The palace, he says, has been barricaded and supplied with arms and ammunition and the citizens of other countries had gone so far as to call on their home government to send men of war for their protection. As instances of extravagance on the part of the king, Spreckles stated that $40,000 was expended on the funeral on his sister, $80,000 in fitting up a man of war, a tub of a steamer which had originally been purchased for $20,000, the remaining $60,000 being expended on her equipment. In response to inquiry, Spreckles said the roads of the islands were in bad condition; that the harbor needed dredging, none of which necessary improvements were receiving attention. He said in case of a revolution a republic would probably be set up.

MEXICAN AFFAIRS.

CITY OF MEXICO, June 17.—The situation in Chihuahua, where there are two rival governors and state legislatures excites interest here but it is not believed the federal government will actively interfere except to preserve the peace. It is said in government circles that the matter will be settled according to due process of law and with resort to arms. Genl. Pacheco, minister of the interior, who has assumed the governorship of Chihuahua, does not appear to be backed up by the federal government, and in palace circles it is said he is no longer minister of the interior and it is rumored he will be succeeded by Senor Fernander Leal.

Weather Proverbs for June.

Notes and Queries.

A cold and wet June spoils mostly the whole year.

A drippling June
Brings all things in tune.

If the north wind blows in June, rye will be splendid in harvest time.

Calm weather in June
Sets corn in tune.

When it is the hottest in June, it will be the coldest in the next February at corresponding days.

June damp and warm does not make the farmer poor.

If on the eighth of June it rain,
It foretells wet harvests, men hath main.

Previous to St. John's day (24th) we dare not praise barley.

Rain on St. Barnabas' day (11th) is a good harvest in grapes.

The following is from "Robin's Almanac," 1697:

If St. Vitus day (15th) be rainy weather, It will rain for thirty days together.

A. D. Noyes, Newark, Michigan, writes: "I have enquired at the drug stores for Dr. Thomas' Eclectric Oil, but have failed to find it. We brought a bottle with us from Quebec, but it is nearly gone and we do not want to be without it, as my wife is troubled with a pain in the shoulder, and nothing else gives relief. Can you send us some?"

Daily British Columbian

Friday Evening, June 17, 1887.

A despatch relating to the Scott act (which came up for discussion in the house of commons last Monday) appeared in the *Colonist* the other day, but it was so hopelessly muddled that it could not be made intelligible. It seems certain, however, that that proposal to repeal the Scott act met with very little sympathy. It was defeated by a majority of 108, which is a very large majority in so small a house. The proposal to permit the sale of beer and wines in Scott act counties was also defeated, and the prohibition resolution offered by Mr. Jamieson met with a similar fate. Although the house has refused a prohibitory measure, it must be gratifying to all friends of temperance that so large a majority in the commons regards with favor the principle contained in the Scott act.

In another column will be found the full text of the loan by-law on which a vote of the electors is to be taken on the 25th inst. There seems to be some opposition to this proposal by property holders who, we are sure, have not given it the careful consideration it deserves. We really do not see how the city can expect to make satisfactory progress without acquiring the means of carrying on larger undertakings. It is a mistake to suppose that the adoption of this loan by-law will necessarily increase the charges on the city revenue. Indeed, it is calculated that the loan scheme, by cancelling existing debentures (and thus reducing the rate of interest) and by including under the new debentures the property which has become taxable since the old issue, will actually reduce the rate of the debenture tax. There are doubtless many matters of detail which need to be discussed and understood, but with respect to the advisability of negotiating a loan we think there can be very little difference of opinion.

The *Toronto Mail* does not think the change of leadership in the Liberal party at all improves the party's chances of success. At the same time it has a good word to say of Mr. Blake. "The professional politicians on the other side," it says, "care nothing for the loss the country has sustained through Mr. Blake's withdrawal, but look solely at the gain likely to accrue to the ministry from the weakness and depression of its opponents. Both parties are bound up with the commanding personality of their respective leaders. The day Sir John follows Mr. Blake into retirement, that day, politically speaking, shall all the fountains of the great deep be broken up and the windows of heaven opened." Speaking of Mr. Laurier, who has been chosen as Mr. Blake's (temporary) successor, the same paper does not see in him those qualities which make a successful leader. It admits he has rare talent and wonderful eloquence, and affirms that his public and private character are beyond reach of the breath of suspicion. But he is not social, and lacks the personal magnetism which has made Sir John so wonderfully popular. It is rather complimentary to the Liberal party that their three leaders—McKenzie, Blake and Laurier—are men of great talent and untarnished character.

