Successful Moose Meeting at Anyox

On Monday evening, at the Recreation Hall, a meeting was held under the auspices of the Loyal Order of Moose.

The chair was ably taken by Mr. J. G. Ellis, supported by the Rev. J. B. Gibson, the Rev. J. Herdman and Mr. Stanley Spragg. Mr. Ellis in introducing the supervisor of the order, Mr. W. F. H. Thompson, briefly outlined the advantages of Moosedom. Mr. W. F. H. Thompson the Supervisor explained to the meeting in detail the various works the Moose Order have in hand, their activities at Mooseheart and Moose Haven, and the many social and fraternal advantages one could derive from being a Moose. At the close of his very able and interesting address he called for new members to enroll. There was a splendid response, over a dozen new members signing up. The charter members are now nearly complete and there is no doubt that the "New Moose Lodge" will soon become a reality in Anyox. The Rev. J. Herdman in supporting Mr. Thompson referred to the noble aims of the Order, and said he thought that any Order with tenets like the "Moose" should have support.

During the evening the Anyox Brass Band played several appropriate marches with great gusto, and their efforts certainly did much to make the evening the success it undoubtedly was. Bandmaster J. Varnes is to be congratulated on the great improvement shown all round.

Anyox Tennis Popular

The interest in tennis is still unabated, chiefly owing to the tournament now in progress for the Men's Open Single Championship of Anyox. With the exception of one game the second round has been played off and still no surprises have occurred, the winners living up to their reputations. In the third round the following players will meet:- H. Ballion vs. F. Gordon, G. Lee vs. winner of W. Miller and J. D. Lewis, D. Cole Junr. vs. O. G. McIntyre, and F. Brown vs. F. C. Townshend. This round is undoubtedly the most interesting of the Tournament. There is a glorious uncertainty in tennis as there is in other games and this tnird round may furnish the surprise that is usually found in all tennis tournaments.

It is unfortunate that a tournament of this kind could not have been arranged for the Ladies, but owing to the scarcity of competitors it was decided not to attempt it.

Players on the ladies events are again reminded to play as many games as possible before the end of the season.

If you have any news items send them to the Herald. Our business is to publish news.

Dance Held at Alice Arm Hotel a Success

A delightful dance was held at the Alice Arm Hotel last Saturday evening, when even a larger crowd the preceding week was in attendance. A goodly number of Anyox visitors were present, and also a number from the various adjacent camps were there to join in the merriment. The orchestra, who surpassed themselves with the quality of music, were composed of Messrs. E. R. Oatman, cornet; C. Hutchinson, clarinet, and C. Wickstrom, accordian.

While no refreshments were served, lemonade of various hues was on hand for the thirsty one's, which included everyone. It is proposed, that providing the attendance to the dances maintain the present standard to hold a dance every Saturday evening. Great credit is due to Mr. M. D. Ross as organizer, as it was chiefly through his efforts that the dances of the past two weeks were made possible.

Homestake Mining Co. Operating Speeder

A gasoline speeder arrived from the south on Monday, for the Homestake Mining Company, and will be used on the Dolly Varden railway for the hauling of supplies and mining equipment. The speeder, which is a very sturdy looking machine, is equipped with a 22½-h.p. Ford engine, and is capable of hauling two tons, and one ton up the 5 per cent, grade at the head of the steel. Five men are now engaged taking a few kinks out of the track. Trial runs carried out during the week have given entire satisfaction.

Log Boom Ready for Towing from Alice Arm

The tug boat "Cape Scott," arrived at Alice Arm yesterday evening, at 9 o'clock, from Ocean Falls, and will tow another boom of logs from the camp of the Abbotsford Logging Co. to the paper manufacturing town down the coast. The boom to be taken out comprises thirty-two sections, and will total nearly 1,500,000 feet of lumber. This is the second boom to be taken out this summer. The new yarding engine on the Illiance River is expected to commence operations on Monday, and with this engine in operation the output of logs will be considerably increased.

