Notice

Dr. O. M. Graves, Dentist, will be in Ferry, Feb. 28th until March 10th, 1922, prepared to do every thing in the dental line and make good.

Around Home

Thos. Jenkins is visiting his father in Chewelah, Wash.

An effort is being made to induce Rev. Lum Clark to return to Greenwood.

BORN—To Mr. and Mrs. J. C. Casselman, of Boundary Falls, on Jan. 26th, a son.

Mrs. W. Taylor of Kettle Valley was the guest of Mrs. G. B. Taylor for a few days this week.

The first robins were seen in Greenwood this week. They were noticed by Gordon and Robt. Jenks.

Capt. S. J. Mitchell is doing well in his new venture that of a ladies' cloak manufacturing concern in Vancouver.

A Musical Review will be presented by the Rock Creek Dramatic Society in the Co-Operative Hall in Rock Creek. Feb. 24th.

No service will be held in St. Jude's Church on Sunday Feb. 12th, but there will be evening song on Sunday 19th inst at 7.30.

Trail defeated Grand Forks in hockey on Wednesday night by a score of 5 to 1. Nelson defeated Kimberley on Wednesday night 6-3.

Walton Crane celebrated his birthday by entertaining 23 of his young friends at a happy party at the home of his parents last Saturday.

The Misses C. L. and Louise McDonald went to Nelson on Tuesday to attend the Nelson—Kimberley hockey match and incidentally to see their brother whom they had not seen for five years.

A Valentine Party will be held at the home of Mrs. Rendell on Tuesday, Feb. 14 in aid of St. Judes Church. Afternoon tea from four to six 25c. Cards in the evening 50cts. Everybody cordially invited.

H. S. McKenzie and Mr. Heatherington, solicitors, of Grand Forks, were in town on Wednesday attending County Court in connection with a number of lien cases for work done at the Sawmill at Rock Creek.

Victoria papers are commenting upon the heroism of Neilson Mowat who distinguished himself by rescuing two girls from drowning in Beacon Hill Park last Sunday. He will be presented with the humane medal. He is a nephew of A. N. Mowat.

The Boundary Equipment Co. have purchased the ore bins at Boundary Falls and will shortly commence wrecking same. The deal was put through by G. S. Walters representing the New Dominion Copper Co. and will provide employment for a few men the next two or three months.

Greenwood cannot hold a successful dance without depending upon those who come from the surrounding country. Yet when these people take the trouble to come to Greenwood to enjoy themselves the Greenwood dancers should show a little courtesy to their visitors by dancing with them and not sticking to one click. People from the surrounding district say they will not attend any more Greenwood dances if they are ignored. At the dance on Friday night there were several visitors who did not get a dance with a Greenwoodite and several visiting gentlemen did not receive an introduction to any of the Greenwood ladies. What's the matter boys? Such actions do no occur at the best regulated dances. Is it any wonder that people are gradually staying from Greenwood? In future see that visitors or guests have a good time first and let the motto be "One for all and all for one" thus Greenwood will come back to the popular times when Boundaryites were like brothers in the good days of old.

The Late Mrs. E. Cruse

After a long, useful and good life, Mrs. Eliza Cruse passed peacefully to rest on Feb. 3rd, 1922, at the home of her son, J. C. Cruse, Boundary Falls, B.C., at the advanced age of 92 years. She was a relict of the late Jno. Cruse, of Prince Albert, Ont., and is survived by three sons, J. C. and C. H. Cruse, of Boundary Falls, W. R. Cruse, of Port Hope, Ont., and one daughter Alice, Mrs. Wilson, Glendale, Cal. The deceased lady was a native of Devonshire, Eng., and came to Canada many years ago. She was loved by all who knew her, being of a quiet yet cheerful disposition and the legacy she leaves to her children is the sweet fragrance of a beautiful, gentle and unselfish life.

The funeral services were held at 10.30 o'clock, Monday, 6th inst., at St. Jude's Church, Rev. E. A. St. G. Smyth officiating. Interment took place in the Greenwood cemetery.

The kind and tender sympathy expressed by the Railway Telegraphers in sending a beautiful wreath is greatly appreciated by the family.

City Council

The regular meeting of the City Council was held on Jan. 30th. Mayor Gulley in the chair, Alds. Mowat, Docksteader, Taylor, King and Kerr present.

Considerable correspondence in connection with property reverted to the City from Tax Sale was read and discussed, the Clerk finally being instructed to forward the authority of the Council required for the matter to be dealt with.

An invitation from the Union of Canadian Municipalities for application with a yearly fee of $10 was declined by the Council.

The report of the Finance committee was received and approved.

Chairman Kerr of the Water committee reported completion of the temporary repairs to Twin creek reservoir, the timbers which had been broken by the weight of ice having been replaced.

A lengthy discussion took place regarding the establishment of a creamery in the City. Ald. King having already taken up the matter with the Dept. of Agriculture the Clerk was asked to write the Hon. Dr. MacLean to help in securing all the necessary data from the Minister of Agriculture as quickly as possible.

The Lighting committee reported an improvement in the power situation but further action was deemed necessary to bring about more normal conditions and City Clerk was instructed accordingly.

The funeral of the late C. L. Riley took place at Midway on Friday, Feb. 3. Mrs. H. Clark and Mrs. Scott conducted the services at the residence and R. D. Kerr officiated at the grave side. The pall bearers were: — T. Graves, J. Thornton, H. Medill, Mr. Havilleh, C. Kelley and C. Johnson. Joe Caron had charge of the funeral arrangements.

An enjoyable dance was given in the Masonic Hall after the hockey match on Friday night and although not very well patronize it was greatly appreciated by those present. Bush's orchestra was engaged for the occasion and they always put a lot of pep and ginger into their playing making it almost irresistable to sit out a dance. Supper was served at midnight after which dancing was kept up until 3 a.m.

Dog taxes are due.

Greenwood Public School January, 1922

DIVISION I

Light Ford Delivery, 1917 model, good running order, price $350.00. Wm. Jenks, Greenwood, B.C.

Kettle Valley Notes

Mrs. Errington Reed is spending two weeks with her sister, Mrs. A. Roberts.

Miss P. Hookam is the guest of Major and Mrs. Gray for the next two or three weeks.

G. Nicholson is in the Grand Forks hospital suffering from a badly poisoned hand.

The Women's Auxilary held their meeting at the home of Mrs. M. C. Gane on Wednesbay, Feb. 8.

J. Harrison, of Midway, is spending two weeks at his ranch at Matthew's lake, Nicholson creek.

Mr. and Mrs. E. P. Rock and family have moved from Midway to Kettle Valley where they will reside.

A Valentine's Dance will be given by the Women's Institute in Riverside Hall, Rock Creek, on Feb. 10th.

A card party and dance was held in the Co-Operative Hall, Rock Creek, last Saturday. The prizes were awarded to Mrs. Gray, ladies first, H. Whiting, gents first. The booby prizes were won by Mrs. Rusch and Steve Pittendrigh.

