Alice Arm Holds Weekly Debate

The weekly debate of the Alice Arm Debating Society was held in the Coliseum, on Tuesday evening, when a record number of persons attended.

A short business meeting was held previous to the debate, and at it's conclusion the debate was proceeded with.

The subject for the evening was: "Resolved that the people of the world are getting worse, mentally, morally and physically." Those speaking for the affirmative were: Miss Nettie Hogburg, J. Anderson, C. P. Riel. Negative speakers were: Miss Zorka Sutilovich, M. Petersen A. D. Yorke.

Miss Sutilovich opened the debate. She said: The world is up-side-down. It has been fermenting for 2,500 years but is now settling down and will be better. People are now more intellectual than they ever were, and a people of intelligence are a people of good morals.

Miss Hogburg, who was the first speaker for the affirmative side, said in the course of her remarks, that the ancients knew a lot of things that the moderns did not know. People in years gone by were physically superior to people of today. No dope fiends and divorces in the days of our grand-parents.

M. Petersen said: everything is improving, sanitation is better. The ancients did not possess the mentality to build railroads, machinery, etc. Surgery is improving in a wonderful manner. He then took the audience on a round-the-world trip of 200 years ago, in order to show the great improvements wrought since that time.

J. Anderson in order to show that the people are not improving said. If a man is not right morally, he is below the standard mentally and physically. The morality of the people is very low. The number of divorces are a scandal, and so is the low birthrate.

A. D. Yorke, whose fifteen minutes were gone before he got fairly started said: our knowledge of hygine is greater, infant mortality is smaller. Modern people understand how to utilize the proper foods. Strict inspection of all foods are made, and physical endurance is as good as in days gone by, as explorers have proved.

C. P. Riel who was the last speaker for the affirmative, said: The big families of olden days are gone, and so are the rugged men and women, Our mode of living is all wrong. Doctors were not needed in days gone by, but we are now a nation of invalids. Our mentality is not improving, or why are our insane asylums overflowing. The late war also proved that our mentality has not improved.

Miss Sutilovich followed with a rebuttal of five minutes, in which she extensively criticized the remarks of her opponents, and thus ended a very interesting debate.

On the vote being taken those speaking for the affirmative were declared the winners, the vote being: worse 27, better 23.

The subject was an excellent one for debating purposes. A large crowd was present, and the speakers were in good form. Nearly all the speakers spoke for the full fifteen minutes allowed, and several were disappointed when time was called on them by the Chairman.

Anyox Skating Rink

The work of making a skating at Anyox, by the Community League, is well under way. The rink is located on the flats, near the children's playground, and measures 70ft. by 120ft., which will provide a sheet of ice giving lots of room for everyone. The rink is ideally situated, being close to the centre of the most thickly populated part of the town.

The rink is just about ready for the skating fraternity to get out and stretch a leg, and with a continuation of the present cold weather a large number of people will undoubtedly avail themselves of the opportunity to indulge in the king of winter sports during the coming week.

Skating has already commenced on the rink at the mine, and it is now up to the hockey players of the town to draw up a programme of hockey games for the coming season.

Man Killed and 4 Injured at Premier Mine

Coroner J. Conway and Dr. P. Whelan, of Anyox, made a hurried trip to Stewart, during the week, in connection with an accident, which took place at the Premier mine, when Carl Booy, an Austrian lost his life, and four others severely injured, when several boxes of powder exploded in the underground workings.

Coroner J. Conway, held an investigation, but no light could be thrown on the subject, as the only person near the powder was killed outright, and so severe was the explosion that no part of the body could be found.

On the return journey from the Premier mine the sleigh containing J. Conway and Dr. Whelan, did a little hurdling on the side hill, throwing the Doctor out and giving him a lone slide down the hill. He climbed back up none the worse for his experience.

Weekly Meeting of Anyox Community League Council

The regular weekly meeting of the Community League Council was held in the Recreation Hall on Wednesday evening, December 6th. Present: President Furguson, Sec-Treas. Lowry, Councillors Mrs. McKay, Messrs. Rowley, Seidelman, Noel and Sherman.

On the reading of the minutes of the preceding meeting it was moved by Mr. Rowley and seconded by Mr. Sherman that they be adopted as read. This was carried.

