AROUND TOWN

By Don Anson

More about Jack Scott's flat during the Bradner cavalcade: (a) His jack didn't fit; (b) His spare wheel was the wrong size; (c) The wheel wrench didn't fit anything; (d) He had to use a spare off Keith Nettleton's car. Jack says he is pleased it happened to him and not to Mum or Marilyn.

About 120 friends and neighbours welcomed Mrs. Miskuski home from hospital at County Line Hall last Saturday. All the old-timers were there and the party carried on till 2:30. The party was a complete surprise to the elderly lady, who recently received serious burns in a Vancouver fire.

Complete new look in the building now occupied by Aldergrove Cleaners. Apart from painting outside, the interior has been completely and most attractively remodeled.

Everyone who went to the band concert at the high school Saturday thought it was first class. As George McDonald remarked, "It is incredible that the Fort band has reached it's present standard in only four years." Roy Seney is really to be congratulated.

So successful was the last showing of Noel Coward's "This Happy Breed," by the Theatre Club of Abbotsford, that a return performance is being made in the Philip Sheffield auditorium on Saturday, April 22. Drama critics from Vancouver at the last opening night picked out four members as giving outstanding performances. They were Mrs. Margaret Wright, Douglas Bibby, Charles Laverty and Dave Scanlan.

Congratulations to Tiny Traas, the coming Valedictorian for the Aldergrove High School, who absolutely refuses to announce this in her own column.

Art Dingley last week baked a 50th anniversary wedding cake which is to be sent behind the Iron Curtain to Poland. It is inscribed: 50 TA Rocznica Slubu.

High wind last Thursday brought many objects down, including Cliff Watts' garage behind his office. Small cars had

THE GIANT LIES LOW—The water tower at the Aldergrove Naval Station looked a sorry sight on Thursday morning after it had been toppled to the ground because its timbers were unsafe. Some idea of the height of the structure can be determined by the extent of the debris. (NEWS Photo)

Pete Swensson Will Judge In Moscow Soon

Pelle (Pete) Swensson has been singularly honoured by Russian photographers again. He has been elected a jury member to judge the photographs at the First International Photographic Exhibition to be held in Moscow some time this summer.

Besides the honour for Pete this is also prestige for Canada and those who know him will be delighted with his success.

Just when Pete will leave for Russia is not yet known, but he has begun to make preparations.

F. G. Hart Passes Away Suddenly

A gentleman, who until last year had resided in County Line since 1923, passed away suddenly at his new home, 3109 Waverley Ave., Vancouver, on Saturday morning, April 15. He was Frederick Graham Hart, formerly of Carpenter Road, and was in his 80th year.

His only survivor in Canada is his wife, Annie Elizabeth.

The funeral was held from the Simmons and McBride Funeral Chapel, Broadway and Maple, on Tuesday, and cremation followed. Rev. Eric S. Wallace officiated.

Langley Police Court News

Speeding charges resulted in fines of $20 each levied against Russell Giberson, Langley, and John Fast, Abbotsford, at Langley Police Court last week. Failing to halt at stop signs resulted in fines of $10 for Eileen Oklund, Langley, and Frederick Houston, Fort Langley.

Five charges of violating the Unemployment Insurance Act were brought against an Aldergrove man, Andrew Brandt. He pleaded guilty to obtaining unemployment insurance benefits illegally and was fined $25 on each of the charges.

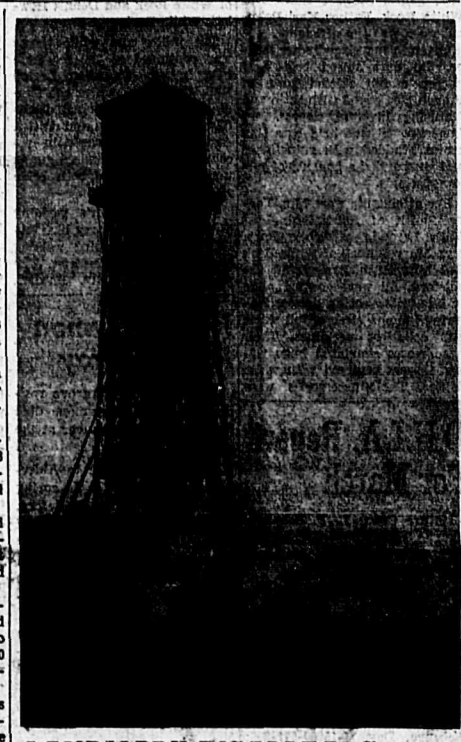
A fine of $30 was imposed on Karl Geschke, Fort Langley, for failing to yield right-of-way leading to an accident.

Two Langley youths were given suspended sentences of 18 months for stealing several articles from a farm on Wood Road.

Terry George Martens, no fixed abode, pleaded guilty to breaking, entering and theft at Brown's Cafe and was sentenced to 18 months concurrent.

A Langley man, Stanley Stevenson, received a fine of $25 and costs for intoxication while two Langley juveniles were fined $10 each for carrying firearms without a licence.

Jack Wignall of Langley was given 3 months' suspended sentence for cruelty to animals. He was found to have clipped a Doberman dog's ears in such a way as to cause unnecessary suffering.



