THE GERMANS FAILED IN ALL ATTEMPTS ON VAUX

Report British Cabinet May Undergo Changes Next Week

Lord Montague May Now Be Made Director Of Air Service

Holland Resents Loss Of Tubantia By Being Torpedoed

Five Attempts Made By Germans On Vaux Were Frustrated

Paris, March 17.—Five successive attacks against the French positions at Vaux have been attempted by the Germans without success. The enemy, which was rolled back by the French curtains of fire, sustained fearful losses.

The first two attempts began early in the morning. After these were repulsed two more were attempted on the slopes of the hill on which the fort is situated.

The fifth was an attempt to debouch from the cross roads southeast of the village westeward to Pont au Mousson. We surprised the salient of the enemy's line in the Forest of Mortmare, killing a number of the Germans and capturing others.

Westward of the Meuse, in the region of Bethincourt, the bombardment has slackened. After a bloody attack yesterday the enemy has not renewed the attack upon Le Mort Homme.

THE SIXTEENTH IS ONE OF THE BEST

BRIGADIER - GENERAL CURRIE PRAISES BATTALION IN WHICH PRINCE RUPERT MEN ARE

He Says There Are None Others That Surpass Them.

The Sixteenth Battalion, now at the front, in which is Major Peck and nearly all the contingent he took from here is given unstinted praise. The Vancouver World in a special has the following:

"Lord Kitchener inspected us the other day, expressed his satisfaction, and asked me to tell the men that he was very pleased with their appearance and steadiness, and that he regarded them as capable of carrying out any commission he might assign to them."

These words of high praise were told me today by Brigadier-General A. W. Currie, of Victoria, commanding the 1st Division Canadians in the western theatre of war. General Currie is in London on leave. "I have a lot of interesting things to say to the people of British Colum-

(Continued on Page Three)

FRESH EGGS.

Alex. Holmburg, the returned soldier has a chicken ranch at Porcher Island. He is bringing over to Rupert a regular supply of strictly fresh eggs. They can be had at George P. McColl's Grocery Store.

This week's price is 40 cents per dozen.

His ranch is situated one and a-half miles from the beach, and the eggs are guaranteed entirely free from any suspicion of fishy taste. tf.

HAY SHEDS BURNED IN VANCOUVER WITH HEAVY LOSS

Vancouver, March 17.—The hay sheds of the Rupert, Ross Hay Company, on Main Street, were destroyed last night. The stock of 2,800 bales of hay and five carloads of straw made a spectacular blaze, the reflection of which was visible for miles. The loss is estimated at $10,000.

FRENCH MINISTER OF WAR HAS RESIGNED FROM ILL HEALTH

Paris, March 17.—General Gallieni, the French Minister of War, has resigned owing to ill-health, and will be succeeded by General Charles Roque. Gallieni, who was of advanced age, lost an arm during the Franco-Prussian war.

MRS. DAVIS SHOT AT KITWANGA

WIFE OF TELEGRAPH OPERATOR MET WITH ACCIDENT ACCORDING TO REPORT

She Was Formerly A Resident Of Port Essington.

Mrs. Davies, of Kitwangar, was fatally shot yesterday morning. She is the wife of the Dominion Government Telegraph operator there.

The details are not available, the word being brought in by passangers on the train last evening, who did not know all the details. When the gun was discharged the unfortunate woman is said to have been holding it.

Mrs. Davies formerly lived at Port Essington.

UNITED STATES TROOPS ARE NEARING VILLA AND HIS FORCES

Washington, March 17.—American troops under General Pershing are within a day's march of Villa's army. The clash is not expected to take place for several days yet.

The Wanderers' Club will hold its annual general meeting in its rooms, Federal Building, on Friday, March 24. The meeting will be held at 8 o'clock in the evening.

CAMOSUN HAULED OFF ROCKS SAFELY

AT MIDNIGHT LAST NIGHT SHE STEAMED INTO HARBOR AND TIED UP

Union Steamship Company's Vessel Is Very Little Damaged.

The Union Steamship Company's steamer Camosun was hauled off the rocks near Lima Point last night. About midnight, apparently none the worse for her prolonged stay on the rocks of Digby Island, she steamed into port under her own power and tied up at the G. T. P. wharf.

