COUNCIL MEETING

Liquor License By-Law Goes Through the Committee of the Whole

City Decides to Send a Mineral Exhibit to the Spokane Fair

The semi-monthyly meeting of the city council was held in the council chamber last night, Mayor Hammar and Ald. Clements, Henniger, McCallum, Crossen and Hutton being present.

City Engineer Reid submitted the following report on the test of the new turbine pump: 13½ amperes, 2020 volts, 824 revolutions per minute, 130 pounds pressure on guage; the capacity of the pump came up to 350 U. S., or 280 imperial, gallons per minute.

Ald. Clements stated that a representative of the Canadian Fairbanks company had visited the city and put the pump in good working order, but it would not do the work it had been guaranteed to do. To deliver 600 gallons of water per minute in the tank would require a larger motor, and the company had guaranteed to deliver that quantity with the present motor. He didn't think the Canadian Fairbanks people had acted in good faith with the city. The mayor thought the new pump was of greater capacity than the old one. Ald. Henniger said that if the company had guaranteed to deliver 600 gallons of water per minute with the present motor, it should be compelled to fulfill the guarantee. Ald. Clements suggested that the city clerk be instructed to forward the result of the test to the Fairbanks people, asking them what they were prepared to do to fulfill their guarantee, and on motion a resolution to this effect was adopted.

The fire chief reported that two meetings of the department had been held during August: The ladders which had been ordered the previous month had arrived in good condition.

E. E. Alexander, superintendent of the mining department of the Spokane Interstate fair, addressed the council on the importance of the city making a mineral exhibit at fair. Displays of Boundary fruits and grain should also be made. The work of getting the exhibits ready should be commenced as soon as possible, as the fair opens on the 9th prox. This was a remarkable district, but was not fully developed yet. Now would be the time to attract capital, while properties could be acquired at reasonable figures. Mr. Alexander stated that Mr. Rea, of the Betts & Hesperus, was preparing an exhibit from the upper workings of that property. Mayor Hammar expressed the belief that it would be a decided benefit to the city to make a good display at the fair of the North Fork minerals, and also of the fruit and agricultural products of the valley. He coincided with Mr. Alexander's views in respect to attracting capital. We were not yet financially independent, but needed foreign capital to develop our resources. Ald. McCallum thought it was important that the city should be represented at the fair, especially as the cost of making the exhibit would be nominal. Ald. Clements said it would be a good advertisement for Grand Forks, but thought it would cost $200 or $300 to collect the exhibit, and the city could not afford to expend this amount for that purpose at present. After further discussion, Ald. Henniger moved, seconded by Ald. Clements, that ihe mayor and Ald. Hutton be appointed a committee of two to gather an exhibit for the Spokane Interstate fair, the cost of the same to be limited to $25. Carried.

As the council failed to place a limit to the amount that private citizens are at liberty to contribnte for this purpose, the mayor assured Mr. Alexander that a creditable exhibit would be send to Spokane.

The following accounts were ordered paid:

Granby Co	$687.18
V., V. & E. Ry	4.10
J. M. Simpson	8.50
Evening Sun	4.00
D. Woodhead	9.00
J. A. Smith	4.80
D. J. Kennedy	28.50
R. R. Gilpin	22.35
Can. Gen. Electric	55.55
T. Foulston	42.00
B. C. Telephone Co	10.00
N. W. Fire Apparatus Co	85.00
H. B. Cannon	43.95
Joe McDonald	7.50
Oliver Bordeau	33.00
Wm. Emard	37.50
Joe Gagnon	1.80

Ald. Clements reported that the contract with the Granby company for power was still held in abeyance, owing primarily. he thought, to the fact that Superintendent Hodges was unable to spare the time to sign it. Recently, during the early part of the evening, the voltage had been very low. He thought it would be better to have a high voltage during the first part of the evening, and then, if the smelter needed the power, to reduce it after 11 or 12 o'clock.

The mayor, in a graveyard whisper. brought up the cemetery question. He thought the city should collect a nominal fee from people who desire ground for graves. But the matter was left in statu quo until the ground is surveyed and platted.

Ald. Henniger felt sure that the city poundmaster could find more work in his official capacity if he would circulate more freely aronnd the city.

Ald. Crossen reported that Mr. Whiting, who a few weeks ago complained of a sidewalk occupying a portion of his realty, had been satisfied by the removal of the same. The work of repairing the Columbia street bridge was progressing favorably under the supervision of Mr. Bonthron, as Mr. Martin was out of town at present.

