BUSY YEAR CONCLUDED BY ALDERGROVE C. OF C.

Guest speaker at the installation banquet of the Aldergrove Chamber of Commerce on Monday evening was Dr. W. G. Black, former professor at UBC and associated Federal Department of Immigration for 15 years, and was thanked his talk on moral preparation for the centennial year by Art Dingley, a past president of The Aldergrove C. of C.

In his final report, outgoing president A. L. Rose reviewed an impressive list of accomplishments, activities and interests which engaged the chamber during his year of office.

He noted that the trees and flower boxes on the boulevards had been kept in good condition and improved. A public speaking trophy, provided by the chamber some years ago, had been presented to Miss Marion Rutz. The annual Bradner spring flower show had been promoted as the town provided a decorated booth for daffodil sales and merchants decorated their premises with bulb flowers. A chamber float had been prepared and entered in the Bradner and Fort Langley May Days.

Co-operation of the Langley Municipal Council was acknowledged by Mr. Rose as he recalled that Jackman Road had been enhanced with curbs and full-width blacktopping between Faraser Highway and the post office, and drainage had been installed at the fire hall. He was pleased too, that work had been started on a sidewalk along Boundy Road.

Further activity of the chamber had resulted in the past year of getting an Aldergrove sign on Freeway 401 at Mt. Lehman and letters urging the improvement of Highway 13 had at least brought forth survey crews. Besides all this, Mr. Rose noted, the chamber had representation on the Langley centennial committee and other utility and planning groups.

He hoped that all members in 1966 would rally around the new president.

Head table guests with Mr. and Mr. Al Rose were Dr. and Mrs. Black, Mr. and Mrs. Dams, Magistrate Les McDonald, Mr. and Mrs. W. T. Craig, and Mrs. Bird, Mrs. Craig's daughter. Other guests included representatives of the Abbotsford and Clearbrook chambers of commerce.

Honour was accorded Mrs. Craig for her recent selection as Langley's citizen of the year when Mrs. F. Johnson presented a bouquet of flowers to her.

FRED DAMS

Installed as President of C. of C. on Monday night, and as vice-president was Geoffrey Rowley. Balance of the new executive is recording secretary George McDonald, corresponding secretary Ernie Rice, treasurer Cor Hunenstijn, and directors Walt Makela, Nick Enns, Les Williams, Jim Paris, Harry Krenz and Merle Courtemanche.

FRANK SHUSTER FIRST PRESIDENT

Frank Shuster of Langley has been named first president of the newly-formed Auctioneers' Association of B.C. It is the second group of its kind in Canada.

Other officers are vice-president Gordon Gardner of Matsqui and secretary - treasurer Tom Leach of Surrey.

Nov. 29 Nomination Day for Municipal Council

Nomination day for district council elections is November 29th. Nominations will be received by the returning officers at the municipal hall between the hours of 10:00 and noon.

Municipal clerk D. J. Doubleday was appointed returning officer by the district council at its last meeting, with authority to appoint his own deputies.

Only one change in the location of the polling stations has been announced for the district vote. The Anglican Church hall in Aldergrove has been substituted for Vasa Hall, which has been used in previous years.

Stewardship meetings at which the 1965 councils give a report to the taxpayers of their year in office have been arranged by both the city and district.

The district will hold its stewardship meeting Wednesday, Dec. 1, in the municipal hall at 8:00 p.m.

CARD OF THANKS

The Sunday Schools of St. Dunstans, Aldergrove, St. Margarets, Bradner, and St. Albans, Otter, would like to thank all who so generously gave to the Save the Children's Fund when the children called on Hallowe'en.

The sum of $72.26 was collected and forwarded to the Fund.

Adina Klassen, who resides with her uncle and aunt, Mr. and Mrs. J.J. Toews of Abbotsford, B.C., distinguished herself in the 1965 Royal Conservatory music examinations by obtaining Canada's highest grade eight stringed instrument mark. Miss Klassen received ninety two percent. She has been awarded a Royal Conservatory Silver Medal and a Frederick Harris Scholarship of forty dollars to utilize as she continues studying with her violin teacher, Walter Neufeld of Clearbrook of B.C.

