DUBLIN MAKES LOYAL RESPONSE TO ROYAL VISIT

SIX MEN DROWNED FROM STEAMER SANTA ROSA

Sister Vessel from the Same Line as the Ill-fated Spokane is Wrecked at Point Arguello—Twenty Passengers are Reported Missing

(Canadian Press Despatch)

Surf, California, July 7.—Disastrous loss of life has attended the wreck of the steamer Santa Rosa of the Pacific Coast Company's fleet which went ashore at Point Arguello near here late last night. The vessel had two hundred passengers on board and great excitement followed the striking of the vessel owing to the high seas and heavy surf that was running.

The passengers were all placed in boats and taken ashore. Several boat loads landed safely, but when the lifeboat containing the balance of the crew was being landed she capsized. The second officer, and five seamen were drowned.

May be More Lost

A roll call of the passengers shows that several—variously reported as between the three and twenty—are missing. It is hoped that these are a boat crew that may be picked up by some vessel, but owing to the heavy surf, it is feared lest it might have shared the fate of the lifeboat.

The steamer Santa Rosa, is one of the same fleet as the Spokane which was wrecked last week at Seymour Narrows, British Columbia, with slight loss of life.

Government Agent J. H. McMullin returned this morning by the S.S. Prince George. He was accompanied by the Provincial Superintendent of Public Works, Mr. Griffiths who will pay a visit of inspection to the Government Dock.

BOYS GET BUSY LIVE BASEBALL

New and Formidable Indoor Team Forming. The "Quill-drivers" Will go to It.

Owing to the enthusiasm excited amongst all the red-blooded young men in town by the intense rivalry between the existing indoor baseball teams in the city, and the steps now taken for the formation of an indoor baseball league, some of the business office men in town have got together to form a baseball team which will knock spots off anything that has ever happened yet in this line in Prince Rupert.

Already the boys have chosen for their team the forcible and effective title of "The Qulil Drivers." All the arrangements for the organization are not quite complete yet, and the promoters of the team would be glad to see as big an attendance of the young office men in the city as possible at a meeting in the city hall on Tuesday night. The Mayor will preside and the object of the meeting is the formation of one, two, or more live indoor baseball teams to help along the league, and lead up to the establishment of an outdoor baseball league as soon as possible.

We have a High Tan Mountain Boot, just the thing for up river.—Scott, Froud & Co.

DARING AVIATOR MEETS ACCIDENT

Hans Ritcher, the Flying Dutchman, Collided with the Grand Stand at Toronto Island Last Night.

(Canadian Press Despatch)

Toronto, July 8.—Aviator Hans Richter, known as the Flying Dutchman, was severely injured last night while attempting a flight at Toronto Island. Richter had only risen a few feet when his machine dashed into the grand stand and was completely demolished against the steel and concrete structure.

Richter's two legs were broken, and he received painful internal injuries. He is not expected to survive.

SIX THOUSAND DOLLAR AMBULANCE: NOT RUPERT'S

Vancouver's Pardonable Pride in Offering Prince Rupert Assistance in Selecting an Ambulance—Provincial Government Grant $379.80

In kindly offering advice and assistance in regard to the purchasing of an ambulance for Prince Rupert General Hospital the Supereiendent of the Vancouver Hospital must have had considerable satisfaction in being able to tell our Hospital Board that Vancouver has a $6000 "Hope Hanford" auto ambulance, the finest in Canada. It is driven by a 40 to 55 H. P. engines, and has the newest patent sliding bottom which enables a couple of men to handle an injured one easily and comfortably. The Vancouver Hospital Superintendent strongly recommended that this device which is known as the "Bellevue Hospital" arrangement should be obtained in the Prince Rupert ambulance if possible. Prices of electric ambulances, he explained, were high and the type was not always efficient. Names of firms supplying horse and auto ambulances were mentioned by the superintendent for the convenience of the executive committee of the Prince Rupert Hospital Board who have the matter in hand still.

Provincial Govt. Grant

The sum of $379.80 has been received as the first Provincial Government quarterly grant estimated at a rate per patient. This sum is smaller than had been hoped for, but the reason given for this is that the grant was calculated over a period when there were but few patients in the hospital, including the month of February and March this year. The second Government grant is now about due, and will be considerably larger. The rates upon which this grant is estimated are $1 per day for the first thousand patients treated, 70 cents for the next 1500, 60 cents for the next 2500, and so on to a minimum of 40 cents per day.

It is to be made clear to the city council that in consideration of the city's $5000 grant to the hospital, indigent patients sent in by the city will be treated free of charge. This is the matter which the city council wanted mentioned in the letter of thanks for the $5000 grant. A special letter covering the point will be sent to the city clerk.

Amongst various minor matters brought up at the meeting of the Hospital Board held yesterday afternoon at the General Hospital, were communications from the Ladies' Auxiliary through Mrs. F. G. Dawson stating that no more linen can be sent in from this generous body for a little while, also a letter from Director Cohen and Son offering a second hand safe. The printing of the Association By-laws is proceeding.

