Presentations Made To Mr. John Dillon Before His Departure

Mr. John Dillon, who left Anyox last week for California, was the recipient of two very useful gifts, one of which was given to him by members of the staff of the Granby Co., and the other was given him by men of the smelter, with whom he has been in contact for the past eleven years.

The presentation made by the members of the staff to their colleague, was made at the regular meeting of the staff members, at the General Office, on Thursday morning, when they presented him with a handsome Club Bag.

Mr. J. B. Haffner acted as spokesman, and in his remarks mentioned the long time that Mr. Dillon had been with the company, and his great willingness to get behind and support not only company business, but all social and athletic affairs in the camp, and the great esteem in which he was held by everyone in the camp. Mr. Haffner also said that his going would leave a gap in the ranks of friendship that would be hard to fill, but wished him all prosperity and happiness in his future home in California.

Mr. Dillon replied that he would not say goodbye permanently, for he hoped they would all come to California and renew old friendships aud thanked them for their good wishes and kind remembrance.

In addition to the above presentation, the men of the smelter presented Mr. Dillon with a solid gold watch and chain, This gift was donated by 150 men, composed only of smeltermen, some of whom have been with Mr. Dillon since 1914, when the first furnace was blown in. The presentation was made in the Converter Shift House, by Mr. Neil Harrington, who, in the course of his remarks said how sorry they all were to lose such an old friend, and trusted that he would remember Anyox whenever he had cause to use the watch which had been given him by the men of the smelter. as a slight token of their esteem.

Mr. Dillon in replying, thanked everyone for their co-operation and loyalty during the past eleven years, and hoped that some time in the future they would meet again and renew old friendships.

Mr. Dillon was numbered among the oldest residents of Anyox. He was in charge of the smelter when the first furnace was blown-in, on March 17th. 1914. On his retirement he held the position of smelter superintendent, and held in high esteem by all with whom he came in contact, both on and off the job. Everyone wishes Jack all happiness in his new home in California, and that he will live a good many years to enjoy his well earned rest.

Granby Co. Plans to Operate Copper Mountain

The Granby Co. will undoubtedly resume operations at Copper Mountain this year stated Mr. J. B. Haffner, assistant general manager of the company, to the Herald during the week.

He stated, however, that it probably will be September before everything was ready for the big mill to start operations. The spur line from the Kettle Valley railway needs considerable repairing, and this work will take from 60 to 90 days. Considerable work is also necessary at the concentrating mill before it can be operated, so that it would be September before everything was running smoothly and efficiently.

Fine Zinc Ore Comes off McGrath Mountain

Some beautiful specimens of high grade zinc ore was brought to Alice Arm recently by G. W. Morley from his property on McGrath mountain. Mr. Morley states that he is continually receiving enquiries regarding his property on McGrath mountain. Samples of the ore have been sent out. Lead and zinc are now among the most favored of metals and the MrGrath deposits will undoubtedly be developed in the near future., in addition to the work of the Granby Co. on the Standard. The McGrath mountain properties are close to tide water, and this fact will undoubtedly hasten their development.

High Grade Encountered At Esperanza

A nice high grade vein of ore has been encountered at the Esperanza mine by Messrs. Fraser and Lee, who have a lease on the property. The Esperanza seems to be full of these high grade veins, and when power is available for development purposes, some big surprises are liable to be sprung from this persistent shipper of high grade ore.

New Alice Arm Business Block Completed

The new business block just completed by Mr. N. Sutilovich is without doubt the finest building in town. The exterior is very imposing and the interior is beautifully finished. The building stands on First Street in the centre of the business section. It has a frontage of 26 feet and a length of 50 feet, and is two stories high. The finest of fir lumber has been used in its construction. The ground floor is lined with v-joint and fir veneer It is now receiving its first coat of varnish and paint, and when completed will present a very pleasing appearance.

ALICE ARM NOTES

See Al. Falconer for Freight and Pack Horses.

Mr. Geo Bruggy received a new Ford truck from Vancouver on Monday. It is the latest model, and is of very smart appearance.

Mr. and Mrs. F. D. Rice arrived from Anyox on Thursday, where they have spent the winter. They expect to reside here during the summer.

Jim Taylor arrived from the south on Thursday in order to boom the logs of Eric Carlson for shipment to Prince Rupert and Ocean Falls. He brought two boom men with him.

Mr. George Graham arrived in town on Thursday from Vancouver.

Hand Laundry Work. Moderate prices—Miss B. Crawford, Alice Arm.

