Incorporation Makes Progress

Envoy to Victoria Sends Encouraging Report.

A LETTER has been received by H.P. Gibson, president of the Stewart Citizens' Association, from W. C. Ross, who was appointed to look after the details of incorporation, saying he was making good progress and explaining the powers that will follow when Stewart runs its own affairs. It would appear from that Mr. Ross says that the new village when incorporated will have the use of not only the money now assessed as business tax by the province, but the tax on lots as well, which money is collected under the present system and never a cent returns in town improvements.

The town would be managed by three trustees and not by an unwieldy council and numerous officials. Under the new act the community borrowing powers are very limited.

FINISH WORK ON MOTHER LODE

P.D.I. Honeyman who was in charge of a small crew on the Salmon River Motherlode for the B.C. Exploration Co. has completed this year's assessment work on the six claims and gone to Pacific where his company has other property tied up. It is regretted by the locators of the Motherlode group that more work could not have been undertaken this season as the property has splendid indications.

JACK STEWART IS A DADDY.

A daughter was born to Mr. and Mrs. J. W. Stewart at the Stewart General Hospital on August 1.

C. Weeks, M.E., of the Consolidated Goldfields of South Africa, is in the district making examinations.

Capt. E.J. Fader of New York, owner of the Premier Extension, after an examination of the property, has gone south.

R. Workman of the Lawrence & Workman sawmill, met with a painful accident last week, losing the end of a finger and crushing another in the machinery.

James McCloskey of Juneau, after a visit to the Red Top mine on Bear River in which he is interested, has gone south well pleased with development.

M. Cottingham has sold out his interest in the Stewart Hotel Co. and returned to Vancouver.

DUNWELL GROUP UNDER BOND

A small force has been working on the Dunwell group, adjoining the Lakeview on Glacier creek, for the last three months and the property is now under bond to a Victoria syndicate. Examination will shortly be made to determine further action. The ledge has been stripped for 300 feet and crosscut in several places. It is five feet in width and averages aronnd $20 in gold silver and lead. Some high grade ore is also met with.

Silver Springs is ice cold at Tooth's Smoke Shop.

G. E. Austin, head of the Stewart Mercantile Co., has returned from a business trip south.

Fresh milk on ice at Tooths.

Rainy weather bids fair to interfere with the success of the tennis tournament.

WATER NOTICE.
Diversion and Use.

TAKE NOTICE that W.A. Meloche, whose address is Stewart, B.C., will apply for a license to take an use 40 cu. ft. per sec. of water out of Cooper Creek, also known as East Cascade Creek, which flows souhwesterly and drains into Cascade Creek about 500 ft. W. of the 13 mile post on the Salmon River road. The water will be diverted from the stream at a point about 250 ft S. of the N.W. cor. of lot 4057, Northern light Frac. claim, and will be used for mining purposes upon the mine described as Northern Light and Woodbine groups, lots 4045 to 4057.

This notice was posted on the ground on the 14th day of July 1920. A copy of this notice and an application pursuant thereto, and to the "Water Act, 1914", will be filed in the office of the Water Recorder at Prince Rupert. Objections to the application may be filed with the said Water Recorder or with the Comptroller of Water Rights, Parliament Buildings, Victoria, B. C., within thirty days after the first appearance of this notice in a local newspaper.

W.A. MELOCHE.

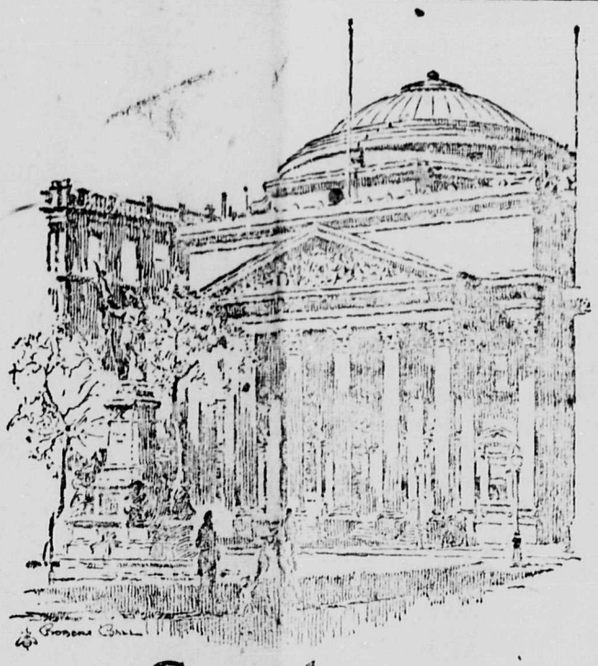
The date of the first publication of this notice is July 24, 1920.