Will Furnish a Ward

Mention was made by Mr. D. G. Stewart, the president of the Hospital Board, that Mr. George Tite has generously offered to furnish a ward in the feminine department of the hospital. The ward one of the private ones, is to be equipped in the very best and most up-to-date style, and the fitting of the furnishings will be begun as soon as a girl patient who has been seriously ill in the ward chosen, has recovered.

WILL DRIVE BIG TUNNEL NEAR MILE FORTY-FOUR

Grand Trunk Pacific Awards Contract to Messrs. Foley, Welch and Stewart to Tunnel the Mountain for 1500 Feet Where the Snowslides Occurred Last Year---To Start Work at Once and Guarantee Absolute Safety for Line

To prevent once and for all the difficulties caused last winter by the snow slide at Mile 44 it has been decided to drive a tunnel through the mountain side at this point. The contract for the work is let to Messrs. Foley, Welch & Stewart; the Grand Trunk engineering staff are working with all speed upon their part of the job; and General Superintendent Mehan is arranging right away to see that a strong enough force of men is engaged to ensure the completion of the work before this winter's heavy snowfall starts.

Extent of the Tunnel

About 1400 to 1600 feet is the length of the tunnel required to circumvent the stretch of line endangered by the snow slide. The steel curves here round inside a shallow bend in the river bank, and the tunnel will be a curved one taking a deeper bite into the mountain side than the steel does at present. The line in present use will remain available for the train service at all times when there is no danger from snow slides. In the time of the heavy snowfall the Grand Trunk Pacific trains will run through the tunnel protected completely by solid rock far better than even the tremendously strong snow sheds which were planned for the troublesome stretch at Mile 44.

At present the exact cost of the work has not been estimated, but it may be certainly announced that the cost will not be the two million dollars some have suggested. The saving effected by the tunnel in cost of delay prevented, upkeep of special snow sheds, cost of coping with slides, etc., may well be called two millions. But Mr. D. McLeod of Messrs. Foley, Welch & Stewart did not consider the tunnelling of an odd quarter of a mile of mountain side anything to brag about. General Superintendent Mehan was able to state confidently that while the cost of the tunnel will certainly be more than that of putting up even the extra strong snow sheds specified for this stretch the extra outlay would be more than made up in extra safety of the route and saving in snowsheds and upkeep.

OTTAWA CREW DEFEATED AFTER A BRILLIANT RACE

In Almost Record Time the Two Crews Covered the Course for the Grand Challenge Cup at Henley

(Canadian Press Despatch)

Henley-on-Thames, July 8.—Before a crowd that lined the course and cheered the crews from end to end of the race, the Ottawa crew went down to defeat today in the race for the Grand Challenge Cup. But the race was a great contest, being a neck and neck effort all the way. It was won by less than a boat's length by Magdalen College, in within four seconds of the record for the course.

Won Last Year

The Magdalen eight carried off the Cup last year, and had an especially strong crew this year. Both crews had defeated strong rivals in the four preliminary heats, and great interest was felt at the meeting in the final. For most of the course the issue was in doubt and great excitement arose as the crews struggled without avail to pull away from each other. By a magnificent spurt near the end the Magdalen crew established thier victory. The time for the race 7 minutes 2 seconds, is within four seconds of the record for the course.

GREAT GAME ROYALS WON

Defeated Crescents Last Night at Indoor Baseball—Crowd of Fans in the Bleachers.

The score:
Royal Blue Ribbons 44.
Crescents 23.

With good grace the Crescents indoor baseball experts went down to defeat before the Royal Blue Ribbon team last nght. The final score is given above.

The game was played in the Auditorium Roller Rink and drew a big crowd of fans who came with a battery of megaphones. Ben Self was the chief booster for the Crescents and Corley for the Royals.

The winning team played remarkably good ball. In the last two innings the Crescents picked up 14 runs.

The line-up for the Royals was Miller, Shea, Embleton, Hannaford Ramsay, Carmichael, Crandall. The Crescents line-up was C. Rogers, Ives, A. Gray, Sidall, McGregor, Dolby, Devitt.

Messrs. Dunn and Pooler were umpires to the satisfaction of both teams.

Mayor Visits Stewart

The Mayor has gone to Stewart on business in connection with his duties as M. P. P. He left by the Camosun, and will return in time for council on Monday. Aldermen are whispering that there will be something doing in the city hall on Monday night.

TO ERECT TEN THOUSAND DOLLAR BLOCK

Contracts Let for Up-to-Date Offices and Stores on Second Ave.

Contracts were let today for a $10,000 block to be erected right away for Mr. David H. Hays on the commanding corner site owned by him on Second avenue and Second street. The plans provide for a handsome office, store, and residential building of two storeys and extra deep basement. W. L. Barker is the architect for the building. The excavation and cement work on the foundations will be done by Toni Christiansen, and the Coast Construction Company have the main work of the building to do.

Luxurious Residence

Offices and Mr. Hays' own residence will front on Second street. The offices are very roomy, and the residential portion of the building is planned luxuroiusly. There will be four bed-rooms, servant's room, bathroom, toilets, kitchen, pantry and spacious dining and living rooms opening into one another through an eight foot archway. Every fitting will be of the latest. Heating and lighting on modern plan, and an electric door opener will control the street entrance from above.