Mr. Gus. Webber returned home on Monday, after spending a few days in Prince Rupert.

Mr. and Mrs. J. C. Devlin arrived in town on Monday from Vancouver, and expect to spend the summer here. Mr. Devlin left here a few weeks ago in order to escort his wife north.

Mrs. J. Trinder and daughter arrived home on Monday, after spending a month's vacation in Prince Rupert and Smith Island.

See Al. Falconer for Wood, Coal and Lumber.

Mr. and Mrs. Carl Johnson returned home on Monday from a short vacation spent in Prince Rupert.

Mr. Stratford arrived from Vancouver on Tuesday, in order to make a thorough examination of the Esperanza property. He was accompanied by Mr. Angus McDonald.

Mr. S. Dumas arrived home on Monday from Prince Rupert, where he has spent the past few weeks. He was called south on account of the serious illness of his cousin A. Gallagher. Accompanying him on Monday was his brother Henry Dumas, whose home is at Grand Prairie. Alberta, and who left on Thursday.

Mr. Art. Beaudin returned on Monday from a short visit to Prince Rupert.

The ground floor of the Sunset Rooming House has been entirely renovated by Mr. J. Pavelich. Three smaller rooms have been made into one big room, which has been lined with v-joint and fir veneer. Mr. Pavolich will operate the Sunset during the coming year.

A party of Skeena River Indian trappers arrived in town last weekend. They brought in a number of furs which they traded for sup-

Death Occurs In Anyox of J. Phillips

The death occurred at the Anyox Hospital, on Tuesday morning at 2 a.m. of Joseph Phillips, who passed away at the early age of 26 years. The cause of death was pnemonia, coupled with tuberculosis.

Deceased was Canadian and unmarried, and has been in Anyox for the past five years, being employed as loader at the smelter. Previous to coming to Anyox he was employed at the Surf Inlet Mine. He leaves to mourn his loss a father at Dundurn, Saskatchewan.

The funeral took place on Thursday afternoon at the Cemetery at 2.30 p.m. A large number of friends of the deceased were present. Rev. J. B. Gibson, of the Anglican Church, officiated.

A well written article relative to the LaRose mine was published in the Portland Canal News of April 10th. The space taken up was well over a column in length.

ANYOX NOTES

Mr. J. Mitchell, of the local school staff, returned on Monday from Easter holidays spent in Prince Rupert.

Mr. and Mrs. H. D. Southam were arrivals in Anyox on Monday's boat. Mr. Southam left Anyox 10 days before as a batchelor, but returned a benedict.

Among the arrivals on the Cardena on Monday were, Messrs. W. White and A. W. Smith from Vanconver, and D. Campbell from Prince Rupert.

Mr. and Mrs. Bob Clarke of the Mine were passengers south on Thursday.

Mrs. Al. LaFortune left on Thursday for Victoria.

The S.S. Amur left port last Sunday with 1600 tons of Premier ore from Stewart, and fifty tons of copper from Anyox.

The S.S. Mogul arrived on Monday from the south with 1500 tons of coal and 250 tons of miscellaneous freight.

The S.S. Marmion left on Monday, towing the scow, Griff, for Stewart, and returned on Wednesday with the scow, Pioneer, with 250 tons of Maple Bay ore, and 1100 tons of Premier ore.

Messrs. Art. Nickerson and Bud Sheen are the two Anyox correspondents of the Herald. Whenever you have any news for publication, please notify either of these gentlemen, and they will be pleased to gratify your wishes. They will also handle any advertising matter you may wish to insert.

Mr. H. D. Southam of Anyox, Married in Vancouver

A pretty home wedding took place at Vancouver, Friday the 17th. at 6 o'clock, when Francis Elizabeth, eldest daughter of Mr. and Mrs. John J. Smallman, Davie street, and formerly of London, Ont., became the bride of Mr. Harold Davey Southam, son of Mr. and Mrs. John E. Young of Kelowna.

The ceremony took place beneath a bower of pink and white blossoms and ferns, and Rev. J. J. Ross read the service. The wedding music was played by Mrs. H. J. McCreery, who rendered "The Crown" during the signing of the register.