LANDMARK DISAPPEARS—The high water tower which has been an outstanding mark of the Naval Station at Aldergrove was brought down on Wednesday evening. The timbers at the base had rotted and made it unsafe. The above picture was taken as smoke rose around the bottom following one of the dynamite blasts. (NEWS Photo)

LOCAL GIRL WINS SCHOLARSHIP WORTH $1200

Martina Maria Traas, 18, Aldergrove High School student (right), receives her $1,200 Careers for Youth Scholarship award from L. T. Evans, Manager, Hotel and Restaurant Sales, of the H. J. Heinz Company of Canada Ltd. (left), at the Canadian Restaurant Association's 17th annual convention in Toronto on March 31. Tini was named winner over a large number of contestants across Canada who vied for the scholarship—awarded annually by the CRA and H. J. Heinz Company. Tini will study home economics at the University of British Columbia after graduation this summer.

Fort Band Puts On Outstanding Performance

To the closing strains of "On the Quarter Deck" the Fort Langley Firemen's Band was given a rousing ovation at conclusion of the concert they put on at Aldergrove High School Saturday.

An appreciative audience heard the multi-award-winning band at it's best. Led by conductor Roy Seney, the band, 33 in number, played all types of music and a commentary before each number was given by Trevor Beggs, who explained the functions of each instrument and it's relative purpose in harmonizing with other instruments.

Solo numbers included a fine soprano singer, Mrs. Ray Lee, who sang the spiritual, "Were You There When They Crucified My Lord?", and a young whistler, George Hogge, from Willoughby, who attained unbelievably high

Early Zoning Plan Urged

Now is the time to get zoning set in the Aldergrove area, said Stan Deans, at Monday's Chamber meeting.

He said that if this were not undertaken soon, prospects might be lost. "Zoning in Aldergrove is up to us," he said, "and we should get together with the municipal planning officer, Ken Major, as soon as possible."

Both George McDonald, speaking for Aldergrove Town Planning, and Fred Dams, for Langley Advisory Planning Committee, agreed and it was decided to call an early meeting in order to get zoning accomplished in the Aldergrove Water System area.

New Members For Chamber

New member, Henry Reimer, from Aberdeen Lumber, was introduced at Monday's meeting of the Chamber of Commerce. Five new members were elected in a special membership drive made for Chamber of Commerce Week. They were Jim Paris, accountant, L. K. Sully and Co. Ltd.; Rev. A. Hippe, Immanuel Lutheran Church; Wolf Zillich, Zillich Bricklaying; Ernest Sing, Aldergrove Hotel Cafe; and Ken Honkawa, Transport Cafe.

One of these members will participate in a special airplane tour of the Fraser Valley on Saturday. This is being sponsored by New Westminster Board of Trade. Jack Scott will also be on the flight which will carry representatives from other Chambers of Commerce.

Continued Fight For Jackman Crossing

Aldergrove Chamber of Commerce is not to give up its fight to keep Jackman Road open when the new freeway goes through.

It was decided Monday to reactivate the special committee set up to form ways and means to bring the importance of this crossing to the Ministry of Highways.

It was reported that no work was going on in the section concerned and the Highways Committee chairman expressed his opinion that Aldergrove should not let the subject drop just because the previous delegations to the Minister of Highways had met with no success.

On the suggestion of Jack Scott it was decided to invite the Hon. P. A. Gaglardi to be guest speaker at the June meeting which will be Ladies' Night.

Theatre Club To Repeat Play

The Theatre Club of Abbotsford will present a repeat performance of Noel Coward's "This Happy Breed" on Saturday evening, April 22, in the Philip Sheffield Auditorium, Abbotsford.

The first night audiences were most enthusiastic. A special invitation is accorded to Aldergrove friends to attend this final production.

The club will start rehearsal for the fall production, "Janus," immediately.

Trade Board President Sees Great Future For Province

Maurice Finnerty, president of B. C. Chamber of Commerce, and guest of honor at Monday's meeting of the Aldergrove Chamber, is undertaking the prodigious task of visiting each of the 121 boards of trade and chambers of commerce in the province.

"These trade boards,' said Finnerty, "represent 13,000 members and relatively speaking they are all doing the same kind of work for their communities."

In a long address on Monday, Finnerty gave an encouraging over-all picture of the future for Canada, and in particular for the western provinces of Alberta and British Columbia.

The boom we have experienced, he said, has been jolted a bit by the semi-depression of the last two years but there is no doubt that, unlike the 1928 boom, prosperity has reached everyone in Canada. We have yardsticks to go by, he continued, and in quoting the Gordon and other reports showed that since World War 11 we have become an industrial nation with a vast potential for betterment.

Never in the history of B. C., he went on, has population suffered a decline and added, "We will add population faster than any other province in Canada."

He emphasized the importance of Alaska to our economy and quoted American reports as stating that northern B. C. will produce over 50 million barrels of oil by 1980, and 464 billion cubic feet of gas. B. C.'s value from tourism in 1958 was 7 million dollars, he said, but by 1980 it will be 106 million.

Finnerty spent some time giving figures on the population explosion throughout the world. "Think deeply over this," he said. "Twenty per cent of all people who have been born since the beginning of this world are alive today."

He estimated that the area including Portland, Seattle and Vancouver would have a population of 50 million people in 40 years. "If we do not plan for this influx," he said, "it will be our children and grandchildren who will suffer."