A unique event is taking place at Rock Creek on Feb. 24. This being a musical revue play which has been written and is to be acted by entirely local talent. There is a cast of over 30 performers and there are to be lots of fancy dances and songs. The scene takes place in New York, Egypt, Japan and Spain, where a bull fight is held. The bull is causing anxiety to the mothers and babies in the district and there are also rumors of a blood thirsty band of cut-throat robbers also some dainty gheisha's, who dance and sing. It will be something quite new in the way of entertainments and will provide a good evening's amusement. Supper and a dance to follow.

Boundary Falls School Report for January

A. G. McLaren, Teacher

Days school in session	21
Total attendance	214.5
Average attendance	10.21

Perfect attendance:

Daniel Boltz, Andrew Swanlund.

Proficiency list: Intermediate Grade, Annie Swanlund; Junior Grade, Jovie Klenosky.

Jack Cruse has set up a sawing outfit near his house and will begin cutting in a few days. He is being assisted by Charlie Cruse.

Just when we had made up our minds the cold snap was here to stay, the chinook comes along and knocks our plans all away.

"Don't Ever Marry"

Don't Ever Marry" was the injunction given Joe Benson just three hours before he was secretly wed to the girl of his choice. "Troubles always star with marriage" was the rest of the warning and within 12 hours after his wedding Joe had accumulated enough to last an average man through a life time.

"Don't Ever Marry" is the title of the Marshall Neilan production which tells the funniest fascinating story of the troubles which Joe Benson ran into by marrying. It will be the attraction at the Greenwood Theatre, on Saturday, Feb. 11th.

The stars in this picture are Wesley "Freckles" Barry as the bellhop, Marjorie Daw as the bride and Matt Moore as the groom with a brilliant cast of supporting players.

Canada's Needs

No. 6—Scientific Research

In the course of the several articles which have appeared in this column under the above general heading, some of Canada's needs have been enumerated but only in the most general way has any attempt been made to suggest ways and means of meeting and providing for those needs. Recently, however, a little pamphlet has been issued by the Honorary Advisory Council for Scientific and Industrial Research which merits the serious consideration of the Canadian people and is worthy of the widest possible circulation. It presents at least one very practical suggestion how some of the needs referred to, more particularly in the fourth article of this series, can be met. It is, therefore, proposed to quote at some length from the pamphlet in question which is entitled "Research and the Problems of Unemployment, Business Depression and National Finance in Canada."

"I am not a protectionist but I say this," declared a statesman now dead. "The variety of work carried on among the citizens of Canada should be as comprehensive as possible.

"Not because we are thus enabled to boast of the number of our trades—that would be mere vanity.

"Not merely because our country should be able to fill as many as possible of its own needs without having to ask foreign aid.

"Not merely because we should learn as soon as possible to finish the raw material with which Nature endowed us—rather than confess our helplessness by asking foreigners to finish them for us and giving them the wages and the profit on our raw matreials.

"Not merely because our country should as soon as possible escape from dependence for its prosperity on any one kind of production but should divide the risk among many.

"But because Canada should retain her most ambitious sons and daughters within her own boundaries by encouraging for their sakes that variety of occupation from engineering to farming—from chemistry to literature—which, if they want the highest awards and honors, they are still compelled nowadays to seek abroad."

One of the serious drains on the strength of the Dominion of Canada is the annual loss of engineers, chemists, scientific farmers and technical experts—whose training paid for by Canadians in Canadian schools and universities supported by Canadian public money, thus goes out to make foreign countries rich and place Canada further in their debt for foreign goods and services.

Monopolies of knowledge—that is, monopolies of special branches of technical knowledge—constitute one of the most powerful weapons of trade today.

Secret agreements, combines, trusts and the ordinary method of "conspiracies in the restraint of trade," become very mild and impotent weapons when compared to such formidable instruments as, for example, a secret chemical formula that might be scribbled on the back of a calling card.

In the bloodless wars for international trade it is the armies of chemists and engineers that must be mobilized, drilled and directed against the parapets of unknown scientific facts. Export duties, credit leagues, intelligence departments, persuasive salesmanship and even the magic of a great flag, cannot win or cannot hold, for long, trade for a country whose producers are not armed with scientific knowledge of their work.

A great camera manufacturing concern in the United States is able to dominate its field in at least half the world because it knows more scientific secrets of that trade than any one else. Because, if a new concern started in opposition, it need only reach into its pigeon holes for some new formula—not otherwise convenient to exploit at present—by which to raise its product one step beyond the competition of the would-be rival.

So in steel-making! So in the manufacture of electrical apparatus! So in textiles! So in chemistry! So in agriculture! So in every important branch of human industry!

So in Canada—as compared to other nations—everyone of our industries is threatened, and must ultimately fall under the thrall of foreign domination unless it keeps pace with the advances in technical knowledge.

So, unless we master all that is to be known regarding the nature and possibilities of our vast supplies of varied raw materials, Canadians must ultimately find themselves at the mercy of foreigners who know how to prepare our riches for purposes of commerce.

Fifty concerns in the United States retain research departments at costs ranging from $25,000 to $2,000,000 a year. In England, France and Germany, the race for technical knowledge for purposes of trade gathers speed. The mere digger out of raw materials gets the pay of a laborer. The nation that can finish its raw materials trebles and quadruples its rewards.

The question is—Shall Canada keep reasonably in pace with the modern movement? Shall Canada add to her natural possessions a superior knowledge of how to use them?

Can the needed variety of occupations for ambitious Canadian sons and daughters be maintained unless she does make places for such knowledge and encourage those who extend it?

Can the burdens of Canadian taxation and the evils of unemployment be offset if Canada, in her struggle for markets and for good returns on her wares, does not posses herself of the instrument of technical knowledge?

(To be continued

Reporter Will Live In Haunted House

Owner Claims Many Mysterious Things Have Happened

By drawing lots, a member of the reportial staff of the Halifax Herald was selected to live two weeks in a deserted farm house, alleged to be haunted, at Caledonia Mills, an isolated spot in Antigonish County, N.S. The owner of the farm house, Alex. McDonald, moved away with his family, alleging that numerous little fires had a habit of breaking out in unlikely places about the house, and that spooks had been riding his horses at night and scattering his cattle over the landscape.

A safe and sure medicine for a child troubled with worms is Mother Graves' Worm Exterminator.

Her Hope

An old negro woman, standing by the grave of her husband, shook her head and said mournfully: "Poor Rastus! I hope he's gone where I 'spec he ain't."

B.C. Lumber Exports

Shipments Last Year Totalled 188,733,299 Feet

Out of a total sale of all wood and lumber products from the mills of British Columbia last year amounting to 1,790,000,000 feet, there was exported to foreign countries as waster borne shipments 188,733,299 feet, the Hon. T. D. Pattullo, minister of lands, has announced.

In 1920 the total export was 146,624,000,000 feet and in 1919 it was 108,872,000,000 feet. For last year, British Columbia's lumber exports to foreign countries included under the class of water borne shipments came to 11 per cent. of the total scale of all wood products.

The Common Work

The best things are nearest; breath in your nostrils, light in your eyes, flowers at your feet, duties at your hand, the path of God just before you; then do not grasp at the stars, but do life's plain, common work as it comes; certain that daily duties and daily bread are the sweetest things of life.—Anon.

