FOR ALDERGROVE SEWER EXTENSION AND GROWTH

THINGS ARE LOOKING UP

Council ponders: How does Matsqui do it?

Perhaps elected officials from Langley district should get together with their confreres from Matsqui for a short "how to" session.

Ald. Bill Blair and other council members, who apparently just recently discovered that city water, complete with fire hydrants, is installed along Bradner Road from Fraser Highway to Les Fatkin's proud metropolis of Bradner would like to know how things like this are done.

"How do they finance it?" Blair asked in council Monday morning.

"Yes, and they are extending it," said Ald. Gary Smith.

Council was discussing the possibility of establishing an inter-municipal water board for the two Langleys since, according to Smith "waterlines would cost far less than individual systems."

Ald. Walter Jensen, chairman of utilities, apparently didn't like to hear of a superior system to his own and tried to downgrade the numerous rural Matsqui water systems with the statement, "We were offered at one time to hook up to the Le Feuvre Road system, but we found out their (Matsqui municipality's) water systems were so antiquated that we didn't have any interest in considering."

Another alderman, Andy Milne thought that "the day might come when we can do the same throughout Langley." But, said Milne, "the urgency now is in the Brookswood-City-Willoughby area."

But everything is not gloomy. Blair said that "...in spite of all the criticism flying here we have made tremendous progress during the last two to three years.

Smith said Ald. Reg Easingwood of the city of Langley was in favor of the joint water board proposal and it was decided to hire a geologist to formulate a plan for Langley's future, water wise.

A meeting between Langley district council, the Aldergrove utilities commission and representatives for the engineering firm of Willis, Cunliffe, Tait & Co. will be held soon. However, no date has yet been set, says Clerk-Administrator Derek Doubleday.

The meeting will deal with the long awaited Aldergrove sewer extension, and according to Doubleday things look favorable for the expansion.

The clerk says the provincial government's pollution control board seem to have changed their rigid stance against extending the sewer area, especially since recent water samples taken from the Bertram Creek show a minimal amount of suspended chemicals.

However, Doubleday says, the system will probably be changed to a tertiary treatment plant.

And a council member says that "if we can take care of the A, B and C areas, Aldergrove is not going to have much trouble."

Council discussed a letter from the engineers "in camera" Monday afternoon, and after the meeting Doubleday told The Star that the mayor was in favor of including all of Aldergrove as outlined on the latest map of this town.

Three beautiful people: Miss PNE 1973 Jeanette Warmerdam, Bradner's pride and joy; Les Fatkin and Edith Saunders of the Bradner community club.

The Bradner hall was filled to capacity Friday night when the community welcomed home their famous daughter at an appreciation banquet also honoring two other well known local citizens, Anne and Tom McMath on their 25th wedding anniversary.

Fatkin, the master of ceremonies for the evening, also welcomed guests from the 'suburbs' of Abbotsford, Aldergrove and Vancouver.

Curling rink construction to start in January

Jack Leoppky, the owner of the new Aldergrove ice arena, says the response to his questionnaire concerning the need for a curling rink has been very good.

Many coupons have been turned in at the Star or sent to Winterhill Ice Ltd., some with notes such as 'Brilliant idea', 'Just what this town needs', and 'Jack Loeppky ... you're a good egg'.

Loeppky plans to begin construction of his second arena in January and the plans have been presented to the Langley district planners office in Murrayville.

If you haven't returned your coupon yet, there's another one inside this week's issue of the Star. Don't delay, return it today ... to The Star or to Winterhill Ice Ltd.

MORE ABOUT

Naughty dogs and neutered skitters

Langley district Ald. Bill Blair thinks a proposed $10 dog license fee is "too damn high".

Ald. Gary Smith, in proposing the hike from $5 for male and female dogs, says he sees it as an "encouragement to get them (the dogs) neutered." And neutered animals are less likely to cause problems, according to Smith.

"I think it is too steep," Blair said Monday morning. "People will 'hide' their dogs or they'll get rid of them and it will break their hearts."

Mayor Preston suggested a "policing of naughty dogs" would be more effective and to the point. The current annual fee of $5 for males and females and $3 for neutered dogs, was re-established.

Later on, in discussing another Langley favorite topic, the mosquito problem, Preston said his council would have a display at its next meeting on how to neuter mosquitoes.

He said Ald. Walter Jensen, the chairman of the pesky little critters would be instructed in how to perform the operation, "using very small forceps."

It's gonna be a real gasser ...!

Aldergrove Oktoberfest

The personnel of CFS Aldergrove are right now busily preparing, during their off-duty hours, for a day and an evening that will long be remembered.

The station, which is an integral part of the community besides forming a vital link in a world-wide radio communications network will be hosting a gigantic genuine German style Oktoberfest starting at 2 p.m. (1400 hours) on Saturday, October 20.

"We are doing this in order to get together with our good friends, the people of southern B.C., of northern Washington, and of course various military personnel from Canada and the U.S.A.," says Captain Don Jackson, the chairman of the event.

"It will be an exciting event," says Jackson, "commencing at 2 p.m. we will have many games available, a roving accordianist, a team of beautiful Clydesdale horses on the grounds, a mean-looking Burghermeister, refreshments and fun, fun, fun".

All sorts of food will also be available.

Without interruption of any kind, the event swings into the evening dance, featuring the spectacular music of John Schwartz's Bavarian Band, a group well known to PNE visitors. During the evening prizes will be awarded for the most authentic German costumes. And of course appropriate food, prepared by CFS Aldergrove's chef, and fun, fun, fun. Games continue on in the several large marquee tents during the evening.

Unfortunately, minors cannot be allowed.

