It is expected at that time, the resident County Judge will preside. A message from Sheriff Tuck states that the resident County Judge will receive his appointment from Ottawa today.

Judge Forin, in severing his connection with the court here, highly complimented the provincial staff, and the resident barristers for their unvarying courtesy and attention.

Children's Day at Dominion Fair.

New Westminster, B.C., October 6. Today is Children's Day at the great Dominion Exhibition and all day, from early morning, the exposition grounds were crowded with children. During the early part of the forenoon the children had games and various field sports, like running races, jumping, etc., and later there was a competitive drill of the Boys' Brigades of Vancouver and New Westminster, while the Highland Pipers' Band of Vancouver gave a grand concert.

The program for this afternoon includes a concert of the Boys' Brigade Band of Nanaimo, a grand parade of live stock, balloon ascension and parachute drop and an exhibition of broncho busting. In the evening there will be a grand illumination, a grand concert in the Agricultural Building by the Boys' Brigade Band of Nanaimo and later Highland dancing and music by the Highland Pipers' Band of Vancouver. The exhibition closes tomorrow evening.

DISTRICT MINING NEWS.

Of Interest to Those Engaged in the Development of the Mining Industry.

The American Zinc and Chemical Company's plant at Junction, Colo., was destroyed by fire. Loss $75,000.

There is an urgent demand for zinc ores and it is likely that some of the zinc deposits of Southeast Kootenay that have hitherto been ignored will become producers, in the near future.

The copper mining and smelting industry of the Kootenays has made enormous strides during the past five years, and the prospects are that it will continue to rapidly increase production in the future.

The Perry Creek Hydraulic Mining Co., last week, after a continuous run of about 40 days, cleaned up their boxes, and while no information is obtainable as to the amount of gold taken out, it is learned that the clean-up was most satisfactory.

Albert Banks and Wm. Thompson are now busy in driving a tunnel on bedrock, at Perry creek. It is reported that satisfactory results are being obtained.

The interest manifest in the Flathead valley concerning the future of coal lands is important.

The Montana Swift Current Oil Company has two new well rigs on the way to its property. The rigs are capable of sinking 50 feet a day.

Coal Output.

The output of the Crow's Nest Pass coal mines for the week ending Friday September 22nd was:

Coal Creek	7828 Tons
Michel	7094 Tons
Carbonado	2031 Tons
Total	16,923 Tons

Komura Sails For Japan.

Vancouver, Oct. 7.— Baron Komura, the Japanese peace envoy, still weak from his recent illness, sailed from here on the Empress of Japan today. His physician expressed the conviction that the sea voyage would fully restore the Baron's health before he had reached home. The Japanese consul and a large number of Japanese residents of this city were at the dock to bid Baron Komura fare well.

Lead Reaches High Water Mark.

The price of lead on the London market Wednesday reached a new high mark, £14 4s. At this price the Dominion government bounty on lead is reduced to $5 a ton. Silver and copper remain at high quotations.

NO COUNTY COURT JUDGE

Ottawa Government Dilatory in Attending to Judicial Matters in the Kootenay.

The Nelson Daily News says: "There is at present no county court judge in West Kootenay. That institution ending at midnight on Saturday last."

In an editorial it also says: "It appears that there has been gross carelessness in the attorney general's department at Victoria in drafting the order-in-council dividing the county of Kootenay for judicial purposes, and that judicial business in West Kootenay cannot proceed until a new commission comes from Ottawa or a new order-in-council is promulgated in Victoria.

"It would seem from reading the article as published in the Daily News that the attorney general was in fault in issuing an order-in-council, when instructed by his government to do so. The government of British Columbia has the right to create new counties, but cannot appoint a county court judge. The appointment of said county court must come from the Ottawa government.

"For several months the Ottawa government has had official knowledge of the division of the Kootenays for judicial purposes and is alone responsible for the present condition of affairs. The Daily News, with its daily hammer, should tax the Ottawa government with being dilatory in the judicial affairs of the Kootenays, and place the responsibility where it belongs, and not try to convey to its readers the false information that the attorney general or the B.C. government were at fault."

