Few people around here know that the Hames Sisters of "Country Hoedown" fame are second cousins of Mrs. Agnes Burmeister, Endacott Subdivision. Mrs. Burmeister was formerly Miss Hames and she tells me the Hames Sisters have a fine musical background. Both their father and grandfather are instrumentalists.

Council Jottings

96 cases were treated by Boundary Health Unit last month.

A group of Municipal residents applying for Langley City water requested a meeting with Council re their applications.

Tenders were received from 4 companies desiring to drill for an accessory well in Aldergrove. The well is to be 8 inches—giving a minimum of 35 gallons per minute.

Lynn Carpenter To Run For Totem Princess

An Aldergrove girl will be running for Totem Princess at the Buckskin Gloves Boxing Tournament, to be held at the Forum, Exhibition Gardens, Vancouver on April 13 and 14. This is an all-Indian gathering held each year and is the largest of its kind in British Columbia.

The girl is Lynn (Marilyn Edith) Carpenter, charming and attractive second daughter of Mr. and Mrs. Richard Carpenter, Boundy Road, Aldergrove. Born at Bella Bella, Lynn is 18 years old and in Grade twelve, at Aldergove Junior-Senior High School. She is senior girls' sports rep. on the Students' Council, and is on the senior girls basketball and volleyball teams. Lynn hopes to become an accountant or secretary when she completes her training. Her hobbies are oil painting and sketching. In the Carpenter family there are also a married sister, two other girls and a boy.

The Totem Princess contest was initiated about six years ago and the trophy for the event was donated by Mrs. Ellen Neel, well known Indian carver, who also now lives in Aldergrove. Lynn will be the first Indian girl from this area to enter the contest although there are many of them attending high school now in the Fraser Valley.

The Buckskin Gloves tournament is for Indian boys from all parts of B.C., Alberta, Oregon Washington and many other places.

The boxing tournament runs for two days, April 13 and 14 and the Totem Princess is chosen and crowned on the final night of the gathering. As in all other similar contests, the girls are judged on personality and talent as well as beauty and appearance. Variety acts are interspersed between the boxing bouts throughout the tournament.

MacFarlane Re-Elected

The annual meeting of Otter Credit Union was held in Credit Union Hall on March 23rd with the President, J. MacFarlane presiding. President's report showed an increase for the year, both in members and loans. Secretary-treasurer, Mrs. H. Bolton read yearly report which was accepted by the membership, after which the Supervisory committee, the Credit and Education committees gave their reports for 1961.

A dividend on shares of 3% was declared which was considered good, as interest on loans was 7 and 9% per annum. Two extra-ordinary resolutions were made which were carried. Two door prizes were drawn for, being won by Miss Sylvia Tapp and Mrs. E. Tupper.

Four directors were elected, Mrs. I. L. Radford; E. Flowerdew; W. T. Craig and Mrs. H. Bolton. Mr. MacFarlane was returned as President, with Mr. Flowerdew as Vice-president, and Mrs. H. Bolton as Secretary-treasurer.

Mr. Richard Hall from the League, Vancouver, was present and showed a film on Credit Union borrowing and also gave a short talk on the affairs of the evening, which included the Jr. savings by juniors.

RED CROSS NEEDS YOUR HELP

Airport Runway To Be Re-Seeded

At the meeting on Monday Council was presented with a request by Councillor Booth to have the diagonal runway of Langley Airport re-seeded in grass. Previous attempts in past years to have this done have been unsuccessful.

Preparation would require harrowing and grading of the runway, the application of 2 inches of topsoil over the gravel, fertilizer and grass seed.

The estimate for the cost of this work, made by Dr. Zillich and the airport manager was $700.

This amount was considered low and Superintendent Merrell was asked to give an estimate using municipal men and equipment for the work.

In the discussion Councillor Blair thought that only 2 inches of topsoil would be wasted.

Councillor Roberts suggested that bids be called on the work to be done. It was considered urgent to have the seeding done immediately.

A committee comprised of the Reeve, Municipal Clerk, Councillors Booth and Blair were given power to act after receiving the cost estimate from the Superintendent in a day or two.

