THE MOYIE LEADER.

VOL. 4. NO 48. MOYIE, B. C., MARCH 15, 1902. $2 A YEAR

To Our Patrons

For the past two weeks we have been busy going all through our stock measuring up our

DRY GOODS!

Measuring dress goods, flannels, flannelette, canton flannels, prints, ginghams, cottons, linens, sheetings, muslins, silks, laces, ribbons. Counting up our big stock of mens' goods—serge suits, worsted suits, tweed suits, shirts, collars, neckties, underwear, top shirts, overalls, mackinaws, and sorting over our heavy stock of

BOOTS, SHOES AND RUBBER GOODS

Weighing over all our complete stock of groceries. In other words

Stock TAKING

and now is the time for bargains in remnants, and in all goods we want to clear out in order to get our stock cleaned up for spring goods coming in.

Reid, Campbell & COMPANY.

THE CANADIAN BANK OF COMMERCE

Paid Up Capital $8,000,000.

TEA TEA TEA

Try some of our Teas and we think you will use no other.

Ever since we began business we have made a specialty of good Tea, but we've never sold better Tea than we are selling just now. Our customers are not only satisfied with it, they're pleased with it and they simply won't go else when good Tea is needed.

One of the blends we sell are: MONSOON in 1lb lead packets and 3lb tins. BLUE RIBBON a pure Ceylon Tea, put up also in 1lb lead packets; considered by some a good family Tea. Special price on 5lb lots.

LIPTON'S, this is the Tea we recommend to those wanting specially good Tea; a little higher in price, but cheaper in the end. In half pound tins only.

Green Teas we handle GUNPOWDER and uncolored Japans.

MacEachern AND Macdonald.

DELEGATES TO OTTAWA

To Impress on Gov. Needed Laws.

THREE CAPABLE MEN

Government will Be Asked to Raise Import Duty on Manufactured Lead Products.

Last Wednesday James Cronin, manager of the St. Eugene mine, left for Ottawa, where he goes as a delegate of the Associated Boards of Trade of eastern British Columbia. G. O. Buchanan, the newly elected president of the board, and W. H. Aldridge, of the Trail smelter, are the other delegates.

Their mission, as stated in last week's Leader, is to impress upon the government the necessity of raising the import duty on manufactured lead products entering Canada. It is now only $2 a ton, while the same duty in the United States is $40 a ton. The Canadian government will be asked to raise the duty to a point level, or nearly so, with that of the United States.

A readjustment of the bounty on refined lead will also be a matter which will be given attention by the committee.

Mr. Cronin expects to remain in the east until about the 15th of April.

CRANBROOK ITEMS.

Cranbrook Herald:

Charles Campbell, the undertaker, is seriously ill with pneumonia.

The delivery horse of King & Co. has gone to horse heaven. It dropped dead one day last week.

L. M. Mansfield and wife came down from Jaffray on Sunday. Mr. Mansfield returned the same day, but Mrs. Mansfield remained to visit friends in Cranbrook.

Mr. Jameson, the new superintendent, arrived last week and has assumed his new duties on the Crow. He has met most of the business element of Cranbrook and has made a most favorable impression. The Herald predicts for him a successful career in in the west, as he is evidently a man of quick preceptions and possesses the energy to carry through what he undertakes.

The McKanlass aggregation of colored ministrels were in town Friday night. McKanlass, as a musician was not so bad, but the after show was a disgrace to any civilized community and the outfit should be run out of any town where they put up such a sensual and demoralizing entertainment. The jokes were rank, the reference were vile and the entire program of that part seemed to be arranged for the purpose of catering to the lowest order of mankind.

About 11 o'clock Tuesday night the Robinson-McKenzie saw mill was discovered to be on fire by some of the men employed there. Within a few moments the entire structure was a mass of flames and it was impossible to do anything to stay their progress. So rapidly did the fire spread, that within twenty minutes after it was discovered the mill shed was virtually a mass of ruins. The main mill shed was totally destroyed, with the machinery, including carriage, shafting, belting, pulleys, etc. The extent of the damage to the boilers and engine is not yet known, but it will be considerable. The planer was saved and none of the lumber was lost. Fortunately a new boiler and engine are on the way here and it will not take long to replace the rest of the machinery so that they will be ready to go ahead in a short time.

LOCAL NEWS.

Samuel Grant was in Cranbrook the first of the week.

Father Coccolo was in town for a couple of days this week.

The insurance companies represented by Beale & Elwell pay their losses promptly.

T. E. Collins passed through Moyie last Thursday on his way east.

P. J. Cahill was in Nelson the first of the week.

D. J. Elmer was in Cranbrook and Fort Steele this week.

There was a guest at the Hotel Drummond this week—the first for several moons.

Thos. Rader is talking of going to the Thunder Mountain district in Idaho in a short time.

