DOMINION NOTES.

A $2 000 Temple for Odd Fellows.—Big Fire in Nova Scotia.—Divorced her Soldier Husband.

Killed by a Freight Train.—An Immense Forest Reserve.—Traffic Through the "Soo" Canal.

A reduction in C. P. R. passenger rates in Manitoba to three cents per mile was announced to take effect on the 15th inst.

Mr. George B. Reeve, general traffic manager of the Grand Trunk Railway has resigned. Mr. Reeve has been connected for many years with the Grand Trunk system.

The large mill and elevator of the Maritime Milling Company at New Glasgow, N. S., has been destroyed by fire. The loss was covered by $200,000 insurance.

The Grand Trunk Railway on 8th inst. announced an increase of ten cents per day in the wages of section men on portions of their system in Canada, to be effective April 1.

Twenty-five people were injured, none very seriously, by the overturning of a Canadian Pacific Railway train from Montreal in a snow-bank about 47 miles east of Toronto.

The Odd Fellows' $20,000 temple at Chatham, Ont., was formally dedicated on 8th inst. the ceremonies being performed by Dr. McLurg, of Woodstock, Grand Master of the Order.

A decree of divorce has been granted in St. Louis, Mo., to Ann Madeline Thomas, from her husband, G. W. Thomas, of Montreal, who is at present serving with the First Canadian contingent in South Africa.

Mr. Clarence J. McCraig, Montreal, has begun a suit in the non-jury court against Mr. Geo. Gooderham, President of the War Eagle Consolidated Mining & Development Co., for recovery of 29,500 shares of stock in the War Eagle Co., at 80 cents a share.

A big effort is being made to raise $70,000 for further endowing the Anglican See of Ontario. There are 62 parishes in all and $21,000 have, up to now, been received from 24 of them. A beginning will probably be made next year of collecting $10,000 in the New Westminster Diocese towards partly re-endowing its Bishopric.

A shocking accident happened on the railway a mile north of Barrie, Ont., on March 6, the victim being Frederick Payne, who was killed instantly by a freight train. As he was deaf he did not hear the train rounding a curve behind him. He was walking to church from the summer residence of his brother Mr. John Payne, of Toronto, of which he had charge during the winter. He was a widower, aged 63, and leaves one son.

The Canadian "Gazette" contains the Post Office Saving Bank figures for January. They show deposits $884,321, interest allowed on deposits $4,557, withdrawals $830,575, balance on hand on the 31st December $35,855,681, balance on 31st January $39,292,150. The figures for the Dominion banks are: Balance December 31, $15,351,218; deposits, $250,742; withdrawals, $341,228; balance 31st January, $15,210,732.

The Toronto "Telegram" observes:—The sentiment of British unity will perpetuate itself without the help of well meaning gentlemen who wish to introduce colonial representatives into the British Parliament at Westminster. Canada, Australia and South Africa are doing their best for Britain when they develop their own resources, and on that line Canada should be largely content to work for the greatness of the British Empire.

The Dominion Government has decided on an immense forest reserve, covering almost 2,000,000 acres, or 3,000 square miles, in the territory surrounding Lakes Temagami and Lady Evelyn, north of Lake Nipissing. This district will comprise one of the finest lots of timber in Ontario, being white and red pine and virgin forest, which will be permanently withdrawn from agricultural settlement. The trees are as yet not over-ripe and will not suffer if left standing for some time to come.

The total freight passing through the Sault Ste. Marie canal in 1899 was 25,255,510 tons, against but 7,548,022 tons in 1889, showing that the freight has increased more rapidly than the number of vessels, thus indicating in some degree the rapid increase in the size and capacity of the freight carrying vessels of the great lakes. The development of grain production of the extreme North-west during the decade is indicated by the fact that the wheat carried through the canal in 1899 was 16,231,554, while "grain other than wheat" in 1899 was 30,009,965, and in 1889 but 2,158,245 bushels.

PROVINCIAL NEWS.

To Erect a big Saw Mill.—A Volunteer Company for Trail.—Killed in a Snowslide.

A Fashionable Wedding.—Indians Want a Guest House at Vancouver.—"Red Paddy" Insane.

