DOMINION NOTES.

Canada Will Be Represented at the Pan-American Exhibition.

Steamer Seized—Fatal Accident at Minnedosa—Manitoba's New Lieutenant-Governor.

All the Manitoba election protests, filed months ago, have been withdrawn.

It is said at Winnipeg that the remaining bonds on the Southeastern Railway have been paid over to Messrs. Mackenzie & Mann.

Samuel Adamson, of Neepawa, Man., and his brother Thomas, on a visit from Muskoka, were struck by a train and killed near Minnedosa.

George S. Clutton, manager of the city and county loan association of Toronto, has disappeared. He is alleged to have been short in his accounts.

Alexander King, who shot and killed one Davenport at White Horse Rapids, must die at Dawson City on October 2nd, a commutation of sentence having been refused.

The Conners syndicate has been granted an extension of time by the Harbor Commissioners of Montreal to commence work on the construction of elevators there.

A man named Hare, serving an 18 months' sentence for theft, declares that the Guelph Herald accused him of murder, and is suing the paper for libel, Mr. Justice MacMahon is hearing the case at Barrie.

The steamer J. W. Moore has been seized near Amherstburg for damages for the sinking of the schooner J. Richards opposite Walkerville. The captain of the Moore must furnish bonds for $24,000.

Dr. Morrison, a graduate of Queen's University, Kingston, has been appointed house surgeon of the New York Polyclinic Hospital. There were over 50 applicants from the United States and Canada.

Militia orders have been issued providing that warrant officers, after four years' service, will be granted an increase of pay at the rate of twenty-five cents per diem. Allowance for drill instruction is increased from $20 to $40 per annum.

Count Lautre, of Montreal, who was arrested in Chicago and extradited some months ago on the charge of issuing forged paper on the Merchants' Bank of Canada, has been found guilty. Sentence will be deferred owing to the delicate state of the Countess' health.

The Canadian Kennel Club has decided to protest to the Provincial Governments against the inclusion of registered dogs, which they claim are always kept under control, in the heavy taxation because of the destruction wrought by dogs. At a meeting in Toronto recently Rev. J. W. Flinton, Victoria, B. C., was elected vice-president.

Hon. Sydney Fisher says that, while the Canadian Government does not intend to make any exhibit at the Pan-American Exhibition at Buffalo next summer, still, his department will give every assistance to exhibitors from this country. Two agents have been appointed in Canada for the Exhibition. They are Mr. Grant Henderson, at Vancouver, and Mr. George Cameron, at London.

Joseph Murdock, a prisoner at the Central Prison, Toronto, has been released before his time had expired because certain papers did not reach the institution in time. Murdock was convicted at Hagersville of bringing liquor on the Indian reserve and got six months in the Central. He appealed against the sentence, and Judge Street, who heard the argument, instead of ordering the prisoner's release, added three months to the sentence. Someone failed to forward to the warden the papers containing the judge's finding, and the prisoner consequently got out when the original sentence had expired.

Col. D. H. McMillan, who has just been appointed to the Lieutenant-Governorship of Manitoba, enjoys the double distinction of being as zealous a soldier as he is a statesman. He commenced his military career as an officer in one of the Provisional Battalions, serving on the Niagara frontier in 1864, to prevent any repetitions, or attempted repetitions, of the St. Alban's raid. His next service was during the Fenian troubles of 1866, and then again he served in Wolseley's Red River expedition of 1870. But this was not all, for the Northwest rebellion broke out in 1885 he was again to the fore and went through the whole of that campaign. He wears the General Service medal with two clasps, and also that for the Northwest rebellion.

PROVINCIAL NEWS.

The Everett Case Again---Vancouver Men Receive Patents.

Japs Arrested for Having Fraudulent Naturalization Papers in Their Possession—Diamond Smuggler Released—B. C. Volunteer Coming Home.

E. Senkler, Gold Commissioner, says that the Yukon royalty will be reduced by one half after the present clean-up.

Victor Gilmore, who was arrested at Skagway a year ago on the charge of smuggling diamonds, has been released and the stones returned to him as the charge could not be proven.

A Toronto press despatch states that Private Greaves, of the Fifth Regiment C. A., British Columbia, is among the list of invalided Canadians who sailed from Liverpool last Thursday for Quebec.