Chas. Smith, engineer at the St. Eugene compressor, is taking a layoff for a few weeks and is visiting in Spokane.

Mrs. W. D. Hill of Cranbrook was in Moyie for a few days this week visiting with Mr. and Mrs. Ed Hill.

G. Campbell was quite sick during the early part of the week, but is now convalescent.

The old school house which will be used as a fire hall will be moved near McMahons building on the east side of Victoria street.

Hubert Haines, manager of the Canadian Bank of Commerce, Cranbrook, was in town last Sunday for a few hours.

P. D. Hope, deputy mining recorder, will collect the poll taxes in Moyie this year, instead of the constable as heretofore.

A. D. Drummond has been improving the yard in front of the courthouse this week, and intends planting flowers as soon as the weather will permit.

When Robinsons & McKenzie's saw mill was burning last Tuesday evening the flames so illuminated the sky that they could be plainly seen in Moyie.

G. G. Moffatt of Halifax, Nova Scotia, is spending a few weeks in Moyie the guest of his old friend M. A. Beale.

Miss Erna Niederstadt, daughter of Mr. and Mrs. Joseph Niederstadt, left last Wednesday for Nelson, where she will attend St. Joseph's convent.

W. R. Stone is improving his lot on Victoria street next to the Farrell block. He may decide to build on it during the coming summer.

Don't put off insuring because you are so very careful. No matter how careful you are you cannot govern the actions of your neighbors. They may be careless and your home may go up in smoke while you are taking a walk.

The engine in Park, Mitchell & Co.'s sawmill will be moved to Leitch's mill at Palmer's bar, and a new engine will be installed in the mill here. S. Richards and George Leitch were here this week taking the engine apart and packing it for shipment.

Chas. Crossman, road master for this division of the C. P. R., has purchased the handsome two story building built and occupied by Mr. J. C. Drewry as an office before the consolidation took place. The building will be moved down on the piece of ground of the C. P. R. near the station sometime during the coming summer.

METAL MARKET.

NEW YORK—Bar silver, 54¼ cents. Lead, $4.12½. Copper, $12.30.

Will Work on Lamb Creek.

"Scotty" McDonald and Frank Guindon have resumed work on the placer diggings on Lamb creek and they will make an effort to reach bed rock this spring.

P. T. Smyth and Wm. Gallup will go out next week and will also do some work.

Ice for the C. P. R.

The Arctic Ice Co. of Winnipeg had their outfit here this week and put up 20 carloads of ice for the C. P. R.

FOR BENEFIT FIRE BRIGADE

Boys to Give a Ball Monday Eve.

ON THE 17TH OF IRELAND

Fire Department in Need of Money to Buy Ladders, Axes, Lanterns and Other Things.

Next Monday evening, March 17, the members of the Moyie Fire Brigade will give a grand ball in the Odd Fellows hall for the benefit of the fire departement. A meeting of the brigade was held last Wednesday evening in Chief Ricker's store at which the various committees were appointed and all arrangements for the affair perfected. The department is in need of additional ladders, axes, buckets, lanterns, etc., and it is for the purchase of these that the money raised will be used. The boys should receive every encouragement in their good work.

Building Notes.

From present indications there will be considerable building going on in Moyie this spring.

Paul Jensen is building a neat residential cottage on his lot on South Tavistock street.

P. J. Bonner will also erect a residence in the south end of town in a short time. The plans have been drawn and the lumber purchased. Mr. Bonner intends moving his family here and making Moyie his permanent home.

D. J. Elmer, the local real estate agent, has received a letter from Dr. J. F. Reddy of Spokane, in which Mr. Reddy says that he intends to erect a building on his lots on the west side of Victoria street between Miner's hardware store and Mr. Elmer's building. The building will have two store rooms on the ground floor and a large hall up stairs. Work will be commenced on this building within a short time.

Gus King will Build a Mill.

The Montana Gold Mining Company whose main office is in Spokane, have engaged Mr. A. G. King to design and superintend the construction of a 50 ton mill for their mines near Deer Park, on Lower Arrow Lake. Mr. King is a mill man of a well established reputation, having been engaged in that class of work for a number of years in the Coeur d'Alenes and now employed at the St. Eugene mine, the mill of which he designed and built. The contract for the machinery was awarded to the Spokane Iron Works and consists of one Blake type crusher, two sets Cornish rolls, two four-compartment jigs, one three-compartment jig, one four foot Huntington mill, one Wilfley table, one Frue vanner, two six-foot trommels, elevators, classifiers, etc. In addition to this, Mr. King has designed and will build a series of settling tanks for the recovery of silver values which will escape the mill proper. All the machinery is designed with the special view of treating the class of ore found in the mines of the company and is made of the very best material. The company has six claims, five of which are crown granted. These claims have been steadily developed for several years past and a large quantity of ore is blocked out. On the 100 foot level a 200-foot drift has been run all in ore, the width of the ore at that point being nine feet, while careful average samples across the vein from wall to wall show the crude ore to have a value between $14 and $16. This will be concentrated three tons into one. All reports confirm the belief that the company has a property of exceptional value.—Spokane Mining.