The Camosun is not taking water. Only her outer bottom is damaged. A few plates on the outer bottom have been ruined, but with the inner bottom unhurt she is in good shape.

The Salvor was used in hauling her off at high tide last night. It required quite a hard haul to loosen her and get her into deep water again. The plans for the future will be decided by the officials now.

BRAZIL HAS TAKEN OVER GERMAN SHIPS INTERNED

London, March 17.—Brazil has seized fourteen German ships which were interned at Rio de Janeiro.

M. M. Stephens Notary Public.

Holland Is Aroused Over Torpedoing Of Steamer Tubantia

The Hague, March 17.—The loss of the Tubantia, which in the opinion accredited to her captain, was sunk by a torpedo without warning, adds to the feeling of resentment aroused at the disaster. The Vaderland says, Germany may find herself in conflict with neutral states against her wishes.

The Tubantia was the newest and finest vessel sailing under the Dutch flag, and profound anger has been aroused in Holland over the torpedoing of her.

NICKEL WILL BE REQUIRED IN CANADA

THE INTERNATIONAL, IN RESPONSE TO DEMANDS OF ONTARIO, WILL ERECT PLANT

This Will Secure For Great Britain And For Canada All They Want.

In a reply made to Sir Robert Borden who has asked the International Nickel Company to establish a nickel refining plant in Canada, the company stated: "We will grant your request and erect in the Dominion at such point as seems in our judgment most economical for operation, a plant for the refining of nickel of such initital capacity as will secure to Great Britain and Canada within themselves the production of finished nickel to the extent of their requirements."

This is the direct result of the action of the Provincial Mining Department of Ontario, who have a commission investigating the nickel industry for the purpose of ascertaining if nickel cannot be refined in Ontario. The International Nickel Company anticipates the report and action of the Ontario Government.

CANADIAN LUMBER ONLY TO BE USED

IMPETUS GIVEN TO LUMBER TRADE BY DECISION OF GOVERNMENT AND RAILWAYS

The Canadian Product Will Be Made To Displace United States Lumber.

The decision of the various Dominion Government departments and of the Canadian Pacific Railway to use Canadian timber only, to the exclusion of imported timber, is a decided advantage in the utilization of Canadian timber and, therefore, marks a definite gain for the cause of conservation in Canada.

Southern pine, even in 1915, when Canada was at war and when there

(Continued on Page Two.)

ST. PATRICK'S DAY DULY HONORED

EXCELLENT ENTERTAINMENT GIVEN IN EMPRESS THEATRE LAST NIGHT

Programme, As Was To Be Expected, Savored Very Strongly Of Ireland.

The local Irish took occasion to honor the anniversary of St. Patrick's Day by a grand concert, given in the Empress Theatre. This day is always honored locally, and the date it was felt should not be allowed to go past without observing it.

Principal Brady acted as Chairman of the gathering, and contributed to the programme by rendering Marc Anthony's address over the body of Ceasar. Professor Zaleski rendered a piano selection and supplied the accompainment for many of the other numbers. Mrs. Armstrong, Mrs. Bay and Mrs. Wearmouth and Mr. Davis also acted as accompanists for different singers.

Mrs. J. H. McLeod and Miss Barnsley gave vocal selections which were very much enjoyed. Mrs. Bryant and Messrs. Edmunds and Duffy rendered a trio, using the guitar and mandolins.

H. Fletcher and G. Couture appeared in a duet. C. D. Jones contributed a solo and appeared in duetts with Mr. Clapperton. Private Brand contributed a solo and Billy McGuire was heard in comic selections.

A short address was given by Ald. Nelson, Acting Mayor, in the absence of Mayor McCaffery. The singing of "God Save the King" concluded an excellent programme.

Get your piano tuned by Harry C. Evans, pioneer piano tuner and player expert. Leave orders at Bulger & Denike's, (Wark's) jewelry store. tf.

Changes May Be Made In The British Cabinet According To Report

London, March 17.—It is understood that important British Cabinet changes will take place next week.

The visit of Premier Hughes, of Australia, in the midst of the disturbed political situation here has proved a veritable bombshell, so direct has been its effect.

