at Vancouver, arrived on Monday on the steamship Catala. He spent a few days here with Mrs. Wier, returning to Anyox on Wednesday.

W. Buckley, mining engineer for the Granby Co. arrived from Anyox on Saturday and left the same day for the upper Kitsault country, where he is examining mining properties in that locality.

He who can please nobody is not so much to be pitied as he whom nobody can please.—C. C. Colton.

The Basketball Season Commenced On Monday

Playing to a good crowd, our local hoopsters got away to a flying start last Monday and played first class ball. Owing to difficulty in getting the ladies' teams organized, the game scheduled to open the league was postponed.

A practice game between the Rovers and Foundry replaced the girls' game. While the boys set a fast pace and did their best to make the game interesting, the Foundry showed decided superiority. The Rovers' showing may have been due to lack of practice. The same teams will soon meet again however and the Rovers threaten to get revenge.

The second game went fast all the way. As the Warriors went down before their ancient foes, the Vandals, the Gym resounded with lusty cheers intermingled with still more lusty boos. The fight put up by "Dom" Dominato's boys was worth cheering and "Dom" was the most warlike of the lot. With more practice this team may yet put the Indian sign on the Vandals' hopes.

George Heinekey, captain of the Vandals B caused a mild sensation by appearing on the floor minus any upper garment. This Doukabourish tendency however, seemed to have no good effect on his game. Watching his work, one gathers that the other mine players are totally unnecessary. Perhaps this attitude is justified when it is realized that he chalked up 9 points against the Warriors 10. That it does not make interesting ball is proven by the generous booing which George generally receives. If the Vandals' captain is interested in one man teams, he might look up "Al" White who played real ball and added 12 points to the Vandals' score in the same game.

Warriors: McDonald 1, Phillips 2, Dominato 7, O'Neill, Chenoski—10.

Vandals: W. Horne, White 12, Heinekey 9, Turner, Windle, Graham, Southey 2, Murdoch—23.

The senior game, in which the Vandals A battled the Trojans was the game that has often been dreamed about. With Alex McDonald in

Tickets for Hallowe'en Dance Are Being Sold

Tickets for the big Hallowe'en Dance are now being offered for sale. Don't hesitate in buying a ticket for this dance. When you purchase a ticket you are helping a very worthy cause. It is a dollar well spent. The Hallowe'en Dance is the only means the Ladies Hospital Auxiliary have of obtaining funds for their work in providing comforts for the patients at the hospital throughout the coming year. Help the ladies in their good work. Buy a ticket.

A Special News Feature For Our Readers

Commencing next week we are going to publish a series of very interesting articles based on legal problems that confront all of us at some time or another. These articles will be written by Mr. Carl Stewart of Anyox and we are sure that our readers will follow them each week with interest, and we are also sure that they will be found both helpful and instructive. Mr. Stewart is well qualified to deal with legal problems. He is a member of the British Columbia Bar Association, and holds a C. L U. Degree for Life Insurance. Previous to coming to Anyox he practiced law in Vancouver.

Among the subjects he will deal with are:

Life insurance: "The difference between various kinds of Policies."

Wills: "Why you should have a will and what happens to your property if you haven't."

Companies: "Private and Public Companies," "Authorized Capital," Subscribed Capital," "Paid-up capital."

Contracts: "What contracts have to be in writing," "What is necessary to make a contract," "Effect of fraud or misrepresentation on a contract."

Banking: "Cheques and promissory notes."

Partnership: "How to protect yourself in a partnership understanding.

Agency: "Liability for acts of your agent," "Landlord and Tenant."

Limitations: "When debts become outlawed by time."

Guarantees: "What is necessary to make a guarantee binding."

Other subjects that will be dealt with are: Divorce, Mortgages, Liens, Bills of Sale.

The above list will give our readers an idea of the value of the subjects that will be published during the next few months in the news columns of the Herald. Mr. Stewart has kindly consented to write an article each week and we feel sure that our efforts in obtaining this service for our readers will be appreciated.

The Ladies' Hospital Auxiliary Dance

On Monday, October 29th, the Anyox Ladies' Hospital Auxiliary will hold their annual Hallowe'en dance. This dance ranks among the most poputar in Anyox and the response to the ticket selling has always been very generous. The whole proceeds from the sale of tickets is devoted entirely towards providing numerous comforts for the patients of the Anyox General Hospital throughout the coming year, such as subscriptions to magazines, easy chairs, cushions, etc., and also an annual Christmas Tree. The ladies of the Auxiliary give their time willingly and unstintingly towards making it as comfortable as possible for the patients of the Hospital, but funds are needed for this necessary work. When you buy a ticket for the Hallowe'en Dance you are assisting a most worthy cause, and you are also giving encouragement to the ladies of the Auxiliary in their work of mercy. Make it a point to buy a ticket for the dance whether you are asked to or not. If you can't attend the dance your dollar will not by any means be wasted.