The mother who raises children to respect her doesn't get her theories from books.

Lots of people try to conceal themselves among the branches of their family trees.

Minard's Liniment for Distemper

Wireless Conference

Appointment of Canadians Is Now Deferred

The appointment of Canadian representatives to a technical conference on inter-imperial wireless stations probably will not be made immediately it is understood, owing to the number of other pressing matters the government has on hand. The report of the wireless telegraph commission recommended Canadian representatives be named for such a conference.

Canada is expected to go ahead with its share of the proposals eventually.

One of the reasons for delaying action on the recommendation is understood to lie in the proposed amalgamation of the naval department with militia and other departments of defence under one minister.

Plans for the amalgamation of the defence departments are expected to be completed in time to introduce a measure in the next parliament.

A Whale Story

Passengers See Liner Cut Big Whale In Two

The story of a 75-foot whale, which was neatly cleaved in twain by the prow of the Italian liner Presidente Wilson, was related by passengers when the vessel docked in New York.

The Presidente Wilson was sailing in mid-Atlantic when the whale was sighted lying directly across the course of the vessel. A hundred and fifty passengers lined the rails to see what would happen.

Passenger along the port rail heard a crash as the bow struck the huge mammal, saw the water turn pink and saw the head of the whale float astern. Those on the starboard rail experienced the same sensation—only they saw the tail float astern.

Banks In Canada

Since the signing of the armistice 1742 new branch offices have been opened by Canadian banks and 214 closed leaving the net increase 1528. Canadian banks have over 4,700 branches at home and 200 in other countries.

THE ORIGIN OF GALL STONES

They are simply dried bile made up of Crystalline constituents of that fluid. Very common is this disease among merchants, clergymen, shop girls, and those of sedentary habits. Prevention consists in maintaining correct action of the liver and bowels, and this is speedily accomplished by using Dr. Hamilton's Pills. No person using Dr. Hamilton's Pills will be subject to bilious fits. Sound digestion, good appetite, a clear color will evidence the health giving properties of Dr. Hamilton's Pills which are safest and best for general family use. When a laxative is needed, when you feel out of sorts, that's the time to use Dr. Hamilton's Pills of Mandrake and Butternut. 25c all dealers or The Catarrhozone Co. Montreal.

Wood In Demand

Although many substitutes for wood have been devised, the great demand for timber continues to grow, and more wood is used in building construction today than before the discovery of concrete, and in the construction of railway cars than before the steel car was developed.—Col. W. B. Greley, United States chief forester.

Minard's Liniment for Warts, Corns, Etc.

What Pluck Did

A boy in New Jersey, eighteen years old has signed a contract to purchase a farm for $18,500. Orphaned at ten, he undertook to make a living for his aunt and three sisters from the farm that his father had rented. Not only did he do it but he saved money—enough now to pay the first installment on the purchase price of the property. He will come into full legal ownership when he is twenty-one years old. Opportunity still loves pluck.—Youth's Companion.

RUN-DOWN, NERVOUS?

Weak Women can Find the Help They Need

St. Thomas, Ont.—"Dr. Pierce's Favorite Prescription is a grand medicine for women who are at all nervous, weak or run-down, or who suffer with womanly ailments. I have not only taken it myself and been greatly benefited but I have known of many others who have been benefited, and in no case have I ever heard one word of condemnation against Dr. Pierce's Favorite Prescription, but always praise."—Mrs. Sarah Burke, 103 Scott St.

The use of Dr. Pierce's Favorite Prescription makes women happy by making them healthy. A great many women in every part of Canada owe their good health of today to this famous Prescription.

HAVE YOU STOMACH TROUBLE? This Woman Had Suffered Great Distress and Gives Her Experience

Dundalk, Ont.—"I am only too glad to tell what Dr. Pierce's Golden Medical Discovery has done for me. I doctored three months and got no relief but, thanks to Dr. Pierce's medicine, I found a cure at last. I will recommend it to any poor sufferer with ulcerated stomach and mouth. When I started taking the 'Discovery' I weighed 93 pounds; now I weigh 119. No other medicine for me."—Mrs. Malcolm McLaren.

You can quickly put yourself in A-1 condition by going to your druggist and obtaining Dr. Pierce's Golden Medical Discovery in tablets or liquid; or send 10c to Dr. Pierce's Laboratory in Bridgeburg, Ont., for trial pkg. and write for free medical advice.

MRS. ANNA E. HUGHES, Chicago, Ill.

Mrs. Anna E. Hughes, 22 West Elm St., Chicago, an artist who enjoys a wide and enviable reputation for skill in china painting, in relating the facts of her remarkable experience with Tanlac, says:

"I haven't enjoyed such good health or felt so well in every way in years as I do now. Before I took Tanlac I was so run down that half an hour at my work would tire me completely out and I was actually so nervous and weak that at times the brush would fall from my hands and I would have to quit work for the rest of the day. Every night I would lie awake for hours, miserable and nervous.

"My improvement after the first few doses of Tanlac was rapid and constant. I'm happy to say I'm well and strong now and feel better than in twenty years. Tanlac deserves every word of praise I can give it."

Tanlac is sold by all good druggists.

Fewer Americans Settling In Canada

Decline Attributed Partly to Stringent Financial Situation

With a total cash capital of $3,786,000 twelve thousand and eighty United States settlers entered Western Canada last year. This, according to the report of Thomas Gelley, commissioner of immigration, is a decrease of approximately 40 per cent. from 1920. In addition to cash effects valued at $982,070 were imported by the new settlers. The decline is attributed largely to the general poor condition of farming, the restriction of labor conditions and the stringent financial situation.

For Catarrh.—It is one of the chief recommendations of Dr. Thomas' Eclectric Oil that it can be used internally with as much success as it can outwardly. Sufferers from catarrh will find that the Oil when used according to directions will give prompt relief. Many sufferers from this ailment have found relief in the Oil and have sent testimonials.

India Nation of Farmers

The large majority of the population of India are engaged in agricultural pursuits, nearly 200,000,000 being engaged in tilling the soil or dependent for their living upon those so engaged.

Women and Asthma. Women are numbered among the sufferers from asthma by the countless thousands. In every climate they will be found, helpless in the grip of this relentless disease unless they have availed themselves of the proper remedy. Dr. J. D. Kellogg's Asthma Remedy has brought new hope and life to many such. Testimonials, sent entirely without solicitation, show the benefit it has wrought among women everywhere.

Golf At Pacific Coast

Game Is Played Every Day In the Year At Victoria

There are no better known golf courses in the Dominion than those at Victoria on Vancouver Island, no doubt due to the fact that the game is played every day in the year.

One of the delights of the winter visit to the Coast is to enjoy again the favored summer sport. It will, therefore, come as a pleasant announcement to know that the Canadian Pacific Railway has completed arrangements whereby guests of the Empress Hotel at Victoria will be accorded playing privileges on the excellent 18-hole Colwood Course.