Lots on Victoria street on easy payments. See D. J. Elmer.

GENERAL NEWS NOTES.

Ex-Governor John P. Altgeld, of Illinois, is dead.

The senate committee on isthmian canals has decided by a vote of 7 to 4 to report the Hepburn bill providing for the construction of an isthmian canal via the Nicaraguan route.

The Elko people propose to have a big time on the 24th of May. The residents of that town say that they will not spare any expense to make their celebration a great success.

The City Federation of Women's Clubs of Spokane has declared in favor of the admittance of the Chinese and Japanese to the United States on the same terms as people from other countries.

By using compressed air in the blowing of glass, a Dresden inventor has discovered a method of manufacturing glass vessels of unusually large size, such as bath tubs and kettles.

Mrs. Dunsmuir, wife of Premier Dunsmuir, yesterday received a letter from an anonymous writer warning her that if she did not keep her husband at home he would be shot. The premier handed the letter to the police, but took no other notice.

The Nelson Tribune has gone into liquidation. A winding-up order has been granted by Justice Walkem in the supreme court on the petition of John Houston as a creditor of the company. Charles S. Ink was appointed provisional liquidator.

The Tri-weekly Imperial Limited trains to cross the continent over the C. P. R. next summer will consist almost exclusively of palace, sleeping and dining cars and will carry neither mails nor express, which will be taken by regular passenger trains. The new train will be magnificently equipped on the lines adopted for the royal trains.

"Tommy" Ryan, champion middleweight boxer of the world, will not appear in the northwest. Word to this effect has been received by Manager Arnold of the Spokane Athletic club. In sporting circles this is taken to mean that the match scheduled between Ryan and Goff at Rossland will not take place.

The Mammoth Mining company at Wallace, Idaho, have announced that its men would hereafter be requested to work 10 hour shifts instead of 12. Owing to the limits of its contract with the smelting trust, the company was compelled to reduce its output, and gave the men the advantage of a 10 hour shift instead of laying them off one day in each week.

Telegrams received here from Cape Town represent the condition of Cecil Rhodes as most grave. Mr. Rhodes is suffering, according to these dispatches from angina pectoris; his heart is enlarged and is encroaching on the lung space. Relief is afforded by the periodical administration of oxygen. Dr. Jameson is in constant attendance upon the patient, who has been ill for some time. He sees no one except his close personal friends.

C. A. Gregg, who is well known in newspaper circles on the coast, and who for a short time was editor of the Rossland Miner, has brought suit against the Miner Printing & Publishing Co. for the sum of $1,000. The plaintiff alleges that a contract was entered into between the defendant company and himself by which he was to serve in the capacity of editor and manager of the Miner for the period of one year, and claims that by reason of his dismissal before the alleged contract had expired, he is entitled to five months' wages.

Vic Desaulnier Goes East.

Vic Desaulnier, of the Central hotel, left last Wednesday for the east. He will visit St. Paul, Chicago, Detroit, Montreal and several other eastern cities before he returns. This is the first layoff from business which Mr. Desaulnier has taken for several years, and it is the earnest wish of every person in Moyie that he enjoys himself.

Grant & Sheady Through Logging.

This week Messrs. Grant & Sheady finished what logging they wished to do at present and laid off the greater portion of their men. They have taken out between five and six million feet of logs this winter.

THE MOYIE LEADER.

RATES OF SUBSCRIPTION.

One Year.....$2.00

SATURDAY, MARCH 15, 1902.

It is the duty of every resident of the town to assist in making the firemen's ball, which will be held next Monday, a success.

Fernie is to be congratulated on securing the next annual meeting of the Associated Boards of Trade. These meetings should be held in East and West Kootenay alternately.

When Prince Henry of Prussia hears the cheering for "Teddy" he will want to turn back at once to Germany before the democratic multitude gets a chance to call him "Hank".—Toronto Telegram.

After all it may turn out that the Bunker Hill mine at Wardner will prove the salvation of the Coeur d'Alenes, says the Idaho State Tribune. The full operation of the Bunker Hill in spite of the smelter trust is teaching a lesson to the other mine operators which may inspire a spirit of independent action.

The Spokane Spokesman-Review comments that while Editor Houston is at Victoria attending to his legislative duties, his paper has gone to the wall—political life and journalism not making a successful mixture in British Columbia. But think of the prima facie evidence of Houston's honesty in politics!—Vancouver World.