Mr. R. F. McNaughton, district passenger agent at Prince Rupert, for the Canadian National Railways, was a round trip passenger on the Cardena, on Monday, visiting both Alice Arm and Anyox. Mr. McNaughton states that the tourist traffic has been exceptionally heavy this year, and that information will be gladly given to anyone who is contemplating a trip to the east or Europe.

Elks & Mine Ball Teams In Play-off Series

On Tuesday, August 21st. the Elks met the Mine in what proved to be the last game of the regular series. Had the Elks lost this game they would have had to play the Mine once again but their win on Tuesday eliminated the Smelter, who had become a serions contender for the playoff.

The game was featured by some fine fielding on both sides and in the first inning after Greenwell got on base on a hit, and McIntyre the next man up, got a ticket, on first through an error Drandson won his own game by a well placed two base hit bringing two runs in but was put out at third, trying to stretch the hit for three bases. The Mine made one in the second when Halverson came home on Pynn's hit.

In the third inning, the Elks scored again, Archie Campbell coming home when McIntyre's hit was not fielded perfectly. In the 4th inning the Mine crept up another notch when Stewart scored after Mealey hit to Greenwell who was unable to catch the runner at the plate.

That was the end of the scoring, but the Mine looked dangerous at any moment and were stopping from a 7th. inning rally when Campbell made a spectacular one hand running catch of Cecil Ferguson's hard hit fly. Corkle got on the final half but was forced at second for the final out when Stewart hit to Greenwell.

The showing of these two teams who now go in for the playoft shows that the next two or three weeks Anyox will witness the most thrilling games of the baseball season and it is said that each team is picked to win.

Diamond Drill For Outsider Property

Mr. L. Jesson, manager for Boyle Brothers, the diamond drill contractors, arrived at Maple Bay on Monday, to superintend the installation of a diamond drill on the Outsider property, for the Granby Co. Latest reports concerning the Outsider, are that the property will probably develop into one of the big mines of the province, and the operation of a diamond drill will expediate the work of proving up the extent and richness of the ore bodies.

Granby Co. Officials Examine Property

Mr. H. S. Munroe, general mnager of the Granby Co., accompanied by Dr. J. A. Bancroft, and Mr. E. J. Conway, are making an examination of the copper property recently bonded by the Granby Co. at the Ecstall river, a short distance from Port Essington.

Trail Construction at Hastings Arm

A crew of men are at present constructing a foot trail from the head of Hastings Arm for a distance of approximately seven miles. The trail will follow the east fork of the Sutton river, and when completed will be within 9 miles of the Racehorse group, at the head of the Kitsault valley.

Alice Arm Mining

Ralph Ingraham, who has been working on the Black Diamond property at Copper Creek, in which he holds an interest arrived in town during the week. He has driven 20 feet of tunnel on the property this summer with satisfactory results. Galena ore being scattered throughout the rock, and with these indictions it is expected that as the tunnel work is proceeded with solid ore will be encountered. The tunnel is now in a distance of 40 feet. Mr. Ingraham is now working on his claims west of the Esperanza.

The Summit property which is situatated at the head of the Kitsault valley, it showing up some good ore bodies under development work now being done by A. Davidson, who states that the open cuts recently driven have proved the ore ledge to be at least nine feet wide, with good prospects of it being wider as soon as work can be done. The cuts driven across the ledge shows considerable high grade ore, composed of silver-lead and native silver. Some good copper ore has also been located on the property. The Summit is situated about four claim lengths from the Last Chance, on which high grade ore has been found and on which work is still being done.

BIRTH AT ANYOX

Born to Mr. and Mrs. Fred Morrow, at the Anyox Hospital, on Friday, August 17th, a daughter.

ALICE ARM NOTES

Hand Laundry Work. Moderate Prices—Miss B. Crawford, Alice Arm.

Mr. Gordon H. Clarke, post office inspector, was a visitor to Alice Arm last week-end. This is Mr. Clarke's first visit to Alice Arm since the post office moved to new quarters, and he well pleased with the neat and up-to-date appearance of both the store and post office.

