**CONGOLEUM**
Floor Coverings
If you have Congoleum on your floors, you can run a mop over them and they will be cleaner than any swept floor. Congoleum is waterproof right through—water cannot injure it. Compared with printed linoleum, Congoleum is more durable, more attractive, more waterproof, yet the price is less. Congoleum requires no fastening—any one can lay it—it won't curl up.
**Congoleum Rug Borders,** laid next to a rug or carpet, give the actual appearance of polished oak.

### GETTING ON THE MAP.

In an address to the members of the Chicago Garment Manufacturers' association—representing an annual business of $20,000,000—President Joseph L. Eisendrath recently heralded 1915 as the most prosperous period that the industry had ever faced. He urged his fellow manufacturers to advertise, Advertise, and then ADVERTISE some more.

"Don't forget that it is your advertising man who puts you on the map. Unless you want to fail, don't listen to any backwoodsman who tells you that it doesn't pay to advertise. It DOES pay to advertise, and the men who are successful today are the men who realize this fact and practice it.

"Your advertising man is a great factor in putting you on the map.

"It's a good system to keep telling people about your goods, whether they are buying them at the time or not. It is even true that they may not buy them tomorraw, but they are going to buy them ULTIMATELY.

"Cease to advertise and you'll be forgotten."

"Keep up your advertising constantly and consistently. Do not give a big splash, followed by a whole lot of silence.

"Advertising is salesmanship. You send out salesmen in a new territory and you find that they have to do a deal of missionary work before the territory becomes profitable. It's something like that in starting advertising. But use of advertising as an advance agent breaks the ground for the salesman in these days of successful and profitable business.

"Make the public want your goods."