"We have to meet expenses and accordingly we offer all of this for $5.00 if ticket is purchased prior to October 20," says Jackson. This may be done by sending a money order or certified cheque to "Chairman, Oktoberfest, CFS Aldergrove", or by dropping out to the base and contacting either the SR NCO's and-or Jr. Ranks Club. Tickets have been available for a week or so and are going rapidly, says the chairman.

However, tickets can also be purchased on entering the fun grounds on October 20, or at the gymnasium (dance area) at 8:00 p.m. that evening when there will be a slight surcharge of 50 cents for a total entrance fee of $5.50 per person.

Afternoon guests are not required to pay the evening admission fee, however, as the dance is the highlight of the event, all are encouraged to attend.

The personnel of CFS Aldergrove actively participate in and support in one way or the other many worthwhile organizations in the general area, and a percentage of the net profit, if any, will be presented by the commanding officer of the station, LCDR R.H. (Bob) Dykes to a charitable organization in the area.

"We'll see you at the Oktoberfest," says Jackson, and in the meantime practice your shoe-patting.

RECREATIONAL PURSUITS

Again this year the Langley recreation commission will arrange for ski trips to Manning Park.

The fee is $37.50 for the eight ski trips planned to start Sunday, December 16 and include some instruction.

A minimum registration of 50 is required in order to send a bus and registrations will be accepted on a first come basis.

The bus will be leaving the Langley Hotel at 7:30 a.m. and the Alder Inn Hotel at 7:45 a.m.

Ski trips other than the initial one in December will take place on January 6, 13, 20 and 27 and February 3, 10 and 17.

For further information or application forms contact Mrs. Watt at 856-8102.

More about recreation page 19

SUPPORT A BILL OF RIGHTS AND AN OMBUDSMAN

The government of British Columbia should mark the occasion of the 25th anniversary of the universal declaration of human rights by giving the people of British Columbia two things: - a bill of rights, incorporating all of the principles of the declaration of human rights in the laws of the province, and an ombudsman to ensure that these rights are being respected by all, but particularly by officials in public and private agencies.

In March, 1970, the B.C. Human Rights Council released the proceedings of its conference on the ombudsman entitled, "Let Justice be Seen to be Done". Three years have passed since that report was issued, three years during which it has become more than ever clear that the province of British Columbia needs an ombudsman. During this three year period, the population has increased, government departments have multiplied, business and industry have expanded, and community institutions have become more elaborate. All of these developments, as well as others have resulted in a more complex society with many more problems evident in all sectors.

The members of the council, together with others in the community at large are convinced that the growth in complexity of organization in government, business, education, and industry is such that, despite the best efforts of those in office, injustices and inequalities, often of a very serious nature, occur.

In particular the increase in government involvement in the social and economic life of the community has made it imperative that there be an office able to facilitate correction of any errors or omissions on the part of any government department or agent in dealings with the public. Now, more than ever before, there is critical need for a bill of rights in the province and for the appointment of an ombudsman.

It has become clear that the people of British Columbia expect their representatives in government to exercise their individual and collective responsibility to the public by bringing in the necessary legislation.

We believe that the people of British Columbia together with their government have the necessary human and financial resources to have the ideals of the Declaration of Human Rights become a reality in British Columbia.

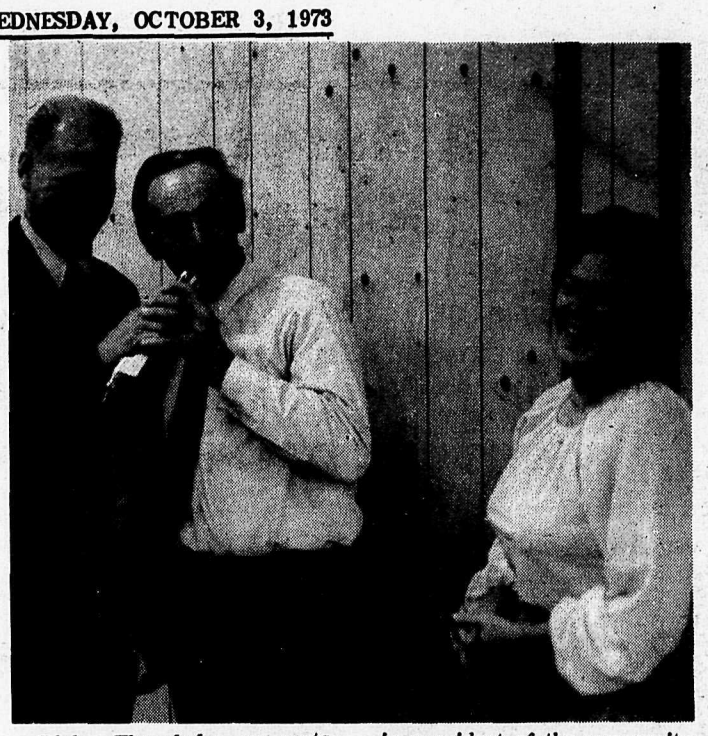
CENTRAL FRASER VALLEY STAR PUBLICATIONS

Indepe. dently owned weekly publications serving the Langley and Matsqui districts and published in Aldergrove, British Columbia, Box 220. Phone 604-856-8303.
Subscription rate in Canada $3.00; foreign $5.00.
Editor and publisher Rudy Langmann.
Second class mail registrations numbers 1270 (Aldergrove Star) and 1983 (Fort Langley Star). Postage paid in Aldergrove, British Columbia.



Dick Ehrenholz presents guests of honor at Bradner banquet, Tom and Anne McMath with a dog in a recliner chair.