The Columbia project will have three times the impact on B. C. as Kitimat, he said, and went on, "with the Fraser we have the greatest undeveloped source of power in North America with a tremendous potential."

"Our biggest problems," said the guest speaker, "lie in the field of labour-management relationship. We are known to have a costly labour force and for unreliable delivery of goods because of work stoppages. This problem," he said, "must and will be solved because it is affecting our position in world markets."

Risk capital is going to other places and unless we solve this problem soon we might lose the billions of dollars needed from abroad.

Finnerty deplored the present high taxation at all levels and thought our economy too vulnerable.

Although optimistic over the future, Finnerty thought that we might lose out with many of our European markets owing to trade agreements among the inner six and outer seven European countries, but felt that we had large potential volumes of trade with undeveloped and new countries. "We must give them the standard of living they require because, if we don't, then the Communists will", he stated. New concepts of overseas trade are being thought out and our

Cricketers May Practice In Airplane Hangar

Cricket will shortly be in full swing again in Langley.

First full practise game takes place on April 22 against Surrey and first league game is arranged against Kerrisdale on May 6. Acting Mayor John Condor and Reeve Bill Poppy will between them receive and bowl the first ball of the season.

Langley Cricket Club, last year's champions of the mainland "B" division, will journey to Victoria on May 7 to play a friendly match against the "5 Oak" a further friendly series will be arranged with Kelowna later on in the season.

Owing to the very wet winter home games will continue to be played in the Douglas Crescent Park and not in the new park. The club is considering setting up practise pitches in an airplane hanger at Skyways.

Ed Batchelor, Langley City Parks Board member and now vice-chairman of the Lower Mainland Regional Parks Planning Committee, has offered the use of the hangar which will be free of planes after April.

This year's captain, Gerry Brown, will have most of last season's players available and the club is looking forward to a successful season.

Water System Half Completed

Over 20,000 lineal feet of the new Aldergrove Water System has now been completed. This is over half the total contract.

Work on the water tower is well under way and although the new pump is installed it cannot be connected until the tower is completed.

Bad weather has been responsible for loss of several days' work on the system. At one time it was hoped to have everything completed in April.

A scale of meter rentals has been approved by Council. Monthly charges will be as follows: ¾ inch meter, 35c; 1 inch, 75c; 1¼ to 1½ inches, $1; and 2 inch, $1.25.

Council Issues Regulations For Water Hook-up

A notice in this week's issue draws attention of all persons wishing to connect to the Aldergrove Water System to certain rules which are laid down by Council.

Before connections a permit must be obtained from the Plumbing Inspector. This will be issued free of charge.

Either copper or galvanized piping may be used and also plastic pipe provided it is of not less than 160 pounds test.

Pipes must be buried at least two feet and inspected before being covered in. Installation of a pressure reducing valve is recommended where ever pressure exceeds 75 pounds.

Finally, it must be understood that no private system may be connected in any way with the municipal system.

WHITHER NOW!

The world has suddenly become very much smaller. Man has been able to leave it and come back again. H. G. Wells and Jules Verne could not have captured the imagination of everyone in this manner. What they foretold was looked upon as fantasy. Fantasy has turned into fact.

What follows? If there were not the irrefutable fact that Man is now in the position of destroying himself and the world he lives in, there would be great joy everywhere at the accomplishments of fellow scientists in any part of this earth.

Man is slowly conquering disease. Since 1900 life span has been increased enormously. However, there are three things that man has not been able to conquer, poverty, fear and greed.

Will the conquering of space enable mankind to conquer these human frailties? New worlds may enable leaders of this little Earth, a pinpoint in the universe, to get back to logical thinking and provide it's peoples with those things which are generally desired above all things,—peace, harmony, prosperity and love.

THE DEPRESSED NEED HELP!

Reports circulating this week state that the B. C. government is reducing the staff at Haney Correctional Institute in order to cut costs. This will apparently hit the rehabilitation section of the staff to the detriment of the institution and its inhabitants.

Surely rehabilitation is a most important part of correctional procedure. Only last week a man whose home is in Quebec was released from jail. A few days later he was found sleeping in a box car at Fort Langley, probably dead beat from wandering around, not to mention being exceedingly hungry. He was charged with vagrancy and returned to jail. How is he ever to get back to Quebec unless he is helped? Should it not be the first duty of government officials to see that a man released after serving a term reaches his home safely? If he has relatives they will likely help out but a man so far from home probably hasn't a soul in the world who cares what happens to him.

If he is returned to jail for so small an offence, if it can be so called, he is once more to become an expense to the taxpayers. This will probably be repeated time and again unless he is given assistance to get home, or a job where he can earn some money.

We feel that far more can be done in the way of rehabilitation and that more, not less, money, should be so expended.

Hitch-hiking is now illegal. How is a man without money to cross a continent to his home? Hitch-hiking, begging, stealing, all are illegal. Even sleeping in box cars constitutes vagrancy. How, then, is a man so placed to live? Nothing he can do appears to be legal. What have we come to? Who will make the first step towards humanity? M. W. G.