WATER NOTICE.
DIVERSION AND USE.

TAKE NOTICE that W.A.Meloche, whose address is Stewart, B.C., will apply for a license to take and use twenty cubic feet per second of water out of Cascade creek which flows into Silver Lake and drains Long Lake in the Salmon River Water Shed. The water will be diverted from the stream one and one-half miles easterly of the point where it flows into Silver Lake and will be returned to the stream at the point where it drains into Silver Lake. This water will be used for mining purposes in connection with the Spider Group of mining claims consisting of Spider Nos. 1, 2 and 3 and upon record as such at the office of the Mining Recorder at Stewart, B.C. This notice was posted on the ground June 19th, 1920. A copy of this notice and an application pursuant thereto and to the "Water Act 1914" will be filed in the office of the Water Recorder at Prince Rupert, B.C. Objections to this application may be filed with said Water Recorder or with a Comptroller of Water Rights, Parliament Buildings, Victoria, B.C., within thirty days after the first appearance of this notice in the local newspaper.

W.A. MELOCHE, Applicant.

The date of the first publication of this notice is June 19, 1920.



Consult
Our Branch Manager
On Financial Matters

FARMERS too often consider that a checking account is the only service our bank has to offer them.

THROUGH our various branches we offer farmers throughout Canada the same complete and attentive banking service that we afford to other Canadian business men. There is no financial problem connected with your farm which cannot be solved more satisfactorily through co-operation with the Bank of Montreal.

Our Branch Manager will be glad to have you confer with him regarding all such matters.

BANK OF MONTREAL

Established over 100 years

Branches in all important centres in Canada
Savings Departments at all branches
TOTAL ASSETS in excess of $500,000,000

BURY VICTIM OF EXPLOSION

The remains of O. Dagastini, blown to his death by a missed hole at the Red Top mine, were laid to rest in the Stewart cemetery, the impressive service of the Catholic church being conducted by Father LeRay. Marco Vial who was badly injured by the explosion, is on the road to recovery at the Stewart hospital.

Archie McNeill has been placed in charge of the Frizzell market here succeeding Walter Reichenbach who will go to Vancouver.

Walter Bealey last week underwent an operation at the Stewart hospital to straighten a finger which he injured while at the mineral Hill mine. As no surgical aid was handy the injured digit repaired itself and stiffened straight out.

Franklin J. Rogers, chief of the fire department, has severed his connection with the Baldwin hotel.

L.G. Lewis has closed the Banquet Cafe in Hyder and is devoting all his time to the King Edward Grill.

REV. H.H.K.GREENE

Explores Vast New Country

COL. HIAM ON BIG COMMISSION

Lieut. Col. T.A. Hiam, who spent most of the summer here in charge of the operations of the Pacific Coast Exploration Co., Limited, is now in the east about to assume his new duties in connection with the regulation of transportation in Europe under the council of the League of Nations.

Col. Hiam made many friends during his short residence in Stewart and everybody wishes him the greatest suecess. It was his second residence here, the first being in ten years ago as secretary to Sir Donald Mann.

During the war he served in an infantry battalion, holding the post of adjutant in the 5th Division before the force was broken up. Thereafter he held important appointments in Belgium and France.

HEAVY RAINS DO DAMAGE

Heavy rains the past few days have interfered considerably with development and prospecting. Bear river and tributaries overflowed their banks and trails and roads became impassable almost not only up the Bear valley but Salmon valley as well. Several new parties had made preparations to go out and were prevented from doing so while a number of engineers had to postpone their examinations. Reports from Prince Rupert indicate the storm was general.