The McMaths were honored at their silver wedding anniversary by the bulb-growing North Aldergrove community. Tom is president of the community club and was recently made dog inspector in Matsqui municipality.

Also celebrated at the banquet was the homecoming of Bradner's famous daughter Jeanette Warmerdam, the newly crowned Miss PNE.

Says alderman

Pound inefficient

"There is something wrong with the efficiency of this whole thing," Ald. Gary Smith told Langley district council Monday morning.

Smith was referring to the operation of the local animal pound.

He said the pound on the average picked up one dog a day and received nine telephone calls.

Yet a very poor emergency service was provided, Smith said, and examples were cited of people phoning the pound and not being able to get through or being told that investigation of complaints or calls for assistance would have to wait till the morning to be considered.

Smith, a veterinarian, said his private clinic was handling more cases referred by the RCMP and for nothing than the local pound.

Ald. Andy Milne suggested the municipality hire someone on contract, "like the municipal constable," to look after the pound.

At present the pound is being operated in conjunction with the SPCA on 98th Avenue in Langley.

MONGREL COYOTES ON THE PROWL

A letter from Dr. Greenfield of Northwest Langley was taken into consideration by council Monday morning.

Greenfield said he recently lost five turkeys to marauding dogs and wanted to point council's attention to the problem.

Council was already aware of the dog problem and also the problem of coyotes roaming in northwest Langley where they reportedly kill poultry and sheep in broad daylight.

One alderman said the coyotes were not purebred but another interspersed that he wasn't exactly concerned with their pedigrees — only their killing of livestock.

MEET THE TEACH

First general meeting of Aldergrove Elementary and Parkside Centennial P.T.A. will be held Wednesday, October 10 at 8 p.m. at the Aldergrove elementary school. There are still a few vacancies to be filled on the executive. If you would like to assist us in any way please call Mrs. Marg Foster, 856-6649. The staff of both Aldergrove elementary and Parkside Centennial will be in attendance. We hope to see you there, come out and meet the teachers.

Bottle Drive

The Aldergrove Lions Club will hold a bottle drive Saturday, October 6. The boy scouts will be helping them. They will be going door to door.

Joy Richardson on Hyline Gentry receives ribbon and flowers from Jack Cunningham, president of the B.C. Quarter Horse association.

HYLINE GENTRY GRAND CHAMPION AT N. W. INTERNATIONAL HORSE SHOW

Last week's Northwest International Horse Show at the Agrodome at the PNE saw a great finish to the season from Heritage Farm.

Joy Richardson's three year old quarter horse Hyline Gentry went grand champion gelding, the only B.C. bred horse to finish in any of the championships. Many top flight horses had come from the United States as well as from other parts of Canada who were much older than him so it was quite a thrilling achievement, says Mrs. Richardson. The following day he won the English pleasure futurity for three year olds bred in B.C. over a very strong class of young horses. A great way to finish the year, right at the top. Hyline Gentry is also hi-point three year old gelding for 1973.

Quarter horse Miss Jolee Jaguar won the yearling filly class for her owner Joanne Dixon and firmly cemented her position as hi-point yearling filly for 1973.

Thoroughbred mare Alfiny Alcabo won the show hack under 15.3 h.h. for her owner Barbara McCoy over a strong class.

Quarter horse three year old filly Hyline Chipper, owned by Pat Johnson and ridden by her sister Joan Johnson was fourth in the English pleasure futurity.

Heritage Boarding Stables has had a very successful season with many horses in the show rings consistently in the ribbons.

DEVELOPERS TAXED TOO LOW SAYS ALD.

Ald. Gary Smith says land developers should pay more to the community in return for their right to develop.

"Taxation wise," Smith said Monday morning, "we are not making a profit from the developers."

Clerk Derek Doubleday agreed.

Since not council members and not the municipality is going to make money, Doubleday said, the developers should pay much more than is now the case.

Doubleday said the $300 developers are presently required to pay in Brookswood subdivisions is not enough.

Ald. Dan Kitsul, however, warned that he didn't think it should be a money-making proposition for the municipality.

Aldermen split on arena issue

Ald. Ralph Barichello is in favor of a proposed Brown Road equestrian centre, but fellow Ald. Bill Blair is not.

"We got an awful lot of arenas," Blair said Monday morning, "and I think the last thing we should municipally get into is something like this."

"Somebody's gonna make money on this," he said.

Barichello said that, true enough, stables would be built but they would be for events only.

It was decided to bring the people promoting the arena close to the D.W. Poppy school in before council to discuss the plans further.

Vandalism down at the Fort

Ald. Bill Blair, who is chairman of the protection committee on Langley district council says the newly hired municipal constable is "pretty well saving in vandalism what he's costing us."

Above that, he says, the one-man security patrol is "straightening out gang problems" in Langley.

Ald. Gary Smith says "things have improved tremendously in Fort Langley." And the alderman adds that people appreciate this curtailing of vandalism as they get much more upset by petty crime "than by the occasional bank robbery."

Smith says cars now can be left on the streets overnight without being stripped of aerials, hub caps and tires.

LETTERS TO THE EDITOR

HIGH-PAID COMMISSIONERS

Editor, The Star, Dear Sir,

I understand that the Canadian Pension Commission within the department of veterans affairs have twenty-three commissioners who preside over and adjudicate claims of war disability veterans. Out of this number there are only four qualified in the legal profession. The remainder are laymen as far as law is concerned. Even though these laymen are veterans of war and peacetime service they do not possess the legal qualifications to solve the many problems regarding war disability veterans.