The Premier was really embarassed during a heated debate in the Commons over army estimates and recruiting. The Government majority dwindled to six.

DIRECTOR OF AIR SERVICES

New York, March 17.—The London correspondent of the Herald has been informed that Lord Montague will be appointed director of air services.

PARCEL POST SALE WAS A GRAND SUCCESS

The Number Of Parcels Proved Far Too Small To Meet Demand.

The sale conducted at the Red Cross Rooms yesterday, of Parcel Post packages, proved a great success. The preparations made for the event were all carried out with one exception. This was the supply of parcels. While there were well on to eight hundred parcels, these proved altogether too few and they were well all sold before the place was open an hour. Later comers had to be turned away. There was $201.25 realized by the sale.

Mrs. W. C. C. Mehan, at whose suggestion the sale was put on, wishes to thank all who did so nobly in connection with the sale and made it such a decided success. This includes the ladies who assisted in the work as well as those who contributed by giving parcels, and those who bought them. She also wishes to thank the press for the advertising given the event.

While Mrs. Mehan is thanking all who aided, there is general praise about the city for what Mrs. Mehan herself has done for the Red Cross in this Parcel Post Sale. The ladies concerned readily accord to her the fullest credit for the carrying out to a successful completion this sale.

CANADIAN LUMBER.

(Continued from Page One.)

was a great decrease in the consumption of lumber, was imported to the extent of 95,000,000 feet, having a value of over $3,000,000. In previous years, very much larger quantities were imported despite an adverse trade balance for Canada and in the face of a supply in Canada of better timber at an equal or lower cost, grown and manufactured entirely within the Dominion.

The Dominion Government has in past years used many million feet of Southern pine in various public works, but henceforth Canadian timber will be used to the exclusion of the foreign article. Douglas fir will replace Southern pine in such works as Quebec and Montreal harbor improvements and Hudson Bay terminals. Douglas fir has been used entirely in the Toronto Harbor works, as a clause was inserted in that contract calling for Canadian material. The action of Baron Shaughnessy in ruling that Canadian timber only shall be used in works of the Canadian Pacific Railway shows that large private users are also finding it consistent with present conditions to use Canadian products. Other consumers throughout Eastern Canada, large and small, will follow the lead of the two largest users. Architectural and engineering professions also are rapidly replacing Southern pine by Douglas fir and the imported woods by the home grown product.

LAND ACT.

TAKE NOTICE that I, Miles MacInnis, of Anyox, B. C., occupation merchant, intend to apply for permission to purchase the following described land: Commencing at a post planted about 1,500 feet distant in a southeast direction from the shore of an unnamed lake situated near the summit of the divide between the head of Alice Arm and the Naas River, being about sixteen miles in an easterly direction from the head of Alice Arm, Cassiar District, B. C. Thence south 80 chains, thence west 80 chains, thence north 80 chains, thence east 80 chains to the point of commencement, and containing 640 acres, more or less.

PRINCE RUPERT ASTONISHED BY SIMPLE MIXTURE

Prince Rupert people are astonished at the INSTANT action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. ONE SPOONFUL removes such surprising foul matter it relieves almost ANY CASE constipation, sour stomach or gas. Because Adler-i-ka acts on BOTH lower and upper bowel, a few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. C. H. Orme, Pioneer Druggist. g-4.

J. FRED RITCHIE,
w-f-9. Agent.

SYNOPSIS OF COAL MINING REGULATIONS.

Coal mining rights of the Dominion in Manitoba, Saskatchewan and Alberta, the Yukon Territory, the Northwest Territories and a portion of the Province of British Columbia, may be leased for a term of twenty-one years at an annual rental of $1 per acre. Not more than 2,560 acres will be leased to one applicant.

Applications for a lease must be made by the applicant in person to the Agent or Sub-Agent of the district in which the rights applied for are situated.

In surveyed territory the land must be described by sections, or legal subdivisions of sections, and in unsurveyed territory the tract applied for shall be staked out by the applicant himself.

Each application must be accompanied by a fee of $5, which will be refunded if the rights applied for are not available, but not otherwise. A royalty shall be paid on the merchantable output of the mine at the rate of five cents per ton.