From the action of the council on Monday night it appears that it has been determined to submit the Sunday closing by-law to a vote of the citizens. When the consideration of the petitions asking for such a by-law was postponed for six months people naturally assumed that the council did not intend to deal at all with the question involved in these petitions. What is known as the "six months hoist" is always equivalent to rejection; but it seems that while the petitions were hoisted, those in favor of the act at which they aimed were not content to surrender without an effort. There were in the council some who, while personally favorable to the prohibition of Sunday traffic, took the ground that they were merely executors of the will of the people who voted them into office, and they had serious misgivings as to whether it was the will of a majority of electors that bars should be closed on Sunday. Under the circumstances it seemed best, therefore, to take a vote of the citizens as the only satisfactory method of determining what is the will of the majority in this matter. No one need quarrel with such an action. The people themselves will now shoulder the responsibility of advising the council whether a Sunday by-law is to be enacted or not; and if a majority of the electors vote against it, we do not think it would be competent for the council to pass such a measure without violating the principle of popular government. However much all sound reformers may wish to see the Sunday law properly observed, it certainly should be a matter for local option, with all to see that the principles on which free government is based remain firm and established.

WHAT PHYSICIANS SAY ABOUT THE

STARR KIDNEY PAD.

"Treatment by Absorption has for some time been recognized by Medical Men to be the most simple and effectual means of conveying to Diseased Organs, "Curatives," but in cases of Kidney Disease and Complaints attendant thereon, successful treatment was practically impossible until the introduction of the Starr Kidney Pad. It costs less than a single prescription and is immeasurably more active and effective than any quantity of Internal Medicinal dosing. Worn immediately over the seat of Disease, its curative properties become absorbed by the diseased and enfeebled Organs, continuously and directly, as required to insure in return their healthy action and original vigour. It is comfortable to the patient and pleasant in its effects, and cures when nothing else can. The Starr Kidney Pad accomplishes positive, decisive results. A more valuable discovery as a true remedy for Kidney Diseases was never made.—*Medical Gazette*

The Starr Kidney Pad, manufactured in Toronto, is a permanent sure cure for diseases, disorders and ailments of the Kidneys, Bladder and urinary secretive system, or attendant complaints, causing pain in the small of the back, sides, etc., producing urinary disorders, such as too frequent, scanty, difficult, painful or copious micturition, inability of retention and sedimentary urine, dropsical symptoms, etc., denoting the presence in the system of diseases common to the urinary secretive organs—known as gravel, catarrh of the bladder and passages, Bright's disease, diabetes, dropsy, piles, nervous debility, etc. Send for pamphlet to LANGLEY & CO., Wholesale Agents, Victoria. SIGNS IN OUR CLOTHING.

Superstitions Regarding Various Articles of Wearing Apparel.

An old saw says concerning the clothing:

"At Easter let your clothes be new,
Or else be sure you may it rue."

In the north of England it is believed by the people that the rooks will spoil their clothes on Easter Sunday if they are not entirely new. As once a year is not, in most cases, too often to renew the clothing, this superstition is not as baneful as many.

An old superstition pertaining to clothing is that before putting on new clothes a sum of money must be placed in the right-hand pocket, which will insure its always being full. If by mistake, however, it be put in the left-hand pocket, the wearer will never have a penny so long as the clothes last.

If an article of dress is put on inside out, it is good luck.

Chambers's "Book of Days" says that when William the Conqueror, in arming himself for the battle of Hastings, happened to put on his shirt of mail with the hind side before, the bystanders were shocked by it, as being an ill omen, till William claimed it as a good one, betokening that he was to be changed from a duke to a king.

It is said of the cast-off clothes of the dead that they never last very long, but that as the body decays so do the garments. In Denmark a corpse is never allowed to be buried in the clothes of a living person, lest as the clothes rot in the grave that person to whom they belong should waste away and perish. So in the Netherlands even the rings of the dead are never given away.

The apron is not without its superstitions. Women turn them before the new moon to ensure good luck for the ensuing month. In Yorkshire, a county in England, when a married woman's apron falls off it is a sign that something is coming to vex her; when, however the apron of an unmarried girl drops down she is frequently the subject of laughter, as it is a sure sign that she is thinking of her sweetheart.

If a young woman's petticoats are longer than her dress, it is proof that her mother does not love her as muchas her father, a notion that extends as far as Scotland.

If the stocking is put on wrong side out, it is lucky, but unlucky to turn it. To clothe the left foot before the right one is a sign of misfortune.

Everybody knows that throwing an old shoe after a wedding party or a person going on a journey will produce good luck. It is needless to say that this superstition is encouraged by the shoemakers.

In the Bible the receiving of a shoe was an evidence and symbol of asserting or accepting dominion or ownership, whereas the giving back of the shoe was the symbol of resigning it.

Young girls on going to bed at night, place their shoes at right angles to one another in the form of the letter T, repeating this rhyme:

"Hoping this night my true love to see,
I place my shoes in the form of a T."

First Principles in Legal Decisions.

Daniel Webster used sometimes to read the conclusion of a charge by Judge Dudley, a trader and a farmer, a manuscript copy of which he had for many years in his desk.

It was a treat to hear him read it in pure and undefiled English, as it doubtless came from Judge Dudley's lips:

"You have heard, gentlemen of the jury, what has been said in this case by the lawyers, the rascals! but, no, I will not abuse them. It is their business to make a good cause for their clients; they are paid for it, and they have done in this case well enough; but you and I, gentlemen, have something else to consider.

"They talk of law. Why, gentlemen, it is not law what we want, but justice. They would govern us by the common law of England.

