THE ATLIN CLAIM.

VOL. 12. ATLIN, B. C., SATURDAY, JULY 8, 1905. NO. 312

TELEGRAPHIC.

Both Russians and Japanese Claim Small Victories.

MUTINEERS DEMANDED SUPPLIES.

Many Victims of the Glorious 4th—Floods in Mexico—Prize Fight at Dawson—Mining Engineers Met in Victoria.

[SPECIAL TO THE CLAIM.]

London, July 4.—An Odessa despatch says that the gunboat Kniaz Potemkin, which is commanded by a crew of mutineers, has been sighted 28 miles off that place hotly pursued by several torgedo boats.

St. Petersburg, July 4.—Admiral Kruger wired the war office today as follows: "The crew of the transport Prout mutinied when leaving Budrovo bay and killed several of their officers. I have placed her captain under arrest. The Prout arrived at Sevastopol this morning and her crew are now repenting."

Guanajato, Mexico, July 4.—The number of dead as the result of the recent floods in the immediate vicinity of this place now exceeds over 500. The property loss will amount to over a million and a half dollars.

St. Petersburg, July 4.—General Linevitch has wired the following despatch to the emperor: "On July 1st our forces assumed the offensive near Sanvaitse. At seven in the evening, after the artillery had prepared the way for an advance, our troops assulted the Japanese fortified positions and, after a bloody hand-to-hand struggle, dislodged the enemy and pursued them for more than three miles. A Japanese infantry battalion of fully one thousand strong was almost totally destroyed.

Victoria, July 4.—Premier McBride is at present on a stumping tour of the west coast of Vancouver Island. He intends going as far as Cape Scott.

Vancouver, July 5.—The City of Topeka will sail for Skagway on the 8th inst. in place of the City of Seattle, which boat is taking a large excursion party up the coast of Alaska.

Chicago, July 5.—Despatches received here from one hundred and fifty of the principal towns and cities of the United States gives a total of 36 people killed and 1,677 severely injured by the explosion of firecrackers, firearms and gunpowder on the glorious fourth.

Tokio, July 5.—Official despatches received here today from the headquarters of the Japanese army in Manchuria report that a large detachment of Cossacks engaged in reconnoitring have been compelled to retire, and that in one skirmish over 400 Russians and 90 Japanese had been killed.

Dawson, July 5.—Philadelphia Jack O'Brien and Jack Sullivan, of Boston, fought twenty terrific rounds to a draw before a crowded house in this city last night. It was the fastest, cleverest and hottest bout ever seen in the north.

Ottawa, July 6.—The tariff commission will leave for the Pacific coast shortly after the prorogation of parliament.

Theodosia, July 6.—The Kniaz Potemkin, the warship which was recently captured by her crew of mutineers, has arrived here and threatens to bombard the town if their demands for coal, provisions and medical attendance are not acceeded to.

Vancouver, B. C., 8.15 p.m., July 7.—Special to CLAIM—The meeting of the American Institute of Mining Engineers, which has just been concluded at Victoria, was a well attended and an exceedingly successful affair. Matters pertaining to all branches of the mining industry on the continent of America were thoroughly discussed and a general exchange of experiences and opinions on many subjects took place. The Atlin district, besides receiving special mention from Premier McBride in his address, was represented by the presence of Mr. Guillan, late of the Geological Survey, and also by J. H. Brownlee. The itinery, which had already been arranged, prevents the institute from visiting Atlin. Although ten thousand dollars has been subscribed for the entertainment of the members while in Dawson, the visit there will be of short duration. The general impression of British Columbia as a field for mining investment was most favorable. Everyone says that the Atlin district will get its share of the benifit to be derived by the country at large as a result of the meeting and tour of the institute within the province.

GENERAL WIRES.

Geo. Kuhn, postmaster at West Seattle, has absconded because he was short $3,000 in his accounts.

Jimmy Britt and Kid Sullivan will fight a twenty-round match at 136 pounds in San Francisco on July 21st.

John F. Wallace, chief engineer of the Panama canal, has resigned owing to disagreements with the canal board.

Lieut.-Gen. Grippenberg has been recalled from Manchuria for having disobeyed the orders of Kuropatkin, who has been appointed inspector-general of infantry.

Advices from Christiana state that war betwen Norway and Sweden is inevitable. It is even possible that the first blow has already fallen and that a declaration of war has been made. The armies of the two nations are facing each other on the frontier, within striking distance, and awaiting for the word that will cause the carnage to begin. Sweden has already voted a war fund of 25,000,000 crowns.

Mining Notes.

Mr. O. B. Perry left on Thursday for a three weeks trip to Dawson.

As shown by his clean-up last week Mr. F. H. Brackett's plant on the south bank of Pine has been doing good work.

Most of the freight for the dredge at Blue canyon and the steam shovel of the Northern Mines, Ltd., has been delivered to Spruce Creek.

Last week the two mining suits in the County Court, Nedved vs. Neidhardt and the Atlin District Prospecting Partnership vs. Canavan, were settled.