Next Monday will be St. Patrick's Day, the day dedicated to the good old pation of Ireland and of all the Irish. There is no more popular saint today than St. Patrick, and that quarter of the globe in which the 17th of March is not duly honored is yet to be explored. It is truly a great day for Ireland—at home and abroad.

Two weeks ago the Leader gave the Aurora mine, near here, a brief descriptive writeup, telling the plain truth about the property without exaggeration or embellishment. So far this article has been copied in the Spokane Daily Chronicle, both the Vancouver Daily and Weekly World, the Rossland Daily World, the Nelson Daily Miner, the Cranbrook Herald and the Marysville Tribune. It is safe to say that this article alone appeared in between 40,000 and 50,000 copies and was read by that number of persons, if not more. Thus will be seen the good work of a local paper in advertising the resources of a camp.

News Advertiser: The duty of the Legislature is plain. The Government and Opposition should agree to pass a redistribution bill on a fair and equitable basis and then the House should be dissolved and an appeal taken to the constituencies. Neither party now possesses the confidence of the country. The present opposition cannot form a stable administration. Both sides in the House are discredited, and there will be no contentment until the inequalities in the representation are removed. There is only one course by which Mr. Dunsmuir can relieve the situation, and that is by giving the people an opportunity to express their views at the polls.

Lord Strathcona.

Lord Strathcona, now High Commissioner for Canada at the English court—and still young, though his snow-white hair tells a story of more than 80 years of life—was one of the principal partners of James J. Hill when the Great Northwestern Railroad magnate built the old St. Paul and Manitoba Railroad, afterward to be part of the Great Northern system. Lord Strathcona was plain Donald Smith then.

Upon the advice of Mr. Hill, Donald Smith invested in the Northern Pacific Railroad as it was built up. In time these holdings of Northern Pacific in the hands of the Canadian aggregated some 20,000 shares. They were held as investments, and the stock market knew little of their whereabouts.

When the strenuous fight for control of the Northern Pacific was in progress last spring the interests opposing the Hill-Morgan syndicate sent an ambassador to London to offer Lord Strathcona $20,000,000 for the shares he held—ten times their value. Possession of thies shares would have turned the tide of battle. But Lord Strathcona, in his inimitably courteous manner, rejected the proposition, saying:

"When I was young and with little money James J. Hill was one of my bert friends. His railroads have been my best investments since. No amount of money would tempt me to turn against him now."—New York Times.

NOTICE.

Take notice that I have applied to the chief commissioner of lands and works, Victoria, B. C., for a special license to cut and carry away timber on the following described vacant Crown lands in the southern division of the East Kootenay district, B. C. Commencing at a post marked Vic Desaulnier planted on the east side of Irishman creek on the north side of the railroad track; running 40 chains west; thence following the creek 160 chains south; thence 40 chains east; thence 160 chains north to place of commencement, containing 640 acres, more or less.

Dated Jan. 1, 1902. VICTOR DESAULNIER. 4—89.

Asthma Cure Free

Asthmalene Brings Instant Relief and Permanent Cure in all Cases.

SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.

WRITE YOUR NAME AND ADDRESS PLAINLY.

There is nothing like Asthmalene. It brings instant relief, even in the worst cases. It cures when all else fails.

The Rev. C. F. WELLS, of Villa Ridge, Ill., says: "Your trial bottle of Asthmalene received in good condition. I cannot tell you how thankful I feel for the good derived from it. I was a slave, chained with putrid sores throat and Asthma for ten years. I despaired of ever being cured. I saw your advertisement for the cure of this dreadful and tormenting disease, Asthma, and thought you had overspoken yourselves, but resolved to give it a trial. To my astonishment, the trial acted like a charm. Send me a full-size bottle."

Rev. Dr. Morris Wechsler,
Rabbi of the Cong. Bnai Israel.
New York, Jan. 3, 1901.

DR. TAFT BROS. MEDICINE CO.,

Gentlemen: Your Asthmalene is an excellent remedy for Asthma and Hay Fever, and its composition alleviates all troubles which combine with Asthma. Its success is astonishing and wonderful.

After having it carefully analyzed, we can state that Asthmalene contains no opium, morphine, chloroform or ether. Very truly yours,

REV. DR. MORRIS WECHSLER.

AVON SPRINGS, N. Y., Feb. 1, 1901

DR. TAFT BROS. MEDICINE CO.

Gentlemen: I write this testimonial from a sense of duty, having tested the wonderful effect of your Asthmalene, for the cure of asthma. My wife has been afflicted with spasmodic asthma for the past 12 years. Having exhausted my own skill as well as many others, I chanced to see your sign upon your windows on 130th street, New York, I at once obtained a bottle of Asthmalene. My wife commenced taking it about the first of November. I very soon noticed a radical improvement. After using one bottle her asthma has disappeared and she is entirely free from all symptoms. I feel that I can consistently recommend the medicine to all who are afflicted with this distressing disease. Yours respectfully, O. D. PHELPS, M. D.