Large Stores on the Avenue

Two fine stores will occupy the frontage on Second avenue, and there will also be a commodious suite of offices and residential rooms suitable for a business man or doctor. These will be reached from Second avenue,a nd comprise well fitted rooms with modern equipment. For the business premises, lavatories, etc., will all be placed in the basement which is lit by daylight, and is lofty and spacious. Work will proceed at once on this block.

Tormented to Death

Life is too short to be worried with poor fitting shoes. Let us be your footwear advisers.—Scott, Froud & Co.

For rent after July 31st, basement in Helgerson Block now occupied by William Grant. Apply O. M. Helgerson, Ltd. tf

VETERAN JAILER IS DISMISSED

Robert Borland of Vancouver is Disciplined Following the Escape from the Jail of Three Prisoners This Week.

(Canadian Press Despatch)

Vancouver, July 8.—Robert Borland, a veteran jailer, and for many years a member of the Vancouver police force, was dismissed from the force today. The drastic action of the police commissioners followed an investigation into the escape from the jail of three prisoners last Wednesday.

Vancouver (Later).—The three prisoners who sawed their way out of the local jail last Wednesday morning, were re-captured this morning by the immigration officers, while trying to effect an entrance to the United States at Blaine, Washington.

DUBLIN SHOWS ITS LOYALTY TO THE KING AND QUEEN

When the Royal Yacht Anchored at Kingstown Last Evening, the Dublinites Cheered and Sang the National Anthem—Captured Irish Hearts

(Canadian Press Despatch)

Dublin, July 8.—The visit of the King and Queen to Dublin, immediately after their Coronation, has captured the hearts of the Irish people. When the Royal yacht with King Gorge, Queen Mary, the Prince of Wales and Princess Mary anchored in the Kingstown Harbor, outside Dublin last night, it was the signal for a tremendous outburst of spontaneous loyalty.

Sang National Anthem

On every available point along the breakwater, thousands of Dublinites crowded to see the sights. A great cheer went up as the vessel dropped her anchor in Irish waters. His Majesty at once went up on the bridge to acknowledge the cheers. As the Sailor King reached the bridge of his vessel the crowds of enthusiastic Dublinites broke out singing the National Anthem. The strain was taken up from one end of the breakwater to the other.

Today the Royal party will land, and drive through the city to Dublin Castle, where his Majesty will hold a reception.

Here You Are

For a well made suit Rudnick & Sweder Bros. are the people. Helgerson Block Basement, 6th Street.

Let Porcher Prosper!

While the prowess of Porcher Island as a producer of green vegetables, flowers, and fruit is being extolled, Mr. William Sims, who also ranches there and has a splendid garden, does not want it to be forgotten that Porcher Island can produce pretty little girls too. His little daughter Ellen Ann Sims, the first white baby born on Porcher Island is thriving. She can prattle now, and with a Scotch accent too which delights her parents who come of the hardy fisher race of the Fraserburgh coast of Old Scotland.

Radiant Rupert
(Toronto Globe)

Radiant Rupert is the name bestowed by the Empire on the Pacific terminal of the Grand Trunk system. For some time Prince Rupert had a reputation for excessive rainfall that gave joy to the paragraphers on the Press farther down the coast. Now the tables are turned, and Prince Rupert has had a long spell of sunshine, while fog and rain were frequent at Vancouver and Victoria. "Radiant Rupert" is good enough to stick.

"The newspaper, with the law, should assume the accused innocent until proven guilty; should be the friend, not the enemy of the general public; the defender, not the invader of private life and the assailant of personal character. It should be, as it were, a keeper of the public conscience."—Henry Watterson.

DAILY EDITION. SATURDAY, JULY 8

GEOLOGICAL SURVEYS IN THE DISTRICT

In his notable speech on reciprocity in the House of Commons, Sir Wilfrid Laurier, in his usually brilliant style poked some sardonic fun at Hon. George E. Foster. The member for North Toronto forgetting all his professorial economics, and his own arguments for reciprocity when he was a member of Sir. John Macdonald's Government, had urged upon the House the wisdom of "preserving our natural resources for our children and our children's children."

It was a palpably fallacious plea, since it is only by developing our natural resources that we make them of any value either to ourselves, our children or our children's children. Sir Wilfrid's satiric refutation of Mr. Foster's argument is worth preserving as an illustration of how to explode false economic theories with simple material easy to hand.

"The Indians were men after the heart of my hon. friend from North Toronto, they were noted for being great preservers of natural resources. They kept them not for themselves, but for their children and the children of their children. They never used them to any great extent. The territory they inhabited contained many minerals; but when our ancestors came here, they found the Indians using implements made of bone and stone. They never cultivated the soil; they lived on fish and game. They were in the midst of immense forests, but they never felled a tree to build a house. They lived beside the most noble streams in the world, but they did not use them to turn a wheel; They were people after the heart of my hon. friend from North Toronto."

