VOL. 6 NELSON, B. C., TUESDAY, DECEMBER 3, 1907 NO. 193

979

PROVINCIAL LIBRARY.

Library Legislative Assembly DEC 6 - 1907 VICTORIA, B. C.

A SHUT DOWN

Consented to by the City Council

POWER PLANT WILL CLOSE

TIME LIMIT IS ASKED FOR BY CITY AND AN AGREEMENT IS TO BE DRAWN—SCHOOL TRUSTEES ARCHITECTS FEES AGAIN ARE REFUSED.

The city council held another lengthy session last night, although very little business was transacted. The principal matter discussed was that of the shut down of the power plant which was consented to on condition that a proper agreement were drawn. The fees for the new school plans again came up but was referred to the mayor and city solicitor.

The reports of the finance committee and of the fire department were received and adopted.

A petition was read from the inhabitants of addition A, above the high school, asking for an extension of the city electric lighting system into their districts, the petition having thirteen signatures. This was referred to the city electrician for a report at the next regular meeting of the council.

A letter was received from the school trustees intimating that architect Carrie had carried out his instructions and was, therefore, entitled to his remuneration. The council had asked for details but alderman Selous stated that on enquiry he found that the custom was to charge, as Mr. Carrie had done, 2½ per cent of the total cost of the building for the blue prints. For details an additional one per cent was customarily charged. Ald. Selous then moved that architect Carrie be paid as the council had no option in the matter under the circumstances, prefacing his resolution with a remark to the effect that the school trustees had been very generous with the people's money.

Mayor Gillett said he refused to sign any cheque for Mr. Carrie until such time as the council had received a proper estimate with full details. The school trustees had spent the money given by the original resolution but they had not complied with the wish of the council, expressed in that same resolution, that the council's committee be consulted.

Ald. Annable seconded.

Ald. Irving asked if the mayor's objection was a legal one. If so the city solicitor should be referred to.

Ald. Selous said he would withdraw his resolution if he saw a loophole and on looking over the proceedings of the city council at the time of the grant, withdrew the motion.

Mayor Gillett was then asked by the council to take up the matter with the city solicitor.

The matter of the municipal power plant then came up, R. H. Zavitz, for the Allis-Chalmers-Bullock company, who was present, asking that the plant be forthwith shut down for thirty days to permit of the water gates being adjusted.

This the mayor explained would mean the purchase of power, for that period, at a cost approximately of $3,000 to $4,000.

Mr. Zavitz met the council thus far: that if the trouble after all was with the governor and not with the gates, and a second shut down was necessary, that the city would not be asked to pay for that shut down. He was prepared to relieve the city of any further expense relative to governor, gates or shifting ring. Mr. Zavitz could not say, in the event of another governor being wanted, in what length of time that governor could be delivered. He was prepared to draw an agreement embodying the concession given.

Ald. Selous moved that a shut down be granted on condition that the Allis-Chalmers-Bullock company sign an agreement as above outlined. Alderman Annable seconded. Alderman Irving asked whether the plant would have to be shut down in any case in order to replace the draught-tube.

Mayor Gillett said that such is the case but he was not prepared to say that the expense should be the city's.

Ald. Selous said he would rather pay this than fight a law suit. A specified date should be set down in the agreement as to the limit of the shut down.

To this Mr. Zavitz agreed and after an hour and a half's discussion the resolution was carried, the agreement to be prepared by the city solicitor and submitted to the council for ratification at a special meeting to be called this week.

The question as to the responsibility of replacing the draught-tube then came up. Mayor Gillett thought that this should be included in the agreement, stating that as city engineer McCulloch had declared that the faults of the draught-tube were not the fault of the city. Mr. Zavitz replied that the faults of construction were not the faults of his company which had merely contracted for the machinery. The plant was designed on behalf of the city, not on behalf of the company, by Mr. Herschel.

Ald. Irving moved Mr. McCulloch be asked to attend the next meeting of the council and explain matters. Dr. Rose seconded and the motion carried unanimously.

The mayor together with aldermen Irving and McMorris were appointed a court of revision for the municipal voters' list.

The city engineer applied for an increase of salary. A raise of $25 a month to date from December 1 was unanimously granted.

The council then adjourned at 10.45 p.m. for 8 o'clock tomorrow evening.

BURNS DEFEATED MOIR

CANADIAN PROVED EASIL BETTER MAN

THE GUNNER FOUGHT GAMELY BUT WAS OUTCLASSED

London, Dec. 2—Tommy Burns of Canada knocked out "Gunner" Moir of England in the tenth round before the National Sporting club here tonight.

The Englishmen had great hopes of the ability of their representative to regain their lost honors in the boxing arena and in a somewhat unexciting contest the champion had a comparatively easy time in disposing of Moir's pretensions and secured for himself the title of heavyweight champion of the world. After the fifth *round Burns' victory was certain and in* the tenth round when the Gunner failed rise to the call of time he was literally cut to pieces; Burns left the ring with scarcely a mark.

Moir owes his right to participate in a championship match more to influence than to merit and his defeat therefore was not a matter of general surprise. Burns proved himself superior in every detail. He displayed greater science and infinitely better generalship and his blows were delivered with much more power than were those of the Englishman. It was an easy victory for the Canadian who from the very outset almost saw a foregone conclusion.

The contest aroused a greater amount of excitement and enthusiasm than any decided at the National Sporting club since Slavin's defeat at the hands of Peter Jackson. Burns entered the ring the favorite at odds of 7 to 4, which would probably have been still larger ,but for the fact that the two titled backers of Moir covered the Burns money for a large sum on the chance of a big winning in addition to the stake money.

Except for the difference in weight and Moir's advantage of two inches in height, the men were evenly matched and in perfect form. In the ring Burns' crouching attitude appeared to place him at still greater advantage in height with Moir, who assumed a fairly set pose, with his arms widely extended somewhat like a wrestler and showing on guard. The work in the first round was mostly at long range, the fighters sparring warily. Finally Burns landed two heavy blows on the Gunner's neck and ear, the second sending him staggering against the ropes while the Canadian himself escaped without punishment, avoiding Moir's rushes cleverly The pace increased in the second, the men getting into close quarters where Burns showed his superiority and did a lot of damage to Moir's body. He received a nasty jolt under the chin, however, and this brought him up, but he resumed infighting Moir clinched fiercely and was cautioned They fought at long range in the third, Burns being too clever for his adversary, who began to show signs of the punishment he had received In the fourth Burns took a breather which allowed his opponent to have just a shade the better of the light round

Burns came back again hard in the fifth and forced the fighting until the sound of the bell. He landed a left on the jaw and a long left swing cut Moir over the eye. The sixth round was all in favor of the Canadian whose footwork completely baffled his opponent. Moir became wild in his attempts to get in his right In the seventh Burns sent home a terrific swing which made an ugly gash in the Gunner's cheek. They came to close quarters, the Englishman clinching and thus avoiding the force of two well meant blows Some holding caused referee Eugene Corri to enter the ring and separate the fighters Moir then looked a beaten man

In the eighth, however, he came back gamely and with the evident intention of trying to stand off the Canadian but he was fought all over the ring and badly punished Burns set upon him unmercifully in the following round, administering terrific punishment Moir was now in a very sorry plight and the bell just saved him from being put out

Burns came quickly to the center of the ring in the tenth and forced the fighting He sent Moir to the floor with a short arm jolt. Moir rose only to be floored again from a hard left jolt to the jaw He struggled to his feet but was an easy victim for another cross on the jaw, and dropping down was unable to respond to the call of time Burns had taken his opponent's measure in the early rounds and although Moir showed marvellous pluck he was unequal to the Canadian in other respects.

A tremendous crowd outside the National Sporting club received the result, and the announcement of Burns 'easy victory caused the greatest excitement

ENLARGING OTTAWA.

Ottawa, Dec. 2.—The municipality of Hintonburg, the western suburb of the capital, today voted on the question of annexing to the city. The result was an almost unanimous vote in favor of union, the polls standing 575 to 13. By a recent vote, Ottawa east, declared for annexation to the city and a vote on this question is to be taken shortly by the southern suburbs of Rideauville and Ottawa south.

GRANBY TO RESUME WORK

General Manager Graves Makes Authoritative Statement as to Reasons of Shut Down—Reduction in Cost of Supplies, Wages and General Expenses Justifies Resumption

Grand Forks, Dec. 2.—(Special)—Jay P. Graves, general manager of the Granby Consolidated, which owns extensive copper mines at Phoenix, 23 miles distant, and the largest copper smelting works in Canada, here in Grand Forks, arrived on Saturday from Spokane.

After a conference with A. B. W. Hodges, the local manager, Mr. Graves stated that the directors of the company had decided to re-open the mines of the company on December 5th and the smelter two or three days later, giving employment to some 900 men when operating at full capacity.