"Trust me, gentlemen, common sense is a much safer guard for us; the common sense of Raymond, Epping, Exeter, and the other towns which have sent us here to try this case between two of our neighbors. A clear head and an honest heart are worth more than all the law of all the lawyers.

"There was one good thing said at the bar. It was from one Shakspere, an English player, I believe. No matter, it is good enough almost to be in the Bible. It is this: 'Be just, and fear not.'

"It is our business to do justice between the parties, not by any quirks of the law out of Coke or Blackstone, books that I have never read and never will, but by common sense and by common honesty, as between man and man. That is our business, and the curse of God is upon us if we neglect, or evade, or turn aside from it.

"And now, Mr. Sheriff, take out the jury, and you, Mr. Foreman, do not keep us waiting with idle talk, of which there has been too much already about matters which have nothing to do with the merits of the case. Give us an honest verdict, of which, as plain common-sense men, you need not be ashamed."

The Tear Handkerchief of the Tyrol.

In some portions of the Tyrol a peculiar and beautiful custom still prevails.

When a girl is about to be married, before she leaves her home to go to the church, her mother hands her a handkerchief, which is called a tear kerchief. It is made of newly-spun linen and has never been used.

It is with this kerchief that she dries her tears when she leaves her father's house and while she stands at the altar.

After the marriage is over and the bride has gone with her husband to their new home, she folds up the kerchief and places it unwashed in their linen closet, where it remains untouched.

The tear kerchief has only performed half of its mission. Children are born, grow up, marry and move away from the old home. Each daughter receives from the mother a new tear kerchief.

Her own remains where it was placed in the linen closet on the day of the marriage, and there it remains until her death, when it is taken from its place and spread over the placid features of the dead, never to be removed until we are summoned to come forth on the resurrection morn.

A Virginia Goose-Farm.

A goose-farm is one of the curiosities of agriculture on the eastern shore of Virginia.

Within an area of about 3,000 acres live 5,000 geese of several varieties, attended by herders, and regularly fed with corn, etc.

The object is the collecting of down for quilts and pillows, and once in about six weeks a plucking takes place.

Only the breast and sides under the wings are plucked.

Music in the Air.

Stranger: "Quite a musical place this, isn't it?"

Country Inn-keeper: "Well, I should say so. Our brass band can't be beat anywhere. Why, at the tournament last summer those boys played 'Home, Sweet Home' for four hours at a stretch without stopping. Oh, yes, our people have a powerful love for good opera."

MAN.

The Veracious Story of a Much-Married and Many-Childroned Man's Puzzling Experiences.

One of the party had just read a newspaper paragraph concerning the prolificness of a Georgia family, when old General Madfield said:

"Yes, twenty-one children are surely enough for any one family, that is, if the father and mother are not very fond of children.

"I have known of families, however, where you might take twenty-one out of the flock and then some one looking at the rest, would say:

"'My gracious, I never saw the like of children.'

"Some time ago I travelled on horseback through the northwestern part of the State. One day I fell in with a rather companionable old fellow who jogged along on a pony.

"At night, on one occasion, we stopped at a house and requested accommodations for the night. The owner of the place, a newly-married young fellow, treated us with much courtesy, and the next morning when we proposed to settle, he would not accept a cent.

"While we were standing at the gate, my companion, addressing our host, said:

"'It seems to me that I have seen you before.'

"'Is it possible that you don't know me?'

"'I know your face, but I cannot recall your name.'

"'Wy, I'm your son Bill, the one that married last week.'

"'Wy, how are you, Bill; shake, old fellow. I knew that one of the boys got married, but I'll be dinged if I didn't forget which one.'

"'Ann's married, too.'

"'Ann who?'

"'Wy, sister Ann married yesterday.'

"'Your sister Ann! Oh, yes,' he exclaimed, with sudden recollection; 'the one with long light hair with one eye a little out of plumb.'

"'Oh, no, you are thinking about Jane.'

"'That's a fact. I have got them mixed. Let me see, Bill, what was your mother's name?'

"'Emily; was old Archie Smith's daughter.'

"'Ah, hah; but do you remember which one of my wives she was?'

"'The fourth one,' I have heard her say.'

"'Yes, so she was. My stars, how time does fly! A family grows up around a man before he can scarcely realize it.'

"'How many times have you been married?' I asked, as we rode along.

"He took out a greasy old account book, turned to a page covered with figures, and said:

"'Ten times. Haven't had the best of luck with my wives.'

"'How many children have you?'

"He scratched his head in an embarrassed way, and replied:

"'Now you've got me. Bill, back yonder, is putty good at figures, but I never could do much in arithmetic.'"—[Arkansaw Traveler.

Fight with a Python.

Toward the end of 1882 several English newspapers reprinted from a journal published in Singapore the account of a fight between a man and a python, which would indicate the Guy Livingstone type of muscular heroes is not extinct among Europeans in that settlement.

One day news was brought to the curator of the museum that a great python, which was on exhibition there, had escaped from its box and was careering about the building, no doubt thoroughly enjoying the flight of the attendants and visitors. The brute was no less than twenty-two feet long.