The International Legion Friendship Gavel will be brought to Maple Ridge No. 88 at Haney from Sedro Woolley, Wash., on Saturday, April 29. The Parade will begin at 7 p. m. A party will attend from this Branch, with the colours, and will assemble at the Legion at 5:45 p. m. Members and their ladies are invited to attend the ceremony and the evening of festivities which will follow. The guest speaker will be Dr. Gordon Shrum of UBC.

Senior Citizens Housing:

It has been decided that the Branch will assist in furnishing the Common Rooms at the new homes to be opened shortly in the City and at Fort Langley. A committee of ladies has undertaken the job of choosing the furnishings and decor, and our help will take the form of a cash donation.

Bingo:

Comrade John Buckley, who does such sterling work in running the Bingo nights on Tuesdays at the Masonic Hall, will be away for a few weeks and will be glad to hear from anyone who will help in his absence. The Bingo provides a substantial sum for our Special Welfare Fund each year, and anyone who will lend a hand will be helping a good cause as well as providing a good evening's fun for the customers.

Gavel:

White Rock had to cancel the arrangements to take the Inter-Zone Gavel there on April 7. The new date has been fixed provisionally for May 19.

Hospital:

J. Sogge, R. Wilson, C. Foreman, L. Murphy and M. Willmott are in Shaughnessy. Bill Rees is still doing the visiting for George Bird, who, however, hopes to take it over again at the end of the month. Here is a suggestion for those who say "Why should I join the Legion? Pay a visit to Shaughnessy and see for yourself!

Ladies Auxiliary:

The monthly meeting was held on April 3, with Mrs. Ann Wood in the chair and eighteen members present. Mrs. Wood, president, and Mrs. G. Butcher, standard bearer, were nominated to attend the Convention to be held at Campbell River from May 7 to 10.

The ladies have a festive time ahead, with a Crib Banquet, a Bowling Banquet and three weddings coming up; also the usual stall at the Masonic Hall on Thursday, April 27, in aid of the Hospital Auxiliary.

The next meeting will be held on Monday, May 1, when one new member will be initiated.

The Last Word:

Although we are being connected up to the City water supply, other beverages will still be available in the canteen.

Jeannie Douglas Shower Honoree

Mrs. D. Nelson and Mrs. S. Albrechtson were hostesses for a bridal shower held at the home of Mrs. D. Nelson honoring Miss Jeannie Douglas of Vancouver, formerly of this district, on Friday evening, April 14. Vases of daffodils decorated the rooms and Miss Douglas was presented with a carnation corsage upon being escorted to the table, laden with gaily wrapped packages. Miss Lorraine Albrechtson and Miss Anne Gabor assisted the bride-to-be in unwrapping the lovely gifts.

The bride's cake was white, decorated with flower pom-poms, flanked by pink tapers. More than forty guests partook of the dainty luncheon served at the close of the affair.

The three Forest Service Nurseries, Green Timbers, Quinsam and Duncan, have a potential capacity of 20,000,000 seedlings a year.

Family Camping Hints

EQUIPMENT

Susie Guide Says:

"More than 7,000 members of the Girl Guides Association in B.C. will camp this summer. And thousands of B.C. families will follow suit.

This camping trend has become an annual migration, and last season the provincial government recorded 154,686 family nights on government campsites, 650,000 individual camper nights, and our provincial parks were visited by 3,100,000 people!

The choice of equipment is the "moment of truth" as all Girl Guide campers know. Comfort, pleasure and survival can depend on the gear that is selected.

The tent is a prime consideration. It must be large enough to house all of the family without overcrowding. Putting it up and taking it down should be practised at home to develop a smooth system and keep tempers from fraying.

A new tent should be hosed down to pre-shrink and waterproof it. Older tents should be checked to see if they leak. Three years is the average time between applications of waterproofing paint.

A five-by-seven tarpaulin is essential, for it has many uses; so are four twenty-five foot lengths of nylon rope. A short-handled axe is more useful than a hatchet, and tent-pegs made from ten-inch nails or railway spikes never split or wear out.

A large tin pail is a must for heating water or fire-fighting. A gasoline stove or charcoal grill or even eight bricks and an old oven rack are good choices for cooking equipment. Pots and pans should be the right size for the number in your party and do take plastic glasses and other containers—broken glass on a campsite is a tragedy."

Miss Magdalina Kiss Weds White Rock Man

St. Ann's Catholic Church, Aldergrove, was the setting for the midday marriage of Magdalina, youngest daughter of Mr. and Mrs. Joseph Kiss, Le Feuvre Rd., to Rale Charles Stewart Howlett of White Rock on April 8. Parents of the groom are Mr. and Mrs. Laurie Stewart Howlett of White Rock. Father Karl Bohnenberger was the officiant.

Given in marriage by her father, the dark-haired bride had chosen a full skirted gown of French lace edged with satin and featuring lilypoint sleeves. Her fingertip veil was held by a tiny crown studded with rainestones and she carried a bouquet of yellow rosebuds.

Her attendants were Mrs. Verna Smith of Abbotsford, Miss Ruth Laronde of White Rock, Mrs. Mary Sennell of White Rock and Mrs. Ruth Bartsch of Abbotsford. All were gowned alike in fine yellow cotton dresses featuring kimona sleeves, full skirts and collarless necklines. Their headdresses simulated huge yellow flowers centered with white daisies. Their accessories were white and they carried yellow-centered white daisies with yellow ribbon trim. Flower girl was three-year-old Nancy Klann.