Asked for a statement, Mr. Graves said:

"Since the closing of our mines and smelter about three weeks ago, because of the low price of copper and and our high operating costs, we have been able to bring about some reductions in our cost of supplies and general expenses, and have been approached by some of our former employees asking if we could resume on the scale of wages paid about a year ago and as now in effect at Rossland, Butte and elsewhere. Under the proposed reductions the Granby company can afford to again operate and we have decided to start our mines on December 5th and the smelting works two or three days later. I am of the opinion that the price of copper will remain at 12 to 16 cents per pound for some months. We will proceed as fast as possible to increase our output at the mines and to increase the smelter capacity that we have under contemplation."

FERNIE'S IMPORTANCE

CUSTOMS RETURNS GOING UP BY LEAPS AND BOUNDS

LID IS TIGHTLY ON SO FAR AS GAMBLING IS CONCERNED

(Special to The Daily News)

Fernie, Dec. 2—General satisfaction is expressed that president Frank Sherman of district 18, United Mine Workers of America, is to occupy that high position for another term. During his occupancy of the office much has been accomplished in promoting the interests of the organization he represents and organized labor generally throughout the district. Difficulties of a serious nature and complicated problems have been faced and overcome, differences between operators and the employees amicably settled, and the best of good feeling established, thus ensuring a long period of industrial peace and prosperity.

No better criterion of the growing commercial importance of Fernie can be found than the enormous increase in the customs returns, which are going up by leaps and bounds. The present offices are entirely too small to accommodate the business, but the handsome new building is progressing satisfactorily and should be ready for occupancy in the spring. Inspector of customs, Wm. Marchant paid an official visit this week and found everything in a very satisfactory condition and considered the prospects of this office being elevated to the status of a port of entry in the very near future, is bright.

The closing down of the clot machines in the bars of the town is to be followed by the prohibition of all vocal and instrumental music, a recommendation to that effect having been presented to the city council by the police commissioners at the last meeting of the council, and an amendment to the license bylaw will likely be passed at once.

Gamblers and card sharps will henceforth receive a scant welcome here, the police being determined to prevent members of that fraternity from making this a stamping ground for their nefarious trade. Two of this undesirable class were arrested and sentenced to jail last week and further arrests are to be made.

ANOTHER MINE HORROR

FORTY-SEVEN COAL MINERS SLAIN BY FIR EDAMP

MEN ARE IMPRISONED BY FALLING BY FIRE DAMP

Fayette City, Pa., Dec. 2—Between 28 and 30 miners, possibly more, are entombed in the Naomi mine of the United Coal company, located three miles west of this city and there is practically no hope that they are alive. Their imprisonment is due to an explosion of black damp about 8 o'clock last night, soon after the night shift went to work.

Pittsburg, Dec. 2—The fate of five American and 42 foreign miners, while not definitely known, was pretty well established late today by the finding of the body of a mine pumper near the 22nd entry of the Naomi mine of the United Coal company at Fayete City, 35 miles from this city. The man had died of suffocation.

Judging from the two fatalities thus far known, both have have been caused by poisonous gas, it is almost certain that the 47 miners, still entombed in the mine, have succumbed to the deadly damp. There is also a possibility that the explosion of last night occurred so close to the men that they were killed by its force, or the resultant fall of tons of rock and earth. Since shortly after 8 o'clock last night a large force of rescuers has labored constantly in an effort to reach the imprisoned men. The work has been necessarily slow on account of the wreckage after the explosion of damp. Notwithstanding the fact that the rescue party has worked in one minute relays, a score or more of their number have been compelled to go to their homes suffering from the poisonous gas. Two of the rescuers are in a critical condition. All day long a crowd of 2000 people have stood about the mouth of the ill-fated mine awaiting some news from the entombed men. Hundreds of these persons are relatives and friends of the unfortunate miners and their grief is pitiable. The rescuers are divided in opinion as to when they will reach the imprisoned men. Some believe the end of their search will come late tonight while others do not look on this until tomorrow evening. In the meantime it is the general opinion that all of the men are dead.

INCREASED PROSPERITY

PRESIDENT DRUMMOND REVIEWS MONTREAL

DRESIDET DRUMMOND REVIEWS THE SITUATION

Montreal, Dec. 3—The annual meeting of the bank of Montreal was held here at noon today Sir George Drummond, the president, in his annual address gave a lengthy review of the financial development of the dominion and expressed confidence in the future The coming year, he said would spell increased prosperity for the dominion He also added that in all probability sir Thomas Shaughnessy and David Morrice would be added to the directorate of the bank.

FOR MUNICIPAL HONORS

NOMINATIONS IN THE WEST MADE YESTERDAY

KEARY ELECTED BY ACCLAMATION AT WESTMINSTER

Edmonton, Dec 2—The following nominations for mayor were made today in Saskatchewan and Alberta towns and cities:

Rural Indian Head: D Railton, reeve, acclamation

Indian Head: T E Donnelley, acclamation

Alameda: H. A. Cook, acclamation.

Carlyle: George Riddel, acclamation.

Carnduff: J. H. Elliott, R. H. Gordon,

Saskatoon: James R. Wilson, acclamation.

Moose Jaw: R Bogue, acclamation

Regina: J. W. Smith, W D. Cowan.

Medicine Hat: W. Cousins, acclamation.

Prince Albert: Mayor Cook, re-elected.

Oxbow: John H. Noble, R. H. Granby.

Hanley: D. C. McLean, M. Campbell, Thos. Laurence.

Calgary: Mayor, Cameron, Ald. Clarke.

Estevan: J. G. Hastings, J. A. Smith.

New Westminster, Dec. 3—The civic nominations today were as follows:

For mayor: W. H. Keary, re-elected.

School trustees: P. Peebles, T. J. Trapp, and Thomas Turnbull, for two vacancies.

For aldermen: Several places; six of present board: A. W. Gray, A. Garrett, J. Henley, J. B. Jardine, J. J. Johnson, and B. W. Sheles are seeking re-election while five new candidates are: E. J. Fader, W. E. Fallers, N. Mains. M. Sinclair and R. Wilson, also were nominated.

Polling, Monday, Dec. 9.

MRS. BRADLEY'S TRIAL

Washington, Dec. 2 — The case of Mrs. Annie M. Bradley, charged with the murder of ex-senatort Arhur Brown of Utah, was given to the jury at 4:17 this afternoon. The jury immediately retired. Mrs. Bradley was taken back to her cell in the city hall pending further reconvening of the court.

At 10 o'clock tonight word came from the court that there was no prospect of reaching a verdict tonight. Accordingly judge Stafford ordered the jury locked up until court opened tomorrow morning.

SLOCAN HAPPENINGS

(Special to The Daily News)

Slocan, Dec. 2—H. E. Hicks, died at the home of his son here, on Saturday last of chronic pleurisy. Deceased was a Slocan pioneer having been proprietor of the Hicks hotel in the very early days. He was about 60 years old and is survived by his widow and one son, William Hicks. The funeral was held in the Presbyterian church yesterday, Rev. Mr. Kenmure conducting the services. Interment was made in the Slocan cemetery.

Born, in Slocan, Nov. 26, to the wife of William Hicks a son.

CARMEN TO ARBITRATE

PROCEEDINGS UNDER LEMIEUX ACT AT WINNIPEG

EIGHT HOUR DAY AND SLIGHT WAGE INCREASE

Winnipeg, Dec. 3—Some 1200 carmen in the employ of the C.P.R. from Fort William to the Pacific coast are anxiously awaiting the decision of the arbitration board appointed according to the provisions of the Lemieux act and which sits in Winnipeg tomorrow to arbitrate the existing difficulties between the company and the men.

Failing to reach an understanding after a discussion extending over several weeks the matters under dispute were finally referred to the department, hence the appointment of an arbitration board. A. M. Nanton was appointed by the C.P.R. to take care of its interests in the case, J. McVetty of the Machinists' union, Vancouver represents the carmen and these two, according to the provisions of the act, have agreed upon Prof. Odlum of Vancouver as the third member and chairman of the board.

The western officials have nearly all arrived in Winnipeg and the preliminary meeting was held in the office of A. M. Nanton this afternoon when a place for the arbitration proceedings was decided on.

The main point to be decided is with regard to the establishing of an eight hour day for carmen and incidentally a slight increase in the wage schedule. W. H. Reeve, provincial fair wage officer, is watching the case for the local government. This is the first time a labor dispute has been handled here under the provisions of the Lemieu xact.

A SUCCESSFUL BANQUET

SONS OF SCOTIA GATHER AT HOTEL STRATHCONA.

CAPITAL SONGS AND SPEECHES WERE MADE.

The dining room of the Strathcona hotel was crowded to overflowing last night for the St. Andrew's day banquet, the most successful ever held in the history of the local organization, a success in large measure attributable to the presence of a very large number of native born Scotsmen, recent arrivals in Nelson and welcome additions to our population.

The preliminary arrangements for the banquet had been entrusted to a committee, over which judge Forin presided, and very admirably they performed their duties. The dining room was most tastefully decorated, the toast list was well designed and generous provision of music and song had been made to enliven the speeches.

George Johnstone occupied the chair and performed the exacting duties of that office with customary tact.