Mr. J. J. McLaren, a mining man of Dawson who came in on July 1st, has been inspecting several properties on McKee and other creeks and will leave for the north on Sunday's boat.

As the water on Spruce is dropping considerable the annual crop of water complications are liable to materialize shortly. We trust, however, that the Spruce Creek committee which has this matter in charge will be able to deal with it to the satisfaction of all parties.

Mr. Mead, president of the Engineer Mining Co., who has been in town for some days started for Skagway on Thursday's boat. He left instructions to have the claims held by his company surveyed and crown granted. Mr. McFarlane, C. E., who has the work in hand, will leave for Taku Arm tomorrow night.

From the Recording Office.

During the past ten days or so the number of "lay overs" granted to owners of mining properties have totalled 160.

The following hydraulic leases have been declared void: Washington and Tacoma on Boulder and Aberdeen and Birmingham on Otter.

SPORT.

It is an unfailing rule in all communities of a healthful standing to find a lot of interest in various kinds of sports.

Atlin used to be no exception to the rule but during the last year or so very little interest has been taken in any particular line of out door sports whatever. A community that encourages all forms of legitimate sport always has a fair return for the money and energy expended, besides which it creates interest in things in general, not to mention the amount of good it does to the moral and physical welfare of both spectator and participant as, in the former it gives the needed diversion to those with business worries while the latter are benefited by both the exercise and the zealousness with which they compete.

Here we have the most favorable climatic conditions, we have the material, why not the spirit?

Our neighbors on Spruce Creek and at Discovery are always willing to meet us in competition in any of the manly sports, and it seems a pity that our citizens should overlook the opportunities which exist in this line for much healthy indulgence.

Why not proclaim a civic holiday of some date towards the end of July or in the early part of August and have a day of both water and land sports. The esplanade north of the W. P. & Y. wharf could very easily be put in shape for foot races and athletic competitions, and the aquatic events could take place on the lake immediately in front of this location.

We trust that all Atlinites will make an endeavor to re establish the fair name of the town among the exponents of athletic competition and out door sport in general.

Russia is trying to negotiate a new international loan of $75,000,000.

The American Pacific squadron under Admiral Goodrich is at present cruising near Sitka, Alaska.

Germany insists that France must submit to the arbitration of the Moroccan question without any knowledge of the conditions.

President Roosevelt has instructed his immigration officials to be more liberal and lenient in their interpretation of the Chinese exclusion law.

The Chinese chamber of commerce of the Malay Peninsula has joined the boycott against American goods until the U. S. repeals its exclusion act.

July 1st Sports at Discovery.

The Athletic Events Were Well Contested--A Good Horse Race --Dance in the Evening.

There was a fairly large attendance at the sports held in Discovery on Saturday, July 1st. Many were unable to attend on account being kept busy on the creeks, but those who were present were well entertained by witnessing an exceedingly long programme of well contested athletic events, besides which there was a quarter mile horse race in heats, a prize shooting match and a dance in the evening.

The games started at 10 a.m. and resulted as follows:

Putting 16 lb shot—1st, J. McPherson; 2nd, Frank Miller; 31 ft 1 in. being the winning put.

Putting 56 lb shot—Mr. Conroy, F. B. Brackett. 28 ft 5 in.

100 yards, open—J. McKechnie, Mr. Conroy.

Standing broad jump—F. H. Mobley, 9 ft 6 in.; Conroy.

Hop step and jump—Conroy, 36 ft.; McKechnie.

Running broad jump—Conroy, 15 ft 9 in.; W. Davis.

Running high jump—Conroy and Noble split the money.

An adjournment was made for lunch and the events were continued at 2 p.m.

Pick-a-back race—Bourne and McKechnie, Davis and Alexander.

Girls race—Miss Anderson.

Wheelbarrow race—Mobley and Conroy, Davis and Anderson.

Boys' race, under 10—W. Anderson.

Boys' race, under 15—Douglas Taylor.

Ladies' race—Mrs. F. H. Mobley.

Quarter mile, men—McKechnie, Bourne.

Sack race—W. Conroy, Mobley.

Indian race, quarter mile—Billy Francis, Juneau Jack.

Obstacle race—W. Conroy, Capt. Alexander.

Indian bicycle race, half mile—Billy Francis, Teslin Jim.

The quarter mile horse race in heats proved to be an exciting event and was won by Dixon's Free Miner, L. Gillespie up, in two straights. Mobley's Tony, second, made a splendid run in the last heat, losing by a short neck.

There were several competitors in the trap shooting match and some good scores were. Mr. F. H. Mobley proved the winner.

Quite a large number attended the dance in the evening at the Gold House, and from 8 to 12 p.m. the enjoyment was continuous. The music by Messrs. Bert Blazing and John Cartmel was of the best. Mine hosts excelled themselves in the quantity and quality of the refreshments provided, and everybody went home in the best of humor.

The days amusements were certainly a success from all standpoints and it goes without saying that the lovers of good legitimate sport will look forward to many more July 1st's at Discovery.

A Sunday on Spruce Creek.