Rev. D. McG. Gandier has been elected Moderator of the Presbytery of Kootenay.

The Nelson "Tribune" remarks: "Having easily passed Rossland in the race, Nelson is now running Vancouver for first place on the Mainland."

Two millionaire lumbermen from Michigan were expected to arrive at Vancouver last week to choose a site for a monster saw mill to be erected there.

Mr. Baillie, formerly editor of the Kamloops "Inland Sentinel," is now making a tour of the mining districts in the interests of the B. C. "Mining Record."

Premier Martin has dispensed with the services of Mr. T. B. Atkins, formerly of the Kootenay "Mail," of Revelstoke, who was Secretary to the late Premier for several months.

Trail people are taking the initiatory steps towards forming a volunteer company. Mr. D. B. Stevens has received over seventy applications from eligible young men, who are very anxious to join.

On 8th inst. a snow slide at the Noble Five mine, near Sandon, killed Fred Sheppard, (married), of Cody, and Alex. MacFarlane (single), of West Bay, Cape Breton, and also injured a man named McNeill.

During the year 1899 there was a considerable amount of railway building in British Columbia, which was confined to the mining sections in the south and southeastern portion of the province or to East and West Kootenay and the Kettle River section.

Owing to the defeat of the Smith administration, those interested in raising a roughrider corps by popular subscription have given the matter up, as they depended upon the government to contribute half the cost, or at least transport the projected corps.

Naval Commander Arthur Gough Calthorp and Miss Effie Dunsmuir, daughter of the late Hon. Robert Dunsmuir, of Victoria, B. C., were married at St. George's Hanover Square, London, on Feb. 27. The Bishop of British Columbia officiated at the ceremony.

Mr. C. Wentworth Sarel, the responsible head of the Kamloops "Standard," has been committed for trial in the higher court of Victoria for publishing a defamatory libel on His Honor the Lieut.-Governor. The charge against Mr. Geo. Sheldon Williams, the supposed writer of the libel, was dismissed.

Benjamin Douglas, one of the oldest residents of New Westminster, is dead of paralysis. He was a very early pioneer and indentified with the history of the province, particularly Yale and New Westminster, and at one time was one of the most prominent business men on the Mainland of British Columbia.

Chief Horres of the Port Simpson Indians has asked the City of Vancouver to provide his tribe with a "guest house" that they may live in and hold their dances in after the fishing season and until the Dominion Day celebrations are over. Chief Horres says his young men spend $55,000 a year in that city.

The B. C. Electric Railway Company is increasing its capital to £450,000 by a new issue of 8,000 preferred shares at £10 each. As the preferred stock already amounts to £170,000 this issue will increase it to £230,000 and with the £250,000 ordinary shares will increase the capital to $450,000.

David Whitely, who is known all over Kootenay as "Red Paddy" is now in the Insane Asylum at New Westminster. "Red Paddy" was one of the pioneers of the Slocan, and located several properties on Reco Mountain. He also was one of the leaders in the rush to the headwaters of the Kettle River last Summer, and, with his partners, holds perhaps the richest claim in the new district.

Carl C. Dunlap and Alfred Dunlap, miners, just returned from Klondike, found their way into the new fortifications at Esquimalt naval yard, while strolling on the beach at low tide, and were arrested as spies by the guard. After two hours' detention they secured their dismissal on satisfying Captain Fagen, commanding officer at the station, that their trespass had been accidental, and, taking an oath not to disclose what they had seen.

WAR NOTES.

Patriotic Fund Mounting up.—A fine Charger for Lord Kitchener.—Boers used Explosive Bullets.

Galicians Want to Fight.—Chicken Man in a Tight Fix.—Kindly Messages from Buffalo and Bermuda.

The Canadian Patriotic Fund to date totals about $180,000.

Lord Roberts has accepted the honorary colonelcy of the City of London Imperial Volunteers.

Many women who are reported to be good shots are among the Boer prisoners at Cape Town.

The Dutch church has issued a manifesto in favor of both South African republics retaining complete independence.

A subscription list has been opened at the British Consulate, Copenhagen, Denmark, for the Princess of Wales' Hospital Fund.

President Steyn is reported to have given orders that none of the Army Medical Staff or of the Red Cross bearers are to be taken prisoners.