Ald. McCallum enquired if the council intended to take any action in regard to entertaining the tariff commissioners. Mayor Hammar replied that the board of trade had a few dollars in the treasury, and he proposed to raise more funds among the business men tomorrow. On motion of Ald. McCallum and Crossen, the mayor was authorized to complete arrangements for the entertainment of the commissioners.

Notice was given that a road tax by-law would be introduced at the next meeting.

Continued on Second Page.

THE PATHFINDERS

Annual Reunion Was Held in Midway Last Friday Evening

Thirty Old-Timers Eat Good Viands With Modern Surroundings

The annual reunion and banquet of the Pioneers' Association of the Boundary and Okanagan districts was held at the Lancashire house, Midway, last Friday evening, and it was one of the most successful social functions ever given by that society. P. T. McCallum, the president of the associatiou, John McLaren and Donald McDonald represented this side of the mountain at the banquet board, to which about thirty invited guests were assigned seats. The dining-room was so elaborately decorated that The Sun reporter has failed in his search for words to adequately convey its beauty. It certainly bore no resemblance to the pioneer's cabin. The banquet itself was second to none ever given in the Boundary. Two long parallel tables, with one running crossways at the head, for the officers and honorary members, were loaded down to their full carrying capacity with choice viands and the finest liquid refreshments The president occupied the seat of honor at the head of the table. On his right sat Honorary President Hugh Cameron, of Camp McKinney, and on his left John McLaren, of Carson, and Charlie Deitz, of Rock Creek, an honory member since the formation of the society. Dr. Dutton sat at the right-hand end of the table, and Dr. Newcombe at the left-hand end.

Many brilliant speeches were made. The toasts replied to were: "The King," responded to by John Kirkup, of Rossland, and Mr. Gardom, customs officer at Midway; "Pioneers and the Country in Which We Live," James Dale and P. T. McCallum; "The Mining Resources," Mr. Gaunce, of Midway; "The Cadies," E. C. Moe; "The Press," Jas. Grier, of Greenwood; "Our Neighbors," Dr. Dutton, and W. Nelson, of Greenwood; "Chechaco, or Tenderfoot," Dr. Newcombe. James Lynch and James Kerr rendered excellent songs between every other toast. The music was furnished by Mrs. Dowling, proprietress of the Lancashire, and was much appreciated. The merriment reigned till 3 a.m., all enjoying themselves. In parting, everybody wished each other many happy returns.

TOPICS OF THE TOWN

E. E. Alexander, superintendent of the mining department of the Spokane Interstate fair. which is held October 9 to 15, arrived in the city yesterday from Phoenix. He is interesting the managers of the big mines of the Boundary in the fair. He reports that the mine owners are more interested this year than ever before in the Spokane fair because it is known thousands of eastern visitors will be at the fair, and mining men as well as others believe a good showing of the resources of this section ought to be made. Those mines which have exhibits at Spokane expect to add their newer samples, and those which have nothing at Spokane will send ores. The different camps also are interested in the contest for the silver cup which is to be given this year to the camp making the best district exhibit of minerals. Mr. Alexander will spend most of his time prior to the opening of the fair visiting mining camps. He is a pioneer prospector of the Boundary, and was the original locator of the Betts claim near this city.

Dr. and Mrs. Northrop, late of this city, but now residents of Spokane, visited Mr. and Mrs. A. B. W. Hodges at the Granby smelter last Sunday. They were glad to see all their old Grand Forks friends. They returned to Spokane yesterday morning.

A. D. McPhee, superintendent of the McKinley mine, came down from Franklin camp Saturday evening to visit his son, who is suffering from an attack ef typhoid fever.

Dr. Mecklenburg, eye specialist, of Winnipeg, will be at White's jewelry store, Grand Forks, from 13 o'clock Wednesday to 13 o'clock Friday, October 18-20. Eyes examined, tested and fitted with glasses. Squint, cross eyes, short sight, far sight, irregular sight, etc., scientifically tested. No guess work, no dangerous and costly mistakes. Safe. reliable, and satisfaction guaranteed.

P. Welch, the Great Northern railway contractor, was a guest at the Yale last Saturday.

W. H. Covert and family left Sunday morning for the Lewis and Clark exposition in Portland. They will also visit a number of other coast cities. Both Mr. and Mrs. Covert are in poor health, and they intend to spend the coming winter on the coast.

It transpires that The Sun was misinformed last week when it stated that Joe Wiseman and W. S. Jones had taken up land in the Bulkley valley and intended to locate there. Friends of these gentlemen say there is nothing in the report.