Believes Railway Will Provide Outlet by way of this Camp.

A. St. Clair Brindle of Victoria in a statement to the papers confirms the stories of the rich country found at the head of the Stickine river and expresses the opinion that it will eventually be tapped by a railway from Stewart.

Mr. Brindle went in to McDames creek off Dease lake with a party by way of Wrangel to Telegraph creek. At Dease lake Mr. Brindle left his party to wash gold while he went northward to a considerable distance.

Not only is the country he visited of great importance from a mineral viewpoint, but the explorer was impressed with the agricultural prospects. He says that Dr. Dawson, the great geologist and explorer, reported 50,000 square miles of agricultural land covered largely with white poplar and willow. The soil is black and rich and the growth immense. He believes that Dr. Dawson's estimate must have been well within the mark.

R. K. Neill, former general manager of the Premier mine, arrived from Spokane Sunday.

It is reported that the Good Eats cafe will reopen in the near future.

Charlie Lund, one of the contractors at the Spider mine, was down for a few days.

Now that progress and confidence are advancing the Portland Canal mining district so admirably and with such gratifying results, it would be a pity if some shoestring outfit were to get in bad and give any section of this district a black eye. Public confidence has been established and that it is not misplaced is shown by results already achieved. It is too often the case in some districts in the past that unreliable brokers in zeal for progress and gain have made statements which would not stand up. Until recently this section was free of that sort of thing. What little of "exaggeration" brokers may have indulged in does not appear to have had any harmful influence as yet. It is of the utmost importance that public confidence be retained. While private corporations may do a lot toward mining development, it is pnblic money which, after all, pays the big shot.

MINING NEWS UP TO DATE
PORTLAND CANAL NEWS

$5.00 per Year.

NEWS FROM OTHER CAMPS.

The Sunnyside mine at Rock Creek was a recent shipper to the Trail smelter.

The Ikeda mine on Moresby Island is probably the only mining property Japanese own in British Columbia.

Work has resumed at the Lincoln mine in the Slocan.

Prospectors have been flocking to the Pas mineral area in Manitoba.

At the end of last year northern Ontario gold and silver mines had paid ninety-six million in dividends.

It is reported that a rich strike of silver has been made at the Old Dominion mine at Colville, Wash.

The Rosebury Surprise Mining Co. have their headquarters at New Denver instead of Sandon.

Five different sets of leasers are working the Whitewater mine at Rettallack.

Satisfactory results are attending the operation of the Mother Lode mill at the Nugget Gold mine, Sheep Creek, says a Nelson report. It is able to dress more ore than is being supplied from the mine.

The Silversmith mine near Sandon has shipped seven carloads of ore since its concentrator resumed in May. Four more are ready.

Mining is active at Chesaw, Wash., a short distance from Greenwood. Two carloads of ore is being shipped daily from the Roosevelt mine on Copper mountain.

A strike of silver-lead ore was recently made at the Silver King mine in the Toby Creek district of East Kootenay. The ledge is about 80 feet wide and values run about $100 to the ton.

BRITISH COLUMBIA
The Mineral Province of Western Canada

Has produced Minerals valued as follows: Placer Gold, $75,436,103; Lode Gold, $97,121,786; Silver, $46,839,631; Lead, $42,294,251; Copper, $145,741,069; Other Metals (zinc, iron, etc.), $13,929,817; Coal and Coke, $187,147,652; Building Stone, Brick, Cement, etc., $28,843,272, making its Mineral Production to the end of 1919 show

AN AGGREGATE VALUE OF $637,353,581.

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,605,967; for five years, 1901-1905, $96,509,968; for five years, 1906-1910, $125,534,474; for five years, 1911-1915, $142,072,603; for the year 1916, $42,290,462; for the year 1917, $37,010,392; for the year 1918, $41,782,474.

PRODUCTION DURING LAST TEN YEARS, $313,976,022.

Lode mining has only been in progress for about 20 years, and not 20 per cent. of the Province has been even prospected; 300,000 square miles of unexplored mineral-bearing land are open for prospecting.

The mining laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

Synopsis of Land Act Amendments

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of $200 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under this Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is also made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS.

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfilment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING.

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged, priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.