The Provincial Government has caused the arrest of several Japs with fradulent naturalization papers in their possession. They will be prosecuted in an attempt to prove the statement that wholesale frauds were perpetrated in this respect.

The Rossland Record says: Among the visitors in Rossland recently was Mrs. William J. Harris, of Spokane, who was accompanied by her daughter. Mrs Harris has just filed a fourth complaint against her husband, who is suing for a divorce, in which she asks for $130,000 damages alleged to have been sustained in the handling of the Le Roi mining stock. She alleges that she was the owner in her own name of 14,700 shares of the stock, par value $5. She alleges that her husband sold the stock at $8.75, aggregating $122,500, in addition to collecting $7,500 dividends, converting the whole amount to his own use. She admits that she signed an agreement, but claims that she did so under great mental and physical strain. She asks judgment for $130,000 with interest.

Col. Dudley, United States consul at Vancouver, visited Grand Forks recently for the purpose of obtaining a record of the proceedings in the preliminary hearing of the case of Everett, an American citizen, for highway robbery. Everett is now serving a term at Kamloops. He is renewing his efforts to obtain his release on the ground of the alleged illegality of his surrender by an American officer to the Canadian authorities. Everett, it will be remembered, fled across the line to Republic where he was arrested for an alleged offence committed in the United States. He was never brought to trial on this charge, but instead it is alleged he was hustled across the boundary into Canada, without the formality of extradition proceedings. The incident has been the subject of communications between the Dominion and United States Governments.

During the month of June the following patents were granted to residents of Vancouver: J. S. Povah, Vancouver, folding seat. In this device the inventor meets a want which is frequently felt in churches, concert halls, etc., when an unusual attendance renders it necessary to find seating accommodation in the passages. Chairs are cumbersome to store, and awkward to remove at the conclusion, during the exit of an audience. The seats introduced by Mr. Povah are attached to the wall, and when not in use fold up out of the way, flush within the light framework to which they are attached. They have been adopted in St. Andrew's church in that city, and have proved very satisfactory, while their cost is trifling. L. C. Park, well known to mining men in Vancouver, has secured a patent on a machine for washing, screening and recovering gold from the gravel of our river bars and benches. The device is well adapted for gold dredging machinery, as it is designed to deal with large quantities of dirt in a very efficient manner. C. B. Mansell, of Vancouver is the inventor of a horse hitching device which is extremely simple, cheap and efficient; but its general use will probably deprive the public of the excitement which a runaway usually affords. A. Russell and C. I. Cunningham, Vancouver, have introduced another folding bed. This device enables the bed to be readily varied in width and length, or folded up compact for travelling. It is understood that arrangements are being made for its manufacture in the city. F. S. Maclure, of Victoria, introduces a bank cheque book. It consists of an amplification of the customary stub of the cheque whereon not only the standing at the bank is shown, but being provided with columns, "ledger folio," the amounts drawn may be posted direct from the stub to the ledger, thus saving work in original entry books.

CANADA'S SOLDIERS AGAIN.

Canadians are Receiving Great Praise for Their Noble Work in the Transvaal.

Agents Appointed to Look After the Sick and Wounded—The Great Work of a Detachment of Canadian Mounted Infantry—Will Come Home by England About November 1st.

On July 18th Col. Lessard, commanding the second Canadian contingent, received the following letter from the officer commanding the Princess Victoria Royal Irish Fusiliers:

"In the few words I spoke to you tonight at the funeral of your two very gallant officers I am afraid I failed to convey the deep gratitude my regiment owes to the 1st Canadian Mounted Rifles for their gallantry in going so nobly and fearlessly to the succour of our beleaguered detachment at Wetpoort yesterday. The counter attack your regiment made occurred at a most critical moment, and it doubtless saved many of the lives of our detachment. We deplore greatly the losses you have sustained, and we shall ever bear in grateful memory the gallantry and self-sacrifice of the 1st Canadian Mounted Rifles on this occasion. I shall deem it a great favor if you will kindly convey to your officers, N. C. O.'s and men the purport of this letter. (Signed) John Reeves, Colonel commanding 2nd Battalion Princess Victoria Royal Irish Fusiliers."

Secretary Hodgetts of the Red Cross Society received the following cablegram from Cape Town recently: "Men well looked after; agents all along the line. (Signed). Biggar." The message is from Major Biggar, who assumed Col. Ryerson's work in South Africa, and means that a chain of agents has been arranged from the front to Cape Town, who will look after the wounded or sick Canadians as they journey to the capital of Cape Colony.