Best man was Charles Plain of White Rock. Ushering duties were in the hands of Ronald Smith, Abbotsford; Dale Sennell of White Rock and Dennis Howlett, White Rock.

The yellow and white theme was continued at the reception held in the Canadian Legion Hall, Abbotsford, where the floral decorations comprised daffodils, forsythia, mums and daisies. Assisting the newlyweds in receiving the three hundred guests were the parents of both bride and groom.

For her daughter's wedding Mrs. Kiss chose a navy blue fitted suit with matching walking coat and white accessories. The groom's mother, Mrs. Howlett, chose a grey suit with white accessories.

The bride's table was centered with a three-tiered wedding cake, white mums and yellow candles, flanked on either side with bouquets of daffodils.

Toastmaster was Mr. Joseph Breier. Servitors were Miss Louise Debuscher, Miss Jeanie Plain, Mrs. Martha Klann, Mrs. Edna Davis, Mrs. N. Evans, Mrs. Patricia Summers.

For her going-away outfit, the bride chose a beige mohair suit with three-quarter length matching coat, beige suede shoes and purse, navy blue gloves and hat. Her corsage was of pink carnations.

The honeymoon will be spent in California and the young couple will return to live in White Rock.

Out-of-town guests included Mrs. Mary Lotkamen of Enderby.

The unexpected arrival of Mr. Laurie Howlett from Bralorne, B. C., was greeted with much pleasure. He arrived in Abbotsford a few minutes before the reception commenced.

This pack has been quite busy lately. Dickie Toms and Charles Graham have both earned their first stars. Doug Moss has received his fourth year star. Jerry Hockin was awarded with his Cyclist badge and Scout Marvin Woolley now has his Cub Instructor badge.

During the Easter holidays, the pack visited Stanley Park, the Aquarium and the Vancouver City Museum.

The pack, troop, Group committee, parents, district Scouters and Mr. Alder attended open house. The grown-ups joined the boys in Cub and Scout games and everyone had a good time.

1ST MURRAYVILLE 'OWLS'

The Owls have not held a meeting for the past three weeks because of exams.

The troop returned to regular meeting nights on April 10. After the regular opening ceremonies, some games were held and some tests were passed.

At this meeting patrol flags were awarded. The Lions took the flag for "most advanced" patrol away from the Beavers giving the Lions this flag and the "most points" flag. (Something tells me the Murrayville scribe is a Lion but he does concede that the Beavers retained the "honour patrol" flag and the "best dressed" patrol flag).

1ST LANGLEY 'FALCONS'

The highlight of April 12 was the presentation of four first class badges to Ricky Pearce, Ricky Morris, Dave Mark and Anno De Hann. Another highlight came when Scout Alan McDougall of the Wolf patrol was presented with his second class badge.

Training, games and hobby periods rounded off the evening

Q. S. Leslie Howard of 2nd Langley has informed us that former 1st Langley P. L. Gordon Berkey, now of the 1st 100 Mile House Troop, was in Victoria to receive his Queen Scout's certificate. The whole troop was very glad to hear that a former Falcon is doing so well. Just in case Gordon should happen to see this column, the whole troop would like to extend their congratulations to Gordon.

Fort Fire Truck Tender Accepted

Fort Langley Fire Department has accepted a bid from Moore Electric Ltd. for installation of electric wiring in the new fire hall at a cost of $1,349.

Laraine Stuart, granddaughter of Mr. and Mrs. Ben Nordin, has left Aldergrove for St. Jean, Quebec, where she has joined the Royal Canadian Air Force.

Mr. and Mrs. Ben Nordin, with Mr. and Mrs. J. B. Stuart, gave a banquet and dance in her honour at the Vasa Hall on April 7.

The hall was decorated appropriately in red, white and blue streamers, balloons and flags. Over 100 guests attended the party. Preceeding the banquet, grace was said by Mr. Rod Caplette. John Vick, Laraine's old school chum from New Westminster, gave the toast. A corsage and purse were then presented to Laraine as farewell gifts from her many friends.

Bouquets of flowers adorned the tables and these were all the gifts of friends.

The dance commenced at 10 p. m. with a four-piece orchestra in attendance and entertainment was supplied during the intermission.

The April meeting of Peardonville Women's Institute was held in the hall Thursday, the 13th, with the president, Mrs. Friesen, in charge. Nineteen members answered roll call by naming their favorite fruit. Five visitors were also present, four of whom later were welcomed as members. Agriculture was the theme of this meeting under the leadership of the agriculture convener, Mrs. G. Peardon. A packet of flower seeds was given each member to grow. The results will be judged at the September meeting. A letter of thanks for the layettes from the Unitarian Service Committee was read. An invitation from Pinegrove W. I. to attend a Mother's Tea in May was read and accepted with thanks. The appeal from the Red Cross for further aid was rejected. The secretary read her annual report prepared for the W. I. conference to be held in the Hungarian Hall, Abbotsford, April 27. Mrs. G. Peardon, Mrs. Olson, Mrs. Chanig and Mrs. Stamler offered their services to help serve at this conference. A sample layette was on hand to be in a display which Mrs. Janzen and Mrs. C. Hamm offered to mount. A mother's tea was planned for the May meeting with a neighbor institute as invited guests. After some discussion, it was decided that the coffee urn must be used only for community affairs and with a W. I. member in charge. Mrs. Stamler offered to shop for the best buy in table covering and a dish pan. The fair committee distributed materials to members. Mrs. Janzen appealed for funds on behalf of the Cub committee and a ten dollar donation was made. Mrs. Chanig's was the lucky name drawn for the Ceylon quilt raffle. The sunshine raffle was donated by Mrs. Olson and won by Mrs. Janzen. Members were pleased with the returns from the plant sale which followed the meeting. Refreshments were served.

