Big Wrestling Match Monday Thrills Huge Anyox Audience

That the bout was a thriller; that both were cautious of the other—neither giving the slightest opening—that neither was superior to pin his man to the mat; that the referee's and judges' decision of a draw shared the feelings of the huge audience present, was the general opinion after the greatest wrestling bout ever staged in Anyox, on Monday night, when Stubbs and Docherty (not Doherty) wrestled for 60 minutes before a breathless audience, at the Mine Club entertainment.

The bout was governed by pin falls, which means that the shoulders must be pinned to the mat for a space of three seconds. The first two falls out of three to decide. Failing a fall, the decision to be made on points, in which rolling falls count. The bout to be 6 ten minute rounds in case no falls were made, with 3 minute intervals. The weight of the contestants, were Stubbs 138 pounds, Docherty 139.

Both men entered the ring in the pink of condition and were given a great ovation. Dick Stubbs has appeared many times before an Anyox audience, while this is the first time Anyox fans had seen Docherty in action. The supporters of Stubbs were certain of a victory, and those who knew Docherty were sure that he would dispose of the local champion in short time.

At the conclusion of the second round, all forecasts were completely upset as the proverbal house of cards, and until the finish the issue was completely in the balance.

A more evenly matched pair has seldom been seen in the ring. Both were equally even in tactics, both showed surprising swiftness in extricating themselves from a difficult position. Both gave an odd chance, but each lacked the slight superiority to pin his man.

Until the 5th round Docherty was the aggressor. He obtained a rolling fall in the 1st round and another in the second. In the 3rd and 4th rounds neither obtained an advantage, although there were flashes of clever mat work in which both extricated themselves with remarkable swiftness from awkward predicaments. Stubbs showing to more advantage in this respect.

Stubbs started aggressive work in the 5th round and obtained two rolling falls, which evened honors. In the 6th round neither contestant "cut loose" on any trick he may have been holding back and honors were even.

The bout proved that in Docherty, Stubbs met a worthy opponent. Of the two, Docherty was undoubtedly in better condition, but he did not seem as anxious to go to the mat as did Stubbs. The latter gave ground throughout the bout while they were on their feet, but seemed willing to mix it when in the mat. The elevated ring was too small, which was a handicap. To sum concisely Docherty couldn't pin Stubbs nor could Stubbs hold Docherty.

W. R. Lindsay, general superintendent, was the referee, which exacting position he filled to the satisfaction of all. He is a wrestler of considerable experience, and thoroughly acquainted with the fine points of the game.

The judges were Al. LaFortune and Jack Evans.

Timekeepers: F. Brown and J. Russell.

Standing room in the hall was at a premium, and the large audience registered its approval in a hearty manner, when the boys were on the mat.

In an interview the following morning, Stubbs stated that he was willing to again meet Docherty and stated that if a return match should be made this summer, it may be possible to hold it outdoors and avoid the heat of an enclosed room.

Wolf Mine May Develop Into Heavy Shipper Silver Ore

The Wolf mine, adjacent to the town of Alice Arm, and operated by J. Fiva and associates, is being developed into a shipping mine which may assume considerable proportions.

The crosscut tunnel has been driven to the hanging wall of the ore vein, a distance of 155 feet from the portal. The footwall of the vein was encountered at a distance of 125 feet. The vein averages two feet in width and the thirty feet of crosscutting shows that ore values are persistent through the entire 30 feet. The values are in native, brittle and ruby silver, and yellow copper.

Drifting has been commenced on the north where a fault about 4 feet wide is being crosscut. Drifting will be continued.

Operations at the mine are being handled in an extremely efficient manner.

The waste dump is being extended towards the railway, where ore bunkers and a sorting shed will be built. It is planned to mine the entire width of the vein, and ship the ore in bulk, thus eliminating the heavy expense of sacking.

A new powder magazine has been built above the tunnel. It is made of logs and is substantial.

J. Fiva and his hard working colleagues, are deserving of great commendation for their pertinaciousness. An examination yesterday of the mine showed that it is highly probable that the Wolf will develop into a shipper of considerable importance.

