Large Attendance Anyox St. Patrick's Dance

The Catholic Social Club held their Annual St. Patrick's dance in the Gymnasium. The hall was artistically decorated for the occasion, emerald green being the most prominent color. The hall was filled to capacity with dancers who were intent to do full justice to the occasion. Many of the most notable Mikes and Paddys of Anyox fame were in attendance, and the dancing brought back to them the days gone by, when they lived in Erin's Isle and used to wear a caubeen and swing a shillalagh a-dancing on the village green.

The Mine Melodians provided the music for the evening. The winners of the Midnight surprise which consisted of a novelty dance were Mrs. F. S. McNicholas and Mr. A. Smith. The judges for this event were Mrs. J. Bryden. Messrs. F. Larson D. Roy and J. S. Stewart.

The members of the Catholic Club wish to thank the A. C. L. for the use of the Gymnasium, to Mr. P. Ryan who was responsible for decorations also to Mr. Fred Ashton for many detail services and the congenial Jimmy Thompson for coffee brewing; also to all those who assisted in many ways and donated so generously in providing refreshments, and helping to make the dance such a success.

Mine Club Holds Card Party

Many tables were arranged for bridge and whist, by the members of the Mine Club on Tuesday evening March 15.

Those attending this event reported having spent an enjoyable evening, from 8 p.m. until 11 p.m. The prize winners for bridge were Mrs. H. Talbot, 1st prize; Mr. A. Arland 1st. prize, Mrs. E. Patton consolation.

For whist Mrs. Hellman 1st. prize; Mr. R. Hidden, 1st. prize; Miss E. Mitchell. consolation. Mr. Robt. Strand presented the prizes.

Engagement Announced

Mr. and Mrs. Norman Fraser of Anyox announce the engagement of their younger daughter, Fosey Elizabeth, to Mr. Herbert H. Morden son of His Worship, Mayor H. Morden of North Vancouverand Mrs. Morden. The wedding will take plact in the near future. The bride-elect is a graduate of the Prince Rupert General Hospital and for the past five months has been a member of the nursing staff of the Hospital of the Good Samaritan, Los. Angeles.

Community League Officers Elected

On Tuesday evening March 22nd an emergent meeting of the A. C. L. was held in the Recreation Hall for the purpose of completing unfinished business and appointing Chairmen of different Committees. Those elected as officers on the Council for the year 1927 are as follows: President, Mr. R. O. Cutler; 1st Vice-President, O. G. McIntyre; 2nd. Vice-President Mr. S. Grimason.

An Anyox Waterfront Scene

Showing ore ships and scows ready for unloading, and a copper laden ship departing for the south

March 17th. was Thirteenth Anniversary of Operation of Anyox Smelter

Total Expenditure and Production Reach Huge Figures

Thirteen years ago last Thursday March 17th the first copper furnace was blown in at Anyox by the Granby Co. This event was an outstanding one in the history of the north, and the whole province. Since that date up to the end of 1925, Anyox has produced 72,390 ozs. gold, 3,830,260 ozs. silver, and 331,187,931 pounds of copper. To this stupendous total can be added 39,000,000 pounds of copper, which was the approximate production for 1926.

During the past thirteen years the payroll of the Granby Co. has averaged well over 1000 men who received approximately $2,000,000. each year in wages. The purchase of supplies of all kinds necessary for the operation of the plant accounted for an additional $2,000,000 per year. Thus in thirteen years the Granby Co. have paid out a total of $52,000,000. This money has been drawn from raw material, namely, a low grade copper ore, and brains, and energy have converted it into wealth for the benefit of the province as a whole.

In addition to the above figures they have paid enormous sums in taxes, which has materially helped to relieve taxation, and provided the government with funds for the upbuilding of the province. Before the first furnace was blown in, the Granby Co. spent millions of dollars developing the Hidden Creek mine, building smelter, town, wharfs, power house, and scores of other projects so that everything should be in readiness for continual operation. It is therefore safe to say that the expenditure of the Granby Co. since they first became interested at Anyox is in the neighborhood of $60,000,000.

The above figures are ample evidence of what part the mining industry plays in the prosperity of the province. Its development helps everyone and hurts no one. The extraction of ore from the ground is the cleanest method of creating wealth in existence. Its increased development is something that should be fostered until the limit has been reached and many more such plants abound in the neighborhood.