At that moment the curator happened to have a bottle of carbolic acid in his hand. "It was a most exciting tussle when they came together, and for a few moments the shivering native spectators could not make out which was snake and which was man."

The guardian of the museum's treasures had secured a firm grip of the python's throat, but on the other hand the serpent had coiled its crushing folds around his legs.

Had it been a question of strength merely the boa must have won the day; the curator would soon have been only fit to make a stuffed mummy in his own museum. But after a struggle or two he managed cleverly to decant the bottle of carbolic acid down the reptile's throat—the grip on which he had never relaxed.

The boa had evidently been unaccustomed to the drink—nay, it evidently disagreed with him. The coils loosened from the curator's limbs, a convulsive shiver went through the entire twenty-two feet of snake, and in a few minutes the great python was dead!

After which it is to be hoped that the spectators gratefully brought their deliverer something reviving, for wrestling with a python in the tropics must be decidedly warm work.—[Good Words.

For Wise Men and Women To Read.

Two women approached each other from opposite directions recently on Seventh street.

One was looking into the shop windows, and the attention of the other was attracted to the opposite side of the street. They collided.

Both looked around with a frown and, glaring at each other, said:

"You clumsy thing, do you want the earth?"

A little further down the street one of the women collided with a smart-looking young man.

When she saw that it was a man who had brushed against her she smiled and said: "I beg pardon," in her most insinuating tone.

He replied, as he tipped his hat: "Don't mention it, please."

The close student of human nature will observe that this story is true.—[St. Paul Globe.

Her Useful Work.

There is a woman in the Chicago Post Office whose employment is to correct misdirected letters.

Her brain is a business directory of the United States, and she knows where to locate every firm of any sort of prominence.

If a clerk calls out a misdirected letter as "Smith, Jones & Co., Chicago," she will very often indicate the correct address as Louisville, Milwaukee, or Springfield, Mass., without taking her attention from the work she is engaged in.

During her term of service, some 300,000 misdirected letters have been saved from the dead letter office.—[Springfield Union.

"Bouillon" Wealth.

Caterer (to lady who is about to give a dinner party): "Would you like bouillon soup served, Mrs. De Suddenrich?"

Mrs. De Suddenrich (lady of fine feeling): "N-no, I think not. Some of the invited are not very abundantly blessed with this world's goods, and if bouillon soup were served it would seem like flying our wealth in their faces."—[New York Times.

TESTIMONIAL!

Vancouver, 23rd June, 1886.

MR. G. ROBERTSON,
Vancouver;
Representing Goldie & McCulloch,
Galt, Ont.

SIR,—We the undersigned having witnessed the terrible fire which wiped out of existence the young city of Vancouver, on the 13th inst., have, after the fire, examined the safes sold by you, some of which were put to the most severe test, having been surrounded by large quantities of lard and bacon, and we are pleased to testify to the remarkable manner in which every Safe sold by you preserved its contents, not only books and papers, but also thousands of dollars in paper money were taken out in perfect condition. We can, therefore, with the greatest confidence, recommend them as thoroughly fire proof:

HEAD OFFICE, TORONTO, CANADA

A HOME COMPANY.

This Association merits the confidence the Public is reposing in it from the following FACTS:—

The Security offered to policy holders is unsurpassed by any Company doing business in Canada.

It has no schemes of insurance, but the well-established lines, hence the policy holders cannot be misled as to their contracts.

Its statements to the public can be readily understood, its cash statement showing every item of income and how expended.

Its position is ascertained annually from a detailed valuation in which every item of liability is included.

Its progress has been unexampled in the history of insurance in Canada.

Its policies are indisputable after three years, and non-forfeitable after two years' existence.

Its profits are distributed upon an equitable basis. The profits to one class of policy holders are not lessened to give larger profits to any other class, which method affords superior advantages over the uniform bonus plan of distribution.

THE BRITISH COLUMBIAN Printing Company

(LIMITED.)

ON THE 10TH OF JANUARY, 1887, the COLUMBIAN Newspaper and Printing Concern was purchased by a joint stock company composed of citizens of New Westminster, to be known as the "British Columbian Printing Co., Limited." The concern has been for nearly a year owned and controlled by the British Columbia Stationery and Printing Company, of New Westminster, Victoria and Vancouver. The object of the new company is to continue the publication of the BRITISH COLUMBIAN newspaper and carry on a general printing and publishing concern, controlled entirely by those whose individual interest it will be to promote the development, especially of the Mainland. There will be no slackening of the energy hitherto displayed in the management of the establishment, and its patrons may rely upon receiving full value for their money. The COLUMBIAN will continue to be entirely independent in both Dominion and provincial politics, and will devote itself to the advancement of such schemes as may be considered in the public interest. The concern is now entirely separate from any other business, the book and stationery establishment in this city having been taken over by Mr. T. R. Pearson, who will continue to carry it on in his own name and for his own benefit. It is desirable that a daily newspaper should be maintained in this city, and the new company asks for public patronage on the ground that it is engaged in an enterprise calculated to promote the public welfare. It asks that the COLUMBIAN be judged on its own merits and supported only so long as its policy is consistent with its professions. In consequence of this business change all accounts due the concern must be settled without delay so that the books of the former company may be adjusted and closed. A PROCLAMATION.

