A little paper with all the news and a big circulation

THE HERALD

Published in the interests of Alice Arm and Anyox, B. C.

$2.50 a Year Alice Arm and Anyox. $2.75 to all other points.

VOL. 8, NO. 48 — ALICE ARM, B. C., FRIDAY, JUNE 14, 1929 — 5 cents each.

Topographical Survey Of Alice Arm Will Be Completed

R. Bartlett, who was in charge last year of the topographical section of the Dominion Geological Survey Department arrived at Alice Arm on Sunday from Ottawa. He was accompanied by J. J. Fairley, who was assistant to Mr. Bartlett last year.

On Monday a group of students of the British Columbia University, numbering five, arrived to complete the party.

The mapping of the entire district last year was uncompleted This year efforts will be made to finish the work, so that a map showing the elevations of the mountains, locations of the creeks, etc. can be published.

Work will be commenced on the hills east of Silver City, in the Lime Creek and Roundy Creek sections. Following the completion of this, the party will move to the Upper Kitsault Country, and complete the work there left over from last year.

If time and weather conditions permit, the latter part of the summer will be spent in surveying the Illiance River section from Copper Creek to the Illiance—Naas divide.

The whole active part of the district will then be accurately mapped, and a geological survey also made. This will supply valuable information to mining companies seeking information of the district.

Dr. Hanson will conduct the geological examination again this year.

Since leaving here last fall, Mr. Bartlett has spent the entire time at Ottawa. He stated that the survey work done last year has been transferred to paper, and next year will see a complete map of the district ready for publication.

Herald Will be Published On Friday During Summer

Owing to the change of the schedule of the C. N. Steamships, and in order to conform with the changed mail service, the Herald will be published each Friday instead of Saturday, during the summer months. Papers will arrive in Anyox each Friday afternoon at 4 p.m.

G. W. McMorris Returns South

G. W. McMorris left Alice Arm on Monday for Vancouver. While here he attended to affairs of the Kitsault-Eagle Silver Mines Ltd. and also made an examination of the tunnel which is being driven by the company on the Sunrise group. The tunnel is showing mineralization, but the objective has not yet been reached.

Enjoyable Tournament Held By Anyox Tennis Club

The Tennis Club spent eight hours on Sunday in one of the most enjoyable tournaments on record. The weaker women players were paired with the stronger men players and the results were surprisingly close.

Due to the absence of men Mrs. Eve and Miss Richards played masculine roles. Paired with Miss Leighton, Mrs. Eve administered the most crushing defeat suffered by Mrs. McIntyre and Mr. Field who had been leading throughout the day. Miss Richards and Miss Greenwood were in the running right to the last game when the eventual winners, Mrs. Cody and Mr. Lee gave them their second defeat in eleven matches.

Refreshments during the afternoon compensated for the hasty meals the competitors had to snatch between sessions.

High Scorers were:

Mrs. Cody and Mr. Lee, 215.

Miss Richards and Miss Greenwood, 209.

Mrs. Wenerstrom and Mr. McIntyre, 209.

Mrs. McIntyre and Mr. Field, 205.

Miss M. Dresser and Mr. Clark, 205.

Britannia Co. Extend Alice Arm Holdings

The Britannia Mining & Smelting Co, added considerably to their holdings in the Alice Arm district during the week, when they staked 28 claims.

The claims are situated on the top of the Toric hill, and extend from Goat Creek to the head of East Creek. They join the Toric on the east.

New Building Going Up At Alice Arm

A new building is being erected at the rear of T. W. Falconer's old store by Al. Falconer. It has a measurement of 18ft. x 26ft. It will be 1½ stories high, and will be used as an office and living quarters by Al. Falconer. When completed it will comprise five rooms. The foundation is composed of long stringers so that the building can be conveniently moved when lots of the former Indian Reserve are placed on the market.

Send your films to Wrathalls Photo Finishing, Prince Rupert, for careful work and quick results. Enlarging and Scenic Photography

Mr. and Mrs. Mainwaring, who arrived last week, left on Saturday for the south.

Anyox I. O. D. E. Hold June Meeting

Collison of Kincolith Chapter, I. O. D. E., held their June meeting in the United Church on Tuesday. Mrs. Ashmore and Miss Richards were inducted into the Order. Money was voted to the Province Fresh Air Fund, sufficient to send two mothers for a holiday.

Arrangements were made for the Dominion Day Dance, of which Mrs. V. S. McRae will have charge.