The person operating the mine shall furnish the Agent with sworn returns accounting for the full quantity of merchantable coal mined and pay the royalty thereon. If the coal mining rights are not being operated, such returns should be furnished at least once a year.

The lease will include the coal mining rights only; but the lessee may be permitted to purchase whatever available surface rights may be considered necessary for the working of the mine at the rate of $10 per acre.

For full information application should be made to the Secretary of the Department of the Interior, Ottawa, or to any Agent or Sub-Agent of Dominion Lands.

W. W. CORY,
Deputy Minister of the Interior

LAND REGISTRY ACT.

Notice Under Section 36.

TAKE NOTICE that an application has been made to register Mitchell Albert, of Prince Rupert, B. C., as the owner in Fee-simple, under two Tax Sale Deeds from the Collector of the City of Prince Rupert, to Mitchell Albert, bearing date the 10th and 15th day of September, A. D., 1915, in pursuance of a Tax Sale held by said Municipality on or about the 9th day of September, 1914, of all and singular certain parcel or tract of land and premises situate, lying, and being in the City of Prince Rupert, in the Province of British Columbia, more particularly known and described as: Lots One (1) and Two (2), Block Forty-five (45), Section Seven (7), and Lot Thirty-eight (38), Block One (1), Section Eight (8), Map 923.

You and those claiming through or under you, and all persons claiming any interest in the said land by descent whose title is not registered under the provisions of the "Land Registry Act" are required to contest the claim of the tax purchaser within forty-five days of the service of this notice upon you. Otherwise you and each of you will be for ever estopped and debarred from setting up any claim to or in respect of the said land, and I shall register the said Mitchell Albert as owner in fee.

Your attention is called to section 36 of the "Land Registry Act" and amendments, and especially to the following extract therefrom which relates to the above notice:—

"And in default of a cavet or certificate of lis pendens being filed before the registration as owner of the persons entitled under such tax sale, all persons so served with notice, or served with notice under subsection (6) of section 155 of the "Municipal Clauses Act, 1906," or section 293 of the "Municipal Act," or section 139 of the "Assessment Act, 1903," or section 253 of the "Taxation Act," in cases in which notice under this Act is dispensed with as hereinafter provided, and those claiming through or under them, and all persons claiming any interest in the land by virtue of any unregistered instrument, and all persons claiming any interest in the land by descent whose title is not registered under the provisions of this Act, shall be for ever estopped and debarred from setting up any claim to or in respect of the land so sold for taxes."

Dated at the Land Registry Office, at the City of Prince Rupert, Province of British Columbia, this 3rd day of January, A. D., 1916.

H. F. MacLEOD,
District Registrar.

To Celia Chesterfield, John Hagaman, Fred Kuyath. f-19-1-m.

YOUR KING AND COUNTRY NEED YOU

51 Recruits Wanted For 102nd Overseas Battalion C. E. F.

Training Camp Now Opened At Prince Rupert, B.C.

WHEN A MAN IS THINKINGOF ENLISTING, THERE ARE FIVE QUESTIONS THAT HE WANTS ANSWERED. THEY ARE:

How Long Am I To Serve?

Until the end of the war and six months after, if required.

What Pay Shall I Receive?

Your pay as a private will be $1.00 per day and 10 cents field allowance. Besides this you will be clothed, equipped and subsisted by the Government.

What Will My Wife Receive During My Absence?

Every month there will be paid her a separate allowance of $20.00 (also a part of your pay), and if this be not enough to comfortably maintain your family, the Canadian Patriotic Fund will further assist them.

What Will Happen If I Am Wounded Or Sick?

You will be cared for by the Government and your pay continued until you are discharged. If you are permanently disabled, an allowance will be paid you, varying according to the extent of the injury or disability.

What Will Be Done For My Wife And Children If I Die On Active Service?

The Government will provide an adequate pension, that will enable the family to live comfortably until the children are old enough to look after themselves. The widowed mother of a single man, if the son be her sole support, is treated in the same way as a wife.

IF YOU WISH FOR FURTHER INFORMATION ASK THE SECRETARY OF THE BRANCH OF THE CANADIAN PATRIOTIC FUND IN YOUR TOWN.