Commissioners of the commission are paid extremely high salaries, ranging from $19,400.00 to $31,000.00 per annum and many are appointed to a term of ten years. Perhaps the elected members of Parliament who make the rules will investigate and remedy this situation. It would indeed be advantageous to war disability veterans and their dependents to have all the commissioners of the commission qualified in law.

Vic Napier
Box 951, Postal Stn. 'A',
Vancouver, B.C.

Gazing into the crystal ball

Editor, The Star, Dear Sir,

As I look into the future of this district and at the hot air that is spread by local politicians in regard to their bringing the city and district of Langley together again, I recall this was a promise made to you in the elections last time by Mr. Preston; that he would bring the two together again, to the benefit of all our citizens.

Where are we going, to the east or to the west? At present we seem to be going nowhere fast.

Have you decided to seek public office this year, either for the school board or for local council. If you are hesitant look into the situation carefully as it may be your last chance in quite a spell. That is if Mr. Smith has his way, and he seems to think annual elections are unnecessary.

Times are changing fast, and public business must be carried out with new people on the different bodies of government.

The present mayor has turned out something of a disaster to the area. Outside of fixing up the municipal hall, courthouse and the grounds around them I see nothing constructive for the people of the district. He doesn't seem to be able to cope with the major's task before him of running this district.

The taxpayer alone will see the difference.

The rape of the district is being carried out by people that don't give a damn for the residents and their enjoyment of living here. This goes on at a pace unheard of in modern times.

Let us therefore choose candidates for the forthcoming elections in a manner that is fitting for a modern day Langley.

The first capitol of the province.

Respectfully,
George W. Copeman,
421-240th Street,
R.R. 3, Langley

Way it all began

Editor, The Star, Dear Sir,

The following theory on the creation of gold fields and the distribution of free gold in creeks, rivers and elsewhere is mainly based on studies in the Cariboo gold fields. However, it will in principle apply to all gold fields.

The Cariboo gold fields cover an area approximately fifty miles in diameter and has a large number of creeks, some rivers, many small mountains and many lakes. In the great gold rush from 1858 - 1865, great quantities of free gold were found and mined in many of those creeks as well as in sand and gravel bars in rivers. Where did this gold come from and how did it get there?

It has always been taken for granted that all free gold must have come from a mother lode in quartz or ore, having been dislodged by weather and erosion. This has never been proven correct. It is a myth. Where free gold is found in open creeks, rivers or lakes which have not been touched by glaciers or any great changes on the earth's surface, that gold has been in that place since the time this planet was in the last stages of creation.

Since the gold was not created wherever it is found on the earth's surface, it is necessary to try to understand the fundamental principles of creation from the very beginning in order to understand where the gold came from and how it was distributed in the gold fields.

In the beginning of creation, the first matter was atoms of all elements. These atoms at that time filled all space to a density approximately the same as the earth's present atmosphere. All of these atoms have since been used up in the building of all the stars and planets in the universe.

The second direct creation was gravity embodied in the cores of the embryo stars, one for each star in the universe. These cores which are actually stars, were placed in their respective orbits, in which they will continue forever.

These stars, the embryo planets, contained not only gravity but also the omnipotent power and intelligence of creation to create the complete planets according to the blue prints by the master architect of the universe. In the actual building process of our planet, Earth, as well as all other planets, the single atoms of all matter have been attracted by the gravity in the embryo orbiting planets, and have built up the body of the planet, atom by atom, around the orbiting core. The Sun is also a directly created star and represents the core for this solar system.

Minerals and solid metals comprise a very small fraction of all material of which the planet, Earth, consists. Since civilized living would be impossible without these minerals and metals, we can see the omniscient wisdom of creation in preserving and making those materials conveniently available in the right quantities for human requirements.

Unlike our present law of gravity that is constant and unchangeable under all conditions, many indications point to the fact that during the process of the creation of the planets, gravity was a controlled power of creation.

The many different formations in the Earth's structure indicates that in the first place, this planet was constructed according to design by the master architect of the universe and in the second place, that the physical action of gravity which attracts atoms of all elements was controlled and could easily operate in perfect adherence to the design of creation.

In the building program of this planet, Earth, it is quite evident that all mineral atoms were rejected up to a stage when the Earth's surface was thirty or more miles down from where the surface is now. At this stage, all mineral atoms which had previously been rejected, were all collected and concentrated in one special formation. In this special formation, the gold as well as all other mineral atoms were collected, concentrated and compacted by the gravity attraction and the inactive single atoms, by the action of the gravity attraction became active and combined into molecules. Afterwards, in a molten state, these molecules combined into pure metal and also in a molten state, mixed into rocky material, thus producing quartz and ore.

It is my opinion and belief that the gravity attraction has been the main factor in the mystery of creating not only minerals and metals but also the most important of all elements, water.

When the creation of the special formation of all minerals was completed, the mineral atoms were again rejected and saved for the final crust of this planet, where they were distributed on or near the surface in order to maintain life.

At the time when the creation of this planet was completed, the gravity was suspended in the entire special formation of quartz, ore, minerals and mountains of rock, and the complete weight formation was ejected up to the surface.

Free gold, nuggets and dust mixed in gravel and sand when brought up to the surface, was located on mountains or other points of high elevation. Later, this gold as well as gravel by reason of its weightlessness at the time, was piled by wind into mounds on high places.

In due time, when gravity began to ascent this gold and gravel began to fall and slide down. The effects of rain and water kept it moving and sliding downhill until it finally landed in running water where sand, gravel and gold would float on the water. In a channel of running water, this entire mass was carried along, sometimes to remove places.

When full gravity was restored, the gold as well as gravel and sand was deposited wherever it is found today. The entire procedure in the formation of gold fields has not left any trace of evidence which will show where the gold came from in the first place.

