FOR

1981

British Columbia
Ministry of Attorney General

HON. ALLAN WILLIAMS, Q.C.
Attorney General of British Columbia

M. L. MCCAUSLAND
Director of Film Classification

Honourable ALLAN WILLIAMS, Q.C.
Attorney General
Victoria, B.C.

SIR: I have the honour to lay before you a report of the business done in pursuance of the Film Classification Branch during the fiscal year ended December 31, 1981.

MARY-LOUISE McCAUSLAND
Director

February 15, 1982

INTRODUCTION

The *Motion Picture Act* of 1979 is the authority under which this Branch operates. All pictures to be shown to the public must first be submitted to the Director for classification. The three categories of classification are GENERAL, MATURE, and RESTRICTED. A warning indicating the possibly objectionable content of a film may be assigned as part of the classification.

The Annual Report of Film Classification is based on a calendar year. This year's report provides a five-year monthly and annual comparison for 1977 to 1981.

This marks the second year that film volume and revenue have dropped. Any recovery in the American film industry appears to be slow in coming. In spite of the considerable drop in number of first prints, revenue has not declined as drastically. The reason for this is that more copies of first prints have been circulated in the province.

Again in 1981, as in 1980, the percentage of Chinese films (Taiwan/Hong Kong/People's Republic of China) represents the highest number of first prints presented to this office for classification. Canadian films reached a new high of 4.1%.

I hope that you will find this report useful and informative.

MARY-LOUISE McCAUSLAND
Director
