Fraser Valley Sea Cadets Praised

The Fraser Valley Sea Cadets of the RCSCC Columbia have received praise for proficiency in the 4 and one-half years of operation.

Dr. C. Roberts, National President of the Navy League of Canada and Mr. R. K. Bicknell past national president visited the local cadets and presented a replica of the proficiency trophy which was won three years in a row.

In addition to the proficiency trophy the local Corps has also had in its possession, trophies for the best all round Corps in B.C. and National Attendance Award and the Canada's Sea Cadet of the Year.

The Corps is still recruiting cadets and any interested boys should apply at the Aldergrove Naval station Thursday evenings at 7 p.m.

T.B. Testing Here In Feb.

Operation Doorstep T.B. testing unit will be in the M.S.A. district in February.

Dr. A.S. Arneil reports that the testing will be carried out throughout the schools and then be abailable for all pre-schoolers and adults in the district.

Every person testing positive will have immediate x-rays and two testing cycles will carry on to discover who the person may have infected and who in turn may have infected them. Dr. Arneil states that less than 2% of the persons tested have positive reactions.

He reports that the T.B. testing carried on through the health unit deals only with grade two students and is every two years. There is thought of discontinuing this program. Operation Doorstep tests all school children every six years.

Building Program Proposed

A building and equipment program estimated at 560,000 dollars will be presented to provincial department of education authorities in Victoria by School District 34 officials.

The program will be under the new Technical Vocational training program in which provincial and federal governments contribute 90% of the cost with local municipalities contributing 10%.

The plan will include changing the Abbotsford Junior and Senior secondary schools. The change is made necessary as school board authorities could not find a feasible way of adding to the senior secondary school for the needed facilities.

New rooms will include three science laboratories, applied mathematics classrooms, three commerce rooms, electricity electronics rooms, mechanics and woodworking classrooms.

Matsqui Garbage Inquiry

Council Studies Disposal Costs

Matsqui municipal council will inquire further into garbage pickup throughout the municipality. It was pointed out at council meeting that the present system is running at a deficit and changes would have to be made.

Costs quoted for a municipal system were $12,000 per truck per year.

Director of the Upper Fraser Valley Health unit Dr. A. S. Arneil sent a letter to councils requesting reciprocal agreements regarding use of garbage dumps. Matsqui councillors stated that Matsqui had not stopped residents from other areas using dumps in the Municipality, and they were willing to cooperate in this matter.

* * *

The safety program in Matsqui municipality is bearing fruits.

Councillor J. G. Neufeld reporting on the program stated that according to the Compensation Board report Matsqui was third highest in safety for public works compared with 8th three years ago when the program was started.

This figure is for districts and townships, in the B.C. Safety program Matsqui was eighth highes.

Brook-Ohman Wed At St. Dunstans

November 6 was the date chosen by Karen Gay Ohman of Aldergrove, daughter of Karl and Mrs. Ohman, when she became the bride of Reginald Kenneth Brook, son of Mrs. Wheatland of Seattle, Washington.

The wedding was performed in St. Dunstan's Church, Aldergrove by Rev. R. V. Moir, with decorations of pink and white carnations and mums.

Given in marriage by her father, the bride recited her marriage vows in a jacket dress of pink brocade, with hat and shoes entone; her corsage was of double gardenias. She was sttended by Miss Brenda Vanetta who chose a dress of pink lace with jacket and pink hat and shoes, with carnation corsage. Chris Smith was the groom's best man, while ushering was ably done by Stan Hicks and Win Leuge.

Wedding guests were received after the service in Vasa Hall, Aldergrove. The wedding principals were assisted in receiving by the bride's mother who chose a pink jacket dress with a white suit while the groom's mother also chose pink in a brocade as her gown; both had carnation corsages.

The hall was tastefully decorated with fall mums; the bride's table was centered with a two-layered wedding cake topped with a miniature bride and groom under a lace canopy. White tapers and pink and white rosettes finished the table.