Tunnel Encounters Ore on Alice Arm Fraction

An examination was made yesterday of the Alice Arm fraction, which is being operated by O. Flint and L. Paulcer. This property joins the Wolf near Falls Creek. The crosscut tunnel now being driven has encountered one ore vein about 8 inches wide, but up to present the values are not very high This tunnel is now in 55 feet and is being extended to encounter another vein, which is four feet distant from the above mentioned one. Higher values are expected to be obtained from this second vein, as native silver ore has been taken from the surface.

Work at Toric Commences

Work started in earnest at the Toric mine on Monday when additional men were put to work. The hauling up of the timbers necessary for the construction of the concentrating mill and ore bunkers has commenced, and this work will undoubtedly be speeded up so that the mill can be put in operation as soon as possible.

Anyox Mill Increases Output to 1800 Tons

Bonanza Being Diamond Drilled

The concentrating mill of the Granby Co. at Anyox is now treating 1800 tons of ore per day instead of 1200 tons as formerly. The new units were put into operation on Friday the 7th. The capacity of the mill will be further enlarged, and it is expected that at the beginning of next year the mill will be treating from 2500 to 3000 tons of ore per day.

The construction of the new sintering plant is proceeding, structural steel now being assembled. The style of roasting pans will be changed.

The Granby Co. have outlined a programme of development work on the Bonanza, consisting of about 2000 feet of diamond drilling. The Bonanza is located on the west side of the smelter, and 500,000 tons of ore were previously blocked out. Its percentage of copper content is slightly higher than the Hidden Creek mine.

Ed. Ashton Again Honored

Mr. Ed Ashton, the popular caretaker of the Beach gymnasium, received another pleasant surprise during the week, when the sum of $25.00 was presented to him by a number of those using the gymnasium, during the winter months. This useful sum was given him as a token of appreciation for the able and courteous manner in which he conducted affairs.

WANTED: Assistant in the Anyox Post Office. Apply by letter addressed to the Postmaster.

ALICE ARM NOTES

E. A. Egan, an old timer of the camp, arrived in town last week-end, and is busy developing the Ourah property in the upper Kitsault country.

Paddy Morley arrived home on Saturday from Anyox mine, where he has spent the past winter.

Angus McDonald arrived in town on Saturday from Anyox, and will spend some time here developing his mining properties.

A. C. H. Gerhardi, managing director of the Consolidated Homestake Mining Co. arrived in town on Monday from Vancouver, and left again on Thursday.

Robert Henderson arrived in town on Monday from Vancouver, and will develop his mining property in the Kitsault Valley.

Wm. Hutchinson, an old resident of the camp, and well known in all northern mining camps, arrived in town on Monday from Anyox via Prince Rupert.

Continued on page 4

First Football League Game on Tuesday

Mine Win from Beach

The Anyox footballers got away to a good start on Tuesday evening when the Mine defeated the Beach in a close and hard fought game by the odd goal in five. There was a large turnout of fans, which augers well for the sport this season and on the form shown by both teams on their initial appearance the game will be worthy of the support of everyone. Archie Morton had the honor of opening the season by kicking off, which he did in a very able manner, proving that he has lost none of his old cunning at the pigskin game.

Many new players were seen on both teams, all of whom show lots of promise. Walker, a center half who hailsfrom Norway, was exceptionally good as also was Parker, an inside left from Nanaimo. Other newcomers on the Mine aggregation are: Stultz and Victor full-backs, and Jones and Hunter, half-backs.

The Beach produced five new players on their roster namely, Pinkney, Carmichle and Lawson half-backs, and Dunn and McColl forwards. Hard luck was all that kept the losers from a draw, the unfortunate incident occurred in the second half when the score was tied at two all, Craggs just missed getting his head to the ball enough to clear managing only to deflect it enough to give his own goally no chance to save. Wally Hunter was responsible for both the remaining goals scored by the winners. By the looks of things, Hunter is out to make a name for himself as a center forward. Hogben notched the first goal for the Beach on a shot from close in which gave Evans no chance. Ellison netted the first counter. Baker Robertson was the referee and handled the whistle in a highly satisfactory manner, never being in doubt at any time and suffered no adverse criticism from either side.

Teams:

Mine: Evans, Stultz, Victor, Jones, Waller, Hunter, Cane, Barnes, W. Hunter, Parker and Dearlove.