The Duke of Portland has bought from the London Cab Co-operative Company a magnificent charger which he intends to present to Lord Kitchener.

A gratifying feature of the war is the invariable courtesy which the British officers en route to the front display, at every station along the line, towards the Dutchmen they meet.

A recent despatch from Ladysmith says:—There are no Boers within 20 miles of here. Plenty of supplies are available and the troops are quickly recovering their strength. Many of the volunteers have been granted furloughs.

Telegraphing from Paardeberg before the surrender of General Cronje Lord Roberts said: Six men were wounded yesterday by hollow-nosed mauser bullets. The nickel is slit with four slits making the projectile of the most expansive and explosive nature possible.

At a concert recently given in Los Angeles, California, at which Mrs. Tomkinson of Vancouver recited "The Absent-Minded Beggar," $500 was subscribed to the Mansion House Fund. A pro Boer meeting arranged for the same evening proved a complete failure.

At Orange River the cunning Boers tried to trap the British by driving cattle into an open space near hills in which their marksmen were hidden, or by tethering ponies in similar places but the artifice was too transparent and met with no success.

The London correspondent of the Manchester "Guardian" says that Galician refugees in Canada have offered their services to this country for South Africa. "Of course the offer will not be accepted, but it has, I know, been transmitted to the authorities here."

Trooper Gorton, of the Imperial Light Horse, who succumbed to the twelve wounds he received in the attack on Ladysmith, was a young Johannesberg brewer from Burton. At Elandslaagte the chief magistrate of Johannesburg called out "Hullo, Gorton!" and shot him as he was returning the salutation.

"There was an obliging farmer here," wrote a Hussar from Arundel, "who used to bring chickens to our officers' mess, and refused payment for them. At last one night he was seen coming from the enemy's camp. The next night he returned to find his house occupied by our troops. I think they are going to shoot him."

Mr. William C. Cromwell, president of the City National Bank, Buffalo, N. Y., has sent the following message to the managers of the principal Canadian banks: "We beg to extend congratulations on the grand success of the British arms aided by Canadians. The right thinking American people are with the Mother Country."

His Excellency the Governor-General has received the following: "Bermuda, Feb. 28.—The members of the Hamilton Dinghy Club, while sympathizing deeply with the relatives and friends of those killed in South Africa, offer to England's noble sons their sincerest admiration of the great gallantry displayed by the Canadian contingent at Paardeberg."

A British-American Union, to aid the British wounded in South Africa and promote better relations between Great Britain and the United States, has been successfully established in Seattle. A leading member is the Rev. H. H. Gowen, F. R. G. S. formerly of New Westminster. The society expects to raise about $2,000 for the War Relief Fund.

option of the subscriber.

Though the columns of THE ADVANCE are always open for the discussion of matters of public interest and importance, we do not necessarily endorse any of the opinions expressed. Correspondence of a personal nature will not be published.

MONDAY, MARCH 19, 1900.

The Toronto "World" thus refers to one aspect of British Columbia politics: In the whole muddle the Lieutenant Governor has been brought conspicuously into contempt, and his release from office would be about the most popular move the Government at Ottawa could make in connection with British Columbia at the present time.

The inconvenience of having a non-resident Gold Commissioner for the Kettle River and Grand Forks Mining Divisions has at length been removed by giving the Mining Recorders for these divisions power to perform the duties usually pertaining to the office of Gold Commissioner. This concession to the reasonable requirements of those connected with mining in the Boundary country should have been made long since, but better late than never.

We publish to-day the resolutions adopted at the Liberal-Conservative convention held at Nelson last Friday. It will be seen that the adoption of Dominion party lines in Provincial politics was favored and that the other resolutions passed deal with matters of local as well as general importance. It was evident that Conservatives in the Coast cities were much interested in the decision of this convention upon the party lines question, for Mr. Alex. Lucas, Provincial organizer, was present and the result of the vote upon this question was at once telegraphed to the coast.