Councillor Roberts registered a negative vote, being against the principle of the procedure.

Helen Hagnes Wins Over Older Musicians With Violin

After having won the junior championship in the string section of the British Columbia Musical Festival twice in succession, Helen Hagnes, of Aldergrove, had to compete in the "under 16" class although she is still only 13 years of age. This did not deter her from continuing success in the music field. Helen captured the championship again this year, in spite of stiffer competition She also tied for top mark in the festival—92. The other girl was a pianist from Vancouver. The Kiwanis award for highest marks in the string section was given to Helen. $100 scholarship and a number of diplomas also came Helen's way.

Youngest daughter of the talented family of Mr. and Mrs. Ed Hagnes, Helen topped classes in pianoforte and voice at Valley music festivals before she began to play the violin.

A few weeks ago Helen and a student in his 20's gave a recital for the Women's Music Club of Vancouver, and Helen will play at a concert in Seattle on May 19 of this year.

"World Of Flowers" Theme For Bradner Flower Show

Once again its time for the Bradner Flower Show, and a sure sign that Spring is here.

It was 35 years ago, in 1928, that the first "parlour" flower show was staged in Bradner village. From that time it has grown to world renown, the only show of its kind on the North American continent.

Last year, the village of Bradner celebrated its 50th birthday. This year, it embarks on the second half of its century.

Theme for the show this year is "the World of Flowers" and the display in the hall will be centred by a 4 foot high globe made entirely of hyacinth petals. The background will feature a mural of a church front surrounded by flowers. Outside the hall, the "world" theme will switch to the space age and a replica of the rocket used by John Glenn in his orbital flight.

Aldergrove will be decorated gaily with the yellow blooms and the Aldergrove Chamber of Commerce will host a cavalcade for members of neighbouring Chambers of Commerce, to meet at Aldergrove United Church hall at 11:30 a.m. The visitors will be conducted on a tour which will terminate at the Bradner Flower Show, as in former years.

Over 400 varieties of daffodils and narcissi are grown in Bradner and last year one exhibitor had 77 varieties on display. Town people find it hard to believe that there are so many varieties and only a trip to the show can convince them.

A few hundred thousand dozen blooms are shipped out of this Fraser Valley community every year. During March and April every available pair of hands is pressed into service.

"Suddenly It's Spring"

All the merchants in Aldergrove are co-operating wholeheartedly with the Aldergrove News in accenting the theme, "Suddenly It's Spring", this week.

The Bradner Flower Show will also enter into the scheme of things when they hold their show on Saturday and Sunday of this week and the town will be gaily decorated with hundreds of daffodil blooms. With all the beautiful window displays around and the flowers everywhere it will be worth a trip here just to look things over—even if you don't buy anything! Bring the kiddies down to see the baby chicks in some of the windows—they always are symbolic of spring. Join us here in Aldergrove.

There are many fine buys in the stores here in Aldergrove and if you don't know the place this week would be a good time to investigate the possibilities.

Local Residents Recall "Titanic" Disaster

Some fifty years ago an Aldergrove couple, Mr. and Mrs. W. F. Robinson, were on the high seas at the same time as the "Titanic" "when she met her untimely end in tragic circumstances.

The Robinson, who now live on the Aldergrove- Bellingham Highway just near the Customs, were on their way to Canada on the "Virginian" and spent five days amid icebergs in the Atlantic, with the foghorn blowing every minute.

I SAW

Each week this paper offers a prize for the best humourous or unusual happening or incident any of our readers experience. It is called the "I Saw" contest and the winner each week receives two tickets donated by Hillcrest Drive-In Theatre and each month, for the best of the month, two Chinese dinners donated by the Aldergrove Hotel Cafe.

One New Year's Eve I was at my daughter's home. The neighbours and my daughter and husband were going to a party. My grandson and I baby-sat for the neighbours. At 2 a.m. there was a knock on the door. This man said, "Robinson" live here?" I said "no". He said, "I am sure they do." I still said "no". "Have they a baby boy?" "Yes". "Are you baby-sitting?" "Yes." "What is the people's name here?" "Well—I don't really know. All I know them by is Flo and Loran. Never heard the last name."