Beach: Hunter, Craggs, Taylor, Pinkney, Carmichle, Lawson, Dunn, McColl, Ellison, Mahoney, Hogben.

Opening Anniversary Celebrated by Dance

The 10th anniversary of the Alice Arm Hotel was not allowed to pass without due recognition. On Saturday evening the people of the town invaded the building en-mass, when they sprang a surprise on Mr. and Mrs. O. Evindson.

The evening's celebration opened with games of bridge. The prize winners being Mrs. W. M. Cummings, ladies; Mr. Al. Falconer, gents; O. Flint captured the consolation prize.

A mock wedding was then carried out at which Ellen Anderson was bride, and Chester Falconer groom. Ted Kergin acted as father of the bride, and Billy Wilson was best man. Genda Falconer and Alma Evindson were bridesmaids.

Parson A. D. Yorke officiated in a manner which suggested an intimacy at some time with holy orders.

Dancing was then induluged in until supper time, and all returned home with the satisfaction of having spent a very enjoyable evening.

All Records Shattered at Mine Club May 10 Entertainment

The proud boast made by the Anyox Mine Club that the May 10th entertainment was to be the biggest ever staged in Anyox, was undoubtedly fulfilled, perhaps to a larger degree than was anticipated by even the most sanguine of the organizers.

Four solid hours of entertainment was what the patrons received on Monday night. Everything was good, the singing, musical selections, boxing, and the wrestling match was a thriller, and well worth alone the modest 50 cents charged for admission.

There were roughly 500 people present, the hall being filled to capacity. The excellent entertainment provided and the expeditious manner in which it was carried out reflects great credit on the part of the officials responsible who deserve the warmest congratulations.

Billy Reynold's juveniles featured the sporting items, a particularly hearty reception being given the bout between Russel McMillan and Henry Deeth. The lads displayed rare boxing skill, were seldom in clinches, and took every chance given them. Altogether a pretty boxing bout.

Glyn Owen and Tony Calderoni, were others of the gang of youthful sportsmen from "upon the hill."

Jimmie Arscott and Jack Barnes were the "Battling Brakies" and those old time favorites, Pigskin

Anyox Oddfellows Celebrate First Anniversary

The Loyal Order of Oddfellows celebrated their first anniversary of the opening day of their Lodge in a very befitting manner by giving a dance on Thursday May 6th. in the Elks' Hall, when the members entertained their wives and lady friends. The Hall was very artistically decorated in red white and blue.

Dancing commenced at 9 p.m. led by Bro. Wilson and continued until 11 p.m. when everyone adjourned to the Dug-out, where a very tasty supper had been prepared. After the supper interval dancing again continued until 2 a.m. This proved to be a very enjoyable evening, and the committee wish to thank all those who helped to make this event such a success.

It is the intention of the Lodge to put on another dance on May 24th.

D. N. Stewart representing the Great West Life Assurance Co. arrived in Alice Arm and Anyox on business on Monday and Tuesday.

CARD OF THANKS

Mr. and Mrs. O. Evindson wish to thank all those who visited the Alice Arm Hotel on Saturday, and assures them that their presence was appreciated.

All Records Shattered at Mine Club May 10 Entertainment

Continued from Page 1

and Glory Hole, slammed at one another to beat ——, the two giving the audience the greatest kick in the world.

Of the musical items, Bud Sheen, whose distinctive singing has now become known, since the Mine Club "discovered" him some two season's ago, captivated his audience with that quiet method of delivery which is so facinating. Another favorite with talent unbounded, was Jimmy Mitchell in a couple of rousing songs, who was later in the evening followed by Benny Brown and a recitation.

New comers to the Anyox public were Evan Jenkins, a "nut" comedian par excellence, who created roars of merriment, and Fred Scotney, a member of the "College Trio." Fred after hiring a couple of tenors and an accompanist for his act, fired the whole bunch, and attempted to carry on alone. This proved however to be impossible, for he agreed that after all, they were "all wonderful" and later informed his audience that he was a "Bingo Boy—down on the farm" His colleagues of the trio were, Dave Wilson and Billy Jack.

