The Value of Spare Moments

From every section, and from all sorts and conditions of men, messages come to tell of earnings increased and futures brightened through study of I. C. S. Courses during spare time.

One letter gives the romance of a young man in California that began with little or no education; another tells the story of a high school graduate in Maine that found himself educated for everything but to make a living. Here are the heart-trobs of a fellow that toiled 12 hours a day and studied his Course as best he could; of a foremen or superintendent that enrolled because his ambition aimed at still bigger things.

No matter where you live, how little spare time you have, or how brief your schooling, the I. C. S. can raise your salary. That statement is backed with 20 years of success and a record of 400 or more advancement letters received every month.

I. C. S. Courses have made draftsmen, foremen, and superintendents of shop hands; building contractors, architects, structural and concrete engineers of carpenters and masons; advertising men, window trimmers, chemists, illustrators, and designers of clerks; electrical, mechanical and steam engineers of laborers; mine inspectors, foremen, and mining engineers of mine workers; bridge engineers, surveyors and mappers, civil engineers, gas engineers, automobile runners and civil service employees of young men willing to use their spare time to mold a career.

Suppose you were to increase your earnings only $20 a month—what a fine return that would be on your spare-time investment! Yet some have increased their earnings $250 a month.

Mark and mail this coupon and you will receive free information how you can increase your earnings by spare-time study.

Not more than 2,560 acres will be leased to any one applicant.

General Contract.

School, Calgary, Alta.—Tenders will be received by J. J. Martin, Secretary of the Maryland school district No. 3132, until noon, Jan. 15th, for the const. of a school. Plans and specf. may be obtained from Mr. Marrtin, Ogden, Alta.

Editor's Note.—No further details available.

Waterworks, Saanich—At a meeting of the Saanich council, Alderman Grant asked why tenders had not been invited for the proposed waterworks system and it was stated that the delay was caused by the necessity of preparing quantity estimates for the work previous to the call for figures and that this would take several days. Tenderers will be asked to submit figures on a cash basis as well as on bonds.