MUSCULAR DYSTROPHY SEEKS $600,000

The current fund raising campaign of The Muscular Dystrophy Association of Canada has as its target $600,000. 75% of this money is already earmarked for 40 or more muscular dystrophy research projects in medical centres across Canada.

Public concern about muscular dystrophy is centred on the fact that male children with MD have practically no chance of surviving beyond the age of ninteen years, and that so far medical science has been unable to do anything about it.

Canada's scientists are not working in a vacuum however. Their findings are supplemented by MD research in a dozen different countries, and by basic research projects the world over. As new knowledge is made available, various dead end approaches are abandoned, the target area is narrowed down and concentrated upon.

The above process has been gathering momentum over the past decade, and has been given a great impetus by recent advances in the science of genetics. Scientists now know how the original human cell is given instructions to build a complete body with all its complex processes and organs.

Because muscular dystrophy appears to result from a genetic fault, the new discoveries are hastening the day when we will know exactly how MD is caused. We shall then have a clearer idea of how to go about prevenint it or curing it.

Ultimate credit for the defeat of muscular dystrophy will be shared by the fire fighters of Canda. They have undertaken to support the work of The Muscular Dystrophy Association of Canada until a cure is found, and to date have raised over a million and a half dollars of the three million that MDAC has aleady spent on research.

Not only to fire fighters make house-to-house canvasses during the fund raising campaign, but throughout the year also play host to MD children who enjoy outings and visits to the fire stations as prvileged guests.

Visiting his local fire station, Kirk Cloutier, 11 year-old muscular dystrophy patient, discusses the fit of a fireman's helmet with Ted Dakin.

MUSCULAR DYSTROPHY IN BRIEF

Muscular dystrophy, known formerly as "creeping paralysis", is a so far incurable affliction that paralyses the voluntary muscles of the human body. It can affect anyone, but is especially serious where children are victims, in which cases it is almost invariably fatal.

About 20,000 Canadians in all walks of life are associated under the banner of MDAC. They raise money for medical research and attempt to make life more comfortable for those already stricken by MD. They are organized for the most part into chapters across the country and work closely with members of Canada's fire departments — in many cases pledged to support MDAC until the disease of muscular dystrophy is eliminated.

The organization invests almost $400,000 annually in medical research; its research program is second in size only to those of the heart and cancer associations. The problem medical scientists face is difficult, but already their investigations have increased our understanding of muscular dystrophy and have made significant contributions to the data of basic medical research.

At last Aldergrove has a pump and appliance repair service to take care of its residents every needs.

New Minimum Wage Order for Christmas-Tree Industries

The Honourable L. R. Peterson, Q.C., Minister of Labour, today announced that a new Minimum Wage Order governing the logging, sawmill, woodworking and Christmas-tree industries has been issued by the Board of Industrial Relations. The order establishes a minimum wage of $1.50 per hour for male and female employees.

Mr. Peterson stated that the order was issued following public hearings at which representatives of labour and management were given an opportunity to make their views known to the Board.

The order does not apply to employees covered by another order of the Board specifically defining their duties, those who come within the scope of Section 4 of the Hours of Work Act, or caretakers where operations are suspended.

Under the order employees are entitled to time and one-half their regular rate of pay for hours worked in excess of 8 in the day and 40 in the week. The overtime provision does not apply to emergency fire fighters and fire wardens, employees engaged exclusively in the transportation of men and supplies, employees employed on tug-boats, or others covered by certain variances allowed in the Hours of Work act.

The order states that employees reported for work on the call of the employer shall be paid for the entire period spent at the place of work in response to the call, with a minimum of two hours' pay at the employee's regular rate except where the employee's condition is such that he is not competent to perform his duties, or he has failed to comply with the Accident Prevention Regulations of the Workmen's Compensation Board, and four hours' pay where he commences work except where his work is suspended because of inclement weather or other causes completely beyond the control of the employer.

The new order is effective on December 20th, 1965, and replaces three orders of the Board presently in effect. The rates in these orders were $1.00 per hour in the logging, sawmill and woodworking industries, and 50¢ per hour in the Christmas-tree industry.

"The issuance of the order brings the minimum wages in these industries into line with the current situation, and is a further step in the Board's program of consolidating its orders wherever possible," said Mr. Peterson.