Miss Mary O'Neill was appointed to convene the committee in charge of the sale of flowers on Alexandria Day. The money from this source will be applied altogether for children's aid work. Next Monday the members of the Order are invited to the residence of the Regent, Mrs. Lang, to hear a report of the recent National Convention, at which Mrs. Lang was a delegate.

Popular Young Anyox Couple Wed

The Catholic Church was the scene of a pretty ceremony on Tuesday afternoon, when Rev. Father Champagne officiated at the wedding service of Miss Margaret O'Neill and Mr. Steven M. Jones.

The bride was given in marriage by her brother Peter. She was attired in white silk, with the bridal veil, and carried a bouquet of carnations. She was attended by Miss Teresa O'Neill as bridesmaid, and Miss Nellie Loftus and Miss Myrtle Owen acted as flower girls. Mr. Sid Peters was groomsman.

Following the reception, the newly married couple embarked on the "Prince Charles" for a wedding trip to the south.

Much Business Disposed At League Meeting

The Council of the Community League held its regular session on Wednesday evening. disposing of a good deal of routine business.

Permission was given for the renting of Recreation Hall to the Elks, for the use of the Westminster Glee Singers on the 26th. and 28th. of this month.

During the summer the Girl Guides will be allowed to use the Gymnasium on Saturday afternoons. The secretary was instructed to advertise for applications for appointment to the position of cashier at the picture show. The appointment of an assistant at the Red Parrot was ratified.

Alterations Made To Pioneer Mess Kitchen

Extensive alterations have recently been made in the kitchen of the Pioneer Mess. A general freshening up was carried out and new equipment installed. Trade shows a steady increase in bread and cakes and the holiday exodus has brought a number of summer bachelors to the mess tables.

Side Splitting Show Put On By Anyox Comedians

The Song Recital given by Messrs. S. A. McPherson and W. F. Aylward, at the Recreation Hall on Monday evening, evoked rounds of applause, and provided a side-splitting entertainment to a large audience.

Encores were frequent, and were responsible for the show being extended until after 11 p.m.

McPherson proved himself an accomplished artist in the interpreting of character songs, and was an outstanding success in the serious numbers.

Aylward tickled the audience with his clever imitation of the cockney, and other songs and sketches drew rounds of applause.

Mrs. Anderson was invaluable as accompanist, and Mr. Jenkin's cello numbers were very acceptable.

Following is the programme:

Four Indian Love Lyrics, S. A. McPherson.

Evensong, "Adagio" from Moonlight Sonata, J. E. Jenkins.

Group of Humerous Songs, W. F. Aylward.

"Will O' The Wisp," "The Blind Ploughman," "Vale," "Uncle Rome," S. A. McPherson.

"The Old Toll Gate," "My Old Dutch," "The Little Nipper," W. F. Aylward.

"The Rosary," "Elegie," S. A. McPherson.

"La Reve," J. E. Jenkins.

"Goodbye," "Drink To Me Only With Thine Eyes." "The Mountains Of Mourne," "The Little Irish Girl." S. A. McPherson.

"The Village Concert," W. F. Aylward.

"Danny Deever," "Boots," S. A. McPherson.

Mrs. Jos. Anderson, Accompanist

God Save The King

Lieut-Governor General May Visit Alice Arm

At the present time the exact date of the visit of His Honor, R. Randolph Bruce, Lieutenant-Governor of British Columbia is not known. It is expected, however, that the visit will be made about the 27th. and 28th. It is hoped that arrangements will be made so that Alice Arm will be included in itinerary.

Following a visit to Prince Rupert, the party will go north, visit Atlin and other northern points, Stewart, Anyox and Alice Arm will be visited on the return trip.

Any interesting news item of the district is always acceptable by the Herald. Send us your news when you wish publicity. We will see that it is placed before the public.

Mining Industry of Alice Arm On Eve Of Expansion

As the summer season advances it becomes more evident that the mining industry of Alice Arm district will considerably expand this year. Already examinations have been made of several properties and enquiries made regarding prices and terms. As the snow disappears from the higher altitudes further examinations will be made and it is expected several properties will be under bond before snow flies next fall.

At the present time in the Upper Kitsault Country three properties are being developed. Chief of these is the Toric, whose big sensational ore body is being developed by the Britannia Mining & Smelting Co. of Howe Sound.

Joining the Toric on the north is the Tiger. This property has the same formation and class of ore as the Toric. It is being developed by the Utility Mines No. 1 Ltd. of Vancouver. It is an exceedingly promising property, and results of development so far attained have far exceeded expectations.

