Annual Report of Granby Co. Shows Improvement

The annual report of the Granby Consolidated Mining, Smelting and Power Co. shows that the operations of the company for the year ended December 31st. 1926 has been more favorable than for a number of years, and the financial returns show an improvement, despite the fact that the company did not receive as high an average price for copper as it did in 1925.

Col. J. T. Crabbs; president of the company, reports for the Directors in part as follows:

"Net current assets of $2,369,-189.87 at December 1925, were increased during 1926 to $3,607,724-.61. Of this latter amount, $1,308,-957.32 was in cash and $1,510,039-.24 in the form of finished or partially finished metals, conservativela inventoried and available for quick conversion into cash if so required.

"After payment of bond interest net earnings aggregated $1,871,-911.19. This is equivalent to $5.41 per share of stock outstanding at the end of the year, compared with earnings of $3.21 per share for the preceding year. Earnings for 1926 have been applied to improving current assets position, to the cost of new construction and to the retirement of $152,500 (face value) of the company's 6 per cent. First Mortgage bonds.

"At the Allenby plant no new construction occurred during the year. At Anyox, provision was made for additions to the concentrating and sintering plants. Both of these projects have been completed and conclude major construction contemplated at this property. The Anyox concentrator now has a capacity of 2,750 tons of ore per day, and, with the additional sintering facilities provided we have become independent of outside smelters for the treatment of concentrates, which hereafter will be smelted at Anyox, at an appreciable saving in cost. Allenby concentrates are being treated at the Trail plant of the Consolidated Mining and Smelting Company of Canada Ltd.

"Under the supervision of your management, the properties of the Allenby Copper Company, Limited (N. P. L.) have been operated throughout the year, attaining a capacity of 2,300 tons of ore per day. For a new operation, mill results were reasonably satisfactory but improvement is possible through better balancing of the grinding department. To accomplish this either two or three additionall ball mills will be provided. At the mine crushing facilities will be somewhat increased and a sorting belt will be installed for removal of mine waste before shipment of ore to the mill. Other than these, no expenditures of moment are contemplated.

"During the year, we have followed our customary conservative policy in respect of development and diamond drilling and have thereby added to high-grade ore reserves 1,401,020 tons of new ore. High grade ore extracted and treated aggregated 1,720,508 tons, but by reason of new ore drilled in net exhaustion of reserves amounted to but 319,488 tons. Diamond drilling at Bonanza added some additional ore of good grade, but no tonnage of this mine has been carried into reserves, as the orebody has not yet been delimited.

"On December 1, 1926, following action taken by the shareholders, Allenby Copper Company, Limited (N. P. L.) was merged with Granby This consolidation will simplify administration and accounting, provide a more compact organization and make for economy in operation.

"Since the first of the current year, further reduction has been made in the bonded indebtedness of the company by the amount of $300,500 face value of the 6 per cent. First Mortage bonds and by the conversion into stock of $41,200 face value of the 7 per cent Debenture Bonds. At date hereof (March 21st. 1927,) outstanding 6 per cent. First Mortgage Bonds aggregate $900,400, and 7 per cent Debentures $2,428,000."

Mr. Charles Bocking, Vice-president and general manager, in charge of the operations of the company at both the Anyox plant on Observatory Inlet and the Allenby plant near Princeton, shows some startling improvements in costs. Last year the Allenby plant operated for the full year, producing 18,001,637 pounds of copper. The Anyox output increased 627,000 pounds to 38,252,614 and the two plants combined 56,-254.251 pounds of copper, a truly substantial result. Mr. Bocking's report is as follows:

	Anyox Plant		Allenby Plant	
	1926	1925	1926	4 mos.
Copper sold, lbs,	37,799,920	39,510,013	16,126,329	.....
Copper produced, lbs.	38,252,614	37,625,733	18,001,637	3,464,891
Silver produced, ozs.	353,400	335,104	146,211	20,472
Gold produced, ozs.	7,015	7,098	4,019	242
*Copper costs, f.o.b refinery	8.503	10.529	11.664	15.018
*Copper sales prices	13.907	14.164	13.477	.....

