VOL. 3, NO. 7 — ALICE ARM, B. C., SATURDAY, AUGUST 11, 1923 — 5 cents each.

Results of Examinations of The Northern Polytechnic Institute Students

The results of the yearly examinations and grading of students of the Northern Polytechnic Institute was forwarded us this week, and a perusal of the list shows that Anyox students have captured a fair share of the honors.

The Anyox Community League's gold medal (or equivalent) for the best mark in dressmaking, goes to Mrs. M. McIntosh, of Prince Rupert, with a mark of 97.15 per cent. The Council's gold medal for electricity was not awarded, no student making the requisite 50 per cent. "pass" mark.

The Prince Rupert Municipal Chapter Daughters of Empire's gold medal for highest marks in English for foreigners, goes to Mr. Mike Rapich, of Anyox, with 57.9 marks. This is the third year Mr, Rapich has led his class, and is therefore entitled to the Institute's Diploma also.

The Prince Rupert Trades and Labor Council also donated a gold medal, but it has not yet been decided to whom it will be awarded.

Following is a list of the pupils who passed, and the number of marks made by each pupil:

BOAT DESIGNING

N. A. Crittenden, Prince Rupert, 50.5.

CHEMISTRY

Miss F. Swanson, 84.5; Miss M. McLennan, 84; Miss Weller, 80.9; Miss L. Frank, 79.5; Miss B. White, 74.7; Miss F. Byatt, 67.7; Miss Y. Roberge, 61.9; Miss H. Luigate, 51.55. All of Prince Rupert.

DRESSMAKING

Mrs. H. McIntosh, Prince Rupert, 79.15; Mrs. B. Wilkinson, Prince Rupert, 78.77; Mrs. E. Morning, Anyox, 54; Mrs. J, Wier, Anyox, 55.6; Mrs. Eld, Anyox, 52.6; Mrs. B. Buck, Anyox, 51.

DRAWING AND ART

Miss J. Rothwell, Prince Rupert, 91.55; J. Jantai, Prince Rupert, 83.05.

ENGLISH FOR FOREIGNERS

Mike Rapich, 57.9; C. Cesare, 55.8; A. Gasetto, 55; Mike Campanella, 52.4. All of Anyox.

FRENCH

Mrs. Johnson, Prince Rupert, 55.78.

MILLINERY

Mrs. Priest, 88.88; Mrs. A. Clark, 86.11; Mrs. J. Haleron, 83.55; Mrs. B. Parsons, 77.67; Miss M. Carter, 53.1; Mrs. Wrathall, 51.9.

SENIOR MATRICULATION

Alex Rix, Prince Rupert, passed in English Composition, French Translation, Latin Translation, History and Botany.

MECHANICAL DRAWING

George Osborne, Prince Rupert, 90.27.

GEOMETRY

A. Hudema, Prince Rupert, 97.75 C. Glenn, Anyox, 95.33; H. Dyer, Prince Rupert, 84; J. W. Ratchford, Prince Rupert, 84; W. F. Barkley, Anyox, 74.1; C. Howe, Prince Rupert, 52.75.

STEAM ENGINEERING

J. Simpson, 87.5; W. Horrobin, 86.86; Chas. J. Currie, 84.41; V. Radfield, 73.45; A. Renaud, 66.43. All of Prince Rupert.

STENOGRAPHY

Miss A. Hill, 82.78; Miss M. Fox, 76.55; Miss N. McLeod, 69.23 All of Prince Rupert.

WOODWORKING

J. D. Lewis, 59; Miss M. A. Stewart, 56; Mrs. C. Manzer, 54.4; Mrs. D. R. Learoyd, 52; Mrs. Rowley, 52; Mrs. H. Chapman, 50; R. L. Lambourne, 50. All of Anyox.

Raven Property at Alice Showing Up Good

The Raven group of claims is showing up good under development work. J. Calvin who is working on the property states that the big mineral ledge can be traced the full length of three claims and has an average width from 12 feet to 40 feet. Open cuts have been driven across the ledge, and the ore carries copper and galena, and the chances are good for the development of enormous bodies of ore. The raven group is composed of three claims, and is on the opposite side of Paul Kladuc creek from the LaRose. The big ledge was discovered by Chas Munroe who staked the property, and is now owned by J. O. Trethewey, of Abbotsford who is engaged in logging operations at Alice Arm.