The Kamloops City Council has responded to an application from the Mining Committee of the Kamloops Board of Trade for a grant in aid of renting a room for the exhibition of mineral specimens, by voting $25.00 towards the mineral exhibit and $2 per month to cover lighting expenses. The Councils of Greenwood and Grand Forks might, by more liberal appropriations for similar exhibits in their respective towns, do the mining industry of the Boundary country material service. The Phoenix Board of Trade would probably follow suit and in due time Midway would doubtless do its part in so good a work.

Commenting on the rumor that in the event of the dismissal of Governor McInnes, Mr. Hewitt Bostock M. P. for Yale-Cariboo, would probably be appointed to the gubernatorial chair, the Nelson "Miner" says: "It would be a welcome exchange. Mr. McInnes is no good as Governor, and we would lose nothing by getting rid of him. Mr. Bostock is no good as a member, but he would make a safe and eminently respectable Lieutenant-Governor. It is said the rumor comes from Ottawa, and although burdened with a large-sized contingency let us hope it is true. The favor with which Mr. Bostock is regarded, however, will count for nothing until Mr. McInnes is dismissed. And there is no certainty that this will happen. * * * Mr. Bostock's succession is resting on slender threads that are liable to be broken; but it would be a pleasure, and above all a relief, if it were assured.

We give in another column particulars of the assessment roll values for the Rock Creek Division—which includes the whole Boundary country—of Yale District. Those of our readers who are interested may examine for themselves the details so we restrict our comment thereon to directing attention to the marked increase in the total amount of taxes collectible by the Provincial Government. For the year 1899 the amount was $6,692.64 if paid before July 1st, or $8,894 24 if paid on or after that date. For 1900 the corresponding amounts are $8,603 and $11,546.25 respectively. The increase in the amount of revenue derivable from this source is therefore nearly 20%. To this must be added the poll tax and the mining receipts and court fees of the whole Boundary district—the total amount collected from these sources at Midway alone for 1899 was $22,101.78—which should show a proportionate increase this year. From these figures an idea will be obtained of the amount of revenue the Provincial Government may look for from this district for the coming year irrespective of receipts from Crown land pre-emptions.

Not of One Mind.

It is stated that the Phoenix Liberal Association has passed a resolution favoring Dominion party lines in the forthcoming Provincial election. On the other hand the Greenwood Liberals are reported to have resolved that "at the present time they deem it inadvisable to hold a district convention for the purpose of nominating a Liberal candidate to contest the constituency at the approaching elections."

ting to discuss the present situation in Provincial politics and to appoint delegates to attend a Liberal-Conservative convention at Nelson on Friday 16th inst. Mr. Clive Pringle was chairman. The question of party lines was considered and a motion adverse to their adoption was submitted, but eventually an amendment "that in the opinion of this meeting the forthcoming Provincial elections should be conducted on party lines" was carried, with only one hand held up against it. Delegates representative of Greenwood, Midway, Phoenix and Eholt were appointed to go to Nelson and the meeting then adjourned.

Liberal-Conservative Convention.

About 40 delegates from Nelson, Rossland, Slocan, Ymir, Trail and the Boundary district attended the Liberal-Conservative convention held at Nelson last Friday, 16th inst. Dr. Bowes, of Rossland, was chairman and Mr. G. A. Stewart Potts of Greenwood, secretary. The delegates from the Boundary district present were Messrs. H. C. Shaw, H. T. Wilgress, Clive Pringle, George A. Stewart Potts and James Kerr, Greenwood; W. H. Cochrane, Phoenix; A. W. Ross, Columbia, and E. Askew, Grand Forks.

During the proceedings, which were marked by much enthusiasm and unanimity, the following resolutions were passed:

"That the origin of the Liberal-Conservative party may be traced to a crisis in the history of the country which necessitated an union of the best men of both parties for the unification and progress of the Dominion of Canada. A serious crisis exists in the Province of British Columbia at the present time. The principles of Liberal-Conservatives contain the only remedy for one man government, sectionalism and the undue influence of political adventurers. Therefore be it resolved: That in the opinion of this meeting the forthcoming Provincial elections be conducted upon party lines, the Liberal-Conservative party relying not solely upon party affiliation in Federal politics but also upon the broad principles of Liberal-Conservatism which will remedy the violent abuses of government in this Province."

"That in the opinion of this meeting there should be a redistribution of of seats throughout the Province upon a fair and equitable basis, and an immediate remedy by special legislation for the glaring anomaly in the representation of Rossland riding of West Kootenay by giving a member to the Boundary district."