DR. TAFT BROS. MEDICINE CO. Feb. 5, 1901.

Gentlemen: I was troubled with asthma for 22 years. I have tried numerous remedies, but they have all failed. I ran across your advertisement and started with a trial bottle. I found relief at once. I have since purchased your full sized bottle, and I am ever grateful. I have family of four children, and for six years was unable to work. I am now in the best of health and am doing business every day. This testimony you can make such use of as you see fit. Home addres, 235 Rivington street. S. RAPHAEL, 67 East 129th st., New York City.

TRIAL BOTTLE SENT ABSOLUTELY FREE ON RECEIPT OF POSTAL.

Do not delay. Write at once, addressing DR. TAFT BROS. MEDICINE CO., 79 East 130th St., N. Y. City.

A Little Knowledge.

When the sun is smiling bright
And makes the air delicious,
And I hide it with delight,
It plays a trick capricious,
Makes me fast into despair,
Is willy nilly,
Makes my breath, because the air
Is teeming with bacilli.

And I see a pretty lass
Thither straightway
My heart lest Cupid pass
Through the gateway,
Makes the matter plain,
Makes me groan and malish;
Makes me but to cause us pain
Makes a man look foolish.

On toast—ah, gentle bird,
Excellent in your glory,
Inspired by you we've heard
Charming bits of story!
Garnished aright,
Gay and shiver,
We've heard that you invite
Of the liver.

Seek a cloistered nook
The harmless pages;
Good antiseptic book
Any beverages,
Everything I like seems bad,
Grower most prolific,
And I lead a life that's sad,
Very scientific.

—Washington Star

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Address, F. J. CHENEY & CO., Toledo, O.

Sold by druggists, 75c.

Hall's Family Pills are the best.

HINTS FOR GIRLS

HOW TO PRESERVE HEALTH AND GOOD COLOR.

Pale, Sallow, or Anæmic Girls Restored to the Bright Freshness of Youth by Natural Means—Good Health Within the Reach of All.

From the Sun, Orangeville, Ont.

Miss Maggie Brownlee, of Orangeville, is a young lady well known to the residents of the town and greatly esteemed by all her acquaintances. Like thousands of other young girls throughout Canada, Miss Brownlee fell a victim to anæmia or watery blood, and for a time, as she says herself, feared she would never again enjoy robust health. Experiences like Miss Brownlee's cannot fail to be of benefit to other pale and anæmic girls, and for this reason she kindly consented to give a statement to the sun for publication. "My illness," said Miss Brownlee, "came on very gradually, and at first it merely seemed as though it was a feeling of depression and tiredness. I kept getting worse, however, and finally had to give up a good position. I was at times troubled with a throbbing, racking headache; my appetite gave out; the least exertion tired me, and my heart would beat painfully. My limbs seemed to feel like weights, and at other times there was a sinking sensation which I can scarcely describe. I was treated by a good doctor, and took a number of remedies, but without any improvement in my condition, and I began to fear that I was doomed to be an invalid. One day a friend who called to see me spoke very highly of Dr. Williams' Pink Pills, and what she said interested my mother so much that she bought a few boxes. I began taking them, and in the course of a few weeks there was no room to doubt that they were helping me. I continued taking the pills for a couple of months or more, when I felt as well and strong as ever I had been. It is about a year since I gave up taking the pills, and I have not since felt the need of any medicine. I think Dr. Williams' Pink Pills a grand medicine, and should be taken by all pale and feeble girls."

Dr. Williams' Pink Pills make rich, red blood with every dose taken, thus restoring the bloom of health, and the brightness and freshness of youth to pale and sallow cheeks. Through their action on the blood they cure such diseases as anæmia, nervousness, headache, rheumatism, dyspepsia, St. Vitus' dance, heart troubles, diseases of the kidneys, etc. These pills also cure the ailments that make the lives of so many women a constant misery. Sold in boxes, the wrapper around which bears the full name—Dr. Williams' Pink Pills for Pale People. Can be procured from druggists or will be sent by mail, post paid, at 50c. a box or six boxes for $2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

What do we live for if it is not to make life less difficult to each other? George Eliot.

THE BEST PILLS.—Mr. Wm. Vanderroort, Sydney Crossing, Ont., writes: "We have been using Parmelee's Pills, and find them by far the best pills we ever used." For delicate and debilitated constitutions, these pills act like a charm. Taken in small doses the effect is both a tonic and a stimulant, mildly exciting the secretions of the body, giving tone and vigor.

No one is useless in this world who lightens the burden of it for another.—Dickens.