Pourers were Marie Hart and Mrs. B. Nordin with Mrs. M. Johns assisting. Carmen Collins was in charge of the guest book. The happy couple travelled to Hudson Hope for their honeymoon and on their return will reside at Hilltop Cabins on Fraserway. The groom attended Burnaby Central while the bride was a student of Aldergrove High. The groom is stationed at H.M.C.S. Aldergrove.

Out-of-town guests included Mrs. Wheatland, mother of the groom from Seattle; Miss Diane Stewart, Mr. and Mrs. Forbes of Vancouver; others included Mr. and Mrs. Swanson; Mr. and Mrs. Wilson; Mr. and Mrs. Zufelt; Mr. and Mrs. Paris; Mr. and Mrs. Sinclair; Mr. and Mrs. Peters and Mr. C. Smith.

Arbitrator Quits Post

Arbitator in the District 34 teacher salary dispute Gerald Fahrni has withdrawn his services.

School teachers in the district objected to the appointment of Mr. Fahrni as he had been negotiator in original discussions and they felt there may be some bias.

Mr. G. J. North of Ladner has been appointed by school district 34 school board to act on their behalf in place of Mr. Fahrni. Teachers have appointed Mr. A. J. McDonald of Vancouver as their arbitator.

Meeting To Air Labor Situation

A Labor situation that is rapidly deteriorating will be the subject of discussion at a meeting between Fraser Valley Fruit and Vegetable Growers and the Honourable Frank Richter Minister of Agriculture.

The directors of the association will meet Mr. Richter in Victoria December 9 prior to the B.C. Federation of Agricuture meeting December 10 and 11.

President of the association Mr. H. E. Mirus states that the labor situation is expected to be very bad the next year with the large labor force moving to the northern part of the province. He said that the number of unemployed in Vancouver doesn't help the agriculture industry in the Valley as the majority is industrial labor. The group will seek answers to the problem suggesting assistance with transporting workers from other areas.

Installation of proper grading of fruits will also be sought. At the present time fresh fruits are graded however the processor is the only one who grades fruit for canning. The grading is thought necessary to compete with the American market.

Businessmen Set Hours For Christmas Shopping

Abbotsford and Clearbrook businessmen have set special store hours for Christmas Shopping.

Hours in the two centres are the same, with stores opening till 9 p.m. Monday, December 21st, 22nd and 23rd. December 24 stores will close at 5 or 5:30 according to the individual store owners. Stores will remain closed till Tuesday, December 29th.

More Schooling For Youth — Say B.C. C.ofC.

The B. C. Chamber of Commerce has urged the provincial cabinet to increase the legal school leaving age in B.C. from 16 to 17 years to ensure more training for youth.

Directors of the 125-chamber organization representing 12,000 B.C. businessmen, met with Premier Bennett and cabinet members last Thursday, November 26th.

Among a number of recommendations, the Chamber said it supports the principle of a financial institution with head office in B.C., but is worried about government participation in the proposed Bank of B.C.

The Chamber also opposes compulsory and universal medicare but suggests that voluntary pre-paid medical insurance schemes should be encouraged and the provincial government should pay medical costs for those unable to afford insurance fees.

Other recommendations included: work-for-welfare schemes using unemployed employables for work on public projects at union scales; a "reasonable daily charge" be levied at provincial camp sites where attendants are employed; an intensive study of air pollution by the B.C. Research Council; abolition of the five per cent social security tax on meals and heavy machinery to be used in manufacturing by secondary industry.

CANADIAN APPLES

Canadian apple production has become a significant segment of our agricultural economy. Thanks to technological aids, fresh apples are available to most of our people throughout the year - and their quality leaves nothing to be desired.

In this country, however, we consume fewer apples per capita than do the people of other countries with similar standards of living.

To help overcome this situation - to remind Canadians of the enjoyment and nutrition available in Canadian apples - our apple industry has designated November as Apple Month in Canada.

The Echo is pleased to support these efforts by the industry to encourage greater consumption of apples, thus promoting of the B.C.'s major industries.

With new super-highways streaking through our landscaped in the in the Fraser Valley, connecting us with the metropolitan area, the mountains to the east and our great northland, a question arises in connection with our travelling habits.

How many lives can seat belts save?

The B.C. Automobile Association reports that an estimated 6,000 persons died in car crashes last year in Canada and the United States because they did not use seat belts.