The Boys Indulged in Manly Games, A Dinner and Concert.

Few people in the district outside of the immediate vicinity of Spruce Creek knew that the boys on that creek had open house last Sunday, when a complete programme of sports was carried out on the open space of ground between the creek and the Discovery trail. The day's events consisted of football, baseball, cricket, tug-of-war, rifle shooting and other sports, all of which were entered into by the boys with that zeal and energy which is so characteristic of the Spruce creek miners, and a thorough good time was enjoyed by all those present.

The games were kept up until dinner time, when an adjournment was made to Mrs. Bennett's and Mrs. Clay's to replenish the inner man. Needless to say, these popular hosts had prepared a dinner fit for the gods, and everything was done to make the assembled sportsters and their guests happy and contented.

After dinner it was announced that the day's programme would close with a rifle shooting contest and boxing and fencing, winding up with a good old Spruce Creek smoker, to take place at the cabin of Messrs. Cartmel, Blazing, Alexander and Honneyman.

The shooting contest was won by Mr. Mason with a score of 13 out of a possible 15, and exhibitions of boxing were given by Messrs. Thomas and Fisher, Alliott and Duffy, and Strange and Baker. Single stick exhibitions by Messrs. Blazing and Fisher, Wasson and Alexander were both artistic and skillful.

The smoker started with selections by the Spruce Creek orchestra after which Mr. Harry Strange, who occupied the chair, announced that the concert would be impromptu and that everyone present was expected to assist. To say that the concert, which lasted until midnight, was a success would be faint praise; it was simply immense, all present doing their utmost to make the programme lively and interesting. To hear Mr. Prescott in his impersonation of a Dutchman in the song "Sauer Kraut" and then in a 4th of July oration was indeed a privilege. In a programme in which everybody assisted it would be impossible to give a full report, but amongst those who did contribute the songs of Messrs. Pynan, Dauniels, Fisher, Parrott, Baker, Cartmel and McIlwen were most thoroughly enjoyed. The evening's fun closed with an impromptu supper provided by Messrs. Honneyman and partners, after which there were a few more songs, concluding with "Auld Lang Syne" and "Praise God From Whom All Blessings Flow," both of which were sung en masse with enthusiasm and feeling.

Boost a Bit.

Here! you discontented knocker,
Growlin' about the city ills,
Chloroform your dismal talker;
Take a course o' liver pills.
Stop yer darn ki-o-tee howlin',
Chaw some sand and git some grit,
Don't set in the dumps a growlin',
Jump the roost
An' boost
A Bit!

Fall in while the band's a-playin',
Ketch the step an' march along—
'Stead o' pessimistic bravin'
Jine the hallelujah song!
Drop yer hammer—do some rootin'—
Grab a horn, you cuss, an' split
Every echo with yer tootin'—
Jump the roost
An' boost
A Bit.

The outside appearance of St. Andrew's hospital has been much improved and beautified by the liberal coat of paint which has lately been applied by willing hands.

If you are particular, and want the best and mean to have it at moderate rates, you will stop at the Fifth Avenue Hotel when in Skagway.—Remember the name.

On Monday evening last the Scotia made a special trip to Pike River telegraph station with a load of supplies for the agent, Mr. Barton who, with his wife, had been in town for a few days.

A large shipment of Heinz's and Bishop's goods have arrived at N. C. Wheeling's.

The safety of the board walks around town has been considerably increased of late by the laying of much new and heavier lumber. Let the good work go. We were some time ago given to understand that a plank walk would be layed between First street and the W. P. & Y. wharf. It is needed.

W. J. Smith came near being drowned on Thursday. While on board his steam tug in the bay near the brewery one of his feet got tangled in a rope and, tripping, he fell overboard, the rope held fast and kept him upside down with his head under water. Mr. Whitfield, son of our town shoemaker, happened to be on the waterfront in that vicinity at the time and saw the accident. He immediately went to Mr. Smith's assistance and, unfastening the rope, he succeeded in getting the half drowned man ashore.

The latest magazines and papers are always on hand at Pillman's.

During the past week the Scotia brought in over fifty tons of mining machinery and merchandise.

The Grand hotel has been closed and it is the intention of its late proprietor to engage in some other pursuit.

Burn this fact into your mind—it is worth remembering there is but one strictly first-class hotel in Skagway—It is the Fifth Avenue. Our carriage meets all trains.

Large assortment window shades, curtain poles and fixtures at Regan's.

During the week three women each paid fines of $50 and costs for selling liquor without licenses. The cases of three others who were charged with a like offence have been remanded to Tuesday next.

Wm. Brown, C. E., who has charge of the Atlin-Juneau road survey, returned to town Thursday night to obtain the services of an Indian and a canoe. He reports having completed the survey as far as the Sloco river and that the remainder of the trip will have to be made with canoes as the country is impassable for horses.

THE

HALF-WAY HOUSE

is a haven for all travellers. The meals are free-milling and the bracers in the bar as refreshing as the dew of the early morning. An ideal summer and winter resort.