A short distance south of the Toric the Homeguard is being developed by the Dalhousie Mining Co. This property as we have previously stated contains large deposits of copper ore; also bodies carrying silver and gold.

The North Star, which lies between the Dolly Varden and Toric and was under development until a few weeks ago by Chicago interests. It is ideally situated between the high grade ore bodies of the Dolly Varden and Toric. Development work is expected to be re-commenced within a few weeks.

Farther south and close to the town of Alice Arm, the Esperanza Mining Co. are actively engaged in development work and mining ore.

Across the valley on McGrath mountain, the Kitsault-Eagle Silver Mines Ltd. are pushing ahead their 1000 ft. tunnel This tunnel will strike the big ore showings of the Sunrise Group at a depth of 500 feet.

The future of Alice Arm camp was never brighter, nor has there been, for the past decade a greater interest taken in it by mining companies than at present.

C. N. Steamships Commence Summer Schedule

The summer schedule of the C. N. Steamships came into force this week. The Steamship Prince Rupert or Prince George will leave Anyox each Friday at midnight for Prince Rupert and Vancouver, via Stewart.

The Steamship Prince Charles will leave each Tuesday at 7 p.m. for Prince Rupert and Vancouver, via Massett Inlet ports.

Curtailment of output by a number of leading copper producers is described by Barron's Financial Weekly as the most constructive step in many years. The industry has long suffered from wide price swings, and consumers as well as producers will benefit through maintenance of a staple price.

If as expected, stabilization will be effected at 18 cents a pound for domestic delivery, the question of substitution must be faced. The Barron's writer believes that substitution will be limited, and that the growing use ot electricity assures a steadily increasing demand for copper.

"Where lightness is desirable in novelties or specialties, aluminum must win. Where zinc will answer, and cheapness is important, zinc will be used, whether copper be 15 or 18 cents. But the real staple consumption of any metal is due to demands that it fills better than any substitute. The expansion of nickel consumption, despite a relatively high cost, shows that price does not hamper expansion in fields in which the product is better and more efficient than others."---Mining Truth.

J. C. Brady Urges Increased Service for North

Urging construction of a telephone system throughout northern parts of British Columbia not at present served with such communication, J. C. Brady, member for Skeena, before the House, in committee of supply, pointed out that the tri-weekly mail service and telegraph system was not sufficient to serve the needs of the rapidly expanding mineral and agricultural country. He asked for a survey with a view to developing the telephone network for the Omineca and Skeena districts.

Minister of Public Works Elliott promised the matter would be investigated.

C. P. R. May Take Over Stewart Railway

Following the recent announcement that the Canadian Northeastern Railway at Stewart had been granted a lease of the foreshore at the head of Portland Canal it is said the line will undoubtedly be taken over by C. P. R. interests as part of their scheme for developing the mines of Northern British Columbia through the Consolidated Mining & Smelting Co.

The understanding here is that the railway will be put in good shape up the Bear River as far as the George Copper and surveys will be carried out beyond that point. For the time being the railway will be used for mining purposes with the probability of extending it into the interior as the country develops. No official announcement has yet been made, but it is thought H. H. Stevens will be heard from very soon.

Investors Urged To Hold On To Mining Stock

Despite the fact that the mines are quiet on the Stock Exchange. there is satisfaction for the shareholders in the knowledge that there has been no let-up in development over the past six months. When the public mind is again attuned to a disposition to receive news of the B. C. mines, there may be expected a budget of news of developments that will be gratifying in many directions. Shareholders at the present time can only bide their time, hold on to their stocks, and wait for the turn in public sentiment, in favor of the mines.

Here is a good boost for moonshine. "Boost home trade. Die for one's country." Advertisement in Alberta paper.

Return Summer Excursion Tickets On Sale

The Canadian National Railways have now on sale very low Summer Excursion Tickets from Prince Rupert to Eastern Canada, United States, also to Edmonton, Calgary and Jasper National Park. Tickets can be purchased going and returning direct or via Vancouver. Full information from F. F. Brown, Agent, Anyox, or R. F. NOTICE

Mining Company officials are asked to note the provisions of Section 16, "Mineral Survey and Development Act," which are quoted herewith, and to govern themselves accordingly.

"(1). Where a corporation, other than a private company under the 'Companies Act,' acquires an interest in, or title to, or engages in work on any mining property situate in a mineral survey district, it shall forthwith notify the Resident Engineer of that district and the Provincial Mineralogist, and file with them full particulars thereof, and shall also file with them, as soon as it is issued, a copy of every prospectus or statement in lieu of prospectus which is required by the 'Companies Act' to be filed with the Registrar of Companies.