BRADNER

Bradner's luck in the soccer field changed last weekend when they went down to defeat by Sasquatch. The score was 2 to 1 against them, Les Short scoring Bradner's lone goal. This knocks them out of the Pakenham Cup but they are still eligible for the Bradner Cup.

Bradner Community Recreational Committee has been winding up a successful winter's activities. There were 30 in the teenage class, 30 in the women's "keep-fit" class, and fifteen in the children's class. The teens and children played badminton and table tennis.

Les Short and Mrs. R. Faktin were in charge of the teens, assisted by Mr. and Mrs. Fred Arnold. Mrs. Matt McMath and Mrs. Norm Cochrane ran the children's activities. Mrs. J. Smirle wound up her "keep-fit" classes by putting the husbands of her students through the exercises. We have heard reports that they "just couldn't take it." Could be!

Plans are well under way for further activities because of the success of the past season.

COUNTY LINE

The first Square Dance Club meeting and dance was held on Saturday evening in the Coghlan Hall with a small turnout due to a misunderstanding.

David Simpson was elected president and Miss Clara Simpson secretary-treasurer.

The next dance will be held Saturday, April 22, at 9 p. m. in the Coghlan Hall. Everyone interested in the club is asked to come along.

The County Line PTA are making plans to hold a Mother's Day Tea at the school on Friday afternoon, May 12. There will be tables of home-baking, plants and "white elephants" for sale. A plant will be raffled. A weaner pig will be raffled at the May meeting.

Beaver W. I. made final plans for the conference which is to be held in Aldergrove on Wednesday, April 26. Mrs. H. A. Meyrick was elected delegate.

A "Welcome Home" party was held in the County Line Hall on Saturday evening in honour of Mrs. A. Miskuski of Roberts Rd. She had spent almost 2 months in hospital undergoing treatment for the severe burns she received in a freak fire in Vancouver. Her face, neck and arms were the worst and she has already had some skin grafting done on her arms.

The hall was beautifully decorated with the "welcome home" theme, and a large crowd, including friends and relatives from Vancouver, Langley, Aldergrove, Matsqui and district were present.

The evening was spent in dancing and a midnight supper was served. During the supper Larry MacIntosh, master-of-ceremonies for the evening, presented the guest of honour with a money gift from all those present.

PRESENTATION — The photo above shows G/C W. H. Swetman, DSO, DFC, CD, presenting the Canadian Forces Decoration for long service and good conduct to Cpl. F. R. (Fred) Brick of Aldergrove, B.C. Cpl. Brick was formerly employed by the Morrison Knudsen Mining Co. prior to his re-entry into the RCAF in 1953. Cpl. Brick is presently employed as a tele-communications technician at RCAF Station, Goose Bay, Labrador. (Nat. Defence Photo)

Third Annual School Band Festival At Langley Saturday

On Saturday evening, April 29, approximately 400 high school band members from all over British Columbia will gather in the Langley High School Gymnasium to play for each other and to perform together in Langley's third annual band festival.

The Kelowna group, under the direction of Mr. Gar McKinley, is the largest band with a membership of 80. It has a very busy weekend schedule; playing a Friday night concert in New Westminster; competing in the Open Band Class of the B. C. Music Festival in Vancouver on Saturday afternoon; and performing at the Langley concert on Saturday evening.

The Lansdowns Junior High School Band from Victoria, under the direction of Mr. Verne Bryant, will arrive in Langley on Saturday afternoon after a tour of the Interior. These students will be guests of the Langley High School students on Saturday night and will return home to Victoria on Sunday.

Vancouver will be represented by the very fine band of the Vahcouver Technical Junior-Senior High School under the direction of Mr. Ray Thompson. This band is noted for its beautiful balance and tone.

The Vincent Massey Junior High School Band from New Westminster will return for its third consecutive year under the direction of Mr. Mark Rose, Supervisor of Music for the New Westminster Schools. Mr. Rose, who is president of the B. C. Music Educators' Association, is noted for his fine work with high school bands in various parts of the Province.

Coquitlam will be represented by the band of the Como Lake High School under the direction of Mr. Joe Bianco. Those who attended the Langley Band Festival two years ago will remember the excellent performance of this group.

The Langley High School Band will be under the direction of Mr. W. C. Cumming, who is completing his first year in the Langley district after having directed the Powell River High School Band for many years.

The wide variety of music to be presented and the various styles of performance promises to be a real musical treat for those who plan to attend this concert. The programme will begin at 8 p. m. Tickets may be obtained from the Langley High School or at the door. Seating capacity in the bleachers will be limited to five hundred, due to the complete floor space being required for performers.

