CREATIVE GIVING

FOSTERS EXCELLENCE AND VARIETY AT THE UNIVERSITY OF BRITISH COLUMBIA

A record of the private gifts, grants and bequests to the University

April 1968 — March 1969

THE UNIVERSITY THANKS ITS FRIENDS FOR THEIR SUPPORT

The University owes much of its stature to private gifts. Research studies, special teaching projects, scholarships, prizes and bursaries have been supported by individual benefactors, alumni, firms, foundations and associations. Some of the major buildings on the campus, as well as a wide variety of other projects, serve as lasting testimony to the generosity of those who helped to build U.B.C.

The basic support of the University is provided by student fees and by the Province of British Columbia and the Government of Canada. The excellence of the education it offers, however, depends to a great extent on added support received from friends. Gifts have been made anonymously, directly, in memory of relatives, in honour of friends and by bequest in wills. During the past year, benefactors donated $5,706,596.

This brochure does not include the detail of the magnificent support received from donors to the Alumni Fund and the Three Universities Capital Fund. Provincial and Federal grants, the mainstay of the University, are recorded in other publications.

With twelve faculties, seven schools and four institutes, the needs of the University are many and varied. Support is welcome in every area of teaching, research and student aid. However, as the needs and the priorities of the University change we welcome early opportunities to discuss with donors the form their support might take. No gift is too small—and none too large—to be of value.