*Cents per pound. Copper costs are exclusive of bond interest, depreciation and depletion, but include the customary credits for precious metals and miscellaneous income. Copper sales prices are net after payment of delivery charges refinery to market.

PUBLIC APOLOGY

WHEREAS on or about the 7th. day of February, 1927, at Anyox, B. C. I repeated certain slanderous statements of and concerning Mrs. Grace Clari Mattix, of Anyox, B. C., I, the undersigned. hereby admit that all such statements were made by me without any justification or foundation and I hereby publicly apologise to her for making them.

Dated at Anyox, B. C. this 22nd. day of April, A.D. 1927.

R. H. HENDERSON.

Although the snow is slower in disappearing this year it is gratifying to know that a speeder of the Toric Mines Co. Ltd. was able to get as far as the foot of the five per cent. grade on the Dolly Varden Railway on Thursday. The management anticipate that they will be able to penetrate as far as the end of the steel, an additional four miles, when the hauling of the mill machinery will commence.

A. C. L. Entertains the Children of Anyox on May 24th.

The Anyox Community League were hosts to the children of Anyox on Empire Day, at the Ball Park, when a large programme of sports was carried out. The children were supplied with an abundance of good things to eat and drink, including ice cream and candy, and other appetising morsels. It was a day or brilliant sunshine and a happy time was spent by the juveniles.

Great credit is due the officers and secretary of the League for the excellent arrangements made and also those who helped towards the childrens' enjoyment, which are as follows: F. M. Kelley (secretary) J. Mitchell, J. Thorsteisson, H. Armstrong, S. Grimason, C. Beaulieu, O. G. Macintyre, R. O. Cutler, W. Selwood, D. Wilson, W. Gibb, J. Wilson.

Following is a list of prize winners:

1. Girls under 4 years, 1 Ethel Card; 2 Margaret Ingram.
2. Boys under 4 years, 1 Ralph Armstrong; 2 Monty McIntyre.
3. Girls under 8 years, 1 Esther Robertson, 2 Bessie Barclay.
4. Boys under 8 years, 1 Eddie Griffith; 2 Billy Dunn.
5. Girls under 11 years. 1 May Barclay; Kathleen Chambers.
6. Boys under 11 years, 1 Harold Hott; 2 Thomas Scott.
7. Girls under 13 years, 1 Faith Cameron; 2 May Barclay.
8. Boys under 13 years, 1 Sidney Armstrong; 2 Maxwell Patrick.
9. Girls under 16 years, 1 Mildred Dresser; 2 Margaret Mariott.
10. Boys under 16 years, 1 Henry Deeth; 2 Stuart Barclay.
11. Sack Race, girls, 1 Mildred Dresser: 2 Margaret Mariott.
12. Sack race, boys, 1 Henry Deeth 2 Stewart Barclay.
13. Three-legged race, boys, 1 Clarence Dresser and W. Cloke; 2 Henry Deeth and Walter Johnson.
14. Thread the needle race, girls and boys, 1 Winifred Cameron and Henry Deeth; 2 Lillian Dresser and William Cloke.
15. Potato race, girls, 1 and 2 the Misses Dresser.
16. Potato race, boys, 1 William Cloke: 2 Stuart Barclay.
17. Consolation race, girls, 1 Bessie Barclay; 2 Margaret Shelton.
18. Shoe race, boys, 1 Ellis Patton; 2 Sidney Armstrong.
19. Girls' standing jump, 1 Lillian Dresser 6ft. 7in. 2 Margaret Mariott 6ft. 5in.

Boys' Standing Jump, 1 Henry Deeth 7ft. 7 1-2ins., 2 William Cloke 7ft. 3ins.

