Twelve Are Nominated For Community League Council

The Annual Meeting of the Anyox Community League was held in the Recreation Hall on Wednesday evening.

The chair was occupied by president Chas. McLachlan. The minutes of the last annual meeting were read by secretary F. M. Kelley and were adopted.

The secretary presented his report covering the League's activities for the past year. The report showed that the Community League was in a healthy state from all points of view, and great satisfaction was shown by all present.

Nominations for Hospital Board was the next business taken up, and Messrs John McCallum, and Jas. Murdoch were nominated.

Nominations for Community. League councillors was then made.

Twelve were nominated which were as follows: J. Wilson, C. Harman, R. O. Cutler, S. Grimason, O. G. McIntyre, C. McLachlan, A. Smith, M. Frazer, J. Buntain, W. Gibb, F. C. Townshend, W. Selwood. These will be balloted on two weeks from date of meeting.

A motion was made by C. Harman and seconded by S. Peters, that a vote of thanks be tendered the retiring council for the excellent service during their term of office. This motion was carried unanimously.

A motion was also made by Mr. F. C. Townshend, seconded by Rev. J. S. Brayfield, that a vote of thanks be given to the secretary, F. M. Kelley for his untiring efforts during the past year. This also received the unanimous support of all present.

It was moved by Mr. C. O. Fricker, seconded by G. E. Townshend that an amendment be made to sec. 7, par. 3 of the constitution. "That any councillor being absent from a regular meeting three times without any just cause be forced to resign." "It was the cause of much discussion, but on being put to a vote, carried.

Owing to the necessity of issuing the Herald on Friday afternoon this week, some of our news items have been condensed. Others have been omitted, but they will appear next week.

Mr. R. Armour formerly chief engineer of No. 2 Power House at Anyox has been appointed chief engineer at the Kimberley Power plant, for the Consolidated Mining Co.

Much Business Disposed Of At P. T. A. Meeting

The annual monthly meeting of the Anyox Parent Teacher Association was held in the Public School on Monday evening. A very interesting and enjoyable evening was spent by a large number present.

Mr. J. R. Mitchell was the speaker for the evening. He gave an eloquent address on "Organized Play in the Schools." It was very interesting, and held the attention of the audience from start to finish.

The musical programme consisted of recitations by Mr. H. Gourlay, and piano solos by Mr. Garton Crow.

The Dance Committee reported that the P. T. A. Masqueradedance had been very successful. This success was due to a large extent to the untiring efforts of many friends to whom thanks are extended, especially Mrs. W. F. Eve, Mrs. J. Cloke, Mrs. W. F. Barclay, Mr. T. P. Ryan.

Mrs. A. E. Scott and Mrs. Hartley were appointed to meet representatives of the I. O. D. E. in order to make arrangements for the celebration of Canada's diamond jubilee, on July 1st.

Mrs. O. Cutler was appointed chairman of the Chair of Home Economics committee, for the purpose of raising local funds, in cooperation with the province wide campaign.

Refreshments brought a very pleasant evening to a close.

ALICE ARM NOTES

Mrs. O. Evindson arrived home on Monday from a week's visit to Prince Rupert.

Mr. Urwin arrived in town on Tuesday from the south.

Canon Rushbrook will hold Divine Service in the Anglican Church on Sunday, if favorable weather permits the trip.

Two hockey games were played during the week, one on Saturday evening and the other on Sunday afternoon, The first game was scheduled as married versus single men, but the married failed to put a team on the ice. Both games were composed of pick-up teams, and were productive of some good hockey. The cold spell of last week was followed by mild weather which prohibited further games. From present appearances it is possible that the last game has been played this season.

Moose Masquerade Full of Animation and Enjoyment

The big masquerade dance, sponsored by the Anyox Lodge No. 1412, Loyal Order of Moose and held in the Elks' Hall on Wednesday evening was one of the best successes of the present winter season.

A large crowd was in attendance that taxed the capacity of the hall and the floor presented an animated scene, as princes and pierrots, countesses and country maidens, blended with harmonious effect. Every conceivable costume, every nationality and tricky advertising stunts were on the floor, and those in charge were well rewarded for their efforts by the large happy gathering. Numerous prizes were given, which are as follows: J. W. Webster, best dressed; Mrs. Salmon most complete; Mrs. McKay most original; Mrs. J. Smith, advertising; A. Nickerson, best dressed; J. Campbell, comic; W. Gibb, original; W. Rudland, advertising; Mrs. Robertson, Cinderella; Mrs. B. Shelton, balloon dance.