Mr. J. C. McCallum has accepted the position of school teacher at the local school. Mr. McCallum taught school during the last term at Hagensborg, Bella Coola district

Mr. Hockin, representing McLennan & McFeeley, hardware merchants, Vancouver, arrived in town on Thursday.

See Al. Falconer for Freight and Pack Horses.

Mr. Robt. Millberg, arrived on Monday from Vancouver, and is spending a week's holiday with Mr. and Mrs. J. Hanna.

Mrs. J. Smith and family, of Anyox, arrived last Saturday, and are spending holidays at Silver City.

Mrs. C. Hague and family, of Anyox, are holidaying at Silver City, arriving last Saturday.

Mrs. Patrick, of Anyox, accompanied by her son, Maxwell, are spending holidays in town.

Dr. snd Mrs. Learoyd, of Anyox, spent a few days during the week, the guest of Mrs. P. Whelan.

Mr. A. Meehon, timber cruiser for the Granby Co. returned to Vancouver on Monday.

Mr. J. Murdoch left on Monday for a trip to Stewart.

Mr. Jim Calvin returned on Thursday from a prospecting trip to the Naas River country. He found a country well mineralized, but no real high grade showings.

A new transfer wagon arrived from the south on Monday, for Mr. Al. Falconer.

Messrs. John Strombeck and Chas. Gustaffson arrived home on Thursday from a prospecting trip down the inlet, in the vicinity of Stafford creek.

See Al. Falconer for Wood or Coal

Messrs. Miles Donald and Wm. McLean arrived back during the week from a prospecting trip to the Georgia river country, which is on the slope of the Portland Canal.

Mrs. Wm. Hallorin is spending holidays with Mrs. P. Whelan, having arrived on Thursday from Anyox.

Al. Falconer now has six horses packing supplies from Camp 8 to the Homestake Mine. Two horses are also engaged in hauling logs from the woods for the camp buildings.

Mr. J. Hanna had the misfortune to cut an artery on his wrist durthe early part of the week, and has been on the sick list for the past few days.

Another dance will be held at the Alice Arm Hotel this evening. Dancing 8.30 to 12. Ladies please bring refreshments. Special music. The best dance yet.

Don't Forget To-morrow is Parson Rushbrook's Sunday at Alice Arm

Children's Service, 11 a.m.
Evening Prayer, 7.30 p.m.
ALL WELCOME

ANYOX NOTES

Mrs. Claud A. Davis left on her summer vacation, on Thursday last for Vancouver.

Mrs. R. Stewart left Anyox for a two month's vacation which will be spent in Kamloops and Victoria

Mr. W. McArthur, who has been a resident of Anyox for the past five years left Anyox on Monday last, having severed his connection here. He carries with him the best of wishes from a host of friends who regret his departure.

Mrs. Ruddick was a southbound passenger on Monday last, her destination being Prince Rupert.

Continued on page 4.

Why We Don't Print It.

The Trail News has the reputation of being a booster, and it has always been the aim of the publisher to boost every enterprise be it of public or of private nature, of a worthy character. Boosting is a game, however, that more than one can play. "I boost you, you boost me," is a good motto. The newspaper man can boost in a very effective way, even by not "knocking" when people want him to "knock." He can boost a good deal more by coming out flat footed and upholding the good that is in an individual or an institution and leaving unsaid what he knows to be bad. But when this is done there is no occasion for the person or institution which is boosted to assume that the newspaper has to do it in order to hold its job with the public, as that is indeed a serious mistake. A newspaper man sees and hears more things, bad or good, about individuals and about the way institutions are conducted than other individuals, a gossiping old maid not excepted, and it is unfair to assume that it is because he does not know that he does not print it. It is because he has a sense of honor and a sense of feeling, and last but not least, a love of peace and harmony in the community. Many things may be printed about our town which would make spicy reading, but why herald such things abroad? The least said, the better. The newspaper man, however, has a keen sense of appreciation and is susceptible to praise of the right sort, and to substantial business support. He appreciates the spirit of the man who, when he has a few dollars' worth of job printing does not go galavanting about the country spending car fare and time thinking he might get it a few cents cheaper, but who says, "We've got a printer here at home who is trying to help our town, and we will in turn help him by giving him the little printing we have to do." This is the true community spirit, and it counts with the merchant, with the doctor, with the lawyer and with every business which draws its daily support from a community---The Trail News.