Henry Moller, proprietor of the Riverside hotel, Curlew, was in the yesterday.

W. H. Ude, travelling passenger agent of the Northern Pacific, was a visitor in the city last Friday.

Shows for Fair Time

E. R. Ricketts, the Vancouver theatrical manager, who has taken over the New Westminster opera house, has booked some fine attractions for the Dominion fair season, and the theatre will be open every night during the time of the great national exhibition, which is to open there Sept. 27.

On account of the prospects of large audiences Mr. Ricketts was able to induce some of the better companies to go a little out of their way to appear in his New Westminster house on dates from September 27 te October 7 inclusive.

The New Westminster opera house with its latest improvements is fitted to accommodate all the scenery and appliances that the best companies carry with them, while the comfort and convenience of patrons have also been well provided for.

VISITORS OF NOTE

Tariff Commissioners Will Arrive in City at 7 p.m. Tomorrow

Program Includes Visit to Smelter and Drive Through the Valley

Hon. W. S. Fieldiug, minister of finance, and Hon. Louis Philippe Brodeur, minister of inland revenue, and party of fifteen or sixteen persons prominent in public life, will arrive in the city Wednesday evening at 7 o'clock by special train over the Great Northern railway from Phoenix. The party includes two ladies, one of whom is Miss Fielding. Duncan Ross, M. M. for Yale-Cariboo, will also accompany the party to this city. The mayor and a number of representative citizens will meet the visitors at the station, and escort them in carriages to the Yale. After dinner a public reception will be held at the hotel, to which all citizens are invited.

On Thursday morning the party will inspect the Granby smelter, and Superintendent Hodges will explain to the commissioners how the present tariff operates in connection with the smelting industry. In the afternoon a carriage drive to the numerous fruit orchards in the valley will be tendered all those who love beautiful scenery and an invigorating atmosphere. The party will leave on the regular C.P.R. passenger Thursday evening.

Death of Fred E. Arnold

Fred E. Arnold, of Orient, Wash., died at the Victoria hotel at a few minutes past 4 o'clock Monday morning of blood poisoning, after a week's illness. Three physicians were in attendance Sunday night, and did everything possible to save their patient's life, but without avail. Arnold contracted blood poisoning about a week ago by striking a man, who was making an assault with a gun on another man, in the mouth, the man's teeth puncturing the back of Mr. Arnold's hand.

Deceased was about thirty years of age, and leaves a widow and a six months' old child to mourn his loss. Among his numerous friends Mr. Arnold had gained a high reputation for honesty, which, after all, is the highest distinction that any man can gain during his short pilgrimage on this earn. Much sympathy is expressed for the bereaved family and relatives of deceased at his untimely passing away.

A brother and sister—who reside in the territories—of the deceased were immediately notified, and it is expected that they will arrive here in time for the funeral, which will be held Wednesday afternoon under the auspieces of the Fraternal Order of Eagles, of which organization deceased was an honored member.

Ten dollars is offered by Dr. Mecklenburg, the expert eye specialist, to any person that he fails to adopt the correct glasses for after all others have failed; satisfaction guaranteed. He will be at White's jewelry store, Grand Forks, from Wednesday to Friday, October 18-20. Hearing appliances and artificial eyes fitted.

SUNSET SAUNTERINGS

Thomas P. Coffee, manager of the Trust & Guarantee company, of Toronto, died in London, England, on the 14th inst., the cause of death being typhoid fever.

W. C. Putnam, formerly of Hodson's store, came down from Midway yesterday. He is thinking of making a trip out to the Hope mountains.

Prevention is better than cure. Save your eyesight by consulting Dr. Mecklenburg, the celebrated oculist and optician, who will be at White's jewelry store, Grand Forks, October 18-20.

COUNCIL MEETING

Continued on Second Page

On motion of Ald. Clements and McCallum, the council went into committee of the whole for the consideration of the liquor license by-law, Ald. McCallum being called to the chair.

All the clauses not considered at a previous meeting were adopted unimously, and the by-law as a whole was then passed in committee. Consideration of the committee's report was deferred until the next meeting.

The by-law as passed by the committee provides for eight hotels in the city, and entirely abolishes the saloons. The license fee for hotels is $250 for ever six months; wholesale license, $12.50 for every six months, and bottle license $100 for every six months. Bvery hotel must have thirty rooms actualiy used for hotel purposes. If adopted by the council, the by-law is to go into effect on the 15th day of January next.