When washing greasy dishes or pots and pans, Lever's Dry Soap (a powder), will remove the grease with the greatest ease.

If you tackle any problem that the All Wise One has designed for another you are speedily confronted by insurmountable obstacles.

Still Another Triumph.—Mr. Thomas S. Bullen, Sunderland, writes: "For fourteen years I was afflicted with Piles; and frequently I was unable to walk or sit; but four years ago I was cured by using Dr. Thomas Eclectric Oil. I have also been subject to Quinsy for over forty years, but Eclectric Oil cured it, and it was a permanent cure in both cases, as neither the Piles nor Quinsy have troubled me since."

He that is good for making excuses is seldom good for anything else.—Franklin.

You must first seek your own. It is then time to demand it. If your demand is refused it is then proper to go ahead.

HER BARGAIN DAY.

It Was One to Be Remembered by a Detroit Woman's Husband.

It was a Detroit lawyer who hired a tramp to do some work about his house the other day, and as he was a bit suspicious of him and as there were a lot of things around he could easily pick up it was suggested to the wife that she keep an eye on the fellow. This she agreed to do, and the lawyer departed for his office. After a couple of hours he telephoned, and she answered that everything was all right. He telephoned again as he went to lunch and got the same report. At 3 o'clock in the afternoon the wife telephoned that the man had suddenly disappeared and that she thought a harness from the barn had gone with him. The lawyer started for home at once, and within five minutes of getting there he had found that a thirty dollar harness was missing.

"I thought you agreed to watch him?" he said to his wife in indignant tones.

"Yes, I did," she replied, "and I had my eye on him most all the time. A fire engine went past, and I never went to the door. The ambulance came clanging along, and I never looked out. As many as three different peddlers called, but I would not bother with them. I think a street car struck a wagon on the block above and hurt a man, but I wouldn't go out to see."

"Then you must have fallen asleep."

"No, I didn't. It was just this way: An old clo' man came along."

"And what of it?"

"I knew you had an old overcoat hanging up stairs, and it was such a good chance to get rid of it."

"And so you quit watching the tramp to dicker with the old clo' man?"

"That was it, but it was the first old coat I ever sold, you know, and I was so anxious to make a good bargain."

"Well, your dicker over the old coat has cost me a thirty dollar harness," said the husband.

"Oh, but it hasn't!" she smilingly replied. "I made such a bargain selling that coat."

"How much did you get for it?"

"Forty-five cents, and I don't believe it was worth 30. We can afford to have a harness stolen every week if we can get such a big price for our old clothes."

The Caddie's Eyesight.

"Good eyesight is necessary for a caddie, isn't it?" asked the boy of no experience.

"Oh, I don't know," answered the experienced lad. "There's some couples in this club that'll pay you more for looking the other way an' not seein' anything than they will for findin' the balls. You've got to learn when to have the eyesight an' when not to have it."

Different.

Deacon—Somebody rung in a counterfeit dollar on the collection plate.

Minister—Well, never mind. We really didn't lose anything.

Deacon—But we did. He got away with 99 cents good money in exchange.—Judge.

THE CARE OF BABIES.

A Great Responsibility Rests on All Mothers—Baby Should Always Be Bright and Cheerful.

Babies that are well, sleep well, eat well, act well, and play well. A child that is not lively, rosy-cheeked and playful needs immediate attention or the results may be serious. Prudent mothers should always keep ready at hand a safe yet effective medicine to administer to their little ones as emergency arises. Such a medicine is Baby's Own Tablets. These Tablets do not act as the so-called "soothing medicines" do. They do not have a deadening or stupefying effect, but on the contrary go right to the seat of the trouble and by removing it cure the child and prevent a recurrence of the difficulty. All mothers who have used this medicine praise it and always keep it in the house. Mrs. G. Baines, Six Mile Lake, Ont., says:—"The Baby's Own Tablets which I ordered came just in time. My baby was very ill with indigestion and bowel trouble, but I am happy to say the tablets relieved him after a few doses and he is now doing splendidly, with just a Tablet now and then when a little restless. I am the mother of eight children, and I must say I have never had a medicine I thought as much of as Baby's Own Tablets, and I have tried all the old remedies. I think mothers ought always to keep them in the house in case of emergency."

These tablets cure all the minor ailments of children, such as constipation, sour stomach, colic, diarrhoea, indigestion and simple fever. They break up colds, prevent croup, and allay the irritation accompanying the cutting of teeth. They are for children of all ages, and dissolved in water can be given with absolute safety to the youngest infant. Sold by all druggists at 25 cents a box, or sent post paid on receipt of price by addressing the Dr. Williams Medicine Co., Brockville, Ont.

Temples of error, profit and greed fostered by ill-gotten gold must totter under the brilliancy of the light of truth.