After ample justice had been done to a repast that reflected the utmost credit upon the Strathcona hotel chef and after the haggis had been introduced with royal honors and duly tested by all present and pronounced excellent, a hearty vote of thanks was tendered Mrs. (captain) Robertson who had prepared the dish, and then a start was made on the toast list. (At 2 a.m. it was only half concluded and bid fair to last well on to midday.)

"The king" having been duly honored, the toast of "Canada" was proposed and eloquently responded to by judge Forin and W. A. Mcdonald. The toast of "Scotland" was responded to by captain Robertson, whose fervor found outlet in song, to the great delight of all present, and by Sandy McVee fra Glasgie. "England" was favored by being responded to by four enthusiasts. Rev. Fred Graham, whose joke at the expense of postmaster Gibson was the hit of the evening, until capped by an innocent query from R. J. Clarke, Fred Starkey, who revived reminiscences of king Charlie and Cromwell, E. A. Crease and R. G. Joy. "Ireland" found a witty apologist in R. J. Clarge and fervent advocates in John Fraser and Tom Scanlan. To A. L. McKillop was entrusted the toast of the evening (1.45 a.m.) "The Day we Celebrate," and, needless to say, it was in good hands.

At this stage of the proceedings the exigencies of newspaper production necessitated the retirement of our representative, but things were going along in a very pleasant manner. Interspersed with the speeches were capital songs and highland dances, there being among our new Scottish residents a number of fine vocalists and accomplished dancers.

FOR DOMINION'S TRADE

BENEFITS DERIVED BY TREATY WITH FRANCE.

NOTES OF THE SESSION FROM THE CAPITAL.

(Special to The Daily News)

Ottawa, Dec. 2.—The more the Franco-Canadian treaty is looked into the more apparent does it become how important the advantages are to be to Canada. The effect will be to greatly stimulate Canadian trade with France, especially in such lines as wood pulp, dairy products, agricultural implements, fish and cardboard. It is also understood that France intends making a thorough revision of its tariff along the lines of higher protection so that the contemplated increase will give Canadian products, under the new treaty, all the greatest benefits in the French market. The Canadian manufacturers will have considerable advantage over other manufacturers outside of France. Take the international harvester company at Hamilton as an instance, and it is likely that they will greatly increase their output by reason of this new found market. The treaty will also assist in building up Canadian ports. In this connection it is understood that a direct service between Canada and France is to be established by the compaigne France Trans-atlantique.

At a meeting of the cabinet on Saturday it was decided to keep open navigation on Lake Superior by means of the ice breakers and otherwise as long as "Soo" canal remains open for boats to pass through. This has been done with a view of moving as much of the wheat crop this season as possible. The United States authorities at Washington have agreed to leave out their lights as long as the Canadian government desires.

Ottawa, Dec. 2—The debate on the address from the throne opened in the senate and commons this afternoon It is not expected to get through in the latter until Wednesday evening The mover and seconder will be followed by R. L. Borden. Laurier is also expected to reply Foster and Fowler returned from the Colchester campaign this morning and are expected to take part in the address, also as well as Pugsley

Senator Davis gives notice in the senate this afternoon of his intention to propose that the railway commission be enlarged and that the telegraph systems of the dominion be placed under its control and that a thorough investigation be made by the commission into the workings of said systems to assure the public efficiency of service and equalization of rates

Davis also intends to reintroduce his bill of last session regarding the stoppage of railway trains at intervals for passengers to obtain meals

R. R. Hall, Peterboro and Lanctot are respectively mover and seconder of the address in the commons and Belcourt and Derbyshire in the senate.

B. B. Gunn, conservative M.P., South Huron, was taken to the hospital this morning suffering from stomach trouble.

According to returns of the interior department 3258 children came to Canada last year from Barnado and other homes in England, but this number failed to meet the demand for children, applications having been made for 19,374. In his report to the department, inspector of immigration has lived down adverse criticism and that the great majority of the youngsters develop into excellent citizens. A great improvement has been made in English societies in selecting children for Canada.

The stock exchange after a precarious existence, has closed down. The financial stringency was the last straw.

Representatives of the anti-cigarette association and W.C.T.U. will wait on Laurier tomorrow to get assurance that the sale of cigarettes will be stopped in Canada.

WILL OPPOSE BILL.

Roosevelt and California Men on the Admission of Chinese.

Washington, Dec. 2. — President Roosevelt is opposed to the bill restricting Oriental immigration, prepared by representative Hays of California. The provisions of the measure were made known to the president today by Mr. Hays and Mr. Kahn of California. Beyond saying that the president indicated his opposition and also telling that he would introduce a bill and press it to the best of his ability, Mr. Hays declined to discuss the question. He said, however, that the bill was in accordance with the sentiment in California which has become universally opposed to Japanese immigration.

COPPER STOCKS.

Boston, Dec. 2.—The quarterly dividend of the Calumet and Hecla Mining company of $10 declared today, is a reduction of $5 from that of the previous three months.

The reduction caused a sharp decline in these shares today but in other coppers the tone was strong. Stocks hardened generally in the last hour.

ALIEN LABOR

Act May Not Apply Against the Japanese

YET MORE HINDUS ARRIVE

LUMBER SITUATION AT COAST—IMPORTANT LOCATIONS OF COAL FIELDS IN CARIBOO—DIVORCE CASES REFUSED BEFORE PROVINCIAL COURT.

(Special to The Daily News)

Vancouver, Dec. 2.—Owing to the small local demand for lumber and the overstocked condition of the millyards, it is claimed by many millmen that local firms have already commenced cutting their list of prices. Lumber conditions on the coast are also reflected in the fact that recently almost every logging camp has discharged its forces and later re-engaged men at reductions varying from thirty-five to sixty per cent. The men are said to have accepted the situation and gone back to work willingly. The price of logs has been cut in half during the last seven months, and plenty being now obtainable at $8 for which $18 was previously paid.

In an interview today Mackenzie King pointed out that the alien labor law of the dominion possibly did not operate as against Japan. The closing clause of the act states that it shall only operate against any country having similar legislation against Canada, and as far as he knew, Japan did not come in this class.

The "Monteagle" today brought over 189 Hindus, of whom 45 were rejected, 83 Chinese, of whom 22 paid the head tax, and 45 Japanese.

When the divorce case came before the full court this morning it was intimated that there was no use taking up the matter until the privy council had given a decision on the appeal from Mr. justice Clement's denial of the authority of the provincial courts in all divorce proceedings. This practically ties up every divorce case now before provincial courts as well as prevents new applications along this line.

The Howe Sound, Pemberton and Northern railway have announced their determination to start work on the electric road up Squamish valley next May. Already the surveys to Anderson lake have been completed, the terminal site at Squamish has been obtained and the company has given bonds to the government to begin operations in the spring.

B. A. Wendle, Barkerville, and B. A. Leslie, China Creek, have staked 20 claims each, a mile square, in the Cariboo district near the grand canon of the Fraser. The parties claim that the section contains a bituminous coal field which will rival the Crow's Nest. Leslie said the discovery was made ten years ago but the matter was kept secret until the plans of the G. T. P. indicated that the district would be opened.

NOT ONE PERISHED.

Wreck of Canadian Pacific Steamer on Ironbound Island—Marvelous Escape.

Halifax, N. S., Dec. 2.—The steamer Mount Temple, Antwerp for St. John, with six hundred passengers is wrecked on Ironbound Island at the mouth of the LaHave river near Bridgewater. All passengers landed safely but it is feared the steamer will be a total wreck. The steamer showed signals of distress early this morning and boats were sent to her assistance from Bridgewater.

The annals of the sea contain few stories of more remarkable escapes from death than that to be recorded of the Canadian Pacific steamship Mount Temple, which last night struck on Ironbound island at the mouth of La Have river, and which will be a total loss. The steamship had six hundred passengers and a crew of 150 men but though in awful peril for many hours and subjected to the extremity of exposures and privations for many more, not one perished. Their lives were saved but only by a hair's breadth.

FORMER KOOTENAY MAN DEAD.

Winnipeg, Dec. 2.—O. A. Sutherland of the customs department, died this morning. Deceased was taken ill with pleurisy on Monday last. He has been with the customs department for the past eleven years in different parts of B. C. and in Ottawa.

The deceased was formerly chief customs clerk at Kaslo and subsequently came to the Nelson office. Some three years ago he left this city for Ottawa and later went to Winnipeg.

SENTENCED TO DEATH.

Vladivostok, Dec. 2.—The court martial which has been trying the men who participated in the recent mutinies, sentenced twenty-one to death today.

MURRAY'S SUCCESSOR.

Hamilton, Dec. 2.—R. L. Gunn, of this city, has been appointed grand secretary of the Masonic Lodge of Canada, until the next meeting of the grand lodge, in place of Hugh Murray, deceased.

CHRISTMAS TRADE.

The wideawake shopper will take advantage of the early preparations made by local merchants and do their Christmas shopping early and thus secure numerous advantages and, in many cases, better value for their money.