JNO. S. D. THOMPSON, *Attorney-General, Canada.*

WHEREAS it is the loyal desire of the people of Canada to celebrate the fiftieth Anniversary of Our accession to the Throne in such a manner as to manifest their deep attachment to Us, and their thankfulness for the prosperity which, under the blessing of Almighty God, they have enjoyed during Our happy reign:

We, therefore, in order to give effect to such loyal desire, and considering that such blessings do call for public acknowledgment, have thought fit, by and with the advice of Our Privy Council for Canada, to appoint, and We do appoint TUESDAY, the TWENTY-FIRST day of JUNE next, as a day of general thanksgiving and rejoicing, and We do invite all Our loving subjects throughout Canada to observe the said day as a day of general thanksgiving and rejoicing.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of Canada to be hereunto affixed. WITNESS, Our Right Trusty and Entirely Beloved Cousin the Most Honourable Sir HENRY CHARLES KEITH PETTY-FITZMAURICE, Marquis of Lansdowne, in the County of Somerset, Earl of Wycombe, of Chipping Wycombe, in the County of Bucks, Viscount Caine and Cainstone in the County of Wilts, and Lord Wycombe, Baron of Chipping Wycombe, in the County of Bucks, in the Peerage of Great Britain; Earl of Kerry and Earl of Shelburne, Viscount Clanmaurice and Fitzmaurice, Baron of Kerry, Lixnaw, and Dunkerron, in the Peerage of Ireland; Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George; Governor-General of Canada, and Vice Admiral of the same.

At Our Government House, in Our City of Ottawa, this Second day of April, in the year of Our Lord one thousand eight hundred and eighty-seven, and in the fiftieth year of Our Reign.

By Command,
J. A. CHAPLEAU,

Daily British Columbian

Friday Evening, June 17, 1887.

The loan by-law is occasioning much discussion on the streets.

Go and have a look at the new shoes that Grant & Maclure received to-day. *

The Rithet arrived at 4:45 this afternoon. She brought up 60 tons of freight.

Rev. Thos. Haddon will preach a jubilee sermon in St. Paul's church next Sunday evening.

The gravel excavated from the Market lot is being deposited on the lower part of Columbia st.

No eastern mail since Wednesday. The delayed matter, however, is expected in at 21 o'clock to-day.

The deck hands on board the Rithet struck a day or two ago, and now Siwashes are filling their places.

The William Irving arrived from Chilliwhack and way ports at 1 o'clock. She brought down a cargo of produce and stock.

The wife of a certain restaurant keeper in the city has suddenly deserted the protection of her husband and taken flight to Vancouver.

On Wednesday evening next, at 8 o'clock, a strawberry festival will be held in St. Paul's (Reformed Episcopal) church. Admission 25 cts.

The Rev. Mr. Jamieson will preach next Sabbath morning and evening in the Baptist church at the usual hour. A cordial invitation is extended to all.

Passengers per Rithet: Mrs. McNaughten, Mr. and Mrs. Prouse, Mrs. Green, Mrs. Kirkland, W. Bentley, W. H. Howell, J. Elliot H. N. Bain.

Messrs. Harling & Laska, of Victoria, have secured premises next to the carriage works of Messrs. Reid & Currie and intend opening out a cigar factory.

The Fraser is rising again. It is very warm weather in the interior at present. Logs and town lots from the interior, were floating down the swollen waters this afternoon.

"I have been over the whole province," said an eastern gentleman to the COLUMBIAN to-day," and I think the two safest places to invest money are Westminster and Kamloops."

The members of the Manitoba legislature propose taking a holiday excursion to this coast as soon as the legislature prorogues, visiting Westminster and other cities of the province.

On Wednesday the str. Rithet arrived from Victoria at 3:30. To-day she arrived at 4:45. This is a great improvement on her previous record, but really the mail steamer should make the trip by 3 o'clock at most.

Labor is becoming scarce in the city. Mr. Sirr, the employment agent, sent for six hands to-day to Vancouver to work on an excavation contract. It will pay many idle men who are walking around in the other cities of the province to come to Westminster, where they will readily find employment.

Is there anything more annoying than having your corn stepped upon? Is there anything more delightful than getting rid of it? Holloway's Corn Cure will do it. Try it and be convinced.

A VALUABLE FILE.—Nearly every one in New York has heard of "Back Number" Reed, who puts away every day fifty copies of each New York newspaper to sell them to customers years hence at 500 to 5,000 per cent. profit. It is reported that he once received $700 for a single newspaper. Recently he was called upon by some Kansas men, among whom was Senator Ingalls, who asked his assistance in procuring a complete file of the Leavenworth Journal for the two years that it was under the management of John Henderson, during the agitation that resulted in the Lecompton constitutional convention and the establishment of Kansas as a free state. The file was desired for the Kansas Historical Society, and they were willing to pay $10,000 for it.—*New York Tribune.*

A. R. Dee Roberts, Arthabaskaville, P.Q., writes: "Thirteen years ago I was seized with a severe attack of rheumatism in the head, from which I nearly constantly suffered, until after having used Dr. Thomas' Eclectric Oil for nine days, bathing the head, &c., when I was completely cured, and have only used half a bottle."