The Secretary reported as follows: That Mr. Harper, a qualified teacher of piano, violin and voice, had arrived in Anyox on Thursday last and had met the committee the same morning, and that the chances of Mr. Harper located in Anyox are good, and he would probably return after the first of the year. The proposal of the Finance Committee had been forwarded unofficially to the Mine Club, pending action by the Council. In the meantime a proposed amendment to Paragraph four of the Finance Committee's proposal to the Mine Club had been received. The Cribbage Tournament had started in the Rest Room on Monday evening and would be continued on Monday evening next. The preliminary work for the rink at the Flats way. The members of the Finance Committee with the Chairman of the Recreation were to meet on Thursday evening and discuss the gymnasium and it's equipment.

Mr. Rowley reported arrangement for flooding the surface of the ground at the Flats for the rink. A man has been detailed to commence the work on Wednesday night. Mr. Seidelman stated that he had made enquiries in connection with the basket-ball jerseys used last season and had been told that they were all left in the property room at Recreation Hall. He also told of trouble collecting the several base-ball uniforms which were still out. Mrs. McKay, in talking about the music teacher said that she hoped he would make up his mind to return and take up teaching, as everybody was very much impressed with Mr. Harper and his abilities.

A letter was read from H. Bromley Coleman, of Vancouver, stating that he represented a concert troupe of five, and wanted to know what guarantee the League would offer for a performance of his company in Anyox. The Council decided that no guarantee be made, and if Mr. Coleman decided to visit Anyox, the League would do business with him on a fifty-fifty basis.

A letter was read from the Mine Club, asking that clause four be amended, so as to give the Mine

Continued on page 3.

Alice Arm Skating Rink

The Alice Arm Skating Rink, will, in a day or two, be again ready for the knights of the silvery flashing blades. A large amount of work has been done by a number of enthusiasts during the week, and to whom great credit is due for their public spiritedness.

The dressing room roof has been repaired, and new stove pipe installed. The pipe line has been covered and a good pressure of water is now being obtained. Day and night shifts have been flooding the rink during the past few days, which owing to the porous nature of the ground, was no easy job, as a lot of water was soaked up in the gravel. A sheet of ice, however, now covers the entire rink, and it is only a matter of putting on more water to build up the ice. If the present cold weather continues for a few more days, skating will again be in full swing.

Fire at Alice Arm

The cabin of B. Jones was the scene of a small fire, on Sunday evening. The alarm was given by Gus. Anderson, who noticed smoke issuing from the roof. A large number of persons were quickly on the scene, and the "bucket brigade" quickly extinguished the fire before any great damage had been done. Mr. Jones had left the cabin a short time previously, and had left a lighted candle near the bed, and it is thought that the candle dropped on to the bed. Damage was done to the bed clothes and other articles and a hole burned in the roof.

Logging Camp Moves

The Trethewey logging camp, which was on a scow across the bay from Alice Arm, broke loose from her moorings, on Monday morning, when a stiff breeze was blowing, and started joy riding down the inlet towards Anyox. The Awake, however, interrupted the journey, and towed her back to the Dolly Varden wharf, later transferring her to her berth across the bay.

Next Week's Debate

The weekly debate will be held next Tuesday evening, at the Coliseum, at 8 p.m. The subject will be: "Resolved that navigation is more beneficial to the world than railroads." Speakers: navigation: Mrs. R. F. McGinnis, T. W. Falconer, J. M. Morrison. Railroads: Miss B. Crawford, H. Fowler, M. D. Ross.

Each speaker will be limited to five minutes. At the conclusion of the debate a Five-hundred Drive will be held, at which prizes will be given to the winners.

ANYOX NOTES

Union Church Services, Sunday, December 10. Sunday School 11 a.m. Evening Worship, 7.45 p.m. We extend a welcome to you.

Wm. D. Jenkins, left on Thursday, for holidays at Smithers.

W. L. Collins left for Vancouver on Thursday.

Harold Davis was a passenger south on Thursday, bound for San Francisco.

H. Braithwaite left for Vancouver on Thursday, on holidays.

Mrs. N. Fraser left on Thursday, to spend the winter in California. She will meet her daughter Fossie, at Vancouver, who will accompany her to Los Angeles.

Johnny Morgan was a passenger south on Thursday, bound for Vancouver.

Mrs. Geddes, who has been spending holidays at Anyox, left for the south, on Thursday.

Service in the Anglican Church, will be held at 7.30 instead of 7.45 on Sunday, on account of the Band Concert.

Maple Bay Cafe Changes

Geo. Jessop, has sold out at the Maple Bay Cafe. The new proprietor is Tom Gillespie, an old timer in Anyox and an experienced cook, whom will give satisfaction to the many customers of the Maple Bay.

