Sunset Produces Spectacular High Grade Ore

The Keystone Mining, Co. who have a bond on the Sunset property on Roundy Creek, are now prepared for an active programme of development work. The trail from tidewater has been repaired and the construction of the camp is now practically completed. Thirty feet of tunnel work has already been driven. Mr. C. H. Ripley who is in charge of part of the work was in town during the week. He brought down thirty-five pounds of high grade ore among which was a magnificent specimen of silver ore, containing large quantities of native silver. The ore was shipped to the head office of the company at Seattle. Mr. Ripley is of the opinion that in the Sunset they have a property which will ultimately develop into a first-class shipping mine

The Sunset property comprises seven claims, and lie at an elevation of 2300 feet. It is only 1½ miles from tidewater in an air line. Should the property equal expectations, the cost of shipping ore would be very small.

Vincent Property Looks Promising

The Vincent property, which is situated six miles up the Kitsault valley is looking good under development work, states Mr. J. Peacock, the owner, who was in Alice Arm during the week.

During the summer. Jim has driven 140 feet of tunnel. Twenty two feet of this work was done in the upper tunnel, which is now 190 feet in length. A lower tunnel 68 feet in length was also driven, and the ore ledge was struck at a depth of 100 feet.

The ore consists of about nine inches of nice galena and zinc ore, and two feet of quartz carrying values, samples of which will be shortly assayed.

Jim is one of the type of prospectors, who, when they have acquired a promising property, do not believe in letting that property lie idle, but are going to dig and develop it, that is the spirit that makes mining camps, and eventually will put Alice Arm where it belongs

Prominent Mining Man Visits Alice Arm

Mr. Ridgeway R. Wilson arrived in Alice Arm on Monday, to make an examination of mining properties in the district, chiefly in the upper Kitsault country. He expects to leave for the south on Monday next. Mr. Wilson, was superintendent of the Granby Co's coal mine at Cassidy a few years ago. He is the son of Mr. Wilson, who is a large shareholder in the Premier mine at Stewart.

Anyox All Star Ball Play Alice Arm

After Game Fight Alice Arm Lose

On Sunday, the Anyox All Star baseball team made a trip to Alice Arm to try conclusions with the local nine. They came, they saw, they conquered, and perhaps, with that we should close, but——

The visitors evidently were not relying on the help of the goddess of luck to win the game, for every member of the team was a veteran of the game, a real All Star team, the idols of Anyox Baseball fans, and the victors of such proud and haughty teams as Ketchikan and Prince Rupert.

Against this constellation of * * * the local sluggers put up a game fight, but the breaks went against them, and for them 'twas good-night. At the end of the ninth, the visitors score was somewhere in the teens, and the home team drew a trey.

The game was brimming with spetacular plays. Bud Sheen, the star batter for the Elks, drove the pill somewhere in the vicinity of Silver City, and cantered round the bases for a home run. "Red" Fitzpatrick, on the mound added another wreath of laurels to his crown. For picking a ball out of the sky after it had hovered around our neighbour Mars, the prize of the season goes to C. Warner. Geo. Bruggy as usual, gathered in a few high one's, but that's like picking apples to George

All the Anyox team played fine ball and played a snappy game throughout.

The teams were:

Anyox: F. Fitzpatrick, p., A. Smith, c., F. Brown, s.s., A. Sinclair, 1b., Bud Sheen, 2b., C. Greenwell, 3b., B. Watson, l.f., R. Ballentyne, c.f., J. Hutchings, r.f.

Alice Arm: T. Sherman, p., G. Bruggy, c., B. Gray, s.s., T. W. Falconer, 1b., L. Intermeli, 2b., C. Nason, 3b., A. Falconer, r.f., J. Briggs, c.f., C. Warner, l.f.

First Elks' Dance Of The Season

The first of a series of dances to be staged by the B. P. O. Elks this winter, was held in the Elks' Hall, on Friday evening.

A large crowd attended to make the effort a success. The music left nothing to be desired, many new numbers being successfully rendered, which met with much applause. The orchestra consisted consisted of: J. Austin, piano; S. Armstrong, violin, and E. J. Waterman, drums.

It is proposed to hold two of these dances each month during the coming winter.

The death occurred at the Anyox Hospital, on Sunday, September 7th, of Evelyn Joyce, age 7 months daughter of Mr. and Mrs. J. P. McMillan of Arrandale, Naas River. The funeral was held on Monday, at the Cemetery, Rev. J. B. Gibson officiating.

ANYOX NOTES

Mrs. H. B. Chapman and daughter Bonny arrived home on Monday from a two month's visit with Mrs. Chapman's parents at Curlew, Washington.

Mrs. A. McGuire and Miss M. McGuire arrived home on Monday from holidays spent in the south.