Lord Roberts reports from Belfast, under date of Wednesday, September 5th, as follows:

"Ian Hamilton traversed Dubstroom yesterday with slight opposition.

Buller engaged the enemy's left this morning; Hamilton is endeavoring to turn his right.

Boers, with two guns and one pom-pom, this morning attacked 125 Canadian Mounted Infantry, guarding the railway between Pan and Wonderfontein. Mahon proceeded to their assistance, but the little garrison had beaten off the enemy before he arrived. It was a very creditable performance. The wounded were Major Handers and Lieutenant Moodie, slightly, and two men. Six men are missing."

Lieutenant-Colonel Biggar, D. A. A. G., who assumed Colonel Ryerson's work in South Africa, had an exciting experience while journeying from Cape Town to Pretoria a few weeks ago. He was on the train conveying United States Consul Stowe to Pretoria when it was wrecked by Boers under Commandant Theron. In a recent letter he says that when within 20 miles of Kroonstadt the train was held up by Boers. The time was 1 o'clock in the morning, while all were asleep. The Boer method was to run the engine on to a siding, throw the switch over and upset two cars, thus effectually stopping the train, and then fire on every truck containing men. As the private car was supposed to carry the British General and his staff, it suffered most, and was riddled with bullets. Colonel Biggar was in the middle compartment with Lord Lennox, Military Secretary to Sir Alfred Milner, and Dr. Wilson, and thinks that he may have owed his escape from injury to the fact of his putting out the lamp in his compartment, while the other members of the party burned theirs. The Boer commander told them afterwards that his men had used the lights as targets. Several shots passed close to Colonel Biggar, but he escaped uninjured.

Major Hurdman, commanding "D" Battery, writes: "All the Canadians are to go home via England. At first only a few were to be sent from each unit, but, as far as "D" Battery is concerned, when I was asked to report on the number to be sent, I replied that all were to be sent via England, or none, and the next morning, on the march, Gen. Hamilton came up to me and said, 'I see you all want to go to England?' I replied, 'Yes, sir; all or none,' and then I explained that it was on our way home, and I thought all Canadians should be sent that way. After talking with Gen. Cunningham and his staff, he said he would recommend to Lord Roberts that all the Canadians be sent by England, and I was told by one of Lord Roberts' staff that we are all to go to England, so I expect it will be the middle of October or the first of November before we get home."

MONDAY, SEPTEMBER 17, 1900.

A press despatch from Republic, Wash., states that the corporation papers were filed with the county auditor there by the Republic & Kettle River Railway company, for the purpose of building a railway from Republic to the international boundary line near the postoffice at Nelson, Wash. The capital stock is $1,000,000, divided into 10,000 shares of the par value of $100 each. The trustees are C. J. McCuaig, Montreal; Warner Miller, New York; Albert A. Ayer, Montreal; R. G. E. Leckie, D. F. Hallahan, A. F. Burleigh, of Republic; and J. C. Ralston, of Spokane. It is thought that the company intends to connect with the Canadian Pacific and run into Grand Forks. The road will be of the standard guage. Surveyors are now on the ground locating a route. Warner Miller and R. G. E. Leckie are president and vice-president respectively.

The last legislative assembly has made the following very important changes in the Mineral Act. The Act is amended by inserting the following as section 8 thereof:—"8. Every person who mines for any minerals for his own sole use and benefit on any Crown Lands in the Province of British Columbia without having taken out and obtained a free miner's certificate, shall, on conviction thereof in a summary way, forfeit and pay a penalty not exceeding twenty five dollars, besides costs."

Another provision is made that upon the failure of any one of several co-owners to contribute his proportion of the expenditure required by section 24 of this Act, the co-owner or co-owners who have performed the labor or made the expenditure may, at the expiration of the year, give such delinquent co-owner notice by publication in a news paper published and circulating in the division in which the claim is situated, or in the absence of such local paper, in the one nearest thereto, for at least once a week for ninety days, and if at the expiration of the ninety days of publication such delinquent should fail or refuse to contribute his proportion of the expenditure required by said section 24, together with all costs of advertising, his interest in the claim shall become vested in his co-owners who have made the required expenditure.