Strongly contrasted to the Conservative idea of conserving wealth, is the work done during the year by the Department of Mines in its efforts to exploit the mineral wealth of Canada by giving reliable advance information to prospectors and investors as to the whereabouts and character of the mineral locations. In his own constituency and our own constituency of Comox-Atlin, the Minister of Mines has had several geological survey parties at work. There was Mr. D. D. Cairnes' party at work investigating the ore deposits in Atlin. This district for a decade has been known as a placer field. During the past season some very promising developments have taken place there in lode mining.

In the Stewart district Mr. R. G. McConnell's party was at work studying the geology and ore deposits at the head of the Portland Canal. This district had attracted phenomenal attention, owing to the "mountain of gold" stories that had been circulated. While promising deposits had been found, the department by sending out reliable despatches, averted a wild boom, and prevented injury being done to the district and the investing public.

Up in the Hazelton and upper Skeena district Mr. W. W. Leach has done valuable work during the season in the topographical and geological mapping of the district. The approach of the Grand Trunk Pacific has brought this district into great prominence, and promising discoveries of silver-lead, copper and coal have been made.

Independent and properly authenticated reports on the various properties and discoveries made, are contained in the reports of the departments of geologists, which form the strongest kind of testimony in support of bona-fide properties.

Expert opinion on the formation of the rocks over large areas is given—aiding the prospector in his choice of suitable territory in his search for mineral, while sometimes, as in the case of Mr. Camsell's discovery of diamonds in the peridotite of Olivine Mountain, the government geologists have become the pioneer prospectors in new mineral districts.

In devoting sums of money for investigation work in the mineral areas of Canada, the Government is doing a good work. Mining development follows on the heels of the economic geologist. Prince Rupert's hope for a government experimental smelter depends upon the use that is made of the opportunities to develop the mineral areas in the vicinity.

The cost of authorship of a Government blue book such as the recently issued report of the Geological Survey, is greater than that of the "six best sellers" put together. But it is work which has a great influence on the development of the country and the wealth and happiness of its inhabitants.

KITSUMKALUM HAS NOW A FARMERS INSTITUTE

Certificate of Incorporation Received, and New Society Starts Out With Enthusiasm—Strong Body of Officers Elected—F.K. Wishart Secy.

(Special Correspondence)

Kitsumkalum, July 4.—The long talked of "Farmers' Institute" was inaugurated in the church hall at this place Friday evening, June 30, 1911. Fair weather and a large turnout of the settlers put the new instutite on a good footing to start with.

Objects of Society

The meeting was called to order by the Rev. Thomas Marsh as chairman. Mr. Wishart, secretary pro tem, read the certificate of incorporation, which is issued from the Department of Agriculture. The charter defines the territory embraced by the Kitsumkalum Farmers' Institute, the boundaries of which take all territory tributory to the Skeena River and lying between Lorne Creek and Lakelse River including the Kitsumkalum and Lakelse valleys. He explained a few of the many advantages derived and concluded by congratulating the settlers in having an institution of such a beneficial nature in their midst.

Officers Elected

Election of officers for the ensuing year was then proceeded with. The act governing institutes calls for election of officers by ballot which passed off very smoothly. The candidates were very wisely chosen and will without a doubt give a satisfactory account of their stewardship. They comprise the following well known gentlemen: Rev. Thomas Marsh, president; S. C. Weeks, vice president; F. K. Wishart, secretary treasurer; H. L. Frank, H. M. McPherson, George Dover and Lee Bethurem, directors; H. M. McPherson, George Dover, auditors. F. K. Wishart, Delegate to Central Meeting.

Keenly Contested

The president, vice president, secretary and auditors were elected by acclamation. The Board of Directors was keenly contested and resulted in the selection of four hustling ranchers who are determined to make the Kitsumkalum Farmers Institute a credit and honor to the district over which it takes jurisdiction. They also are taking steps to have the institute housed in a building of its own at the earliest possible moment.

The Institute starts off with a membership of about fifty, and from the way applications are coming in it won't be long before the hundred mark is reached. The saving alone on powder to members clearing land is sufficient inducement to make every settler in the district a member. There are many other advantages quite as important without taking into account the social end. It is hoped to get nearly every rancher in the district into the Institute.

FOREST RESERVE IN THE ROCKIES

Dominion Government Takes Steps to Ensure Timber and Water Supply for Settlers.

The boundary of the Rocky Mountain Forest Reserve has now been located from the international boundary northward to a point due west of Lacombe. This was accomplished last summer (1910) by two parties sent out by the Dominion Forest Service. One of these, under Mr. G. H. Edgecombe, B.Sc., B.Sc.F., started at Calgary and worked southwards, while the other, under Mr. P. Z. Caverhill, B.Sc., worked northward from the same starting point. The full report of these gentlemen has just been published.

During the coming summer (1911) it is expected that the rest of the eastern boundary of the reserve will be located to its northern limit (about forty or fifty miles north of the latitude of Edmonton).

Object of the Reserve

The primary aim in preserving the forests of this area is to provide a supply of timber easily accessible to the dwellers on the prairie. But there are other things, scarcely, if at all, less important, to be attended to. To users of water for irrigation and for the generation of power it is important to have an even flow throughout the year, and the effect of forests along streams, and especially at their headquarters, in thus regulating stream-flow is well known. Moreover, in order to keep up the level of the water in the soil throughout the prairie regions the level of the rivers must be maintained, and the flow not allowed to decrease to a mere dribble in the summertime. In the maintaining of this volume of water in the rivers the forests have an important effect.

