Crowds of Anyox People Visit Alice Arm

Big Dance by Moose Held in Alice Arm Hotel

The record crowd from Anyox, the brilliant weather prevailing, and the contagious festive spirit all combined to make the May 24th celebration one of the most successful in the history of the camp.

Visitors from Anyox commenced to arrive on Saturday evening, and were supplemented by a continual stream until Monday morning. A considearble number also spent the holiday at Silver City, and the highways and byeways of the district were thoroughly explored by the visitors, who delight to revel amidst the greenery, which is so captivating to those who live in the smelter town.

A large number of officers and members of Anyox Lodge No. 1412 Loyal Order of Moose, arrived on Saturday evening. Included in the party was the celebrated Moose orchestra of six pieces, and a dance was held in the Alice Arm Hotel the same evening.

In regard to the large number present, the excellence of music, and the satisfactory arrangements made by the management of the hotel, this dance was easily one of the most enjoyable held in the famous hostelry for a long time.

In addition to the large number who thronged the hotel were a large number of Alice Arm people. Space on the dancing floor was taxed to the limit, and the orchestra were given no rest, one dance followed the other in rapid succession.

Rounds of applause rewarded the efforts of the musicians and numerous encores were demanded, and freely given. But even the most skilful have their limit, and finally the strains of "Show me the way to go home." and "Goodbye ladies" floated on the air. These were follwowed by the Home Waltz, and a most enjoyable evening was brought all quickly to a close by those present.

As entertainers the Moose made a name for themselves on Saturday and their excellent arrangements showed that they are without a peer in this respect, and in providing amusement and recreation they are second to none.

The orchestra, to whom is due in a large proportion the unexcelled evening's enjoyment were composed of J. T. Webster, piano; J. J. H. Varnes, slide trombone; F. Jeffreys cornet; B. Brooks, violin; H. Ward clarinet; O. J. Hutchings, drums.

A large number of the Moose were accompanied by their wives and lady friends, and the following day was spent in exploring and gathering wild flowers that grow in such profusion.

Those who have visited Alice Arm on former occasions made no attempt to conceal their pleasure at being back again, and those to whom this was the first visit are planning for another visit before the summer is past. Everyone enjoyed themselves, and all were happy.

C. Anderson and T. Gavey were arrivals from Vancouver on Monday.

First Oddfellows Public Dance is Huge Success

The climax to the Empire Day celebration in Anyox was fittingly observed—as is the usual custom—by a big dance in the Recreation Hall. Formerly staged by the Elks and other organizations, this year the affair was put on by the local lodge I. O. O. F., it being their first public dance. The hall decorations were symbolic of the Order, arranged in simple and artistic effect, the whole blending with a suggestion of Empire Day by means of a huge flag draped across the stage curtain.

A pleasing effect, especially around the orchestra seats, were the shaded lights, the decoration motif in the hall showing to full advantage during the "moonlight" dances. Music for the dance was furnished by the Melodians, that constantly improving orchestra from up on the hill. The boys enjoyed the pleasure of a familiar face among them Monday, with Ed. Waterman on the drums.

Encores were the rule through the evening, and many new dance numbers were introduced to the Anyox public by the musicians, to whom a great compliment was paid when a request for an extension of time was made, 'Valencia" "Out Yonder" "I Do!" "I'll tell you about my Sweetie" were sure fine hits among the new dance tunes; and of the old familiar melodies, "Moonlight and Roses" was played by special request.

The programme was ran off smoothly and exactly to schedule. Following the supper intermision, a "lucky card" dance provided a novelty, Mrs. Jack Evans became a prize winner. To Mr. Geo. Hunter fell the honor of holding the lucky admission ticket, and gathering the prize awarded.

Altogether a happy night—and morning—enjoyed by a gathering, that filled the huge hall to capacity. The committee in charge of the affair were Messrs. Murdoch, Sanderson, Boyd, Wilson, Roberts, Deeming and Stewart.

Mining Men Pay Visit to Alice Arm

Ralph E. Griffiths of Spokane and Dr. C. L. Rion of Seattle, directors of the Keystone Mining Co. who has under bond the Sunset property on Roundy Creek, arrived on Thursday to make an examination of the property. Accompanying them is Mr. Rowland King, a well known mining engineer of Spokane.

Mr. King is vice-president of the G. M. Fassett Co. Inc, of Spokane. He has travelled extensively in British Columbia, but this is his first visit to Alice Arm. He states that this section is receiving considerable attention in southern mining circles.

The Anyox Boy Scouts in charge of W. R. Murdoch and A. Crear spent a very enjoyable week-end at Silver City and Alice Arm, under ideal weather conditions.

Alice Arm Victorious in Baseball Game

Following the childrens' sports at Alice Arm on Monday a star baseball game was played between the giants of the bat and ball of Anyox and Alice Arm.