The New Westminster lacrosse team is well deserving of all the praise they are receiving in Eastern Canada, and British Columbia is justly proud of her boys for the way they have distinguished themselves in the East. Their remarkable achievements are not due to any want of competency on the part of the Eastern players. They were all good men, but the members of the New Westminster team were just a little better. The Toronto Telegram, in speaking of our champions, says: "The lacrosse championship of Canada is not the lacrosse championship of the world. The league which is made up of Montreal, Ottawa, Cornwall and Toronto clubs has clung to the belief that its members could decide the championship of the world. That belief has been mildly disputed by adherents of the C. L. A., an organization which educates players who can hold their own with the best men in the Montreal or Ottawa teams. The theory that Montreal and Ottawa produces players of higher grade than the outer barbarians has been utterly destroyed by the members of the New Westminster team. A team which travels over 3,000 miles and defeats the Montrealers and Shamrocks and Capitals in quick succession, and draws with the Torontos, has a better title to the championship of the world than any other lacrosse organization on earth. If the championship of the world goes to the Pacific coast it will still remain in Canada. Eastern Canadians who might have preferred to witness the triumph of their own representatives must acknowledge the remarkable achievement of the Canadians from the banks of the Fraser river.

Still Time to Register.

The following are the provisions of the Franchise Act, Dominion law now in force governing the right to vote and the method of voting:

(5) For the purposes of any Dominion election held within the limits of a province, except as hereinafter provided:

(a) The qualifications necessary to entitle any person to vote thereat shall be those established by the laws of that province as necessary to entitle such person to vote in the same part of the province at a provincial election.

(b) The polling divisions shall be those established by or under the laws of that province for the purposes of provincial elections within the territory comprised in the electoral district for which such election is held.

(c) The voters' lists shall be those prepared for the several polling divisions so established and which on the sixtieth day next preceding the day fixed for the nomination of candidates for such Dominion election were in force or were last in force under the laws of that province for the purposes of provincial elections.

asked by the Russian Government to supply 7,000 cattle on the hoof at Pekin. Mr. Armour is now organizing a fleet of transports at San Francisco in which to ship this immense amount of cattle and meats to China. He has chartered the Argonaut ships of the Alaskan seas, and an option has been asked on every boat in the carrying trade from San Francisco to Seattle.

Every day the Armour company buys enough cattle in the markets of America to fill this Russian order. Within three days that many export cattle, fatted to a king's taste, could be bought by the firm in Chicago yards alone. They could be purchased for instant shipment in the pens throughout Western stock markets. Where the trouble comes is in getting a flotilla of cattle-ships big enough to carry 7,000 beeves on the hoof from San Francisco to the Orient. There are not enough boats to be found on the Pacific coast. To move such a fleet, once it is obtained, with its cargo of 6,000,000 pounds across the Pacific Ocean, will be a feat unparalleled even by the "old man of the markets." If it is not accomplished it will be the first time that the greatest trader in the world ever received an order that was too big for him.

Largest Smelter in the World.

T. F. Spurr, of Anaconda, in speaking of the new Anaconda smelter, said: "It will be the largest smelting plant in the world. The time was when it used to be said of the Grant smelter in Denver that it was the largest smelting plant under one roof in the world. The new smelter of the Anaconda company will cost between $3,000,000 and $4,000,000 and will have a daily capacity of 5,000 tons. To give an idea of the magnitude of the plant, the advertisement for bids calls for 10,000 yards of excavation and 2,500 yards of masonry for the foundation. The superstructure will be entirely of steel and the building will be absolutely fireproof. The construction plans are framed upon the idea of having the plant as nearly automatic as possible, and in this respect it will be far ahead of anything heretofore built.

The ore will be dropped from the cars directly into the ore bins, and will thereafter be handled by gravity and will not require any shovelling until the bullion is run out of the stacks. Engineers have been at work for nearly two years on these plans which are finally approved by Daly prior to his departure for Europe. It is estimated that the saving in labor will pay the cost of the plant in less than four years. The mine is also to be improved with modern appliances at a cost of more than $1,000,000. When all these improvements are completed the company will turn out more copper than any other copper mine in the world."

Bill for Repairs.