Mrs. P. McDougall and daughter Betty, arrived home on Monday from an extended visit to her home in Scotland.

Mr. D. Cole is the winner of the open tournament in the men's singles for this season. He defeated H. Baillon in straight sets in the final round, the score being: 6-4, 6-4, 6-1 Neither player was in his usual form, owing to the adverse weather conditions which have prevailed of late, but the spectators present were treated to some good tennis. Mr. Cole was winner of the championship last year also.

On Sunday evening, the Mine and Smelter football teams played another game to a draw, neither team being able to score. There was very little to choose between the two teams, both were without the services of their most valuable players. The Miners were minus Fred Brown and the Smelter, Robertson.

Mr. Walter Olsen, the local baseball umpire was a passenger south on Monday's boat, en route to Esther, Alberta, where he will spend two months visiting his mother and relatives.

Mr. and Mrs. H. Thorsen and child, left on Monday, for Port Simpson, where they will spend a few weeks before going to Tacoma, Washington.

Mr. and Mrs. C. McKenna were arrivals in town on Monday, from Prince Rupert.

Mr. and Mrs. McDonald arrived on Monday from Prince Rupert.

Mrs. J. Conway and daughter, Sheila arrived home on Monday from a six week's holiday spent in Vancouver.

Mrs. McMaster was an arrival on Monday's boat from Prince Rupert.

Among the arrivals on the Cardena, on Monday, were: Mrs. Robinson, Mrs. Bradley, Mr. and Mrs. Kovich, Messrs. O. Rolloy, and W. Fitzgerald from Vancouver.

Mr. L. F. Champion, manager of the Stores Department, sailed on the Prince Rupert on Thursday, on a business trip to the south

Provincial Constable A. Dryden, who has been stationed at Anyox for a number of years, left on Thursday for Ocean Falls, where he will be stationed in future. He is succeeded here by constable R. Bevan, who arrived on the same boat.

The All Star ball team who made the trip to Alice Arm last Sunday, spent a very enjoyable time, as also did their supporters. who accompanied them. The weather was perfect, a real good ball game was played, and the hospitality of the residents of the Arm was of the same old brand. The mitts and bats and mud stained suits can now be stowed away. The last game has been played and won, and thats that.

Continued on page 4.

ALICE ARM NOTES

Hand Laundry Work. Moderate Prices—Miss B. Crawford, Alice Arm.

Mrs. G. Anderson and daughter Helen left on Thursday for Prince Rupert, where they will spend a short vacation.

Messrs G. W. Nelson and James McAleenan left on Thursday for a short visit to Prince Rupert.

Mr. Elmer Ness, who has been receiving treatment at the Anyox Hospital for the past few weeks, arrived home on Thursday. Although improving rapidly in health it will be some time before he is back to normal,

See Al. Falconer for Wood, Coal and Lumber.

Miss Verna Wilson was a passenger south on Monday to Vancouver, where she will visit her mother.

Mr. Maurice Nightscales arrived on Monday from Vancouver and has taken a position on the staff of the Herald.

Mrs. E. J. Feary arrived on Monday from Errington Vancouver Island, on a visit to her daughter Mrs. J. A. D. Stewart.

Misses Helen and Christine Nucich left on Monday for Prince Rupert, where they will continue their school studies.

Miss Alice Hogburg left on Monday for Prince Rupert where she will visit her aunt Mrs. Anderson and participate in the Fair festivities.

Mr. C. G. Nason who has been relieving Mr. S. F. D. Roe at the Royal Bank, left on Monday for Prince Rupert.

Mr. L. Auger arrived in town on Monday from Prince Rupert.

Shower Baths for ladies and gentlemen. First-class Service. J. Laidlaw, Alice Arm Electric Laundry.

Mrs. Eric Carlson and daughter arrived on Monday from Vancouver, on a visit to her husband who is operating the logging camp of the Abbotsford Logging Co.

Miss Zorka Sutilovich left on Monday for Prince Rupert, where she will continue her studies at the High School there

Mr. A. C. H. Gerhardi of the Homesteake Mine, arrived on Monday from Vancouver, after a short visit.

Mr. Sweatland arrived from Vancouver on Monday, having taken the position of cook at the Toric property for the Homestake Co.

Mr. and Mrs. H. L. Burmeister, arrived on Thursday from Prince Rupert, having been married the previous day.

See Al. Falconer for Freight and Pack Horses.

The Federal Government float at the wharf was completed by Mr. Curry of Prince Rupert during the week. The float is 12 feet wide, and 42 feet in length, with an approach to the government wharf. and is of great benefit to small boats.

Mr. Curry, accompanied by his son and daughter left on his launch "Ruby May" on Tuesday, for Prince Rupert.