Germany's 1921 Crop

The official German crop report gives the following production figures for 1921: Rye and wheat, 9,939,647 tons; barley, 1,935995 tons; oats, 5,010,983 tons; potatoes, 26,151,380 tons. Of this production the government's share is 2,500,000 tons, but only 70 per cent. has been delivered, the report says.

Furs From North

Five hundred thousand dollars worth of furs arrived in Edmonton from the north recently.

As many as twelve foreign languages are taught in some of the schools in Tokio.

In preparing kid for gloves, one London firm uses several thousand eggs a week.

Minard's Liniment for Colds, Etc.

Gray Crepe de Chine Tea Dance Frock

By Marie Belmont

Pointed panels find increasing favor, as they are invaluable in achieving the irregular hemline. Sometimes flying panels show points only at the bottom, as pictured here. In other frocks, the panel top is also pointed, with its tip attached at the waistline.

Gray crepe de chine is the medium for this attractive tea dance frock. It slips on over the head and is banded at the sleeves and panels in gray squirrel. A smart little squirrel choker is worn above the plain collar.

The gray satin hat shows corded rolls edging its turn-up brim, while silver pins are thrust through at either side.

Mother! Open Child's Bowels With California Fig Syrup

Your little one will love the "fruity" taste of "California Fig Syrup" even if constipated, bilious, irritable, feverish, or full of cold. A teaspoonful never fails to cleanse the liver and bowels. In a few hours you can see for yourself how thoroughly it works all the sour bile, and undigested food out of the bowels and you have a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggists for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

Propaganda Has Damaged France

Paris Temps Deplores the Picture of France Militant in Foreign Press

"France's image as it appeared before the war, although it has not changed, remaining calm and open to every generous idea, has been distorted in the eyes of our friends," says the Paris Temps in an editorial. "A helmeted, booted and spurred France has been substituted, prepared for all sorts of conquests. This is the image which astounds the French people when they see its reflection in the foreign press.

"There is no peasant, no worker in France whose heart is not filled with bitterness or sadness, who does not feel the tragic injustice, when he reads certain appreciations of his country's intentions so persistently repeated."

The newspaper finds French methods to blame for incidents like those that occurred in the Foyelle mission in Italy and "the sort of revolution in minds, which has occurred in America since the beginning of the Washington Conference to which France went with almost a halo of glory."

"Are its rays still as brilliant?" asks the Temps, which adds: "There, perhaps more than elsewhere, has the influence of adroit propaganda been seen, but, alas, not on France's side."

Failure to explain fully and completely France's position as regards submarines and an "unfounded charge" made by a member of the foreign delegation at Washington concerning France's opinion on submarines are further points which lead the Temps to demand that the new Premier "reform, re-organize, develop, intensify and co-ordinate" French propaganda abroad.

The reference to the incidents surrounding the Fayolle mission probably is connected with hostile demonstrations in Italy last September against the French mission which went there to attend exercises in honor of the Franco-Italian war dead. The mission was headed by Marshal Fayolle.

Shortage of Oil

Says the U.S. Has Oil For Only Twenty Years

A canvass of the oil reserves of the country has convinced the United States Geological Survey that the available supply is only 9,150,000,000 barrels. This is enough to satisfy the present requirements of the country for only twenty years, provided the oil can be taken out of the ground as fast as it is wanted.

The experts of the survey estimate, however, that the oil cannot all be discovered, much less taken out, inside of twenty years, and assert that the time is rapidly approaching when this country will have to depend more and more on foreign countries to obtain all the oil it needs. They warn the nation that it must avoid waste of oil and make an urgent plea for the development of new methods for the extraction of every ounce of oil from the earth.

WINTER WEATHER HARD ON LITTLE ONES

Our Canadian winters are exceedingly hard on the health of little ones. The weather is often so severe that the mother cannot take the little ones out for an airing. The consequence is that baby is confined to overheated, badly ventilated rooms; takes cold and becomes cross and peevish. Baby's Own Tablets should be given to keep the little ones healthy. They are a mild laxative which regulate the stomach and bowels and thus prevent colds The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

To Cross Niagara Falls On A Wire

James E. Hardy, a native and resident of Toronto, who crossed the Niagara River near the falls on a wire twice in July, 1896, is going to try the feat again this summer, he announced. Mr. Hardy is 48 years of age.

There is said to be one telephone to each eight inhabitants of the United States.

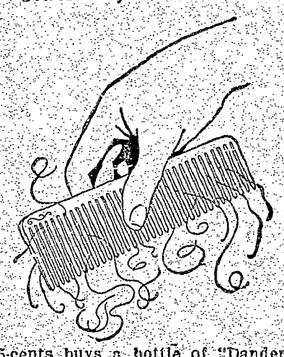
Stops Hair Coming Out; Thickens, Beautifies.



35 cents buys a bottle of "Danderine at any drug store. After one application you cannot find a particle of dandruff or a falling hair. Besides, every hair shows new life, vigor, brightness, more color and abundance.

RHEUMATIC ACHES QUICKLY RELIEVED

THE racking, agonizing rheumatic ache is quickly relieved by an application of Sloan's Liniment.

For forty years, folks all over the world have found Sloan's to be the natural enemy of pains and aches.

It penetrates without rubbing.

You can just tell by its healthy, stimulating odor that it is going to do you good.

Keep Sloan's handy for neuralgia, sciatica, lame back, stiff joints, sore muscles, strains and sprains.

At all druggists—35c, 70c, $1.40. Made in Canada.

Sloan's Liniment (Pain's enemy)

Dairy Farms Change Hands

Experienced Dairymen Take Over Farm in Fraser Valley

One of the largest dairy farms in the Fraser Valley, the Harry Hayton Ranch at Matsqui, B.C., changed hands recently when the McCutcheon Brothers, of Edmonton, Alta., purchased the property from the Hayton heirs for $60,000. The new owners are experienced dairymen. Several other important real estate deals have been put through. One of these is the purchase of the Charles Marston ranch, adjacent to the Hayton property, by Mr. Thomas Smith another prairie man.

During the courtship a young man is never out of danger until the girl says "No" three times.

The Joy of Living.

When you waken with no appetite, a dread of the day's work and your head heavy, your digestive organs are probably calling for just the help which Mother Seigel's Syrup can give them. The medicinal extracts of more than ten different roots, barks and leaves restore the natural healthy action of liver and stomach. Meals are enjoyed, that tired feeling disappears, and you know the joy of living. Sold in 50c. and $1.00 bottles at drug stores. 10-921

CORNS

Lift Off with Fingers

Doesn't hurt a bit! Drop a little "Freezone" on an aching corn, instantly that corn stops hurting, then shortly you lift it right off with fingers. Truly!

Your druggist sells a tiny bottle of "Freezone" for a few cents, sufficient to remove every hard corn, soft corn, or corn between the toes, and the callouses, without soreness or irritation.

CASCARETS 10¢

For Constipated Bowels, Sick Headache, Sour Stomach, Bilious Liver

The nicest cathartic-laxative in the world to physic your liver and bowels, when you have Dizzy Headache Colds, Biliousness, Indigestion, or Upset, Acid Stomach is candy-like "Cascarets." One or two tonight will empty your bowels completely by morning, and you will feel splendid. "They work while you sleep." Cascarets never stir you up or gripe like Salts, Pills, Calomel or Oil and they cost only ten cents a box. Children love Cascarets too.