"(2). Where a corporation, other than a private company under the 'Companies Act,' issues, publishes, or distributes, or causes to be issued, published, or distributed, any pamphlet, bulletin, circular, advertisement, or publication relating to any mining property situate in the Province in which the corporation has any interest or on which the corporation is engaged in work, the corporation shall forthwith file a copy of the pamphlet, bulletin, circular, advertisement, or publication in the office of the Resident Engineer of the mineral survey district in which the mining property is situate, and shall also forthwith file three copies of the same in the office of the Department of Mines at Victoria.

"(3). If a corporation makes default in complying with any requirement of this section, it shall be liable, on summary conviction, to a fine not exceeding twenty-five dollars for every day during which the default continues, and every director and every manager of the corporation who knowingly and wilfully authorizes or permits the default shall be liable to the like penalty.

For Information Regarding British Columbia mines apply to the Department of Mines, Victoria, B. C.

Special Bulletins, Annual Reports, etc. furnished free of charge on application.

Here and There

(297)

Arthur W. Cutten, Chicago wheat king, is erecting a hotel in his native city of Guelph, Ontario, which will be operated by the Canadian Pacific Railway. A golf course and pleasure park will be also established, the whole undertaking involving an expenditure of about $2,000,000.

The sumptuous new Solarium lounge car put into service by the C. P. R. as rear end equipment aboard the Trans-Canada Limited is being nicknamed the "mustard plaster car". It was facetiously suggested by railway officials that the company should provide passengers with mustard plasters as it was recently claimed in England that these were more effective than ultra-violet rays. This contention was disproved, however, and the trouble taken by the railway is glazing the end sun room of the car with special vita-glass, which admits the ultra-violet and most beneficial rays of the sun, was justified.

Officials of the C. P. R. in the east can now speak to their confreres in the west—as in connection with the recent improvement and extension of the railways telegraph carrier system telephone facilities were also thrown open.

The community of globe trotters who made a circuit of the globe during the winter aboard the Canadian Pacific liner Empress of Australia contributed a series of remarkable items to the social notes of the New York newspapers when their vessel terminated her voyage there. An engagement, a marriage, and the birth of five children to a Japanese passenger were announced, constituting in the opinion of Captain Latta, commander of the cruise ship, something hitherto unrecorded in seafaring annals. The five Japanese babies were appropriately named the "Empress of Australia," "Empress of Scotland," "Empress of France," "Empress of Canada," and "Empress of Russia," after the giants of the Canadian Pacific fleet. The babies were canaries.

D. C. Coleman, vice-president of western lines of the Canadian Pacific Railway, has been elected a director of the Metropolitan Life Insurance Company of New York. The only other Canadian director is Hon. L. A. Taschereau, Premier of the Province of Quebec.

A tunnel built at a cost of $250,000 makes it now possible for trains from North Vancouver to connect with the Canadian Pacific Transcontinental system. The first train making use of this new connecting link that also makes use of the second narrows bridge and the harbour rail system, carried the Governor-General and many distinguished westerners.

Funerals and weddings can hold no terrors for Captain Frank Middleton, of the Canadian Pacific ship "Alberta," who has been presented with no less than three top hats. As captain in charge of the vessel entering the ports of Sault Ste. Marie, Port McNicoll and Fort William for the first time this season, opening navigation at each point, he was given the traditional welcoming address and presented with a silk hat on each occasion. His three shining toppers repose in a neat row in his cabin and it is estimated that it will take three hundred years to wear them all out.

Blackhawk's
Rattlesnake Oil
INDIAN LINIMENT
$3.00 Value for $1.00

I. O. D. E. Celebrated First Airplane Atlantic Crossing

Much interest has been evinced in the efforts of the Imperial Order, Daughters of the Empire, to turn public attention to the fact that June 14th, 1929, is the tenth anniversary of the first Trans-Atlantic Flight which was accomplished by Captain John Alcock and Lieut. Arthur Weitten Brown, British airmen.

With a British-designed and British-built aeroplane and engine, piloted by British officers, rests the honour of having made the first non-stop flight across the Atlantic. This magnificent achievement of Captain Alcock and Lieutenant Brown on their Vickers-Vimy-Rolls-Royce biplane won the Daily mail prize of £10,000; 2,000 guineas from the Ardath Tobacco Company and £1,000 from Mr. Lawrene R. Phillips for the first British subject to fly the Atlantic.