It was a game of thrills, expectations, disappointments, and weird plays. Both teams cut loose with everything they had to win and at the end of a five-inning game Alice Arm emerged victorious by the score 4-3.

T. W. Falconer twirled for the home team, and Cris Cane delivered the pill for the visitors, and a sugar coated pill at that. George Bruggy filled his usual position as catcher, and Len Staines was the hope of Anyox in a similar capacity

It was anybody's game right up to the end, but to avoid an argument, Alice Arm clipped over a run in the last inning and dashed the hopes of the visitors, who deserved to win considering the high calibre of their team.

While the game did not particularly bristle with spectacular plays, it was intensely interesting. Both teams suffered lack of practice, but the next time Cris Cane trots out his warriors he intends to reverse the decision. Chris undoubtedly saved his team from a much heavier defeat by his tricky pitching and he also slings a mean bat.

Teams: Anyox, Cane, p. Staines c. Mitchell, Buntain, Copestake, Clay, Dwyer, Bell, Pottinger.

Alice Arm: T. W. Falconer, p. Bruggy, c. Kergin, Al. Falconer, Intermelia, Wilson, Flint, Yorke, Gordon.

Harry Kirk umpired the game to the satisfaction of all.

ALICE ARM NOTES

Sam Moore left on Thursday for Anyox where he expects to spend the next few months.

Mrs Leach arrived on Monday from Vancouver to join her husband here.

G. C. McKay and W. A. Talbot of Public Works department spent a few days in town on business during the early part of the week.

Paddy Morley left on Tuesday for Anyox Mine after spending several weeks in town.

Mrs. Helen Nucich returned home on Thursday from Prince Rupert where she has resided since last fall. She has recently undergone a serious illness, but is now considerably improved.

N. R. Roaney, timber inspector from Powell River, arrived in town on Thursday in order to examine the timber owned by J. O. Trethewey and the Granby Co.

Mr. and Mrs. T. Shackleton left on Sunday for their home in Usk, after spending several weeks here. During his visit here Mr. Shackleton met many old friends of former days and greatly enjoyed his visit.

Work commenced this week on the new road from the Welcome Hotel to the lower end of the town. The road will be built with gravel, having a surface of 24 feet and sloping sides. It will be above all high tides except the unusual high ones which accur only a few times a year.

Eats, Drinks, Flags and Races, Etc. Feature Anyox May 24th.

The weather man was exceptionally good to the children of Anyox this year for May 24th. He presented them with one of the sunniest days this season, which is the first time in five years that Empire Day has been so blessed.

With the exception of those who were spending the holidays at Alice Arm every child in Anyox was there to partake of the good things provided by the Granby Co. and the Community League.

An unlimited supply of drinks, ice cream, cakes and peanuts were on hand, and the youngsters quickly gave a realistic exhibition of the disappearing trick. Flags squakers and horns were distributed, and the children's joy was suppreme.

A lengthy programme of races etc. was carried out. Everyone obtained a chance to show their skill or strength. The prizes given were mostly of a useful nature, and great credit is due to those who picked the prizes.

The arrangements were in the hands of the Anyox Community League, who handled affairs in their usual efficient manner. An event of this kind entails a large amount of preliminary work, and special credit is due to secretary F. M. Kelley and the officers and members of the League supporting him.

Among those who took an active part in the day's celebration were: Chas McLachlan, H. Williams, A. Nickerson, J. Hutchings, A. E. Pynn, E. G. Brown, J. J. Varnes, T. T. Thortennson, H. Down, Rev. C. D. Clarke.

Not every boom camp has become a permanent mineral producer the "conservative investor" will remind you. Certainly not. Not every farm has been worked to this day; not every factory has stayed in business; not every store has made money for its proprietor; not every lawyer has found a demand for his services; not every bank has operated at a profit; not every newspaper has achieved success; and here and there are rusty streaks which once were railroads, not all of them in the mining regions either.

How about some of these mining booms that "exploded" as the investment banker puts it? Isn't the world better for their having occurred? Didn't they add to the world's mineral wealth? And in many camps are there not permanent camps still operating, although on a smaller scale.—Mining Truth Spokane.

The best way to build up a town is to stand by every man in the town who does right. Whenever a man is doing well, do not seek to trip him. All the residents should be partners in the community's interests,not opponents. The more business your rival does, the more you will do. Every business man who treats his customers honestly, courteously and fairly will get his share, and the more business that can be secured by unlimited efforts the better it will be for all. Stand together for the advancement of every citizen. If a man shows ability to prosper do not pull him back through a cold indifference.