Most honorable stand-up comedians

Editor, The Star, Dear Sir,

After reading the recent article "No Taj Mahal For Langley" in the Aldergrove Star, my husband and I feel that remarks made by the mayor and his council members were in bad taste, uncalled for and should not have been uttered by learned men in such a responsible position.

My husband was merely and sincerely proposing a worthwhile community project worth a little consideration. He did not go there for tax exemptions and the like.

We are not interested in using the arena or Meadowbrook Sun Club as was suggested by Alderman Kitsul, we fail to see the connection between a religious temple and a nudist camp.

I am suggesting our mayor and his council members become full time comedians since they fancy themselves at every opportunity. Hoping for further consideration at a later date.

Sincerely,
Linda J. Dharney
23360 Fraser Highway

S.F.U. STUDENTS INCREASED BY 10%

Simon Fraser University in Burnaby has recorded one of its biggest enrolment increases.

The 6,178 head count enrolment is a new record for the university. There are 5,358 undergraduates and 820 graduate students registered in daytime and evening credit courses. Converted to full time equivalent students, the increase is 10 per cent higher than last fall.

Stan Roberts, vice-president of university services, said that recent enrolment increases indicated the university had "definitely turned a corner".

"A phenomenon of recent years," he said, "has been the growing number of fadeouts — that is, students temporarily leaving university to get jobs or to travel. It has not been a question of whether they will be returning to university, but rather when they will be returning.

"In Simon Fraser's case it seems to be happening now. The return of these students, combined with new student enrolment, accounts for our increase."

A fire which destroyed a hay barn at the D.A. Smith farm on 3294 LeFeuvre Road Monday night lit up all of the eastern sky of Aldergrove.

Voodoo doll making like the professionals do it

Mayor George Preston says he's gonna have a doll expert come to council to lecture to the media.

Preston says he will have Mrs. Alice Watt, of Aldergrove who teaches doll making at the Langley recreation commission's fall program, instruct the members of the fourth estate in the arts of her craft.

"We will have Mrs. Watt come and lecture to the media on doll making," Preston said Monday morning.

"Yeah, and we'll be sticking needles into them," commented a weathered reporter.

$10 MILLION FOR FLOOD CONTROL

A $10,523,700 project for flood control on the Lower Fraser River has been approved by the governments of Canada and British Columbia. Each of these governments will pay $4,695,970 and the Corporation of Delta will contribute $1,131,760.

"This is the fourth local cost-sharing project approved under the Fraser River Flood Control Agreement of 1968 - the first three being with Kent, Matsqui and Chilliwack," said Environment Minister Jack Davis. "We expect the Delta project to provide benefits equal to three times its cost."

Improvements will be made in forty miles of dykes which protect the Corporation of Delta, where much of the land is six feet below sea level, from flooding by the Fraser River or high tides. About 29,000 acres will be affected in this well populated, productive farming territory traversed by three important highways and the Roberts Bank railway.

The crests of the new upstream dykes will be two feet above the level of the highest flood on record under today's conditions. Dykes on the sea and the lower river will provide protection from a flood level not likely to be reached more than once in 200 years. Where waves or currents threaten to erode the banks they will be reinforced with stone.

Five existing pump stations will be modified and six new ones constructed to improve drainage, with drains rebuilt or repaired as required.

At the request of the Corporation of Delta the project includes Tilbury Island, Ladner Marsh, Westham Island, the southwest end of Canoe Pass and the area east of the Oliver Road pumphouse at Mud Bay.

Application for approval of the Delta project was first made by Delta in June 1969, said Davis. Since that time negotiations, field studies of soil conditions and work on engineeri ng design details have beer carried out to meet the requirements of this complex project.

"The Delta cost-sharing agreement," Davis said, "is part of a wider program under which the federal government has committed up to $32,5 million since 1965 for dyking in the Fraser basin".

McMath clan of Bradner get together for celebration of parents' silver wedding ceremony Friday night.

Tom and Anne received a stereo set from children at banquet attended by several hundred local residents and visitors.

Tom and Anne cut their wedding cake at silver wedding anniversary.

Grand lady wins draw

by Ernie Goodison

The $25.00 free draw put up by the Dolbys at Alder Lanes was drawn for last night, October 1st, and was won by Mrs. Lillian Jeffrey. She had a lot of suggestions on how to spend it such as perfume and taking friends out for dinner. My guess is that her new great grandson will probably get something a little extra for Xmas.

MATSQUI COURT

Ralph Melvin Olund of 30488 Spawllin Avenue, Abbotsford pleaded guilty to over .08 per cent alcohol. He was fined $250, in deafult 30 days and his drivers licence was partially suspended for 30 days.

Richard Allen Baitson of 34499 Alscoth Ave., Abbotsford pleaded guilty to possession of a restricted weapon. He was fined $50, in deafult 10 days in jail.

Algiridas Cesnaitis of 2122 Queens Rd., Abbotsford pleaded guilty to impaired driving. He was fined $100 , in default 14 days and his licence was suspended for six months. It was a partial suspension.

Melvin Lawrence Solberg of 2551 Borquin Cres., Abbotsford pleaded guilty to impaired driving and was fined $250 or in default 30 days in jail. His licence was suspended for 6 months, partial suspension.

Dennis John White of Dewdney pleaded guilty to over .08 per cent and was fined $250 or in deafult 30 days in jail. His drivers licence was suspended for 30 days.

William Ken Hinde, 33655 Lincoln Dr., Abbotsford, pleaded guilty to impaired driving and was fined $250, in default 30 days in jail. His licence was suspended for 30 days.