"That this convention deprecates the existing disputes between labor and capital, and suggests that it will be the vocation of the government to carefully investigate the working of laws dealing with the industrial conditions, and general regulations between labor and capital in the Province, keeping in view the main object of government, the prosperity of the country and the well-being of its citizens."

"That this convention approves of the establishment of Employes' Relief Funds, under proper safeguards, for the benefit of workingmen employed in the mines, to be contributed to by the workmen, the employers and the Government. Such relief funds to be administered jointly by trustees appointed by the workmen, the employers and the Government, and to provide medical aid, and afford relief in cases of accident, sickness or death."

"That as mining is the most important industry in the Province our representatives should favor legislation fostering mining and protecting it against undue discrimination as compared with other industries and particularly in the following:

"1. That increased fees upon the recording of claims and obtaining of Crown grants should not be imposed.

"2. That taxation upon mining should be placed upon net income not as at present upon gross output and capital invested.

"3. That a proper distribution of the revenues derived from the mining districts should be made in furthering the construction of railroads, roads, trails and bridges in undeveloped mining districts.

"4. That the efficiency of the mining bureau, which has already been an effective advertisement of the Province, should be increased by the compilation and publication of monthly returns of mineral output, and by the advertisement of the Province by means of lectures, press advertising and ore exhibits under the direction of an energetic agent in London.

"5. That in these and all respects affecting the mining interests of the Province our representatives should act together for the better furthering and protection of the mining industry than heretofore."

"That this convention express its confidence in Mr. Charles Wilson, Q.C., the leader of the Liberal-Conservative party in British Columbia, and pledges him its heartiest support."

The meeting closed with cheers for the Queen and for Mr. Wilson.

Notices advertised in this week's ADVANCE are those of:—

Green Mountain, Black and Alfred, in Green Mountain camp, Keremeos Creek.

California, Kruger Mountain.

The "Dear Little Shamrock."

A Montreal press despatch dated March 15. says:—A famine of shamrocks is threatened in Eastern Canada, owing to the expected rush on St. Patrick's Day, due to the unusual prominence the Queen contemplates giving that day. In Toronto the little emblem, which in former years sold for 10 or 15 cents per pot, is being sold for 50 cents a pot, and the city florists are experiencing much difficulty in filling orders received already. The demand, they declare, is unprecedented.

Two days later ...ived at its destination.

at Crowell's Hotel. Their guests included Mr. and Mrs. J. R. Jacobs, of Midway, and Messrs. J. Erlich, A. H. Sperry, Byrne and Williams, of Greenwood.

Mr. J. S. Harrison last week came down from West Bridge, just above the junction of the West Fork and Main Kettle River. He holds very pronounced opinions upon the subject of the expenditure of public moneys on road and bridge construction in the neighborhood in which he lives. He thinks that much money is being needlessly expended on the bridge, which is being built in the wrong place, and that much better results from a prospector's point of view should have been obtained from so comparatively large an outlay of money on the road, which fails utterly to be of service for those most needing it, viz. those developing mineral claims in the neighborhood of Beaver Creek.

It is reported that Messrs. Snodgrass & Sons contemplate running a stage line into the Similkameen country, making Midway their eastern terminus. Should they do so they will hardly be able to start it until late in the spring. The opening of the railway to Greenwood took away mails and most of the passenger traffic of their stage line between that town and Grand Forks and it will not be many weeks before the railway will be opened to Midway, so that a similar result may be expected to soon follow, thus again curtailing their route at its eastern end. Under these circumstances it is but natural that attention should be turned to the district that is being developed farther west.

MINING NOTES.

Messrs. A. Hopper and W. McCormick are sanguine that another assessment will result in a good showing being made on the Mendocino claim, which is situate on Mr. Hopper's ranch, near Midway.

The Toronto "Mail and Empire" of a recent date, says: Fairview Corporation, which has been dormant for some time is again exhibiting signs of life. There has been quite a scramble among the brokers for the stock, with very little offering under five cents.