Apply Headquarters Prince Rupert Company, 102nd Battalion, 3rd Ave.

STRANGE THEORY AS TO FORCES

IT IS SUGGESTED THAT GERMANS MAY AT TIMES PUT OUT RUSE

The Vast Armies May Embrace Dummies Prepared In Labratories.

The New York Times in a recent issue says:

From a source open, perhaps, to suspicion of harboring sympathy for the Allies rather than for their enemies—even of lacking in that sweetly smiling, sweetly speaking neutrality which is so much admired by those who like it—comes a suggestion that probably would be most safely characterized as important if true. At any rate, the suggestion has a certain interest, and, besides, it betrays a slavish mind always to be asking for accuracy and affidavits. For what the thing may be worth, therefore, here it is:

Many have been mystified by the fact that Germany, in spite of her constant and enormous losses of men in a war that has already lasted well along into its second year, is still sending to the front armies of undiminished size. Is it not possible, even a probable, explanation of her seeming ability to destroy soldiers and still to have them, that is indeed only seeming—that in reality many of the German troops now in the field are not even of the ordinary sort and origin, but the synthetic products of great laboratories, working day and night with that scientific efficiency for which the Germans are famous? The more this theory is considered the more plausible it will become to the disinterested critic.

Without going so far as to admit quite, that enough of consideration would change plausibility into conviction, one can yet confess that this explanation of Germany's astonishing power to suffer prolonged attrition without visible loss has some evidence and argument to support it. The idea of artificial men is no new one in that country, as everybody knows who has read "Faust" and remembers the homunculus in the bottle. And the Germans have done many things in synthetic chemistry which, if not as wonderful as would be the making of men in a factory, yet inspire caution about denying that they have accomplished even this culminating triumph. Moreover, we have learned from the presumably veracious biography of Frankenstein what sort of men those who were thus manufactured would be, and—well, there are the reports of the English, French and Belgian Commissions, and in several respects the way in which German regiments are sent against cannon and rifle fire, and the way they go when sent, do hint a confirmatory departure from normal humanity.

THE SIXTEENTH.

(Continued from Page One.)

bia, and I hope, some time, to say them," said the General.

"In regard to the men from Vancouver, I don't say, mind you," said General Currie, "that they are the best, but I do say that there are no better battalions than the 7th and the 16th. There is one thing that the people of Vancouver may not know, and that is that Lieut.-Col. Odlum was one of the first in the whole army to put on one of those 'cuttingout' expeditions. His orders and plans of attack have been printed and circulated among the French army to serve as a model. No higher praise could be paid to Colonel Odlum, or to the Canadian Division, than that. Colonel Odlum enjoys a very high reputation in the army and is one of the officers likely to be selected for a brigade command.

"The health of all the troops is excellent," continued General Currie; "so is the discipline, and so is their spirit. Last winter we had a deal of 'trench foot' to contend with; but this year we have beaten it off. I don't think that this year we have had half a dozen cases in the whole of the division.

"I attribute the alteration," went on General Currie, "to the men having a dry pair of socks each day. The officers are responsible for the men using anti-frostbite, and for their putting on dry socks daily, and they see to it that these things are done. The results are splendid. We now regard 'trench foot' as significant of bad discipline. As a further preventive the men in the trenches all have rubber boots.

"Althogether the whole division was never more efficient as a fighting unit than it is today. We are, day by day, teaching the Germans that 'No Man's Land'—the space between their trenches and ours—belongs to the Canadians. We have, of course, to fight for it every day."

General Currie was rather pressed for time; but he was not in so much of a hurry but what he could express his appreciation of what the Dominions had done in the way of providing "comforts" for the troops in the shape of field hospitals and ambulances, which, said the General, were "splendid."

In speaking very highly of the 16th Battalion (Canadian Scottish), General Currie mentioned that Major Godson-Godson, D. S. O., is now camp commandant at the Canadian corps headquarters in France. "Major Godson-Goason is a very brave soldier," said the General.