The following, which went the rounds of the newspapers many years ago, has again found its way into a New York paper of a recent date:

The authorities of an old church in Belgium recently decided to make some repairs to its interior furnishings, and employed an artist to touch up a very large painting. When the artist presented his bill the committee in charge refused to pay it unless the details were specified. The next day the bill was handed in itemized as follows:

	fr. c.
To correcting the Ten Commandments, embellishing Pontius Pilate and putting new ribbons on his bonnet	8.50
Putting tail on rooster of St. Peter and mending his comb	4.00
Repluming and gilding left wing of the Guardian Angel	6.25
Washing the servant of the High Priest, and putting carmine on his cheeks	5.00
Renewing heaven, adjusting the stars, and cleaning up the moon	7.00
Touching up purgatory and restoring lost souls	8.75
Brightening up the flames of hell, putting new tail on the devil, mending his hoof and doing several odd jobs for the damned	12.00
Rebordering the robes of Herod and adjusting his wig	5.00
Taking the spots off the son of Tobias	1.30
Cleaning Balaam's ass and putting one shoe on him	1.70
Putting earrings in Sarah's ears	1.75
Putting a new stone in David's sling, enlarging the head of Goliath, and extending Saul's legs	6.00
Decorating Noah's ark and partially dressing Ham	4.00
Mending the skirt of the prodigal son and cleaning his left ear	3.00
Total	74.05

T. W. Holland, of Grand Forks, who was recently successful in securing the passage by the provincial legislature of a measure incorporating the Grand Forks and Kettle River Railway company, has organized his engineering parties. The survey of the route between Grand Forks and Carson, B. C., a point on the International boundary, has been commenced, and as soon as this work is completed the survey will be extended south through the Colville reservation to Republic. Track laying, it is expected, will be started within two months.

WAR

Life-Motion Pictures
OF THE
British-Boer War

Taken by MR. BENNETT SANFORD, of the Warwick Trading Company War Staff, now with the British forces in South Africa.

Every Picture
Is absolutely genuine. We will on no condition exhibit pre-arranged or fake war subjects.

Don't forget to see the moving pictures of the First Canadian Contingent. It is 250 feet long and contains nearly 10,000 photos.

PROF. B. C. HARRIS
The great composer and song illustrator, will sing a number of popular and patriotic songs, with beautifully illustrated slides, projected on the canvas while the songs are being sung.

Will exhibit in
Noble's Hall, Midway,
ON
MONDAY, SEPT. 24
Admission 50c., Children 25c.
Reserved Chairs, 75c.

THE GAME LAWS.

The open seasons for game are, respectively, as follows, both days being inclusive:

September 1st to February 28th—Bittern, ducks of all kinds, heron, meadow lark, plover.

September 1st to December 31st—Caribou, elk, wapiti (bull), grouse of all kinds, including prairie chickens, hare, moose (bull).

September 1st to December 14th—Deer (buck), deer (doe), mountain goat, mountain sheep (ram).

November 2nd to March 31st—Beaver, land otter, marten.

Unless specially provided, it is unlawful to shoot or destroy the following: Insectivorous birds, English blackbird, caribou (cow or calf), chaffinch, deer (fawn under 12 months), elk, wapiti (cow), elk, wapiti (calf under two years), gull, linnet, moose (cow or calf under 12 months), mountain sheep (ewe or lamb), English partridge, cock pheasant, quail of all kinds, skylark, thrush, and eggs of protected birds.

It is unlawful to buy, sell or expose for sale, show or advertisement: Insectivorous birds, bittern, English blackbird, caribou (cow or calf), chaffinch, deer (fawn under 12 months or doe), elk or wapiti of any sex or age, grouse of all kinds, except blue grouse, which may be sold during the open season; gull, linnet, meadow lark, moose (cow or calf), mountain sheep (ewe or lamb), English partridge, cock pheasant, hen pheasant, quail, robin, skylark, thrush, at any time.

It is unlawful to buy, sell or expose for sale, show or advertisement: Cariboo, hare, bull moose, mountain goat, mountain ram, before October 1st; buck deer, blue grouse, plover, during the close season.

Farmers only may shoot robins in gardens, between June 1st and September 1st.

It is unlawful to kill and take in one season more than five caribou, ten deer, two elk, 250 duck, two moose, five mountain goats, three mountain rams, and to hunt deer with dogs, or to kill deer for hides alone.

Applications for Certificates of Improvements.

Notices advertised in this week's ADVANCE are those of:—

east $100,000 cash be provided
elopment purposes. There are
omising showings on several of
pany's claims, and it is believed
pened up some of these would
into shipping mines.