Paul Douglas Gillis, no fixed address, pleaded guilty to possession of narcotics, cannabis resin. He was fined $50 or in default 14 days in jail.

SHOW TALK

by Frank Marshall

If you folks think that here in the area it is something to have Twin Theatres or Triples such as at Lougheed Mall well how about this? Right now in Las Vegas in a new mall they are building a complex which consists of eleven auditoriums and eleven screens to fill in one shopping centre. (insanity).

There isn't enough first run product available to fill the screens.

The 46th annual Academy Awards honoring the motion picture achievements of this year will be held Tuesday, April 2nd at the Los Angeles Music Centre and staged in the Dorothy Chandler Pavillion theatre.

Thank goodness they finally changed the name of Barbra Streisand's latest film, it was titled "July Pork Bellies" but now will be called "For Pete's Sake" a vast improvement as far as I'm concerned.

Bing Crosby Productions, having adapted David Lavalee's book "Event 1000" for the screen, will have Frank Rosenberg produce it immediately. The film will have a budget of $3,500,00 - $4,000,000 and deals with a U.S. nuclear sub descending to depths beyond Navy rescue capabilities.

Marking a major milestone in the motion picture industry, First Artists Ltd. will present Sidney Poitier, Bill Cosby and Harry Belafonte co-starring in the screen original contemporary comedy "Uptown Saturday Night". The three stars will be working together for the first time in the film that involves a hilarious series of events that take place during the search for a winning lottery ticket. Poitier will direct and serve as executive producer as well as starring in the film.

Columbia Pictures have announced they will release "The Ten Second Jailbreak" based on the book of the same name detailing the spectacular true-life adventures and escape of Joel Kaplan, an American millionaire imprisoned in a Latin American jail.

On the Local Scene

Held over for another week at the Hillcrest Drive-In, that real shocker "The Sisters" along with "Swedish Fly Girls". All you Clint Eastwood fans get your chance this week at the Clova in Cloverdale as they play his latest "High Plains Drifter". The Westminster Drive-In plays a double action program as they present the new Lee Van Cleef feature "Commandoes" along with The Big Rip-Off.

LIBRARY REORGANIZATION URGED

Possible reorganization of the Fraser Valley regional library on regional district lines was discussed at a joint meeting of the FVRL board of management with the Library Development Commission September 26th.

LDC chairman R.J. Culos of Burnaby outlined financial benefits to the FVRL if it agreed to a reorganization which would replace the 22-member board of municipal and school district representatives with a smaller board of regional district chairmen and appointees from citizens at large.

Culos said the commission had evolved a province-wide program of library development based on regional district boundaries and in order for the 43-year-old FVRL to qualify for substantially greater provincial financial aid it would have to restructure itself to comprise the Dewdney-Alouette, Central Fraser Valley and Fraser-Cheam regional districts.

The regional library now includes 17 municipalities and five school districts from Richmond to Hope. Adoption of regional district boundaries would extend library service as far as Boston Bar and increase the present service area of 4,000 sq. miles by 50 per cent, it was noted.

Surrey alderman Jim Karpoff claimed the LDC proposal would leave out five GVRD municipalities now members of the regional library system. These were Richmond, Surrey, Delta, White Rock, and Port Coquitlam. The FVRL board was advised by commission director R.L. Davison to enquire from the GVRD if the five could in fact remain in the regional system if it switched to a regional district basis.

Karpoff also asked if Surrey and White Rock could leave the FVRL, set up a joint municipal library board and apply for membership in the Greater Vancouver library council. Culos said the LDC would consider any proposal consistent with its overall program.

FVRL chairman, Mayor Douglas Taylor of Matsqui viewed the regional district reorganization plan as another layer of government between the people and the board and said he favored direct municipal representation, not indirect. He said that the board would discuss the proposal since it was basically interested in seeing that the FVRL provided the best service possible for the dollars spent.

Culos stated that increased LDC aid would include $1.00 per capita for establishment of a resource centre, $2.00 per capita for a headquarters grant, $150,000 for a building, $10,000 for a basic operating grant, a general operating grant of not less than 20 per cent of the system's budget and an area grant of 50 cents a square mile. There would also be a special grant to upgrade FVRL service to LDC standards, he said.

Representing the FVRL board of management - Taylor, Ald. W. Perry of Chilliwack; Ald. Iris Mooney, Langley city; Ald. L. Ginther, White Rock; Ald. V. Wiebe, Abbotsford; Ald. L. McCartney, Kent; Ald. R. Simpson, Richmond; Ald. J. Karpoff, Surrey; S. Stearn, Hope; Mrs. S. Weremchuk, S.D. 36; Mrs. M. Gellatly, S.D. 75; Mrs. E. Pretty, S.D. 76; and W.H. Overend, director.

Commission members present were Culos, Mrs. J. Chadwick of North Vancouver, J.L. Duncan of Vancouver, director R.L. Davison of Victoria and Mrs. A. Simpson of Vancouver, lower mainland consultant.

O.O.R.P.

Meeting well attended

by Mary Miller

The regular meeting of the Royal Purple Lodge No. 38 was held Thursday, Sept. 27th chaired by H.R. Lady Jean Frank. Attendance was fairly good considering we are just getting into the swing of things after the summer recess. However it would be appreciated if everyone would try to come out so we can start to prepare for official visit. Our new district deputy is Lady Ruth Krompocker of Mission City.

Members who were unable to come out and help with the concession to the Rock and Gem Show will be pleased to hear we cleared over a hundred dollars. We owe a lot to the few ladies that worked there for two days as well as those that baked pies and made soup.