Based on information in a recent survey by the Cornell Aeronautical Labratory, the BCAA said that drivers involved in 54,000 accidents admitted they used belts only about one-third of the time.

"Yet, the risk of serious injury or death is 35 per cent less for seat belt users than for non-users," the auto club said.

The Cornell study estimates there would be a 25 per cent reduction in deaths among all occupants of cars involved in crashes if all were wearing seat belts.

The decision of the automotive industry to install seat belts after January 1, 1964 as standard equipment on new cars was an important step forward. Moreover, many used car buyers have equipped their vehicles with quality belts at reasonable prices.

"However," the BCAA said, "the problem now is to convince seat belt owners to use their new life insurance all of their driving hours. Obviously, a seat belt is valueless if it is lying unfastened on the floor of your car."

The auto club urges motorists to buckle their seat belts every time they drive the car, whether it is simply a trip to the neighbourhood grocer or on a cross-country journey.

We agree!!!!

ALDERGROVE SECONDAY SCHOOL

CHIT CHAT

by Kathy Francis

One of the most interesting assemblies of the year was held last Thursday. It was a musical programme by the R.C.A.F. Training School Band from Winnipeg.

Exams are being written in two weeks, and exam schedules have been posted. Pity the poor souls writing Biology or Physics and Geography on the same day!

Slave Day was a success. Slaves were easily recognized by their attire. A.H.S. has more cooks than it knew! Girls better watch out when their day as slaves comes.

First basketball games of the season are this Friday, December 4, against Langley, our arch rival. Turn out and support our school.

Aldergrove Secondary School is becoming really cultured. On Nov. 25 a busload of students went to the Queen Elizabeth Playhouse to see "The Taming of the Shrew". Also the Students' Council has sponsored photograph and art exhibits, which were very popular.

Don't study too hard!

12 NOMINATED

Most of the action in the December 12th municipal elections in Langley district will be centred around the two one-year council seats declared vacant by council earlier. However, there will be a lively election assured for all five seats in the election this year.

At the close of nominations today at noon a total of eight candidates had filed for the three two-year seats.

With nominations not closing until Wednesday for the other two seats, interest is running high for ratepayers wanting to fill these vacancies. So far 12 candidates have filed, with a strong indication two more are to be heard from before niminations close.

All five seats will however be filled at the December 12th election. A total of 19 so far are running for council in Langley district.

A total of three have filed to fill the two school board seats by noon closing. This figure includes the two incumbents.

Horticulture Ann. Meeting

The difference in raising strawberries and raspberries in Ontario and British Columbia were pointed out to members of the Lower Mainland Horticultural Improvement Association at the annual meeting.

More than one hundred persons attended the annual meeting held in Abbotsford and heard guest speaker Dr. George Eden, horticulturist from the U.B.C.

He told the meeting that the break even point in strawberries is 3 tons per acre and this is the average in both B.C. and Ontario.

Many Fraser Valley farm exceed this yield.

The average raspberry yield in Ontario is one and one quarter tons per acre compared to four tons per acre in British Columbia.

Five directors were elected by the meeting. These included Stan Sorenson, Ken Anderson and Jake Hamm of the MSA area, Ray Krystan of Lulu Island and Nick DeWall of Chilliwack. The directors met following the general meeting and elected Eric Mirus as president of the association.

Before taking the family dog to the country or on a long trip, he should be immunized against rabies, which is still epidemic in some parts of Canada. Rabies can affect any warm blooded animal, including humans and it is always fatal. Wild animals, especially the dog tribes, are susceptible to the disease.

* * *

The human body requires certain nutrients to keep healthy and active and these nutrients are supplied in the foods we eat. Nturitionists have evolved a guide to help in the selection of foods that will supply a balanced diet. The folder is available free of charge from local or provincial health departments. The title is Canada's Food Guide.

Pedestrian Given $35,396 Damages

Hardit Singh Rai, 61, has accepted $35,396 as out-of-court settlement of a claim against Sydney Leslie Young of Clearbrook as damages for serious injuries suffered when he was struck by Young's car.