Raffael Acquitted.

Nelson, Oct. 5.—After deliberating for an hour and a half yesterday afternoon the jury in the case of Jannett Raffael, of Fernie, charged with shooting with intent to kill T. O'Brien at Fernie on May 26, brought in a verdict of not guilty.

DID EVANS START BLAZE?

Investigation at Fernie, B.C., to Discover Origin of Fires.

Fernie, Oct. 4.—An inquiry into the cause of one of Fernie's big fires which occurred six weeks ago is in progress here.

The inquiry arose out of a statement made upon different occasions since the fire by one of the boarders of the McDonald boarding house, which stood close to the vacant house where the fire originated. This man Harry Evans, stated that he had been offered $100 to set the fire, $50 in cash and $50 upon doing the job.

Evans, who had been drinking at the time, was arrested on the charge of vagrancy, and held pending this investigation. Evans was summoned as a witness, but he refused to talk. He is still held, and it is reported that he repeated his story to a fellow prisoner.

Other witnesses, fellow boarders of Evans, were called, and rumors of suspicious statements said to be made by Mrs. McDonald were gone into. The inquiry into the last fire, when Purdy's was saved, is also under way. The chief point hinges upon the insurance and the value of stock and buildings, which is now being investigated.

Expecting a Happy Event.

St. Petersburg, October 6.—It has just been officially announced that the Empress of Russia is once more about to become a mother and Dr. Otthe, the eminent physician who is always in attendance upon the Czarina upon such occasions, has taken up his residence at the Imperial palace. Hopes are entertained that the next baby may prove a boy, so as to still further insure the direct succession of the crown, which now depends upon the life of the infant Czarewitch, born on July 30, 1904, and who is, therefore, now just fourteen months old.

The official announcement has made a good impression among the people in all parts of the empire, particularly among the lower and middle classes. Although not of as great importance as the birth of the Czarewitch, the birth of the new child will be generally celebrated.

DIVIDEND ON ST. EUGENE

Two Per Cent on Capital Stock For Quarter Ending June 30th.

Another dividend has been declared on the St. Eugene mine payable today. It covers the quarter ending June 30th, and is on a basis of two per cent. The following notice was received yesterday from E. J. Kingstone, Toronto, secretary of the company:

Notice is hereby given that the directors of the St. Eugene Consolidated Mining Company, Limited, have declared a dividend of two per cent, upon the capital stock of the company for the quarter ending 30th June 1905, payable on the 4th of October next, to the shareholders of record on the 2nd October, for which day the transfer books will be closed.

This is the sixth dividend paid by the St. Eugene.

Cranbrook City.

Word was received at Cranbrook on Thursday that an order-in-council had been issued, for the incorporation of Cranbrook as a city. The proclamation, it is expected will be Gazetted this week.

Considerable inquiry is being made as to who will accept the nomination as Mayor. G. T. Rogers and J. D. McBride are spoken of as possible candidates. Among those mentioned as members of the council are James Ryan, J. P. Fink, Dr. J. H. King, James Greer, V. Hyde Baker and D. Murphy.

Alice Roosevelt Sails for Home.

Yokohama, October 7.—Miss Alice Roosevelt and the other members of the party which had accompanied her on her visit to Peking, sailed from here today for the United States on the Pacific Mail Company's steamer Siberia. An official escort accompanied the party to the dock where thousands of people were assembled to witness the departure of the distinguished American visitors. The travellers were all in excellent health and spirits and looked forward to a pleasant journey.

Cheap Rates to Coast.

Are you going to Portland Fair? If so, why not go while the Dominion Exhibition is on at New Westminster, and take in both fairs for the price of one? The Canadian Pacific Railway will issue tickets to Portland and return for $27.00 good for 30 days, and to New Westminster on Sept. 24th to Oct. 3 inclusive, good to return until Oct. 12th for $21.15 from Cranbrook with corresponding rates from other Kootenay points. Commencing September 26th and continuing daily till Oct. 26th, sleeper will be run between Arrowhead and Vancouver for the accommodation of Kootenay passengers. For tickets, reservations, etc., apply to any C.P.R. agent or write J. S. Carter, D. P. A., Nelson, B.C.