Police Chief Visits Alice Arm

Mr. A. C. Minty, chief of provincial police for the Prince Rupert district, was in Alice Arm for a few days during the week, in order to determine whether it was advisable that a constable be stationed here. Mr. Minty stated that in all probability a constable would be stationed here within the next few weeks, and that the jail would probably be located in town instead of over half-a-mile out. A building in town had been inspected and was found to be satisfactory for the purpose. Chief Minty commented on the large number of buildings erected since his visit here three years ago, and was surprised at the progress made.

Granby Co. are Developing Sultana Property

The Granby Co. have already started development work on the Sultana property, which is situated at Boulder Creek, near Hazelton. Work on the property this year will consist of diamond drilling, and a crew of men are already on the ground.

ALICE ARM NOTES

Hand Laundry Work. Moderate Prices—Miss B. Crawford, Alice Arm.

Mr. G. Young left on Monday for Stewart, and expects to be away for about three weeks.

Miss Mable Stevens of Anyox is spending holidays in town.

See Al. Falconer for Wood or Coal

Messrs. Wm. Evans and Jack Moffett of Anyox are spending their vacation in town.

Mr. and Mrs. E. Armstrong of Anyox arrived last week, for their summer vacation.

Mr. Miles Donald left yesterday morning on a prospecting trip into the Georgia river district. He will go by way of the Kitsault Glacier and expects to be away two or three weeks. The Georgia river drains into the Portland Canal.

Mr. and Mrs. H. Armstrong and family, of Anyox, aarived last Tuesday to spend summer holidays here.

Mrs. D. Cole and family, and Mrs. G. Thompson and baby, are among the Anyox visitors in town.

Constable A. Dryden, of Anyox spent a few days in town this week on business.

Miss Pearl Wilson arrived on Monday from Vancouver, to join her father, Mr. W. A. Wilson, and family.

Three more pack horses arrived on Monday from Vancouver, for Al. Falconer's pack train. They are being used on the upper Kitsault packing supplies from end of railway to the Homestake Mine, at the Glacier.

Martin McPherson appeared before T. W. Falconer, J. P., on Monday, chargod with breaking windows at the Welcome Pool Room, the previous evening. He was fined $25.00, and $27.50 costs or in default two months hard labor. The money was paid.

A dance will be held this evening at the Alice Arm Hotel. Dancing will commence at 9. p.m. Good orchestra. Refreshments will be served. Everyone welcome. A good time for all.

Mrs. McDonald, of Anyox, is spending holidays with Mrs. Wm. O'Neill.

Mr. Cane, arrived on Thursday from Anyox to join Mrs. Cane, who is holidaying here.

Mr. G. W. Nelson, the champion tonsorial artist of the northern coast has opened a barber shop on the ground floor of the N. Sutilovich rooming house. Everything is up-to-date including the line of patter usually handed out by the knights of the razor.

See Al. Falconer for Freight and Pack Horses.

Anxious for Football Game

A Government Cruising Party is at present making Larcom Island their main base. They have been working the Queen Charlotte Islands this summer, and after completing Larcom Island, which they expect to finish this month will establish a fly camp at Hastings Arm.

The Party which comes under the jurisdiction of the Department of Lands (Forest Branch) is composed chiefly of U. B. C. men, amongst them being five of the University Football Team.

They are anxious to arrange a match and if any Anyox or Alice Arm enthusiasts can arrange a team, would they kindly communicate with Mr. E. E. Gregg, at the Saw Mills, Larcom Island.

The party is composed of:

Chief, Mr. E. E Gregg, Cruisers, C. C. Terman, J. L. Bennett, G. E. Allen, C. Domeny, H. Purdy, E. Bassett, K. McCannel, Cook, J. Pye; A. Youdall, (Draughtsman).