You can guess how foolish I felt. After this I'll know the family name!

FULL TIME MAN, AT FULL TIME SALARY

There is space, material and enthusiasm enough in this municipality to warrant a full time recreational organization. Every season, when it is time to sign up ball teams, etc., there are always more than can be accommodated, either for lack of coaching personnel or equipment.

In a small northern Ontario community with a total population of 2,800, back in 1952, they engaged a full time recreational director at a starting salary of $450 per month. Compare this with the $30 allotted for the recreational director of a population of 16,000 in this municipality.

A recreational director's duties are to co-ordinate and organize recreations of every type —he should not be expected to coach. If he starts that for one organization he would not be allowed to stop. Organization and co-ordination would stop.

Our new part-time director has got things going pretty fast and has already had two fine trophies donated for competition, one of which was presented on Monday afternoon.

Why not pay him at least a reasonable salary for the fine work he is doing? How long will this well qualified and enthusiastic man be able to cope on only a part time basis? Why not raise the mill rate about 1 1/2 mills (less than $2 per person per year) and let it include provision for parks, swimming pools, etc., and a full time recreational director for a full recreational program? It would most likely provide for some secretarial help as well—in short, cover all the details and provide an efficient, working recreational program.

TO BE CHANGED AT LAST!

Many people in the Langley Municipality will have cause to be pleased if the recommended change in the Municipal Act concerning spouses of Veterans being given a vote, comes about.

After the defeat of a referendum for much needed schools, by a very small margin six years ago or a little more, the Parent-Teacher Association of Langley Central School got busy and prepared a resolution for the Easter Convention in Kamloops, in 1956. The original resolution asked that the Municipal Act be changed to allow Veterans' wives to vote but was changed at the convention to read, in part, as follows: "amend the law so as to give all spouses of registered property owners the right to vote on money by-laws." This was done at the suggestion of a lawyer present as a delegate, to cover all laws in the land concerning the right of spouses to vote. The motion carried with one dissenting vote.

The following year, a somewhat similar resolution was put forward by the Women's Institutes at their annual convention. An amendment made by Beaver Women's Institute at County Line to this resolution brought it in line with the previous P.T.A. resolution, and so re-inforced it. This amendment also carried.

About four years ago, the Langley branch of the Royal Canadian Legion started campaigning for a change in the law regarding spouses of veterans being allowed to vote with full rights. Fraser Valley zone supported the resolution. It then came before the local councils who supported it and took it to the Union of Municipalities and they also approved it.

Now the change is to come about. What a lot of money was wasted unnecessarily over the past few years in the re-presentation of referendums because these votes were lacking!

Letters TO THE EDITOR

Dear Sir:

It was exceptionally thoughtful of you to send me a copy of your splendid newspaper. The item about Moses John Jackson was fascinating, and very well written. I am so pleased by it, in fact, that I would like to purchase two more copies; one for the CBC (who will be equally pleased) and one for my files.

Mrs. Jessie Boston must have a remarkable memory. I wonder whether she would permit me to pay a short visit?

Thanks very much oncemore

Yours sincerely,
(Signed) John Emerson

Dear Sir:

Pardon my ignorance in writing to you at this time, on a matter upon which I have very little knowledge; but am being constantly confused by articles being written by our N.D.P. M.L.A.'s. It appears that there are those who would tell us that by pursuing the Power program outlined to the people of B.C., that the government are selling the jobs of the people to the Americans. It is my understanding that what the government is selling to the Americans is the power which the Yanks will be manufacturing on their own side of the line. By doing this the Americans are paying the cost of our power, in as much as all we have to do is place generators on the dams on our side of the border (dams which the Americans paid for by keeping American made Hydro) and we are in the Hydro business for next to nothing. The joke of it all is we have about 150 more sites in B.C. just crying for development and because there is no political axe to grind the members of the opposition let these go unnoticed.