In no city in the province do the merchants provide more thoroughly for the possible Christmas requirements of their customers than do the merchants of Nelson. Well assorted stocks in every line are the rule in Nelson's chief places of business and as these stocks are opened up early there is no reason why the prudent shopper should not avoid all the annoyance and inconvenience of shopping in the rush during the two or three days immediately prior to Christmas day. Shoppers who have some consideration for the comfort of hard worked shop assistants will certainly endeavor to make their purchases as early in the month as possible. The Christmas season is a time of great stress for most store keepers and their assistants and a thoughtful public can do much to lighten the load by not leaving to the last moment the choice of Christmas gifts.

This year's Christmas trade promises to be exceptionally large. Nelson, on the whole, has enjoyed a prosperous year, the population of the city has materially increased and the outside districts, immediately tributary to the city, have been settled up to a very considerable extent.

Our advertising columns inform the public that Nelson merchants have made and are making big preparations for the Christmas trade and this early announcement of their readiness to fill orders is bearing fruit in a vastly increased demand for prices, etc., from outside points.

Residents in the outlaying districts can save money and secure better results by corresponding with Nelson mail order firms in regard to their Christmas purchases than by attempting to purchase in the east. This is a fact that is beginning to be very widely appreciated throughout southern British Columbia, and this season's outside trade promises to be the heaviest in the mercantile history of the city of Nelson.

D&A Corsets

Modelled upon scientific principles a series of curves of grace and elegance is comprised in every pair of D. & A. Corsets.

You can buy a "D. & A." at various intermediate prices ranging from $1.00 to $5.00.

Are Fashionable Models.

EDITORIAL NOTES.

The Daily News announces today with very great pleasure the fact that on Thursday next the Granby company will resume partial operations at its Phoenix mines and Grand Forks smelter. This announcement will be received with unqualified satisfaction throughout the Boundary district and by the business men of that section in particular, who otherwise were confronted with a very poor outlook for the winter months. The reemployment of some nine hundred men will change the whole face of things in the Phoenix and Grand Forks camps. It is devoutly to be hoped that the big mining companies operating at Greenwood will, in the near future, be able to follow the example of the Granby company, so that this coming Christmastide may find the bulk of the Boundary miners at work again.

Careful perusal of the Alien Labor Act suggests the possibility that lieutenant-governor Dunsmuir and the C. P. R. were not acting in direct defiance of that law in contracting for the wholesale importation of cheap Japanese labor, none the less their conduct in so doing will be severely condemned by every right thinking man and woman in this province. That a high government official and a heavily subsidised corporation should endeavor, under cover of strictest secrecy, to evade the settled policy of the country in the manner proved to have been adopted by the lieutenant-governor and the C. P. R. is wholly inexcusable and calls for the most vigorous denunciation. Unfortunately both the federal and provincial laws bearing on the subject of imported labor are so faultily framed that it may be impossible to proceed against the offenders in the courts, but they should be left in no doubt as to the public opinion on the subject and our parliamentary representatives should take steps to have existing legislation amended at the earliest possible moment as to prevent the recurrence of such nefarious practices.

The suspension of police sergeant Wheeler and his subsequent arrest and appearance before the police magistrate yesterday, as detailed in another column of this issue, will cause no surprise locally, as the policeman's vagaries ever since his unfortunate appointment two months ago, have been the subject of daily street comment. Wheeler never should have been given a responsible position and the long suffering treatment accorded him by mayor Gillett stands out in sharp contrast when compared with the summary dismissal of two well known police officials, Young and MacBeath, last September. In the present instance the public is again sharply reminded of the disorganization existing in police circles consequent upon the ill-advised action of the police commissioners two months ago.

The Orangemen of Nelson are requested to meet this evening in the I.OOF hall at 9 o'clock sharp, to meet the provincial grand master, D. C. McLaren, who is visiting Nelson. It is very desirable that all the brethren should be present.

The band will be in attendance at the Alice roller skating rink on Tuesdays, Thursday and Saturday evenings. Children are requested on Saturdays to come in the forenoon, as the management cannot supply skates for them in the afternoon and evening. 190-tf

TORONTO VANCOUVER

CERTIFICATE OF THE REGISTRATION OF AN EXTRA-PROVINCIAL COMPANY

"Companies Act, 1897"

I HEREBY CERTIFY that the Snowdrift Gold Mining Company, Limited, has this day been registered as an Extra-Provincial Company under the "Companies Act, 1897," to carry out or effect all or any of the objects of the Company to which the legislative authority of the legislature of British Columbia extends.

The head office of the Company is situate in the city of Spokane, state of Washington, U.S.A.

The amount of the capital of the company is twelve thousand five hundred dollars, divided into one million two hundred and fifty thousand shares of one cent each.

The head office of the company in this Province is situate at the town of Koch's Siding and Noah Eastman, lumberman, whose address is is the same, is the attorney for the company.

The time of the existence of the company is fifty years from the first day of June, ninteen hundred and seven.

The company is specially limited under section 56 of the above act and no liability beyond the amount actually paid upon shares or stock in the company by the subscribers thereto or holders thereof shall attach to such subscriber or holder.

Given under my hand and seal of office at Victoria, Province of British Columbia, this fifth day of July, one thousand nine hundred and seven.

S. Y. WOOTTON,
Registrar of Joint Stock Companies.

The objects for which the company has been established and registered are:

1. To own, purchase and otherwise acquire, mines and mining properties, and to sell and otherwise dispose of mines and mining properties, in any part of the state of Washington, United States of America, and in the Province of British Columbia, Canada.

2. To purchase, lease and otherwise own, control and sell such real and personal property as may be necessary to the due prosecution of the business of this corporation.

3. To purchase, appropriate and otherdise acquire and to sell and dispose of, and to maintain such water rights and water power as may be necessary to the due prosecution of the business of this corporation.

4. To develop and operate mines containing precious metals, and to sell the products thereof.

5. To construct, maintain, purchase and otherwise acquire any and all buildings, devices, structures, machinery and improvements essential to the due prosecution of the business of this corporation as above set forth.

6. To build and construct flumes, dams and other structures for the creation of water power and to maintain the same, such as may be essential to the conduct of the mining business of this corporation.

7. To mortgage and issue mortgage bonds upon any of the foregoing kinds, classes and descriptions of property that may be by this corporation owned and acquired.

THE DISCOVERER

Of Lydia E. Pinkham's Vegetable Compound, the Great Woman's Remedy for Woman's Ills.

No other female medicine in the world has received such widespread and unqualified endorsement.

No other medicine has such a record of cures of female troubles or such hosts of grateful friends as has

Lydia E. Pinkham's Vegetable Compound.

It will entirely cure the worst forms of Female Complaints, Inflammation and Ulceration. Falling and Displacement, and consequent Spinal Weakness, and is peculiarly adapted to the Change of Life.

It has cured more cases of Backache and Local Weaknesses, than any other remedy the world has ever known. It is almost infallible in such cases. It dissolves and expels tumors in an early stage of development.

Irregular, Suppressed or Painful Periods, Weakness of the Stomach, Indigestion, Bloating, Nervous Prostration, Headache, General Debility quickly yield to it. Deranged organs causing pain, weight and backache, instantly relieved and permanently cured by its use. Under all circumstances it invigorates the female system.

It quickly removes that bearing-down feeling, extreme lassitude, "don't-care" and "want-to-be-left-alone" feeling, excitability, irritability, nervousness, dizziness, faintness, sleeplessness, flatulancy, melancholy or the "blues" and headache. These are sure indications of Female Weakness, or some derangement of the organs which this medicine surely cures. Chronic Kidney Complaints and Backache, of either sex, the Vegetable Compound cures.

Those women who refuse to accept anything else are rewarded a hundred thousand times, for they get what they want—a cure. Sold by Druggists everywhere. Refuse all substitutes.

A. N. GALER BANQUETED

TESTIMONY TO THE RETIRING GENERAL MANAGER

PRESENTATION BY STAFF OF THE INTERNATIONAL C. & C. CO.

If success can be measured by the tributes of one's fellow men, H. N. Galer has reason to feel highly honored in the banquet given to him on Saturday evening when 26 of the official staff of the International Coal and Coke company sat down to a sumptuous dinner at the Coleman hotel, Coleman, Alberta

The gathering was to mark the retirement from the general managership of the International Coal and Coke company and his departure for Spokane, where he has taken up his residence, and was a tribute of the high esteem in which he is held by his officials.

A splendid dinner, pleasing music, a bright toast list, entertaining program and a general feeling of good fellowship made the evening one of rare enjoyment. Promptly at 9:30 the staff, together with Mr. Galer, the guest of the evening; Mr. Whiteside, who assumes the management of the company on Jan. 1; Mr. Laidlaw of Spokane, and Mr. Ewing, sat down to the table. After the dinner was concluded the chairman of the evening, George L. Fraser, in a few well rendered remarks pointed out the occasion of the gathering and on behalf of the official staff of the company, read the following address to Mr. Galer and presented him with a beautiful diamond set locket, suitably engraved and with a hand painted china set for Mrs. Galer.