THE CHINA ROUTE.—The distance from Hong Kong to Vancouver by the route the Abyssinia traveled is about 6000 miles, and from Yokohama to Vancouver 4300 miles. The time occupied in traveling this distance by the Abyssinia was 13 days 14 hours, or a fraction over 13½ miles per hour for every hour of the time between the two ports.—*Vancouver Herald.* The time between Hong Kong and Vancouver is very nearly the same as between Vancouver and Liverpool, so that, measured by time, British Columbia is just about half-way between China and Great Britain.

TRUSTEE ELECTION.—The election of trustees for this city takes place next Monday. There are three trustees to be selected. The meeting for nominations will be held at the council chambers, Hyack Hall, at 11 a.m. In case of a poll being required, voting will take place on Thursday. We hope to see a large number of citizens present at the meeting on Monday. Hitherto very little interest has been manifested in school elections, and it has sometimes been found difficult to secure candidates enough to fill the vacancies. Every citizen should take a personal interest in these elections.

A MISAPPREHENSION.—In its report of the Vancouver council proceedings the *News* of yesterday states that a letter was received from the registrar of the court intimating that if a suitable office were provided, Hon. Mr. Justice McCreight would take up his residence in Vancouver. This paragraph is altogether misleading. Judge McCreight has no intention of removing from Westminster. It is here the sittings of the supreme court are held, as well as the spring and fall assizes, and as this city is the most central and easy of access of any city in the district, there is no change contemplated.

JUBILEE MEETING.—Last night there was a jubilee meeting in the Presbyterian Church. Instead of holding the usual Thursday-night prayer meetings in the various churches, the Presbyterian, Methodist, Baptist, and Reformed Episcopal congregations met together in St. Andrew's church, which was completely filled with an attentive audience. The object of this union service was to give a public expression of thanksgiving and praise to the Creator for his goodness to our queen and our nation, and also an expression of loyalty to her whose jubilee is now being celebrated. Rev. Robt. Jamieson, the venerable moderator of the presbytery of British Columbia, presided, and brief and appropriate addresses were delivered by him and Revs. Thos. Scouler, Thos. Haddon and Coverdale Watson. Rev. Robt. Lennie was absent from the city. The meeting was dismissed at 9:30.

Pacific Carriage Works.

A Business that is Daily Increasing and Growing with Our City.

Situated on the corner of Begbie and Columbia sts. in this city is the carriage establishment of Messrs. Reid & Currie, known as the Pacific Carriage Works. The building occupied by this establishment extends 33 ft. on Columbia and runs back a distance of 132 ft. along Begbie st. The structure is two stories high and is divided into many apartments, where the different branches of the business are carried out. A large front room on the first floor of the main building is the blacksmith shop and work shop. Here three big bellows are steadily going during working hours, and the constant ring of hammering and pounding indicate a rushing business. The repairing department is also here. Passing from this room to the rear is the wood-turning department. In this room all the wheels and wood-work are produced. The second story of the large building is occupied by paint and varnishing rooms and store-rooms. A large stock of buggies, carriages, waggons, cutters, &c., are here kept. Messrs. Reid & Currie began this spring importing eastern plows and harrows, and have disposed of a good number of these implements in all parts of the country. The Pacific Carriage Works are steadily increasing. It is only three years ago since the present structure was erected, yet this once commodious building is now filled up with machinery and workmen, and ere long it will be two small for this fast-increasing business.

Building.

The List so Far—A Splendid Showing

We append below the list of substantial business blocks, that are in course of construction, or for which contracts will be let at once.

Magnificent three-story brick block on corner of Columbia and Lorne sts., for Masons and Oddfellows. This building will be 66 ft. in width by 120 in lenth and 60 ft. high on Columbia street.

Three-story brick block for Messrs. Scoullar & Armstrong on Columbia st. This block will extend 98 ft. on Columbia st. by 66 ft. deep.

Three-story brick hotel, 66x70 ft. on Columbia st., for Mr. W. A. Duncan.

Brick block, 33x60 ft., on corner of Columbia and Mary sts., for Bank of B.C. Three stories on Mary st. and two on Columbia.

Two story and basement brick block on corner of Front and Mary sts., 33x60 ft., for Mr. Chas. McDonough.

Two story and basement brick block, on Front st., for Mr. J. A. Webster, 40x60 ft.

Three story brick block on Front st., to extend from Armstrong building to Church st., for Lowenberg, Harris & Co.

Three story frame hotel, corner of Columbia and Douglas sts., 40x132, for Mr. H. V. Edmonds.

