VOL. III. KASLO, B. C., SATURDAY MORNING, JULY 9, 1898. NO. 65.

CONFRONTED BY FACTS

Evidence that Mr. Carney Did Condemn the Lardo-Duncan.

And that He Did Say that Every Man on that Work Sold His Vote to the Government for a Job.

The following letter has been received in this city from Sandon re Augustus Carney's "in toto" denial of his Sandon utterances:

Sandon, July 7, '98.

To Whom it may Concern:

Augustus Carney did, in our hearing and presence, on the public platform, at Sandon, B. C., give utterance to a sweeping condemnation of the Lardo-Duncan country as a mining region.

And at the same time he did accuse the men who have gone up there on Government work of having sold their votes to obtain that work.

In witness whereof we, the undersigned, have hereunto attached our signatures and names.

W. H. Lilly,
Chairman of Meeting.
E. M. Sandilands,
James Latham,
E. R. Atherton,
D. R. McLean,
P. H. Power.
Wm. Stubbs.

In our presence and hearing, Augustus Carney, when charged with the above statement at the late Kaslo meeting, said:

"I deny it, in toto!"

O. T. Stone,
W. R. Stevenson, C.E.
John McDonald,
W. H. Walby,
D. J. Young,
W. J. H. Holmes,
D. McPhail.

Mr. Carney is one of Mr. Green's trusted lieutenants. Mr. Green was present when Mr. Carney made his "sweeping condemnation of the Lardo-Duncan country," and when he branded sixty of Kaslo's citizens as bribe-takers. Mr. Green did not once raise his voice to rebuke Mr. Carney for his utterances, and has since, so far, failed to rebuke him for lying about the utterances made in his presence at Sandon. Will Mr. Green please explain?

CERVERA AND OFFICERS TO BE GUESTS AT ANNAPOLIS

Lieutenant Hobson Goes to Work Appraising Values of Spanish Wrecks as Soon as Released.

Camara's Fleet Called Back to Spain---A Spanish Privateer Lying in Wait for Yukon Gold-Laden Vessels.

Washington, July 8.—All the Spanish naval officers captured by the American fleet are to be confined within the limits of the naval academy grounds at Annapolis. They will be placed in the quarters vacated by the American naval officers who left the academy to go into active service, and will be treated with the greatest consideration. Admiral Cervera will be among the prisoners who in all liklihood will be given the freedom of the grounds under limited parole.

Hobson at Work.

Off Santiago, July 7, via Kingston, July 8.—A board of officers today is inspecting the Cristobal Colon, and it is hoped that she may be saved. Naval constructor Hobson is on board the Spanish cruiser and is about to value the Infanta Maria Teresa. The remains of the Vizcaya and Almirante are worthless wrecks.

Camara Ordered Back.

Cairo, July 8.—Admiral Camara has informed the Egytian government that he has been ordered to return to Spain.

Privateer Waiting for Yukon Ships.

Victoria, B. C., July 8.—A dispatch was sent out from Washington today to the effect that a privateer with letters of marque from Spain is lying in wait at Queen Charlotte islands for American treasure ships from the Yukon. U. S. Consul Smith said this afternoon that he has every reason to give credence to it, and that, though small, the Spanish privateer is very fast and mounts five rapid fire guns. She is now hidden in one of the many harbors in the vicinity of Queen charlotte sound or of Prince of Wales island.

British Columbia credit is on a par with Dominion credit. Vote to keep it so.

LAST GUN FIRED.

Green Meeting Helped the Cause of Mr. Retallack.

The last political meeting of the campaign was held last evening under the auspices of the Green supporters. Mr. Green was the first speaker, and took up Mr. Retallack's platform, criticising it clause by clause. He also spoke of his own platform, and appeared to think it was just about right.

Barrister R. B. Kerr, of New Denver gave a logical exposition of why he is supporting Mr. Retallack, and believed that "the strength of the Opposition. He also gave Mr. Green's political history for the last few years, and especially for the last few months, proving conclusively that in April he was friendly to the Government, in June he was an Independent and in July Mr. Green was an out-and-out Oppositionist. He nailed many Opposition lies, and kept Mr. Green and his supporters moving uneasily in their chairs for fully half an hour.

Mr. Retallack, Mr. Buchanan, Mr. Carney and Mr. Archer also addressed the meeting. Mr. Retallack predicted a victory at the polls today, and the meeting, while Green in hue, was a benefit to the Retallack cause.

Watch the people rise in their might and strike down the stagnationists and retrogressionists.

POLITICAL POINTERS.

The Opposition orators need not be discouraged. There are good jobs for all of them as Æolian harps on Chinese kites.

The Government astronomers report large dark spots on the Sun. Mr. Retallack is booked to knock most of them off today.

Bob Green! Bob Green beware of the day,
For Retallack has met thee in battle array.
A field of dead beats rushes red on my sight,
And the clans of corruption are scattered in flight.
They bellow! They bleed! as they're cracked on the crowns—
Hurrah! for the voters who're putting them down.
'Tis the Sun's-set of liars gives us mythical lore,
But, coming events cast their shadows before.

—THE POET.

A vote for a mining man like John L. Retallack is a vote to increase the prosperity of the Kootenays.

LOCAL AND GENERAL MENTION.

Items of Interest to the Citizens of Kaslo, Occurring Here and There.

M. L. Grimmet, the Sandon barrister, is in the city.

THE BATTLE IS NEARLY WON.