The Cafe is now being painted and every thing is looking spic and span.

Anyox Card Tournament

The Anyox Community League Card Tournaments opened on Monday night in the Library.

Some good games took place, and a very pleasant time is in store for those who take part in the Tournaments. There is room for a few more players, and it is hoped that all the tables will be going full blast on next Monday evening.

Anyox Elks Hold Annual Memorial Service

The Anyox Elks, Lodge No. 47, on Sunday, December 3rd., paid tribute to their departed brothers, when the annual memorial service was held in the local Elks' Hall.

Chaplain the Rev. J. B. Gibson conducted the Service.

The Canadian Dollar.

The fact that the Canadian dollar is a fraction above par in the United States, is a source of great satisfaction to all Canadians. Several causes are to be found for the quick recovery of the Canadian dollar, from a discount of 17 cents on the dollar to the present happy stage. Canada was the first country at war that at the close of hostilities, settled down to real hard work, and the energy of the people, coupled with the absence of big labor troubles, very quickly produced results. Several other causes also contributed towards bringing the dollar back to par, chief of which was the bountiful crops of all kinds produced throughout the Dominion this year; also the large number of American tourists, who, it is estimated spent $100,000,000 in this country during the last year. What American money has came into the country via the bootlegger route no one knows, but it has been enormous, and has added materially to the wealth of the country. The big mines of northern Ontario and B. C. have also helped to bring the dollar back to par. The future of Canada is brighter than any country in the world, and with good sound common-sense government the population of Canada should nearly double itself before the census of 1931 are taken.

Home Work.

The recent school convention at Penticton touched on one particular subject which is about due for much practical consideration, and which should not be allowed to lapse, says a writer in an exchange. Continuing he says, the proportion of school work given to pupils to handle at home is out of all reason, and the only persons who seem to be ignorant on that point are the teachers themselves. In the course of my travels I hear a great many different opinions expressed on all sorts of subjects, but I have always found a striking unanimity amongst parents on the iniquity of excessive home work for their children. To what extent they voice their sentiments in the right quarters I am not able to say---probably they accept the situation under silent protest, as it were. But it should be represented to the teaching fraternity that the proper place for learning lessons is primarily the school---and not at home, and that some consideration should be shown in the adjustment of studies---Grand Forks Gazette.

The logging operations now being carried on at Alice Arm, will prove a boom to the camp during the coming winter, and very probably for a number of years to come. But let us not lose sight of the fact that Alice Arm is primarily a mining camp, and will be a mining camp long after the last log is made into paper. It is for everyone to work for the mining interests of the camp all the time. The logging operations are a nice little side line, and will benefit everyone more or less, but the timber wealth of the district is but a drop in the ocean compared with the mineral wealth.

Mobile to be Developed

A company known as the Mobile Mines, Limited, with a capitalization of $700,000, has been formed for the purpose of developing the Mobile group, a property of seven claims situated on the south fork of Glacier Creek, at an elevation of about 1000 feet above the old Portland Canal mine workings, and within eight miles of the trail of Stewart.

R. L. Clothier is engineer and manager of the company.

Consistent advertising gets the business.

Bond Taken on Stoner Group, at Stewart

H. B. Stoner arrived from Vancouver on the Prince Rupert, on Sunday, says the Portland Canal News, for the purpose of completing details in connection with a deal, whereby Messrs. Trites, Wood and Wilson have taken a bond on the Stoner group, which, owing to a change in plan, was recently released by the Federal Mining and Milling Company.

This property, consisting of 20 claims and fractions, is owned by H. B. Stoner, J. V. Clegg and P. J. O,Rouke, and is situated at an elevation of from about 1000 to 4000 feet, on the east side of the Salmon River, Alaska and immediately south of the international boundary, about 12 miles from tidewater. It is bounded on the west by the Virginia, now under bond to A. G. Larson, and on the south by the Daly Alaska and Alaska Premier properties.

The exact price paid for the property is not known, but a substantial cash payment has been

---

Inspection Invited

This startling advertisement recently appeared in a town newspaper:

"The ladies of the Plum Street church have discarded clothes of all kinds. Call at 44 North Plum Street and inspect them."

Anyox Community League Meeting

Continued from page 1.

Club, the entire control of the commercial activities at the Mine, now operated by the League.