The accident occurred Dec. 14, 1962 while Rai was walking along Clearbrook Road near the intersection of King Road in Matsqui.

Rai suffered various injuries including a spons injury that resulted in paralysis of his limbs for which he is still being treated at the G. S. Strong Rehabititation Center in Vancouver.

The settlement was announced Friday by Rai's lawyer, Lloyd Wilson of Abbotsford, after being worked out with Young's lawyer, Raymond Oftlund, of Vancouver.

Improvent Increasing Water Flow

The biggest problem to be faced by municipal councils in the next few years will be drainage.

Reeve J. A. Murphy of Matsqui told Matsqui council that in the past few years, improvements including clearing and blacktopping is increasing the flow of water to the lowlands.

He stated that the water run off eventually reached the lowlands before however, hared surfaces increase the speed which the run off leaves the highlands.

Reeve Murphy felt that all councils should consider this problem and set up a fund to deal with it.

BRADNER NEWS

A very successful Telephone Whist Party was held by the Aberdeen Bradner Hospital Auxiliary at the homes of Mrs. W. Denny, Mrs. S. McElroy, Mrs. F. Sloggett and Mrs. C. Upchurch. Winners were Mrs. Harry Fowles and Ted Warmerdam with consolation prizes going to Mrs. Richie Fatkin and Mr. Les Fatkin.

Last meeting of the season of the Aberdeen Bradner Hospital Auxiliary was held at the home of Mrs. E. Hughes with the President Mrs. F. Sloggett in the chair.

After a brief business meeting the afternoon was spent by the members wrapping Xmas gifts for the patients in the Cottage Hospital. Refreshments were served by Mrs. E. Hughes and C.O. Hostis and Mrs. A.M. Sparling.

Aldergrove News

By Mr. H. E. Larson

The Aldergrove N D P Club met at the home of Mrs. A. Ronnback, Jackman Road, on November 3rd, when fourteen members and two guests attended. The guests, Mr. F. Freisen, Co-ordinator for Delta, together with Mr. Broome from Cloverdale gave us an interesting talk with much valuable information about our constituency.

Meeting opened with Minutes, Financial Statement and letters read from Alex MacDonald and Mrs. Isabel Rhodes plus three donations gratefully received. Members discussed donations and passed a motion that both Headquarters, Vancouver; and Delta constituencies be sent cheques at this time. Tickets were passed out for a turkey raffle, when two turkeys will be drawn for at the New Office before Christmas. The draw of the evening was won by D. Nelson which was donated by Mrs. Ronnback.

Mr. and Mrs. R. Caplette will host an evening of cards at their home on Monday, the 16th.

December meeting will be held at the Fred Ferguson home on December 7th. Meeting finished with a lovely lunch served by the hostess.

* * *

Mr. and Mrs. R. Caplette hosted the Whist Party on November 16th for the N.D.P. Club, Aldergrove, when seven tables were in play.

First prizes went to Mrs. M. E. Larson and A. E. Falkner while consolations were taken by Mrs. Spearing and F. Ferguson. All voted a most enjoyable evening, giving Mr. and Mrs. Caplette a hearty round of applause before leaving.

* * *

On Wednesday afternoon last, Mrs. B. Nordin entertained in honour of Mrs. Reg. Brook (nee Karen Ohmen) at a miscellaneous shower, when the bride received many and useful gifts. After opening of gifts Karen thanked all present, after which a dainty lunch was enjoyed by all.

* * *

Mr. P. Scottnicki has returned from a motor trip to Edmonton, where he visited his son Victor and his brother, John, in that city, for one week.

Computers Give Speed, Accuracy

Computers will not take jobs, but will shift job opportunities and leave workers time for other things. This was stated by Abbotsford Junior Elementary School principal Gordon Trotman in a report on a recent data processing conference.

Mr. Trotman, Senior secondary school principal Thomas Lindsay and school superintendent W. Mouatt attended the conference.

Mr. Lindsay said the principal advantages of the data processing system are economy, speed, accuracy and available of information.