Our new Supreme Honored Royal Lady is Maude Woodgate of Thunder Bay, Ont., She joined Fort William Lodge No. 14 as a Charter Member in 1949. She served three terms as District Deputy, she served in various offices for 17 years. She has been elected to Supreme Conductress, Chaplain, Lecturing Lady, Loyal Lady, and Ass. R. Lady. At present time there is twenty of her family in the Elks and Royal Purple Lodge including her 86 year old dad, making three generations in the Elks Lodge in Thunder Bay.

Billy Graham Movies Throughout October

Evangelist Billy Graham motion picture crusade will be conducted during October commencing with "The Restless Ones", to be shown at 7:30 p.m., Saturday, October 6, in the Aldergrove Gospel Chapel, 3118 North Jackman Road. Admission is free.

Considered one of the most successful motion pictures yet produced by World Wide Pictures, this feature-length film deals imaginatively and dramatically with the teen-age crisis, with a background setting provided by the Billy Graham Los Angeles Crusade.

"Here is a film which dares to be different, telling the world the truth, and coming up with an answer, not an easy answer, but an answer from beyond us," said one reviewer enthusiastically.

Screen writer James Collier has skillfully brought into focus the contemporary plight of both teen-agers and parents.

Released by World Wide Pictures, with the co-operation of the Billy Graham Evangelistic Association, a different motion picture will be shown each Sunday evening at 7:30 p.m. in the Aldergrove Gospel Chapel. The general public will be welcome and admission is free.

An additional feature on Sunday evening, October 7, will be the challenging film "Boy and His Prayer", commencing at 7:30.

Can IDB help you?

Thanksgiving Day Service to be held

A church service on Thanksgiving Day? - not common, you will agree! But Christian Science Society, with church located at 5806 - 200 Street, Langley, will hold, as in past years, such a service on Monday, October 8th, at 11:00 a.m. The public is welcome.

An interesting feature of this gathering, after a brief Lesson-Sermon read from the Bible and the Christian Science textbook, will be testimonies of gratitude for healing given spontaneously by Christian Scientists in the congregation. No offering is taken.

2 day assembly ended

The two day Assembly of Jehovah's Witnesses held in the Evergreen Hall, Chilliwack, concluded Sunday, Sept. 30 with 1380 present to hear Mr. A. Wall, Fraser Valley Supervisor for the Watchtower Society, talk on the subject, "Act Wisely As The End Draws Near." "Many indications are that mankind cannot continue as it is going," Mr. Wall said, "as authorities acknowledge this growing food shortages, unchecked population growth, water shortages, effects of pollution, inadequate food supplies, even the threat to oxygen supply coincides with the evidence that we are in the 'last days of this system' as foretold in the Bible. God is going to usher in and establish a New Order of peace and prosperity - now is the time to look into His Word, the Bible, so we can enjoy life then."

Mr. Wall encouraged all delegates and friends assembled to realize the urgency of their Ministry in the short time left, practicing the good things learned at this gathering. Young people, prominent in both audience and program, came in for special consideration. Christian work, Bible teaching, that's the career with a future they were told.

Following the Assembly theme "Keep Close in Mind Jehovah's Day" a public talk will be delivered at 2 p.m. Sunday, Oct. 7 at the local Kingdom Hall, 32nd Ave., Aldergrove, Enjoying the Best in Family Life.

CONSCIENCE and COMMENT

By Rev. Neill Foster

Bobby Riggs Outhustled

Bobby Riggs, the hustler, was outhustled on the tennis courts of the Houston Astrodome by Billy Jean King, the lady who deigned to accept Bobby's "Chauvinist" challenge.

The celebrated battle of the sexes, albeit between a young woman and an old man, could only happen in 1973 and maybe only in Texas. But Bobby was wiped out in three straight sets before the largest tennis audience in history (both live and by television).

There are lessons to be learned of course. Lippy people get flattened eventually. And women can be superb athletes. And old men are not what they used to be.

But apart from the obvious, there is a more serious question. What is God's intended role for women? Scripturally, God intends Eve to be a helpmeet for Adam. She was created for him and comes to her greatest fulfillment under his authority and protected by his love.

But apart from Adam's protective umbrella of authority, Eve is vulnerable to deception. And there is a devil who knows full well how to subvert womanhood. St. Paul made it clear as well that women need to be under protective authority because of the tendency of fallen angels to attack them.

I'll agree that women have suffered sexual discrimination. And that an hour's work is worth an hour's pay, regardless of who does it. That's what's right about Women's Lib. The poison in the cup of course is the rebellion that comes with it. No woman anywhere can afford that. The price is too high.

B.C. AND YUKON—
YOUR POSTAL CODE IS HERE.
AND IT'S BEAUTIFUL.

It's beautiful because it works. It gets you your mail faster than before because now a very fancy computer looks at a combination of numbers and letters and aims it right to your door.

It's beautiful because you can make funny memory rhymes with the Postal Code of your friends (how about this Ottawa code, for example: Ken once had one thought twice — for K1H 1T2?). Or songs. Or whatever.

And it's beautiful because it'll be good until at least 2001 without changes, unlike some we looked at in other countries.

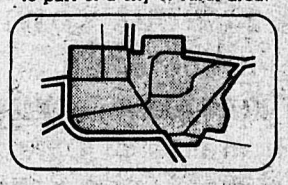
We have sent you a kit containing your Postal Code, explanations, a postage paid address card and Postal Code stickers. In case you haven't received it, please write to your Post Office on a special card that will be sent to you. And when your friends start using your code, and you use theirs, everybody will communicate more easily.

And that's beautiful.

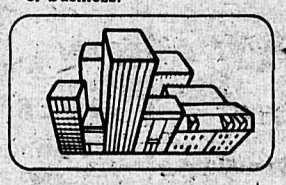
Here's how the Postal Code works. Take K1H 1T2 for example.