Distinguished Visitors at Anyox

Among the round trippers on Prince George, visiting Anyox last Thursday, were Mr. S. Truyi, secretary to the Japanese Consul; Mr. G. McNicholl. general passenger agent in Vancouver for the G. T. P.; the Rev. T. W. Fisher, D.D., Deputy Grand Chaplain to the Terminal Council of the Loyal Orange Lodge, accompanied by Mr. D. Catt, Deputy Grand Master of the L. O. L. in England, and Provincial Grand Master of the L. O. L. in London.

The last two named gentlemen have just arrived from England, and are making a tour of Canada in connection with the affairs of the Loyal Orange Lodge in this country.

Fish Plentiful at Alice Arm

It is evident that the Kitsault and Illiance rivers are not the only one's in which large catches of fish can be made. On last Sunday Messrs. W. F. Eve and O. J. Hutchings of Anyox, succeeded in landing 70 trout from the waters of Lime Creek, and all were of good size.

Silver City Visitors

Anyox visitors who are at present taking vacations at Silver Clty, are: Mrs. F. M. Kelley and family, Miss S. Grogan, Mr. and Mrs. O. J. Hutchings and baby, Misses Vera and Kathleen Eve, Mrs. Barclay and family, Mr. and Mrs. Hugh Johnston and family, and Mrs. B. Sorey and family.

BIRTH AT ANYOX

Born to Mr. and Mrs. Neil Marshall at the Anyox Hospital, on Wednesday, August 8th, a son.

For Sale and Rent

Furniture for sale. including New Phonograph, Kitchen Stove, Bureau, Kitchen Cabinet; also 4-roomed House for rent.—Apply Mrs. P. Nordi. Alice Arm.

FOR SALE

Singer Electric Sewing Machine, almost new; Price $65.00. Apply 913, Flats, Anyox.

Smelter Baseball Team Win on Tuesday

On August 7th, the Smelter again forgot that they had been eating gas for the past week and came out on the long end of a 6-1 score against the Elks. The game was a tight one until the last half of the 4th. inning. In the first half of this inning the Elks scored a run when Cody came home when McIntyre connected with one of Fortin's choice offerings. However in their half of this inning the Smelter got revenge and Fortin, the first man up, hit a beautiful liner high over the left fielder. Brown the next man up, got to first on an error and the next two men facing the Elks' hurler were easy outs. It looked as though two Smelter men were going to be stranded on bases, but Loeske hit in the pinch and drove in two runs. This started the fireworks; Sherman hit. Sheen poled out a 2 bagger, and Sinclair got to first on an error. Loeske, Sherman, Sheen and Sinclair scored after there were two hands down, Matheson driving in a brace of runs with a nice hit.

The smelter seemed to have the game on ice from then on as they were never seriously in danger, the fine hurling of Fortin being responsible for 9 strike-outs. The Elks garnered three more hits off his delivery whilst the smelter were finding Draudson for 9 safeties.

The Game was very evenly contested up to the fatal fourth and outside of this one stanza it was anybody's game. This now places the smelter in the running for the play-off and gives them an unbroken string of three victories.

Elks Hold Annual Flag Day Dance

In commemoration of the entry of the British Empire into the world war, on August 4th. 1914, the memory of which is kept green by the B. P. O. Elks throughout Canada, the annual Flag Day Dance was held in the Elks Hall on Friday August 3rd.

About 150 people were present, and an enjoyable time was spent until the small hours of the morning, dancing to the tune of a first class orchestra composed of Mrs. E. Wilson piano. and Messrs. Liddel, Armstrong and Waterman. Refreshments were served in the dugout.

The committee who were responsible for the success of the evening were: Messrs. H. Thorley, chairman; A. Nickerson. H. Downs, B. Sheen Al. LaFortune, E. Draudson.

Smelter Football Team Win From Mine

The Smelter and Mine football teams met on Thursday evening, and the large number of spectators present were treated to a thrilling battle. The teams were very evenly matched, and both put up a hard fight, with the Smelter coming out on top with a score of 1 to 0.