* * *

District Superintendent W. Mouatt reports that the number of children starting in grade 3 in school district 34 and continuing to register and graduate from grade 12 is steadily rising. In 1953-54 school year 379 registered in grade 3 with 58% of that number in grade 12 in 1962-63. In 1955-56, the registration was 412 with 60% of those registering in grade 12. Of original 412, 47% graduated from the Abbotsford Senior High School in June 1964.

I am soliciting your vote
NORMAN WILSON Says

I have lived in Langley all my life and have been a taxpayer for 34 years. I have been interested in Municipal affairs for the past twenty years and I have knowledge of many of the problems facing the Council. I am a carpenter by trade so I am able to building problems. I have had experience with machinery and what it can do.

Therefore I stand for more efficient operation of the board of Works, which is completely controlled by the council.

Last year I campaigned on pre-payment of taxes with a 5% reduction, which is in effect this year, but I still maintain that it can be made to work better and be simpler to administer. I will continue to seek relief fro home owners from the burden of school taxes as I have always believed that your home should be taxed only for the services to it. We must continue to work for orderly development of the municipality and I stand for progress.

Our municipality cannot stand still. It must move forward with the time and I will work to this end.

If I am elected to the council for the coming year I will serve the municipality as a whole.

I am asking for your support at the polls on December 12. I am running for a one-year term and will do my best as your municipal representative.

Yours sincerely,
Norman Wilson

Too Much Paperwork For Local Teachers

Teachers in the Abbotsford Elementary School and the Phillip Sheffield School are spending too much time in secretarial work.

School district 34 board of trustees were told this by a delegation from the Abbotsford Parent Teacher Association.

The Association was requesting secretarial assistance for the schools on the grounds that the time spent by the teachers in typing and mimeographing should be spent with students.

MT. LEHMAN NEWS

BY MRS. A.G. RYDER
856-8619

Mr. and Mrs. J. Simpson visited relatives at Lulu Island last week.

Mrs. Herman Klassem is home from hospital following surgery.

Leu Demont is home from his logging operation at Boston Bar.

Under the direction of Ed. Olwad, work is processing with renovations at the Mt. Lehman United Church.

Rev. and Mrs. J. D. Howard and little son Alan took a trip by plane last week to Toronto. Rev. Howard was to attend a Presbyterian Board meeting as he is President of the Presbyterian Synod of B.C. and Mrs. Howard to visit her parents, Rev. and Mrs. H. Fitch. In Rev. Howard's absence, Rev. Robt. Pollock of Abbotsford took charge of the Mission Study Group in Mt. Lehman Presbyterian Church last Wednesday evening and showed colored slides of Koreans in Japan.

Mr. and Mrs. P. Edge motored to White Rock last Sunday to visit a cousin, Mrs. J. Fairhurst, who is ill in the hospital there.

Miss Carol Broslein who is back from her holiday in Hawaii, spent Sunday with her parents, Mr. and Mrs. S. Borslein.

FUNERAL NOTICE

Passed away Nov. 29, 1964, in Langley Memorial Hospital, Mrs. Frances Walter in her 84th year, late of 3184 County Line, Aldergrove, B.C.

Mrs. Walter was born in Austria, December 16, 1880 and lived in Canada for 78 years the last 16 of which she lived in the Aldergrove district. Her husband, Fred, pre-deceased her in Oct. 1959. Survivors are one daughter Mrs. Hilda Schmahl of Aldergrove, 2 grandchildren Dennis and Judith, a sister Mrs. Caroline Huber of Regina, Sask, 2 brothers Christen Ast, Regina, Sask. and John Ast of Abbotsford, B.C. Funeral service will be held on Friday, Dec. 4, at 1:30 p.m. at the Henderson Funeral Home in Abbotsford. Rev. A. Hippe of Aldergrove will officiate and Interment will be at Aberdeen Cemetary. Pallbearers: Marvin Knapp, Fred Penzer, Victor Dyck, Chris Zurowski, John Ast, Bill Crape.

The expert driver keeps at least one car length between his vehicle and the car ahead for each 10 miles per hour, says the B.C. Automobile Association. He allows even more space at high speeds, on slippery pavement and after dark.