It may be only a trifling cold, but neglect it and it will fasten its fangs in your lungs and you will soon be carried to an untimely grave. In this country we have sudden changes, and must expect to have coughs and colds. We cannot avoid them, but we can effect a cure by using Bickle's Anti-Consumptive Syrup, the medicine that has never been known to fail in curing coughs, colds, bronchitis, and all affections of the throat, lungs and chest.

The best advertiser is the one who keeps eternally at it.

Fever and ague and bilious derangements are positively cured by the use of Parmelee's Pills. They not only cleanse the stomach and bowels from all bilious matter, but they open the excretory vessels, causing them to pour copious effusions from the blood into the bowels, after which the corrupted mass is thrown out by the natural passage of the body. They are used as a general family medicine with the best results.

Be sure you are right and then open fire with your artillery.

THE TURPENTINE WOULDN'T WORK

THE PITIFUL EXPERIMENTS OF A YOUNG MAN TO CURE HIMSELF OF RHEUMATISM

Liniments, Oils, and Everything Failed to Relieve His Sufferings—He Used Dodd's Kidney Pills, and They Cured Him.

Boissevain, Man., Feb. 17.—(Special)—Five years ago, Mr. C. S. Holden, of this place, then quite a young man and a farmer's son, became almost a cripple with Rheumatism. His own account of his experience is very interesting. He says:

"For about a year and a half I had a dull pain in my right shoulder. It grew much worse in cold weather, and in winter was so bad that I could scarcely use my arm at all. When I went to bed I would have to take my left hand and hold my right shoulder to turn over. The pain was nearly unbearable. Words cannot express it. I often said if I had to endure such pain all my life I would rather have no arm.

"I was almost a cripple and could not help complaining very bitterly. Everybody had something to tell me to do. One said, 'Rub on Spirits of Turpentine.' I did so, but only grew worse. Besides this I tried every other liniment and oil I could hear of or get, but all to no purpose. Nothing seemed to give me the slightest relief. I was growing very downhearted, as it looked as if I was never going to find anything to cure my dreadful pain.

"Now it happened that we had some of Dodd's Kidney Pills in the house—we always have them—and, having tried everything else, my father suggested that I take some. I commenced, and when I had taken three doses I felt some better, and I kept on till in a few days the pain was all gone.

"This is five years ago, and I have not had the slightest pain or ache since."

The Creator designed every man to do a part in the world's drama, and it is very easy for any one to discover just what his or her part is to be.

There never was, and never will be, a universal panacea, in one remedy, for all ills to which flesh is heir—the very nature of many curatives being such that were the germs of other and differently seated diseases rooted in the system of the patient—what would relieve one ill in turn would aggravate the other. We have, however, in Quinine Wine, when obtainable in a sound, unadulterated state, a remedy for many and grievous ills. By its gradual and judicious use the frailest systems are led into convalescence and strength by the influence which Quinine exerts on nature's own restoratives. It relieves the drooping spirits of those with whom a chronic state of morbid despondency and lack of interest in life is a disease, and, by tranquilizing the nerves, disposes to sound and refreshing sleep—imparts vigor to the action of the blood, which, being stimulated, courses throughout the veins, strengthening the healthy animal functions of the system, thereby making activity a necessary result, strengthening the frame and giving life to the digestive organs, which naturally demand increased substance—result, improved appetite. Northrop & Lyman of Toronto have given to the public their superior Quinine Wine at the usual rate, and gauged by the opinion of scientists, it seems approaches nearest perfection of any in the market. All druggists sell it.

Persistency is one cardinal principle of success.

THE Manufacturers Life INSURANCE Co.

(With which has been amalgamated the Temperance and General Life Assurance Company.)

15TH ANNUAL REPORT.

The 15th Annual Meeting of the Manufacturers Life Insurance Company was held at the Head Office, Toronto, February 6th, 1902. The report presented by the Managing Director was of the most satisfactory nature, calling forth congratulations from all sides. Among other things, he said:

"The application for New Assurances were 3,835 for $5,663,378.00, being $531,009.00 in excess of the business of the combined companies for 1900. Of this amount $606,117 was declined as no being up to the required standard. Applications for $33,860 were incomplete at the end of the year, and 3,395 policies were issued for $5,023,401.00. The total assurances now in force aggregate $27,139,424.00, of which $8,045,449.00 is in the Temperance section, $16,640,020.00 in the General, and $2,553,955.00 in the Foreign.

"The net premium and interest income for the year was $1,064,821.98, being an increase of $103,505.67 over that of both Companies for 1900. The payments to Policy-holders, including Death Claims, were $236,073.74, and working expenses and taxes amounted to $262,932.08 excluding the sum of $9,230.98, which was expense out of the ordinary connected with amalgamation. Had the rate of expenses to premium income continued the same as in 1900 the ordinary working expenses would have been $283,170.94; so that the saving for the six months since amalgamation has amounted to $20,238.86, or at the rate of over $40,000 a year, a result which fulfils our estimate and fully justifies the action taken by the Boards of the amalgamating companies."