They cry about the development of the Peace. This will be one of the greatest tourist attractions and triangle trips in the world, sportsman's playground, holiday spots not to mention the on site manufacturing possibilities. The tourist dollar far exceeds the dollar received from the electricity.

Constructive criticism is fine. Let's have a little help in developing this great province.

Yours truly
James Kennedy

200 Children Die In Fires Annually

More than 200 children di each year in Canada as a resul of fire, according to the All Car ada Insurance Federation.

Officials of the Federation, which represents more than 220 fire, automobile and casulty insurance companies in Canada, said that more than one-third of those killed in fires were children, the majority of them in residential fires.

Recommended Precautions

1 Never leave a child alone.
2 When the child is left in charge of a baby sitter, leave written instructions as to what to do in an emergency.
3 Baby sitters should know where you are going, and how to reach you.
4 Point out to the sitter the location of all exits and the telephone.
5 Emergency telephone numbers for local fire and police departments should be left near the telephone.
6 Find out the location of the nearest fire alarm box.
7 In the event of fire, wrap children in blankets and get them out of the house first; then turn in the alarm.
8 Call the fire department immediately, giving your location, at the first smell of excessive smoke or gas.
9 If a fire occurs, don't turn on or off any electric switches which might cause an explosion.
10 Don't re-enter a house, even if the fire is a small one; smoke or gas could be fatal

A man went to his parish priest and said, "Father, my wife goes out every night, to bars, shows, dance halls, night clubs, and she doesn't get home till 2 or 3 in the morning. What can I do?"

"This is terrible" said the Priest very concerned.

"Have you any reason why she does this?

The man answered, "Yes Father, she's looking for me.

Say you saw it in the News

CHUCKLES

During church service one Sunday morning, the usher was taking up the collection. Standing by a woman, he waited patiently while she dug deep down into her purse, without success. Finally the little boy beside her, was heard to say, "Say mom give him my collection, I can hide easier under the seat!"

Technocracy Meeting In Langley

There will be another technocracy meeting held in Langley Central School on Tuesday, April 17, at 8 p.m. The speaker will be the wellknown technocracy authority Milton Wildfong, and his subject will be "North America Unites".

Technocracy is a non-political organization devoted to the intensive study of conditions and trends as they affect society now and in the future.

Technocracy represents a new and fresh approach to the social scene and world affairs for many people. Very few people are actually familiar with what science is or the profound impact it is making at the present time, claim the Technocracy experts.

After the public meeting on Tuesday there will be a question period for those who wish to avail themselves of it.

THE FIFTH COLUMN

The gauntlet has been flung down, the barriers have been erected and the battle lines drawn.

The uneasy truce with Langley, induced by "Reach For the Top" has ended abruptly. Last week, Chris Johnson of "Alma Matters" called the fine upstanding young paragons of A.H.S. students "apes". Are we to take this lying down? Never!

Thanks to our circuit training, we will do 25 pushups; and rise to accept Langley's challenge. I, personally, challenge Chris to a balance beam walking contest —in private. Now I've done my part it's up to the rest of the *school to rise to the occasion.* Double yourpushups, triple your weight lifting exercise—do 200 sit ups instead of only 100. With luck we will rub Langley's nose in the track.

Now that we have our own bowling alley in Aldergrove—Scotts—the Students' Council has been discussing the possibility of a school bowling league. Twenty-eight people are necessary for 4 teams. Students who wish to bowl sign at the office. The students signing will be broken into teams later.

The "Horsecollar" trophy battle has been arranged fo 2 o' clock Apil 13th. No holds barred, as usual, if the staff agrees.

The last big dance of the year, the "Spring Swing", will also be held Friday, the 13th. Sponsored by the Boys' Hi-Y, it will feature the Nomads, a band from Abbotsford. Advertising started off with a bang on Monday, when Julius Caesar and Romeo met to discuss the coming fray. Should be fun—casual clothes.

Exams are finally finished—even the tables have collapsed. A welcomed diversion was provided on the first day of exams by an agile photographer who scrambled up and down the scaffolding in the gym without once falling down or dropping his equipment.