The bride made a winsome picture in her wedding robe of white satin and old lace, with seed pearl trimming. Her veil of embroidered net was held in place with a coronet of real lace and orange blossoms. She carried Oprelia roses in shower effect, and wore the gift of the groom, a diamond dinner ring. Miss Elma Smallman, sister of the bride, was her attendant and was frocked in mauve crepe de chine with french flowers of gold and silver tissue. A sheaf of pink carnations completed her costume. Little Miss Josephine Cates was flower girl in a french frock of pale pink silk and lace ruffles. and carried a basket of spring blossoms. Mr. Jack Young supported the groom.

Following the ceremony a buffet supper was served. Mrs. Gordon J. Evans presided at the tea table, which was centred with a basket of yellow and white flowers. Assisting in serving were Misses Doris and Delma Jackson and Misses Marion and Lillian Copp. The bride travelled in a navy suit costume with sand hat and shoes. The groom's gift to the bridesmaid was an onyx ring, to the flower girl a pearl bar, and to the soloist a bar pin and to the best man a gold-mounted fountain pen.

Mr. and Mrs. Southam arrived in Anyox on Monday, and were the recipients of the congratulations of a large number of friends of the groom, who is a member of the teaching staff of the Granby Bay Schools, and is held in high esteem, both by the pupils and parents. A large number of his pupils were on hand on Monday in order to extend congratulations. They also gave a concert in his honour before his departure for the south.

Boat Schedule Changes

This week marks a change in the C. N. R. steamship service from and to Anyox. The big boat will now sail from Anyox at 1 p.m. each Thursday for the south. This service will be effective until the latter part of June, when the summer schedule will be commenced.

E. MOSS, Editor and Publisher.

The Herald is doing its utmost to obtain publicity for the mining industry of the district, and each week over 500 copies are distributed throughout the continent.

The Herald is only a small paper compared to those published in larger centres, bnt don't forget that its size depends entirely upon the support it receives. If you are not already an advertiser, then in all fairness you should advertise, and help the good work along. If you are an advertiser, then why not double your space, and help give the district a bigger and better paper. If you are not in business, and therefore have nothing to advertise, you should help support the local paper, the only means the district possesses of giving publicity to the outside world of the development of the mining industry and its vast possibilities. Subscribe for yourself and then for your friends who live in other parts, and let them know what a rich mineral country you are living in.

Present Big Demand for Copper Will Continue

Mr. Browning, manager of the Britannia mine, speaking before the delegates at the convention of the B. C. Division, Canadian Mining Institute of Mining and Metallurgy, stated that copper, the metal upon which the prosperity of the mining industry in British Columbia to a great extent depends, has every prospect of remaining in good demand for an indefinite long period.

Discovery of new uses for copper in the advance of electricity is causing a demand for the red metal which copper mining companies of the world will be taxed to fill, Mr. Browning declares.

Mr. Browning said that the American people used 6.2 pounds of copper per capita, while the far eastern countries where electricity has yet to make its advance, used only an indefinite small fraction of a pound per capita annually.

T. A. Richard, San Francisco mining journalist, opened the discussion on metal supplies and markets with a resume of the standing of the various industrial metals. Enormous increase in the use of metals in the past 25 or 30 years and the consequent exhaustion of supplies, made a review of the situation interesting, he said.

New Copper Production Records

World production in 1924 totaled 3,200,000,000 pounds, compared with wartime record of 3,150,000,000 pounds in 1918, and prewar peak of 2,181,253,000 pounds in 1923.

Outlook for Baseball in Anyox for Coming Season

The baseball outlook in Anyox for the coming season, does not, at the time of writing look as bright as in former years. Since the close of last year's season quite a number of senior players have left town, and as yet no new talent is in sight to take their places. Unless new players arrive before the opening game, it looks as though the senior games will not be up to the usual high standard of recent years.

The Mine and Elks both have enough players to field fair teams, but the ranks of the Smelter squad, —last year's runner's up—have been sadly depleted, only four of their regulars being in town.

The Elks will be minus the services of Cy. Greenwell, Coleman Hall, Red Fitzpatrick, and possibly Archie Campbell. The loss of these players, however, may not be so keenly, felt, as it is rumoured that Cecil Ferguson and Fred Brown may throw in their lot with the Brother Bills.

The Miners have several of last year's squad, and several new players who are more or less unknown quantity.

It is now up to the different teams to meet and solve the problem confronting them. It is unthinkable that the senior league should be abolished. In order to fill up the three teams there are two courses; split up the best players among the three teams, and fill in with the pick of the Intermediates, or, import new players. A senior league of three teams we should have somehow.