The Land Within the Reserve

In deciding as to what land to include in the reserve the chief question asked has been, "Is it suitable for farming?" If it is, the rule has been to leave it out; if not so suitable, to include it on the reserve. The altitude, or height above sea-level, has also been an important consideration.

Throughout all the territory reported on game was plentiful. Special mention is made of the bull, cut-throat and grey trout, among the fish, and, among the birds and animals, in their respective districts, duck, grouse and prairie chicken, deer, moose, elk and sheep and many kinds of fur bearing animals. Among the mineral resources of the areas are the coal beds, oil-fields (in the south) and quarries of building stone.

HER GOWN WAS HEAVY WITH WEIGHT OF JEWELS

Mrs. Whitelaw Reid, Wife of the U. S. Ambassador to England, Out-Rivalled All of the Duchess of Devonshire's Guests in Barbaric Display

MRS. WHITELAW REID

(Colonial Press Despatch)

London, July 7.—Mrs. Whitelaw Reid, the wife of the American Ambassador to the Court of St. James, outrivalled all the wealth and magnificence of fashionable Great Britain with the gown she wore at the recent Derby night party given by the Duchess of Devonshire. Mrs. Reid's collection of jewels is famous, and she appeared arrayed in a costume practically covered with them.

The gown was made of mother of pearl and crystal beads so closely worked together as to actaully form the material of the dress. The skirt was severely plain, but the sleeves and bodice were hung with deep, heavy fringes of srystals more than a foot long, and over this, on the corsage, was a network of pearls, besides her other jewels. The dress was so heavy that Mrs. Reid was completely fatigued at the close of the function. Mrs. Reid's private fortune is estimated at $30,000,000.

Land Registry Office

Re Lots 10, 64 and 171, Range 4, Coast District

Whereas proof of loss of Certificate of Title No. 15336c to the above named property, issued in the name of the Canadian Pacific Sulphite Company, Limited, has been filed in this office, notice is hereby given that I shall at the expiration of one month from the first publication hereof issue a duplicate of the said Certificate of Title unless in the meantime valid objection be made to me in writing.

Dated at the Land Registry Office at Prince Rupert, B.C., this 20th day of June, 1911.

WM. E. BURRITT,
District Registrar of Titles

Application for Charter for a Railroad

NOTICE IS HEREBY GIVEN that application will be made to the Parliament of Canada at the present session thereof, for an Act incorporating a Railway Company under the name of "The Pacific, Trans-Canada and Hudson Bay Railway Company," with power to lay out, construct and operate a line of railway from a point in the Province of Alberta, at or near the City of Edmonton, thence northerly by the most feasible route to, at, or near Athabasca Landing; thence northwesterly north-east of Lesser Slave Lake to Wabiska or Loon River; thence northerly to a point at or near the junction of the Loon River with the Peace River, or at a point near the junction of the Red River with the Peace River, below Fort Vermillion on the Peace River; thence northerly to Fort Smith on the Slave River: From a point on the said railroad near its crossing of the Wabiska River or the Loon River easterly to Fort McMurray on the Athabasca River; thence easterly along the Clearwater River and Churchill River through the Province of Saskatchewan to Fort Churchill or Fort Nelson on the Hudson Bay: From a point on said railroad near its crossing of the Wabiska or Loon River, westerly to Peace River crossing on the Peace River; thence westerly on the north side of the river through Laurier Pass to Prince Rupert or Portland Canal on the Pacific Coast in British Columbia; with power to construct and operate telegraph and telephone and cable lines for general public purposes; to carry on, construct, maintain and operate boats and ferries for the purposes of the railway and other purposes; to acquire and make use of lands, waterways, wharves, docks, dock-yards, slips, warehouses, elevators and other conveniences; and with power to enter into Agreements with other Companies.

SMITH & JOHNSTON
Solicitors for the Applicants

Dated at Ottawa this 21st day of June, A. D., 1911.

LOOKS LIKE FOOL AND HIS MONEY

Eighteen Year Old Youth Signs Away $150,000 Estate for $2,000.

(Canadian Press Despatch)

New York, July 7.—The proverb of a fool and money being soon parted was reviewed her today.

Asserting that he had been compelled to sign a note for $3,750 and assign his $150,000 interest in his father's estate, and in a policy for $5,000 insurance on his own life in order to borrow $2,200, Howard Caspery, an 18-year-old youth appealed to Supreme Court Justice Page for relief. The court issued an injunction restraining the "loan brokers" from interferring with the boy's property, pending the trial of a suit to have the whole agreement set aside.

According to Caspery's story, he was in desparate need some time ago of $1,800. He read an advertisement telling how easy it was to borrow, and went to the place. He was supplied with $2,200, of which he had to give back to the person who arranged the loan, $400 as commission, and gave up the security above mentioned.

Finding that he had signed away his entire fortune he brought action to have the note and assignments set aside.