Besides the above there are numerous smaller buildings and private residences in all parts of the city. Westminster may be said to be having a good healthy boom.

A COMPLETE REVOLUTION in the state of the stomach harassed by Dyspepsia is caused by using Northrop & Lyman's Vegetable Discovery, or great blood purifier, a medicine specially adapted to renew healthy activity in that organ and in those which most closely co-operate with it, the bowels and the liver. Easy digestion, an increase of appetite and a free secretion of bile, mark the radical change which it produces.

Chilliwhack Council.

Council met June 7th. Present, his worship the reeve and Councillors Wilder, Banford, Bell, Wells, and Irwin.

Communications were received from a number of parties and dealt with as follows: Mr. Branchflower's communication was laid over indefinitely; the clerk was instructed to inform Paterson and others on the Big Prairie that they would be allowed the privilege of working out half their taxes on their road, and that their road work, in addition to this, should make their road passable.

Coun. Bell gave notice that he would introduce at next meeting a by-law for opening and closing roads, and a by-law for the prevention and removal of nuisances.

The following bills were ordered paid: Joseph Brannick, for grubbing stumps, $15; L. Snider, part payment on his contract, $40; the clerk, five months' salary, $50; S. McBride, for repairs to McCutcheon's bridge, $4; $40 was appropriated to the McKeever road, $40 to the Prest road, and $20 to Jas. Bailey's road.

A committee was appointed to inspect the Lumsden road and to report at next meeting.

A by-law was ordered to be prepared for opening the following roads: from the Cultus Lake Road, south of sections 15, 16 and 17, east to the mountains; from Hope Slough to Hog Island, across Fairfield Island; from Hope Slough to Camp Slough, passing A. Castleman's farm; from the trunk road to Hope Slough, between H. Kipp and R. Nowell's lots; from the trunk road east, passing between H. Henderson and R. Thomson's farms.

The clerk was instructed to order all fences and other obstructions removed from the public roads.

A motion was introduced by Coun. Bell, seconded by Coun. Irwin, prohibiting any person, excepting a municipal contractor or pathmaster, from using municipal scrapers or other tools, and imposing a fee of 50 cts. per day for the use of scrapers on municipal contractors, from the time the scrapers are taken away till returned, and compelling contractors to replace or repair scrapers or others tools that may be broken while in their possession.

His worship the reeve declined to put the motion, stating that, in his opinion, it was illegal to collect revenue in that manner.

The council refused to sustain this ruling and the reeve left the chair.

On motion. Coun. Wells was voted to the chair, put the motion, and declared it carried.

The clerk was instructed to notify the Semiault ditch commissioners that, as no flood-gate was required in their ditch, the council declined to appropriate any money towards it.

His worship the reeve reported that he employed Mr. Murray to inspect the Luk-a-kuk and Atchelitz bridges for the sum of $5 each, and had sold the planking and timbers of the old bridges to Messrs. McGrath & Lickman, for the sum of $15.

On motion, the report was adopted.

C. S. Rider's tender for grading and gravelling the trunk road, at $2.50 per rod, from R. Thomson's to Elk Creek was accepted.

The clerk was instructed to communicate with the chief commissioner of lands and works with regard to Theodore Wiltie's contract, and inform him of the destruction of the bridge and that the council is going to examine the location with a view to erecting a more permanent structure in a new place. The clerk was instructed to answer the secretary of the board of trade's communication.

D. Nevin's tender on the Chilliwhack central road was accepted.

The clerk was instructed to inform W. N. Bole that the council did not enter the Innes case, had no connection with it, and did not consider themselves liable fos the costs.

Council then adjourned.

Mr. R. C. Winlow, Toronto, writes: "Northrop & Lyman's Vegetable Discovery is a valuable medicine to all who are troubled with Indigestion. I tried a bottle of it after suffering for ten years, and the results are certainly beyond my expectations. It assists digestion wonderfully. I digest my food with no apparent effort, and am now entirely free from that sensation, which every dyspeptic well knows, of unpleasant fulness after each meal."

1873. **GRIP!** 1887.

CANADA'S COMIC JOURNAL

GREAT IMPROVEMENTS FOR 1887.

THE AIM OF "GRIP" is to set forth, in in an impartial and independent manner, the passing events of Canadian political and social life. Its Cartoons speak more definitely and more pleasingly than who'e columns of editorial. In this pungent, easily appreciable, and artistic style of presenting a subject, the whole situation is revealed at a glance. The success of *Grip* shows how well this fact is appreciated—its Cartoons on the passing political events of the country being even more eagerly sought after than the chaste and humorous letter-press of the paper,—though the latter is equal to that of any similar publication on the continent.

The publishers of *Grip* are making extensive improvements for 1886. The old cover is to be discarded, and the journal will hereafter comprise 12 pages, and be printed on heavy toned and calendered paper,—every number being so artistically executed as to compare favorably with the best papers on the continent. The advts. will be compressed and more systematically arranged; while similar improvements will be made as to the letter-press. A new and handsome design will adorn the title page; while the Cartoons will certainly not suffer from extensive improvements in the artistic department.