Fallacy of Buying By Mail

How would you like to journey to the nearest city for a pound of sugar, or a yard of muslin; or a spool of thread, or a smoke? And how would you like to make a trip when you need a prescription filled in a hurry, with death running you a race? You would make some noise if forced to such an extremity--and then more noise. You would say--and justly so--that a town in which you can not buy a pound of sugar, or a yard of muslin, or a spool of thread, or a smoke or even get a prescription filled, is a mighty poor excuse for a town and not worth living in. Yet our merchants can only afford to keep these things for your conveniences as long as you buy other things from them. It is not doing this town any good to buy the little things here and then chase off to a city or send to a catalogue house when you want something on which the merchant has a chance to make a dollar. Neither is it doing you any good, for the prosperity of each citizen, is dependent to a large extent upon the prosperity of the community as a whole. We are not telling you something you do not know. We are simply refreshing your memory in hopes the time may come when our people will conclude that a town that is worth living in is worth trading in.

That's all.

Watch Your Step When Investing

If ever there was a time in the history of business when people, who have a little money to invest, should refuse to listen to the siren song of a very large number of agents scouring the country to sell stocks and securities of one kind or another, it is right now. Millions of hard earned dollars, have been poured into these rat holes simply because the agents have held out inducements in the way ot interest above that which home institutions can pay. Buying foreign and unknown stocks always puts us in mind of the man who patronizes the mail order houses of the country These same out-of-town purchasers when hard times come along and they need credit, must then apply to the home merchant, whom they have ignored, for help. Just so with a good many investors who buy stocks they know nothing about and when loss comes as its doing with alarming frequency these days, then they must sneak around to the home banker for greatly needed help. When you want a horse shod you don't take him to a plumber you take him to a blacksmith shop because the man there is in the business. And it's the same with money; go to some man who knows, in whom you have confidence and in all money transactions he ought to be your home banker.

Excellent Education System in Province

Education in British Columbia is well cared for and a marked evidence of the efficiency of the system built up by Hon. J. D. MacLean, minister of education, was shown in the entrance and Matriculation examination results just issued. The examiners were loud in their praise of the papers handled and the percentage of successful pupils speaks well for the teaching staffs throughout the province.

Operating Expenses of P. G. E. Reduced

Operating deficits on the Pacific Great Eastern Railway are being reduced from month to month, according to figures given out by the department of railways under Hon. J. D. MacLean. Meanwhile the minister is also preparing a definite plan for the future of the line, which promises to change this white Elephant Legacy into an asset. At the coming fall session of the Legislature it is expected that the plans will have been completed.

Fire Warning Issued by Minister

Although warnings have been sent out repeatedly, Hon. T. D. Pattullo, minister of Lands, has another appeal to make to the citizens of British Columbia. The hazardous season has arrived and care during the next two months will mean the saving of millions of dollars.

Repeal of Japanese Act Demanded

Following the defeat of the Provincial government in the supreme Court, Court of Appeal, Supreme Court of Canada and Privy Council in its efforts to exclude the Japanese from the forests, Crown land government contracts of the province, a movment has been started to demand the repeal of the Japanese Treaty Act. This Act passed in 1912 at Ottawa is the stumbling block of the province as it confers on all Japanese full rights to enter, move about and engage in business here on the same basis as Canadian subjects. The demand will be made for inclusion of a clause such as was stipulated for by Australia and South Africa limiting the right of Japanese to enter here.

We invest in advertising just as we invest in the best materials for our goods—Colgate & Co.

BRITISH COLUMBIA
The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, $76,542,203; Lode Gold, $109,647,661; Silver, $59,814,266; Lead, $51,810,891; Copper, $170,723,242; Zinc, $24,625,853; Coal and Coke, $238,289,565; Building Stone, Brick, Cement, $36,605,942; Miscellaneous Minerals, $1,358,839; making its mineral production to the end of 1922 show

An Aggregate Value of $769,418,462

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years, 1906-1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; for the year 1921, $28,066,641, and for the year 1922, $35,158,843.

Production During last ten years, $339,280,940

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvements to extent of $360 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrocative.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Along the Anyox Waterfront

The glorious weather during last week end was taken full advantage of by the various owners of the local mosquito fleet.