Under the head of unfinshed business, and because of his notice of motion from the preceding meeting, Mr. Lowry moved that the proposal as outlined by the Finance Committee of the League in connection with recreation, etc., at the mine be forwarded to the Mine Club officially.

In connection with the unofficial suggestion of the Mine Club Committee, Mr. Rowley moved and Mr. Noel seconded that it be filed for the time being. This was carried.

There was some discussion regarding a gallery for the gymnasium, It was thought that if some seating arrangement could be carried out, especially at the rear end of the hall overlooking the floor, that it would cause considerable satisfaction as it would better enable spectators to see the different contests. The Christmas entertainment was also discussed to some extent.

Mr. Rowley suggested that the League accept the auspices of a proposed concert for the benefit of the Province Christmas Tree Fund. Mr. H. A. Berry is the promoter of this concert, and Mr. Rowley moved that the League get behind it. This was seconded by Mr. Sherman and carried.

Mr. Selfe reported that the new picture machine for the Mine Hall had been ordered and would arrive shortly.

Highgrading in Northern Ontario Mines

Highgrading on a large scale has been unearthed in northren Ontario mining circles of late, three distinct cases having been exposed and some thirteen men placed uuder arrest. In a case some time ago, a culprit who admitted the theft of $1,500 worth of silver was sentenced to thirty days in jail. More severe sentences, however, have recently been handed out.

According to informatiou gathered by the various mining companies, a systematic robbing of the mines by the men employed has been carried out. In one case, one of the employees made it a practice to steal 33 pounds of precipitates every night when on shift. These he hid away and a pal later transferred them to Toronto where they were melted down and the spoils divided.

Employees of the Dome were in the habit when high grade pockets were opened up, to slip chunks of this ore, running 50 per cent. pure gold into their pockets. This was sent to a pal at North Bay who disposed of it at Montreal.

At the McIntyre mine they were pouring gold and shortly after the moulds had been filled and long before the bricks were cold, a gold brick disappeared. A third of the brick was eventually found buried near Porcupine.

On the basis of 18 hours operation a day, automobiles killed two persons in the United States every hour in 1921, a total of more than 12,500 during the year.

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim

Records without permanent residence may be issued, provided applicant makes improvements to extent of $360 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrocative.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Anyox Catholic Club Hold Card Party

The Anyox Mens' Catholic Club, held a Card Drive and Dance, at the Catholic Hall, on Wednesday evening.

If numbers are any criterion, it was a decided success, for a very large number were present to give the Club a hearty send-off, this being the first event. of a public nature for the new Club.

Buy at Home

Buy your Christmas presents, whenever possible, in your home town. Visit the stores of our advertisers, and inspect their stock. You will probably be surprised at the number of articles suitable for Christmas presents and also the value to be obtained.

It is understood that Stewart has abandoned the idea of building a skating rink this winter.

ALICE ARM NOTES

Dan Grady left on Thursday, on a visit to Portland, Oregon.

Mrs. O. Gray arrived home on Monday, from Seattle, where she has spent the past few months.

J. Skoglund, who was injured some time ago at the Premier mine, and has since been in the Anyox Hospital, arrived in town on Tuesday, and is now completely recovered.

A public meeting will be held at the Anglican Church, this evening, at 8 p.m., for the purpose of discussing matters pertaining to the Skating Rink.

See Al Falconer for Wood or Coal

So far, we are experiencing an unusual winter. No snow has yet fallen in the district, the ground being as bare as in the month of July. Such a thing has never been known to happen since the white man came up the inlet.

The power saws are busy in the woods these days, chewing up the big logs into stove wood lengths.

The themometer is creeping down to the zero mark, but who cares how cold it is when a nice sheet of ice is forming on the skating rink.

Some good skating has been obtained across the Kitsault river during the week.

Albert Ferris, an old-timer of the camp, having worked here in 1915, arrived in town and intends to stay the winter.

Christmas Turkeys

Orders for Christmas Turkeys will be received at the Meat Market, Alice Arm, up to Monday morning, December 11. To ensure delivery, place your order.

Divine Service was held by the Rev. Rushbrook, at the Anglican Church, last Sunday evening, when a large congregation were present. Rev. Rushbrook arrived on Thursday, and left on Monday's boat. The mission boat Northern Cross, is being overhauled at Prince Rupert.

See Al. Falconer for Freight and Pack Horses.