The Copper Market

Burdick, Logan & Company, Limited
737, Granville Street,
Vancouver, B. C.
Special to the Herald

Export and domestic sales of copper for the last few days have been slow. European countries have been buying in very small volume since Thursday, France being the largest buyer for some time, with Germany taking a fair tonnage. Orient continues active in inquiries, but does little buying. Domestic buying has been more reluctant than ever during last few days about making commitments.

Custom smelters are offering copper at 14.50 cents a pound, while producers continue to hold for 14 5-8 cents. In the outside market, copper is available at 14 3-8 cents, and it is probable that business in volume would result in cutting the price to 14 1-2 cents. The market is decidedly nominal. As sales for some time have been in small volume, and production has not decreased, stocks of copper have substantially increased. Consumers show no inclination to come into the market except to keep in touch with prices.

London—American copper syndicate is preparing to invest $8,000,000 in Grong ore mines in Norway, according to Christiana reports. Syndicate is represented by Cappelin Smith and H. J. Norse, both technical men, who are now examining the property. Another $1,000,000 will be invested in railroad from the mines to Namsos,

London—Johannesberg is excited over a report of a big discovery of maganese about six miles from Hekpoort in the Krugersdorp district, a hillside assaying 90 per cent. pure ore.

Dome Mines, Ltd. gold production in July, was valued at $425,547, compared with $421,779 in June, and $355,532 in May. Production in July, 1922, was valued at $335,254.

Government Will Combat Tuberculosis

Determined to cut the ravages of tuberculosis to a minimum, the government has appointed Dr. A. S. Lamb, travelling health officer for the province, his time to be devoted almost entirely to educational work on the prevention and treatment of tuberculosis. Dr. Lamb will travel all over British Columbia visiting the smaller centres first. His services will be available to any physician as a consultant.

Vancouver, Aug. 21st.—A number of prominent professional and business men are exchanging grim notes following the departure of two sprightly young women who thrived here for several weeks selling subscriptions for an obscure American magazine. They yielded up a touching story of their endeavoring to "work their way through college", despite the fact that both were palpably sophisticated and passe. The young women made a number of visits and raised "loans" on a pathetic hard luck story. Reports from Victoria state that they paid a similiar visitation to that city.

Be the Best of Whatever You Are

If you can't be a pine on the top of the hill
Be a scrub in the valley—but be
The best little scrub by the side of the rill;
Be a bush if you can't be a tree.

If you can't be a bush be a bit of the grass,
And some highway happier make;
If you can't be a muskie then just be a bass—
But the liveliest bass in tne lake!

We can't be all captains, we've got to be crew,
There's something for all of us here;
There's big work to do and there's lesser to do,
And the task we must do is the near.

If you can't be a highway, then just be a trail,
If you can't be the sun be a star;
It is'nt by size that you win or you fail
Be the best of whatever you are!

BRITISH COLUMBIA
The Mineral Province of Western Canada

Has produced minerals valued as follows: Placer Gold, $76,542,203; Lode Gold, $109,647,661; Silver, $59,814,266; Lead, $51,810,891; Copper, $170,723,242; Zinc, $24,625,853; Coal and Coke, $238,289,565; Building Stone, Brick, Cement, $36,605,942; Miscellaneous Minerals, $1,358,839; making its mineral production to the end of 1922 show

An Aggregate Value of $769,418,462

The substantial progress of the Mining Industry in this Province is strikingly exhibited in the following figures, which show the value of production for successive five-year periods: For all years to 1895, inclusive, $94,547,241; for five years, 1896-1900, $57,607,967; for five years, 1901-1905, $96,507,968; for five years, 1906-1910, $125,534,474; for five years, 1911-1915, $142,072,603; for five years, 1916-1920, $189,922,725; for the year 1921, $28,066,641, and for the year 1922, $35,158,843.