"Dear Sir—It affords me great pleasure to have the honor of voicing the sentiment of the officials and staff of the International Coal company on this occasion, when we have gathered to spend a pleasant evening, which, though pleasant, is tinged with the regret felt by one and all as we realize that this is the last occasion on which we will have the privilege of meeting with you as our general manager.

"Your energy and zeal have built up an industry which will remain as a monument to your efforts and have brought to you a measure of success attained by few, while your high character, integrity and interest in the welfare of your employees have won the esteem and confidence of all who have been permitted to work with you. It is therefore with a deep feeling of regret and of irreparable loss that we realize that you are retiring from the active management of the International Coal and Coke company, although we have the satisfaction, that, while retiring from the active management, you will still have general supervision over the affairs of our company.

"However, sir, we trust that the future years of your business career may be fraught with the pleasant associations which have marked those with us and we join in wishing your long life, prosperity and happiness in your new home.

It is with additional regret that we realize your leave talking will remove from our midst your most worthy life partner, Mrs. Galer, whose pleasant manners have left a bright ray of sunshine as she has passed through our midst and whose kindness and hospitality to all who have been privileged to enjoy her acquaintance will not be forgotten.

"I desire on the part of the officials and staff of the International Coal and Coke company to present you with this locket as a very slight token indeed of our appreciation of such an admirable officer, so perfect a gentleman and so true a friend.

"I would also ask that you convey the accompanying china set to your estimable wife as an expression of our regard and with the regret that we are to lose her cheery presence from our midst.

(Signed) G. L. FRASER, Chairman

Mr. Galer, in replying, stated that he felt it to be beyond his ability to properly express his appreciation of the honor conferred on him in this presentation but stated that he appreciated it more than any other occasion of his life but one—the time when Mrs. Galer agreed to become his wife. On behalf of Mrs. Galer he wished to thank the staff for their gifts. He appreciated them because of their intrinsic value, which he saw to be great, but would prize them far more because they had been presented to him by the staff of the International Coal company. He spoke of the three years which he had spent in Coleman, how he had come here in its infancy, had seen it grow and develop to what it was and here formed many close friends. It was with a feeling of sincere company had been successful perhaps more However, he said, "We expand and must move." He stated that the International comuany had been successful, perhaps more

IN THE SUPERME COURT OF BRITISH COLUMBIA

IN THE MATTER OF "THE WINDING UP ACT"

AND IN THE MATTER OF THE METROPOLITAN GOLD AND SILVER MINING COMPANY OF LARDEAU, B.C., Limited (Non-Personal Liability)

Before the Honourable Mr. Justice Clement, Saturday, the 16th day of November, A.D., 1907.

UPON the petition of John E. Burchard of the City of St. Paul, in the State of Minnesota, in the United States of America, creditor of the above Company, which petition is dated the 25th day of October, A.D., 1907 and preferred unto this Court on the 28th day of October, A.D., 1907; and upon reading the said petition and the affidavit of the said John E. Burchard, sworn the 28th day of October, A.D., 1907 and filed in the Nelson Registry of this court on the first day of November, A.D., 1907, verifying the said petition; and upon reading the affidavit of service of said petition on the above Company of Samuel Parker Tuck, sworn the 6th day of November, A.D., 1907; and upon reading the appointment granted by His Lordship the Chief Justice dated the 5th day of November, A.D., 1907 and the affidavits of service thereof and of notice of the hearing of the said petition which notice is dated the 6th day of November, A.D., 1907, said affidavit of service being made by Walter Clayton on the 8th day of November, A.D., 1907, Mary E. Smith, sworn on the 8th day of November, A.D., 1907, and Fred C. Elliott, sworn the 14th day of November, A.D., 1907 (and leave having been given to read the said affidavits before filing); and upon the hearing having been adjourned on Friday, the 15th day of November, A.D., 1907, to come on for hearing before the presiding Judge in Court on the 16th day of November, A.D., 1907; upon hearing S. S. Taylor, K.C., of counsel for the petitioner:

THIS COURT DOTH ORDER as follows:

1. That the above named "Metropolitan Gold and Silver Mining Company of Lardeau, B.C., Limited," (Non-Personal Liability) be wound up under the provisions of the "Winding Up Act."

2. That Edward Blake McDermid of Nelson, B.C., accountant, be constituted Provisional Liquidator of the affairs of the Company, without security, and power is given him to take and hold subject to further order of the Court, all the papers, books, books of account, titles, documents or other papers or books whatsoever of the said Company.

3. That 10:30 in the morning of Tuesday, the 3rd day of December, A.D., 1907, or so soon thereafter as Counsel can be heard at the Court house in Nelson, B.C., is hereby fixed as the time and place when and where an application will be heard for the appointment of the Official Liquidator of the above Company, and notice of such application shall be sufficiently given to all persons concerned and the said Company by advertisement of this order in The Nelson Daily News for seven days prior to the said 3rd day of December A.D. 1907.

4. That the costs of the petitioner be reserved until the appointment of the Official Liquidator.

By The Court,

J. C. DOCKERELL,
Deputy District Registrar

"W.H.P.C.," J.

The Supreme Court of British Columbia, Nelson, Nov. 25, 1907, Registry Supreme Court.

POSTOFFICE BOX 51 - NELSON, BRITISH COLUMBIA

Synopsis of Canadian Homestead Regulation

ANY available Dominion Lands within the Railway Belt of British Columbia may be homesteaded by any persons who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situate. Entry by proxy may, however, be made on certain conditions by the father, mother, son, daughter, brother, or sister of an intending homesteader.

The homesteader is required to perform the conditions connected therewith under one of the following plans:

1. At least six months' residence upon and cultivation of the land in each year for three years.

2. If the father (or mother, if the father is deceased) of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

3. If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land.

Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

COAL—Coal mining rights may be leased for a period of twenty-one years at an annual rental of $1 per acre. Not more than 2560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy Minister of the Interior.

N.B.—Unauthorised publication of this advertisement will not be paid for.

TO THE "BRAW" MEN OF SCOTLAND

Baker Street. Phone 144

"You Will Suffer all Your Life."

SAID ALL THE DOCTORS

Half a dozen of the best physicians told Mr. Baker that he had Chronic Rheumatism, and would have it as long as he lived. One day Mr. Baker read in a paper of a man who had Rheumatism just like him—who had been told by doctors that his case was hopeless—and who had been completely cured by GIN PILLS.

The two cases were so much alike that Mr. Baker decided he would invest 50c in a box of GIN PILLS and give them a trial.

It was the best investment he ever made. Before the first box was taken, he felt better all over, so he got another. He took that and bought a third, getting better all the time.

Hinesville, May 8, 1906.

I have been greatly benefitted by your Gin Pills, and all who have used them in this neighborhood speak very highly of them.

One of my neighbors, Mr. X., who suffered for years with Rheumatism and who has spent hundreds of dollars with specialists without receiving the slightest benefit, was entirely cured by two boxes of Gin Pills. He is proclaiming their virtues from the "housetops."

Yours truly, D. L. BAKER.

We don't even ask you to buy Gin Pills—but to try them at our expense. Write us, mentioning this paper, and we will gladly send you a free sample of these wonderful Kidney Pills that cure Rheumatism. The Bole Drug Co., Winnipeg, Man.

Sold by all dealers—50c. a box, or 6 boxes for $2.50—or sent on receipt of price. 88

DOES THIS INTEREST YOU?

A prominent physician, famous for his success in the treatment of kidney and bladder diseases, attributes a great deal of his success to the following simple vegetable prescription:—

One ounce Fluid Extract Dandelion;
One ounce Compound Salatone;
Four ounces Compound Syrup Sarsaparilla;

Mix, shake well, and take in teaspoonful doses after each meal and again at bedtime.

Your druggist can supply the ingredients, and the mixture can be prepared at home at very little expense.

This, the doctor says, acts directly on the kidneys, assisting them to filter the poisons from the blood and expel same in the urine, at the same time restoring the kidneys to healthy, normal action.

We feel that a great many readers will be pleased to learn of this simple prescription, and knowing the ability of the physician whose formula it is, we do not hesitate to recommend it to any sufferer.

so in its short career than any other mining company in Canada; which success he felt was largely due to the loyalty of its staff. "I have had my place to fill on this staff, which has been that of general manager, but every other man on the staff has filled his position just as well as I have. If they had not done so the company would not have been the success it has been. No other company could have a more loyal staff than I have had and I bespeak for Mr. Whiteside the same loyalty that you have given me. We are doing very well at the present time on the basis of 2000 tons per day, but inside of one year we will be on a basis of 3000 tons from our present openings. We have now in view the opening up of another seam to the south of our present opening, and I predict that in three years we will be getting out 5000 tons daily from our mine. Although I am leaving you yet I am not discontinuing my connection with the company, and will be deeply interested in its progress and will ever be ready to give *advice or assistance in helping it along.* We are opening up new mines and these with other interests, compel me to give up the active management of the International company. I thank you from the bottom of my heart for myself and on behalf of Mrs. Galer for your gifts and for the honor you have shown me, and I hope that we will sometime meet again.

Three cheers and several tigers were then given for Mr. and Mrs. Galer.

George L. Fraser, the popular superintendent of the company, proposed the health of the king and then that of Mr. Galer. Mr. Povah proposed the toast to the International Coal and Coke Co., which was very able responded to by Mr. Powell mine manager. He vividly contrasted the existence of a few prospect holes four years ago with the well developed mine today. He quoted Mr. Dawson of the geological survey on this remarkabe coal basin, and George Batton, M.E. of Pittsburg, who estimated that there were 64 million tons of coal in the International property above the level of the C.P.R. track, with a supply limited only by the depth we wish to go after it. He said that the growth and development of Coleman was only characteristic of the men at the helm of the company, men, such as the guest of *the evening, who coud justly be called* champions of industry. He stated that when the esteemed guest took the reins as general manager, the company was producing 100 tons a day and loading four box cars. "Now we are producing over 2000 tons a day and can load 70 or 80 box cars and by the grace of the C.P.R. whom we hope will be more generous in their car supply than they have been in the past, we will increase to 2500 tons, and when our incline goes up and our slope down and we open the seams to the north, we will further increase to 5000 tons a day." He stated these results had been made practicable by the men at the head of the company, men who had the determination, experience, money and ability to carry to a successful issue any proposition in which they might deem it wise to embark; and concuded by saying that the energy and enterprise of the company and the citizens of Coleman had destined it to be in the near future the most prosperous town in the whole of southern Alberta.

Toasts to "Our Home and Country" and "The Ladies" were proposed and responded to by Messrs. Bosworth, Wilkie, Oliver, and Dickson respectively.

Mr. Whiteside was then called upon and expressed his entire sympathy with the tributes to Mr. Galer. He was the only person present who had met Mr. Galer in the field of business as a competitor and as a brother operator and while he could say that he was first and always out for the International Coal company, yet he was a man with whom it was a pleasure to do business, and one whose departure would be regretted by all the coal operators of the district.

He stated that the company was in a successful condition, but there were still obstacles to contend with and he hoped that when he assumed the management that he would receive the same hearty and loyal support which had been accorded Mr. Galer.

Messrs. Povah, Fisk, Laidlaw and Ewing paid tributes to Mr. Galer's sterling worth as an employer, a business man and a friend and the following assisted in a program of recital and song: Messrs. Hilling, Fraser, Roberts, Fisk, Dickson, Norrie, Powell, Bosworth Shone, Swann, James Hill, Morton, Morrison and Stafford.

Cheers for Mr. Galer, Mr. Fraser, Mr. Powell and Mr. Whiteside and the singing of "Auld Lang Syne" and "God Save the King" brought to a close an evening of great pleasure, one that will not soon be forgotten by those present, and a fitting farewell to so popular an official as Mr. Galer.

A GREAT IMPROVEMENT

NATURE'S WAYS OFTEN HARD TO UNDERSTAND.

IT TAKES SCIENCE TO REVEAL NATURE AT HER BEST.

There are a great many instances where, by a little human help, Nature's best gifts are doubly enhanced in value and brought forth from obscurity in a manner that is causing this century to be known as one of progress.

There is nothing in the way of a discovery that will prove of greater benefit to man in general, and to the inhabitants of this part of America in particular, than Vinol, which represents an old and valuable remedy introduced in a new and practical form. Vinol is being hailed by physicians and patients alike as a glorious intervention of Providence for annihilating certain diseases of a wasting nature and prolonging life.

Vinol, as it is sold today, is fast becoming what all other great inventions soon become, a positive necessity that makes the world wonder how it ever existed without it.

Cod liver oil, on account of the peculiar medicinal properties which it contains, has been known to science for years as the most efficient of all specifics for throat, lung and bronchial troubles, and all wasting diseases. The layman, however, has appreciated the fact as forcibly as the professional, that this same remedy was often rendered practically useless on account of its disagreeable odor and taste, until it began to appear as though cod liver oil might eventually be omitted from the Pharmacopoeia.

The invention of Vinol has saved this wonderful medicine, not as we have known it, to be sure, but in its new form, which is nothing more or less than the identical, potent, remedial factors that have made the cod's liver famous. This new discovery consists only in finding a way of extracting the curative principles of the cod liver, which once obtained are dissolved in a mild, delicious and delicate wine with organic Iron and Beef Peptone added.

And so to us is given this old remedy in its new form, doubly efficient, absolutely tasteless and denuded of its greatest and most serious objection, the fatty matter itself, which has always precluded the use of cod liver oil in cases where the digestive apparatus had become weakened. Vinol is with us to stay, and to do good as yet is incalculable.

A Woman's Back

Has many aches and pains caused by weaknesses and falling, or other displacement, of the pelvic organs. Other symptoms of female weakness are frequent headache, dizziness, imaginary specks or dark spots floating before the eyes, gnawing sensation in stomach, dragging or bearing down in lower abdominal or pelvic region, disagreeable drains from pelvic organs, faint spells with general weakness.

If any considerable number of the above symptoms are present there is no remedy that will give quicker relief or a more permanent cure than Dr. Pierce's Favorite Prescription. It has a record of over forty years of cures. It is the most potent invigorating tonic and strengthening nervine known to medical science. It is made of the glyceric extracts of native medicinal roots found in our forests and contains not a drop of alcohol or harmful, or habit-forming drugs. Its ingredients are all printed on the bottle-wrapper and attested under oath as correct.

Every ingredient entering into "Favorite Prescription" has the written endorsement of the most eminent medical writers of all the several schools of practice—more valuable than any amount of non-professional testimonials—though the latter are not lacking, having been contributed voluntarily by grateful patients in numbers to exceed the endorsements given to any other medicine extant for the cure of woman's ills.

You cannot afford to accept any medicine of unknown composition as a substitute for this well proven remedy OF KNOWN COMPOSITION, even though the dealer may make a little more profit thereby. Your interest in regaining health is paramount to any selfish interest of his and it is an insult to your intelligence for him to try to palm off upon you a substitute. You know what you want and it is his business to supply the article called for.

Dr. Pierce's Pleasant Pellets are the original "Little Liver Pills" first put up by old Dr. Pierce over forty years ago, much imitated but never equaled. Little sugar-coated granules—easy to take as candy.

WINDSOR SALT is a Canadian salt—guaranteed by a Canadian company. No one guarantees the purity of imported salts. Insist on having WINDSOR SALT. 195 W

WHEN TO GO HOME

From the Bluffton, Ind., Banner: "When tired out go home. When you want consolation, go home. When you want fun, go home. When you want to show others that you have reformed, go home and let your family get acquainted with the fact. When you want to show yourself at your best, go home and do the act there. When you feel like being extra liberal, go home and practice on your wife and children first. When you want to shine with extra brilliancy, go home and light up the whole household." To which we add, when you have a bad cold go home and take Chamberlain's Cough Remedy and a quick cure is certain. For sale by all druggists and dealers.

CLEAR CASE OF SUICIDE.

(Special to The Daily News)

Ymir, Dec. 2.—A. H. McMaster, who occupied a cabin about half a mile south of Meadow Siding, was found Thursday morning last by his employer, W. J. Wilson, with his throat cut. The cabin was locked and when forced open the deceased was found lying on his bed with shirt and pants on only, lying in a position with his feet on the pillow. No blood stains were found on the bed, but the floor was covered and the blood and the bedding was strewn around. Provincial constable Fraser took charge of the body and wired the coroner at Nelson to come and hold an inquest. From the position of the body and the disarrangement of the cabin there was a suspicion of foul play. The deceased came from Seafoam, Pictou county, N. S. Recently he was at Winnipeg; then worked for a time at Mayook, B. C.; then for Fournier, tie contractor.

The coroner viewed the remains on Saturday and decided that it was clearly a case of suicide and that an inquest was not necessary. The body is here waiting advice as to disposition by relatives.

WEATHER IN NOVEMBER.

Meteorological Conditions Observed During Past Month in Local Bureau.

The meteorological conditions observed locally in the sub station of the dominion meteorological bureau were somewhat unusual inasmuch as the weather was more foggy with fewer bright days than is usually the case. There was a greater precipitation of snow than is the average but on the other hand the rain was less, making the total precipitation just about the average hitherto observed. There was much low lying fog during the month, preventing frost, but on the other hand, cutting off much sunshine.

The mean maximum temperature during the month was 43.83, or 1.33 degrees Fahrenheit above average. The absolute high was 53 degrees, recorded on November 2 and again on November 5, two degrees less than the record, 55 degrees, observed in November, 1904. The mean minimum temperature was 33.33 degrees, or 1.33 above the average. The absolute low temperature was 20 degrees, observed on November 27. The record, observed in 1905, is 11 degrees. The mean temperature for the 24 hours, observed through the month, was 38.58 degrees, or 1.36 degrees above average. The average range between the day and night, maximum and minimum, was 10.5 which is .5 degree less than average. The greatest range was observed on November 9, between 51 and 30 degrees and the least on November 19, between 34 and 32 degrees.

The hours of precipitation during the month were 128 or 3.7 hours less than the average. The total snow fall was 8.5 inches, of which none remained on the ground beyond a day. This is 1.72 inches more than average. The rainfall amounted to 2.51 inches, or .16 inch less than average. The total precipitation was 3.36 inches or .02 inch more than average. There were 14 days on which either rain or snow or both fell and 10 days during which the sun was seen, the foggy days being far more numerous than is averagely the case.

THAW CASE DEFERRED

New York, Dec. 2—The second trial of Harry K. Thaw for the slaying of Stanford White is set for Monday, but it is hardly likely that the accused man will again face the jury before the first of the year It s definitely stated that insanity will be the plea and that no appeal will be made to the unwritten law It is unlikely that Evelyn Thaw, who was the star witness of the defense at the previous trial, will be called to the stand, except possibly to testify as to her husband's mental condition at the time of the commission of the crime Martin W Littleton will conduct Thaw's case and district attorney Jerome as before will personally conduct the proseution.

HOW DIPHTHERIA IS CONTRACTED

One often hears the expression "my child caught a severe cold which developed into diphtheria," when the truth was that the cold had left the little one particularly susceptible to the wandering diphtheria germ. When Chambzerlain's Cough Remedy is given it quickly cures the cold and lessens the danger of diphtheria or an yother germ disease being contracted. For sale by all druggists and dealers.

Wallace's suit sale continues this week. A few of the Scotch tweed suits to sell at half price

THE "BESPOKE" ORDERS.

Supplemental Tailoring for Men in the Semi-ready Shops.

"By our physique type system we can fit any man of any type," say the Semi-ready people. In addition to the stock carried in these stores they have a Special Order Department. In England they would call it a Bespoke department. Sets of patterns are supplied showing all the cloths carried in stock in large quantities, and each Semi-ready agent has one of these portfolios of suitings and overcoatings. The ranges include all the newest cloths and colors fashionalbe just now.

A feature is made of prompt execution and punctual delivery. Four days is all that is required in tailoring a suit or an overcoat from an individual measure.

Before having photos taken see the Ping Pong Photo Co., Alan block. We take them day or night.

This is Wallace's big sale week in suits and overcoats.

NELSON NEWS OF THE DAY

There were no applications presented at the county court chambers before judge Forin yesterday morning.

At the sale of the goods of R. M. Hood yesterday, the purchaser proved to be A. Macdonald and Co.

The freight rate committee of the board of trade meet this evening at the old court house at 8 o'clock.

The monthly general meeting of the 20,000 club will be held this evening in the club rooms at 8:30. It will be preceded by a short meeting of the executive at 8 o'clock.

A record attendance of 181 scholars was made at the Baptist Sunday school on last Sunday afternoon There are only two Sundays of the Blue and Red contest left. Just now the Reds are in the lead for the week but failed to pull down altogether the gain made by the Blues on the previous week. The score now stands 1077 to 1055 in favor of the Blues.

D. C. McMorris, secretary of the Kootenay Fruit Growers 'association, shipped on Saturday night to Vancouver for exhibition at the annual convention of the Northwest Fruit Growers meeting in Vancouver, tomorrow, five varieties of apples, one box of each variety, which was what was requested. James Johnstone of the B. C. Fruit Growers' association, will represent Nelson on the occasion.

The management of the antituberculosis ball wish to present their thanks not only to those who came to the ball but also the many friends who assisted them in one way and another. Among these they desire to particularly thank F. Irwin, R. Fleming, J. A. Ludwig, T. A. Mills, F. Dyke, Mrs. Broadbridge, all of the orchestra; the Canada Drug and Book Co., the Ashdown Hardware company, the Standard Furniture Co., D. J. Robertson and Co., the Messenger Co., G. Horstead, J. A. Dann B. B. Winters, Lorne Stewart, R. J. Steel, chief Deasy and the press of the city.

McDermid & McHardy

NELSON, B. C.

IS HELD FOR SENTENCE

SERGEANT WHEELER PLEADS GUILTY TO THEFT.

PLEADS HE WAS UNAWARE OF HIS OWN ACTIONS.

Sergeant C. G. Wheeler of the Nelson police force, was charged before police magistrate Crease yesterday afternoon for the theft of some $12 from the Silver Grill restaurant on Sunday morning at an early hour. The prisoner pleaded guilty, elected for a speedy trial and was remanded by the court for sentence until this morning.

The story of the case would appear to be that Sergeant Wheeler went into the Silver Grill at about 3.30 o'clock on Monday morning and sent the only attendant for a bottle of beer. When the waiter returned, he having left the sergeant alone in the restaurant, he was informed by the policeman that he had been out on the street during the absence of the waiter, which was between five and ten minutes, and on his return had noticed that the cash box, or till, was missing from its place. The waiter thought him to be joking but looked and found that the till was indeed missing, there being a few tickets scattered on the floor. Noticing the sergeant did not drink the beer he had sent for he came to the conclusion that he had been sent on his errand as a blind and grew suspicious. When the policeman left the restaurant he telephoned the police.

In the meantime a couple of citizens were standing across the street, knowing nothing, so far, of the occurrence. They did not notice the sergeant immediately on his leaving the Silver Grill but did see him a few minutes later by the corner of the K. W. C. block carrying something under his arm. They walked towards him as the sergeant proceeded up Ward street and presently called him to come and have a drink with them. The sergeant accepted the offer saying that he would be with them in a minute. They saw him deposit what he was carrying around the corner of W. K. C. block in the alley and became suspicious. When the seargeant came back, minus his burden, they intended to go around before him and see what was the parcel. However the sergeant, drinking quickly, got out before they did and they lost him for the moment. However, they saw him again a minute or two later called by the Silver Grill waiter. He deposited his burden which he was again carrying, in the doorway of Wolverton & Co., and went into the Silver Grill. The watchers then ran across and picked up the parcel which proved to be a till with some $12 in it. Tracking up the way of the sergeant spilt silver was found all along the roadway.

The sergeant was subsequently arrested and taken to the city lock up. On his appearance yesterday morning the only think that he had to say in explanation was that he had received a letter of suspension from the mayor owing to being under the influence of liquor at the Antituberculosis ball on Friday night and in consequence began to drink and did not know what he was doing. His behaviour has been strange for some time past and it is thought that he might not be responsible altogether for his actions.

A HOME MADE HAPPY BY CHAMBERLAIN'S COUGH REMEDY

About two months ago our baby girl had measles which settled on her lungs and at last resulted in a severe attack of bronchi's. We had two doctors but no relief was obtained. Everybody thought she would die. I went to eight different stores to find a certain remedy which had been recommended to me and failed to get it, when one of the storekeeprs insisted that I should try Chamberlain's Cough Remedy. I did so, and our baby is alive and well today.—George Spence, Holly Springs, N.C. For sale by all druggists and dealers.

THE DAILY NEWS CLASSIFIED ADS.

The best and cheapest means of reaching the people of the Kootenays. A small advertisement in these columns will bring big results.

RATES—One cent per word per issue; six insertions for the price of four is paid in advance.

Classified ads. will be received for insertion until 9 o'clock on the evening previous to publication. Phone 144.

ONE Insertion OF A Want Ad

DOES NOT ALWAYS CONSTITUTE A COMPLETE CLASSIFIED ADVERTISING CAMPAIGN — ALTHOUGH SOMETIMES IT DOES!

The first "try," in any line of effort, is not usually enough. "Try again" is a slogan as old as—experience of human affairs.

There is probably nothing else in which the first "try" is so often rewarded as in WANT ADVERTISING.

And there is surely nothing else in which reasonable persistence is so certain of a reward!

FOR SALE

FOR SALE—Several blocks of fruit lands from 50 acres to 1000 acres near transportation, excellent land, well watered and very easily cleared in the vicinity of Kootenay lake. Price from $6 to $15 per acre. Will also guide mountain climbers, land seekers and fishermen. Apply or address Lindsay's boathouse. 173-25

FOR SALE—In order to make room for next year's stock, we are clearing out all boats and canoes, new this spring, at greatly reduced prices. Also several new and second hand gasoline launches and enignes. Now is the time to order your launch for next year. Apply at Lindsay's Boat House. 172-12

FOR SALE—One thoroughbred Water Spaniel bitch pup, six months old. Apply T.C., Daily News. 181-tf

FOR SALE—Five roomed house, newly renovated, 50x120 lot, near high school. Apply Shoeshop, Hall street. 183-26

FOR SALE—Baker street property, paying 20 per cent, or about $2500 a year. Modern improvements. Apply box 355, Nelson, B.C. 183-26

FOR SALE—Germans looking for fruit lands would find it to their advantage to send a post card to Aug. Fietz, Nelson, B.C. 186-12

FOR SALE—Two storey house, brick and frame, with two lots on corner. Easy terms. Apply Wm. Hancock, Nelson brickyard. 189-12

FOR SALE—Good milch cow. R. W. Hulbert, Durban Ranch, Nelson. 190-6

LAND NOTICES

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY

TAKE NOTICE that I, Donald Dewar, of Arrowhead, B.C., timber cruiser, intends to apply for a special timber license over the following described lands:

Commencing at a post planted about two miles east from the east end of Summit lake and on the south side of Bonanza creek, and marked "D. Dewar's northeast corner post," thence west 160 chains; thende south 40 chains; thence east 160 chains; thence north 40 chains to point of commencement, being same ground covered by T.L. No. 10218.

D. DEWAR.

October 19, 1907.

Sixty days after date, I, E. R. Vipond, contractor, of Poplar, B.C., intend to apply for permission to purchase the following described land in West Kootenay district: Commecing at a post planted at the S.E. corner of K. and S. lot 833, thence east 40 chains; thence north 40 chains; thence west 40 chains; thence south 40 chains to point of commencement, 160 acres more or less.

Dated this 24th day of Oct., 1907.

E. R. VIPOND.

NELSON LAND DISTRICT, DISTRICT OF WEST KOOTENAY.

TAKE NOTICE that Adran LaBrash of Nakusp, intends to apply for permission to purchase the following described land:

Commencing at a post planted at Lessell's southwest corner, about one mile west on Lower Arrow Lake, and marked "Adran LaBrash's northwest corner," thence south 80 chains; thence east 40 chains; thence north 80 chains; thence west 40 chains to point of commencement and containing 320 acres more or less.

ADRAN LABRASH,
ALEXANDER DUCHARME, Agent.
Dated 13th Dec. 1907.

LAND REGISTRY ACT

TAKE NOTICE that an application has been made to register Mary Ann Sturgeon as the owner in Fee Simple under two several tax sale Deeds from R. J Stenson, Collector of the Slocan Assessment District to C. V. Gagnon, bearing date the 21st day of November, 1906, and the 22nd day of August, 1905, respectively, of all and singular those certain parcels and tracts of land and premises situate, lying and being in the District of Kootenay in the Province of British Columbia, more particularly known an ddescribed as:

All minerals, precious and base, save coal and petroleum, under lots four thousand four hudred and seventy (4,470) "Mountain Chief No. 3" Mineral Claim, and four thousand four hundred and seventy-one (4,471) "Sarnia" Mineral Claim, both in Group One in the District of Kootenay.

And said minerals have been transferred by the said C. V. Gagnon and the said Mary Ann Sturgeon.

You and each of you are requested to contest the claim of the tax purchaser within fourteen days from the date of the service of this notice upon you, and in default of a caveat of certificate of lis pendens being filed within such period, you will be forever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register Mary Ann Sturgeon as the owner thereof.

DATED at the Land Registry Office, Nelson, Province of British Columbia, this 23rd day of July, A.D., 1907.

H. T. MACLEOD,
District Registrar.

Are You Traveling By Ox Team ON THE 'ROAD TO MARKET?'

According to Franklin, the "road to market" was "plain" even more than a century ago.

The years have brought a succession of improved methods of travelling on this same old road, however; and now the former weary time and distance have been almost obliterated.

Just steam and electricity have shortened the distance between London and Lvierpool, Paris and Marseille, New York and Chicago, so has Newspaper Publicity shortened the distance between YOUR MARKET and YOU.

You can still travel from one city to another by ox-team, and have a fair chance of reaching your destination SOMETIME. But you would not willingly choose the ox-team for a thousand-mile trip if a fast express train were available!

So it is in travelling on this "road to market!" You might find your market SOMETIME by using the ox-cart sort of publicity—the poster and sign-board sort; but why not eliminate time and distance and annoyance and disappointments by taking the fast express to YOUR MARKET—which is typified by modern, aggressive and adequate newspaper advertising.

NELSON NEWS OF THE DAY

Born to the wife of R T Miles, Baker street, on Nov 30, a daughter.

There was a good attendance last night at the meeting of the Nelson choral union.

W. A. Calder is getting ready to make some more shipments from the Lightning Peak.

The Nelson dramatic society is thinking of putting on another play in the early part of next year.

The officers and guards of the L.O.T.M. are requested to meet in the K.P. hall this afternoon at 3:30 for practice.

The thermometer yesterday ranged between 36 and 48 degrees and on Sunday between 35 and 42, both days being gloomy.

Registrar Bowman received a telegram from Mr. justice Martin yesterday, in which his lordship stated he would be in Nelson tomorrow evening. The supreme court sittings will not be held therefore, before Thursday.

The only drawback to this city as a point at which to hold the bonspiel is the rink accommodation. Still as there can be a couple of rinks accommodated on Stanley street as was done on the last occasion of its coming here, Nelson has six sheets of ice available which is as many as any Kootenay point and more than most. The question will be decided as to whether the bonspiel comes to Nelson or goes to Rossland at the adjourned annual meeting here this week

Work has started on the roof of the court house.

The Montezuma mill has closed down for the winter. During the season some 3000 tons of ore were treated with good results.

"The Two Orphans," presented by the Dominion Stock company last night at the opera house, was a well balanced play, interesting from its plot, from the good acting and good enunciation of the players and holding the attention of the audience throughout Where all were good there is little to say for one more than another but yet the villian Jacques Frochrad, by W E Fox was undoubtedly a thorough paced scoundrel, and Mere La Frochard, Lucy Thayer, was a splendid old woman. The girls were excellent and even the minor parts, the valet for example, were well acted The company ought to draw a good house tonight when they present Raffles, or the Amateur Cracksman

Seventy new books have been added to the library, amongst which are The Under Dog, The Spenders, The Priest and The Call of the Blood.

The hotels are again filling up rapidly with witnesses and counsel over the sitting of the supreme court on Thursday next; more than one reported being full up last night.

There was a small fire yesterday morning just before noon at the residence of W. Brown, Silica street An outbuilding caught fire and was slightly damaged before the flame swere extinguished.

Queen City Rebekah lodge No. 16 I.O.O.F. will meet this evening at 7:30 sharp to conclude business at 9 o'clock in order to allow the Orangemen to have the hall for their meeting. A full attendance of officers and members is requested.

Since the shut down of the Boundary smelters and mines, a number of C.P.R. engineers and trainmen are taking their holidays Among others who left this morning were: George Hennessey, P McCormick, L Boomer, Wm Mead ,E Dixon, W Dempster, E. Norris and C. Norris.

The customs returns for last month were $29,916.58, as against $21,882.41 of November last year. The inland revenue amounted to $3,823.25, made up as follows, Spirits, $3,193.40; Malt, $180.00; raw leaf tobacco, $156; cigars ex-warehouse $122.10; cigars, ex-3factory, $171.25.

A party of Englishmen have engaged a special sleeping car from Kootenay Landing to St. John. They are neary all from Nelson and propose spending the winter in England, taking advantage of the five months' ticket issued by the C.P.R. The car leaves on Thursday morning by which time the number will probably be swelled. The party not only remains together on the railway journey but will also sail together across the Atlantic, parting only when Liverpool is reached.

WILL VOTE TOMORROW

Granby Miners and Smeltermen May Accept Lower Wage Scale

(Special to The Daily News)

Grand Forks, Dec 2—There is good news in Grand Forks today as it is now announced that the Granby smelter will resume operations on the 5th instant provided that the men will accept the lower scale of wages. Foreman Miles Barrett of the Granby smelter has conveyed this intelligence to the old smelter employees. A meeting of the Grand Forks labor union will be held here on Wednesday evening when a vote will be taken on the subject. It is generally believed that a large majority of the men will vote for the lower wage scale and that the smelter will be running again on Thursday as the men are anxious to get to work again The news of the probabe resumption of work at the smeter has created a new life in Grand Forks and every one is now hopeful for better times

CUSTOMS AND REVENUE

Ottawa, Dec. 2—The customs receipts for the dominion for November total $4,574,105, an increase of $363,899 over November last year The revenue for eight months ending November amounted to $34,225,681, an increase of $7,075,000 over the same period a year ago.

411 Baker street, Nelson, next to new bank building.

The Nelson Coke and Gas Co., begs to advise their many customers that the notice which appeared in the local papers regarding discount on gas sales, should have read: Gas consumers are hereby notified that the discount as figured on the face of gas bills (for the month) absolutely expires on the 15th instant. All gas consumers will doubtless understand that a discount of 25 per cent per 1000 cubic feet of gas consumed, is allowed on all bills paid on or before the 15th of the month in which the bills are issued and this discount will continue to hold good

DO NOT LOSE SIGHT

OF THE FACT THAT WE ARE

Prescription Specialists

THIS is a matter of utmost importance, not only to yourself but to your physician. The progress of the patient depends largely upon the composition of your prescription, the quality of drugs used and the knowing how to compound them.

Bring your prescriptions to us and overcome any anxiety in this line.

Ask Your Doctor

He will tell you where the best results are obtained and where both he and patient are properly dealt with.