Styles at this year's Canadian Furniture Mart go a long way to prove that Canadian-made furniture doesn't have to take a back seat in even the most luxurious or original settings.

In 1961 158 dairymen became members of the Fraser Valley Milk Producers' Association. Over the same period, 211 members left the Association, almost all of them getting out of the dairy business.

Membership, active and retired, at the end of the year stood at 5582.

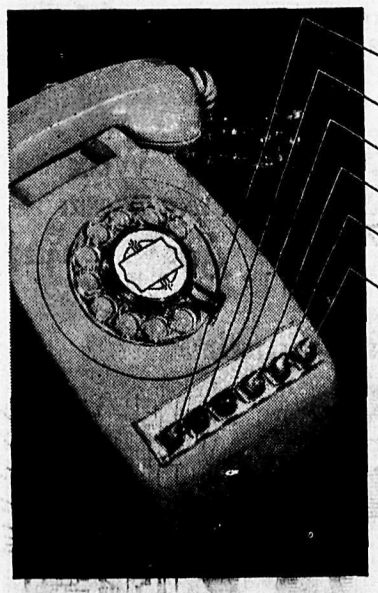
(like a miniature switchboard)
HERE'S HOW IT WORKS



ONE TYPICAL BUTTON ARRANGEMENT
HOLD. Holds a call on any line while a second call is made over another line.
Connects telephone with first line to place or receive a call.
Connects telephone with second line to place or receive a call.
Connects telephone with third line to place or receive a call.
Connects telephone with fourth line to place or receive a call.
INTERCOM. Used for inter-office calls.

When you're big enough for several telephone lines - but not for a PBX - pushbutton phones are the ideal solution. They are a boon to doctors, lawyers, accountants and smaller business offices.

A pushbutton phone is a miniature switchboard right on your desk. You can receive and dial calls on more than one line . . . hold a call while another is answered . . . talk to colleagues internally.

The model illustrated is only one of the many types of pushbutton phone. There's a model tailored to your exact requirements and our representative will be delighted to demonstrate just how much it can save you - in time and money.

NAVY LOG

By ANDREE

Friends of Chief Petty Officer and Mrs. Ed Plastow will be interested to read elsewhere in this paper, a detailed account of the surprise party held for them on their 25th wedding anniversary, Saturday April 7th, but this column is happy to salute such a momentous occasion and to wish the Plastows another happy 25 years together, and more.

L/S and Mrs. J Green took their young son Michael to the hospital on Monday for a minor operation; we wish him a speedy recovery.

Wednesday April 11th is a big day in the life of Master Gordon Sparshu—it's his third birthday, and his parents are giving him a birthday party. Many happy returns!

SURPRISE PARTY FOR LOCAL COUPLE

Saturday evening April 7th a surprise party was held by the many friends of Mr. and Mrs. Ed Plastow at the home of Russ McDonald's, on the occasion of their 25th wedding anniversary.

At the beginning of the evening, Lillian and Ed were presented with a corsage and boutonierre.

During the course of the evening, Max Vliet made a presentation of a silver Rose Bowl containing a bouquet of Blue and white Irises.

A suitable reply was made by Ed.

Later on in the evening a buffet lunch was served. Out-of town guests included Mrs. Plastow's brother and wife and son, Mr. and Mrs. Lester Sayers from North Vancouver, also Mr. Plastow's sister and her husband from Whalley.

Forty guests helped to celebrate this special event.

Elaborate Preparations For Portage Mt. Dam

The completed Portage Mountain dam will contain an estimated 65 million cubic yards of fill. Related in other terms, this mass of material is equivalent to a 1-cubic yard truckload of fill being dumped every 20 seconds around the clock for nearly 3½ years.

While sand, rock and gravel will give the dam the strength and weight to hold back the storage lake, a vital part of the structure will be formed by clay. Between 5 and 10 million cubic yards of clay will be transported about 10 miles from a deposit near the settlement of Hudson Hope and built into a thick wall inside the dam, running the entire height and length of the structure.

This will provide an impervious barrier preventing water from seeping through the dam.