INCREASE FOR RAILWAY MEN

C. P. R. Announce Ten Per Cent Increase and Nine Hour Day East of Port Arthur.

(Canadian Press Despatch)

Toronto, July 7.—The C. P. R. has announced today its intention to grant a ten per cent increase of wages and a nine hour day to all the men in its mechanical department east of Port Arthur to the Atlantic.

FIERCE RIOTS AT MANCHESTER

A Thousand Policemen Called Out—Swords were Used and Two Hundred People Injured.

(Canadian Press Despatch)

Manchester, England, July 7.—More than 2oo persons were injured here today in a desperate riot begun by striking teamsters and carmea. The riot was only begun by the striking teamsters and carmen. The riot was only checked by the arrival of a thousand policemen who were on hand and by the use of swords.

KITCHENER'S NEW POST

Goes to Egypt to Succeed Sir Alden Gorst the British Agent

(Canadian Press Despatch)

London, July 7.—The resignation of Sir Alden Gorst, the British Agent to Egypt, has been received and accepted by the Government. Lord Kitchener has been designated to succeed Sir Alden in the post.

The "Camosun" is the only steame on the run having water-tight bulkheads and double bottom, thus ensuring safety of passengers in case of collision or wreck.

J. H. Rogers, Ticket Agent.

ITEMS OF .. SPORT

Manager Mack, of the Athletics has signed Pitcher Long, the sensational twirler of the Lafayette Clooege team.

At the present time Ty Cobb is the "eight tons of gold plate" in baseball. Ty has the highest batting average, is the leading base-stealer and run-getter in the major leagues, and the first big leaguer to drive out 100 hits this season.

Ty Cobb by hitting safely in 31 successive hames has broken the record previously held by Hal Chase. The thirty-first his wat made in the game of June 20 against Cleveland, when he rapped a fluke home run which hit first base and bounded into the bleacher base and bounded into the bleachers for his only bungle of the game.

Four French fistic champions may visit America this fall. They are: Moreau, middleweight champion; Carpenter, welterweight champion; Eustache, lightweight champion, and De Poncheau, featherweight champion.

Ernie Murray, the dashing home fielder who was with Vancouver lacrosse team part of last season, and then went on strike along with the rest of the home brews, has signed a contract to play with the Westminsters for the rest of the season.

Mike Mitchell, the former Portland outfielder, may be made manager of Cincinnati. A report has it that Clarke Griffiths has been given until July 1st to put the Reds in winning form and, if he fails, the reins will be turned over to Captain Mitchell.

Hugh Duffy of Chicago professes to see another big league started soon. Nineteen thousand persons recently saw a game at Rochester and a big crowd was out at Toronto, and it is within the bounds of reason that another big bush circuit could be formed. The question is, however, in finding enough star players to go round.

SHERLOCK HOLMES

The Greatest Fiction Character of the Century Come to Life Again

A Great Chance

FOR

Daily .. News .. Readers

Sir Arthur Conan Doyle will write two new adventures of the famous detective for the Daily News.

The Daily News has joined a syndicate of leading newspapers of United States and Canada to induce Sir Arthur Conan Doyle the author of the famous Sherlock Holmes stories—the greatest detective stories ever written—to give to the world two more of his entrancing tales of the great detective's skill.

All arrangements are now completed, the stories are delivered, and at an early date to be mutually agreed upon, the stories will be printed. They are called:

The Adventure of the Devil's Foot

—AND—

The Adventure of the Red Circle

We have read these stories in the proof, and they are up to the high standard of skill that the earlier stories set. We can say no more.

The Daily News has secured the sole right of publication for the whole of Northern B. C. These stories can only be obtained in the DAILY NEWS.

They will appear in both the daily and weekly edition. They will start in a few days time.

The Queen's Coronation Dress

The above is the dress worn by Queen Mary at the Coronation, with the splendid ermine, velvet and gold train.

Made of ivory English satin in princess style, the beautiful decorations almost completely covering it, this dress was worthy of the occasion, both for beauty and magnificence.

The design shows the rose, shamrock and thistle in the form of a tree, tapering towards the waist and widening at the corsage. Around the bottom of the gown is a narrow border of oak leaves and acorns, and just above, lotus lilies. Prominently in the centre of the front of the skirt shows the Star of India, with its five points. A Tudor rose, with two large thistles, forms the principal decoration of the front of the bodice. The neck is embroidered with a small design of shamrocks.

The sleeves are embroidered with thistles and shamrocks, and the back of the bodice, though hidden by the train which falls from the shoulders, is also richly wrought in gold. The train is of royal purple velvet, lined with ermine and richly embroidered in gold.

The Queen will probably wear this robe at the Indian Durbar in December.

Best in the Province

Have you been to see Frizzell's Meat Market today on Third avenue? If not, it is worth a visit. A big consignment of fresh meat was received today. Frizzell has the best equipped meat market in Northern B. C.

Salvation Army

The usual services will take place at the Salvation Army tonight and Sunday. The Prince Rupert Orchestra will play at the Sunday night service. Special musical selections. Everybody cordially invited.

= THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

HANDSOME NEW MODEL

The model shown in the sketch exploiting the combination idea is extremely pleasing, and may be developed in any number of different materials and effects. In linen it would be most charming to use heavy linen lace for the skirt and upper part of the bodice, or if one fancies a change, striped linen could be employed in place of the lace. As shown in the sketch, foulard and lace dyed to match developed the costume. The edges are finished with silk ball fringe.