21. Girls' running jump, 1 Margaret Mariott 11ft. 10 1-2ins., 2 Agnes Kruzick, 11ft. 5 1-2ins.
22. Boys' running jump, 1 Jack Barclay 13ft. 9in., 2 Henry Deeth 12ft. 10in.
23. Kicking football, girls, 1 May Dermody; 2 Audrey McMillan.
24. Throwing baseball, girls, 1 Margaret Mariott; 2 May Dermody.
25. Football game, High School vs. Public School. Won by Public School one goal to nothing.

Prespector's Serious Loss

A serious misfortune befell Pete Anderson during the week, when his cabin on Clearwater Creek burned to the ground, He was engaged in driving a tunnel on the Columbia group. He went to work as usual and when he returned the cabin and whole contents had been destroyed. He lost all his belongings including $40.00 in money and valuable papers. Pete is an aged prospector who has mined over the whole north, including the Yukon. A collection has been taken up by his friends, in an effort to alleviate his anxiety.

Big Gathering Celebrate May 24th. at Alice Arm

Empire Day was celebrated in Alice Arm quite as elaborately as on previous occasions, and enjoyment was provided for everyone including the tiny tots who took part in the races.

The town was filled with Anyox visitors, many of whom arrived the previous evening, while others came over on Tuesday morning. The Anyox Lodge Loyal Order of Moose were instrumental in bringing over a large number of members accompanied by their wives and lady friends. The celebrated Moose orchestra was also included in the party,

The festivities commenced on Monday evening, when a dance was held, which commenced shortly after nine and continued without an intermission until 2.30 a.m.

Everyone was full of good spirits and the happy holiday throng enjoyed every minute of the evening dancing to the delightful strains of the Moose Orchestra, who were tireless in their efforts to give everyone a pleasant time.

The brilliant sunshine of the following morning tempted even the latest revellers from their comfortable beds and the morning was spent in exploring the beautiful scenery and greenery of the town and neighborhood.

During the afternoon races were held for the children on the Ball Grounds. Many of the contests were close and everyone received a prize.

Following is a list of the prize winners:

Boys and girls, 4 years and under 1 Jackie Anderson. 2 Edith Anderson,

Boys and girls, 6 years and under, 1 Hilda Moss; 2 Helen Anderson.

Girls 8 years and under, 1 Peggy Anderson; 2 Marguerite Moss.

Boys 8 years and under, 1 Jerry O'Connor, 2 Bobby Beaudin.

Girls 10 years and under, 1 Lillian Moss; 2 Ellen Anderson.

Girls 12 years and under, 1 Kathleen Bruggy; 2 Lillian Moss.

Boys 12 years and under, 1 Gordon Anderson; 2 Barney McGuire.

Girls, open, Handicap, 1 Marguerite Moss; 2 Irene Bruggy.

Boys, open, 1 Bobby O'Connor; 2 Bobby Beaudin.

Following the races a baseball game was played between an All Star General Store team of Anyox and the pick of Alice Arm's hickory swingers. It was a disastrous day for the till punchers, who lost by a score of 11-5.

The game was never in doubt. Alice Arm obtained a lead at the beginning which they steadily increased. Various causes were given for the visitors' collapse. "The spirit was willing but the flesh was weak."

The teams were: Chris Cane, and McLellan pitchers; Chinoski, catcher; Denning, Hutchings, McMillan, Teabo, McColl, Hill.

Alice Arm: DeGruchy, pitcher; Bruggy, catcher; T. W. Falconer, Foster, M. Smith, Crompton, G. Smith, Trinder, Yorke.

Work Commences on Trails, Bridges and Wing Dam

Work of extending the trail on the North-East fork of the Kitsault River and the construction of two bridges for pack horses was commenced this week, with a crew of seven men.

This work is being done by the Kitsault-Eagle Silver Mines Ltd. who will be refunded by the government for expense entailed. Alex. McDonald is in charge of bridge construction and road work.

This work will greatly facilitate transportation to the LeRoy and Silver Cord properties, which are being developed by the Kitsault-Eagle Silver Mines Ltd. and it is expected that the work will be completed so that supplies and machinery can be shipped in without loss of time.

