AUDITOR'S REPORT

I have examined the balance sheet of British Columbia Liquor Distribution Branch as at March 31, 1977, and the statements of income and changes in financial position for the year then ended. My examination was made in accordance with generally accepted auditing standards, and accordingly included such tests and other procedures as I considered necessary in the circumstances.

In my opinion these financial statements present fairly the financial position of the Branch as at March 31, 1977, and the results of its operations and the changes in its financial position for the year then ended, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

NOTES TO FINANCIAL STATEMENTS FOR THE YEAR ENDED MARCH 31, 1977

1. SIGNIFICANT ACCOUNTING POLICIES

(*a*) Revenues and expenses are reflected on an accrual basis.

(*b*) Merchandise inventory is valued at its latest landed cost. Customs and excise taxes are not included in the value of inventory where payment is due upon shipment from the bonded warehouse.

(*c*) Expenditures for buildings, leasehold improvements, furniture, fixtures, and equipment are capitalized and are subject to depreciation on a straight line basis as follows:

Buildings—7½ per cent per annum.

Leasehold improvements—A minimum of 10 per cent per annum or a rate sufficient to write off the cost over the remaining life of the respective lease.

Furniture, fixtures, and equipment—25 per cent per annum.

2. STATUS OF THE BRANCH

(*a*) As a result of proclamation of the *Liquor Distribution Act,* S.B.C. 1975, chapter 39, assented to June 26, 1975, and the *Liquor Control and Licensing Act,* S.B.C. 1975, chapter 38, assented to June 26, 1975, which took effect on December 31, 1976, the operations of the Liquor Administration Branch were transferred to two new operating branches:

British Columbia Liquor Distribution Branch.

British Columbia Liquor Control and Licensing Branch.

These financial statements reflect the results of both new branches for the full fiscal year with the exception that Liquor Control and Licensing Branch expenses for the three-month period ended March 31, 1977, have been segregated and transferred separately to the Ministry of Consumer and Corporate Affairs, and are so reflected in the statement of income.

(*b*) The anniversary date for brewers and distillers assessments has been changed from a calendar-year basis to coincide with the fiscal year of the Branch, as is the case with all other licence renewal dates, and as a result the 1977/78 assessments formerly due January 1, 1977, did not become due until April 1, 1977, and therefore are not reflected in these financial statements.

6. COMMITMENTS

(*a*) An actuarial valuation up to March 31, 1975, of the Public Service Superannuation Plan under which employees of the Branch are covered has not yet been completed. Therefore, these financial statements reflect only the cost of matching all employees' compulsory contributions, together with the cost of funding deficiencies in the plan for Branch employees retired in the current year.

(*b*) The Branch maintains inventory in its bonded warehouse for which customs and excise tax has neither been paid nor recorded. As at March 31, 1977, the future liability for these taxes approximate $6,000,000.