Potato Puff

Put 2 cups mashed potato into a saucepan. Add yolks of 2 eggs and 3 tablespoons cream, 1 tablespoon butter and teaspoon salt, stirring constantly over the fire until the potatoes are light and hot. Take from the fire and stir in carefully the beaten whites. Put in a buttered baking dish, and bake in a quick oven until brown.

Currant Buns

Mix 1 pint warmed milk, 1-2 cake yeast and 1 quart flour and let rise in a warm place for nearly three hours. Then add 1-2 cup butter rubbed to a cream with 1 cup powdered sugar and 1 beaten egg; then flour enough to make a soft dough, and a cup of floured currants. Knead quickly, let rise until very light, then make into quite small buns. Set close together on a buttered tin and let rise again. When very light, brush the tops with a little milk and sugar, and bake in a quick oven 15 or 20 minutes.

Gingerbread Pudding

Work together 2 dessertspoons butter and 2 tablespoons brown sugar, then add 1 beaten egg, 1 teaspoon ground ginger, 2 tablespoons golden syrup. Finally, add 1 small cup flour sifted with 1 teaspoon baking powder. Steam four hours. A good pudding to make on ironing day.

Lemon Pie

One cup sugar, 1 tablespoon butter, 1 egg, juice and rind of 1 lemon, 1 cup boiling water, 1 tablespoon cornstarch. Dissolve cornstarch in a little cold water, then stir it into the boiling water. Cream the butter and sugar and pour in. Let cool, then add the lemon juice, rind and beaten egg. Fill pies and bake.

MAGIC SPELLS

Fresh from Fashion's Fairyland

"Helen" pink is a new color.

Dotted foulard is all the rage.

Very new are the palm parasols.

Lace combined with net is much used.

Everywhere we see a bit of black satin.

Sailor collars are to be much in vogue.

Very elaborate blouses are made of fine net.

Buttons are very popular as coat trimmings.

Feathers are slowly coming back to the coiffure.

"Natural" linens are in greater demand than colors.

Skirts for girls are short and only moderate in width.

The Empire effect is now prevailing in girls' frocks.

Still veiled are the various parts of milady's costume.

Petticoats of net and marquisette are now very smart.

The clinging skirt with straight lines is still a favorite.

Silk and satin are introduced on many of the new coats.

Detachable trains are features of this year's bridal gowns.

The short evening skirt has had its day except for young girls.

DAINTY FABRICS

Etamine, Voile and Chiffon are Very Fashionable Now

The woman who does not like foulards will find that enormous amounts of etamine, voile and chiffon fabrics are being used for everything from street frocks to evening frocks, usually in combination with plain silk of some sort, while a very lovely sheer stuff known as satin voile meteore is much liked for dressy uses. It is a very sheer silk voile with a satin finish, often changeable in coloring, and anything lovelier in coloring and texture it would be hard to find. Delicate pink changing to lilac, blue melting into lavender, soft yellow changing to faint green, deeper harmonies of fuchsia pink and purple, king blue and green—these are some of the color schemes; and one may have the material, too, in one-tone tints of great variety.

AN INTERESTING TOPIC

Rev. W. H. McLeod Will Discuss Whether the Christian Minister is a Business Man.

"Is the Christian Minister a Business Man'?' will be the Rev. Warren H. McLeod's subject at the Baptist church tomorrow evening. Service commences at 7.30 o'clock. A number of citizens have questioned the right to enter and win the business man's race on July 1st. He will answer this question definitely on Sunday evening. Regular morning service at 11 a.m.

CHURCH DECREE ENDS IN TRAGEDY

In Dispute Over an Uncanonical Marriage, Reeve McRae of Cornwall, Shot Man Dead.

(Canadian Press Despatch)

Cornwall, July 8.—The ne temere degree, which makes an unsanctioned marriage between a Catholic and Protestant not recognisable at law, led to a tragedy here last night when James Shaw a drug clerk of Carp, was shot dead by Reeve McRae.

The wife of Dr. McRae who is a Catholic had left her husband since the publication of the decree, and would not return. Dr. McRae and Shaw went to the home of the wife's parents last night to try and induce her to return. A dispute ensued, and during the dispute, the woman's uncle, Reeve McRae, drew a gun and shot Shaw, who died shortly after. Reeve McRae is now under arrest charged with murder.

LETTER FRON GEORGE LEEK

Prince Rupert's Coronation Representative Visits His Old Home.

Duke of York's School, London., June 20.—I enclose you a post card showing a photograph of Lord Roberts inspecting our company in the grounds of the Duke of York's school. The officer accompanying him was my old colonel in the Grenadier Guards. It revived many old memories to see him again.

Since I last wrote I have had a two days' visit to my old home. I found my aged mother in good health, and very glad to see me after an absence of twenty years. I was glad to look on the old scenes again.

We had a church parade to St. Paul's Cathedral last Sunday. There was a big turnout of people along the line of march to see us. Captain Stork is in London and called to see us yesterday. He is looking well, and in his rounds met two men who were in his old regiment at Brantford.