Five men were put to work this week improving the trail to the Keystone mine on Roundy Creek, so that supplies to the mine can be handled more economically. The Keystone Co. intend to commence operations as soon as snow is off the ground at the mine, and the trail improved.

The extension of the wing dam above the town of Alice Arm will commence at once. The big wall will be extended at least 300 feet and very probably 400 feet. A crew of 9 or 10 men will be employed.

This extension will completely safeguard the town from any danger of high water, and its completion will eliminate the annual fall panic of Alice Arm residents.

ANYOX NOTES

You can't afford to put off ordering your new suit any longer. See Stan. Ballard, Anyox Tailor Shop.

Mr. and Mrs. Ross Pedvin, old residents of the camp, left on Thursday for Minnesota. Mr. Pedvin has been on the clerical staff of the Granby Co. for the past twelve years. A host of friends were at the boat to bid them farewell.

Mrs. Bell, who has paid an extended visit to her daughter, Mrs. H. Kirk, returned to Vancouver on Thursday.

The El Dora, a Cigar that has been in demand for years on account of its quality.

The death occurred at the Anyox Hospital on Saturday, of D. Saveliff. Deceased was 28 years of age and leaves to mourn his loss his father, who resides at Cloverdale.

The funeral was held on Wednesday afternoon, and the body was interred in the cemetery.

It has been found necessary to omit several news items this week through lack of space. These will appear in next week's issue.

Basic industries are expanding, employment is increasing and there is continued confidence in good business. Resistance to price advances is recognized as widespread and in consequence the prospect of any prolonged rise in the general price level is daily growing more remote, Stiff competition and stable prices certainly offer no promise of easy profits but the situation at last seems to be one in which moderate forward commitments can be made with fair assurance, a condition which has not prevailed heretofore since the world war. The spirit of artificial optimism so much in evidence a few weeks ago has been largely eliminated and the outlook today is satisfactory for all except those whose idea of good business is the promise of speculative profits.

There is nothing that calls attention and draws people to a town equal to a good newspaper. In order for a man to make a good newspaper it is necessary to have the patronage of the people among whom he lives. If he has half way support it stands to reason that he must make a poorer newspaper, and in doing this every man in the town and surrounding country has to bear a portion of the loss. For this reason, if no other, the man who tries to make a good newspaper, should have the support of his own people, all of whom reap fully as much benefit from its efforts as he does himself.

Happiness I have discovered is nearly always a rebound from hard work. Happiness loves to see men at work. She loves self sacrifice. She will be found not in palaces, but lurking in corn fields and factories and hovering over littered desks. She crowns the unconscious head of the busy child. If you look up suddenly from hard work you will see her, but if you look too long she fades sorrowfully away.

"That's a new one on me," said the monkey as he scratched his back.

Annual Report Granby Co. Shows Great Improvement

Continued from Page 1

"Property.—At the Anyox plant, no additional property was acquired during the year. At the Allenby plant, 117 acres of surface rights were purchased to provide for mill tailings disposal.

"Construction.—This consisted of enlargement of Anyox mill to a capacity of 2,750 tons of ore per day and additions to sintering plant. No construction was undertaken at Allenby.

"Mining Development: Anyox, drifting and raising, 4,290 feet; diamond drilling, 6,422 feet; ore mined 1,254,748 tons. Allenby: drifting and raising, 3,504 feet; diamond drilling, 6,006 feet; ore mined, 665,508 tons.

"The entire tonnage of Allenby ore came from the Copper Mountain mine. Of the Anyox ore. 10,460 tons came from Golskeish quartz mine, 32,669 tons from Outsider, and 1,211,619 tons from Hidden Creek. Of this latter amount 156,619 tons were low grade ore, not carried in Hidden Creek reserves, which were therefore depleted to the extent of 1,055,000 tons.