Ald. Clements explained that his only reason for favoring one or two saloons was on account of the additional revenue they would bring the city. Ald. Hutton made a similar explanation.

Ald. Henniger said the city couldn't expect to derive the same amount of revenue from the liquor traffic this year as did last year.

The chairman called on Jonn Temple, who was present. Mr. Traunweiser had given the committee, at its first sitting, some valuable points in favor of hotels, and he understood that Mr. Temple held the opposite view, and could probably give the other side of the question.

Mr. Temple said the chairman must have been misinformed. He was an hotelman, and was strictly in favor of hotels, and nothing else. He had favored one or two saloons on account of revenue. The hotels had to make their profits from the bar, as there was no money in serving meals.

The mayor felt sure that what the city lost in license fees would be made up by increased water and light rates, and more taxes on account of higher valuation of hotel property.

The council then adjourned.

Harold Nelson in Prince Otto

Mr. Harold Nelson will be seen at the Grand Forks opera house on Sept. 23 in his latest success, Prince Otto. This stirring romantic play was dramatized from Robert Louis Stevenson's novel of the same name by that cultured and noted actor, Otis Skinner, and by him presented with great success. Mr. Nelson went to New York this summer and secured the rights to play from Mr. Skinner, together with designs for the costumes and scenery. The plates have been closely followed, and the entire production is very complete and beautiful, fully maintaining the high standard Manager Walker has established in this matter.

The story of the play is interesting to a degree, and told with rare grace and skill.

In the title role Mr. Nelson has ample opportunity for fine acting and beautiful reading.

Mr. Clifford Lane Bruce, the popular young leading man of the company, also has a strong part.

Miss Helene Scott and Mr. William Blake, two of the most talented members of last season's company, have been retained and will be seen to advantage in Prinee Henry.

The new members were carefully selected by Mr. Nelson, who feels that he has the best supporting coupany of his career.

Various names have been given to what is generaly known as the side-shows in connection with the big fairs of late years. Chicago had the Midway Plaisance, St. Louis had the Pike, Portland has the Trail, New Westminster has the Sockeye Run, and Nelson will have the Stope, and the shows already booked for the Stope at the Nelson fair are of a high order, including Bosquit's wild animals, Erickson's trained bears, Hiersh's merry-go-round, Prof. Smith's mechanical city, "Lorito" the California armless wonder, and Miss Ella Ewing, the Missouri giantess, the tallest person in the world—8 ft. 4 in. tall—wears size 24 shoes and size 14 gloves. The fair will be open to the public at 1 o'clock Wednesday, Sept. 20th, and will close at 10 o'clock on the night of the 22nd. The railways are giving a single fare for the round trip.

Coming Events

Nelson Fair opens on September 20, and closes on September 23.

Purgatives Are Dangerous

They gripe, cause burning pains and make the constipated condition even worse. Fhysicians say the ideal laxative is Dr. Hamilton's Pills of Mandrake and Butternut; they are exceedingly mild, composed only of health-giving vegetable extracts. Dr. Hamilton's Pills restore regular movement of the bowels, strengthen the stomach and purify the blood. For constipation, sick headache, billiousness and disordered digestion no medicine on earth makes such remarkable cures as Dr. Hamilton's Pills. Try a 25c box yourself.

Throw Medicines to the Dogs!

At best they are unpleasant, often useless. You have some disease of the nose, throat or lungs. Doctors would call it bronchitis, asthma or catarrh. The common root of these diseases is germ or microbic irritation. Catarrhozone not only destroys disease germs—it does more, it heals diseased and inflamed tissue. The disease is not only cured, but its return is forever prevented by using Catarrhozone, which is splendid also for colds, coughs and irritable throat. Remember you inhale Catarrhozone—nature's own cure. Use no other but Catarrhozone—it's the best catarrh cure made.

Strained Back and Side

"While working in a sawmill," writes C. E. Kenney from Ottawa, "I strained my back and side so severely I had to go to bed. Every movement caused me torture. I tried different oils and liniments, but wasn't helped till I used Nerviline. Even the first application gave considerable relief. In three days I was again at work. Other men in the mill use Nerviline with tremendous benefit too." An honest record of nearly fifty years has established the value of Polson's Nerviline.

Our job department is superior to any other in the Boundary country. We have both the material and the experience to turn out high class work.