Genuine

BAYER

Bayer Tablets of Aspirin

Aspirin

WARNING! Say "Bayer" when you buy Aspirin. Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances?

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

Colds	Headache	Rheumatism
Toothache	Neuralgia	Neuritis
Earache	Lumbago	Pain, Pain

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

LET GILLETT'S LYE DO IT

Make it your handy household assistant. Use it for making soap, in washing dishes, for cleaning sinks, refrigerators, garbage cans, etc., for cleaning clogged drain pipes, for removing grease and smoke stains, for scrubbing floors and tiling. You will find that the systematic use of Gillett's Lye will keep everything around the kitchen and bath room clean, sweet and wholesome. Cleans and disinfects. Is economical and sure in its effects. Has been the standard for over 50 years. It saves labor, time and trouble.

EATS DIRT

Record Established By Clyde Shipyards

Eight Steamers Were Launched During Month of January

A record output was established by the Clyde shipyards for the month of January, eight steamers, nearly all oil burners and aggregating 525,000 tons having been launched.

Two of the largest were the Athenia of the Anchor Donaldson Line which is to be used in the Glasgow-Montreal passenger and freight service and the Bendiga, of the Peninsular and Oriental line.

For 1921, 24 vessels of 511,000 tons were completed on the Clyde. This was a decrease of 31 vessels and 161,000 tons compared with 1920.

BEECHAM'S PILLS Sweeten the Stomach

Cook's Cotton Root Compound

A safe, reliable regulating medicine. Sold in three degrees of strength—No. 1, $1; No. 2, $3; No. 3, $5 per box. Sold by all druggists, or sent prepaid on receipt of price. Free pamphlet. Address: THE COOK MEDICINE CO., TORONTO, ONT. (Formerly Windsor.)

Increases Prize For Cancer Cure

Sir Wm. Vener Offers Another Ten Thousand Pounds

The offer of £20,000 by Lord Atholstan, of Montreal, to the university graduate of any city who will discover a cure for cancer within next five years has appealed so strongly to Sir William Vener, director of a drug company in Manchester, who, a year ago or so, had a distressing experience through a false diagnosis, that he desires to supplement it by offering another ten thousand pounds to any student or graduate who, within the next five years is able to satisfy the Royal College of Physicians and Surgeons in London that he has discovered a cure not surgical.

The city of Muskegon, Mich., has loaned $10,000, without security, to those of its citizens who are out of work and in need.

Moorish society knows no class distinctions, except that a man is rich or poor, official or non-official, saintly or ordinary.

ECZEMA You are not experimenting when you use Dr. Chase's Ointment for Eczema and Skin Irritations. It relieves at once and gradually heals the skin. Sample box Dr. Chase's Ointment free if you mention this paper and send 2c. stamp for postage. 60c a box; all dealers or Edmanson, Bates & Co., Limited, Toronto

Specify "Imperial" Linotype "Imperial" Stereotype "Imperial" Intertype "Imperial" Monotype

From the very start "Imperial" Type metals found favor with the leading newspapers of that time. That was because we recognized the peculiar quality of metal necessary and experimented until our results satisfied us. That it satisfied others—is satisfying others—is eloquently proven by the fact that 90 per cent. of the Printing Establishments in Canada are consistent and regular users.

Relic Of Babylonian Times

Interesting Discovery Recently Made In Asia Minor

The ruins of a Babylonian colony dating back 2,400 years before the Christian era, have been discovered at Koisa Nyck, in Asia Minor. The remains discovered prove that the community which lived there was partly military and partly commercial.

Cuneiform inscriptions give many curious details of the organization of the city, which was governed by a prince and prefect, assisted by a princess and a female prefect, whose powers are said to have been precisely equal to those of their male colleagues. The city was known to its admirers as Burns and seems to have been one of the earliest homes of female emancipation.

Records of a regular postal delivery service have been found, the letters being written on baked tiles, of a circular shape. References to an early form of the cheque system have been discovered, a bearer cheque being found which contains instructions to the addressee to pay to the person named in it a stated sum.

To Help Russia

Government Ready to Co-operate Regarding Canada Aiding Russia

The government is prepared to consider means of co-operating with voluntary agencies, should they succeed in effecting some responsible relief organization of which the government could approve, for extending relief to famine-stricken Russia says a statement issued by the Prime Minister's office.

A national organization similar to the "save the children" fund in Great Britain is suggested as a means of co-ordinating Russian famine relief efforts in Canada.

"The Canadian Government," says the statement, "does not feel that it would be justified in attempting to meet Russian famine relief by an appropriation of public moneys unaccompanied by contributions from private sources and organized voluntary effort on the part of the Canadian people."

Italian Novelist Dies

Giovanni Verga, noted Italian novelist and poet, died at Rome recently at the age of 82 years. One of his best known works was Cavalleria Rusticana, from which Mascagni's opera was adapted.

Minard's Liniment for Garget in Cows

Be fair to your local merchants. Ask to see his goods and compare prices before sending your money to the mail order houses. You will find that it pays.

Dye Skirt, Dress Or Faded Draperies In Diamond Dyes

Each package of "Diamond Dyes" contains directions so simple that any woman can dye or tint faded, shabby skirts, dresses, waists, coats, sweaters, stockings, hangings, draperies, everything like new. Buy "Diamond Dyes"—no other kind—then perfect home dyeing is guaranteed, even if you have never dyed before. Tell your druggist whether the material you wish to dye is wool or silk, or whether it is linen, cotton, or mixed goods. Diamond Dyes never streak, spot, fade, or run.

Egyptian women perform a strange ceremonial dance at funerals which archaeologists have traced back to the ancient ritual for the dead.

Many people are almost crippled with corns. But it is needless suffering which can be speedily ended with Holloway's Corn Remover.

The industry of producing motion pictures in the United States represents an investment of five hundred million dollars.

"COLD IN THE HEAD"

is an acute attack of Nasal Catarrh. Those subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh.

HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System, thus reducing the inflammation and assisting Nature in restoring normal conditions.

All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.

What this world needs is an additional supply of men and women who talk less and say more.

MINARD'S "KING OF PAIN" LINIMENT

RHEUMATISM

Lumbago, Neuralgia, or any other pain, apply Minard's Liniment to the aching spot and get quick relief. Minard's is the remedy your grandmother used. There is nothing to equal it.

FOR SALE EVERYWHERE

Icebreakers Sent to Russia

British Cruisers Will Endeavor to Keep Port Open

Two huge ice-breaking cruisers, the Alexander Nevsky and the Sviatagol, have just been sent to Petrograd by British naval authorities to keep that Russian port open this winter, if possible.

They were built for Russia in the world war and were used by the allies at Archangel and in the White Sea during the occupancy of the Archangel district by American and other allied troops.

It is said that their names will be changed to Lenine and Trotzky. They are among the largest ice-breakers in the world and are so constructed as to break the ice around them by rolling as well as by pushing through the ice ahead of them.

If Tormented With Corns. Use Good Old "Putnam's."