The following abstract from the financial statement sets forth the excellent standing of the Company:

ASSETS.

Government, Municipal and other Bonds, Stocks and Debentures		$2,106,8 9 85
Mortgages on Real Estate		1,077,395 05
Loans on Policies		254,005 08
Real Estate		56,850 24
Deferred Premiums, Premiums in transit, and Interest due and accrued		246,789 95
Other Assets (including Cash in Banks)		30,608 08
		$3,772,477 25

LIABILITIES.

Reserve for Policies and Annuities	$3,210,701 00
Authorized Dividends to Policy-holders and Death Claims awaiting proofs, etc	49,067 00
All other liabilities except Capital Stock	10,387 7
Surplus on Policy-holders' Account	502,321 50
	$3,772,477 25

INCOME.

Cash Received for Premiums	$ 923,162 56
Cash Received for Interest, Rents, and from other sources	181,719 4
	$1,104,821 98

EXPENDITURES.

To Policy-holders for Death Claims	$169,622 49	
To Policy-holders for Matured Endowments, Investment Policies and Annuities	33,607 64	
To Policy-holders for Profits and Surrender value	32,843 61	
Total payments to Policy-holders		236,073 74
Payments for all other accounts		296,733 57
Excess of Income Over Expenditure		572,014 67
		$1,104,821 18

NOTE: For Security to Policy-holders the Company holds:

(a) Surplus as above	$ 502,321.50

Modern Fable by George Ade.

A country merchant, sometimes known as the man behind the Face, was sitting in his Prunery one day when a drummer came in to sell him a lot of goods that he didn't need. As the drummer closed the door behind him and put on his copyrighted smile, the tempature of the room sank down about 8 degrees. There were no "Welcome" mottoes on the wall and when the drummer gazed into the rugged Map he realized that he was up against it.

But he was accustomed to warming up these cold propositions. He asked "how's tricks?" and was told that the entire works, government and all, was going to the bowwows. Thinking to dispel the gloom, he told two of the latest and although they were corkers and had caused many a Yokel to fall off the cracker barrel, they never fazed old Mournful Ike. It was not his day to be jollied. Then the drummer switched and tried the sympathetic dodge. He said the collections had been a little slack, but he looked for better times as soon as the farmers began to move their crops. But the face couldn't see a glimmer of hope.

The wise drummer always has two old stand-bys that he brings out when all else has failed, viz: Politics and religion. He decided to take a chance.

"What do you think?" he said. "I had an awful argument on the train with a chump who claimed that there was nothing in this Predestination business."

"Then you believe in Infant Damnation, do you?" asked the store-keeper.

"Sure," was the reply.

"You can send me a barrel of New Orleans molasses, ten kits of Mackerel, seven gross of canned peaches and a caddy of Oolong," said the store-keeper.

ASHNOLA!

A City of Progress and Prosperity.

The smelting center of the Smilkameen Valley. Backed by the payrolls of two gigantic coal comanies and the Copper and Kennedy Mountain mines. Surrounded by the following resources:

Coal, Gold, Copper Silver

And fine agricultural country. Large herds of cattle, fruit in abundance with a climate almost southern and all that could be asked.

ASHNOLA.

ASHNOLA

Is owned and backed by the payroll of the Smilkameen Valley Coal Company, Limited, which is a guarantee in itself of its success. The equipment and development of their coal mines, installing of water, electric light and power plants are already arranged for. The development of the Ashnola Coal Company's mines by the Eastern Capitalists who have established their payroll at Ashnola, make it the coming city of the interior of British Columbia.

Lots in Ashnola are safe investments. In blocks 1 to 4 and 13 to 20 the price will be advanced 25 per cent per month until May 1st, 1902, and to 10 per cent in the remaining blocks. The present price is from $50 to $225, 25 per cent cash, 3, 6 and 9 months without interest.

Arrangements are already completed for eight buildings, including cottages for the employees of the company at Ashnola. This work will be under headway by May 1st.

With the advent of transportation Smilkameen Valley Coal can be delivered at any point in West Kootenay or Yale as cheaply as by any other company in Canada.

DR. PRICE'S CREAM BAKING POWDER

Used in Millions of Homes—40 Years the standard. A Pure Cream of Tartar Powder. Superior to every other known. Makes delicious cake and pastry, light, flaky biscuit, griddle cakes — palatable and wholesome.

PRICE BAKING POWDER CO., CHICAGO.

NOTE.—Avoid baking powders made from alum. They look like pure powders, and may raise the cakes, but alum is a poison and no one can eat food mixed with it without injury to health