The big plant lately installed at the Sunset mine, Deadwood camp, was last Wednesday formally started by Mr. F. J. Finucane, manager of the Greenwood branch of the Bank of Montreal, who christened the plant in the time-honored way by breaking a bottle of wine.

It is reported that Mr. C. L. Thomet, of Midway, has obtained encouraging assays from quartz broken from a ledge which he stumbled across during the winter while out bear-hunting in country back from Camp McKinney with Mr. D. A. Cameron, manager of the Greenwood branch of the Canadian Bank of Commerc.

On 15 th inst. Mr. W. G. McMynn, of Midway, Mining Recorder for the Kettle River Mining Division received official advice that he had been empowered to perform the duties of Gold Commissioner for his division. It is reported that Mr. S. R. Almond, Mining Recorder at Grand Forks, has been authorized to act in a similar capacity for the Grand Forks Mining Division.

The King Mining Co., owning the Oro Denoro mine in Summit camp, will hold an extra-ordinary meeting of shareholders in Rossland on April 5th to consider the advisability of authorizing the directors to borrow $15,000 for the purchase of a larger compressor and other plant for the mine, which is said to be opening up in such a satisfactory manner as to require additional machinery for its more advantageous work.

The shaft on the Jewel mine, Long Lake camp, is now down 330 feet, and drifting will commence at once at the 310-foot level. The compressor has been installed, and is now in good running order. The superintendent of the property, Mr. Gilbert Mahon, intends going to Republic, Wash., to watch the installation of the new mill on the Republic mine, and decide whether the same method of treatment can be used to advantage at the Jewel. —Greenwood "Miner."

Railway Rates Reduced.

The Canadian Pacific Railway Company notifies the public of a reduction in freight rates between West Robson and Midway on its branch line, the Columbia and Western Railway. In the circular issued the reduced rates are given as follows:

West Robson to Cascade—1st class goods 54 cents per 100 lbs; 2nd, 48c; 3rd, 38c; 4th, 29c; 5th 26c; 6th, 22c; 7th, 17c; 8th, 18c; 9th, 21c; 10th, 15c.

West Robson to Grand Forks,—1st, 66c; 2nd, 55c; 3rd, 44c; 4th, 33; 5th, 30c; 6th, 24c; 7th, 19c; 8th 20c; 9th, 24c; 10th, 16c.

West Robson to Eholt—1st, 74c; 2nd, 62c; 3rd, 49c; 4th, 37c; 5th, 33c; 6th 27c; 7th, 21c; 8th, 23c; 9th, 27c; 10th, 18c.

West Robson to Greenwood—1st, 76c; 2nd, 64; 3rd, 51c; 4th, 38c; 5th, 34c; 6th, 28c; 7th, 21c; 8th, 23c; 9th, 28c; 10th, 18c.

West Robson to Midway,—1st, 80c; 2nd, 67c; 3rd, 54c; 4th, 40c; 5th, 36c; 6th, 30c; 7th, 22c; 8th, 24c; 9th, 30c; 10th, 19c.

cannery, to Winnifred, second daughter of Mr. D. R. McElmon (who many years ago came to this province from Nova Scotia and after a long residence at Blaine, settled at Greenwood in 1897), was celebrated in the Second Baptist Church, Blaine, Wash., on Monday evening last, by the Rev. R. D. Nevins, of Tacoma.

The church was very beautifully decorated and a large congregation was present to witness the ceremony. As the bridal party arrived the organist played the first notes of Mendelssohn's "Wedding March," the strains of which filled the building as the bride and her suite passed up the central aisle. The bride rested on the arm of Mr. George Terry, who gave her away, and was supported by Miss Caldwell, Miss Edith Jackson and Miss Wadhams, sister of the groom, while Miss Nellie McElmon attended her sister as maid of honor. Mr. Richard Spink, of Vancouver, supported the groom as best man.

At the conclusion of the ceremony the entire party adjourned to the residence of Mr. E. A. Wadhams, where the wedding breakfast was served, and on Tuesday morning Mr. and Mrs. A. E. Wadhams left on a bridal tour through California.

Good News for Fairview.