When General Currie went to France he commanded the 2nd Brigade, consisting of the 5th (Saskatchewan and British Columbia), 7th (1st B. C. Regiment), 8th (Winnipeg), and 10th (Calgary and Winnipeg) battalions. He is now in command of the 1st Division, made up of the 1st, 2nd, 3rd and 4th Battalions, comprising the 1st Brigade, commanded by Brigadier-General Hughes; the 5th, 7th, 8th and 10th Battalions, comprising the 2nd Brigade, commanded by Brigadier-General Lipsett, C. M. G.; and the 13th, 14th, 15th and 16th Battalions, comprising the 3rd Brigade, commanded by Brigadier-General R. G. Edwards Leckie, C. M. G.

General Currie stands 6 feet 3 ins. He says he is getting in the habit of stooping, a habit he discourages, but one he, nevertheless, it is easily understood, finds it advantageous to adopt when in the trenches. He is of opinion that when the war is over few, if any of the Canadians, will ever want to see Flanders again."

Open Wednesdays and Saturdays until 9 p.m. M. M. Stephens.

SPRUCE LOGS WANTED.

Wanted large quantity Spruce logs, of good size, and scaling at least 30 per cent. No. 1. Write particulars as to price, quality and earliest delivery to C. P. Coles & Co., Vancouver. tf

WATER NOTICE.

TAKE NOTICE that THE SURF INLET POWER COMPANY, LIMITED, will apply by Petition to the Minister for the approval of the undertaking of its works and that such Petition will be heard in the office of the Board on a date to be fixed by the Comptroller and that any person may file an objection thereto in the office of the Comptroller or of the Recorder of the Distirct.

The name and address of the applicant is THE SURF INLET POWER COMPANY, LIMITED, having its Head Office at 1,001 Rogers Building, Vancouver, B. C. The Water Recorder's office in which this notice is to be filed is at the Court House, Prince Rupert, B. C. The name of the lake from which the water is to be taken is Cougar Lake, Princess Royal Island.

The quantity of water applied for is ten thousand inches or sixteen thousand cubic feet per minute. The proposed point of diversion is at a point at the outlet of Cougar Lake, and it is to be returned at a point at sea level on Surf Inlet, and will be used for developing power and electric energy to be used within a radius of ten (10) miles of the works on Princess Royal Island.

A copy of this notice was posted on the ground on the 24th day of February, A. D., 1916.

Dated at Vancouver, B. C. this 24th day of February, A. D., 1916.

MANY IN PRINCE RUPERT TRY SIMPLE MIXTURE

Many Prince Rupert people are surprised at the QUICK action of simple buckthorn bark, glycerine, etc., as mixed in Adler-i-ka. This simple remedy acts on BOTH upper and lower bowel, removing such surprising foul matter that ONE SPOONFUL relieves almost ANY CASE constipation, sour stomach or gas. A few doses often relieve or prevent appendicitis. A short treatment helps chronic stomach trouble. The INSTANT, easy action of Adler-i-ka is astonishing. C. H. Orme, Pioneer Druggist. g-6.

Eye Troubles Corrected

Mr. Bulger has had over ten years experience in sight testing and fitting glasses, and last mid-summer took a post graduate course, which included the latest discoveries in the science of optometry or eye measuring. One of the most important is dynamic skiametry. The new method of Prof. A. J. Cross, of New York, in which the eye is measured by a beam of reflected light and any error is recorded.

But we do not simply rely on one method; each eye is tested separately, in three different ways, besides trying the muscular balance, together and the nervous acuteness.

We use the new drugless methods, no drops in the eye and no heavy frame resting on your face; ours swings from the wall by a bracket.

MR. HARRY HANSON, Prince Rupert, B. C., April 9, 1914.

"The Reliable Plumber,"

Prince Rupert, B. C.,

I have great pleasure in certifying to the excellent hot water and heating system that you installed in our parsonage, and that after six months of operation through the winter months it has given every satisfaction.

The system heats a thirty gallon tank of water to boiling temperature in one hour after the fire has been started; it in no way interferes with the oven for baking purposes. In addition to this, the wall radiator which you placed in dining-room and connected with the range boiler has given us splendid satisfaction, supplying us with ample heating throughout the winter, saving us the cost of a stove and fuel.

I most heartily testify to the satisfaction and efficiency of your system and gladly recommend it.

Yours very truly,

(Signed) (Rev.) J. F. DIMMICK.