The judges for comic and advertising consisted of Mrs. C. Ruckhaber, Mrs. A. Morton, Mrs. Rogers. Mr. Geo. Lace. Judges for best dressed and original, Mrs. Pynn, S. Ballard and H. Armstrong

The music was furnished by the celebrated Moose orchestra, and the splendid music rendered by these well known artists, added not a little towards the evening's enjoyment.

A tasty supper was served in the Dugout, for the weary dancers who needed more vim in order to continue their frolics.

The hall was artistically decorated, reflecting great credit on those responsible.

Everything was of the best and no pains were spared to provide an evening of real enjoyment. The local Moose again proved that as hosts a la pleasure they are second to none. The committee in charge were Messrs. Hutchings, Webster, Salmon, McIntosh, McAulay, and to these unstinted praise is due.

Tug Leaves Log Barge at Anyox

The tug Pacific Monarch towing two barges of logs from Alice Arm to Powell River anchored in Granby Bay last Saturday for shelter, on account of the rough weather that prevailed. On Sunday the tug proceeded to Powell River with one barge in tow leaving the other barge anchored just off the Smelter.

Large Number Enjoy Mine Club Card Party

The fourth of a series of card parties given under the auspices of the Mine Club, was held on Monday evening. A large number availed themselves of the opportunity to spend a social evening and the affair was entirely successful. Cards were played until nearly 11 p.m. when supper was served.

The prize winners for Bridge were: Mrs. J. Swanson, 1st. prize; Mr. C. I. Cook, 1st. prize; Miss L. Anderson, Consolation.

The winners for Whist were: Mrs. H. Hart, 1st. prize; Mr. W. Mitchell, 1st prize; Mr. W. Shewam, Consolation.

The boys in charge of the big smoker on Monday night are working hard to make this an outstanding event, and everything is about in readiness, for the entertaining of a record crowd.

Plans are also being outlined for the big Annual Masquerade Dance, which promises to be another big night on the hill.

Anyox Hospital Board Holds Annual Meeting

The annual meeting of the Anyox Hospital Board was held in the Government Building on Monday evening at 8 p.m. Those attending this meeting were Dr. Learoyd, W. R Lindsay, R. M. McGusty, Mr. J. McCallum (beach representative) Mr. J. Richie (mine representative) and Mr. O. McIntyre Secretary Reports of the previous meeting were read and accepted. The board reported as having a very successful year.

On Monday evening, at 8.30 p.m. a party was put on at the residence of Mrs. A. R. Kent, the occasion being a birthday party in honor of Mr. S. Ballard who entertained his friends. Whist and various games were played and dancing also enjoyed.

The winners of prizes at whist, were: Miss Dingwell, 1st. prize; Mr. C. Harman 1st. prize; Mrs. W. Jones, Consolation; Mr. A. R. Kent Consolation.

Refreshments were served after cards, Mrs. T. Pinckney and Mr. W. Murdoch rendered songs during the evening accompanied on the piano by Mrs. Kent.

A very enjoyable evening was spent by all.

New Senior Basketball Schedule Has Commenced

The Concentrator opened the new Senior basketball schedule with a win over the Elks 28-23. The Mine seniors being withdrawn the three beach trams will fight it out for the cup.

At half time the score was 16-7 for the Concentrator. In the second half the Elks outplayed their rivals 16-12 but were unable to overcome the lead.

Gordon was high point man for the Elks and J. Stewart for the Concentrator.

J. Lazoreck, handled the whistle

Elks: Buntain-4, Craggs-4, Gordon-8, Bruce-2, Dodd-5, S. Stewart, Groves.

Concentrator: Hill-6. McColl, J. Stewart-12, Smith-4, MacLeod-6.

On Monday night at the Mine Gymnasium the Mine won both games, the Mine girls beating the Freshies 23-12 and the Mine Intermediates defeating the B. A. C. 36-22. P. McMillan and J. Calderone starred for the Mine, and T. Gordon and Z. Sutilovich for the Freshies.

Sid Peters refereed.

Mine: A. Scott, T. Deeth, H. Calderone-2, P. McMillan-12, M. O'Neill, M. Johnson.

Freshies: G. Stevens, T. Gordon-6, C. Nucich-2, P. Dermody, Z. Sutilovich-4.

The opener was a free scoring game, with McMillan contributing 13 points for the Mine and Cloke 13 for the Beach.

Jack Buntain refereed.

Mine: Hanier-2, Merritt-10, McMillan-16, Anderson-6, Anderson-2, Arland.