A lion met a tiger.
As they drank beside a pool.
Said the tiger, "Tell me why
You're roaring like a fool?"
"That's not foolish," said the lion,
With a twinkle in his eyes.
They call me king of all the beasts
Because I advertise."
A rabbit heard them talking
And ran home like a streak.
He thought he'd try the lion's plan
But his roar was a squeak.
A fox came to investigate—
Had luncheon in the woods,
So when you advertise, my friends
Be sure you've got the goods.

Alice Arm Youths Enjoy Empire Day Sports' Programme

On Monday afternoon the usual Empire Day sports for the children were carried out. They were held on the ball grounds and a large number of interested adults were present to watch the youthful athletes compete for the prizes.

The exhibition given clearly showed that the children of Alice Arm are as virile, active and fleet of foot as any aggregation in the Dominion. A large number of close finishes were recorded, which demanded extreme vigilance on the part of the judges.

Everyone received a prize, and the happy expression of the children; the beautiful shining sun; the odoriferous breeze blowing in from the broad expanse of the Pacific, and the dazzling white capped mountains on all sides, created a scene fit for the brush of some master painter. It was a scene of animation, of both children and nature.

Following are the prize winners:

1. Girls and boys, 4 years and under. 1 Jackie Anderson, 2 Peggy O'Connor.
2. Girls 6 and under, 1 Leah Kergin, 2 Joan Trinder.
3. Girls 8 and under, 1 Ellen Anderson, 2. Irene Bruggy.
4. Girls 10 and under, 1 Lillian Moss, 2 Ellen Anderson.
5. Boys 10 and under, 1 Jimmy Ness, 2 Donald Anderson.
6. Girls 12 years and under, 1 Kathleen Bruggy, 2 Lillian Moss.
7. Boys 12 and under, 1 Gordon Anderson, 2 Billy Ness.
8. Relay race, boys versus girls. Girls won, Kathleen Bruggy, Irene Bruggy, Lillian Moss, Ellen Anderson.
9. Boys 15 and under, 1 Ted Kergin, 2 Gordon Anderson.
10. Girls 15 and under, 1 Kathleen Bruggy, 2 Alice Kergin.
11. Married Ladies, 1 Mrs. Kergin, 2 Mrs. O'Connor.
12. Throwing the baseball, girls 1 Teresa Gordon, (Anyox) 2 Alice Kergin.
13. Throwing the baseball, boys, 1 Arthur Dwyer, (Anyox)

Baseball Season Opens at Anyox With a Win for Smelter

With Mr. W. R. Lindsay throwing the first ball and the Anyox Brass Band in attendance, the Anyox Baseball League staged the opening game on Thursday May 20th. The smelter and Elks were the contestants, with victory going to the former by a 13 to 6 score. Beaulieu did the hurling for the winners, and while he was touched for ten safeties he managed to keep them well scattered. Ballantyne was on the mound for the losers. Although he was wild at times, it was the wretched support accorded him by his teammates which lost him the game. Walter Oleson was the umpire at the plate. Tom McIntosh called them on the bases.

Mine Footballers Win from Beach 1-0

The Mine football eleven won from the Beach on Friday evening, one goal to nil. Parker scored the lone tally early in the first half, on a nice cross from Bolby Orr. Superb work in goal by Hunter kept the score as low as it was. The losers had several opportunities but were very weak in their shooting. Les Lane was out for the miners, and turned in a nice game at outside left. The Beach show improvement over their last appearance. Thortennson who made his debut at centre half for the Beachites, turned in a good game, with the exception that he has a tendency to dribble the ball too much. C. Lavery was the referee.

Teams:

Mine: Evans, Stultz, Victor, Jones, Waller, Marander, Orr, Arscott, Parker, Bateman, Lane.

Beach: Hunter, Pettigrew, W. Hunter, Pinkney, Thortennson, Lawson' Mahoney, Ellison, Carmichael, Dunn.

R. K. Neill of Premier Fame Develops in Mexico

Mexican Premier mines Company has been incorporated in Idaho by R. K. Neil, W. J. C. Wakefield, Raymand Guyer and associates to operate a consolidation of three groups of mining claims, 508 acres, 43 miles from Mazatlan, on the west coast of Mexico. Examination of the group has been going on for a year, and the U. S. Department of Commerce states that $500,000 has been spent in development. The veins are quartz fissures, one to 12 feet wide, of workable silver ore with lenses of galena and spots of high-grade galena, with varying amounts on gold. Six thousand feet of work has been done. The shipping ore is said to run 60 per cent lead, 205 ounces of silver and $2.60 gold, the mill feed 20 ounces silver and $1 or more in gold, the lead having been extracted before by cyanide treatment. R. K. Neil has been elected president of Mexican Premier, the name being taken from that of the famous Premier mine on Portland Canal, British Columbia, which he brought to the dividend point and which the Guggenheims now control.