A LIGHT-FINGERED AMERICAN TAKEN IN CHARGE.

Paul Boyle Arrested Yesterday for Having Stolen Property in His Possession.

Yesterday forenoon a man who gave his name as Paul Boyle was arrested here by Chief constable McMynn on two charges, one of having stolen goods in his possession and another of carrying concealed weapons. Boyle is accused of having stolen two revolvers from H. T. Biengman, of Body camp, who followed him to the line, where he learned that the accused had crossed but a short time before. Biengman followed him to Midway, where he was found in a barber shop trying to dispose of the stolen property. Biengman at once laid an information, and Boyle was immediately arrested and placed in the provincial jail here.

The prisoner was brought before Police Magistrate I. H. Hallett this morning for a preliminary hearing, but the case was adjourned until next Monday, in order to admit of more evidence being obtained.

The Edith Miller Company.

The Edith Miller company will give one of their excellent concerts in the Auditorium, Greenwood, to-morrow evening, 18th inst. The following comment appeared in the Victoria Colonist after their concert in that city:

Miss Miller is an artiste of rare ability. Her voice is rich in quality, of great warmth and beauty of tone. Since the visit of Mdlle Trebelli, Miss Miller is by long odds the finest contralto singer heard here for many years, and is certainly a most accomplished vocalist. Her expression is earnest, but free from exaggeration, and therefore satisfying and effective. Miss Miller was applauded and recalled during the evening with spontaneous enthusiasm.

Mr. Robert C. Campbell, the tenor's numbers were surprisingly well sung. His voice possesses that beautiful quality peculiarly adapted to sympathetic music.

Mr. Stanley Adams, the baritone, has a voice of fine, rich tone and good compass. His style evidences the best of training conbined with good taste.

Miss Jean Forsyth, the accompanist with the Miller company, is certainly one of the best in Canada. Being a vocalist herself, she is able to appreciate and determine the aim of the composer and give the singer the proper support at the proper time.

The Warwick Trading Company.

The Warwick Trading Co., under the management of J. Cosgrove, will show in the town hall, Midway, on the 24th inst. The Cosgrove Co. showed in Midway over a year ago, and if the entertainment next Monday night is as good as the last, they are deserving of a crowded house. The following are a few of the press comments which have appeared in various papers after showing in the towns where these papers were published, and they speak for themselves:

The show at the town hall on Tuesdey night was a great success, and, it deserved to be. The life motion pictures by the Warwick Trading company, representing scenes from the war, were highly appreciated by the large audience. The singing was good and the whole entertainment capital. It was managed by the Cosgroves, and of course that accounts for a great deal.—Regina Leader.

The moving pictures exhibited at the curling rink last night drew an audience of 500 people. In addition to those already shown here, Mr. Cosgrove had a number of up-to-date war pictures which were enjoyed. Generals Symons, Baden-Powell, White, Methuen, Kitchener and Bobs each came in for suitable recognition, and the programme was pleasantly varied here and there by the singing of three or four illustrated popular songs.—Calgary Herald.

The famous British-Boer war pictures were given in the hall last night under the management of J. Cosgrove. From the first to the last each one was enjoyed by the audience. The most touching was the descriptive song, "Just as the Sun Went Down." If we were to devote a column in telling of the merits of last night's entertainment we would no more than do it justice.—McLeod Gazette.

For Good Roads.

The following circular letter has been sent out by the Kamloops Board of Trade: At a general meeting of the B. C. Inland Board of Trade, held in Kamloops on the evening of Friday, August 31st, it was unanimously resolved: That this board take the initiative in calling a convention, to be held in Kamloops at 10 a.m. on Thursday, September 27th, inst., for the purpose of organizing a Provincial Good Roads Association. You are earnestly requested to attend this convention. Arrangements are being made for reduced transportation rates.

It is not unlikely that arrangements will shortly be made to resume development work in the Oro Denoro mine, Summit camp. The management of the King Mining company, Rossland, owning the mine, are making efforts toward this desirable end.

ATTENTION!

There is no better investment at the present time than Midway property. Those who bought in Spokane a few years ago have since made fortunes. Midway is the Spokane of the Boundary Country. It is the coming metropolis of the interior. Trains will be running into Midway in a short time and the prices of lots will go up. Invest now and make money.