Langley Lanes in the last night of play made an all out effort to overtake Aldergrove News for a position on the first four play-offs but just failed by half a point. Annual banquet for the Langley 5-Pin Assoc. will be held in the Elk's Hall on Saturday, May 6, at 7 p. m.

Young People Tour Greek Ship

On Tuesday evening, April 11, the Anglican Young People's Associations from St. Dunstan's, Aldergrove, St. Matthew's, Abbotsford, and one member from Langley, joined forces to pay a visit to the Missions to Seamen in New Westminster. This mission is under the care of the Anglican Church.

Rev. S. Newman, chaplain of the Mission, greeted the visitors on arrival and had arranged for them to visit a Greek freighter in dock at New Westminster. Although scheduled to sail at midnight, the second mate and crew gave the visitors a wonderful welcome. Most of the sailors could not speak English but that mattered little because both visitors and crew managed to get their meaning across very well.

The ship was toured from top to very bottom. The officer in charge got the radar working for the visitors who showed keen interest in it. At the conclusion, the crew served Greek coffee, a strong, sickly sweet concoction which one drank along with a glass of water.

On leaving the ship, the young people journeyed back to the Mission where a dance was in progress. Many of the Greek sailors followed them back to the dance and the balance of the evening was shared dancing, playing pool or watching television with the Greek or Peruvian sailors who were present. Again, the language barrier caused little difficulty as the girls in the party assisted the hostesses for the evening. Many new South American dances were learned from the Peruvians and all report an exceptionally enjoyable evening which ended with evening prayers in the Mariners' Chapel, the Lord's Prayer being repeated in Greek, Spanish and English simultaneously.

Kiernan Presents Stewardship Report

Over 100 persons attended a meeting in Abbotsford last Thursday to hear a stewardship report by the Hon. W. K. Kiernan, minister of mines.

Mr. Kiernan said that a poor recommendation of a democratic system is when 10 percent of the people who were willing and able to work could not find work. He said that if the provincial government had not gone ahead with such projects as the PGE, Ferry system and publicly owned hydro electric system, the province would be in the throes of a worse economic depression than it is in now.

Regarding the opposition statement they did not have a chance to debate on unemployment, he said that during the session four opportunities were presented them and the only thing the opposition could say was that something should be done. Mr. Kiernan stated that a 10 year old kid could do better.

Regarding criticisms of Columbia delays by the government he said there is no delay. Even while the provincial and federal governments are arguing regarding financing of the project engineers are busy drawing up blueprints and Kiernan stated that the project couldn't go into the construction stage at this time anyway.

Pine Grove Garden Club Is Divided In Two

Twenty-seven youngsters between the ages of 10 and 21 are taking an active and interesting part in gardening this year through efforts of the Pine Grove Garden Club.

The club has sponsored a 4-H garden club for three years with a membership of only 9 or 10, but this year interest has jumped to such an extent that the club has been divided into two. One will be known as the Pine Grove 4-H Garden Club, the second as the Evergreen 4-H Garden Club.

Young boys and girls are still applying for membership in the organizations but it is felt that it is to late in the year to take in additional members.

Early spring flowers were on display at the Spring Flower show sponsored by the Pine Grove Garden club on Tuesday.

This is the first time the club has sponsored a show in the spring and will be added to the annual summer show held by the group.

Plans will be made for the May plant sale, the only money raising project sponsored by the group.

Traffic Victims Indemnity Fund

How will it work?

The Traffic Victims Indemnity Fund — financed and operated by insurance companies — starts operation June 1. By January 1, 1962 it, plus new limits for Pink Slip insurance, will provide British Columbians with the most complete financial protection for traffic victims in North America.

If you become an innocent traffic victim after June 1, if it is a hit-and-run case or if the driver involved cannot produce his Pink Slip, here is how T.V.I.F. will help you:

1. You get in touch with T.V.I.F. (Suite 817 - 602 West Hastings, Vancouver, B.C.)
2. The facts will be investigated and a settlement offered by T.V.I.F.
3. If you accept the settlement, it will be paid at once by T.V.I.F. just as if your claim had been against an insurance company.
4. If you and T.V.I.F. cannot agree, the matter will be settled by the courts, just as if you and an insurance company could not agree.
5. Having paid you, T.V.I.F. will notify the Superintendent of Motor Vehicles, who will suspend the license of the offending driver until arrangements have been made to repay T.V.I.F. what it has paid you.

The entire settlement procedure is being streamlined to make payments as fast as possible. For you, the first step is to contact T.V.I.F.

Rockhounds On Ruby Creek Trip

Nine car loads of enthusiastic rockhounds turned out Sunday for exploration in the Ruby Creek area, east of Agassiz. This area is now opened up by the building of the new road through to Fraser Canyon.

The party of around 30 persons split up in various directions with different objects in view. Some went fishing, some were collecting rocks for patios, and the majority searched for river agate and gem stones.

One group reported finding good jade half way up a mountain. If this proves true, ideas on origin of this beautiful green translucent stone may have to be revised.

River agate found was mostly yellow, although one blue specimen was obtained. Garnets can be found from this area embedded in schist, but are usually very small.