W. B. George, known in connection with his George Copper property in Portland Canal district, and who now makes his headquarters in Victoria, B. C., is in Cassiar district inspecting placer leases.

Big Power Increase Is Planned For Stewart

The Stewart News

J. J. Little, manager of the Northern B. C. Power Co., outlined to a special meeting of the Board of Trade at 3 p.m. today an extensive power development programme for Stewart that calls for a total expenditure of some $91,500 dollars, the preliminaries of which are to be initiated immediately, for which purpose Mr. D. B. Craig, construction engineer for the power corporation, is here from Montreal.

The first step in this programme calls for rehabilitation of the diesel plant, and transfer of it to near tide water, at a cost of $6,500. This, it is expected will be complete in six weeks, though some inconvenience may be expected at the time of the change over.

The second and additional steps which are being submitted to the directors call for the installation of a unit at Portland Creek at a cost of $15,000 dollars, an additional unit at Barney's Gulch costing some $30,000, and the installation of an additional diesel unit, with the other one, costing a furthur $30,000 Incorporated in this are necessary changes in the transmission lines, estimated to cost a furthur $10,000 When complete this will provide some 660 h.p. which will be sufficient for servicing a 150 ton concentrating plant, and a town of 1,000 population.

In 1933, Premier Gold Mining Company purchased in Vancouver $301,500 worth of supplies.

Senator Key Pitman Predicts $1.29 Silver

Senator Key Pittman of Nevada asserted in a speech at San Francisco recently before the Western Division of the American Mining Congress, that he believed the price of silver would be raised to $1.29 per ounce by gradual process and that gold would go to $41.34 per ounce.

His prediction, Senator Pittman said was based on the belief that the price would have to be bid up in order to obtain the amount of silver President Roosevelt is required to purchase under the Silver Act of 1934.

A FURTHER STEP on the Road to Recovery

A Statement by the Prime Minister of Canada

THE Dominion of Canada will offer for public subscription within the next few days the 1934 Refunding Loan. It is an undertaking of such significance to every citizen that I think it fitting to present this brief explanation of its close relation to the welfare and continued progress of our country.

The 1934 Loan is not an incidental effort. It is a part—and an essential part—of the great debt conversion programme in which Canada has been engaged since 1931, and by which we are refunding at maturity the large sums borrowed for wartime purposes. The national importance of this programme—and of the 1934 Loan as part of it—cannot be over emphasized. It is important from three aspects: 1—National Credit; 2—National Economy; 3—National Recovery. I shall deal with each of these in turn.

1. National Credit

National credit means to a nation what an honest reputation means to a man. Its maintenance is a primary essential and necessitates that each obligation be met, fully and promptly, as it comes due. Our debt conversion programme is then, in the first instance, our method of meeting our obligations and thus maintaining our credit.

By this programme Canada has already refunded $358,000,000 of maturing wartime debt, and completion of the 1934 Loan will bring the refunded total to over one billion dollars. As a result, Canada's credit stands notably high, both at home and in the great money markets of the world.

Striking evidence of our high credit standing was given within the last few months when Canada secured immediate over-subscription of a long-term loan in London at a price to yield the investor less than 3½% and, in New York, obtained a one-year Loan of $50,000,000 bearing interest at 2 per cent. And there is equally striking evidence at the present moment in the fact that every internal issue of Dominion of Canada Bonds now outstanding is selling today at substantially above its issue price. The twelve-year 4% Bonds of the 1933 Refunding Loan, issued at 96½, are now selling at 104 to yield approximately 3½%.

2. National Economy

The debt conversion programme, in the second place, is providing substantial savings in public interest charges. The debt which we are refunding was incurred with interest rates at artificially high wartime peaks. Refunding is now being accomplished with interest rates throughout the world moving steadily downward toward more normal levels—an encouraging world movement which is essential to business recovery. By refunding under these conditions Canada has already obtained a reduction of the previous interest charges amounting to more than $9,000,000 per annum, and completion of the 1934 Loan will provide a further saving of over $5,000,000 per annum.

The annual saving of over $14,000,000 thus secured has a direct cash benefit to every tax-payer. This saving has much more than offset the interest charges on the debt which has been incurred to meet the extraordinary burden of unemployment relief. It has, to a considerable extent, offset the heavy burdens which the depression period has imposed with respect to railway and other current requirements. It will also pave the way to tax reductions with the return to better times.

3. National Recovery

The debt conversion which Canada has achieved since 1931, by thus maintaining national credit and securing national economy, has been a major factor in our progress toward business recovery.

A year ago, preliminary to the 1933 Refunding Loan, I took occasion to express the belief that Canada had passed the low point of depression and was definitely upon the road to recovery. Today, our progress toward recovery is a matter of established fact. Since the low point of February 1933, the trend of business has been moving steadily upward in an improvement so marked and so consistently sustained that we need no longer doubt its reality.