Before construction of Portage Mountain Dam begins in in the stream bed.

1964, elaborate preparations must be made. This spring, a multi-million dollar contract will be awarded for three 48-foot diameter tunnels piercing the west bank of the Peace. During early construction of the dam the river will be diverted through these 2500 foot tunnels around the existing river bed.

As the diversion tunnels near completion in the summer of 1963, work will begin on cofferdams to direct Peace River water into the diversion system and keep water out of work area

The dry section of the river bed—about 3000 feet long and 600 feet wide—will be stripped of loose sand, gravel and rock to solid bedrock, a depth of some 50 feet.

Concrete will be pumped into narrow holes drilled up to 300 feet into the bedrock to seal water escape routes under the dam. This operation called grouting, consists of drilling the holes, inserting pipes and pumping a cement mixture into the pipes under high pressure to fill subterrainean cracks and flaws.

lation will all take place as speedily as possible. This will be followed by a discussion of report cards (which the students will receive on Tuesday) and the rest of the evening will be "P.T.A. Open House". Parents will be able to follow the children program and meet their teachers.

The new executive will be installed by Mrs. E. Ulmer, president of Langley District Parent Teacher Council.

"TITANIC" DISASTER

CONTINUED FROM PAGE 1

The "Titanic" went down on the night of April 15-16, 1912 and on the 17th of April a rumour circulated aboard the "Virginian" that the mighty "Titanic" had gone down, but this was immediately denied emphatically by the officers. Quite a few passengers on the "Virginian" had tried to book passage on the "Titanic" but had been unsuccessful. Even though it was denied the rumour cast an uneasiness over the passengers, Mrs. Robinson says, because the long, fog-shrouded days had unnerved them.

However, the "Virginian" was very fortunate and made port safely. When they arrived at their destination the passengers found out their fears for the safety of the great "Titanic" were true, the ship sank with many passengers and crew on board. A tragic ending for a great ship.

The Robinsons went to Duncan on their arrival and intended to stay about two years. The first world war broke out and they could not get back to England—and they are still here!

NOTES FROM ALDERGROVE
Chamber Of Commerce

At the Aldergrove Chamber of Commerce meeting on Monday. J. E. Breier made a motion to the effect that a Parks and Recreation Commission be established in Langley Municipality *and that a 1 mill levy be added* to the taxes to finance it properly.

Several suggestions were made by members in connection with the motion. Dr. Mout said that British Columbia will be receiving approximately $250,000 from the Physical Fitness Fund and he felt that a project such as an indoor swimming pool would be an excellent idea to attract money from this fund. C. Conlon felt that the Chamber should work for a project in Aldergrove.

Mr. Breier went on to explain that a Parks and Recreation Commission could not be isolated to one part of the municipality. It would have to be a metro parks set-up for all. After this explanation the motion carried and the Council will be asked to take action accordingly.

CHAMBER HIGHLIGHTS

Two new members were accepted by the Aldergrove Chamber of Commerce at the meeting on Monday evening. There were Robert Blair, the new postmaster, and Ken Brennan, manager *of Buckerfield's.*

The Aldergrove Chamber of Commerce will send another letter to the Municipal Council requesting the painting of bays in the curb areas of Aldergrove.

Mrs. Cathy Lehman reported *that the money for the joint ad* in the Seattle Times had been collected in full.

The Aldergrove Chamber will go on record as endorsing the request for an addition to the local police force. A motion to petition Council to increase the police force was carried.

Discussion took place regarding the setting up of a Red Cross Clinic in Aldergrove was discussed at some length and the secretary was instructed to write to the Red Cross Donordivision requesting information on requirements.

After considerable discussion a motion was carried to ask the Municipality to institute a system of prepayment of taxes.

Mr. Art Dingley, Vice-president acting as chairman in the absence of Dr. Findlay, reminded those present that this is Chamber of Commerce Week throughout Canada.

Canadian Red Cross Nurses attended the births of 1,282 children in Outpost Hospitals *and Nursing Stations last year.*

Report from Parliament Hill

By W. A. McLennan, M. P.