We get a number of old papers brought into this office. They are always amazing. Mrs. Henderson recently brought in a 1927 Vancouver Sun. Big news was Sharkey K. O'ing Maloney. Painless tooth extraction was offered for $1. Editorial called for an airplane landing field in Vancouver and there was an account of a man being publicly whipped before 150 spectators. His crime was wife beating.

"This cricket game, what is it? Something like horseshoes?" I was asked by Fred Dams on Monday.

Fort May Day Parade Planned

Once again Aldergrove Chamber will enter a decorated car in May Day parades at Fort Langley and Bradner on Monday, May 22.

A suggestion from President Joe Breier that this was not part of senior chamber work was outvoted.

Plans for the Bradner parade have not been finalized but at Fort Langley trophies will be given for industrial and commercial floats, organizational floats, best comic, best horse and rider (western style), and best historic float. Special awards will be given for best decorated car, boys' and girls' bikes and outfitted riders.

Penal Institute For Valley May Come Here

Possibility of a federal minimum security institution in the municipality was a subject broached at last council meeting by Reeve D. W. Poppy and brought up for discussion by Joe Breier president of Aldergrove Chamber of Commerce on Monday.

Council let the matter drop as it was thought too early to make decisions as it was not known in what part of the valley the institution would be located.

Breier mentioned that at one time the location of the present Haney Correctional Institute was suggested for this municipality and thought that possibility of a large pay-roll in this area should not be dismissed lightly. Some local opposition is bound to be present, he said, and appointed a committee to find out further facts about the proposal.

PATRICIA

The regular meeting of the Patricia Women's Institute was held in the Community Hall at 2:00 p. m. on Wednesday April 12 with 18 members and three visitors present. The President Mrs. R. M. Clamp opened the meeting.

Final plans were discussed for the Conference on the 26 April at 9:00 a. m. in St. Dunstan's Anglican Church, Aldergrove, Mrs. R. M. Clamp being nominated the delegate from the Patricia Women's Institute. Monies were voted for the Douglas District Board member to attend the Convention at the U. B. C. The news letter was read and discussed and an alternate delegate was chosen from the remaining District Representatives to attend the National Convention in June in case any elected delegate cannot attend. After the business part of the meeting was over, Mrs. J. Petrie gave an interesting reading and talk on the question of citizenship and what it means to the new Canadians who enter Canada from other countries and how we, as old Canadians, can help to dispel their fears by showing sympathy and understanding regarding their love for their motherland.

Citizenship Day falls on May 19 this year and while it is not a statutory holiday it should be a day on which we should stress the value, privileges and responsibilities of Canadian citizenship.

The meeting was then adjourned and a lunch served by the hostesses, Mrs. F. Pynn and Mrs. H. Goertz. Winners of the tea prizes were Miss Dale Johnston and Mrs. P. Dyck. The remainder of the afternoon took the form of a very succesful sale of plants, sewing, cooking, cut flowers etc.

Hostesses for the June meeting are Mrs. J. Petrie and Mrs. F. Madden. Tentative plans were made for the May meeting when members and their friends will visit Monks Hall in Fort Langley.

The regular meeting of the Patricia Community Whist Club was held in the hall on Wednesday April 12 at 8:00 p. m., seven tables in progress. Ladies first prize was won by Mrs. DeRoye, second prize by Mrs. F. Corbett. Men's first prize was won by Mr. F. Corbett, second prize by Mrs. Art Johnston, taking a male role for the evening. The next whist night will be on Wednesday April 26 at 8:00 p. m. in the hall, the annual meeting preceding the card game.

Aldergrove High School News

By Tiny Truss

With the recommencement of school, activities have not yet been very numerous. Students have been mainly disgruntled (very few, happy) with their examination results, as they were given out. In spite of this, some sang, some danced their cares away.

CBC Broadcast:

On Friday, April 14, the CBC taped a recording of a select group of AHS songsters, made up of the "Tulip Time" cast and the Junior Girls' Ensemble. This broadcast will be heard on Thursday, April 27, from 2 to 2:30 p. m. on CBU-690. It is a real honour for these students, and also for the school—so be sure to listen.

Dance:

Also on Friday, the last dance of the year was held in the AHS gym. All week it had been announced and anticipated that the new band, the Corsairs, would play, but at the last minute, they were unable to come. Although many were disappointed, a stand-in was found—the Del-rays—who did a good job, according to all reports.

Boxing:

During the past weekend, Tim Johnson of AHS won the Vancouver Island 80 lb. championship crest, Monty Derksen, the 112 lb. championship. Monty was also runner-up for the Silver Boy Trophy, which is based on the number of successful fights and is considered to be the top award. Good punching, boys!

A large number of clubs participated, including the famous "Prince Charles." The Langley club also tied with the Vancouver Optimists for the Most Successful Club trophy.

Post School Projects For The Retarded

A regional planning movement by the Association for Retarded Children covers the whole lower Fraser Valley, Squamish and Ocean Falls and has been established with sectional study groups to investigate ways and means of getting different projects under way.

These projects include a short "Farming" Institution in North Surrey, and sheltered workshops in both New Westminster and Vancouver.

The Langley executive committee has forwarded a resolution for the annual convention in Penticton requesting a full-time co-ordinating advisor for B. C. to assist in this post school work.

At Monday's meeting of the Langley Association held in the Kin Health Centre, members and guests saw a film on the work being done for retarded children.