Rounding off this really splendid bill of diversified entertainment was the Melodians orchestra, featuring "Valencia" as an overture, and providing musical jems from Otto Neiderman and W. Jack (violins) and Steve Jones (saxpohone).

An outstanding feature of the evening was the programme running smoothly to schedule, the affair being stage managed to a nicety. From behind the scenes praise is due to Verge Moore, chairman of the Mine Club sports committee, and his able assistants, Billy Reynolds and Phil Harris; an army volunteer help readily given; the use of the Recreation Hall; the chairmanship of Dr. Learoyd; the presence of a huge audience, all helped to make "Monday the 10th" historical. Incidentally, the Mine Club's "publicity expert" proved absolutely correct in his forecasts. Ladies numbered nearly 100 in an audience of five times that number.

Following is the programme:

1. Orchestra selection.
2. Solo, Evan Jenkins. "I love the ladies." Encores "Paddy McGinty's Goat." Parody on "Show me the way to go home."
3. Solo and comedy. The college trio. Fred Scotney, Dave Wilson, Billy Jack. "We are wonderful."
4. Boxing by Billy Reynolds' juveniles. Tony Calderoni and Glyn Owen.
5. Solo, J. Mitchell. "Polly Wolly Doodle all day." Encore, "Sunshine of your smile."
6. Violin Solo. Otto Neiderman. Encore given.
7. Boxing, Arscott and Barnes, the former being the aggressor.
8. The College Trio, "Down on the Bingo Farm."
9. Recitation. Benny Brown. "The man from Athabasca" Encore "The bachelor's dream in Church."
10. Boxing. Russell McMillan and Henry Deeth. The youthful boxers, who battered each other for three rounds, both trying for a knockout. A bout full of action. Honors were even.
11. Songs by Bud Sheen and ukelele. "The prisoner's song." Encores. "On top of the world.' Has anybody seen my girl."
12. Saxophone Solo. Steve Jones.
13. Solo. Evan Jenkins. Parody on "In the shade of the old apple tree.
14. Violin Solo. Billy Jack Encored.
15. Boxing. Ernie Dearlove and Sid Peters. A bout full of action from start to finish. In which the contestants extended themselves and clouted each other to a "fare-ye-well." Both possessed a hard wallop, skill and pluck. Referee's decision was a draw.
15. Orchestra selection.
16. Wrestling Contest. Stubbs vs. Docherty. An account of which appears in our front page columns.

Billy Reynolds referred all boxing bouts.

Educational and Historical Tour

The Canadian National Railways will operate a forty-three day Personally Conducted Educationally Tour to Europe this Summer, sailing via the S. S. "Athenia" from Montreal July 9th direct to Glasgow. Proceeding from there, the party will visit different points of interest in Scotland, England, Holland, Belgium, Switzerland and France, also an opportunity to visit the Battlefields. Returning to England, will sail from Liverpool on S. S. "Aurania" August 13th for Montreal, Considering the number of points visited, the accomodation provided, and entertainment offered, this is one of the lowest priced Tours ever operated to Europe.

Full particulars, reservations, etc, from any agent, C. N. Railways, or R. F. McNaughton, District Passenger Agent, Prince Rupert.

Big Sullivan Plant to be Increased

Thirty per cent. increase in the capacity of the Sullivan concentrater is the object of a development programme which already has been put under way, according to A. G. Langley, resident engineer for the Kootenay mining district.

When work is completed the Sullivan will be milling 4000 tons of ore daily, and employing about 1000 men he reports. Present capacity is about 3000 tons a day.

The ore bodies, which are considered to be replacement deposits in quartzite, are of immense proportions. The south ore body having been developed for about 700 feet along its strike, has a width of between 30 and 40 feet of solid sulphide ore, while the north ore body which promises to be still larger, has a width in places of 200 feet.

"These ore bodies are being worked from an adit tunnel about two miles long, which gains about 1500 feet on the dip of the vein below the upper workings from which latter ore is also being mined.

"The ore is a finely crystalline mixture of lead, zinc and iron sulphides running about 3 oz. in silver per ton, 11.5 per cent. lead and 10.5 per cent. zinc."