I get the Prince Rupert News here, and it is always looked over with a great deal of interest by the men of the contingent. Hoping all is well with Prince Rupert,

Yours truly,
GEORGE LEEK

LOTS DOING ON RAIL AND WHARF

Business is Brisk on G. T. P. and with Construction Work and Increase of Traffic General Superintendent Mehan Has Little Leisure.

There is a fine rush of work on the Grand Trunk Pacific line nowadays. General Superintendent Mehan is kept busy looking after a thousand and one operations on foot each one of which is an indication of advance. Rapid progress is being made with the erection of the smaller snow sheds on the first 100 miles, and these will be ready in good time.

Lumber for the stations along the same stretch is arriving and with gangs of men at work from both ends of the first 100 miles General Superintendent Mehan plans to have the station buildings erected at all permanent sidings during the fall. Very rapid progress is being made with the last little stretch of ballasting on the line to Copper City, and the track adjacent to Prince Rupert will be in fine finished condition by the end of this month.

Passenger traffic is increasingly heavy on the newly opened line, and good traffic at the wharf and for up-river grows so fast that it is necessary to add another 100 feet to the No. 2. Freight Shed. Altogether the indications show that the opening of the 100 mile stretch has had a splendid effect on the prosperity of the waterfront and railway depot.

"THE PIONEER DRUGGIST"
Second Ave. Phone No. 82

Sealed Tenders addressed to the undersigned, and endorsed "Tender for Public Building, Chilliwack, B.C.," will be received at this office until 4.00 p.m. on Monday, July 24th, 1911, for the construction of a Public Building, Chilliwack, B.C.

Plans, specification and form of contract can be seen and forms of tender obtained at the office of Mr. Wm. Henderson, Resident Architect, Victoria B.C., at the Post Office, Chilliwack, B.C., and at this Department.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation, and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent. of the amount of the tender, which will be forfeited if the person tendering decline to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender be not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,
R. C. DESROCHERS,
Secretary

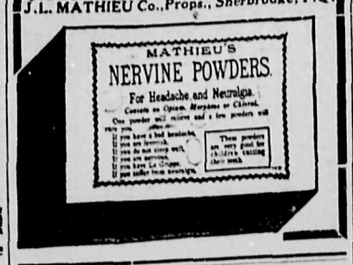
Department of Public Works,
Ottawa, June 29, 1911

Newspapers will not be paid for this advertisement if they insert it without authority from the Department. 152-154

Reilef Ship Ahoy!

Rumors of a riot over in Massett because of the famine caused by the non-appearance for over a fortnight of the good ship Prince Albert or any other G. T. P. steamer may be set down to the fertile imaginations of certain settlers over there who declare that they have been reduced to clams and conversation lozenges during the absence of the boats with supplies.

No More Insomnia—Immediate relief certain If your dealer does not keep them we will mail you a box (18 powders) on receipt of 25 cents. J.L. MATHIEU Co., Props., Sherbrooke, P.Q.



City Scavenging

Mr. J. G. Weston announces that he has commenced work for the city. All orders received at the

Office, 5th St. - Phone 42

OH YOU CIVIC SNIFF YACHT!

Pleasant Piece of Property Placed where Perfumed Presence Properly Perturbs Picnic Parties.

Protestations have been addressed to the civic authotiries that the new garbage scow, or civic sniff yacht, is making its perfumed presence felt almost musically down there by the railway grade where are situated the boat stages from which picnic parties embark. Sanitary Inspector Macfarlane, he of the indefatigable energy and not inappropriate nick-name (since he does do a lot to "doctor" doubtful aromas about town) has got busy on the job, but is much exercised in mind about what to do with the sniff yacht. The city's own promised piece of waterfront is like the happy land far, far away, and at present can be reached only by aeroplane. "Some thing will have to be done," say these afflicted by the incense breathing presence of the sniff yacht, and that right speedily or it will be all day with us." "Might as well fly the yellow flag and be done with it," remarked the hardy skipper of an approaching tub boat the other day as he held his sea-faring nose. The rumor that the civic sniff yacht is not as seaworthy nor as well caulked as it might be is not supported by the Sanitary Inspector who believes that if the spicy cargo can be kept under hatches, so to speak, by a properly air-tight cover, the nuisance may perhaps be abated.

IS A VICTIM OF ROYAL CUSTOMS

Duchess of Hohenburg, Beautiful but Unofficial Wife of the Heir to the Austrian Throne.

(Colonial Press Despatch)

London, July 7.—The uncertain health of Francis Joseph the aged Emperor of Austria, has raised discussion on the status of the Duchess of Hohenburg, the beautiful and accomplished wife of the Archduke Francis Ferdinand, heir to the Austrian throne.

THE DUCHESS OF HOHENBURG

Though by his romantic marriage, Ferdinand was able to make the lady a Duchess the customs of nations preclude her from being recognised as Empress when her husband comes to the throne of his fathers. Because she is not of royal blood her marriage to the Archduke ranks in court circles as a morganatic marriage. Of late years she has been received as a Duchess. She can never be acknolwedged as an Empress.