B. A. C.: Cloke-13, O. Neill-10, McDonald-4, Teabo-3, Dresser-2.

The unexpected happened at the Beach Gymnasium on Friday 11th. when the Concentrator stopped the speedy Celtics in the senior league basketball game 27-10. It was the first defeat for the students this year.

The game was exceptionally fast and hotly contested but the result was never in doubt. The Concentrator broke up the smooth running combination of the Celtics and gave their sharpshooters no chance to shoot. Every member of the Concentrator team turned in a good game with J. Stewart collecting most of the points. At half time the score was 18-3,

J. Buntain refereed.

Concentrator: J. Stewart, C.

Friendship---the jewel beyond price, that yet may be purchased with a single act of thoughtfulness. There is no element in life that can contribute so much to brighten the pathway or ease the burdens and sorrows of life as real friendship. When the true friend comes to you in your hour of trouble. lays a sympathetic hand on your shoulder and says, "I am sorry, can I help you?" it means much, and the unsolicited and timely deeds done with a willing heart, dispels the gloom that overshadows you. It gives you courage to take up the lines of your duty and a new resolve finds lodgement in your heart to look at the future calmly and with a firm purpose to forge ahead. The person is to be pitied who lives self contained and spurns the need of friends. The candle loses nothing of its light by lighting another candle. We do not lose, but increase our capacity for friendship by being friendly. Thus, as we pass through life let us use the opportunities that may come to us to be a real friend. The best securities to own are the bonds of friendship.

"We pass through this world but once; if therefore, there will be any kindness we can show or any good thing we can do to our fellow being, let us do it now; let us not defer nor neglect it, for we shall not pass this way again.,'

If you want good business, talk it up, If you want bad business make up a little speech about hard times and recite it to every person that comes along. Be'sure to recite it before traveling men, prospectors and visitors. Tell them about how hard times are. Hang crepe on your door. Put the map of misery on your face. Express doubt about the future, pour cold water on every movement to build the community Magnify your own troubles and the evils of the day.—Gulf Island Review.

Geo. Beaudin - - Prop.

No hasty conclusion should be reached that the crisis in silver has been passed and that higher prices are to be expected just because the 60c. level has been touched. At the same time, the recent climb is highly agreeable to the producers—even to those who were bearish a month or two ago. The reason for the advance are of Oriental origin, both China and India being buyers In China the annual settlements that are customarily made after New Year's (Feb. 2) apparently were effected as usual. Moreover it is probable that the increasing gravity of the political situation has induced bear covering. Neither of these conditions can be counted on to sustain buying; but the requirements of silver with which to pay soldiers may be a favorable factor for an indefinite period.

In India the normal demand for silver on private, as distinguished from government, account seems to be good, and there is no reason to expect an early change as long as the "up country" is reasonable prosperous. Moreover, the entire world probably is getting back to normalcy after the psychological disturbance created by the issue of the report of the Indian Currency Commission. However, those who usually have guessed well on the course of the silver market are not inclined to be optimistic.—Engineering and Mining Journal.

Big Shot Brings Down Three Million Tons Ore

In December, 1926, Alaska Juneau mined and trammed to mill 368,600, or 59.91c. per ton; expenditures were $187,250, or 50.76c. per ton; and operating profit was $33,750, or 9.15c. per ton. Other expenditures and accrued charges were $20,000, leaving a surplus of $13,750 for the month.

Late November a "shot" of 10½ tons of explosives brought down an estimated total of 3,000,000 tons of rock. For some time past car samples have been taken at the tipples, the results of assays from these samples indicating the approximate gold content of the rock sent to the mills.

Over Four Million Bushels Wheat Shipped Rupert

After an extremely busy month, a decided lull is noticed in grain shipping activities at Prince Rupert. It had been expected that there would be at least one more boat before the end of this month but none are so far reported to arrive here until March. The Japanese freighters Yaye Maru and Yomei Maru are due here then.