The Toronto "World" said, under date March 9th:—

The new activity in Fairview Corporation and the small rise in that stock which has occurred during the past two days, is due to the fact that a deal is understood to have been completed for the securing of ample funds for the company. As has been before stated, the corporation's chief property, the Stemwinder, is a very extensive low-grade proposition. A great amount of development work has been done upon it and mining engineers have reported that there is enough ore blocked out in the mine to keep from 60 to 100 stamps going for two or three years. It is understood that the ore runs on an average $5 a ton, and that the cost of mining and milling, if done on a large scale, can be brought down to $2 a ton, which would leave a profit of $3 a ton.

Notwithstanding these favorable conditions, the mine has been closed down for several months owing to exhaustion of treasury funds. Mr. Richard Russell, managing director of the company, has been in the east for some time, and it is now understood that he has completed arrangements for furnishing the management with ample funds. One of the largest of the shareholders, a Hamilton man, has formed a syndicate, which has undertaken to advance from $65,000 to $100,000 for the further equipment and operation of the property. The money is to be advanced to the Corporation, which in turn will give its assets as security. The money is to pay 7 per cent. per annum, and the understanding is that the syndicate is to have an option on the 1,000,000 shares of treasury stock still remaining for one year at 10 cents a share.

It is said that the Bank of Montreal some months ago arranged with Mr. Russell to furnish $40,000 to go on with the erection of the stamp mill on the Stemwinder, but that Dier and Davidson, two Victoria stockholders, objected to the deal, and it fell through.

District Assessment Figures.

Mr. C. A. R. Lambly, of Fairview, assessor and collector for the Rock Creek Division of Yale District, has kindly responded to an application from THE ADVANCE office for particulars of the assessment, by forwarding the following details:—

For the year 1899: Number of cattle 5592, hogs 90, sheep 179, horse 317. Number of acres assessed 130,65[illegible]. Value of real property as assessed $[illegible]506; real property tax at 4-5 of one per cent. $7,813.03, at 3-5 of one per cent $5,859.02. Number of acres of wild land assessed, 5125; value $9092.50; wild land tax at three per cent, $272.77, at 2½ per cent. $227.31. Value of personal property as assessed, $121,265; tax at ¾ of 1 per cent. $909.44; at ½ of 1 per cent $606.31. Total assessed tax higher rate $8894.24 at lower rate $6692.64.

For the year 1900: Number of cattle 4762, hogs 71, sheep 249, Horses 343. Number of acres assessed 129,957. Value of real property as assessed $1,262,459. Amount of real property tax at 4-5 of 1 per cent. $10,099.65; at 3-5 of 1 per cent. $7,574.74. Number of acres of wild land assessed 4,110; value of wild land $12,775; amount of wild land tax at 3 per cent. $383.25; at 2½ per cent. $319.37. Value of personal property as assessed, $141,780; amount of personal property tax at ¾ of 1 per cent. $1063.33, at ½ of one per cent. $708.89.

Total amount of assessed tax at full rate $11,546 25 at lower rate $8,693.

F. EICHOLTZ,
Oroville, Wash.

tute was convened in annual session on the morning of 8th inst. under the presidency of Mr. Geo. E. Drummond. The sum of $250 was voted to the Canadian Patriotic Fund and certain amendments affecting membership in the organization were introduced. The secretary read a detailed report from the various Provinces, which in substance showed the total mineral production for this year to be, approximately, $18,000,000 from the Yukon, $12,000,000 from British Columbia, $25,000,000 from Ontario, $3,000,000 from Quebec, and $8,000,000 from Nova Scotia or a total of nearly $70,000,000 as compared with $58,000,000 last year.

Balloting for election of the ensuing year's officers resulted as follows; President Mr. S. S. Fowler, M. E., Nelson, B. C.; Vice-Presidents, Messrs. Charles Fergie, M. E., Westville, N. S., and James McArthur, Sudbury, Ont.; Secretary, Mr. B. T. A. Bell, Ottawa; Treasurer, Mr. J. Stevenson Brown, Montreal; Council, from British Columbia, Messrs. E. B. Kirby and Bernard Macdonald, both of Rossland; from Ontario, Messrs. E. G. McConnell and Major R. G. Leckie; from Quebec, Messrs. J. F. Lewis and J. B. Smith; from Nova Scotia, Messrs. G. F. MacNaughton and H. S. Poole.