The facts of business recovery are written beyond dispute in our statistical records. The most significant indices relate to physical volume of business, industrial production, carloadings, electric power production, employment and prices. Here is the record in each case:

	PERCENTAGE INCREASE	
	During Past Year*	Since Low Point of Depression February 1933
Physical volume of business...	13.8%	42.8%
Industrial Production.....	15.7%	56.9%
Carloadings.....	10.3%	29.4%
Electric Power Production....	12.4%	32.7%
Employment.....	14.7%	17.1%
Wholesale Prices.....	4.0%	13.7%
Farm Products Prices.....	7.7%	43.3%

*In the case of carloadings, employment and prices, the latest figures available are those for August; in other cases, those for July.

Our external trade figures are equally encouraging. During the first eight months of the present year, exports of Canadian products increased approximately $99,000,000, or 32.7% over the same period last year. The corresponding increase for imports has been slightly under $93,000,000, or 38.2%.

A Further Step

Anyone who reflects upon these three aspects of credit, economy and recovery will at once appreciate that the debt conversion programme is vitally important to every Canadian and that, consequently, the success of the 1934 Loan is the personal concern of every man and woman in the Dominion.

The 1934 Loan is a further step in a great national undertaking; its success means a further step on the road to recovery. I know that I need not stress the attractiveness of the Loan as the soundest possible investment, for that will be universally recognized. I do, however, earnestly call upon my fellow Canadians to support this Loan to the limit of their abilities as an opportunity to promote our national welfare. I know of no way in which the individual citizen can render greater service to himself and to his country.

R. B. Bennett
PRIME MINISTER OF CANADA

DOMINION OF CANADA 1934 REFUNDING LOAN

Gold Values Found In Premier Tailings

For fourteen years the mill at the Premier mine, Portland Canal district, has been dumping tailings in the flat below the mine, through which runs one of the mountain streams. These tailings are of considerable amount, and as they are carried from the mill by water the flat has been practically a huge settling basin. The constant flow of water through the years has gradually carried away the pulverixed rock to a large extent, and the gold content of the tailings, of which there is a certain amount in every mill, has settled.

It has been found that what remains of the tailings on the flat carry large gold values per ton. All that has to be done is to sack the concentrate and ship it to the smelter. So the Premier has found what is a high grade mine right at its door, with the ore mined and treated. The tonnage is considerable.—Western Canada Mining News.

Triangulation and photographic method of survey for the making of maps of mountainous territory was first developed as a practical science in Canada.

She—What will men wear this spring?

Husband—The clothes they bought in 1928.

Schoolmaster—This makes the fifth time I have punished you this week. What have you to say?

Bobby—I am glad it's Friday, sir

The Minerals of British Columbia

This Province offers excellent opportunities for useful and profitable investment. British Columbia has produced OVER $1,352,000,000 WORTH OF MINERALS.

The gross value of mineral production for the six months ended June 30th. 1934, exclusive of gold premium, is estimated at $18,667,691.00, an increase of 50.5 per cent. over the estimated value of the production in the corresponding six-month period of 1933.

GOLD PRODUCTION: Gold production showed a decided increase; a total return in Canadian funds to the gold producers of British Columbia during the first six months for 1934 being approximately $5,028,124.00, an increase of 81.3 per cent. over the return in Canadian funds received during the first half of 1933.

"...YOU NEED NEVER RUN SHORT of MILK"

● Polite friends take their coffee clear—when they know you're short of milk! But why get caught when it is so easy to have a plentiful supply of fresh milk—and inexpensive too—with St. Charles?

Takes the place of cream in tea and coffee—and does it surprisingly well! Puts delicious flavor in cool summer puddings, salad dressings and all food requiring rich milk or cream.

And when you go away to the cottage, or for a picnic, take St. Charles. It keeps perfectly without ice in the unopened tin—a pure, safe supply of milk ready at a moment's notice.

Your grocer has St. Charles Milk. Look for the tin with the GOLD COW label.

Basketball Season Commenced On Monday

Continued from page 1

the Trojans' line-up once more and Kulai and Gillis working smoothly in the Vandal five, the game was one to be remembered.

Joe Gillis will probably be remembered as the hard working centre with the C. N. R. team from Rupert. Joe says the Calderoni brothers and Co. are fast company to work with. That he can put up an equally fast show was amply proven last Monday night.

Kulai, who hails from Nanaimo, handles himself very cleverly and had the Trojans wondering where he popped from, until he got the order to the showers in the second half. Kulai, working smoothly with Tony and Freddy Calderoni and big Joe Gillis in centre is a combination we would be willing to bet on. The Trojans put up a real fight as the 22-23 score will prove. Arne who played in the Trojan forward line was very effective. It is significant that the Trojans began to slip when he was relegated to the Vandals: Kulai, 6, F. Calderoni 6, T. Calderoni 10, Sanderson, Gillis 1, Gourlay—23.