It's really a simple thing to remove your corns, and without pain, if you apply Putnam's Painless Corn Extractor. It acts like magic, lifts out the corn, root and branch, leaves the skin smooth as silk. No failure with "Putnam's," 25c everywhere.

Farmers In Russia Dodge Wheat Taxes

Russian Collectors Locate 5,000,000 Acres of Concealed Cultivation

A special commission named to locate grainfields which were cultivated this year, but upon which the cultivators had failed to make any tax returns in kind, have located over 5,000,000 acres of concealed cultivation.

The tax upon grain is about 10 per cent. of the crop. The government is having great difficulty in collecting this levy in remote sections, especially in the Ukraine, where bandits and peasant bands resist the government agents.

WOMEN AND GIRLS WANT ROSY CHEEKS

They Can Be Had By Keeping the Blood Rich and Pure

Every woman—every girl—wants rosy cheeks. They mean not only beauty but good health. When a woman's blood is scanty or anaemic her color fades, she looks debilitated, is short of breath and her heart palpitates after slight exertion. Sometimes this trouble is accompanied by severe headaches, or pains in the back or sides. This condition is entirely due to weak, watery blood, and can only be cured by making the blood rich, red and pure. For this purpose try Dr. Williams Pink Pills, which act directly upon the blood, and in this way bring new health and strength to weak, ailing people. Mrs. Isaac W. Howell, Petitcodiac, N.B., tells of what Dr. Williams Pink Pills did for her as follows:—"For some time I had not been feeling well. I had been gradually growing weaker, and found it constantly growing harder to do my housework. I was very pale and had frequent headaches. I consulted a doctor and took his medicine for some time, but it did me no good. I found myself growing weaker, and taking faint and dizzy spells. A friend advised me to try Dr. Williams Pink Pills, and although I had nearly lost faith in all medicine, I got a supply and began their use. After a time I found they were helping me, and I gladly continued taking them, and ultimately found that the trouble that had afflicted me had vanished. I am giving this statement in the hope that my experience will be of benefit to others."

You can get Dr. Williams Pink Pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for $2.50, from The Dr. Williams Medicine Co., Brockville, Ont.

Canada Should Keep Her Cheese Industry

Large Amounts Could be Absorbed by Foreign Markets

Whilst Canada is materially no loser in the taking away from one industry to build up another, it would be regretful if the cheese industry, in which the Dominion has achieved such renown and created such a universal demand for her product, should be permitted to decline, and it is gratifying to witness indications of a return to pristine importance before serious loss has been effected. That the dairy industry is on a wonderful scale of ascending progress there is every evidence, and there still remain the widest possibilities for profit in the industry. Practically the entire output is at the present time exported, and there is no doubt that with the name it has universally won for itself foreign markets could absorb much more. The recent awards in London must assuredly be the occasion of fresh interest in this old Canadian industry.

Will Not Postpone Conference

The Italian foreign office has assured the Rome correspondent of the London Times that there is no likelihood of the postponement of the Genoa conference. Preparations, say Italian officials are progressing very satisfactorily and if the conference does not begin on March 8 it will not be due to Italian unpreparedness.

Five million miles of copper wire are used in New York's telephone system. This length is sufficient to circle the world, pass through space to the moon, circle that body and return to earth twenty-one times.

Women Vote in 21 Countries

Women now possess full suffrage rights in twenty-one countries.

Who Are Canadian Authors?

Drawing the Line Is Sometimes a Difficult Matter

Canadians, it is said, have no right to claim Robert V. Service as a Canadian poet, because he was born in England and nurtured in Scotland. Then, if we claim him as a Canadian because his work was done in Canada, we are asked what right we have to claim Gilbert Parker, Bliss Carman and others who were born in Canada and did most of their work in other countries. In the face of this dilemma we can only take refuge in the saying that it is difficult to draw the line.

We have to consider the place of birth, the place of education, where the author lived when he was doing his work and the nature of the field which he chose for his themes; and it may be that in some cases the honor must be divided. Take another case, that of statesmen. Sir John Macdonald and George Brown were both born in Scotland; we claim both as Canadians, but somehow Brown seems to be the more distinctively Scottish of the two. One consolation is that, there being no law or tribunal to decide, we can claim anybody we please, and we shall not be offended if there are rival claimants who pay us the compliment of sharing in our admiration. We are paying homage to the same Sovereign, not courting the same lady.—The Toronto Globe.

THOUSANDS CONVERTED

Through ignorance, many have suffered aches and pains long thought incurable. But doubt quickly turns to belief when Sciatica, Lumbago, and Neuralgia are healed with Nerviline. Its soothing healing powers are really wonderful. Nerviline sinks in quickly. It penetrates into the sore muscles and brings grateful relief. The hundred and one minor ills that come to every family yield quickly to Nerviline. Try it. 35c at all dealers.

Germany Building Ships

100 Vessels Are Built In Germany During 1921

One hundred vessel of approximately 460,000 gross tons, were built in Germany during 1921, according to information compiled by the American Bureau of Shipping. Of this number 18 of 86,000 tons were constructed for the Hamburg-American Line, which is developing joint services under an agreement with the American Ship and Commerce Corporation. Six ships were completed for Hugo Stinnes and two for the North German Lloyd.

Few motorships were built. Only six of the vessels come under this classification, despite the previous belief that Germany was heavily committed to the motor drive.

Figures obtained by the American bureau show 377,315 tons for eighty-two ships, an average of 4,610 tons each. If this average holds good on the other eighteen, the total would be about 460,000 tons.

Ships under construction at the end of the year are not included in the table.

Princess Mary's Income $30,000

Unless she forgoes her official income, Princess Mary will continue to draw, after her marriage, the annual sum of $30,000. This is provided under the civil list act of 1920 for each daughter of the sovereign "who attains the age of twenty-one years or marries." She draws it as long as she lives.

"Fur" in kettles and boilers is due to the action of boiling the water making certain carbonates in the water adhere to the vessel used.

People are always trying to dodge the man who thinks he can tell a funny story.

The Japanese rickshaw is said to have been invented by a missionary.

The Tobacco of Quality

½ LB. TINS and in packages

Poultry In Alberta

In the past ten years the number of poultry in Alberta has increased from two and a half million to four and a quarter million, nearly one hundred per cent. according to the provincial minister of agriculture for Alberta. Previously the local market consumed practically the entire production, but at the present time a steady export trade of eggs to Great Britain is being built up.

She Would Not Be Without Them

Mrs. Funk Tells Other Women About Dodd's Kidney Pills

She Suffered Terribly and Was so Bad She Could Not Do Her House Work —What Dodd's Kidney Pills Did For Her.

Winkler, Man. — (Special). — Just how Dodd's Kidney Pills have made a reputation as suffering women's best friend is again shown in the case of Mrs. J. J. Funk, a well known and highly respected resident of this place. Let her tell her story in her own words:

"I suffered for years from kidney trouble, female weakness and nervousness," Mrs. Funk says. "I was so bad I could not do my housework. I suffered terribly but after using Dodd's Kidney Pills I feel much better.

"I can do my housework again and I will keep on using Dodd's Kidney Pills until I am entirely well.