The larger craft "The Effee", and Olive S. were both at Silver City. Bear Creek was a popular rendezvous for quite a flotilla, amongst which were the "Bonanza" "Regal E" "Ocean Spray," "The Chance" and Capt. Yuill's well known cutter "The Unknown" Mr. Jack Gray discovered a new way of keeping cool but is keeping this new process very quiet until patent rights are secured. We saw the "Shielee" "Elsie M." "Edrona" and the "Elto" at the Saw Mills. The "Elsie M." is undergoing a thorough overhaul. We noticed the "Sic'em" coming from Six Mile in great style, but we wondered whether the passengers were enjoying themselves to the same degree as Capt Fred Noel.

OBSERVER

New Bridges for Atlin

The following expenditures have been announced by the Minister of Public Works for the Atlin district.

New bridge over the south fork of Stikine River to cost $1500; new bridge over Stikine at Tahlton to cost $2500; eight bridges on Telegraph—Dease road to cost $1850.

Bond on Engineer Mine Dropped

Timmins Brothers, of the Hollinger mine, Ontario, have relinquished their bond on the Engineer mine, at Atlin, and a New York syndicate has arranged to have the property sampled.

The Copper Market

Burdick, Logan & Company, Limited
737, Granville Street,
Vancouver, B. C.
Special to the Herald

Copper sales during the last 24 hours have been in fair volume, with prices a little firmer, While domestic sales have been in small lots, one sale of 2,000,000 pounds was made at 14 3-4 cents. Some 14 5-8 copper is obtainable but not enough to make a market.

France has been the best European buyer during the past few days, England has been buying small quantities. Export Copper Association has done a fair business with the Orient during the last week and inquiries from China and Japan are rather active. Several offers are out for substantial amounts for the Orient, with good prospects for sales. While the market appears weak on the surface, it is not really so and may change to activity soon. Producers seem satisfied to await the time when buyers are ready to come back into the market. There is little copper in hands of outside market, and this is a factor in keeping prices firm.

Most of domestic and foreign buying continues from hand to mouth, but the situation is sound as inventories are low and consumers have been out of the market for a long time. Electrolytic copper for domestic purposes is 14 3-4 cents delivered, to end of October.

Exports from United States

Boston—Exports of copper during June were, 66,942,000 pounds, the largest in over a year, except January. Exports for the first half of the year were, 375,079,680 pounds, against 442,346,340 a year before. During the first three weeks in July exports of copper from New York were, 32,020,800 pounds.

Granby Company's Production for this Year

Boston—Granby Consolidated Mining, Smelting and Power Co., Ltd., in the first six months of this year, produced 16,000,000 pounds of copper, running somewhat ahead of the scheduled rate of 30,000,000 a year. Production costs and earnings are comparable with those of last year, considering two increases in wages since October 1st, 1922.

Work is progressing rapidly on the company's new concentrator at Anyox scheduled for completion about the first of the year. This mill will add materially to the flexibility of operations and improve furnace metallurgy through production of concentrates from ore not entirely suitable for direct smelting. Advantage will also be derived from the cheap hydro-electric power now assured through completion of the storage dam to impound water supply for winter operation.

Mining Editor at Stewart

Mr. E. A. Haggen, M.E., editor of the Mining & Engineering Record, Vancouver, is at present in the Salmon River district, Stewart, examining properties on behalf of English interests.

Annual report of the minimum wage wage board shows that 8989 experienced female workers employed in the province during the past year received an average of $17 per week.

A 100-ton concentrator is to be erected in the Fort Steele district to care for the output of the Stemwinder mine.

Vancouver—Beauty treatments for men are now in vogue in this city, according to the "Hook," which states that a well known business man, who is reported to be away at Shawnigan Lake on a fishing trip is instead, undergoing a "face-lifting" treatment in a local beauty hospital. The same authority also states that pneumatic rubber calves, to be worn under dark stockings, have made their appearance at English Bay, following their introduction on the beaches at California.

The secret of good beer lies in purity---

That's why Cascade Beer has for 35 years been British Columbia's favorite health beverage. No expense has been spared to ensure purity. It has cost a million dollars to build a plant to accomplish this. But after testing Cascade Beer, you agree that it has been worth it.