Popular Alice Arm Couple Wed in Vancouver

The wedding of Mr. J. A. Anderson and Miss Archena McIver of Alice Arm was celebrated in Vancouver on Thursday March 10th. The ceremony was quietly performed at the home of Mr. and Mrs. S. F. D. Roe, 663 Fourteenth Ave. E. Vancouver.

Mr. Anderson is well known in the whole north country. He was one of the pioneers of Stewart and came to Alice Arm at the commencement of the Dolly Varden operations. Miss McIver came to Alice Arm last year.

The happy couple expect to return home on Monday next, when their many friends will seize the opportunity of wishing them all happiness in their future life.

On Monday evening at 8 p.m, March 21st. the Parent Teacher Association will hold a meeting in the Public School. Mr. Fraser will be the speaker of the evening. His subject will be along educational lines.

A hearty welcome is extended to everybody.

Prize Winners at Mine Masquerade Dance

Following is a list of the prize winners at the big masquerade dance given by the Mine Club at the Mine Hall.

Best dressed man, Lloyd McKay.

Best dressed lady, Mrs. McMillan

Men's best advertising, Miss Dorothy Hanson. Miss Hanson was taken for a man until unmasked.

Ladies' advertising, Mrs. Brown.

Original, gent, Mr. A. Morton.

Original, lady, Mrs. Peterson.

Most work in costume, Mr. Jack Smith for gentlemen, and Mrs. Thompson for ladies.

Comic, Mr. Alfred Grandholm.

Prizes were donated by the following: Messrs. W. R. Lindsay, J. A. Swanson, A. S. Baillie, H. C. Corbin Clothing Co. through their representative, Nels Bloom, Confederation Life Assurance Co. through their agents, H. P. Porteous, and F. B. McLellan, the Mine Club.

Compliments are due to Mr. Steve Jones chairman of the Dance Committee for the success attained and also to Mrs. Peterson and her assistants who supervized the refreshments.

Alice Arm Celebrates St. Patrick's Day

The seventeenth of Old Ireland did not pass by without recognition on the part of Alice Arm.

In the afternoon the children of the town were the guests of Mrs. L. O'Connor, and an enjoyable time was spent by the juveniles.

During the evening Mr. and Mrs. J. Graham were hosts to a card party and dance at the Alice Arm Hotel. A large number attended. Bridge was played until midnight, the winners being, ladies' first prize, Mrs. M. Smith; Men's first prize, Mr. A. Falconer; consolation prize, Mr. F. L. Housley.

Following refreshments, dancing was enjoyed until the small hours, when a very enjoyable evening terminated all too soon.

The editor of the Grand Forks Gazette gives a prize each year to whoever gathers the first wild buttercups. The editor of the Herald is willing to do likewise regarding Anyox.

C. N. R. Steamships to Change Schedule

The C. N. R. Steamships will inaugurate their Spring Schedule next week. On Monday next, March 21st. the S. S. Prince George will leave Vancouver on Monday at 8 p.m.. She will leave Prince Rupert northbound at 10 p.m. on Wednesday, arriving in Anyox on Thursday morning. She will leave Anyox the same day at 1 p.m., and arrive in Vancouver at 2 p.m. on Saturday.

The Prince Charles, and later, the Prince Rupert, will take care of the Stewart run, leaving Vancouver at 8 p.m. on Thursday and arriving at Stewart on Sunday morning.

Moose Orchestra Was Responsible

Last week, in our news columns, regarding the Mine Club's Masquerade Dance we stated that the Mine Melodians' Orchestra were responsible for the bewitching music. Our notice has been drawn to the fact that this was an error, for it was the Moose orchestra, who were responsible for the excellent music dispensed, and whose splendid rendition made the dancers loth to leave.

This orchestra, who is creating an enviable reputation is composed of the following artistes:

J. W. Webster, piano; Robt. Brooks. violin; Harry Ward, saxophone; J. J. H. Varnes, trombone; O. J. Hutchings, drums. They are open for engagements at all times.

Occasionally errors will creep in even in the best of publications, and we are always pleased to make a correction when this embarrasing event occurs.

Results of the Week's Basket Ball Games at Anyox

The Celtics downed the Concentrators 30-20, in the senior fixture on Friday 11th. The game was fast and open with the students displaying better team work. Both teams battled on even terms for the first half which ended 14-14. but Stewart McLachlan put his team ahead with a total of 24 points for the evening.

Peters and Asimus refereed.

Concentrator: J. Stewart-10, C. Beaulieu-6, J. McColl, D. Mcleod, G. Moffatt, J. McConachie-4.