Trojans: Shields, Gordon, Arne 3, Gillies 6, McDonald 12, Dodsworth 1, Dresser—22.

A. C. L. Carnival Promises To Be a Big Night

The big A. C. L. Carnival which will be held at the Gymnasium on Monday evening next, promises to provide a large amount of fun. Preparations have been made to handle a large crowd. The Carnival will be open from 8 to 11 p.m. following which a dance will be held until 2 a.m.

British Columbia leads Canada's provinces in per capita value of metals, with $34.13. This is made up of gold, $9.60; lead, $9.07; zinc, $7.15; copper, $4.56; silver, $3.75. Ontario's per capita value is $26.73.

Plows Up High Grade Ore At Cranbrook

News comes from Cranbrook of an opportunity missed by a farmer who evidently lacked imagination. Plowing in one of his fields he turned over pieces of rock in past years and this year did the same thing. He told his neighbours that it looked mineralized, and sure enough it was quattz which came close to the surface. Some of the neighbours promptly staked claims. The farmer still follows the plow—but in another field.

Religion is not a life preserver to put on in an emergency.

Better by far you should forget and smile, than you should remember and be sad.—Christina Rossetti

DOMINION OF CANADA

1934 REFUNDING LOAN

The Minister of Finance offers for public subscription

Two-year 2% Bonds, due 15th October, 1936
Issue price: 98.90 and accrued interest, yielding 2·57% to maturity.

Five-year 2½% Bonds due 15th October, 1939
Issue price: 98.15 and accrued interest, yielding 2·90% to maturity.

Eight-year 3% Bonds, due 15th October, 1942
Issue price: 97.00 and accrued interest, yielding 3·43% to maturity.

Fifteen-year 3½% Bonds, due 15th October, 1949
Issue price: 96.50 and accrued interest, yielding 3·81% to maturity.

Principal payable without charge in lawful money of Canada at the Head Office of the Bank of Canada, Ottawa, or at any of its branches in Canada.

Interest payable half-yearly, 15th April and 15th October, in lawful money of Canada, without charge, at any branch in Canada of any chartered bank.

Denominations

Two-year Bonds, $1,000
Five-year Bonds, $500 and $1,000
Eight-year Bonds, $500 and $1,000
Fifteen-year Bonds, $100, $500 and $1,000

Cash Subscriptions

All cash subscriptions will be subject to allotment. Following the announcement of the plan of allotment, payment in full for the bonds allotted must be made promptly against delivery of interim certificates, which will be effected on or about 15th October.

Refunding Subscriptions

Holders of Victory Loan 5½% Bonds due 1st November, 1934, *after detaching and retaining the coupon due 1st November next,* may, for the period during which the subscription lists are open, tender their bonds in lieu of cash on subscriptions for a like par value of bonds in one or more maturities of the new issue and receive allotment in full with prompt delivery. The surrender value of the Victory 5½% Bonds will be as follows:

100% of their par value on subscriptions for the Two-year 2% Bonds and the Five-year 2½% Bonds.

100⅛% of their par value on subscriptions for the Eight-year 3% Bonds if effected on or before 6th October, and 100% of their par value after that date.

100¼% of their par value on subscriptions for the Fifteen-year 3½% Bonds if effected on or before 6th October, and 100% of their par value after that date.

Holders will receive in cash the difference between the surrender value of their Victory Bonds and the cost of the bonds of the new issue.

The amount of this Loan is limited to $250,000,000.

The Loan is authorized under Act of the Parliament of Canada, and both principal and interest are a charge on the Consolidated Revenue Fund of Canada.

The proceeds of this Loan will retire $222,216,850 Dominion of Canada 5½% Bonds maturing 1st November, 1934. The balance will be used for the general purposes of the Government, including the redemption of short-term Treasury Bills.

Subscriptions will be received and receipts issued by any branch in Canada of any Chartered Bank and by Recognized Dealers, from whom may be obtained application forms and copies of the official prospectus containing complete details of the Loan. Applications will not be valid on forms other than those printed by the King's Printer.

The subscription lists will open 1st October, 1934, and will close on or before 13th October, 1934, with or without notice, at the discretion of the Minister of Finance.

1935 ALL-WAVE :: :: RADIOS A SENSATION

During the past year Radio Engineers have improved short wave reception to such an extent that reception is near perfect. Allow us to demonstrate this new thrill of Foreign Broadcast in your own home or at our Headquarters in the Elks' Club any evening after Seven P.M. The New General Electric All-Wave Mantel Model at the new low price of $65.50 will surprise you at its brilliant reception and marvellous tone.