"Ore reserves.—As a result of development and diamond drilling, 1,401,020 tons of new ore were added to high grade reserves, which, at the close of the year, stood at 14,097,753 tons for Hidden Creek and Copper Mountain Mines. Some diamond drilling was done

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

BRITISH COLUMBIA
The Mineral Province of Western Canada
Has produced Minerals as follows: Placer Gold, $77,663,045; Lode Gold, $122,808,459; Silver, $74,111,397; Lead, $89,218,907; Copper, $197,642,647; Zinc, $39,925,947; Miscellaneous Minerals, $1,594,387 Coal and Coke, $273,048,953; Building Stone, Brick, Cement, etc., $44,905,886; making its mineral production to the end of 1925, show an
Aggregate Value of $920,919,628
The sudstantial progress of the Mining industry of this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years-1906-1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; 1921, $28,066,641; for the year 1922, $35,158,843; for 1923, $41,304,320; for 1924, $48,704,604, and for 1925, $61,492,242.
Production Last Ten Years, $404,649,375
Lode mining has only been in progress for about 25 years, and only about one-half of the Province has been even prospected; 200,000 square miles of unexplored mineral bearing land are open for prospecting.
The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.
Mineral locations are granted to discoverers for nominal fees.
Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.
Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B. C. Reports covering each of the six mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.
Full information, together with Mining Reports and Maps, may be obtained gratis by addressing
THE HON. THE MINISTER OF MINES,
VICTORIA, British Columbia

Annual Report Granby Co. Shows Great Improvement

Continued from Page 2

at the Bonanza mine, but as this ore body has not been delimited, inclusion of its tonnage in reserves will be deferred for the time being.

"Exploration.—Examination has been made of a number of outside properties, but none has proven of commercial interest.

Ore milled at Anyox amounted to 602,015 tons, which yielded 52 840 tons of concentrates.

The amount of ore smelted in the Anyox furnaces amounted to 699, 003 tons. Three furnaces were in operation up to and including the month of May, and two furnaces for the remainder of the year.

The Anyox Coke Plant produced 45,750 tons of coke, 751,832 cu, ft. of gas, 376,808 imperial gallons of tar, 273,300 pounds of ammonia. 52,368 imperial gallons of motor fuel, and 16,000 pounds of Napthalene.

The production of coal at the Cassidy Colliery amounted to 137,-233 tons, of which 45,000 were consumed by the company and the remainder sold.

The operating results show that the company received in gross revenue from operations $8,718,232, with operating costs of $6,337,521, leaving gross profits from operations of $2,380,711. Insurance, taxes, administrative expenses, etc. took $379,246, leaving $2.001,464. Dividends from investments totalled $121,796, making a gross profit of $2,123,260. Deducting interest on bonds of $251,349, there was a net profit, before depreciation and depletion of $1,871,911. The reserves set up by the Board, but involving no cash outlay, were depreciation $1,337,021, and depletion $1,062,662, totalling $2,399, 684, giving a deficit for the year of $527,772, and an accumulated deficit of $3,173,051,

The balance sheet shows assets and liabilities of $24,383,185. Current assets, made up of inventories, accounts receivable and cash on hand and at call totalled $4,260,310 Mines, minerals and timber lands, less allowance for depletion, stand at $6,338,298. Real estate, buildings, plant and equipment, less depreciation, stand at $9,608,116. Other items in the assets are shares in other companies, $579,056; deferred and prepaid charges, $424,-353, and deficit, $3,173.051.

On the liability side, current liabilities stand at $652,585, made up of accounts and wages payable and interest accrued on bonds. The bonded indebtedness totalled $3,670, 100, and the capital stock outstanding was $20,060,500.

Excavations on Manhattan Island of Huge Proportions

Thirty one billion cubic feet of earth and rock, enough to have reduced the surface over the entire twenty two square mile area of Manhattan below sea level from the Battery north to Columbus Circle, has been cut, blasted and drilled from the Island since excavation first began for buildings, subways and public service conduits. Excavation operations will entail this year an expenditure of $150,-000,000 or more than six million times as much as Peter Minuel paid for the whole Island 300 years ago.