Celtics; S. McLachlan-24, C. McDonald, J. Lazoreck 2, A. Lindgren-4, E. Clay.

In the Girls game Julia Calderone starred for the Mine with 14 points. The Mine won from the Freshies 18-6.

Mine: T. Deeth-2, M. O'Neill, P. McMillan-2, M. Johnson.

Freshies: Z. Sutilovich-2, T. Gordon-2, C. Nucich-2, P. Dermody V. Eve.

George Hewston, an old time resident of Anyox and Grand Forks fame died on January 16th and left an estate of $12,056.

The snow will soon be gone and the old cans, bottles and ashes will commence to show up. Clean up around the house, it looks better.

During next August the Imperial and Metallurgical Congress will be held in Canada and a thousand engineers from various parts of the Empire will have an opportunity to inspect the leading mining developments. Two tours have been planned for their benefit; the first group will leave Montreal, August 23rd, and travel through Ottawa, Toronto, Niagara Falls, Port Colborne, Hamilton, Sudbury, North Bay, South Lorrain, Cobalt, Hailbury, Kirkland Lake, Timmins and Cochrane. From there it will turn west, stopping at Minaki, Estevan, Banff, Calgary, Fernie, Kimberley, Kootenay Landing, Nelson, Tadnac or (Trail), Princeton, Vancouver, Britannia and Victoria. It will return east on September 16th. via. Vancouver, Jasper Park, Sterco, Cadomin, Edmonton, Wainright, Saskatoon, Winnipeg, Fort William and Port Arthur, Cochrane, Taschereau, Rouyn, Quebec, Thetford Mines and Sherbrooke, arriving again in Montreal on the morning of September 28th. exactly five and one half weeks after the opening of the Congress, having travelled approximately 7,500 miles.

The second group will accompany the first as far as Cochrane on the outward journey and then turn east, visiting Rouyn, Arvida, Quebec, Thetford Mines, Sherlock, Minto, Moncton, New Glasgow, and Sydney. It will embark there for Port-aux-Basque in Newfoundland, where it will cross the Island to St. John's.

The main object of the Congress will be a thorough inspection of the mineral resources of the country. Sessions and speeches will be subsidiary; days spent in the mining camps, and discussions with operators, will be of first importance. The personal and the itinerary should make this Congress one of the most interesting events of the year.

Those who mapped out the route of the members of the congress ignored the northern portion of British Columbia. Instead of turning about-face at Vancouver and proceeding to Jasper, why was it not arranged for the party to come north and leave Prince Rupert for Jasper via the C. N. R. The Empire's largest copper producing plant at Anyox could then be inspected and the rich mineral districts of Alice Arm and Stewart could also be investigated. The mineral districts of Hazelton and Smithers could also be examined while enroute for the east. The northern portion of British Columbia is the only part of the Dominion of Canada, that will not be visited No delay should be made by public bodies in the north to rectify the grave error made in eliminating the richest mineral district of the province from the visitors' itenerary In this respect Alice Arm can assist.

Canadians Investing In Own Mines

Addressing a meeting in Toronto, Ontario, recently, Dr. J. Mackintosh Bell stated that Canadians derived the greatest financial benefit from their own mineral resources. He said that 54 per cent of the shareholders in Canadian mines were Canadians; 30 per cent Americans; 13 per cent British, and 2 per cent citizens of the other countries. Dr. Bell regretted that British capital was such a small part in the Canadian Mining industry. However he said their were real signs of increasing interest in Great Britain, and he thought that they were realizing that, despite some inevitable fiascos the Canadian mines were making vast strides.

Roy Clothier Buys Slocan Property

Roy L. Clothier, of Victoria, well known in the north and especially Stewart, where he resided for a number of years, has bought the Dardenelles group of claims near Sandon, in the Slocan. The Dardenelles was formerly owned by Sir Charles Hibbert Tupper, of Vancouver, and the late Captain Charles Clarke and Messrs. Edward White and J. T. L. Meyers of Victoria. The workings were closed down twenty years ago owing to there being so little demand for lead and zinc at that time. Mr. Clothier intends to commence operations on the property in June.

Farmer (to druggist)—now, be sure an' write plain on them bottles which is for the Jersey cow and which is for my wife. I don't want nothin' to 'appen to that Jersey cow.