FIRE AT ST EUGENE MINE

Shaft House and Machinery Totally Destroyed--Loss $25,000

Special to THE PROSPECTOR.

Moyie, Oct. 6.—At 5:45 this morning the shaft house and all machinery was totally destroyed by fire. The loss is estimated at $25,000, covered by an insurance of $8,000. Fire continues in shaft and tunnel, but hope to have it under control shortly. No loss of life or injury to persons has yet been reported.

ROBBED HIS EMPLOYER

T. M. McKee in Winnipeg With Jewelry Stolen From W. H. Wilson.

T. M. McKee, a watch repairer in the employ of W. H. Wilson was caught last week in the act of taking money from the cash drawer, pleading mercy, when caught McKee confessed to stealing watches, of the value of $100. Considering this McKee's first and only offense Mr. Wilson decided not to send McKee up for trial. After giving the young man a lot of wholesome advice, Mr. Wilson told McKee to go, and in the future, to keep from bad company, and run in the path of honesty.

On Sunday last McKee left for the east. On Friday a telegram was received at Cranbrook stating that McKee was arrested in Winnipeg having in his possession $500 worth of jewelry which he was trying to pawn. A later telegram stated he had over $1,000 in jewelry all of which was stolen from Mr. Wilson. It is reported that while Mr. Wilson was giving a lecture on uprightness and honesty to McKee, he had over $500 worth of stolen goods in his pockets.

Constable Baron left on Friday afternoon's train for Winnipeg, having a warrant for his arrest and return to Cranbrook, where he will obtain a second lecture on honesty which in all probability will be continued for several years.

LOST IN THE MOUNTAINS

Captain J. O. Trow of Perry Creek Hydraulic Mining Co. Spends Cold Stormy Night In Unknown Spot in the Hills.

Wishing for a nice fat grouse or partridge for his supper last Sunday, Capt. J. O. Trow of the Perry Creek Hydraulic Mining Co., took his gun and dog and strolled into the woods nearby. Upon his failure to return at the supper hour the family became somewhat anxious, and when darkness had settled and he had not yet appeared all feared that he had met with some serious accident.

Accordingly several men in the employ of the company took lanterns and began a search in the hills which lasted until nearly midnight when it was abandoned to wait for day light, at daybreak the entire crew was out and soon all the people along the creek including W. F. Collins O. A. Burge, Sam Arthur, Gust Theis and Jack Thompson and his crew were earnestly searching.

Mrs. O. Burge of Old Town also went to help to soothe the sufferings of fear and suspense of the wife and daughter, Mrs. F. F. Cervis of La Crosse. The search under directions of Mr. H. A. Bright of Black River Falls, Wis., was continued until noon when the Honorable Captain strolled in claiming he was not lost but that the camp had dodged him somehow. The explanation disclosed the fact that Mr. Trow had missed his way, in fact, had even missed Old Town, when darkness overtook him and he was obliged to camp on the hills for the night. In the morning it was dark and stormy and a heavy fog lay in the valley, which did not rise for several hours. After the sun became visible Mr. Trow made his way to the creek, crossed it, and coming to the road discovered himself three miles below Old Town and about six miles from home. He arrived home safe and sound, but slightly worse for wear, shortly after noon where he was received with great rejoicing. The searchers were accordingly called in and dinner served and Mr. Trow retired to secure the much needed rest. "Let the fatted calf be killed".

High School at Cranbrook.

The High School class in the Cranbrook Public School now numbers six students. Mrs. Brock instructs in Latin, French and Literature, Mr. Macneil has charge of all of the other subjects. In undertaking this extra work Mrs. Brock and Mr. Macneil deserve great commendation and the earnest gratitude of the people of the town. They have laid the foundation for a High School. And if matters fashion themselves with ordinary grace there is scarcely any doubt but next year a regular High School can be established. The number of students necessary to do this is twenty. It should not be difficult then to find twenty next year taking into consideration Cranbrook and the other districts in the vicinity, which districts no doubt can muster at least a few Public School graduates.