Production During last ten years, $339,280,940

Lode-mining has only been in progress for about 33 years, and not 20 per cent of the Province has been even prospected; 300,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

SYNOPSIS OF LAND ACT AMENDMENTS

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished, but parties of not more than four may arrange for adjacent pre-emptions with joint residence, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may, because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim

Records without permanent residence may be issued, provided applicant makes improvements to extent of $360 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptor holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT.

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time within which the heirs or devisees of a deceased pre-emptor may apply for title under the Act is extended from for one year from the death of such person, as formerly, until one year after the conclusion of the great war. This privilege is also made retrocative.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provision for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31, 1920.

SUB-PURCHASERS OF CROWN LANDS

Provision made for issuance of Crown grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock-owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers, up to ten head.

Anyox Community League Meeting

Continued from last week

In connection with a celebration on Labor Day, the Council Decided that the day should be observed in a fitting manner.

A letter was read from Mr. Geo. Lewis, asking that his resignation from the Council be accepted. He stated that he found it impossible to be present at the meetings on account of so much night work. The resignation was accepted with regret and a vote of thanks was passed to Mr. Lewis for his services to the community. Mr. W. Callanan is now president of the Community League.

To fill the vacancy on the Council caused by the resignation of Mr. Lewis, Mr. Ed. Yard was appointed by the Council.

Owing to the absence of Mr. Townshend on his vacation, Mr. J. T. Jones was appointed Acting-Secretary-Treasurer of the League.

On behalf of the organizer for the Moose order, Mr. Selfe requested Recreation Hall in the event of not being able to obtain a more suitable meeting place. The Council could not set any nights when this could be done, but when not in use the hall could be rented at the usual price.

Anyox Football

Mine and Smelter Draw in Fast Game

The second match of the series was played on Thursday last Aug. 16th.

The Mine team had all at stake and played a fine game. Westwood the Smelter centre-forward was again to the fore and fifteen minutes after the start scored a fine goal from a free kick. Both sides showed great form and their forwards plenty of speed. Half time was reached with the score standing, Smelter, 1 Mine 0.

Five minutes after the restart, McKeown equalized for the Mine with a well dropped kick and despite the efforts of the Smeltermen the game ended in a draw. There was a good attendance and the football fans certainly got all the excitement required. Line up Mine: Goal, Corckle; Backs, Lang, Stewart; Half-Backs, Cane, Currie, Pynne; Forwards, Twaddle, Barres, McKeown, Valpy, Greenwell.

Smelter: Goal, McDougall; Backs, Mair, J, Kirkland; Half Backs, A. Kirkland, Ross, Main; Forwards, C. Kirkland, Rowan, Westwood, Wilson, Elder.

Westwood, Ed. Ross and D. Main, were prominent on the Smelter's side. Bob Stewart and S. Currie played splendid football for the mine. The next game of the series will be played on Aug. 23rd.

STEWART NEWS

Indian Mines Reorganized

The Indian Mines Company have recently reorganized, and will be known in future as the Indian Mines Incorporation Ltd., with an increase in capitalization to $3,000,000. This will give the company a large development fund, and at the same time provides for the present shareholders, who will receive three shares for every two they held in the old company.

Two reasons have induced the management to take this action. One is that in order to comply with the rules governing the London Stock Exchange a company must have its stock fully paid up before it can be traded in. The other is that by such reorganization the company will have a large block of treasury stock that will furnish ample working capital for complete development of the mine and for the construction of a mill, tramways and other facilities for the extraction, treatment and shipment of ore.