Marmot Metals Again Starts Operations

Portland Canal News

Angus McLeod, managing director of the Marmot Metals Co. visited the property during the early part of the week, and laid out the work for a crew of men who are to leave for the property tomorrow. For the time being, the work will be confined to building a trail up on the east end of the property and the erection of a camp there to facilitate a continuance of last year's exploration work, preparatory to laying out a development campaign.

Radio Record Established

An interesting record for long distance radio reception on a moving train was established recently when the Continental Limited, the transcontinental express of the Canadian National Railways, picked up and held for thirty minutes a broadcast from Vera Cruz, Mexico, just as the train was leaving Hollon, Alberta, en route to Vancouver.

The dominion collected $120,222,454 in duty last year; in 1900 the total was $29,106,980.

Spelling it alright is all wrong.

Finances of Province in Prosperous Condition

Details of financial progress of British Columbia during the last decade have just been made public here. These show in brief that for every $100 bond the Province sold in the financial market ten years ago it only received $86.20 in cash, while ever since 1919 provincial credit has improved to such an extent that the average value received in cash for the same $100 bond works out at $98.10

Other statistics included in the statement show that in 1916 current obligations unpaid amounted to $2,000,000, that accrued obligations unpaid amounted to a similiar sum, that Pacific Great Eastern bonds were guaranteed to the extent of $48,000,000 that there was a shortage in sinking funds of no less a sum than $628,800.

It is also a fact that a civil Service salary list at that time absorbed something like 8 per cent. of the revenue of the Province, that an anticipated deficit of $5,400,000 on current account for the year had to be faced, and that there was only the small sum of $54,000 in actual cash in the treasury.

The situation today, however, is entirely different. All the current obligations of the Province are paid in full, and all its accruing obligations are satisfactorily provided for. The sinking funds also are all paid up to date, and there is a surplus of $1,000,000 in that particular account.

Huge Total of World's Copper Production

The world's production of smelter copper in the first quarter of 1926 is calculated at 781,496,000 pounds with an output of 270,180.000 pounds in March, an increase of 17,830,000 over February. The figures are based on returns from countries which furnished about 97 per cent. of the world's output in 1923 and 1924.

First-quarter production last year was 777,288,000 pounds and in the same period the year before 718,048,000. The output for the first three months of 1926 was at an annual rate of 3,126,384,000 pounds, The March output in the United States was 161,408,000 pounds against 151,260,000 in February. Chile and Peru were the next largest with about 45,000,000 pounds. There was a substantial increased production also in Canada.

Salmon exports from the Province of British Columbia during the past year were the largest recorded for most years and amounted to 1,571,000 cases.

This compares with shipments of 1,525,000 cases in 1924: 929.000 cases in 1923; 794,000 cases in 1922 and 939,000 cases in 1921.

Quite Right!

The old lady was feeling ill, so the maid sent for the doctor.

"What's the matter with your mistress?" he inquired.

"I don't know, sir," answered the maid, "but she says she wants to die."

"Ah," said the doctor, "then you did quite right in sending for me.

The hardest thing about loafing is buying things on credit.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

BRITISH COLUMBIA

The Mineral Province of Western Canada

TO END OF DECEMBER, 1924

Has produced Minerals as follows: Placer Gold, $77,382,953; Lode Gold, $118,473,190; Silver, $68,824,579; Lead, $70,548,578; Copper, $187,489,378; Zinc, $32,171,497; Miscellaneous Minerals, $1,431,349 Coal and Coke, $260,880,048; Building Stone, Brick, Cement, etc., $42,225,814; making its mineral production to the end of 1924, show an

Aggregate Value of $859,427,386
Production for Year Ending December 1924, $48,704,604

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES,
VICTORIA, British Columbia

N.B.—Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B. C. Reports of the Geological Survey of Canada, Pacific Building, Vancouver, are recommended as valuable sources of information.

Alice Arm Notes

Continued from Page 1

Mr. and Mrs. W. J. Crawford of Stewart spent a short time in town on Monday, while the Cardena was in port. They were returning home from a motor trip through the United States.

P. J. Murphy arrived in town on Monday from Vancouver.

R. D. Escombe, superintendent at the Toric mine, arrived on Thursday from Vancouver.

A. Fox, A. Leach and A. Blacksmith arrived on Monday from Vancouver for the Toric mine.

Gus Pearson, one of the pioneer prospectors of the camp arrived in town on Monday, after an absence of eight years, which he has spent in Sweden. He has an interest in the North Star and expects to remain here for some time.

