LEGISLATION

The *Municipal Superannuation Act* was amended at the 1973 Fall Session of the Legislative Assembly as follows:

(1) Authorizing investment in the debentures or other securities of the Municipal Finance Authority of British Columbia.

(2) Restricting refund of contributions upon transfer of an employee between employers under the Act.

(3) Allowing resumption of payment of widows' allowances which had terminated by reason of remarriage.

The Act was further amended at the 1974 Spring Session of the Legislative Assembly. Among the more important changes are the following:

(4) Providing for payment, effective July 1, 1974, to persons in receipt of an allowance prior to January 1, 1974, of a supplementary allowance calculated by applying to the basic life-time portion of the allowance the following percentages:

Allowances Granted	Percentage Increase
1972 and before	12
1973	4

(5) Introducing, effective April 1, 1975, quarterly adjustment of eligible allowances based on the quarterly change in the consumer price index.

(6) Financing the quarterly adjustment by raising the employee and employer contributions to the Fund by one-half per cent of contributory salaries when the total amount of the supplementary allowances reaches 1 per cent of the annual amount of contributory salaries with a further raise in such contributions of one-half per cent when required.

(7) Permitting a superannuant, upon repayment of all amounts received by way of allowance, to be reinstated as a contributor to the Fund.

(8) Providing for reinstatement of a former contributor who, not having taken a refund of his contributions, again becomes a contributor after an absence of less than 10 years.

(9) Increasing the rate of interest paid on refunds of compulsory contributions to 4 per cent per annum, effective January 1, 1975, and authorizing the Lieutenant-Governor in Council to specify a higher rate to be applied to voluntary contributions.

(10) Providing for adjustment based on changes in the consumer price index of the amount of salary used in calculations with respect to deferred allowances, disability allowances, and allowances during re-employment.

(11) In the calculation of the superannuation allowance, providing for integration with Canada Pension Plan for new employees where past service is recognized as pensionable service.

AUDITOR'S REPORT

I have examined the statement of financial position of the Municipal Superannuation Fund as at December 31, 1973, and the statement of changes in fund balance for the year then ended. My examination included a general review of accounting procedures and such tests of accounting records and other supporting evidence as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the Fund as at December 31, 1973, and the changes in fund balance for the year then ended, in accordance with general accepted accounting principles applied on a basis consistent with that of the preceding year.