Two dazzling eyes,
With baby stare,
A little smile,
And cute bobbed hair,
Two dancing feet,
A shoulder sway,
A silly laugh,
A vamping way.
A crowd of men,
A social swirl,
And there you are—
The modern girl.

Copper Manufacturing Plants in Canada

Although producing the bulk of copper mined in Canada, British Columbia has only three small plants manufacturing brass and copper articles, with an annual production of $57,314, as compared with 59 manufacturing plants in Canada, with an annual production value of $13,760,311. The bulk of the manufacturing plants are in Ontario and Quebec. Ontario has 39 plants, producing $6,774,066 worth of goods. Manitoba 3, producing $055,998; Quebec 12, $5,525,152; and New Brunswick 2, producing $477,780.

World's Gold Production

Eight hundred and seventy-five million fine ounces of gold, valued at $18,000,000,000 have been produced by the world since Columbus discovered America. About $8,000,000,000 are in circulation as money or in the banks and public treasuries of the world—$2,000,000,000 is in the United States treasury. The other $10,000,000,000 worth of gold has been used up in the industrial arts or has disappeared in the 43 years since the keeping of accurate gold statistics began.

He Knew Enough

Father—"Is the teacher satisfied with you?"

Tommie—"Oh, quite."

Father—"did he tell you so?"

Tommie—,,Yes; just the other day he said to me, "If all my scholars were like you, I would shut up my school this very day." That shows I know enough."

LAND ACT

PRINCE RUPERT LAND DISTRICT—DISTRICT OF CASSIAR.

TAKE notice that Miles Donald, Donald W. Cameron, and John M. Morrison, of Alice Arm, B. C., occupations, prospectors, intend to apply for permission to lease the following described lands:—

Commencing at a post planted at the south-west corner of the Kitzault Indian Reserve; thence southerly along the east boundary of Lot 1079, Cassiar District, to the south-east corner of Lot 1079; thence westerly along south boundary of 1079 to south-west corner; thence southerly to low water mark; thence easterly along low water mark to mouth of Kitzault River; thence northerly along west bank of Kitzault River to the south boundary of Kitzault Indian Reserve: thence westerly along south boundary of Kitzault Indian Reserve to point of commencement and containing 20 acres more or less.

MILES DONALD,
DONALD W. CAMERON,
JOHN M. MORRISON.

Dated November 6th., 1922.

Spender.—You could'nt let me have ten dollars till next week, could you?

Lender.—No, not until then, anyway,—Judge.

MINERAL ACT. FORM F.

CERTIFICATE OF IMPROVEMENTS

NOTICE

"Surprise" and "Uist" Mineral Claims, situate in the Naas River Mining Division of Cassiar District. Where located: on Kitsault River, Alice Arm.

TAKE NOTICE, that I, Clifton P. Riel, Free Miner's Certificate No. 47418-C, acting as agent for Angus McLeod, Free Miner's Certificate No. 41067-C, and Donald J. McVicar, Free Miner's Certificate No. 62066-C, intend, sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action, under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 25th. day of September, A.D. 1922.

MINERAL ACT

NOTICE

Whereas I, Walter Jones, co-owner and agent, with power of attorney for the co-owners of the Alice group of mineral claims, situated in the Portland Canal District of Alice Arm, B. C.

And whereas the said J. McIsaac has failed to contribute his proportion of expenditure required by Sections 48 and 51 of the Mineral Act, and his co-owners have made the expenditure:

NOW THIS IS TO GIVE NOTICE to said J. McIsaac, that if, at the expiration of ninety days from the first publication of this notice in the "Herald" a newspaper published and circulating in the Mining Division in which said claim is situated, the said J. McIsaac shall fail or refuse to contribute the sum of $80.00, his proportion of the expenditure required by said sections 48 and 51, together with all costs of advertising, his interest in the claim shall become vested in his said co-owners pro-rata, on complying with and in accordance with the provisions of Section 28 of the Mineral Act.

Dated this 2nd. day of December, 1922.

BRITISH COLUMBIA

The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, $76,177,403; Lode Gold, $105,557,977; Silver, $55,259,485; Lead, $48,330,575; Copper, $166,393,488; Zinc, $21,884,531; Coal and Coke, $225,409,505; Building Stone, Brick, Cement, $34,072,016; Miscellaneous Minerals, $1,210,639; making its mineral production to the end of 1921 show

An Aggregate Value of $734,259,619

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years, 1906-1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; for the year 1921, $28,066,641.

Production During last ten years, $336,562,897

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing
