THE LEADING WEEKLY NEWSPAPER IN NORTHERN BRITISH COLUMBIA

The Omineca Miner

VOL. II, NO. 9 HAZELTON, B. C. SATURDAY, NOVEMBER 2, 1912 PRICE $2.00 A YEAR

GREAT ASSET FOR CANADA

Groundhog Coal Field Wins Commendation of Geological Survey Expert.

FIELD OF GREAT VALUE

After Season Spent In Examination of Measures, Dominion Engineer Declares Coal of Northern District is of Excellent Quality and Great Importance.

Vancouver, November 1:—The Groundhog coal field is highly praised by G. S. Malloch, one of the experts of the Canadian geological survey, who has just returned from Hazelton, after spending the season in the remarkable new coal district. Mr. Malloch, who made a thorough geological survey of the field, says the Groundhog coal must be regarded as one of Canada's national assets. Though somewhat smaller in extent than at first supposed, and although faulting in some parts of the field may prove a drawback in development and mining, he declares the coal of excellent quality, and says the field is destined to become of great commercial importance.

Rink Nearly Finished

The skating and hockey rink, which Al Johnson is constructing on the athletic grounds, is nearing completion, and will be a credit to the town. The rink itself is now ready for the water, which will be turned on as soon as the weather turns cold enough to make ice. Commodious dressing rooms for ladies and gentlemen are now being built.

DRUG STORE SOLD

Hazelton Pharmacy Purchased From J. Mason Adams By Dr. Wrinch

A deal was consummated yesterday by which the Hazelton drugstore was sold by J. Mason Adams to Dr. H. C. Wrinch. Mr. Adams, who is the pioneer druggist of the district and one of our most progressive business men, will devote his attention to his Telkwa drugstore, having planned considerable extensions to his business there. The Hazelton store, Dr. Wrinch announces, will be under the management of A. V. Johnstone, whose ability and experience guarantee that the store will justify its name, the Up-to-date Drugstore.

New Railway For B. C.

Revelstoke, Nov. 1:—A railway from Wetaskiwin, Alberta, to Revelstoke, through the Yellowhead pass, is projected and a charter for the road will be asked at the approaching session of the Dominion parliament. The personnel of the company has not been disclosed.

Might Work in B. C.

Madison, Wis., Nov. 1:— By a process of roasting ores found in this state, a professor in the University of Wisconsin says, he can make paints of all colors. He predicts that the discovery will lead to the development of an industry which add over fifty million dollars to the wealth of the state.

Vice-President Dead

Washington: James S. Sherman, vice-president of the United States, died on Wednesday night, at Utica. He had been suffering for weeks from Bright's disease, with complications, and the end had been expected by his physicians for a week.

New C. P. R. Station at Terminal City

Vancouver, Nov. 2:—The Canadian Pacific has obtained a building permit for the erection of a new depot, adjoining the present structure. The amount is the largest for a building permit in Vancouver's history. The building permits issued in October totalled three and a half millions, making a new record. The total for the year to date is $16,250,000, and it is expected that the permits for the year will reach $20,000,000, as compared with $17,500,000 for last year.

National Debt Reduced

Ottawa, Nov. 2:—The national debt of Canada is now $340,000,000, a decrease during the year of nearly $200,000.

RIFLE ASSOCIATION HOLDS ANNUAL SHOOT

Large Attendance at Matches Which Wind Up Successful Season—The Winners

The riflemen turned out in force on Thanksgiving Day, when the Hazelton Rifle Association held its third annual shoot at the Riverside ranges. The day was fine, the attendance and entries numerous, and the matches the most successful ever held here.

In the handicap match at 200, 500 and 600 yards, J. H. Hetherington took first place. W. F. Brewer was second, G. O. Graham third, and Major Leslie fourth.

The first division match, over the same ranges, was won by Major Leslie, with W. F. Brewer second, G. O. Graham third, and H. W. Sharpe fourth. Charles Reid tied, but was counted out.

Prizes in the second division match went to the following: J. H. Hetherington, first; J. W. Campbell, second; W. W. Wrathall, third; A. R. Macdonald, fourth.

In the offhand match, at 200 yards, H. W. Sharpe took first place, Major Leslie second, J. S. Hicks third and H. H. Little fourth.

Range prizes were awarded as follows: 200 yards, G. O. Graham and J. H. Hetherington, 500 yards, Major Leslie and W. W. Wrathall; 600 yards, Major Leslie and J. H. Hetherington.

Miss Sharpe won the ladies' match.

For the gold challenge badge Major Leslie and Dr. McLean are tied with six wins each. The silver badge was won by Rev. D. R. McLean.

H. W. Sharpe made top scores for the Dominion of Canada prize, and also won the association season handicap.

TWO HUNDRED THOUSAND TURKS ROUTED BY ALLIES

Bulgarians Surrounded Adrianople and May Soon Capture Turkish Capital --- Balkan States Determined to Drive Ottoman Out of Europe --- Turks Kill Christians.

London, Nov. 1:—The troops of the Balkan nations and Greece continued to gain victories over the Turks during the week. Many observers believe the Ottoman forces are already virtually beaten and expect to see Constantinople in the hands of the allies before many days have passed unless the Powers intervene, a contingency which is regarded as probable.

After three days fighting the Bulgarians defeated a force of 200,000 Turks before Adrianople, the latter retreating. Adrianople is now surrounded by Bulgarian troops. One report says the city has surrendered to the besiegers.

No list of casualties is obtainable. Communication with the Turkish lines is cut off by the attacking forces. Owing to the successive defeats of the Turks to date, it is the general opinion here that the end of the war will soon arrive.

London, Nov. 2:—Turkey is believed to be ready to sue for peace. According to the latest Constantinople despatches serious news has been received from the front. The nature of the reports have not been disclosed, but the Turkish ministry was in session until a late hour yesterday.

The Turkish forces are still retreating and the rout is reported complete. The strategy of the Bulgarian generals is highly praised, while the bravery of the Bulgarians and their allies is said to be unexampled in modern warfare.

In Constantinople fanatics are urging the killing of all Christians. Many massacres in various towns are said to have been committed by the Turks, and it is reported that the Powers have warned the Porte that these must cease.

It is the general belief in London that the Powers must allow the partition of Turkey in Europe, even though the Balkan states disclaimed any intention of territorial acquisition in declaring war.

News Pertaining to Mining Industry

The annual Shareholders' meeting of Harris Mines, Ltd., was held in the company's office on Thursday. The reports of the directors and auditors were passed, with expressions of satisfaction, and the superintendent, D. A. Harris, was congratulated on the excellent character of the work done during the year. His report showed that 1005 feet of underground work had been done as well as a great deal of surface work. In addition, buildings and roads had been constructed and improved equipment installed. The first car of ore is on its way to the smelter, and further shipments will be made in the near future. Officers and directors were elected as follows: Dr. H. C. Wrinch, president; H. A. Harris, vice-president; W. S. Harris, secretary-treasurer; D. A. Harris, J. A. Mullan, L. L. DeVoin, R. E. Paget, directors.

Mining Club Busy

(Special to The Miner)

Vancouver, Oct. 31:—The Vancouver mining club, of which mining men throughout the province and the Yukon are members, will conduct a publicity campaign in the northern gold districts, with the object of diverting to the government assay office in this city the gold which is now shipped to Seattle and San Francisco from Yukon Territory. The mining club has now a comprehensive display of minerals from all parts of British Columbia and the Yukon. Included is an excellent exhibit from Atlin, comprising placer gold in all its forms, from nuggets to dust. There is also a display of platinum ore from the Nelson district.

The statement was made at the club smoker on Wednesday evening—one of a series to be given during the winter—that Vancouver benefits to the extent of a million dollars yearly by the sale of mining supplies to those engaged in the industry in B. C.

Work on American Boy

Next week the Harris Mines will start a drift to the north on the 100-foot level in No. 1 vien, after cross-cutting to the hanging wall. A sump is now being put in. Sinking will be resumed in Mullan shaft on the Ore-or-no-go. The workings and equipment have been placed in good condition for winter work.

Copper River Coal

F. B. Chettleburgh, who is in charge for the Copper River Coal Syndicate, on Coal Creek, Copper river, returned on Saturday evening from Vancouver, where his company has its headquarters. He left on Thursday for the coal fields, where he will be engaged for some time in superintending the work of surveying, which is now in progress. Preparations will also be made for the installaiion of a diamond drill, which is to be used in further prospecting the valuable coal measures which are being developed by the company.

IMPORTANT

The Settlers of Bulkley Valley and District are requested to attend organizing meeting of the Farmers' Institute on Saturday, Nov. 16, at 2:30 p.m., at Svenson's Hall, Telkwa.

T. J. THORP, SEC.-TREAS.

Britons Must Prepare

London: Speaking at Sheffield, Winston Churchill repeated Lord Roberts' warning of Britain's peril from Germany. The Empire, he said, must be prepared for eventualities. Britons have insisted on much; they must hold what they have gained.

Wilson Looks Like Presidential Winner

New York, Nov. 1:—A careful scrutiny of latest indications in the presidential campaign leads to the belief that the election on Tuesday next will result in the victory of Woodrow Wilson and the Democratic party. The concensus of opinion is that President Taft has no chance of being reelected, while Ex-President Roosevelt will only run second. Heavy odds are being offered on the election of Wilson. Colonel Roosevelt was given a remarkable reception in Madison Square Garden on Wednesday night, when a big Progressive rally was held. The Bull Moose candidate made a characteristic sledge-hammer speech, in which he vigorously assailed his opponents.

BORDEN'S MESSAGE TO BRITISH COLUMBIA

Efforts to Aid in Imperial Defence Will Not Be in Vain—McBride Speaks

(Special to The Miner)

Victoria, Nov. 1:—Sir Richard McBride and Hon. W. J. Bowser will leave tomorrow for Ottawa, to return in two weeks.

Hon. R. L. Borden sent an important message to the annual rally of the British Columbia branch of the Navy League on Wednesday night. The federal premier said he could promise that the labors of the people of this province to advance the cause of cooperation by Canada in naval defence would not be in vain.

Premier McBride delivered a wholehearted address in support of Mr. Borden's efforts to formulate a policy which should be in the interests of Canada and the Empire. British Columbians almost to a man, he declared, were determined to uphold the honor and might of the motherland.

Athletic Association

At a meeting of the Hazelton Athletic Association held Friday evening the annual statement of the secretary and treasurer was read and accepted. Receipts from the baseball games and donations amounted to $1760.45; disbursements in ground leases, baseball outfits, distribution prizes, etc., amounted to $1740.15 leaving a bank balance of $20.30; outstanding indebtedness $25.00.

The hockey contingent decided to call another meeting Monday afternoon at four, in the office of Harvey & McKinnon, to perfect an organization. The offer of Al Johnson of a percentage of the proceeds of hockey games will be voted on.

Wall Street Picks Wilson

New York, Nov. 2:— Wall Street predicts the election of Woodrow Wilson as president next Tuesday.

WILL REDUCE OMINECA ORE

Granby Bay Smelter Will Treat Silver-Lead Products of Hazelton Mines.

TO BUILD IMMEDIATELY

Announcement Officially Made That Lead Stack Will Be Operated for Treatment of Custom Ores from This District—Will Gratify Miners.

(Special to The Miner)

Vancouver, Nov. 1:—Acting General Manager Sylvester, of the Granby Consolidated, has returned from Granby Bay. He announces that he has been authorized to call for tenders immediately for the construction of the smelter and for a complete machinery equipment, the total cost of which may exceed a million and a half.

The smelter is to be ready for operation before the end of next year. The plant will inclune a lead stack for the handling of custom silver-lead ores from the Hazelton district, where mines now under development will furnish a large supply of ore.

Castaways Rescued

(Special to The Miner)

Vancouver, October 31:—After spending two perilous days and nights in their broken-down motor launch Gulf, Herbert and Fred Lowther, both of Van Anda, were rescued by a government launch off Cortez Island. The two were suffering severely from exhaustion and exposure, but are recovering.

CONCERT A SUCCESS

Thanksgiving Entertainment By Churches Draws Large Crowd

The three churches of Hazelton combined in giving a reception and concert in the auditorium on the evening of Thanksgiving Day, and as was to be expected, the coalition resulted in one of most successful entertainments ever presented here. The hall was crowded when Dr. Wrinch took the chair, and the long program of vocal and instrumental music, readings and recitations was carried through without a hitch, to the great enjoyment of the audience.

Those who participated were: Mrs. Warner, Mrs. Hicks Beach, Miss Sharpe, Miss Crawford, Miss Grist, Miss Martin, Miss Hogan, Dr. Wrinch, Rev. R. W. Lee, Rev. W. H. Petter, Mr. Sharpe, Mr. O'Neill.

After the concert the ladies of the churches took charge and furnished very tasty refreshments.

Lloyd George's Latest

London, Nov. 1: — Chancellor Lloyd-George is making enquiries designed to make possible the levying of income tax on moneys derived by British investors from Canadian investments, even when their dividends are reinvested in the Dominion. The London Financial News calls it an insulting and insidious attempt.

VOL. II. SATURDAY, NOVEMBER 2, 1912. No. 9.

In a recent magazine article a scientific writer adduces proofs that the climate of British Columbia is becoming warmer every year. The improvement is attributed to certain movements in the earth's crust due to the Greenland ice-cap. Whether or not the changes in climate are due to natural forces which are changing the climate of every country in the world, there is at least no doubt that there has been of late years a marked change in the climate of the Northern Interior of British Columbia. The season which has just ended is noteworthy as the longest and warmest within the memory of white men in the district. The mountains were clear of snow to a greater height than prospectors had ever before seen them, with the result that valuable mineral discoveries were made in locations which could not be prospected in previous seasons. November is now with us, but the approach of winter is still delayed. Newcomers in the district express surprise at the favorable climate. At this latitude they expected to experience short summer seasons and long winters, and they have been most agreeably disappointed to find such a mild and equable climate.

Even if the predicted further improvement fails to materialize, the people of this part of British Columbia have every reason to be satisfied with climatic conditions. Since the settlement of our agricultural areas began, the seasons have been quite as favorable as could be looked for in a new and timbered country, and our climate, like our soil, leaves little to be desired.

McBride On Defence

"The portals of Empire on the Pacific coast are easily accessible by a third power, and we are doing little or nothing to insure the necessary protection for these shores in case of European complications. I am strong in my advocacy of immediate and tangible action on behalf of Canada to contribute ships or money to the Mother Country in like manner to Australia and New Zealand. This is a matter of a national character and should be settled by Canadians as a unit, so that, in addition to providing adequate naval defence, we, as a Dominion, could be placed in a position to render aid in case of emergency to the Mother Country and thus help to carry the Union Jack to victory."

For Mines Department

The B. C. Conservative convention last week adopted the following resolution:

That whereas the mining industry has become one of the most important in the Dominion, having attained a production of $102,291,686 in the year 1911. And whereas the value of the mineral production of Canada has shown a steady growth, having risen during the last decade from $63,231,936 to the above mentioned sum. And whereas the further development of the whole mining industry of the Dominion of Canada can be materially aided by greater attention being paid to its requirements and possibilities; and whereas the Canada department of mines is at present under the control of the minister of the interior, the work of whose department is so heavy that he can not give to the department of mines the attention its great importance demands. Therefore, be it resolved that in the opinion of this meeting it is urgent that there be a separate minister of mines, who will be free to give his department the attention essential to the greater development of our mineral resources and best interests generally of the mining industry of Canada.

Correspondence

Editor Miner: Will you please allow me through your newspaper, which goes everywhere, sic itur ad astra *, to give my humble thanks to the Fairies who inspired the Spooks to build a Totem Pole last night at the door of my hut in your town.

It does not matter that, so far as the mists of an All Saints morning at Hazelton allow the pole to be seen, the pole bears some fancied resemblance to a Barber's Pole, it is not; it is the South Pole brought to Hazelton by the Fairies, and if the supporting fanciful structure resembles cord-wood, that is the fancy of the Spooks, for the same is really the work woven by Fairies so silently and so deftly.

Perhaps the work was unfinished, perhaps the whistles and noise of the train, now passing by Hazelton for the first time, distracted Fairies and Spooks alike; but I this morning feel proud in the kind preference of the Fairies for rearing a Totem Pole at my door, and in leaving the Spooks to tie up the Donkey and the Mule, and the Pig and the Goat at the house-doors of other folk in the quaint town of Hazelton.

I feel sure that Fairies are ever shy people, but Sir let me assure them through you that I am, their most obedient Servant,

THE LAWYER.

1st Nov. 1912.

* Thus the journey lies to the Stars.

Local and District Notes

W. Wark, of Prince Rupert, was in town during the week.

T. W. Brewer is spending a short time in the coast cities, on business.

H. F. Glassey came in from the Copper River coal field early in the week.

Jack Carr, who has been spending a few days in town, returned to the Carr ranch on Thursday.

Lem Broughton, of the prominent Aldermere firm of Broughton & McNeil, was in town for Thanksgiving Day.

A fire alarm was sounded on Saturday evening, when a small blaze was discovered in the roof of Carr Bros.' cabin. The fire was extinguished with slight damage.

The Indians are apparently ready to accept the railway as a convenience. Dutch Cline tells of seeing a Kitwangak native riding his horse across the railway bridge at Skeena Crossing.

J. S. Cline returned the other day from a visit to the Kitwangak district. He reports great improvements in the agricultural areas of that vicinity. Michel Lauzon, one of the pioneers, has now a well-improved farm, three miles from the Skeena, and last season grew large crops of oats, roots and vegetables which would attract attention in any part of the province.

On Wednesday evening the quarterly meeting of the advisory board of the Hazelton Hospital was held at that institution. The report of the medical superintendent shows that the hospital is increasing in usefulness. During the last quarter 81 patients were admitted, being the largest number of admissions since the opening of the institution. The number of days treatment, 1831, also constitutes a record.

PROVINCIAL ELECTIONS ACT

SKEENA ELECTORAL DISTRICT

TAKE NOTICE that I have received objections in writing to the retention of the following names on the Register of Voters for the Skeena Electoral District on the grounds stated below:

AND TAKE NOTICE that at a Court of Revision to be held at the Court House, Prince Rupert, B. C., on the 18th day of November, 1912, at eleven o'clock in the forenoon, I shall hear and determine said objections, and unless such named persons or some other Provincial Voter on their behalf satisfies me that such objections are not well founded, I shall strike such names off the said Register.

J. H. McMULLIN,
Registrar of Voters.

Dated this 22nd day of October, 1912.

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for Wharf at Sand Spit Point, Moresby Island, B. C.," will be received at this office until 4.00 p. m., on Tuesday, November 5, 1912, for the construction of a Public Wharf at Sand Spit Point, Moresby Island, Queen Charlotte Group, B. C.

Plans, specification and form of contract can be seen and forms of tender obtained at this Department and at the offices of G. B. Hull, Esq., District Engineer, Prince Rupert, B. C., F. W. Aylmer, Esq., District Engineer, Chase, B. C., and on application to the Postmaster at Queen Charlotte City, B. C.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order
R. C. DESROCHERS,
Secretary.

Department of Public Works,
Ottawa, October 8, 1912.

Newspapers will not be paid for this advertisement if they insert it without authority from the Department.-27995.

WOULD ELIMINATE TURKEY IN EUROPE

Ambitious Balkan Nations Aim to Expel Enemy—Powers Hold Other Views.

Vancouver, Oct. 28:—A special to the Province from London says:

What is causing the powers the gravest anxiety is the overwhelming evidence that victorious Bulgaria and the other Balkan states are resolved to defy the Powers' joint policy of preserving Turkey-in-Europe. The Balkan allies mean nothing less than the expulsion of the Turk from Europe and the formation of one great Balkan Empire or, failing that, a powerful confederation which will defy aggression for any quarter.

This ideal is inspiring the Balkan people to almost incredible personal sacrifices. Not a scrap of this year's crop has been exported and Bulgarian grain and other exports are generally heavy. The whole has been maintained as a reserve. Of the foodstuffs of all kinds and of medicines of every kind the supply has been husbanded. In the same way nobody has hesitated to hand his goods over to the government in exchange for a vague promise to pay at some future time. The savings of people of Bulgaria and Servia in hard cash are similarly at the service of their respective governments. The factories are working day and night to produce leather goods, blankets and a hundred other things which the army will need to renew and no question of immediate repayment by the government is being raised.

Siege of Adrianople

Sofia, October 28:—Bulgarian forces, according to despatches received here tonight, captured the towns of Luluebergas and Demotica. It is stated that the Turks are erecting earthworks along the River Erkene, west of Eskibaba,

Bulgarian cavalry succeeded in cutting all communications between Adrianople and Constantinople and also between Adrianople and Macedonia.

The bridge over the Tchorlu River at Cherkesskoi has been destroyed by the Turkish soldiers.

Non-combatants are being permitted to pass through the allied armies' lines. The commander of the city was yesterday asked to surrender, but refused to do so. The Bulgarians are preparing to storm the city and if that is not successful to lay seige to it.

The second military train from Constantinople for the front with supplies fell into the hands of the Bulgarians.

Desperate Fighting

Vranya, Servia, Oct. 28:— An incident of the battle which resulted in the capture of Kumanova by the Servians indicates the desperate character of the conflict.

A company of Servian infantry charged the Turks with the bayonet and the hand to hand struggle developed into individual combats in which many soldiers dropped their rifles and drew knives, with which they hacked and slashed one another.

It is reported that in the Turkish ranks the words of command given by the officers were in German.

Katmai Again Active

Cordova, Alaska, Oct. 28: — Katmai volcano, which caused damage on the Alaska peninsula and the adjacent islands last June, is believed to be in violent eruption again, the mail steamer Dora having reported by wireless yesterday that she is anchored off Whale Island, unable to proceed further westward on her voyage to Dutch Harbor because of darkness caused by falling volcanic ash.

A Russian Mystery

London, Oct. 28: — Although the condition of the Czarevitch is reported as improved the mystery of the cause of his illness still remains a Russian court secret. Even the Russian demand for information has caused no lifting of the veil.

In connection with reports current that the boy's illness was really due to an attempt on his life, the Mail prints a Paris despatch in which it is stated that an attempted assassination took place on the royal yacht Standart and that Rear-Admiral Chagin, the commander of the vessel, committed suicide because he considered himself morally responsible for the injuries received by the prince.

Two members of the Toronto garrison were killed and thirty-nine injured in a collision when the troop train smashed into the C. P. R. Express at Streetsville. The garrison had been out to a Thanksgiving Day sham battle and were returning home from the maneouvers when the trains collided.

Local News Notes

Walter Noel is in Prince Rupert this week.

G. J. Donovan, of Seattle, was among Wednesday's arrivals.

Fred Flynn, of Vancouver, representing Bradstreets', is in town this week.

The Harris Mines sled road has been connected with the Nine-Mile wagon road.

James Tate and H. J. Jeppeson, of Dawson, are among the week's visitors to Hazelton.

The usual Hallowe'en pranks were played on Thursday night by the fun-loving youngsters of the town.

J. A. Edwards, representative of W. J. McMillan & Co., of Prince Rupert, left on Thursday for a visit to the coast.

Jack McKendrick and Fred Collins have returned from Babine, where they acted as fishery officers during the summer.

The compressor plant which is being installed on the Silver Standard will be ready for operation in the course of a few days.

Many friends of Mrs. W. H. Burken, who has been rather seriously ill, will be glad to know that her condition is much improved.

A well-attended and successful dance was held in the auditorium after the Thanksgiving concert, under the auspices of the rifle association.

Boyd C. Affleck has been engaged for several days in a topographical survey of the Mission Point lands of the Methodist Mission society.

The police continue to make life a burden for blind piggers. On Tuesday E. J. Conner, of New Hazelton, was fined $300 and costs for illegal liquor selling.

Chief Constable Wynn has gone to the coast for a few days. He took with him Fred Wilson, who was sentenced to six months in New Westminster jail for vagrancy.

The Interior Lumber Company is removing its sawmill to a point about a mile and a half north of the present location. Near the new site the company has a supply of excellent timber.

E. J. Barnes, of Seattle, who was here a couple of weeks ago, has returned from the Sound city to look over some of the mineral showings of the district. On Thursday he visited the American Boy.

Relatives are inquiring for intelligence of John W. Ferguson, who was engaged in mining in this district, and who lost the sight of one eye as the result of an accident. The Miner will be glad to forward any information to the family of the missing man.

Early on Sunday morning Ed Kohse discovered a fire in the pig pens south of town. Harry Webber and the Ingineca section of the fire brigade quickly extinguished the blaze, without great damage. Cinders raked from the heater had started the fire.

The "Hottest" Stoves in town at Sargent's Store.

Spring chickens for sale, price $1.50 each. Apply E. H. Hicks Beach.

For sale: 5-gallon Coffee Urn, brand new, never unpacked. Apply Miner office.

Lloyd Affleck, brother of Boyd C. Affleck, manager of the Hazelton office of Green Bros., Burden & Co., having been successful in the recent examination for provincial land surveyors, will shortly come to Hazelton as a member of the company's local staff.

SHERWIN WILLIAMS PAINTS & VARNISHES

An appeal to the pride of the owner of a home

Everyone who owns a home is anxious that that home shall make the best appearance possible. Two things are necessary to produce satisfactory results in painting and varnishing a home:

First—A satisfactory color scheme.

Second—Paints, varnishes, stains and enamels of such good quality that they not only give the exact color effect required, but are sufficiently durable to keep up the attractive appearance of the house in spite of the wear and tear of living in it.

These are offered by the *Sherwin-Williams Paints and Varnishes.* The Sherwin-Williams Co. not only make every kind of paint and varnish used for a house and the best quality of that kind, but they make suggestions for the selection of colors, varnishes, stains and enamels, so that any given idea can be carried out, and carried out with the best materials.

You should see to it that when you buy paints and varnishes for your house, or any part of it, or when you give an order to your painter for any painting and varnishing you want done, that Sherwin-Williams Paints and Varnishes are purchased.

In large work it is always best to have a practical painter; but there are many little things about the house that you can readily finish yourself by using Sherwin-Williams ready-to-apply paints.

Come in and have a little paint talk with us. Now is the time to "brighten up" your home for the long winter months. We can tell you the best product to use for any purpose you may have in mind and secure complete finishing specifications for you from The Sherwin-Williams Co., if you desire them, for special work. Our line of Sherwin-Williams Products is complete and we are in a position to take the best care of your paint and varnish requirements.

FURNITURE

and Furnishings

We carry a complete stock of Furniture, everything required to furnish a home. Neat attractive lines that are in keeping with the requirements of the community.

Prepare Early for the Comforts of Your Home for the long winter.