CENTENNIAL MEMO - The first steam vessel to appear on the British Columbia coast was the Hudson's Bay Company paddle wheeler Beaver. She was built in Lond in 1835 and rigged as a brig. She sailed around the Horn and was fitted with engines at Fort Vancouver. She was wrecked at the entrance to Vancouver Harbour in 1888.

BUILDING AT AN ALL TIME HIGH

Building in the Langley and Surrey areas is at an all time high.

Building for the first ten months of 1965 in Langley City and District totals almost $3.75 million. Surrey's total in the same ten month period has topped the $13 million mark.

However, authorities say there is usually a slackening off period in the last two months of the year.

Surrey's final figure for the present year could hit $15 million and Langley's could go up to $4 million or more.

Motor Vehicle Report

A large percentage of newer model cars are not meeting the safety standards laid down by the B. C. Motor Vehicle Branch.

In a motor vehicle inspection point set up in Langley City at the end of October, out of 184 cars inspected, only 54 were able to come up to all the safety requirements. The greatest number of rejections was due to incorrect setting of headlights and over half of those at fault were found to be newer model cars.

In a second inspection, an additional fifty cars out of the original total were passed.

B.C. FEDERATION OF AGRICULTURE "FARMERS PARLIAMENT"

MEETS NOV. 23 & 24 AT VICTORIA

Over 200 farmers and others interested in B.C. agriculture will be meeting to discuss items of importance not only to themselves but to all B.C. consumers.

Two of the high points of the meeting will be talks by B.C.'s Deputy Minister of Agriculture, Alex Turner, and J.H. Warren, Federal Deputy Minister of Trade and Commerce.

Mr. Turner, who previous to moving to our province was head of the Economics Division of the Canada Department of Agriculture, will comment on developments in his department during the past year, and along with other points he will explain the purpose of the 1966 Centennial Agricultural Outlook Meetings that have been scheduled for early January.

Mr. Warren, who at one time was executive director for Canada to the International Bank, has represented Canada at many international conferences concerned with trade and economic affairs. In September 1960, he was elected Chairman of the Council of Representatives of the General Agreement on Tariffs and Trade, and was Chairman of the Contracting Parites of GATT from 1962 to 1965.

Mr. Warren is Chairman of the Board of Directors Export Credits Insurance Corporation, and a director of the Industrial Development Bank. He is a member of the Canadian Government Specifications Board, the National Design Council and the Adjustment Assistance Board.

Mr. Warren will speak on the effects GATT could have on Canada and the possible development of new export markets for agricultural products.

All those interested are invited to har these speakers, and to take part in the discussion.

ALDERGROVE SECONDARY CHIT CHAT

By Linda Webster

We lost the football game against Langley, Nov. 3, which every knows by now. Better luck next time!

Wednesday, Nov. 10th, a Remembrance Day assembly was held in the Gym. Faith Martens led the school in a prayer for piece and the President of the Students' Council, Ed Sawatsky, recited John McCrae's "In Flanders Fields." The band conducted by Mr. Gris played a selection.

A film on Switzerland was shown and narrated by Mr. Anton R. Lendi at noon last Tuesday. It was very interesting and informative and I'm sure everyone enjoyed it.

November 19th was Saddie Hawkins Day. The dance was held Friday night in the Gym. This was the only dance of the year when the girls can go with exactly who they wanted (if he said yes)!! Also it was the only day when you are really allowed to look as messy as you usually do. It was GRUB DAY.

November 19th was also Douglas Day. A play, set in 1858, portraying family life and news on Boat Day were put on by members of the school. Hope Martens, Daine Laible and Gerry Hockin for Premier Bennett, his Cabinet and guests.

Boxing is held in the gym every Tuesday at noon hour. We had our first bout last Tuesday. The most interesting match was between John Biesbrecht and Keith Ollenberger, who fought to a draw. This was completed on Tuesday.

Relax, boys, it's all over! Sadie Hawkins has come and gone once again! Have you ever noticed how many new romances seem to come up out of Sadie Hawkins Day; this just goes to prove that it's really the girls who do the catching -- or trapping, which ever you prefer.

* * *

Speaking of catching, next Friday, November 26th, is Slave Day. The boy's Hi-Y will be auctioned off in the gym -- and they are slaves for the day to the girls or groups of girls who bid the highest.