When the polls shall close at 4 o'clock this afternoon, John L. Retallack will have been elected a member of the legislature from Slocan riding. This approximates to a certainty, if a careful canvas of the personnel of the voter's list by men who are thoroughly acquainted, counts for anything. Mr. Retallack is assured of a safe enough majority in Kaslo to cover all doubtful points elsewhere, and they are very few.

The crest-fallen and dejected manner of the Opposition speakers last night plainly betrayed their realization of the extremity that they are in. On the other hand the intelligent sanguineness of the Government speakers, bespoke their heart-felt assurance that the battle is practically won.

The fight has been a hot one, but the Government supporters feel that it has been conducted in a square and manly fashion, as far as they are concerned. With a Government supporter representing what is now Slocan riding, for the first time in eight years, it may be reasonably expected that this region will make great strides forward in government public works.

In the meantime, let the Government supporters labor ceaselessly from now till 4 p. m. to increase the size of Mr. Retallack's majority. Also let them be on the watch for the eleventh hour campaign roorbach, which dare not show its head, while there is still time to prove its falsity, but seeks to prejudice without chance for reply.

EDITORIAL OUTCROPPINGS

British Columbia, first, last and always, is the creed of the Government party. Scramble for place, is the shibboleth of the Opposition.

Slocan riding will henceforth be represented by a man in sympathy with the Government, and by a man who understands the interests and needs of the people and will serve them—John L. Retallack.

MR. RETALLACK'S ACCEPTANCE

To the Electors of the Slocan Riding of West Kootenay Electoral District:

Gentlemen—At the request of a large proportion of the community representing every section of the Riding, I beg to announce myself as a candidate for your suffrages in the coming elections.

In respectfully soliciting your votes and support, I declare myself a supporter and follower of the Hon. J. H. Turner as the leader of the only party in this Province with a defined policy and coherent existence.

During my eight years' residence in this district I have been a consistent supporter of his party in recognition of their attitude in meeting, and in cases anticipating the requirements and expansion of this great mining region.

I am in favor of the following reforms:

1. The abolition of the tax upon working miners.
2. The abolition of the Mortgage Tax.
3. The distribution of seats in the Legislature in direct proportion to population.
4. I do not approve of the policy of the late Legislative Assembly in using their influence to exclude foreign railroads, such as the proposed railroad to Boundary Creek.
5. I favor certain revisions in the Mineral and Land Acts, particularly some easy plan by which the holders of claims can advertise out their defaulting co-owners.
6. In filling all government appointments I am in favor of appointing bona fide residents of the district in all cases where such can be found competent to act.
7. I believe that the Provincial Legislature should bring all the aid and influence at its command to the assistance of the lead mining industry, especially in the direction of obtaining stronger recognition from the Federal Government at Ottawa of the importance of this industry and the disadvantages under which it now labors.

If you do me the honor to elect me as your representative, I will at all times endeavor to protect and further the interests, not only of the prospector, but also of all those employed in and around our mines, recognizing that our entire community is dependant upon the mining industry.

I am, gentlemen, your obedient servant, JOHN L. RETALLACK.

CHANGES IN MINING LAWS.

The following changes in the British Columbia mining laws should be carefully studied by those interested in mining in this Province:

First of these refers to the location of fractions. In all fractions surveyed from now on, whether staked correctly or not, the surveyor may adopt the boundary lines of the surrounding claims, provided no side exceeds 1500 feet in length. In other words, the locator is entitled to the vacant ground that he claims, even if he does not stake it in such a manner as to include it all, which he seldom does.

By a recent decision of the courts a prospector lost a claim because of inability to secure the post necessary to mark the location. The amendment provides that in cases where claims are staked above the timber line, or the prospector can not secure the necessary posts, he may erect monuments of earth or stone.

In staking an extension the posts are often planted so as to form a wedge-shape fraction between two ends of the two claims. These fractions have often incurred great expense, not only in recording and surveying, but in cases where they carry the lead, and thus become of such value as to promote litigation. The amended act authorizes the surveyor to include such fraction, provided it does not cover more than 51.65 acres, the area of a full claim, and provided further that two location posts are together.

By failure to record assessment work within the required period of one year, either through oversight or the misunderstanding of partnership interests, valuable claims have been lost. Now, if a prospector fails to record the work within a year, he has 30 days' additional time in which to make the record by payment of an extra $10, provided that the work is done within the year.

Another change regarding the assessment work is in that particular which called for work to the amount of $100 each year. Now, a miner can do and record as many assessments as he pleases in a year by paying the recording fee for each assessment done to the extent of $100.

In case anybody should adverse an application for a certificate of improvement and crown grant, the contestant must have his claim surveyed immediately and file a plan made and signed by an authorized provincial land surveyor with the writ.

To obtain a crown grant in 1896 it was necessary to do assessment work to the amount of $500 and to have the claim surveyed, which meant another $100. In 1897 the act was amended so as to provide that up to May 1, 1898, the cost of such survey should count as work done on the claim, not to exceed $100. In plain English, it counted as an assessment and as work toward the crown grant. A survey generally costs $100. The last legislature extends the time to May 1, 1899.

Hereafter, in adverse proceedings in connection with the title to mineral claims, before any court, each party to the proceedings shall give affirmative evidence of title. Heretofore the burden of proof was on the contestant.

The fee for recording assessment work has been reduced from $2.75 to $2.50. Heretofore the fee for recording assessments has been 25 cents higher than other fees.

Anybody who pulls down a legal post erected to mark a boundary or location of a mineral claim, or any writing by law required to be thereon, is liable to imprisonment for six months or a fine of $250, or both. This is supposed to be directed particularly toward preventing the use of old posts by people who restake a claim and sometimes destroy evidences of a prior location.