Curling, skiing and hockey—these are the great Canadian winter sports. Canadians are definitely sports minded. They follow closely the performances of the major teams in hockey and thrill over the fact a Canadian girl won the World Ski Championship. They are happy when the winners of the Briar Cup from Western Canada move into the world championship. competition in Europe. For a nation with such a small population we do very well in World competition and certainly are sports minded.

It might be well to clarify the reasoning behind the Federal Government's legislation to encourage amateur sport. The Act which has been passed is entitled "An Act to Encourage Fitness and Amateur Sport", and an annual sum of $5 million has been allocated to the Department of National Health and Welfare in support if this legislation. There are some misunderstandings about the legislation itself and the manner in which the money is to be expended. The main objective is fitness and in the broad sense and speaking of the youth of Canada as a whole, the view is widely held, only may come about by participation in amateur sport.

There has been a clash, unconscious perhaps, yet never-the less real, between those who have sought and seek to raise the general level of fitness in the youth of Canada, and another group who seek only 'par excellence' in local, national and international sports events.

It is felt that a thoroughly healthy nation depends on a solid middle class of athletes who never become championship ness and Amateur Sport". Unfortunately, winning in sports seems to have captured the imagination of many and fitness has been relegated to the background.

The Federal Government has created an advisory group, and receives periodically it's recommaterial but have skills adequate to enjoy whatever sports they persue. Because of too much emphasis on winning, the result has been excellence for the few and neglect for the many.

This is the underlying principal of the "Act" to Encourage Fitmendations as to how, with the greatest good for the greatest number in mind, the fund may be expended.

The federal will work closely with the provincial Departments of Recreation and Health and Welfare and it will be on the advice of the local government departments the major portion of the funds will be spent.

There is however, no intention to plump large sums of money for this or that particular sport that the name "Canada" may be held higher in the realm of world athletic events. Fitness is the key in this program.

Mr. and Mrs. Larry Bartell and Roxie of Riske Creek are visiting at the home of Mr. and Mrs. Andy Braun, parents of Mrs. Bartell.

Mr. and Mrs. Fast have returned from a ten day visit in Willow California.

Little Cindy Evanoff celebrated her 2nd birthday on Saturday March 31. On Monday, April 2nd, she entered hospital for an operation.

Visiting at the McConnell home at the weekend was Les Grenizan of Saskatoon.

COUNTY LINE

The Coghlan, Otter and North Otter P.T.A.'s have been asked to attend a special meeting next Monday, April 16, at 8 p.m., in the County Line auditorium. It is the regular meeting of the County Line P.T.A. and guest speaker will be Magistrate M. W. Mulligan of Langley.

The dance at County Line Hall on Saturday evening lacked in numbers but gained in enthusiasm, as everyone reported a good time. The raffled quilt was won by young Lynn Mahood of Squamish. She is a granddaughter of Mr. and Mrs. H. A. Meyrick of County Line.

NEW DEMOCRATIC PARTY

Mrs and Mrs. B. Nordin entertained the members of the New Democratic Party when they met last April 3rd.

Many members were ill, and condolences go out to them. Mr. and Mrs. Nordin had attended a dinner and evening in Vancouver and they reported many interesting highlights. The recent card party was greatly enjoyed and there will be two more one at Nordins and the other at Larsons, in the near future.

A dance was discussed, particulars of which are to be worked out. The draw was won by H. E. Larson who auctioned the prize (a fruit cake) to the highest bidder.

Next meeting will be at the home of Mr. and Mrs.H. E Larson.

OAPA NEWS

The Old Age Pensioners held their regular meeting in St. Ann's Hall April 6.

A welcome was given to Mrs. Craig, Mrs. Cave and Mrs. Ness, who have been in the hospital.

Birthday greetings were extended to Mrs. J. Susani, Mrs. Hamri, Mr. Faulkner, Mr. Joe Scharfe, and Mr. A. McQuaig.

Mr. Joe Scharfe donated a coffee table to be drawn at our next meeting.