CARD OF THANKS

The family of the late Gottlieb Kuhar wish to thank their friends, relatives and neighbors for the beautiful floral offerings and messages of sympathy received by us during the illness and death of our beloved father. We especially wish to thank the pallbearers, also Rev. A. Hippe of Aldergrove and Rev. Basse of New Westminster for their comforting words. Special thanks to the Menno Private Hospital and Staff.

Parliament Report

BY
BARRY MATHER, M.P.

OTTAWA - A visit home is always nice and my own recent trip was also informative. A Member is not doing a full time job of MP'ing if he doesn't check personally around the constituency. Last week I chatted with businessmen and labor leaders, a youth group, a harbor commission executive, plus municipal officials and also pioneers at the Douglas Day dinner in Langley.

Incidentally, big developments are looked for in the Surrey river front area, with one possible new industry likely to employ some 300 people.

* * *

Recent passage of legislation here making an expanded harbor commission possible seems sure to improve the administration of the Fraser. The River is our great common denominator, linking or affecting nearly all of New Westminster Constituency. Already the population of the Lower Mainland exceeds in density that of Holland. Every month adds to the expansion of residential and business activity. There are 28 separate local authorities administering the area. It would seem that joint action on joint problems is vital. Although it is not of federal concern it appears to me that decisions on retail closing hours should not be left to a patchwork or ad hoc effort on the part of the many separate but related municipal or city areas involved. It should surely be planned on a Lower Mainland basis. Otherwise we will see a balkanized shopping setup with competing and conflicting shopping hours offered to the same people - the mobile Lower Mainland shoppers. It is just another case pointing to the need of planning and co-operation.

When I was home the two main subjects people discussed with me concerned the wastage of Parliamentary time over the flag and the threat to civil liberty posed by the Bill introduced by a Liberal, Mr. C.W. Carter from Newfoundland, to curb alleged obscenity in broadcasting.

On the first subject, it is estimated that Parliament costs $33,000 a day. Some 22 days have been spent to date on the flag debate, the great bulk of it by the Conservatives. I think it only fair to say that the NDP has taken the lead in all efforts to get a settlement so as to enable passage of such legislation as has recently gone through....i.e. the Canada Pension Plan's endorsation in principle, and the Redistribution Act.

* * *

Regarding Mr. Carter's Bill I think it has aroused so much opposition that it will help rather than curb broadcasting. It does not have the support of the Liberal Party nor, I believe, of more than a mere handful of MPs. When it was read for the first time and the Speaker as is customary asked, "when shall this Bill be read again?" a number of MPs shouted, "never!". For one thing neither Mr. Carter nor any other Member can really define obscenity. For another thing broadcasting is already under control by the Board of Broadcast Governors. As a local radio commentator has said passage of the Bill would likely jam the courts with nuisance litigations against radio and TV stations. This Bill should die on the Order Paper.

Always check your turn indicator lights after driving onto or off a freeway, the B.C. Automobile Association advises. Because the curves are gentle, your steering wheel may not have been turned sharply enough to switch off the turn signals. A blinking turn indicator is misleading to other motorists and could cause an accident.

DEAR DORIS
advice from Doris Clark

A 'New Deal' In Marriage

DEAR DORIS — I'm afraid my marriage is on the rocks. I love my husband and he says he loves me, but he treats me awful, not wanting me to touch him or hug him. We have one child.

I know his mother talks about me. While I travel 40 miles to work every day he goes to their home for dinner.

He is a mama's boy and I want us to leave here and start on our own somewhere else. He tells me a wife should go wherever her husband goes.

Agreed, but not when it is just down the road from his family, who are always coming to see him!

READY TO QUIT

DEAR READY —Marriage calls for a new deal; for an environment in which a man and his wife start off "Even-Stephen", with sleeves rolled up, and a determination to make a go of things. Their reliance on each other includes "forsaking all others", even though for some it is a rude jolt to let go of the apron strings.

A new start in a new spot would help him take a new look at you. Then I'd prescribe quitting work for a while, in favor of child care and preparing hubby's dinner.

It could turn the tide which would lift your ship of matrimony clear of those rocks!

DEAR DORIS —I am 11 years old and in grade seven as I was accelerated. Other girls in my grade are 14 and 15, which is quite common.