"I am well satisfied with what Dodd's Kidney Pills have done so far. Everybody who suffers should try them. I would not be without Dodd's Kidney Pills."

Ask your neighbors if Dodd's Kidney Pills are not the greatest of all kidney remedies.

The goldfish was originally brown in color, and is a native of Japan and China. Its golden color is due to selective breeding.

Time has Tested it.—Dr. Thomas' Eclectric Oil has been on the market upwards of fifty years and in that time it has proved a blessing to thousands. It is in high favor throughout Canada and its excellence has carried its fame beyond the seas. If it were double the price it would be a cheap liniment.

Saying Too Much

Man (to little brother of the adored one).—How are you, my boy? Do you know me?

Boy (eagerly).—Yes, sure I do. Pa said at breakfast that you are sister Mary's last hope.

WORLD HAPPENINGS BRIEFLY TOLD

Sir William F. Coates was re-elected Lord Mayor of Belfast.

Six hundred packing house workers voted unanimously to end the strike here at a mass meeting. The strike began December 5.

Abolition of pulque, the national drink of Mexico, is planned by President Obregon, according to a report to the U.S. Commerce Department.

Following a mysterious visit of two white men in a gas boat, a young Indian was found dead in the snow in the Kitmaat Indian village.

Mrs. W. M. Gibson, of Marsfield, P.E.I., died recently aged 100 years and eleven months. During the recent war she knitted eighty pairs of socks for soldiers.

Women from the Bengal and Punjab regions were among the speakers at a non-co-operatives meeting, which was dispersed by the police. One hundred and eight men were arrested.

Mrs. Helen Knickerbocker, 84, widow of Henry Knickerbocker, millionaire paper manufacturers, of New York, committed suicide by jumping from the eleventh floor window of her apartment.

Reports which have been in circulation abroad of the engagement of Princess Yolando of Italy and King Boris of Bulgaria were denied in Rome, says a Havas dispatch from the Italian capital.

For the theft of $1.75 from the poor box in the Dominion Methodist Church Notre Dame de Grace, Montreal, Charles Girard, alias Giroux, was sentenced to a year in prison by Judge Decarie in the court of special sessions.

Captain John Pritchard, former commodore of the Cunard Line fleet, died in London recently. He was the commander of the Mauretania on that vessel's maiden voyage from Liverpool to New York in 1907. He started his life at sea as a cabin boy.

Members of the Saskatchewan Cattle Bredeers' Association at their annual meeting, unanimously passed a resolution calling upon the Dominion Government to negotiate with the Government of the United States, to secure the removal of the Fordney tariff.

Save the bird in hand—
The others may be hard to catch

With enough money, enough time and enough luck, a man may get back the health he has lost—or part of it.

It takes patience, too.

And then there may be no success, or only a little.

It's better to save what you have than hunt for what you've lost—as the most successful health-restorers will tell you.

Much of the loss of health is due to faulty, careless diet. Wrong meals at all times and right meals at wrong times load the long-suffering digestive organs with elements of destruction, or starve the tissues and glands of needed elements.

Grape-Nuts is a delicious cereal food which has the qualities of scientific nutrition. It supplies the full richness of those splendid food grains, wheat and malted barley, together with the vital mineral elements, so often lacking from foods. Served with cream or good milk, Grape-Nuts gives full nourishment without over-loading the stomach.

A splendid thought for breakfast or lunch, for those who would keep health—

Grape Nuts—the Body Builder

"There's a Reason"

A man is indeed a wonder who can keep a light heart with a heavy liver.

To keep up appearances these days requires a mighty buoyant nature.

To think without reading is difficult; to read without thinking is ridiculous.

TIMES are a bit hard just now. If you do not know this you are behind the times.

POETS say that communion with the stars purifies our thoughts. Do these gentlemen mean movie stars?

EVERY rose has its thorn, and the pessimist will point out the fact that the thorn doesn't fade either.

SIGN in a store announces "Robert Burns Cigars." Quite likely he does! And from what we've noticed Robert isn't the only one.

THE only thing that keeps the world from going to the devil is the fact that everywhere we have optimists and pessimists — and ordinary people.

PEOPLE think religion is confined in an edifice, to be worshipped at an alter. In reality it is an attitude towards divinity which is reflected through life.

THERE'S a lot of argument whether women should wear breeches or not. But why waste time on argument? Can't most any married man bear witness that they have always worn 'em.

THE habit of half doing things, of doing things in a sloppy, slovenly way; the habit of aimless, purposeless working, has ruined more careers than almost anything else. System, order, and concentration, coupled with industry, will make a success of a one-talent man, while the habit of half doing things ruin the biggest-brained man in the world. Efficiency is the only path to success.

Proposed Creamery For Greenwood

Farmers and all those interested in a creamery, are requested to attend a Meeting in the Board of Trade Rooms, Greenwood, at 3 p.m., on Saturday, February 11th, 1922.

In Memory Of His Holiness Benedict XV

Who Passed Away January, 1922

Hushed is his voice, and Holy Church bends down her head
In mourning for the gentle shepherd of the flock;
Gone is Christ's Vicar from the fold, and Rock
Of faith he ruled! A Pontiff great is dead.
'Mid war's alarms he ever sought for peace.
And taught erring world that strife was sin.
God calls to Benedict! And his release.
Points up the path to Heaven and all therein.

Anaconda Shavings

(By Spoke-Shave)

Some of last week's shavings evidently caught fire.

The Anaconda Social Club will meet as usual Friday evening at 8 o'clock. Members are earnestly requested to be as punctual as possible. A great deal of business has to be done, and every minute of delay means less pleasure. Owing to unforseen circumstances the "Hard Times" dance has to be posponed until Friday, Feb. 17th. Admission: gents, 25c. Ladies are expected to bring eatables. Two prizes will be awarded for the best hard times costumes—lady and gent. Heavy fines will be demanded of all individuals who present themselves wearing white shirts. No flowers by special request.

Even the cows of Anacondian origin have great rustling and intellectual powers. A visitor drove up in his rig and left a bag of spuds. He went in—the cow came out—the spuds disappeared.

Operations are proceeding on the ex Keffer residence and some very fine lumber is on hand.

There was quite a renewal of activities at the Anaconda cattle market last week. Cattle advanced sharply, an inclination that was eagerly watched by all local ranchers.

The Anaconda dollar will evidently recuperate if exports continue in such a manner.

Imports for the week—Eaton's catalogue.

Experts report the Anaconda hog production for the year ending 1921, at 24 head.

Systematic feeding and handling of milch cows evidently pays. Five cows owned by E. F. Keir produced no less than 6,324 lbs of milk for the month ending January 31st, an average milking of 41 lbs per cow daily. The total for January being 4½ tons.

Frank Maletta has returned from a short trip up the river.

Messrs. Mellrud and Maloney have been ill for several weeks, but it is a pleasure to report them as recovering.