Mr. and Mrs. Signe Christensen were given a welcome as new members.

Mr. Orwick gave a vote of thanks to Mr. E. W. Spearing who was a delegate to the preconvention meeting held in Langley, for her report.

Entertainment was given by Mr. M. Courtemanche, Mr. Rod Caplette and Mr. Faulkner.

The draw prize was won by Mr. George Taylor.

A whist drive will be held in St. Ann's Hall on Friday April 13. All are welcome, bring a friend along.

A vote of thanks was extended to the ladies who served lunch and those who donated the tableclothes and dish towels. The birthday cake was baked by Mr. Art Dingley.

Automobiles With Strange Sounding Names

Early automobiles had names which seem strange indeed today.

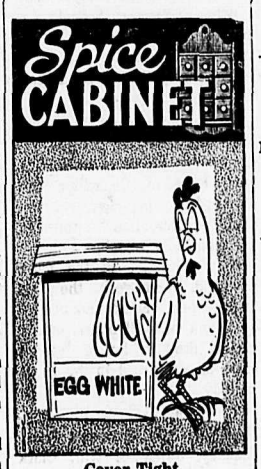
For instance, there's the Apple of 1909 vintage. The American Chocolate was produced in 1903. The Available came out in 1910.

A roll call of motor vehicles, compiled by the B.C. Automobile Association, turns up some other real oddities:

Black Crow (1905), Bob Cat (1923), Calorie (1904), Coyote (1909), Desert Flyer (1908), Energetic (1909), Fishback (1912), Goodspeed (1922), Gopher (1911), Izzer (1911), Longest (1912), Mighty Michigan (1911, O-We-Go (1914), Silent Knight (1912).

The record shows there was a Falcon as long ago as 1909, a Comet in 1917 and a Kennedy in 1911. There was also an Eisenhauer (truck) in 1916.

Including names of passenger cars, trucks buses, taxis and even fire engines, there are some 5,000 different entries—most of which have passed from the scene.



Cover Tight

COUNCIL JOTTINGS

CONTINUED FROM PAGE 1

Tenders ranged from $2,500 to $6,500.

Pacific Water Wells with a tender of $2,580 and with the desired specifications appeared to be favoured. A committee of the Reeve, Municipal Clerk and Councillor Booth were elected to make the decision.

R. A. Clarke, interested in buying an auto wrecking establishment just east of Aldergrove asked if there would be any difficulty in obtaining a licence. Council assured him that if he ments there should not be any conforms to the rules and regulations governing such establish- difficulty.

Don Simms and John McAllister of Native Sons of Langley appeared before Council to give a report on activities of the group and stated money is needed for more progress.

Council is concerned over the "Old Mill" building and its restoration in time for expected influx of visitors this summer.

Council is to attempt to obtain accredited land on the island side of the Fraser River channel, northeast of the bridge at Fort Langley. This would be used for a municipal park.

Final reading of the Aldergrove Zoning By-Law passed.

Community Recreation

BY PETE SWENSSON

Pete Swenson with Sully Trophy

Otter Elementary School's soccer team was the winner of the new L. K. Sully trophy. They beat Langley Central by a score of 4 to 1.

In the absence of Mr. Sully who could not be present, the trophy was presented to the winning team by Councillor Eric Flowerdew, president of the Langley Recreation Commission, on behalf of Mr. Sully.

Otter had 75% of the game in hand. Next year, the final will be held earlier and at that time will be well advertised. It *should draw a lot of interest* from all concerned in the municipality.

We are happy to let you know that Bill Clark, Simmons Road, Langley, owner of Wm. Clark and Sons, automobile firm, is letting us use his swimming pool. Wonderful!

Art Krieger, manager of the well-known Krieger's Hatcheries has donated two trophies for horsemanship—not 1 as previously announced. One for boys under 15 and one for girls in the same age group. The age limit was changed from 14 to 15 years. Thank you very much for your generosity, Mr. Krieger.

Any further donations will naturally be welcomed by the Recreation Commission, now open in the Municipal Hall Mondays and Tuesdays, from 1 to 3 p.m.