Bear River Bridge to Be Completed

Work on the Bear river bridge is progressing satisfactorily. A temporary span, made necessary by the high water taking out a part of the old structure. Elstrom and company have finished their contract for the rock fill, in which there has altogether been put about 11,500 yards of rock, dumped in two lines, one on either side of the old bridge. The space in between will be filled with gravel, it being estimated that about 8000 yards of gravel will be required for this purpose. Slush scrapers have been ordered for use in borrowing gravel from the river bed, and will be hauled by cable from the pile driver.

P. McMaster, government bridge foreman, is expected to arrive from the south shortly to take charge of the construction of the two 150-ft. Howe Truss spans that are to bridge the river. It is expected that this work will commence about the first of September, making necessary the closing of the bridge to horse traffic about the 15th. of that month, until about the 1st. of November. A great quantity of timber and iron fittings is now on the ground, and everything possible will be done to rush the work, so that up-valley traffic will not be held up longer than is absolutely necessary.

Parliament Buildings,
Victoria, B. C.
August 15, 1923.

MINERAL ACT
(FORM F.)

CERTIFICATE OF IMPROVEMENTS

NOTICE

"Homestake," "Homestake No. 1," "Homestake No. 2." Homestake No. 3," Homestake Fraction," "Homestake No. 1 Fraction," and "Tip Top" mineral claims, situate in the Naas River Mining Division of Cassiar District. Where located: Kitsault River, Alice Arm.

TAKE NOTICE that I, A. C. H. Gerhardi, F. M. C. No. 76927-C, acting agent for Arne Davedson, F. M. C. No. 47461-C, Arthur F. Smith, F. M. C. No. 73743-C, Gustaf Pearson, F. M. C. No. 72515-C, and Harry M. Mann, Free Miner's Certificate No. 67886-C, intend sixty days from the date hereof, to apply to the Mining Recorder for a Certificate of Improvements, for the purpose of obtaining a Crown Grant of the above claims,

And further take notice that action, under section 85 must be commenced before the issuance of such Certificate of Improvements.

Dated this 6th, day of August, A. D. 1923.

Anyox Notes

Continued from page 1.

Police officer Dryden and Mrs. Dryden returned from Prince Rupert on Monday last.

Messrs. F. Dresser and H. Steward arrived in Anyox per the "Cardena".

Mr. A. F. Berry was a north bound passenger to Maple Bay on the "Cardena".

Mr. J. C. Gavigan made the round trip on the "Cardena".

Anyox lost a popular resident in Mrs. J. Kinrade who left for Vancouver on Monday last with her mother Mrs. Garry. Mrs. Kinrade was very popular here and her absence will be keenly felt by her Anyox friends.

Mr. H. S. Munroe and Dr. Bancroft left for Prince Rupert on the "Cardena".

The Rev. J. R. Buck, who has been on a visit to Anyox left for Vancouver on Monday last.

Mr. and Mrs. H. Armstrong returned today from a vacation spent at Alice Arm.

Mr. and Mrs. W. B. Henderson and family left on Monday for holidays in Quebec.

William Stevens was fined $50 and costs, this week, before stipendary magistrate J. Conway for attempting to purchase liquor with another man's licence. The fine was paid.

Mr. Benny Fitzpatrick returned from the south on Thursday.

Mr. and Mrs. McGuire were northbound passengers on Thursday, after an extended holiday in Vancouver.

Miss Florence Eld returned from Vancouver on Thursday.

Mrs. Haslett, accompanied by her daughter, Miss K. Haslett, returned from their summer vacation on Thursday.

Mr. H. E. Hogben, of the Coke Plant, left for the south on Thursday, for his summer vacation:

Mrs. W. N. Evans left Anyox on Thursday, and will reside in Vancouver.

Messrs. J. Mair, A. Crerar and W. Crerar, left Anyox on Thursday, bound for the east.

Mrs. McQuarrie, who spent the summer in Anyox with her husband returned on Thursday for her home in Vancouver,

Mr. S. Spragg, P. O. Box 89, is the Herald's representative in Anyox. If you have any news items for publication, or wish to place any advertising he is always willing to oblige. Mr. Spragg can also give you a receipt for your subscription renewal.