SYNOPSIS OF LAND ACT AMENDMENTS

PRE-EMPTIONS

Vacant, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation, and improvement for agricultural purposes.

Full information concerning regulations regarding pre-emptions is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C., or to any Government Agent.

Records will be granted covering only land suitable for agricultural purposes, and which is not timberland, i.e., carrying over 5,000 board feet per acre west of the Coast Range and 8,000 feet per acre east of that Range.

Applications for pre-emptions are to be addressed to the Land Commissioner of the Land Recording Division, in which the land applied for is situated, and are made on printed forms, copies of which can be obtained from the Land Commissioner.

Pre-emptions must be occupied for five years and improvements made to value of $10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.

For more detailed information see the Bulletin "How to Pre-empt Land."

PURCHASE

Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes; minimum price of first-class (arable) land is $5 per acre, and second-class (grazing) land $2.50 per acre. Further information regarding purchase or lease of Crown lands is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."

Mill, factory, or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.

HOMESITE LEASES

Unsurveyed areas, not exceeding 20 acres, may be leased as homesites, conditional upon a dwelling being erected in the first year, title being obtainable after residence and improvement conditions are fulfilled and land has been surveyed.

LEASES

For grazing and industrial purposes areas not exceeding 640 acres may be leased by one person or a company.

GRAZING

Under the Grazing Act the Province is divided into grazing districts and the range administered under a Grazing Commissioner. Annual grazing permits are issued based on numbers ranged, priority being given to established owners. Stock-owners may form associations for range management. Free, or partially free, permits are available for settlers, campers and travellers, up to ten head.

Production Last Ten Years, $404,649,375

Lode mining has only been in progress for about 25 years, and only about one-half of the Province has been even prospected; 200,000 square miles of unexplored mineral bearing land are open for prospecting.

The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any Colony in the British Empire.

Mineral locations are granted to discoverers for nominal fees.

Absolute Titles are obtained by developing such properties, security of which is guaranteed by Crown Grants.

Practically all British Columbia Mineral Properties upon which development work has been done are described in some one of the Annual Reports of the Minister of Mines. Those considering mining investments should refer to such reports. They are available without charge on application to the Department of Mines, Victoria, B. C. Reports covering each of the six mineral Survey Districts are published separately, and are available on application. Reports of the Geological Survey of Canada, Winch Building, Vancouver, are recommended as valuable sources of information.

Full information, together with Mining Reports and Maps, may be obtained gratis by addressing

Another Big Log Shipment Leaves Alice Arm

The big log carrying barge Drumrock which has been loading logs from the booms of Miles Donald left for Powell River on Wednesday with a full cargo. She was towed by the tug Lorne one or the most powerful tugs on the Pacific coast.

The Drumrock's cargo comprised about 1¼ million feet b.m. In addition to the logs of Miles Donald she took 100,000 feet from the booms of J. O. Trethewey. She will return as soon as possible and again load logs from J. O. Trethewey, who has six million feet in the water awaiting shipment.

Anyox Notes

Applicant

E. J. Williams left on Monday for Vancouver, where he intends to reside in the future. Teddy has been in charge of the Meat Market for the last 2½ years, and was presented with a gold chain and knife on leaving.

Members of the Community League voted strongly in favor of Sunday baseball, when a vote was taken on Wednesday. The Baseball executive will discuss the question and arrive at a decision.

Smelter Footballers Win Again 4-1

The Smelter proved far too strong for the Mine football eleven on Tuesday evening, finishing on the long end of a 4 to 1 score. Weakness on the attack was the biggest fault of the losers. The winners scored twice in each half, the first one coming from a scramble in front of the goal, the second was headed in by Hunter. Buntain notched the third and Powell the last. The winners displayed some fine combination, passing out to the wings nicely. Bill Robertson refereed in fine style.

Teams:

Smelter: Hill, Stewart. Matheson, Lavery. Peters, Kirkland, Wilson, Powell, Buntain, Varley, Hunter.

Mine: Carr, Stoltz, Victor, Manuel, Waller, Jones, Arscott, Parker, Dearlove, Barnes.

Mine Win from Smelter

The Mine ball club turned in a win for their initial appearance, when they defeated the Smelter 7 runs to 6. It was an exciting game throughout and productive of some very good baseball. The muckers introduced their new pitcher to the fans, although he was a bit wild at times and was nicked for nine hits, he pitched himself out of several tight places, accounting for 13 via the strike out route. Bruce was the moundsman for the Smelter, and the big boy seems to be staging a comeback. He pitched superb ball up until the fifth inning. when he weakened.

Six runs crossed the plate as a result of 4 hits, two walks and an error.

The losers made a strong bid for the game in the final session, when three bingles and an error gave them three counters, just one shy of tieing the score.

Summary:
