AROUND TOWN

By Don Anson

The first grass fires for A. V. F. D. during the long, dry spell occurred last Tuesday afternoon when the firemen were called to a small outbreak on South Otter Road. Oddly enough, the firemen put out one small fire which was threatening a telephone pole before they found out that the call was for another similar fire further down the road.

Mrs. F. Carson, Mrs. K. Ross and daughter, Pamela, returned home last week from a month's vacation in Europe where they visited most countries. "Wonderful," said Pamela, but she, nevertheless, was very pleased to see Canada again.

Recipient of many wolf calls in Aldergrove last week was Mel (Tiny) Taylor who wore itzi-bitzi khaki shorts.

Visiting his son Alf Atkins, who is working on government survey in Aldergrove, is Harry Atkins, an old timer from Salmon Arm, who was one of the instigators of the original Williams Lake Times newspaper. He is staying at Rose Garden Motel and has lived in B. C. for 50 years coming from Cardiff, Wales as a boy. A butcher by trade, he is an old friend of Bill Ferguson.

Fire call on Thursday was a false alarm. Creosoting of fence posts near the border on South Jackman created black smoke and someone thought it was a barn fire.

Mrs. T. Cochrane from Coghlan North must have very green fingers. She pulled a red beet Tuesday morning which weighed 4 lbs. and also had a bean measuring 16 inches. All this in the drought without watering.

Two visitors from Seattle, parched with thirst during last weeks heat, stopped at a garage near Abbotsford. They fondly thought that B/A stood for bottled ale but were quickly disillusioned.

Jack Scott does not favour the suggestion made at Monday's Bowling Club meeting that his team should be renamed the Esso Bees. Can't say I blame him.

Community dance at the new Bradner Hall Friday should attract a good crowd. No minors allowed and tickets include refreshments.

Sorry to hear our correspondent, Mrs. Beryl Pauls of Otter, became seriously ill while visiting relatives in western Alberta. She is in Coronation Hospital.

I like the story of the pompous young college graduate who told the fruit farmer "You'll never get a good apple crop if you prune your tree like that." "How right you are," said the farmer, "it's a pear tree."

BAPTIST BIBLE SCHOOL—A successful vacation Bible School started for the Baptist Mission on August 8. This happy group of kiddies are seen on the lawn outside the attractive Aldergrove Baptist Church on Aldergrove-Bellingham highway. They are about to play "London Bridge is falling down." In charge of the youngsters here are Sara Sawatzki from Abbotsford. Joyce Klassen, Aldergrove and teacher Mrs. H. Enns. Over 50 children have attended these classes and a parent's night will be held on Friday. (NEWS Photo)

Body Of Langley Man Recovered

Police have recovered the bodies of two men, one from Langley, who were trapped alive when a 57-foot fishboat, the Unimak, sank in Georgia Strait on July 23.

The two bodies were identified as those of Dick Joliffe, Bradshaw Road, Langley, and Bill Anderson, Sointula. The body of the third crew member, skipper Wilfred Poheo, was not found.

The bodies were found in the water-logged engine room of the Unimak, raised from a depth of 450 feet and towed to a Sechelt beach. The boat sank when it hit a towline between a fishpacker and a barge 1½ miles off Wilson Creek.

Bowling Season For Aldergrove Starts Sept. 7

Aldergrove Bowling Club starts it's program this season on September 7 with twelve teams entered as last year.

In view of two extra lanes being incorporated in the Abbotsford bowling alley all games will this year be played on Wednesdays at 9 p. m. In future participation in playoffs will be limitted to the top six teams in the Aldergrove league at the end of the season.

Hub Lanes will be having a re-opening special day this Saturday when free coffee and donuts will be available and in addition one free game will be given to anyone bringing in a copy of the large advertisement seen elsewhere in this issue.

Aldergrove bowlers who are not in the Aldergrove league who wish to bowl regularly are advised to fill in the individual form and forward to the management.

There were fourteen deaths from accidental poisoning in British Columbia during June. During the previous five months only 30 fatalities had occurred.

Election Candidates Selected; Gibson Stands As Independent

Gordon Gibson, former Social Credit M.L.A. for Delta, who failed to win re-nomination at White Rock last week, has decided to enter the fight as an independent candidate.

The Socred nomination picture has been confused from the start when George Massey and Gibson were dropped at the first convention. Then, owing to balloting objections, a further vote was held with Gibson in again only to be defeated in the third and final convention last week when previously rejected incumbent George Massey was elected, together with Don Riggan, president of the Delta Social Credit Association.

Gibson, who is a Surrey chiropractor, announced last Thursday that he could no longer stand by in silence and condone what had transpired in two nominating conventions in the name of Social Credit. He said he was elected by the people and believed that only the people could terminate his service.

Selected Conservative candidates for the Riding are Dalton Jones from Cloverdale and G. F. Crowe from White Rock while the two CCF candidates are Camille Mather, Burnaby, wife of Sun columnist, Barry Mather, and Jim Rhodes of Cloverdale.

Last party to announce candidates were the Liberals, who have chosen Arthur Helps of North Delta, a well known moderator of "Town Meeting in Canada", and C. D. Morris of Ocean Park, who operates a nursery.

Aldergrove Tops In Phone Gains

With only four exceptions, all exchanges in the B. C. Telephone Co.'s New Westminster district made substantial phone increases during the first half of 1960, according to statistics released by the company this week.

Of the 20 exchanges in the district, Aldergrove recorded the highest percentage gain—8.06—with 135 telephones added during the period under review, for a total of 1671 at July 1. (The average increase for the B. C. Telephone Co. systems as a whole was 1.5 percen)t.

Port Coquitlam was second with a 7.36 percent rise represented by 192 additional phones for a total of 2607. Agassiz recorded a 6.99 percent increase, up 62 phones for a total of 887, and Newton was fourth on the strength of a 4.68 percent gain, a rise of 269 phones for a total of 5754.

The construction of a bridge and highway system across Puget Sound, requiring a bond issue of $193,800,000 was proposed in 1959.

SCHOOL WELL TEST DROPPED

Further Plans Made For Water System

Supply of water for the proposed Aldergrove Water System is a matter of urgency to Langley Council and it now seems that testing of the well at Aldergrove High School will not take place.

The engineer working for Willis and Cunliffe Ltd., J. Priestman, has suggested that testing the school well might not pay off and proposed that council allocate the sum of $2,000 to test a new well on the Bakerview subdivision, belonging to H. Oestereich.

Council had previously authorized expenditure of $900 for a full test of the school well and an agreement was made with the school board to take off any surplus water available.

The Oestereich well said Reeve Poppy, was ideally situated for a water supply, being on high ground and a water tank only would be needed to supply homes in the immediate vicinity. The well had an 8 inch casing and was drilled last winter but is only four feet into the aquifer which is thought to be deep. Present depth is 320 feet and flow is 22 gallons per minute.

Proposal is to buy the well for $4,387 if tests are satisfactory and to purchase land surrounding the well in order to build a tank. Total expenditure of testing, purchasing, deepening, etc. would amount to around $10,000.

A further proposal was made to Council by Orville White of Aldergrove Water Wells. He offered to drill a well and supply water to the system at Vancouver Water Board rates.

DECISION MADE FRIDAY

Langley Council will proceed immediately with deepening and testing of the Oestereich well situated on land opposite Krieger's Hatchery in Aldergrove.

An agreement was signed August 12 whereby the existing well will be deepened a further 50 ft. by G & G Well Drilling, and if testing shows a satisfactory volume of water, Council will purchase the well for $4,387 and will also purchase two lots of land surrounding the well.

Council is treating the matter as one of great urgency in it's endeavour to start installation of a system for Aldergrove under the Winter Works program.

Top Educator Visits Langley On August 31

An address on education by one of the world's leading educators will take place in Langley on August 31.

Professor Charles H. Dobinson, B Sc, M. A. Head of the Department of Education at Reading University, England, is recognized as one of the top experts on Comparative Education in the world.

His subject will be "Technical education, the educational challenge of today," and he will treat the subject from the point of view of one intimately acquainted with what is being done in England, France, Germany, Switzerland, Scandinavia and the Soviet.

The professor was a teacher at Oxford University, headmaster of a grammar school and is now in charge of all education at Reading from primary school through college. He is also president of the Council of Education Authorities for Southern England and a contributor to Education Year books.

This is his first trip to Canada and School Superintendent H. D. Stafford has been fortunate in persuading him to come to Langley and give local people the benefit of his lifetime of study.

The meeting will be held in Langley Central School activity room on August 31 at 8 p. m. and invitations have been sent out to other school boards, superintendents of schools, U.B.C., Department of Education and others interested in the subject.

The meeting is open for anyone to attend.

Coghlan Cut-Off Will Be Paved

Langley Council has received notice from the Highways Department that the Coghlan Road crossing over the new freeway will be paved immediately.

This road was cut off without warning by the contractors working on the new freeway project and strongly worded protests to the Ministry resulted in a promise of action to re-open the road.

SCHOOL JANITORS

Appointed janitor for Simonds Road school is L. S. McManus while Mrs. G. Schnurr, Coghlan Road, will look after the newly opened East Langley school.

Work Started On New Otter Hall

A new hall is being built at Otter by St. Alban's Anglican Church on the corner of Trans-Canada Highway behind the church.

This hall will replace the 80 year old Otter Community Hall sold last year by Otter Community Association to Pacific Plumbing. The money received from this sale was turned over to St. Alban's to help build a new hall.

Work started last week on the new site. The hall will be 32'x50' with a full basement and Jack Skea of South Otter is in charge of construction. The building will be erected largely by volunteer labour and the excavating is being carried out by Ben Trainor mostly in the evening with trucks hauling fill donated by Fred Greer and Ben Trainor.

Fred Greer, with his tongue in cheek, said last week, "Otter has always been regarded as the most co-operative minded community in the Valley," and added, "and that goes for both Aldergrove and Bradner."

Anyone wishing to give volunteer labour is asked to get in touch with Ewart Walker at Otter Institute or Neville Hutton at B. C. Electric, Langley. Cash and other donations should be sent to Mrs. M Horne, RR3, Langley.

It is hoped to have the hall far enough completed so that it can be used for Scouts, Guides and Sunday School classes this winter and later on it will be used for all community functions.

DATE PAD

August 19—Cabaret Dance, Bradner Community Hall.

August 25 — Bingo, Elks' Hall, 8:30 sharp. Jackpot $300.

U.B.C. APPOINTMENT

President N. A. M. MacKenzie of the University of British Columbia has announced the appointment of Dr. Gordon Neil Perry, 50, as professor of commerce and business administration and as dean of the faculty.

Langley Police Court News

Appearing before Magistrate M. W. Mulligan at Langley Police Court last week a Burnaby man, Lawrence Benson pleaded guilty to having a car under his care and control while impaired and was fined $100 and $8.50 costs. Gerhard Bertel, a passenger in the car was fined $25 and costs for being intoxicated.

A Surrey man, Bert Leo Ewen paid $30 with $5 costs for speeding while a Langley youth, Barry Peter Meyer was fined $25 and costs for driving over the centre line of the road.

Peter Selbeck, Vancouver, was assessed $30 and costs for passing over a double solid white line while a Vancouver minor, Anthony John Hoeber was fined $25 and costs for being in possession of liquor.

An Aldergrove man, Louis Fink, was docked $15 and $3.50 costs for failing to submit an accident report and James Ellis Jenkins, Langley paid $10 for failing to conform to the building by-law.

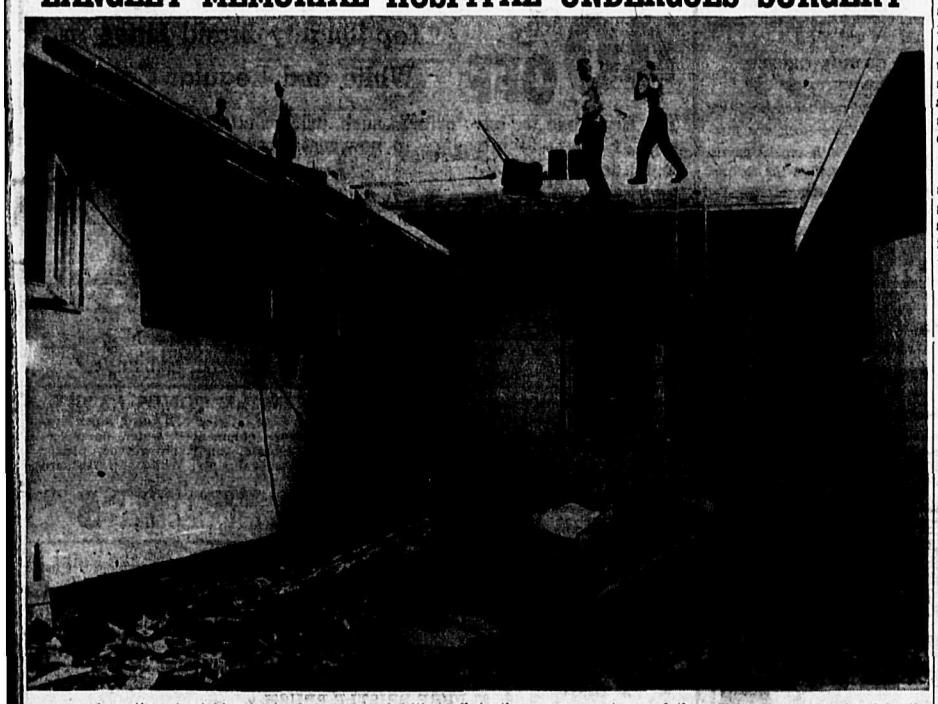
George Ernest Montgomery, Langley, was fined $15 and costs for having no driver's licence.

Theft of batteries from a construction firm was the charge against Alfour Doberahutz of Langley who was fined $150.

FIREWORKS RESTRICTED

Sale of fireworks in Vancouver city has been restricted to a seven day period from October 24 to November 1, as a result of a petition initiated by the Fire & Home Safety Division of the Vancouver Traffic & Safety Council.

LANGLEY MEMORIAL HOSPITAL UNDERGOES SURGERY



A transformation is taking place at Langley Memorial Hospital and work that has been urgently needed for several years is now under way.

Completed is the new roofing over the whole hospital. For three years leaks have been occurring in different places, sweating has been bad, and dry rot has gone on in the north side of the hospital in the centre block.

Now a new roof has been laid by Coast Roofing of Burnaby. Three layers of roof felting, all tarred, have been laid over insulation board and the whole gravelled. No more leaks are guaranteed for 15 years.

The main boiler has been rebricked and a new stack pipe installed. All this work has now been finished but the largest job started this week and that is the paving program.

The entrance way to the forecourt in front and the roadway to the rear of the hospital will be paved as well as the roadway to the nurses quarters and the garage.

Visitors will not be able to drive into the car park until all work has been finished and cars belonging to doctors and staff will have to drive over the grass verge near the highway to reach their parking space to the west of the hospital.

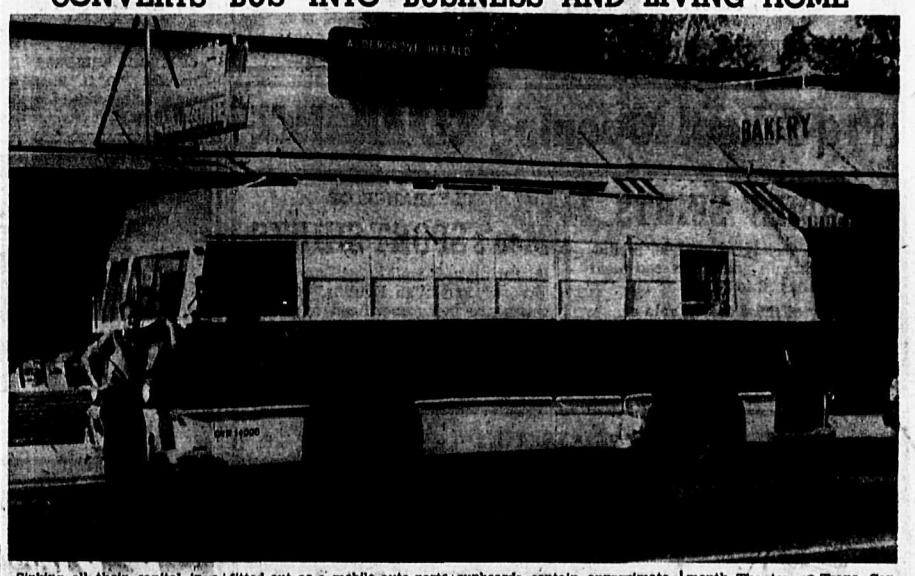
Space immediately to the right of one enters the driveway will eventually be converted to a miniature park where visitors can sit and meet walking patients.

The present dusty conditions will be greatly alleviated by the paving program which is being undertaken by Scotland and Adamson.

Hosptial administrator H. B. Devine asks for forebearance on the part of the public during the paving program which he says may take ten days or more. "We're doing it for the public's convenience and it will be so much better afterwards," he said. He expects some confusion to start with and is accordingly putting out traffic controllers.

(News Photo)

CONVERTS BUS INTO BUSINESS AND LIVING HOME



Sinking all their capital in a new venture are Murray and Lois Silver of Ross Road, Aldergrove, who have bought and converted an old B. C. Electric bus for use as a business.

This bus, 26 feet long, has been fitted out as a mobile auto parts store and in addition contains living quarters for Murray and his wife, complete with bathroom, hot and cold water and all modern comforts.

The spare parts shelves and cupboards contain approximately $12,000 worth of different auto parts as diverse as tires and ignition points.

First route to be covered will be Aldergrove to Whitehorse and this run will be made once a month. The store on Trans-Canada Highway which Silver now owns will be kept open and also used as a base store for replenishment of parts.

MADE YOUR ENTRY?

There are many people who have never entered an exhibit of any kind at a local fair. They don't know what they are missing.

To those who have not, may we suggest that you will be very pleasantly surprised if you do. One doesn't enter with the idea of "what shall I get out of it" but with the idea of pitting yourself against others in competition.

Be you man or woman, boy or girl, there is some class at Aldergrove Fall Fair that is within your range. Get hold of a prize list, study it thoroughly and then make a number of entries. It will only cost you 10 cents per entry and you'll be amazed how satisfied you will feel when seeing your own effort on display. Ask anyone who shows regularly and they'll agree.

Do you grow vegetables or flowers? Do needlework or bake? Have you a hobby or maybe you paint or do woodwork?

Think this over and don't go to the Fair and say "I could do better than that."

Last year's Fair was terrific. Make it even better this year and don't forget to pick up that prize list from most stores in Aldergrove.

PLEASE NOTE

We will be closing down
for holidays from

August 29 to Sept. 12

ART'S PASTRY SHOP

Letters TO THE EDITOR

Editor, The Aldergrove News:

As Delta candidate for election to the B. C. Legislature on September 12, I would like to address these words to your readers to let them judge me in that way.

I believe that all of us, of farm, town, province, country and world, are *striving for security*. But we cannot get it now at the cost of some other individual or nation. A man or city may be well-to-do materially, yet this means nothing in the destruction of a final war.

To survive we must put cooperation for common good ahead of competition for private gain. This is the CCF program. Even its critics have expressed surprise at the movement's record of achievement in social progress, whether as opposition or government. It is a people's party. It stands for peace and plenty. I am proud to stand for it.

For myself — I am a lower Mainland woman, born in Vancouver, raised in Abbotsford. I worked as a nurse in New Westminster. I live in Burnaby where the voters have had enough confidence in me to return me three times at the top of the municipal polls. I am a Delta taxpayer, and am preparing to work, fulltime, for the Delta public in the Legislature after September 12.

I ask for the active, voting support of all those, 'right, left or centre," who value hard work and modern thinking.

Camille Mather

FITTING A QUEEN **with golden cape and crown are Bert Manly, President of Fashion Designers Assoc. of B. C., and Vice-Pres. Ruth Mathers. The queen is Anna Finlayson, Miss P.N.E. of 1959. The cape and crown will mark the 50th anniversary of the P.N.E., and will be a special feature of the Miss P.N.E. contest during the Exhibition, which runs August 20-September 5. Winner of the contest, to be chosen from 28 beauties from all parts of British Columbia, will receive $1,000 cash, a trophy and the cape and crown, which was designed especially for Miss P.N.E. by the Fashion Designers Assoc. of B.C.**

ALTRUISM

By Tom Gascoigne

I walked slowly up the street, stopping for a few moments to cast my peepers over a selection of new cars that were on display on one of the larger car lots. Within the space of a few moments the salesmen approached me and they seemed quite eager to trade me out of my old car into a new.

Our present car, though old, runs nicely, looks O.K., and we like it. These salesmen though, are really tops, and deep inside them runs a streak of high spirit and fanatical tenacity. Based over a period of time their arguments are impressive and economically sound. Money is never, never mentioned by them, well, for the moment at least. They will agree to any reasonable program of finance, their one and only purpose in this short life *is for the continued happiness*, safety and welfare of the customer; such altruism. There are very few of us in the district today with such purity of motive and everlasting faith; I departed before they broke my heart, bless 'em.

THE END

I walked past the funeral parlors, too, and I am fully determined to keep passing, somehow I feel it is my right to do so, regardless of their oblique glances. Really, I never did appreciate the way the boys in there looked at me. The expectant, yet, disappointed attitude leaves me feeling as though I was deliberately cheating them and was long overdue for an important appointment. Do wish they wouldn't do this, I'll turn up sooner or later; that's a promise, darn it.

WITHOUT RECOURSE

The Editor of this paper will concede without recourse to argument, that this writers poor misguided efforts are seldom read by the subscribers. Further he agrees, far too readily, that no one of normal intelligence would *read it, that is*, with the exception of the proof readers. Even they, as is their right, do their utmost to avoid so grisly a task, *though threatened with the Editor's whip.*

FALLOUT SHELTERS

The Hon. W. D. Black, in *charge of fallout shelters for the* citizens of B. C., insists that the only safe course for us to follow in the case of a nuclear attack, is to dive for the fallout shelter we hope to build in the future. Personally I am an excellent coward and would feel some better were we to come to some arrangement with whoever it is that would dare to attack us poor little innocent Canadians. Much rather some arrangement than to make like a gopher for the rest of my life.

However it does make sense to have one of these shelters available where possible, and don't forget to allow room for the family skeleton, just can't forget him, can we?

ORANGE GROVES AT WHITE ROCK?

Someone mentioned that the beach at White Rock was literally covered with sunkist navels, it is surprising what the vaunted climate can offer at the sea shore.

Television is receiving the blame for a growing list of problems. The latest: a pain in the neck, called "television neck" in a recent medical report, which seems to be the result of straining to watch TV from an uncomfortable chair.

Sunset Program Daily At P.N.E.

An historical and stirring Sunset Ceremony will be staged by the Royal Canadian Navy in Empire Stadium during the Aug. 20-Sept. 5 Pacific National Exhibition.

Sound of rifle fire will mingle with military band music when more than 200 men go through the paces of the ceremony as searchlights sweep the stadium.

Sunset ceremonies first appeared in military records in 1554, when they were staged as a means of recalling men from the *field of battle.*

Fairgoers will be admitted free to the one-hour ceremony starting at 9:30 p. m. Monday, August 22.

Football fans at the August 20 B. C. Lions Game at Empire Stadium will get a ceremony preview when a shortened version will be presented by the RCN during half-time.

Taylor Opens Tory Campaign

Opening his Election Campaign at Chilliwack Wednesday night Progressive Conservative Candidate Douglas Taylor pledged action on a Vocational School for Chilliwack. Taylor stated that a B. C. Progressive Conservative Government would institute assistance to regional areas who wished to provide facilities to assist reemployment, in farm, business and industry, "The Federal Government is already interested, he said, W. H. Hicks MP has already made the suggestion some months ago, Provincial co-operation is needed."

Outlining Party platform with regard to Education the Tory candidate charged the government with "stalling" on the findings of the Chant Commission on Education and while others were prepared to wait for its results, Progressive Conservatives *were prepared to meet the* problem with positive action and immediately revise the school curriculum to ensure higher standards in essential subjects. He continued, "It's no use sending some children to school as 'seat warmers' when they are not interested in academic subjects and yet those same young people can be the best tradesmen in the country with Vocational training that suits them." He also outlined the provision of funds for the establishment of a Dental Faculty at UBC which *is 'long overdue'.*

HOLIDAY OVER

Mr. and Mrs. B. C. Joliffe have *returned home after holidaying* in the Shuswap and Kootenay

OTTER

Recent guests at the home of Mr. and Mrs. Roy King were Mr. and Mrs. MacAsslaen of Victoria.

Mr. and Mrs. T. Burden have returned home after holidaying with friends in the Okanagan.

Mr. W. I. Fitzsimmons visited here with relatives for a few days before leaving for Edmonton on Friday, with Mrs. Fitzsimmons and family.

The fund organized in aid of triplets born in Langley Memorial Hospital to Mr. and Mrs. Hugh English is growing.

So far $375 has been banked for them and $300 worth of merchandise has been donated.

The triplet girls, Jeanette, Joanne and Judy, now at home, are all doing well but their father is still seeking employment.

PINE GROVE

Mr. and Mrs. Roy Weatherby, with Patsy and Herb, returned home this weekend from a two weeks motor trip. They visited first Roy's sister and family, Mr. and Mrs. Leonard Sinclair, at Westview. Then they proceeded to Blairmore, Alberta, where they visited their daughter, Phyllis and family. From there they went to Radium Hot Springs and Windermere where they visited Roy's brother, Jim and family. They continued on to Edmonton where they visited another daughter, Leila and family.

Mrs. Rosella Schmidt has been spending the past 2 weeks helping the Columbia Bible Camp at Cultus Lake.

COUNTY LINE BRIDGE

Notice has been received by council that work on County Line bridge will be started by B. C. Electric Company either in late August or early September.

IT PAYS to advertise! Phone BA 6-5170 Aldergrove News and place a want ad.

ENGAGED

Mrs. Lois Kazinci of Ross Road, has announced the engagement of her eldest daughter, Margaret Esther, to Walter Henry Fowles, eldest son of Mr. and Mrs. Harry W. Fowles also of Ross Road. The wedding will take place on Saturday, September 3, at 7:30 p. m. in the Calvin Presbyterian Church.

JUBILEE

Visiting with Mr. and Mrs. V. Kilian during the week was their daughter, Mrs. Ole Nielsen, and Kenny while Ole Nielsen is working at Hope. Mrs. Nielsen and Kenny also visited with Mr. Nielsen's parents at Bradner, Mr. and Mrs. K. Nielsen.

Last Thursday visitors at the home of Mr. and Mrs. H. Snowdon were Mr. and Mrs. Lorn Micket and family from Vancouver.

Over the weekend Mrs. D. Wolfe had the four Klaus children staying with her while Mr. and Mrs. August Klaus motored to Williams Lake to visit with friends.

Visiting the home of Mr. and Mrs. H. Snowdon on Sunday were Mr. and Mrs. Clarke and Winnie of Vancouver.

Mrs. George McConnell and their five boys are spending the weekend at White Rock with their daughter and son-in-law, Mr. and Mrs. D. Smith.

Mr. and Mrs. J. Stelting have returned home from their trip to Alberta and Swift Current, Saskatchewan where they visited their old home, friends and relatives.

Mr. and Mrs. William Love were dinner guests at the home of Mr. and Mrs. De Gan's of Silverdale, Mrs. Love's sister. Janice Evanoff and Marilyn spent the weekend with their aunt and uncle, Mr. and Mrs. De Gans.

Mr. and Mrs. R. Evanoff, Mr. and Mrs. B. Evanoff, Diane and Larry and Mrs. L. McKay and family motored to Garibaldi Park on a picnic

ALDERGROVE WEATHER STATION

Reported by Norman Green, Weather Observer

	Max	Min	Rain
Aug. 8	97	51	
Aug. 9	95	53	
Aug. 10	78	54	
Aug. 11	74	48	
Aug. 12	74	49	
Aug. 13	70	46	.34
Aug. 14	62	46	.065

Means for the Period:
Maximum—74-75 degrees
Minimum—50-51 degrees
Precipitation—.34 inches.

Our long dry spell came to an end with a fairly heavy shower early Sunday. We had 43 days without rain, 49 with only .01 in., and 54 days with a mere .17 inch.

Longer dry spells occurred in 1951, when Vancouver had 58 days with only .01 inch, and in 1930 when most of the Valley had less than .20 inch in 68 to 71 days.

Our three very hot days, with maximums of 94, 97 and 95 degrees compare favourably with the three hottest in 1958 (July 26-28 had 91, 100 and 97 here). In July, 1941, there were six days over 90 degrees in a row.

A sunshine record that has stood for 66 years was broken last month. Agassiz had 316.8 hours of bright sunshine, exceeding the 303.2 hours of July 1894 (average 219). Vancouver City, with 388 hours, also set a record (1931 had 381.2 hours). Their average is 254 hours.

Why Do Your Tires Squeal?

Have you ever wondered what makes tires squeal?

Here are some answers by the B. C. Automobile Association:

Speed, generally believed to be the sole cause, is one of many contributing factors, which fall into three main classes:

1. Tread design, construction and operating characteristics of tires.

2. Car front-end suspension and wheel alignment.

3. The condition of the road itself.

The source of the squeal is "side slip." When tires slip sideways over road surface, however slight, the resulting noise is similar to rubbing two inflated balloons together.

Motorists can reduce tire squeal by following these BCAA suggestions:

1. Keep tires properly inflated, observing manufacturer's recommended air pressure.

2. Obviously, avoid taking corners fast.

3. Check car front-end alignment periodically.

4. Rotate tires regularly, at least 3000 miles, including spare in rotation.

Ball Results

August 9—MSA 10, Clearbrook 6; August 11—Clearbrook 11, Mt. Lehman 2; August 11—Langley 4, MSA 5; August 15—Mt. Lehman 0, Aldergrove 9.

Civil Planes Grounded During Air Exercise

The North American Air Defense system's "Operation Sky Shield" will cause cancellation of approximately 25 Trans-Canada Air Lines flights in the early morning hours of Sept. 10, and delay a number of others.

All civil aircraft in Canada, Alaska and the continental United States, and all military aircraft not participating in the exercise will be grounded during the six-hour period.

★ Always a Welcome
★ Win Valuable Prizes for Scores Over 400

12 LANES FOR YOU
NO WAITING
10 PIN AND 5 PIN

Hi Folks!

As the 1960-61 Bowling Season draws near (September 6) we of the Hub Lanes Ltd. (formerly Abbotsford Bowling Alley) would like to invite you, your family and friends to join us in the up and coming healthy sport of bowling. There are leagues for everyone, as you will note, in the enclosed schedule. Get together and enter a team, or if you wish us to place you in a team, just return the enclosed entry forms to Hub Lanes, Box 599, Abbotsford, B. C., or phone UL 9-2978 any time, and give us your name, the type of league you would like to join, the day and time.

For those folks who have never bowled and feel they would like to, there will be free instructional periods given by qualified bowling instructors prior to the commencement of Leagues. If you desire these instructions phone UL 9-2978 for further information.

Our aim is to have a high standard Bowling House with personalized service to one and all. If you cannot bowl, come and watch while having a good cup of coffee at our coffee counter. In either case, come and enjoy yourself at the "Little House With the Big Welcome."

PINE GROVE

Having supper aboard a submarine Saturday evening was a novelty for Mr. and Mrs. Winse Lipsey when they accepted the invitation from Winse's cousin, Chief Petty Officer Covert of the submarine Sea Fox out of San Diego. It arrived in Vancouver port last Saturday and left Monday. The crew consisted of 85 men. After supper they were shown movies.

Mr. and Mrs. W. Lipsey, Connie, Bobby and Linda, accompanied by Darlene Goertzen, spent a week motoring to Whidbey Island, across to Wenatchee and up home through the Okanagan. They returned last Friday.

Peter Ruben of Princeton was down to visit his parents overnight last week.

Home from their jobs because of forest closure are Ray Konhya, Bud Holden and Steve Dehoy.

Mr. and Mrs. A. Peardon, Doug and Gladys accompanied by Mr. and Mrs. Eldon Bartsch and Randy of Abbotsford, motored to Birch Bay on Sunday.

Monday afternoon they drove Gladys to the Vancouver airport where she took the plane for Whitehorse, Yukon, where she will be on the nursing staff of the Whitehorse General Hospital.

Gladys has been nursing for the past three years at the mental hospital in Ponoka, Alberta, and has been spending the past ten days visiting at the home of her parents here.

Mr. and Mrs. Walter Adams of Matsqui, accompanied by their daughter and grandchildren, Mrs. Betty Wilson, Darrell and Wendy of Edmonton, visited Mr. and Mrs. A. Peardon Saturday evening.

A VISIT TO STRATFORD

By TED HORNE

Every year the Canada Council sends two hundred high school students from all over Canada to the Stratford, Ontario, Shakespearean Festival, with all expenses paid. This year I was one of the fortunate students.

Travelling with a large group of happy, excited and noisy teenagers was an unforgettable experience. The purpose of the trip was to see three of Shakespeare's plays performed.

King John was a gloomy and depressing production. All the plots, murders and treachery were superbly acted. The king took nearly half an hour to die; he was very convincing. One of the actresses died noisily, screaming and clutching a rag doll of her lost son.

There was not an unhappy moment in A Mid-Summer Night's Dream. Bottom and his friends were delightfully ignorant and incompetent. Oberon, Titania, and the young lovers also acted their parts well.

Romeo and Juliet was the best of the three plays. All the actors were perfect. Their interpretations were unique and exciting. Nearly all the girls were wiping their eyes during the last few scenes.

There were other thrills during our stay at Stratford. We met most of the actors. We had expected them to be haughty snobs, but they couldn't have been more friendly and considerate. We saw original editions of Shakespeare's plays, more than 300 years old. We had time to explore the Avon River and *the town of Stratford.*

There were plenty of problems on the train. Late one evening our chaperones panicked when all the lights went out. We missed a meal because the cooks ran out of food. Snoopy conductors tried to break up our parties and make us go to bed as early as three in the morning. One of our porters was intoxicated.

I'd like to thank three of the people who made this trip possible for me: Mr. Goostrey, my counsellor and director; Mr. Hickey, my English teacher; and Mr. Hanson, principal of Aldergrove High School. Without their help and encouragement during the last three years I certainly could not have earned a place on the Canada Council train to *Stratford.*

Tender Lowest From Aldergrove

An Aldergrove man tendered the lowest bid for clearing and levelling five acres of land for a new school on the Brown Road-Wix Road site.

Tenders were called for by *Langley school* Board and E. M. Bird of Aldergrove bid $590 to clear the land in 20 days with a *D-4 caterpillar.*

Other bids were received from Breaks Bros., $675; Daglund Bulldozing, $945; and D. Lockerby, $1090. The tenders have been submitted to the building committee for recommendation.

DUSTY ROADS GO

Fourteen miles of roadway have been paved in the municipality this year. During the month of July, 5,829 yards of crushed gravel and 1,049 yards of pit run gravel were put down by the Public Works Dept.

Tenders Let For School Gas-Fuel

Tenders for fuel oil, furnace oil, stove oil and gasoline were received by Langley School trustees from five firms and in each case the lowest bid was accepted.

Supplying gasoline for the period September 1, 1960 to August 31, 1961 will be the B-A Oil Company at 18.70c per gallon. Home Oil Company will supply fuel oil at 10.38c; Imperial Oil Company, furnace oil at 14.34c and Standard Oil Company, stove oil at 17.45c. These prices are shown exclusive of taxes and in each case the price tendered was lower than that tendered last year by a few cents.

PUYALLUP VISITORS

Recent visitors to Mr. and Mrs. Joe Locke at Blue Star Motel were Mr. and Mrs. E. Ingbold-Iverson and two daughters, Devonne and Ione from Puyallup, Washington.

TECHNICAL EDUCATION

The Educational Challenge of Today

Will be the subject of an address by

Professor Charles H. Dobinson, B.Sc., M.A.

Head of the Department of Education,
Reading University, England on

Wednesday, August 31—8 p.m.

Langley Central School Activity Room

This subject is one of interest to all parents and certainly to anyone interested in the young people as well as the economic development of our country. Prof. Dobinson is recognized as one, if not the top, expert on comparative education in the world. He is on his first visit to Canada and has been invited by the Board of School Trustees of School District No. 35 (Langley) to give an address on Comparative Technical Education for the benefit of those persons in the Lower Mainland who are interested in this subject.

FIVE HOUR BATTLE

Three Stores Suffer Severe Fire Damage

Abbotsford volunteer firemen battled for five hours to subdue a blaze in a grocery store in downtown Abbotsford. Extensive damage was caused to Quons Store on Essendene St., and smoke damage to the two adjoining stores, Bart's Ladies Wear and Gilmour's Department Store. The cause of the blaze is thought to be electrical failure in the basement of the store.

The origin is unknown of a fire in a bathroom of the Park Hotel, now under construction in Abbotsford. Damage was extensive in a bathroom hallway and room of the building.

Inquest Held On Young Girls

An inquest was held Wednesday, August 10, into the deaths of 2-year-old Rita Dirksen and Doris Dirksen. Vehicle driven by John Dirksen struck a concrete bridge post on the Sumas River Bridge on the Trans-Canada Highway on May 8 this year.

The coronerz jury brought back a verdict of accidental death with no blame attached to any person.

Entries Sought For Miss MSA

Several district girls have indicated an interest in the planned Miss MSA contest. The contest will be held in conjunction with the Central Fraser Valley Fall Fair with the winner to represent the district at the 1961 PNE.

To be eligible, contestants must be between the ages of 17 and 21 and have been residents of the MSA district for a period of two years. Entries close August 25.

Judging will be held September 7 at the Fair Grounds stage with all contestants taking part in the Central Fraser Valley Fair parade. Anyone wishing further information may contact W. A. Walker at the Matsqui Magistrate's office, or Mrs. Howard Dueck at UL 4-3011.

Sea Cadet Corps Increase Number

An authorization has been received for increasing sea cadet corps in the Abbotsford-Aldergrove area from 75 to 90 boys.

Age limits for cadets are 14 to 19 years. Any boys wishing to join should contact Lieut. Thomson at UL 3-4077 or J. W. Bancroft at UL 3-6236.

The cadet corps meets Thursdays at the HMCS Aldergrove drill hall at 7 p. m.

Abram Letkeman Dies Suddenly

The sudden death occurred August 6 of Abram David Letkeman, 74, at his residence, 33657 Marshall Road, Abbotsford.

Letkeman was born in Russia in 1886 and came to Canada in 1912. He had lived in British Columbia for the last 27 years where he carried on the business of mixed farming.

He is survived by four daughters, Mrs. Helen Baratgin of Vancouver, Mrs. Margaret Newman of Richmond, Mrs. Mary Enns of Abbotsford, and Mrs. Betty Fredericks of Victoria; three sons, Cornelius of Revelstroke, David of Long Beach, Calif., and Abram of Vancouver; eleven grandchildren and one great granddaughter; two sisters, Mrs. Anna Thiesen of Yarrow and another in Russia; one brother, David, in Haney.

Funeral services were held Friday, August 12, from the Abbotsford chapel of Henderson's Funeral Home with Rev. Mark Misch officiating. Interment followed in Hazelwood Cemetery.

Equal Pay For Children Urged

Why can't mothers of children be paid amounts equal to those paid to foster mothers? This question was asked at a meeting Monday night in Abbotsford by Mrs. Bea Zucco, Progressive Conservative Candidate for Burnaby.

Mrs. Zucco stated that mothers are given $13 to feed, clothe and pay for school supplies for their own children. If the mother is forced to work and the children are placed in foster homes, the welfare department pays $30 to a stranger for that same child in addition to buying the clothes and paying for school supplies. Mrs. Zuzzo stated the children were much happier in their own homes, so why doesn't the government try to keep them there.

Mrs. Zucco stated there has been no change in the welfare department for 8 years.

Liquid nitrogen applied with a cotton-tipped applicator, is highly effective for the removal of warts.

Rotarians Hear Congo Story

Abbotsford Rotarians learned some of the inside story connected with the Congo at their meeting last night. Guest speaker at the meeting was Susie Schmidt, a missionary recently returned from that trouble spot.

Miss Schmidt told of her training before she commenced teaching in a missionary school there. She spoke of conditions leading up to the riots in the Congo and said that all women and children were evacuated following army riots. Miss Schmidt told the meeting that she hoped some day to be able to go back to the country as she had liked working there in the school among the Congolese people.

During the short business meeting preceding the speaker, Rotarians received a letter of thanks from the MSA Parks Board for their $100 donation towards benches in the park. The benches are being constructed and some are all ready in place near the pool.

Water Usage Still Limited

Water restrictions in the MSA district remain the same despite continuing hot weather.

Clearbrook Water District users are to water according to the number system, odd numbered houses on odd days and even numbered houses on even numbered days. Those living south of the highway may water in the morning, north of the highway in the evening. Officials of that district state these restrictions will continue and will not be tightened in the near future, however continued hot weather over a length of time may mean reconsideration of these restrictions.

Matsqui municipal water systems remain on the same rules.

Mrs. Maria Unger Passes Away

Mrs. Maria Unger, late of Marshall Road, Abbotsford, passed away in her 76th year in the Menno Private Hospital. Born in Russia on January 16, 1884, Mrs. Unger resided in the Abbotsford district for the past 16 years.

She is survived by one son, Henry Nick Unger of Marshall Road Extension; five daughters, Mrs. A. Thiessen in Russia, Mrs. John Wiens of Lobban Road, Abbotsford, Mrs. Jacob Willms of Ontario, Mrs. C. Plette of Vancouver, and Mrs. Henry Penner of Alberta; 31 grandchildren and 19 great grandchildren; two brothers, Abe Toews of Winnipeg, and Isaac Toews of New Westminster; four sisters, Mrs. Katie Dyck of Clearbrook, Mrs. Susie Suderman of Saskatchewan, Mrs. Anne Unger in Russia, and Mrs. G. Derksen of Huntingdon Road, Abbotsford.

Funeral services will be held Thursday, Aug. 18, at 2:30 p. m. at the M. B. Church, Abbotsford, with Rev. H. H. Nikkel officiating. Interment will follow in the Mennonite Section of Hazelwood Cemetery, with Garden Chapel in charge of arrangements.

Pallbearers will be Henry Penner, John Wiens, C. Plette, Henry Unger, John and Henry Suderman.

KIERNAN SPEAKS

Minister of Mines and MLA for the Chilliwack riding, Kenneth Kiernan, will speak in Abbotsford Thursday evening. Kiernan will speak at the Legion Auditorium at 8 p. m.

Mennonites Hold Conference

Delegates from the United States and Canada registered today at the annual conference of the Evangelical Mennonite Brethren churches of North America. The conference will be held through August 21 in the Grace Church on Busby Road.

Sessions will take place in the church from 8:30 to 11 a. m. and from 2 to 5 p. m. each day. Special evening services will be held during evenings at the Phillip Sheffield Auditorium at 7:45 and on Sunday afternoon at 2:30.

Everyone is welcome to attend the devotional and Bible study periods daily from 11 a. m. to 12 noon.

Guest speaker Friday evening and at the youth rally on Saturday will be Rev. Willard Aldrich of Mult Nomak School of the Bible.

Conference president is Henry Brandt of Mountain Lake, Minnesota. Vice president is Rev. J. R. Dick of Abbotsford and secretary is S. J. Schmidt of South Dakota. Acting as treasurer is William Regeir of Omaha, Nebraska.

Matsqui Police Court News

Ten persons appeared in Matsqui police court charged with violations of the motor vehicle act ranging from speeding to failing to stop for a stop sign. Speeders made up the majority of the court docket.

Eight persons appeared and paid fines totalling $174. Two others appeared charged with passing in a restricted zone and failing to stop at a stop sign. Fines totalling $26 were levied.

PARTY FORUM

Plans are under way in Abbotsford for a political forum to be held in early September. Sponsoring the forum will be the Abbotsford Junior Chamber of Commerce. All parties will be represented on the platform.

Charges Laid After Accidents

A Sumas man appeared in Matsqui police court on a charge of driving without due care and attention. Pieter Busink was fined $50 and costs on the charge.

The charge was laid following a collision between Busink's car and a car driven by J. Bartell of Matsqui. Mr. and Mrs. Bartell were hospitalized with severe injuries and Mrs. Busink was also hospitalized in the MSA General Hospital.

A similar charge was laid against Steve Rostas of Vancouver following an accident. Rostas was fined $40 and costs on the charge.

FAIR LIST OUT

The prize list book of the Central Fraser Valley Fall Fair has now been mailed out.

Any persons interested in receiving this book who have not received it through the mail can obtain a copy from L. J. Kettle, United Milling and Grain Company or the ASM News office.

Police Looking For Witnesses

Matsqui municipal police are looking for witnesses to an accident in Clearbrook. The accident occurred at 12:45 p. m. on the Trans-Canada Highway in Clearbrook at the entrance to the IGA parking lot.

A west bound motor vehicle struck a girl riding a bicycle.

Any persons witnessing this mishap is asked to get in touch with the Matsqui municipal police at UL 9-5225.

UNION OFFICERS, UNION AFFAIRS AND POLITICS

Of the established place of labor unions today there can be no doubt.

They are accepted, and legitimate union affairs are recognized to be the business of members and their officers.

But there is a large scale doubt — amongst unionists, too—that union affairs and party politics should be mixed. The heads of United States international unions strongly advise against it. They say union interests suffer when unions go into politics.

In British Columbia, certain union leaders have virtually taken over the Socialist CCF party. Today no one knows what is done for union advantage and what is for political propaganda effect. Union statements formerly taken at face value are now suspect by members and the public alike.

These paid union officers reach to add vast political strength to the money, jobs and power they already control.

As neither union interest nor public interest is served by mixing unionism and politics, British Columbians will create more confidence and employment in B.C. by clearly rejecting state Socialism and the CCF-union tie-up at the polls.

Roads Paved By Subdividers Says Reeve

Since the municipal Sub-division Control By-Law was passed there have been six subdivisions approved by council requiring the construction and paving of the roads on the subdivision.

Three of these roads have been completed to paving standards and three are pending.

Reeve D. W. Poppy told council last week that this information should be publicized because taxpayers might think that the roads were provided from municipal funds whereas they were actually paid for by the sub-divider.

Billboard By-law Under Study

A committee consisting of Reeve D. W. Poppy, Councillors J. Wellman and A. E. Roberts has been set up by council to study the proposed Billboards By-law.

The basic question before council said Reeve Poppy is whether to allow billboards or not in the municipality and he made the following observations.

Billboards are banned in Surrey and in most of Matsqui he said, so Langley could become a money-making haven for poster companies. Existing billboards and signs, in some cases, are blocking the view from nearby residences, and also mar the landscape. Some of the signs are directional signs he went on, but the majority do not have any local advertising.

The land owner only receives one twelfth of the annual rent with the rest going to the billboard company and, questioned the reeve, 'should anyone be allowed to interfere with the scenery which can be enjoyed by all our residents and our many visitors, in order to make a financial gain?" He finished his report by adding, "If billboards along the highway are a distraction, should they be allowed, thereby adding to the already high number of traffic accidents and fatalities?"

A letter was read from F. A. Ziegler from Monk's Hall, Fort Langley stating that billboards are banned in most of the municipalities on the North American continent and in Europe and suggesting that they are not necessary for local advertising and are a detriment to the development of the municipality.

MT. LEHMAN

Mr. and Mrs. L. T. Davis of Olund Road spent two weeks travelling three thousand miles touring B. C., Alberta and Montana. Their route took them through the Fraser Canyon to the 150 Mile House, where they toured by Horsefly and Likely. They proceeded north over the Hart Highway to Dawson Creek. This is a good gravel road except where construction is taking place. This gave rise to dust on the western end and prairie mud on the eastern side. At Fort St. John, Mr. and Mrs. Davis visited old friends and had a good look at some very beautiful country. Their return journey was by Edmonton, Rocky Mountain House and a forestry road to Cochrane and then to Calgary. The 'Going-to-the-Sun' Highway through Glacier Park was one of the most beautiful drives in the Rockies. After visiting relatives in Nelson, Mr. and Mrs. Davis returned to the coast by way of the Monashee Pass.

Sunday guests at the home of Mr. and Mrs. A. G. Ryder were Mr. and Mrs. Don McWhinnie, Lois and Bobby of Langley.

Mr. and Mrs. Alex Keretes and their two little boys from Lytton were visitors at the home of Mrs. M. Harvey this week.

Diane Cherry, Peggy Phillips and Donna Taylor left Sunday for the Girl Guide Camp at Sumas Mountain where they will camp for a week. There will be about 25 girls at camp this year.

Mrs. M. Hanna, Mr. and Mrs. George Alexander of Port Mann and Mr. and Mrs. D. Blair of Vancouver have returned after a week-long fishing trip to Tawnkwa Lake in the Cariboo where they camped. Fishing was good.

Recent visitors at the Gillis home were Mr. and Mrs. W. Gillis of South Westminster and Mr. and Mrs. John Gillis of Nooksack, Washington.

Mrs. K. Tebbutt, Mrs. M. Harvey and Miss Rosemary Harvey motored to Lytton on Sunday and visited with Mr. and Mrs. Joe Chute. They brought Lyn Chute back with them to stay while her parents are away on holiday.

Misses Ruth and Lucy Owen had as their guests for a week, Miss Alice Sharpe of Vancouver, and last weekend, Miss Bea Lehman of Burnaby.

BERTRAND CREEK

The council cleaning program for Bertrand Creek started on August 8 with one drag line and a shovel in operation.

Women's Guild Meet At Otter

The Women's Guild of the district entertained members of a Vancouver Guild last Saturday in the Otter Credit Union Hall with a 1 o'clock turkey luncheon.

Present at the luncheon were eight guests from Vancouver, besides local guests, including Miss Jean Patterson, who gave an outline on how the clubs and groups in Vancouver are endeavouring to spread knowledge of the real danger of nuclear fallout to the public.

Cy Harding also added a few points saying that the "Country Women of the World" had the best worded protest he had read anywhere. People must be brought to know their own danger and that of their families, he said.

After the meeting, some of the guests drove to the James MacFarlane farm while others went to the home of Mrs. S. Hanger before returning to Vancouver.

Cricketers Come From Behind To Score Victory

Langley Cricket Club had a close shave Saturday but won their game against Occasionals at Spencer Field, UBC, when the position looked hopeless.

Langley batted first and quickly lost five wickets for only 25 runs before a stand by John Thomson, 18, and Rick Buck, 10, started an upward swing for the local side and the tail enders, with Gerry Woolfson scoring 16 not out, enabled the side to finish with a respectable total of 99 runs.

Opening bowler R. Myers for Occasionals was no-balled 7 times and proved disconcerting to batsmen and umpires alike.

Occasionals reached the score of 60 with only 3 wickets down, due to a fine inning of 57 by Max Howell and it looked all over bar the shouting. But Art Griffin, 5 wickets for 19 and Colin Stewart, 3 for 15, thought otherwise and backed up by fine fielding the last 7 wickets fell for only 14 runs leaving Langley the victors by 25.

This win leaves Langley two points off league leadership and next week they play at home again against West Vancouver Capilanos.

Mine Venture Near Hope

Two of the original backers of the highly successful Craigmont Mines copper iron project near Merritt, B. C., have initiated a new mine finding venture—this time in the Skagit River country 25 miles southeast of Hope, B. C.

Earl M. Olts and Clarence H. Gillis, after their successful venture in Craigmont, joined with H. E. Simpson in optioning the Gold Coin group of claims in 1958 from Henry Fooks of Agassiz, B. C. In August 1959, they acquired the claims outright and conveyed title to a newly formed British Columbia company "Earlcrest Resources Limited."

The property is one which Mr. Fooks selected after intensive participation in mining exploration since he came to B. C. from Ottawa more than 70 years ago. Fooks, still resident in Agassiz, is now a hale and hearty 93 with a mind 'as bright as a dollar." He started his hunt for ore in profitable quantities on the Illicillewatt River in the Rockies at about the time the C.P.R. was pushing its way westward. Soon after, he homesteaded in fertile Agassiz Valley. He maintained his interest in prospecting through a career during which he served his chosen community in many responsible positions. For 50 years he was clerk and collector of Kent Municipality of which the Agassiz Valley is part.

His quest for mines led him to the Hope region. His personal investigations were supplemented by talks with Dr. Cairnes of the Geological Survey of Canada. Mr. Foods recalls vividly the remarks of Dr. Cairnes that he regarded the mineralization of the area to be of deep seated origin.

R. E. Renshaw, consulting geologist, examined the property for the present owners last September and reviewed results of subsequent work in December. He reports that the claims contain two types of mineralization which, he recommends, merit considerable exploration to define their economic potential. He states that both replacement and vein types of mineralization present have the width, length and possible depth to develop large tonnages of ore. Both types, he says, are situated on steep bluffs and can be explored by drilling and blasting rock cuts, a method which he says will be cheaper than diamond drilling at the present time. He points out that such cuts will also prove the lateral and vertical extent.

In December on the basis of results of two trenches cut late last season Mr. Renshaw said they gave favourable indications that further extensive exploration and development "was more than justified."

4-H Club Winners Assist At P.N.E.

About 40 of B. C.'s top junior farmers will attend one week of the 1960 Pacific National Exhibition expense-paid trips.

From all parts of the province, they are the chief points winners in their 4-H Clubs in 1959.

They are visiting the August 20-September 5 PNE under auspices of the George Norgan Foundation Fund, an organization designed to assist youth.

The young farmers will help with stock handling in judging and other contests.

NORTH COGHLAN

Mr. and Mrs. I. Sawatzky and family have returned from a motor trip and holiday with relatives in southern Alberta, Lethbridge and Coaldale area, the land of the sugar beets. The Sawatsky's were able to make some interesting comparisons between the work of the high priced machinery used for topping and rooting the plants to that of our small fruit farmers.

Mr. and Mrs. Wilson and family are visitors at the home of Mrs. Wilson's parents, Mr. and Mrs. E. Kennedy.

Mrs. R. Johnson of Langley is a visitor at the home of Mrs. R. Baird.

Mr. and Mrs. G. Godman have moved from the Coghlan Road to the North Jackman.

The word of a cross-around road at the new Free-Way being west of the Curle place, now occupied by Mr. and Mrs. Kennedy, was received with some satisfaction by the Coghlan Road residents.

We were pleased to hear a special mention of Norman Green, our local weatherman on CBC Farm News last Thursday on the noon broadcast.
