IT is with pleasure and pride that we call attention to the desire and willingness of all our employees to give their utmost in service and special attention and they as well as ourselves would appreciate your criticisms as well as your commendations.

WHEREVER you travel on the Canadian Pacific, you will find the same desire to maintain that excellence of service for which the Company has been noted for over forty years. The seemingly effortless perfection of Canadian Pacific service is simply an infinite capacity for taking pains.

IT will be a great aid to the service and will avoid any possibility of mistakes if passengers will kindly ask for meal order blanks, and upon them will write their orders, because stewards and waiters are not allowed to serve any food without a meal check.

W. A. COOPER, Manager, Sleeping, Dining, Parlor Cars,
Station Restaurants and News Service, Montreal.

Banff

In Rocky Mountain Park

BANFF, administrative headquarters of Rocky Mountains Park, can be said to be one of the "scenic best sellers" of America. No part of the Rockies exhibits a greater variety of sublime and romantic scenery, and nowhere else are good points of view and features of special interest so accessible. Rocky Mountains Park has an area of 2751 square miles, its greatest length being about one hundred miles.

The town lies embowered in pine forests and lawns, in a pocket of a wide circle of pearly-grey limestone peaks. Warmed by clear sunshine, kissed by clear air, exhilarated by the glacial-green Bow River that frisks through its middle, Banff bids all welcome.

Mountain climbing, hot springs, swimming, golf, tennis, boating, hiking, riding, motoring and fishing are some of the attractions that have made Banff so popular a vacation resort. Banff Springs Hotel—a Canadian Pacific hotel—is the social centre for the large summer population.