Steve Dumas left yesterday for the upper Kitsault, where he will develop the Ourah property, in which he holds an interest.

Mr. and Mrs. T. Shackleton and son arrived in Alice Arm on Thursday from Usk. Mr. Shackleton is an old resident of the camp, and expects to spend the next few weeks here. He is interested in mining properties in the upper Kitsault country.

"GOVERNMENT LIQUOR ACT"

Notice Of Application For Beer Licence

Notice is hereby given that on the 29th. day of May next the undersigned intends to apply to the Liquor Control Board for a licence in respect of the premises, being part of the building known as "Sunset Hotel", in the Town of Alice Arm, Province of British Columbia, upon the lands described as Lot 10, Block 1, in Subdivision of Lot 1074, Cassiar District. Map 1222, Prince Rupert Land Registration District, in the Province of British Columbia, for the sale of beer by the glass or by the open bottle for consumption on the premises.

DATED this First day of May, A. D. 1926.

John Thomas
Applicant.

MINERAL ACT

NOTICE TO DELINQUENT PARTNER

To P. A. ARMSTRONG:

Take Notice, whereas I have done and caused to be done assessment work on the "Montana" Claim, "Billy Mac" group of Mineral Claims, situated on the Illiance slope of McGrath Mountain, Alice Arm, in the Naas River Mining Division of Cassiar District, for the years 1925 and 1926, and have paid for said work and recording the sum of $176.00. Unless you pay me the sum of $176.00 for your share of the said assessment work, together with the cost of this advertisement. I shall, at the end of sixty (60) days from the date hereof apply to the Mining Recorder at Anyox, B. C. to have your interest in the "Montana" Claim, "Billy Mac" group vested in me, in pursuance of the provisions of the Mineral Act.

Dated at Alice Arm, this 15th. day of May, 1926.

ROY MCKINLEY, co-owner and agent for T. CALFA,
J. CALFA,
J. FRASER,
G. W. MORLEY

ANYOX NOTES

Mr. and Mrs. R. Armour and son left on Saturday for Alice Arm, where they plan to spend the next few months. They have been residents of Anyox for over nine years, during which time Mr. Armour was superintendent of the steam power plant. His departure is regretted by a large number of friends who wish them the best of good luck in their future life.

Rev. C. D. Clark and Mr. W. Barclay left on Sunday for Vancouver to attend the annual convention of the United Church of Canada, the opening session of which started last Wednesday.

Charles Clay has left with his launch Bernice, for Wark Channel. B. & S. Bay will be his first call. He intends to spend the summer fishing.

Mrs. R. O. Cutler received a wire on Monday that her mother was seriously ill in Vancouver. She left on the Cuprite to make connections with the S. S. Cardena at the mouth of the Portland Canal.

The "Busy Bees" are holding their Annual Bazaar on Saturday May 22nd. in the basement of the Union Church. All donations will be thankfully received by Mrs. Cameron, superintendent. Help to encourage the little ones to make this a successful affair.

Mrs, A. Seaton arrived on Saturday from Vancouver, to join her husband who arrived a short time ago.

Mr. and Mrs. Cecil Ferguson and family left on Monday for Vancouver, where they will reside. Cecil was the star pitcher for the Elks' baseball team, who will find it hard to replace him.

When buying cigars see that you get the El Dora. The favorite smoke.

"Dad" Duby was a southbound passenger to Victoria on Monday.

W. Winston, G. Phillipson and A. Asbuck were passengers to Prince Rupert on Monday.

H. Smith was an arrival from Vancouver on Monday.

Mrs. Sorrenti arrived home on Monday from a trip to Prince Rupert.

A number of Anyox visitors spent the day in Alice Arm last Sunday. The weather was perfect and a very pleasant time was spent. Among those enjoying the scenery and indulging in recreation were noted, Mr. and Mrs. G. Crow, Wm. Wells, Neil Forbes, John McCallum Jack Humphries, Pete Wishart, Dan McVicar, Cecil Parmiter.