* * *

Just a gentle reminder that Christmas exams start on December 13th, less than a month from now. Nice thought, isn't it?

U.G.N. NEARS GOAL

The United Good Neighbor Fund-Red Cross Appeal has reached almost $200,000.

That's good news from the chairman of the nine communities central committe, "Skip" Cassidy.

The goal this year is nearly $3 6,000.

Cassidy singled out the lumber division for praise in his latest report, stating that they would once again show an increase in donations over previous years.

But, he noted, that all divisions had stepped up their efforts to complete the canvass.

NOTICE
HEARINGS OF THE PROVINCIAL REDISTRIBUTION COMMISSION

Public Enquiries Act, RSBC, 1960

Take Notice that hearings of the Provincial Redistribution Commission will be held for the following Electoral Districts, at places and dates specified hereunder:

Delta	Monday, November 22nd, 1965 at 2:30 p.m. at the MUNICIPAL HALL, RICHMOND.	These may be joint meetings for any or all three Electoral Districts.
Delta	Monday, November 22nd, 1965, at 7:30 p.m. at the CITY HALL, WHITE ROCK.	
Chilliwack & Dewdney	Tuesday, November 23rd 1965, at 7:30 p.m. at the COURT HOUSE, ABBOTSFORD.	

All representations to the Commission must be made publicly at any one of the above hearings, or by written brief, or by letter addressed to the Secretary. Groups or individuals intending to submit briefs are requested to communicate with the Secretary beforehand.

The Commission would be assisted greatly in its work if briefs submitted would include remarks and suggestions on the following points:

1. Should Municipal Boundaries be disregarded, to allow of a more even population distribution, when adjusting electoral district boundaries?
2. Does the proper and effective representation of the people of all parts of British Columbia require that these districts should have more than their present total number of members?
3. If so, what electoral districts should be established? What should the boundaries be? and what consideration should be given to the question of multiple member ridings?

All briefs not submitted at a public hearing should be in the hands of the Secretary before November 30th, 1965.

G. R. Bradbrooke, Secretary.

Glen Valley

Glen Valley hopes to do $60,000 worth of work on dykes.

Chairman of the Glen Valley Dyking Commission, J. J. McLellan, says the commission is awaiting approval from the two senior governments, who will put up $45,000.

The municipal share will be $15,000.

The work involves strengthening the present system. Three miles of dykes and 2,300 acres of land are affected.

Glen Valley straddles the northern border of Matsqui and Langley.

POST OFFICE WORKERS BEING RECRUITED

Extra workers for post offices during the Christmas rush are now being recruited by the National Employment Service in New Westminster. Those wishing temporary work in December should file applications now.

Approximately 400 extra persons will be needed in New Westminster and North Surrey and about 75 in South Burnaby. Others will be required in proportionate numbers at all post offices in the Lower Fraser Valley.

The majority needed will be women for sorting and handling the extra mail in the post offices. Some men will also help in the post offices but the rest will work with the regular letter carriers on the mail routes.

High school students will not be out of school before December 22nd which is too late for these jobs.

The wages paid for this casual work have been increased this year due to the introduction of the new Federal Labor Code.

CENTENNIAL MEMO - Charles Taylor in 1863 was the first homesteader in the Alberni area. The Taylor River there honors his name.

Spotlight on Defence

B.C. Tel communication systems help guard our continent against surprise attacks

To detect the approach of and defend against missiles, rockets or planes entering the territorial atmosphere of North America is the role of NORAD—North American Air Defence Command—with its Combat Operations Centre at Colorado Springs.

Jointly controlled by the United States and Canada for defence against surprise nuclear attack, this complex nerve centre demonstrates vividly how B.C. Tel and a continent-wide network of telecommunications systems is meeting the challenge of today's "Cold War" conditions.

B.C. Tel's variety of the very latest developments in the communications systems are playing a key role in perhaps the most important of all public services—defence of North America against destruction. These electronic marvels provide the connecting links for data transmission devices between radar sites and strategically located computer-centres.

Such dramatic advances for military purposes are even now expanding our everyday communications. Long distance calling, radio-telephone coverage, TWX and other special data services are but a few.