Canadian National European Tours

A maximum of travel through particularly interesting countries at a minimum of expense is provided in the Canadian National Educational Tours this summer through Scotland, England, France, Belgium, Switzerland and Italy.

Two tours have been arranged and sailing will be made from Montreal, July 8th, on the S. S. "Andania", direct to Glasgow. Very careful attention has been given to itineraries involved.

Tour No. 1 is a 37-day trip on sea and land, visiting important cities in Scotland, England, France, Belgium, Switzerland. All expenses, $372.50, Montreal to Great Britain and the Continent and return to Montreal.

Tour No. 2 is a 51-day trip on sea and land, visiting in Scotland, England, France, Belgium, Switzerland and Italy. All expenses, $501.00, Montreal to Great Britain and the Continent and return to Montreal.

There will be low excursion fares to the seaboard from points in British Colnmbia.

These tours will be personally conducted from Western Canada, and while overseas will be under the direct care and supervision of thoroughly responsible and reliable organization, fully qualified in every particular to successfully look after the interests of our patrons.

The sight-seeing programme is very complete and generous. Motor coaches and automobiles are freely used. All sight-seeing is well planned to save unnecessary fatigue and to see the worth while places within the time at our disposal. Competent lectures will reveal to our patrons the outstanding features, literary, historic, artistic, or scenic of the Old World centres visited.

Steam Ship Princess Adelaide, from 4 p.m. to 8 p.m. on Thursday the 23rd. of June. and will be pleased to discuss hydraulic power problems.

Awards to Pupils for Essay Competitions

The prize Essay Competition held under the auspices of the Anyox Parent-Teacher Association in connection with the world Good Will Day Movement was completed last Wednesday afternoon, in the Recreation Hall, May 18th. Here the contestants were awarded the final values for the oratorical effects of their compositions. It was made the occasion for a public meeting and many profited thereby as there was a representative attendance of parents and students.

The judges who gave of their time so generously in making the coveted rewards, were: Mrs. R. O. Cutler, Dr. Learoyd and Mr. Frank Kelley. All spoke most favorable of the material presented, which was marked upon the following basis: Matter 40 points, style 30, Elocution 30, for the High School students. In the Public School grades the allocation was drawing 20 points, Matter 30 style 20, Elocution 30. The judges for the Elocution were Rev. J. S. Brayfield and Mr. Hartley for the High School, and for the Public School Mr. Manzer substituted for Mr. Hartley.

For the lower grades the subject was the Canadian flag and accompanying the essay a drawing of the Union Jack. In the High School both divisions outlined affirmatively or negatively points concerning the year's progress towards world peace.

The list of prize winners is as follows:

Grade VI. 1 Patricia Loudon; 2 Maxwell Patrick.

Grade VII. 1 Bruce Loudon; 2 Lillian Dresser.

Grade VIII. 1 Margaret Marriot, 2 Margaret O'Neill. Special prize for merit, Faith Cameron.

HIGH SCHOOL

Div. I. 1 Olive Selfe; 2 Annie McLachlan.

Div. II. 1 Jean MacDonald; 2 Ernest Brown. Special prize Wm. Cloke.

The prizes will be presented at a meeting of the Parent-Teacher Association upon June 2nd. if all the prizes are on hand at that time. On this date an exhibition of work is being held at the Public School which will show the parents what is being done by teachers and pupils alike.

Alice Arm Lots
Now is the Time to Buy

Alice Arm will very soon become a mining town of considerable importance. The mining industry is undoubtedly on the eve of big developments, which means a big payroll and a much larger town. Increased activity will result in placing good residential and business lots at a premium. At the present lots can be secured at attractive prices and on easy terms

BUSINESS LOTS FROM $200 TO $500
RESIDENTIAL LOTS FROM $200 TO $300

Terms made to suit buyers. See Stephen Dumas, our agent, and build where you don't have to move.

S. DUMAS
Agent for the Alice Arm Mining & Development Co