Alice Arm Resident Returns With Bride

A quiet wedding was solemnized at the Parsonage of the Presbyterian Church, Prince Rupert on Wednesday, when Miss Helen Murneen only daughter of Mrs. J. H. Murneen of Tacoma, Washington, became the bride of H. L. Burmeister, whose home is in Seattle. but who is now a resident of Alice Arm, being mine superintendent at the Toric, for the Homestake Mining Co. The ceremony was performed by Rev. Grant.

The bride arrived in Prince Rupert on Wednesday, and after the marriage, the happy couple proceeded to Alice Arm: On their arrival here a number of friends of the groom were on the wharf to extend congratulations.

In the evening a dance was held in their honor at the Coliseum, at which a large number were present. A bouquet of flowers was presented to the bride by Miss Nettie Hogburg. Mr. Burmeister, who was requested to make a speech, spoke a few words, thanking everyone for their kindness. On their departure, the bride and groom were treated to copious showers of rice and confetti.

Local Ore Exhibits Win First Prizes

Two first prizes were awarded this district for best collection of ore at the Prince Rupert exhibition which opened this week.

The Granby Consolidated Mining Smelting and Power Co. carried off first prize for best collection of copper ore dispayed by a shipping mine.

Angus McLeod of Alice Arm won the first prize for the best collection of copper silver ore. This ore came from the Basin property which is situated in the upper Kitsault country.

This district did extremely well considering the small number of samples sent. Next year, perhaps, we will be able to send a bigger dispay. and show people outside what we really possess in the way of mineral wealth.

From Glasgow To Alice Arm

Mrs. T. Lough arrived in town on Monday, from Glasgow Scotland, to join her husband. she crossed the Atlantic on the S S Cassandra, and was 16 days making the journey from Glasgow to Alice Arm. Mr' Lough is connected with the Club Cafe, and they will make their future home here.

THE WOMEN OF MOOSEHEART LEGION

Will hold a Meeting in the Catholic Hall, on Monday, September 15th. at 8 p.m.

All Legionaires are requested to attend

The outdoor sporting season in Anyox has now been practically brought to a close, and a very successful season it has been from all points of view. The teams comprising the Baseball League have staged some wonderful games, and played good ball throughout the season in their struggle to gain possession of the coveted cup. The fans have had a good run for their money and everybody is satisfied. The football teams have also been in the limelight, and the game is proving more popular each year, as is evidenced by the increasing crowds that attend the games. The Tennis Club is another organization that has had, perhaps, its most successful season in the history of the camp, and the courts have been well patronized, proving that the money expended on the improvement of the courts has been a good investment.

During the summer the Baseball Club sent a team to Ketchikan, and games have also been played with Alice Arm. The Tennis Club played a tournament at home, in which Alice Arm and Stewart participated, and later, a similar tournament waa held at Stewart. The value of these inter-town games cannot be over estimated, they give a chance to let our neighbours view our town and we theirs, and it fosters a spirit of understanding and fraternity that cannot be obtained in any other manner. Contests in the sporting field should be encouraged to the limit.

The greatest handicap, however, to inter-town games is the drain on the exchequer of the organization to which the club belongs. In this respect, Anyox is extremely fortunate in having all sports organized by such an institution as the Community League, who can take care of any reasonable expense bill. There is a limit, however, which even the Community League can not exceed, or if they did there would shortly be no Community League, and the sports of Anyox, both indoor and outdoor, adults and children, would be in chaos, and to a large extent disappear. The officers of the League are deserving great praise for the able manner in which they have carried out the sports programme of the past summer, and they deserve all support possible. Lend a helping hand to build up the League stronger each year. Sport in Anyox at the present time, without such an organization would be as lifeless as a door nail.

One should keep ever in mind that when an automobile and a human body meet in violent contact the automobile will emerge the more cheerful of the two.

Say it quick—Did you ever stop to think to stop before you stop to think to think to stop.

Rich Ore Ledge On Tennis Court

While clearing for a tennis court for employees at the Bell mine, Beaverdale camp, the other day a rich vein of silver ore was struck and a yield of at least $50,000 has already been practically recovered, P. B. Freeland, resident engineer, who has returned from the scene, states that the ore run 499 ounces of silver to the ton, besides having other mineral values. The lead has been opened for fifty feet and two cars of ore have been shipped and there is apparently at least another two cars avaliable.

The Bell mine is owned by Duncan McIntosh, and has already shipped much high grade.—Grand Forks Gazette.

Canadian Water Powers

The Dominion Water Power Branch of the Canadian government has issued a Publication of the water powers of the Dominion. There had been installed January 1, 1924, water power development estimated at 3,227,000 h.p. It has also been determined that one horse power per year is equivalent to nine tons of coal, which. at $10 per ton, is a financial saving equivalent to about $290,000,000 annually, according to the Canadian Mining Journal.