Others' opportunities always seem to be better than one's own.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted, covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

BRITISH COLUMBIA

The Mineral Province of Western Canada

Has produced Minerals as follows: Placer Gold, $77,663,045; Lode Gold, $122,808,459; Silver, $74,111,397; Lead, $89,218,907; Copper, $197,642,647; Zinc, $39,925,947; Miscellaneous Minerals, $1,594,387 Coal and Coke, $273,048,953; Building Stone, Brick, Cement, etc., $44,905,886; making its mineral production to the end of 1925, show an

Aggregate Value of $920,919,628

The sudstantial progress of the Mining industry of this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive $94,547,241; for five years, 1896 1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years-1906-1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; 1921, $28,066,641; for the year 1922, $35,158,843; for 1923, $41,304,320; for 1924, $48,704,604, and for 1925, $61,492,242.

Production Last Ten Years, $404,649,375

Lode mining has only been in progress for about 25 years, and only about one-half of the Province has been even prospected; 200,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B. C. Reports covering each of the six mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

THE HON. THE MINISTER OF MINES,
VICTORIA, British Columbia

Radio Industry Large Copper Consumer

Locomotives May Install Copper Fittings

In 1924 the Radio industry consumed between two and three million pounds of copper in the manufacture of receiving sets, both amateur and factory made. In the last two years this consumption has shown a surprising increase. The consumption of copper in radio is now running between eight and ten million pounds per year. One of the newest refinements is "Shielding"—enclosing each circuit of a set in a grounded sheet copper box—which may of itself in a year's time increase the figure given above to sixteen or twenty million pounds.

European countries have always been large consumers of copper for locomotive fire boxes and boiler tubes, instead of steel, as is the practice on railroads in the United States and Canada. Copper fireboxes and copper or brass boiler tubes are standard on the railroads of England, France, Germany, Belgium, and Russia and in many of their colonies and dominions.

In order to bring to the attention of American railroad officials the advantages which European railroads have found in copper equipped locomotives—such as improved heat transfer and lowered maintenance, especially in bad water districts—the Copper and brass Research Association is now co-operating with a well-known western railroad on complete service tests of a powerful locomotive which is equipped with a firebox and copper boiler tubes. The number of locomotives on the railroads of the United States totals over seventy thousand, and the amount of copper sheet and tube which might be applied to any one locomotive would vary from ten thousand to thirty thousand pounds.

Divorces in B. C. Increasing

Divorces granted in Canada during the year were ten per cent higher than in 1925 and were the largest in number so far recorded in any one year. The total for all provinces was 608 against 551 in 1925. The number in British Columbia was 166. Alberta being next highest with 154. The largest increases were also in the provinces of Alberta and British Columbia, 53 and 17 per cent respectively.

Canadians Own Big Percentage of Homes

The number of Canadian homes is 2,001,512, according to census returns; 62 per cent. are owned and 38 per cent are rented. The average Canadian family is 4.62, and the proportion of men to women—which is exceptionally high—is 103 to 100. Canada spends more than $120,000,000 annually on education.

Anaconda Co. Closes Mines

Anaconda Copper Mining Company suspended operations in February at the Mountain View and Steward mines. Unofficial estimates place the number of men thrown out of employment at 1500. The unsatisfactory condition of the copper market is the cause given.

Home for Old Miners

If a bill before the Arizona State legislature becomes a law, 50,000 acres of state land will be sold to provide funds for the erection of a state hospital for old and disabled miners. The bill has already been approved by the senate committee as a whole.

1927 European Educational Tours

Personally Conducted Tours have been arranged this Summer, under the joint supervision of the Canadian National Railways and the Cunard Steamship Company to Great Britain and Europe and return. All transportation, hotel and sight-seeing expenses included in fares. See any Canadian National Railway Agent or write District Passenger Agent, Prince Rupert, for particulars and descriptive literature.

A Small Deposit Will hold any of these suits at this Price, for One Week

GRANBY STORES

Alice Arm Lots

Now is the Time to Buy

Alice Arm will very soon become a mining town of considerable importance. The mining industry is undoubtedly on the eve of big developments, which means a big payroll and a much larger town. Increased activity will result in placing good residential and business lots at a premium. At the present lots can be secured at attractive prices and on easy terms

BUSINESS LOTS FROM $200 TO $500
RESIDENTIAL LOTS FROM $200 TO $300

Terms made to suit buyers. See Stephen Dumas, our agent, and build where you don't have to move.

S. DUMAS

Agent for the Alice Arm Mining & Development Co