They all smoke in toilets and ask me to join them. As I think it is very stupid to smoke at my age, what should my answer be when they ask me to string along? Others know they smoke.

ALONE

DEAR ALONE —Daniel stood alone. And many other great people of history. Your friends feel smart, then guilty; then secretly worried at your aloofness.

You and I know it is the opposite to smart to do anything which endangers health. No need to explain yourself. No need to criticize them. Just say, "No, thank you."

DEAR DORIS — My problem is blackheads all over my face. I have tried nearly everything but can't seem to get rid of them.

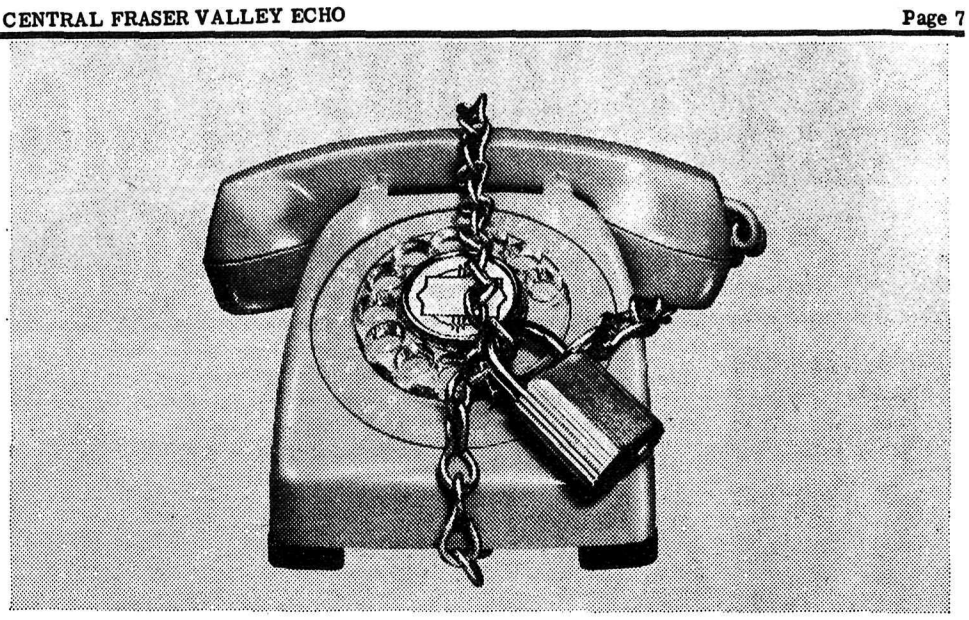
TROUBLED

DEAR TROUBLED — Send me a five-cent-stamped, self-addressed envelope and ten cents, for my leaflet on adolescent acne. Treatment includes special attention to diet, exercise, health measures and skin care, all of which is outlined in detail.

Confidential to Insulted —Inviting your date to come in and up to your sister's apartment meant just one thing to him — you wanted to go "all the way" with him. When he found there was no one home, he proceeded to neck with you.

Still no holds barred! So petting seemed in order. Then you got panicky and called a halt. To him this was unfair. Emotionally and physically he was worked up and ready for a passionate embrace. And it was your fault.

Write in for my list of books on sex and dating, which have helped many girls understand these things better. Then keep out of situations where such things can happen.



It's time dad had a phone of his own

For today's teenagers the telephone is an important part of growing up. They are preparing to take over a world in which speed of communication will play a vital role in every aspect of living. But for the moment this fact doesn't console Dad too much when he wants to use the phone himself.

For Dad, it's sometimes like having a phone with a lock and chain round it.

Modern problems call for modern solutions. That's why second lines are becoming increasingly popular with so many of today's busy households. Once the family starts growing up, it's high time Dad had a phone of his own, with a separate connection to the outside world.

The cost is small in relation to the convenience and harmony it brings. And, of course, Dad gets his own individual listing in the telephone directory free of charge – another big advantage for the man who handles out-of-hours business calls at his home.

Call your nearest B.C. TEL Business Office this week and discover how easy it is to have a time-saving, temper-soothing second line installed in *your* home.