Over four million bushels of wheat has been shipped through the Wheat Pool's local elevator so far this season and with steady shipments inward the plant is now getting filled up again.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

BRITISH COLUMBIA
The Mineral Province of Western Canada
Has produced Minerals as follows: Placer Gold, $77,663,045; Lode Gold, $122,808,459; Silver, $74,111,397; Lead, $89,218,907; Copper, $197,642,647; Zinc, $39,925,947; Miscellaneous Minerals, $1,594,387 Coal and Coke, $273,048,953; Building Stone, Brick, Cement, etc., $44,905,886; making its mineral production to the end of 1925, show an
Aggregate Value of $920,919,628
The sudstantial progress of the Mining industry of this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years-1906-1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; 1921, $28,066,641; for the year 1922, $35,158,843; for 1923, $41,304,320; for 1924, $48,704,604, and for 1925, $61,492,242.
Production Last Ten Years, $404,649,375
Lode mining has only been in progress for about 25 years, and only about one-half of the Province has been even prospected; 200,000 square miles of unexplored mineral bearing land are open for prospecting.
The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.
Mineral locations are granted to discoverers for nominal fees.
Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.
Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B. C. Reports covering each of the six mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.
Full information, together with Mining Reports and Maps, may be obtained gratis by addressing
THE HON. THE MINISTER OF MINES,
VICTORIA, British Columbia

Government Will Build New Ships

Canadian Government Merchant Marine, it is understood, have decided to build, instead of purchasing, the additional ships required to give the special service between Canada and the British West Indies provided for in the trade treaty effected some time ago.

It was learned at Ottawa that five ships will be built, and that tenders will be called for immediately for their construction. Three it is understood, will be constructed in Canada and two in the United Kingdom. The approximate cost of each vessel is estimated, roughly at $500,000. These ships will not be ready for service until some time in 1928.

The agreement provides for a fortnightly passenger and freight service throughout the year from Canadian ports to ports in the eastern groups of islands.

Auto Nursery Rimes

Hickory, Dickory, Dock,
The car ran up the block—
"Twas a one way street—
The cop was fleet—
And they all walked into the dock.

Jack and Jill went up the hill
At sixty miles or better;
A cop unkind
Was right behind—
They're seeking bail by letter.

Mary had a little Ford
It wasn't white as snow
But everywhere that Mary went
The Ford was sure to go.

She stopped before the school one day
Not holding out her hand;
A truck was speeding right behind
She's in the Promised Land.

Reserve Officers to Report

Officers on the Reserve of officers Canadian Militia or Retired List, Canadian Militia, are notified that in order to have their names retained on these lists it is necessary for them to report in writing to the District Officer Commanding, Military Headquarters No. 11, Esquimalt, B. C., on or before the first of April next, giving address for the current year. Those failing to report will be struck off the list in question.

1927 European Educational Tours

Personally Conducted Tours have been arranged this Summer, under the joint supervision of the Canadian National Railways and the Cunard Steamship Company to Great Britain and Europe and return. All transportation, hotel and sight-seeing expenses included in fares. THE finest malted grains and hops brewed with the most scientific care in five modern plants go to make the pure beer consumed by the people of British Columbia. Then the Amalgamated Breweries continuously call upon independent firms of chemists of reputation for independent analysis. These analyses PROVE the purity and quality of British Columbia beers and its fullest maturity.

HERE is an extract from the last analysis of Amalgamated Brewing beer made by the firm of McDonald and McDonald, analytical chemists of Vancouver:

"All three samples had a sparkling brightness and a substantial foam remaining on the glass for a considerable time. Each had a refreshing aroma and an agreeably bitter hop taste. The analysis shows conclusively that all three samples are pure and wholesome beverages. The high Extract, low Acidity, high Nitrogenous Matter, substantial Ash and Phosphoric Acid contents are absolute evidence of the good, wholesome quality of these beers, proving them to be pure Malt Beverages. The analysis of these samples of beer is very similar to that of the best European varieties."

McDonald & McDonald,
(*Signed*) A. W. Satterfield, Chemist.

IN the Amalgamated Breweries are associated Vancouver Breweries Ltd., Rainier Brewing Co. of Canada Ltd., Westminster Brewery Ltd., Silver Spring Brewery Ltd., and Victoria Phoenix Brewing Co. Ltd.

R. Ingraham was a passenger to Prince Rupert on Monday.

R. Strand left on Monday for a trip to Prince Rupert.

A. B. Wing was an arrival on Monday from Prince Rupert.

New Boat For Northern Run

Harold Brown, general manager of the Union Steamships has announced that the steamer Ardgarvel 834 tons gross, had been purchased in Liverpool to replace the steamer Chilliwack in the British Columbia coast freight service of the company. The vessel, which is of steel construction, is being fitted out to burn oil and is expected to sail for Vancouver on March 15. Capt. J. A. Findlay, master of the steamer Camosun, and chief Engineer Logan of the Cardena are now in England and will bring the vessel out.

The old steamer Chilliwack has been dismantled and scrapped at North Vancouver.