The price of *Grip* will hereafter be $2 a year, which is lower than that of any paper of its kind in America,—most of them selling for $4. Single numbers of *Grip* will be 10 cents.

Twice a year, at Midsummer and Christmas, a beautiful special number will be issued, the number of pages being increased, and pleasing features introduced, particulars of which will be given in preceding issues. These numbers will be presented to subscribers without extra charge.

GRIP'S PLATFORM:

Humor without Vulgarity;
Patriotism without Partizanship;
Truth without Temper.

Loan Bylaw, 1887

To Raise a Loan of $75,000.

WHEREAS IT IS EXPEDIENT AND desirable to raise by loan the sum of $75,000, payable on the 15th day of July, A. D., 1937, with interest in the meantime payable half-yearly, at the rate of six per centum per annum, to be applied to the following purposes, that is to say:

A. For the opening up and improvement of Public Streets in the City of New Westminster, the sum of $28,750.

B. For the erection and furnishing of a City Hall, Court Room, Lock-up, Police Quarters, City Clerk's Office and Market, the sum of $15,000.

C. For improving the Crescent and Park, the sum of $5,000.

D. For purchasing at a sum not exceeding their par value all Debentures issued on the security of the City of New Westminster, the sum of $28,250, which Debentures are set out in the schedule to this section.

1. New Westminster Loan Bylaw, 1883, payable in ten years—balance unpaid	$ 3,500
2. New Westminster Loan Bylaw, 1885, payable in ten years—balance unpaid	4,000
3. Railway Bonus Bylaw, 1885, payable in twenty years—balance,	20,000
4. Woolen Mill Bonus Bylaw, 1886, balance	750
Total	$28,250

And whereas the sum of $3,000 will have to be raised annually as a special rate for paying the interest and creating a sinking fund for paying the said loan at the days and times when the same shall become due by this Bylaw.

And whereas the amount of the whole rateable property of the Municipality according to the last revised Assessment Roll, being the Roll for the year one thousand eight hundred and eighty-seven, is the sum of $709,210, irrespective of any future increase of the rateable property of the Municipality, and of any income in the nature of tolls, interest or dividends from the work, or from any stock, shares or interest in the work upon which the money to be raised as herein provided, or any part thereof is intended to be voted, and also irrespective of any income from the temporary investment of the sinking fund or any part thereof.

And whereas to raise the said yearly sum of $6,000 the annual special rate upon the said rateable property will require to be eight-tenths of one per cent. on the dollar.

Therefore, the Mayor and Council of the Corporation of the City of New Westminster in council assembled enact as follows:

1. It shall be lawful for the Mayor of the said City to raise by way of a loan from any person or persons, body or bodies corporate, who may be willing to advance the same upon the credit of Debentures hereinafter mentioned, a sum of money not exceeding in the whole $75,000, and cause the same to be paid into the hands of the Clerk of the said Corporation for the purposes and with the objects hereinbefore recited.

2. It shall be lawful for the Mayor to cause any number of debentures to be made, each for such sum of money not less than $100 as may be required, and all such debentures shall be sealed with the seal of the Corporation of the City of New Westminster, signed by the Mayor and countersigned by the Clerk of the said City.

3. The said Debentures shall be made payable in fifty years from the day hereinafter mentioned for this Bylaw to take effect, at the office of the City Clerk of the City of New Westminster.

4. The said Debentures shall have coupons attached for the payment of interest at the rate of six per centum per annum on the amount of said Debentures payable half-yearly during the currency of said Debentures which coupons shall be payable at the office of said City Clerk.

5. For the purpose of forming a sinking fund for the payment of the principal of said Debentures and interest to become due thereon an equal special rate of eight-tenths of a cent on the dollar shall, in addition to all other rates, be raised, levied and collected in each and every year upon all the rateable property in the said City during the continuance of said Debentures.

6. It shall be lawful for the said Corporation from time to time to repurchase any of the said Debentures at such price or prices as shall be mutually agreed upon, and all Debentures so repurchased shall be forthwith cancelled, and no reissue of Debentures or any Debenture, shall be made in consequence of said repurchase.

7. In case any or all of the said Debentures mentioned in Section D in the recital of this Bylaw cannot be repurchased according to the provisions of this Bylaw, then and in such case the unused portion of said sum of $28,250, mentioned in said Section D of the said recital shall be placed to the credit of the sinking fund of the respective Debentures which cannot be redeemed, and the special rate mentioned in the Bylaw creating such Debentures shall not be levied as in said Bylaw mentioned, but instead thereof the amount required to be raised annually by such special rates for interest on such unredeemed Debentures, shall be paid out of the sinking fund created under said Bylaw, and this Bylaw and the principal sum of said unredeemed Debentures, shall if such Debentures cannot be sooner purchased, be paid out of the sinking fund as and when such Debentures shall become due respectively.

8. This Bylaw shall before the final passing thereof receive the assent of the the Electors of the Corporation in manner provided by the Municipality Act, 1881.

9. This Bylaw shall take effect and come into force on the 15th day of July, A. D. 1887.