Many Canadians have overlooked the fact that these British airmen and not Colonel Lindbergh made the first Trans-Atlantic flight. Lindbergh's feat was wonderful but not more so than that of Alcock and Brown. He flew farther but they flew first. He flew alone but they chartered the course, and in years that intervened between their flights, science had done much for fliers.

Through efforts of the I. O. D. E. and the press publications of Canada attention is being called to this anniversary and interest revived and pride in the glorious accomplishment of these British airmen. Letters have been received by the I. O. D. E. from the London Daily Mail and Lord Mayor of Manchester congratulating the Order upon its effort to give honour where honour is due.

Consolidated Acquires Control George Copper

Paying over $171,000 to attorneys for William B. George the Consolidated Mining & Smelting Company came into possession of the balance of the shares of George Copper Company belonging to the discoverer of the mine and his wife, Mrs. George.

Together with shares acquired from other persons this gives Consolidated 93 per cent of the stock. The holdings of P. M. Linklater, Richard Jones, Jack Mullen, F. C. Green and Mrs. B. Boggs were among those purchased.

The profits on the Government's liquor business for six months ending March 31, it is understood, were the greatest in the history of the business.

Progress Made Porter Idaho Tram

Good progress is being made toward completing the Porter Idaho tram on which progress was stopped last fall by untoward weather conditions. Chas. Coldberg, outside foreman for the Premier Gold Mining Company, has all the men working for whom he can find employment, putting in towers and doing other work between Green Point and the Porter Idaho. From the beach to Green Point, where there will be an angle station, the tram is now working by electricity, the electrical connections having been completed this week. Beyond Green Point there is some very difficult work, and a span 4000 feet long across the North Fork Marmot glacier. But all the difficulties have been figured out and now it is only a question of getting the work done, and this will be accomplished within a few weeks.

Concentrator Defeat Mine By One Run

More errors than hits featured the game between the Mine and the Concentrator last Friday, the latter managing to squeeze a lone tally in the sixth which was enough to win the game.

Both pitchers were in good form, each accounting for six batsmen by the strike-out route. Mine had the edge in hitting, Orr getting a double and a single, but Concentrator drew three bases on balls. Mine also left seven men on bases whereas only four from the mill died on the bags.

Batteries: Mine, Ressiter and Deane.

Concentrator, Musser and Somerville.

Umpires: Cody and Thompson.

Dancers Spend Evening At Alice Arm Hotel

An enjoyable dance was held at the Alice Arm Hotel on Saturday evening. A good number were present and a very pleasant time was spent. An appetising supper was provided by the ladies. The Alice Arm orchestra provided excellent music and the floor was filled with dancers throughout the evening.

ALICE ARM NOTES

Wm. McLean and Harry Smith, who were summoned for juror duty at the Supreme Court Assizes at Prince Rupert, returned on Monday.

Dr. D. R. Learoyd of Anyox spent the week end in town. While here he made a medical examination of the school pupils.

H. F. Kergin left on Monday for Prince Rupert, where he will join the party of Lieutenant-Governor R. Randolph Bruce, who is making a tour of northern British Columbia.

W. R. Lindsay, general superintendent for the Granby Co. at Anyox, and Dr. H. T. James of the mine engineering staff, spent a few days in camp during the week.

Angus McLeod, general superintendent for the Dalhousie Mining Co. returned on Monday from a visit to Stewart.

Mr. and Mrs. Mickulich and child arrived from Anyox on Saturday and will spend several week's vacation here.

J. S. Ramsell, geologist for the Britannia Co. left on Monday for the south, after spending about ten days here.

W. G. Carey and E. Silburn arrived on Monday and are cruising the timber limits of the Granby Co. in the district.

An ice cream parlor will be opened next week at the Pioneer Hotel under the management of Roy McKinley and A. Serbich. Cigars, cigarettes, tobacco and candy will also be sold. Up-to-date accomodation will be provided.

C. E. Pitman, who was in charge of clerical work at the Toric mine last year is now engaged as night clerk at the Banff Springs Hotel. Cliff is enjoying himself at the aristocratic health resort.

GRANBY STORES

SETTLERS
Guard your Slash Fires!
Wood is the settler's winter harvest. When his own land is cleared he may still obtain employment in the neighbouring forest. By care with fire, the wise settler protects his own living.
Issued by authority of
Honourable Charles Stewart,
Minister of the Interior.