BRITISH COLUMBIA
The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, $76,962,203; Lode Gold, $113,352,655; Silver, $63,532,655; Lead, $58,132,661; Copper, $179,046,508; Zinc, $27,904'756; Coal and Coke, $250,968,113; Building Stone, Brick, Cement, $39,415,234; Miscellaneous Minerals, $1,408,257; making its mineral production to the end of 1923 show

An Aggregate Value of $810,722,782

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years, 1906 1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; for the year 1921, $28,066,641, and for the year 1923, $41,304,320.

Production During last ten years, $350,288,892

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES,
VICTORIA, British Columbia

Canada Will Lead World In Gold Production

By 1926 Canada will displace the United States and South Africa as the gold producing countries of the world, in the opinion of Louis D. Huntoon, New York mining engineer, a former professor of mining and metallurgy in Yale University. Canada is now third, Africa ranking first. However, according to Mr. Huntoon, Canada's output if increasing rapidly while in the United States since 1915 there has been a rapid decline.

Among the provinces, British Columbia ranks first, the Canadian Yukon second and Ontario third

Scarcity of Food Causes Birds To Go South

Scarcity of insects, owing to the approach of winter, and not cold weather, causes birds to start south when the frosts arrive, according to a western scientist. Seed or flesh eating fowl, unaffected by the lack of bugs, survive all year as far north as the Artic Circle. While migrations are largely determined by the food supply, it is believed that habits inherited from the glacial ages partly influence some species. The tern makes a continuous 11,000 mile flight between the polar regions of the north and south, while the golden plover, which spends its summers in the Artic and its winters in South America, goes first to Nova Scotia as it starts southward, then flies 2,400 miles to Brazil.

Playing Straight

The scene was laid in a western mining town. The players were experienced. The stakes were high.

Suddenly the dealer stopped, threw his cards down and got up from the table. "Boys," he said, feeling for his six-shooter," this is where I quit. This game ain't straight. Dynamite Dan ain't playing the hand I dealt to him."

Tenders To Called For Highway

One of the most important government projects ever undertaken by the Oliver administration is the completing of the Transprovincial Highway between Hope and the interior. Hon. W. H. Sutherland, minister of public works, announces that tenders will be called for this work within four weeks, while the bidders will have October to look over plans and prepare their estimates. When the Legislature meets late in October the tenders will have been decided upon and the House will be asked to vote the necessary money. The link will cost about $1,000,000, with an additional $250,000 required for the big steel bridge across the Fraser River at Spuzzum. The government plans to carry on some of the work this winter. If unemployment conditions can be relieved in that manner.

Every section of British Columbia will profit through the completion of the Transprovincial Highway. The road will provide a main artery across the province, linking up practically all districts with the main Trans-Canada highway. Returns through increased tourist travel should pay for the work many times over within ten years.

Guest at Palace Cafe—"Do you serve lobsters here?"

Waitress—"We serve anybody; sit down."

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

Anyox Couple Home From Honeymoon

Mr. and Mrs. Sigurdson returned on Monday from their honeymoon trip of four weeks. They were married in Prince Rupert on August 12, at the Parsonage of the Lutheren Church. The bride who was Miss Olga Andrea Stromshein Pederson is a daughter of Mr. and Mrs, J. Pederson of Anyox, and arrived in Anyox in company with her mother, early last spring from Norway to join her father.

After the marriage the happy couple visited Edmonton, aud then to Calgary, where a few weeks were spent with Mr. Sigurdson's brother. They will make their future home in Anyox, Mr. Sigurdson having been a resident here for a number of months.

Anyox Notes

Continued from page 1.

The local mosquito fleet is still growing, and many small boats have changed hands since the early part of the season. The latest name appearing on the register, is that of Mr. Geo. Williscroft, who is endeavouring to have his craft in readiness for the hunting season.

Mr. Archie Morton arrived home on Thursday, after spending a three month's holiday visiting friends and relatives in Scotland. Mrs. Morton will arrive home next week.

Mr. J. Cameron left on Thursday to spend a few days in Prince Rupert.

Mr. D. Roy returned on Thursday, after spending a month's holiday visiting his parents at Montreal.

Mrs. S. Spragg was a passenger south on Thursday's boat.

Mr R. Moore left on Thursday, to spend a few days in Prince Rupert.

Mrs. M. J. Bryden and Mrs. R. Watson, were passengers bound for Prince Rupert on Thursday, for a short stay in that city.

Mr. A. Sinclair left on Thursday for Prince Rupert, where he will spend a week's vacation.

Mr. C. W. Greenwell left on Thursday for Prince Rupert, where he will spend a few days.

Mr. Bert Scottt was a passenger for the south on Thursday, where he will attend school.