Tax on Travellers to Stand.

Ottawa, Oct. 3.—The dominion government has decided not to interfere with the statute of the British Columbia legislature which puts a tax of $50 on commercial travellers coming from outside provinces. It is said to be within the jurisdiction of the legislature. This practically means that the $300 tax on commercial travellers entering the province of Quebec will have to remain, unless the provincial legislature rescinds it.

LICENCES FOR SELLING NURSERY STOCK

Attention is directed to the Provisions of Sec. 45 of the Horticultural Board Act which reads as follows:

"No person firm or corporation shall engage or continue in the business of selling as principal, agent, solicitor or otherwise within the Province from trees, plants or nursery stock of importing for sale trees, plants or nursery stock into the Province without first having obtained a license necessary on such business in the Province as in the Act provided."

All persons authorized to sell nursery stock in the Province are required by their license to pay to them prior to deposit bonds in the Department of Agriculture Victoria, for the faithful performance of their obligations. The public is therefore warned not to purchase nursery stock except from duly licensed persons.

SATURDAY, OCT. 7, 1905.

THE *common interest* of the people of Cranbrook is a just and wise administration of the affairs of the city. The duty of the people, therefore, in the coming city election is apparent. They must select as their representatives, a Mayor and six Aldermen, men who can be fully trusted to represent their interests, and when such men have been chosen there should be no hesitation in according them their individual support. There should be no difference of opinion at the outset as to whom should be intrusted with the important duties of mayor and council, but the opinion of the majority should be made unanimously unanimous. That is the only basis of understanding upon which the people should consider the approaching election; there is no middle course. A qualified voter should have the strength of his or her convictions, and those convictions should be his or her guiding line and he or she should not hesitate to acknowledge those convictions in the face of any sort of opposition whatsoever.

• • •

It has been several months since the board of trade held a meeting to discuss matters directly pertaining to Cranbrook. There are several questions which that body should take in hand, for unless some organized effort is made nothing can be done. The principal subject to be discussed is the advertising of Cranbrook and the lumbering and mineral resources of this district. The people of Cranbrook evidently do not understand this. It was persistent advertising which has made Nelson and West Kootenay, and neither town or district had as much to show in early days as is in evidence at Cranbrook or Southeast Kootenay. A few hundred dollars judiciously expended in advertising will do more good than all of the talk or letter writing which could be done in ten years and for this purpose there is no reason why the Board of Trade should not meet and formulate some plan whereby the outside world should be made acquainted with not only Cranbrook, but the lumbering, mineral and agricultural resources tributary to Cranbrook. It is the only thing to be done, and we again repeat a homely old proverb, "If you don't toot your own horn you won't sell your fish".

A Lieutenant-Governor bee is buzzing around the bonnets of W. A. Galliher and Geo. Riley.

• • •

When the harvest season is over, the general impression at Golden is that work on the Kootenay Central Railway will be pushed. A number of Doukhors with three dump carts are now employed in grading.

• • •

The first B. C. party line government will be in shape when it next meets to show what it can do, as it is expected that it will have a working majority.—Wilmer Outcrop.

• • •

It is almost as certain as that the sun will continue to shine that the K. C. Railway will be completed within the next year or so and prosperity will surely follow in its wake. Then, cheer up, and look optimistically ahead; this can do no harm and may do some good.—Wilmer Outcrop.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

VENTILATED OVEN

The health of a family depends greatly upon the hygienic nature of the cooking.

The oven in the Kootenay Range is ventilated, and every dish baked in it is entirely free from the effects of pent-up cooking gases.

A perfectly ventilated oven is one of the most important features of a range, and yet it is given very little attention by most makers, and none whatever in most of the cheaply-gotten-up ranges now offered to the public.

Sold by all enterprising dealers. Booklet free.