J. Boltz was a visitor in town on Monday from Boundary Falls.

With the Curlers

Three rinks from here went to Grand Forks last Friday and played two games with Grand Forks rinks. Each rink won a game and lost one. The feature of the trip was the hospitable manner in which Grand Forks treated the visitors. They were met at the station by the G. F. curlers who escorted them to the hotel where a special dinner was provided. President Rooke of the Grand Forks Curling Club was at the head of the table and D. McPherson and S. T. Hull of the Committee were also present. Another supper at 11 o'clock and still more at 2 a. m.—just before train time. Local curlers say they were never better treated and are hoping to be able to return the courtesy if any alteration in train service will allow the Grand Forks curlers to come to Greenwood. Many ladies were present watching the games and the Greenwood curlers found train time approaching all too quickly. D. McPherson fathered all his old associates in his own inimicable manner and every member of the Forks Club seemed anxious to outdo his fellow member in extending hospitality to the visitors. Tentative arrangements for a local Bonspiel were made, same to commence either on Feb. 10th or 17th.

On Wednesday night the K. of P.'s and Masons had a ten end game and resulted in victory for the Knights. After the game all the curlers were invited to the K. of P. Hall where they sat down to a sumptuous repast. Many witty speeches were made by victors and vanquished telling just how it happened.

Wm. Walmsley's rink has won two cups, the Warren and Ross, but they have kindly forfeited claim to the Ross Cup, which is now being completed for with reversed rinks.

P. H. McCurrach rink won the McLennan & McFeeley cup on Monay night.

HOCKEY

MIDWAY VS GREENWOOD

A good exhibition game of hockey was played at the local arena last Friday night when a team from Midway clashed with Greenwood. While the game was purely a friendly one a good brand of hockey was dished up and both teams played for all they were worth. Greenwood won by a score of 9 4 and while the score was one-sided it is no indication of the game for it was very keenly fought. Midway has the makings of some very good players and with a little more practice could easily launch out into senior games. Greenwood hockeyists should keep their eye on Fielding, Hill and McMynn and Caron for they would probably be quite an asset to the team next winter. Greenwood tried out a couple of young hopes in the persons of Eustis and Putzel and they played a very good game both showing all the requisites for making first class hockey players

The following is the line up:

Midway, Fielding, goal; Hill, point; G. McMynn, c. p.; Thomet, centre; Caron, rover; Hood, l.w.; E. McMcMynn, r.w.; R. Jackson, spare.

Greenwood, Royce, goal; Murray, point; Taylor, c. point; N. Docksteader, centre; Hallett, rover; P. Docksteader, l.w.; Eustis, r.w.; J. Putzel, spare.

Referee, G. Clerf.

Challenge

The Greenwood Hockey Club hereby challenge Anaconda to a hockey match.

Boy Scouts

Usual meeting on Friday at 7 p.m.

WOLF CUBS

Cubs meet as usual on Saturday at 2.30 p.m.

Card of Thanks

Mr. and Mrs. C. J. Cruse wish to thank their neighbors and friends for the kind sympathy and assistance given them during their recent sorrow.

Card of Thanks

Mrs. C. L. Riley and family desire to extend to all those who gave assistance and sympathy in their recent sad affliction.

—Synopsis of Land Act Amendments

Minimum price of first-class land reduced to $5 an acre; second-class to $2.50 an acre.

Pre-emption now confined to surveyed lands only.

Records will be granted covering only land suitable for agricultural purposes and which is non-timber land.

Partnership pre-emptions abolished but parties of not more than four may arrange for adjacent pre-emptions with joint residences, but each making necessary improvements on respective claims.

Pre-emptors must occupy claims for five years and must make improvements to value of $10 per acre, including clearing and cultivation of at least 5 acres, before receiving Crown Grant.

Where pre-emptor in occupation not less than 3 years, and has made proportionate improvements, he may because of ill-health, or other cause, be granted intermediate certificate of improvement and transfer his claim.

Records without permanent residence may be issued, provided applicant makes improvement to extent of $300 per annum and records same each year. Failure to make improvements or record same will operate as forfeiture. Title cannot be obtained in less than 5 years, and improvements of $10.00 per acre, including 5 acres cleared and cultivated, and residence of at least 2 years are required.

Pre-emptors holding Crown Grant may record another pre-emption, if he requires land in conjunction with his farm, without actual occupation, provided statutory improvements made and residence maintained on Crown granted land.

Unsurveyed areas not exceeding 20 acres, may be leased as homesites; title to be obtained after fulfilling residential and improvement conditions.

For grazing and industrial purposes areas exceeding 640 acres may be leased by one person or company.

Mill, factory or industrial sites on timber land not exceeding 40 acres may be purchased; conditions include payment of stumpage.

Natural hay meadows inaccessible by existing roads may be purchased conditional upon construction of a road to them. Rebate of one-half of cost of road, not exceeding half of purchase price, is made.

PRE-EMPTORS' FREE GRANTS ACT

The scope of this Act is enlarged to include all persons joining and serving with His Majesty's Forces. The time in which the heirs or devisees of a deceased pre-emptor may apply for title under this act is extended from one year from the death of such person, as formerly, until one year after the conclusion of the present war. This privilege is made retroactive.

No fees relating to pre-emptions are due or payable by soldiers on pre-emptions recorded after June 26, 1918. Taxes are remitted for five years.

Provisions for return of moneys accrued, due and been paid since August 4, 1914, on account of payments, fees or taxes on soldiers' pre-emptions.

Interest on agreements to purchase town or city lots held by members of Allied Forces, or dependents, acquired direct or indirect, remitted from enlistment to March 31st, 1920.

SUB-PURCHASERS OF CROWN LAND

Provision made for insurance of Crown Grants to sub-purchasers of Crown Lands, acquiring rights from purchasers who failed to complete purchase, involving forfeiture, on fulfillment of conditions of purchase, interest and taxes. Where sub-purchasers do not claim whole of original parcel, purchase price due and taxes may be distributed proportionately over whole area. Applications must be made by May 1, 1920.

GRAZING

Grazing Act, 1919, for systematic development of livestock industry provides for grazing districts and range administration under Commissioner. Annual grazing permits issued based on numbers ranged; priority for established owners. Stock owners may form Associations for range management. Free, or partially free, permits for settlers, campers or travellers up to ten head.

BRITISH COLUMBIA
The Mineral Province of Western Canada
TO END OF DECEMBER, 1920
Has produced Minerals valued as follows: Placer Gold, $75,944,203; Lode Gold, $102,753,823; Silver, $53,668,284; Lead $46,637,221; Copper, $161,513,864; Zinc, $19,896,466; Coal and Coke, $212,573,492; Building Stone, Brick, Cement, etc., $32,168,217; Miscellaneous Minerals, etc., $1,037,408; making its Mineral Production to the end of 1929 show an
Aggregate Value of $706,192,978
Production for Year Ending December, 1920, $35,543,084
The Mining Laws of this Province are more liberal and the fees lower than those of any other Province in the Dominion, or any colony in the British Empire.
Mineral locations are granted to discoverers for nominal fees.
Absolute Titles are obtained by developing such properties, the security of which is guaranteed by Crown Grants.
Full information, together with mining Reports and Maps, may be obtained gratis by addressing—
THE HON. THE MINISTER OF MINES
VICTORIA, British Columbia.
