y Stops to detrain from Winnipeg and east and entrain for Calgary and west. On Mon., Wed. and Fri. stop Wolseley to entrain.

THE SPIRAL TUNNELS

Between the Great Divide and Field, going West, the track enters the first tunnel, (3,255 feet long) under Cathedral Mountain, and after turning almost a circle and passing under itself emerges 48 feet lower. The track then turns easterly and crossing the river enters the second tunnel (2,922 feet long) under Mount Ogden. Performing a similar evolution, it emerges 45 feet lower and continues westward to Field.