COPPER

The new edition of the COPPER BOOK lists and describes 3311 copper mines and copper mining properties, in all parts of the world, covering the globe, these descriptions ranging from two lines to 12 pages in length, according to importance of the mines. The descriptions are not padded, but give facts in the most concise form. There are also fifteen miscellaneous chapters, devoted to the History, Uses, Terminology, Geography, Geology, Chemistry, Mineralogy, Metallurgy, Finances and Statistics of Copper, rendering the volume a veritable encyclopedia of the subject of copper and everything pertaining to the metal. It is the world's standard Reference Book on Copper.

Every Miner, Prospector, Investor, Banker and Broker needs the book. Price is $5 in Buckram binding with gilt top, or $7.50 in full library morocco, and the book, in either binding, will be sent, on approval, to any address in the world, to be paid for if found satisfactory, or may be returned within a week of receipt and the charge cancelled. Address the Author and Publisher.

JOIN THE CANADIAN PREFERENCE LEAGUE

100,000 MEMBERS WANTED

THE object of the League is to educate Canadians how best to apply the Canadian Preference sentiment. Members of the League are expected, when making purchases, to give preference to the products of Canada and to all articles of Canadian manufacture, when the quality is equal and the cost not in excess of that of similar foreign products or manufactured articles. Each member is also expected to give preference to Canadian labor and to this country's educational and financial institutions. A monthly journal will be published in the interests of the League and mailed to each member. The annual membership fee and subscription for the Journal is $1.00.

CUT THIS OUT, SIGN, AND SEND TO — WRITE PLAINLY

The Secretary, THE CANADIAN PREFERENCE LEAGUE, Room 20, Home Life Building, Toronto

Please enroll my name as a member of the Canadian Preference League. Enclosed is $1.00, my membership fee and subscription for one year to "CANADA FIRST," the journal of The Canadian Preference League.

You Are Ailing

Not quite sick, but robbed of ambition to work—find it hard to think clearly. Not ill enough to think of dying, but bad enough for life to be pretty dull. There is a remedy—Ferrozone—that quickly lifts that half-dead feeling. Gracious, but Ferrozore makes you feel good; it sharpens the dullest appetite, makes it keen as a razor.

Blood? Ferrozone makes lots of it, the rich nourisceing kind that vitalizes the whole body. You'll be wonderfully quickened, immensely strengthened, feel hearty and vigorous after using Ferrozone. Buoyant health, surplus vigor and reserve energy all come from this great restorative. Fifty cents buys a box of fifty tablets at all dealers.

BICYCLES AND REPAIR WORK—A complete line of 1905 models. A few second-hand wheels cheap. Wheels to rent. GEO. CHAPPLE, opposite Postoffice, First street.

You're next at the Palace Barber Shop, Victoria hotel.

For a nice hair cut or shave go to the City Barber Shop on Riverside. Baths 25c.

When

You consider that a poorly printed job costs just as much as one that presents a neat and tasty appearance, do you not think that your business demands the latter kind?

Good Printing—the kind we do—is in itself an advertisement, and a trial order will convince you that our stock and workmanship are of the best. Let us estimate on your order. We guarantee satisfaction.

The Sun

PRINTS all the news of the Boundary, and prints it while it is news. It is the only twice-a-week paper published in Southern British Columbia. It is not owned or controlled by a clique of politicians, to further their own ambitious aims; nor by a combination of merchants to be used as a means of lauding their own wares, to the detriment of their rivals.

THE SUN is the sole property of its publisher, and no one else has any right to dictate its policy. It is printed in the interest of Grand Forks and surrounding district. When its editor believes he is right, he speaks right out. He does not have to consult half-a-dozen different parties about what he intends to say.

Everybody in Grand Forks reads THE SUN twice a week. Its out-of-town circulation is large, and is rapidly increasing. It is therefore the best advertising medium in the Boundary.

$2 Per Year

Columbian College

FOUNDED 1892
INCORPORATED 1893
NEW WESTMINSTER, B. C.

Provides a Home for Students of both sexes at reasonable rates. Has a Preparatory Class for Junior Students doing Public School work. Is doing High School work, confers all High School privileges, and prepares for Teachers' Examinations. Teaches all branches of a thorough Practical Business Course, and grants Diplomas. Gives a Liberal Education in its own Collegiate Course, and in the Ladies' College Course for the degrees of M.E.L. and M.L.A. In University work, the Arts Course can now be taken in Columbian College, and the B.A. degree obtained from Toronto University, with which the College is in full affiliation. In Theology prepares for the degree of S.T.L. and B.D.

For fuller information, and terms, write,

Rev. W. J. Sipprell, B.A., B.D., or Rev. J. Bowell, Bursar.