Lots of Footballers are Available

The football outlook is very bright for the season of 1925, the same three teams will compete again this summer and are all keyed up and rarin' to go. Several new pigskin chasers have hit town since the close of last year. All three clubs are confident of strong elevens, and the race for the league championship and the cup ties should be very closely contested.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

Anyox Boy Scouts Are Complimented by Dr. Learoyd

The senior boys who have been attending the First Aid classes, held under the auspices of the First Anyox Troop of boy Scouts and conducted by Mr. Edgar Ashton throughout the winter months, presented themselves on Tuesday 7th. inst. to be examined in the work covered during the term.

Dr. Learoyd, although one of the busiest men in town, was kind enough to conduct the examination.

This group of budding M. D's, or surgeons, or whatever they may become, proved to the satisfaction of the Doctor, that they had profited in a marked degree by the instructions so ably, patiently given by Mr. Ashton, and complimented the boys on their proficiency.

The following boys were successful in the examination and have been recommended for the Junior Red Cross Certificate: Willie Cloke, Tom Gray, Earle Gray, Tommy Cloke, Stanley Sawrey, Charlie Bright and Willie Watson.

After a few congratulatory remarks by the Rev. Mr. Gibson, Mr. Ashton presented prizes to the boys obtaining the highest marks.

Willie Cloke, who came first, was presented with a watch, Tom and Earl Gray, who tied for second place, a scout knife each.

These prizes were made possible through the generosity of Mr. Ashton and a few friends.

C. P. R. Earnings Show Decline, But Big Dividends Paid

A decline of more than $13,000,000 is shown in the gross earnings of the Canadian Pacific Railway Company for the year ended December 31 last, according to the statement issued recently, but since working expenses dropped by almost the same amount, the net earnings for 1924 are a little more than $200,000 less than for 1923, the figures being net, 1923, $37,479,010; 1924, $37,227,242.

Available for dividends for the last year is $22,650,955 as compared with $23,508,357 for 1923. A decrease of more than a million dollars is shown in the net surplus for the year, the figures for 1923 being $1,633,347, as compared with $463,614 for the last year.

He tried to cross the railroad track,
Before the rushing train;
They put the pieces in a sack,
But couldn't find the brain.

BRITISH COLUMBIA
The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, $76,962,203; Lode Gold, $113,352,655; Silver, $63,532,655; Lead, $58,132,661; Copper, $179,046,508; Zinc, $27,904'756; Coal and Coke, $250,968,113; Building Stone, Brick, Cement, $39,415,234; Miscellaneous Minerals, $1,408,257; making its mineral production to the end of 1923 show

An Aggregate Value of $810,722,782

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years, 1906-1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; for the year 1921, $28,066,641, and for the year 1923, $41,304,320.

Production During last ten years, $350,288,892

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

No. Special 7406, and A. L. Ployart F. M. C. No. 77014-C. intend sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements for the purpose of obtaining a Crown Grant of the above claims.

And further take notice that action under Section 85 must be commenced before the issuance of such Certificate of Improvements.

Dated this 31st day of March, A.D. 1925.

FRANK STRINGHAM,
Agent, Hill Billy Group.

Alice Arm Notes

Continued from page 1

plies. They came from the Naas valley and down the Kitsault, returning the same way.

Construction of the bridge across the Illiance River is now under way. This work was commenced last year. On its completion it will be possible to walk from Alice Arm to the Silver City side of the inlet without any difficulty. This will be greatly appreciated by prospectors, loggers, hunters, fishermen, etc.

The work of surfacing the wharf road is being carried out by the Public Works Department.

All signs point to a season of activity for the mining industry this year, and some big deals are expected to go through with local properties before next winter's snow strikes the tall hill tops.

If we had an organization here, we could probably arrange to send an ore exhibit to the B. C. Chamber of Mines, and also supply them with information regarding development of the camp. As matters stand now, we can not do anything, only growl about the slowness of investors recognizing Alice Arm. This clamlike silence isn't hurting anyone except ourselves.

Peace River Railway May Not Be Commenced This Year

Latest advices from Ottawa state that the building of the Peace River Railway may not be commenced this year. Earnings on both the C. N. R. and C. P. R. declined last year, and for this reason the building of the railway may be held over.

"Sam, you've been married quite a while. Why dont y ou let me write you an insurance policy?"

"No, sir! That woman is pretty handy with a flat-iron now, and there's no sense in hanging up a premium for a bull's-eye."

BARBER SHOP

Mr. J. Pavelich will open his Barber Shop at the Sunset Rooming House, on Monday next, April 27th.