K1H 1T2
K — indicates one of 18 zones in Canada.

K1H 1T2
1H — narrows the zone down to part of a city or rural area.



K1H 1T2
1T2 — defines the actual block or business.



Canada Post. We're working to make it work better.

Churches must use wealth right

"Christians and their churches ought to put their money where their mouth is," says a new booklet on investment policy issued by the United Church of Canada. The 24-page booklet, entitled All That Money Can Buy was published by the church's commission on investing church funds for social purposes, and is being distributed to church members as an enclosure in the October issue of The Observer.

It is expected to draw some criticism. But, as the booklet points out, "If (Christians) believe in equal opportunity, and freedom from exploitation, and control of pollution, and that Jesus came to 'set at liberty those who are oppressed,' they will use their money and power to achieve those goals".

The committee on investing funds for church purposes was established by the church's general council in 1968.

Churchmen may be shocked

The booklet raises a number of questions for congregations and individual investors and suggests some actions which might be taken. It asks: "What happens, for instance, if a congregation decides to challenge as socially irresponsible a corporation in which it owns shares, and one of the officials of that company is a big giver to that congregation, or its clerk of session?

"Even more important, what happens to that man? 'All along I thought I had been doing what was responsible and right,' said one man in exactly that position, according to one of the examples cited in All That Money Can Buy. He found it a shock to be told by people he respected that he had been wrong.

"That shock will be multiplied many times during the next several years as churches, along with universities and foundations and other institutional investors, calculate their clout, gather their information, educate their members, set up their strategies and challenge the world's wealthiest corporations," says the church booklet.

Economic Clout

U.S. churches are estimated to own $160 billion in real estate and investments - more than the combined assets of American Telephone and Telegraph and five leading oil companies, according to the corporate information centre of the National Council of Churches.

"In Canada, the United Church and its congregations have over $100 million in investments. While no estimates are available for the shareholdings of individual Canadian Christians, they do have (based on their proportion in the total population) $2.5 billion in bank savings accounts".

In addition to investing, some church people sit on boards of institution which have funds to invest, or work for companies with big investments. Some United Church congregations have endowments which are invested in bonds and shares. In 1971, they added up to a whopping $25.8 million.

The national United Church has funds for investment in two main groups: a $25.5 million in general funds and the reserves of the various administrative divisions. Some of this was 'saved' out of Sunday offerings; some came in special gifts which in many cases, specified that the gift must be saved and only its income spent.

Another $66.5 million is in pension funds for clergy and lay workers. This money is contributed by ministers or lay workers and their employers, so belongs to them and their beneficiaries.

About ten per cent of pension funds and eight per cent of general funds are invested in National Housing Act-insured mortgages on non-luxury homes and apartments. The church is increasingly diverting money from bonds into mortgages in order to increase the money available for housing.

The United Church of Canada puts most of its money into bonds - 48 per cent of pension funds and 60 per cent of general funds. It also invests in shares of 33 Canadian and 14 U.S. corporations. The booklet lists the names of these companies in which the church held shares in the spring of 1973.

Individual church members and congregational groups are asked to study the booklet with a view to arriving at a consensus on investments. "Certainly it seems clear" says the committee on investing church funds for social purposes, "that if the one million members of the United Church ever start to use their financial power on weekdays to accomplish what they pray for on Sundays, there will be no return to 'business as usual'."

Stan Churchill Reappointed

Stanley H. Churchill, of Langley, has again been appointed to the office of Assistant Christian Science Committee On Publication For British Columbia, covering the Langley and Aldergrove areas. The appointment is made annually each October through the following September, and comes after Mr. Churchill has served the past six consecutive years in the same capacity.

Miss Heroin

So now, little man, you've grown
tired of grass,
L.S.D., goof balls, cocaine, and
hash;
And someone, pretending to be
a friend,
Said, "I'll introduce you to
Miss Heroin."
Well, Honey, before you start
fooling with me,
Just let me inform you of how
it will be.
For I will seduce you and make
you my slave.
I've sent stronger men than
you to their grave.
You think you could never
become a disgrace
And end up addicted to poppy
seed waste.
So you'll start inhaling me one
afternoon;
You'll take me into your arms
very soon.
And once I have entered deep
down in your veins,
The craving will nearly drive
you insane.
You'll need lots of money
(As you have been told)
For darling, I'm much more
expensive than gold.
You'll swindle your mother;
and, just for a buck,
You'll turn into something vile
and corrupt.
You'll mug and you'll steal for
my narcotic charm
And feel contentment when I'm
in your arms.
The day when you realize the
monster you've grown,
You'll solemnly promise to
leave me alone.
If you think you have the mystic knack,
Then, sweetie just try getting
me off your back.
The vomit, the cramps, you
gut in a knot,
The jangling nerves screaming
for just one more shot-
The hot chills and cold sweat,
the withdrawal pains,
Can only be saved by my little white grains.
There's no need to look;
For deep down inside, you know
you are hooked.
You'll desperately run to the
pusher, and then
You'll welcome me back to
your arms once, and
When you return (just as I
have foretold),
I know that you will give me
your body and soul.
You will give up your morals,
your conscience, your
heart,
And you will be mine, till
DEATH DO US PART.

This poem was written last year by an inmate of the Matsqui Correctional Institute, himself a heroin addict.

VANCOUVER DOCUMENTARY FILM WINS 10th WILDERNESS AWARD

"Politics Of Power — The Fraser And The Future", a full-hour documentary produced at Vancouver by Mike Poole, is the winner of the 10th annual wilderness award for the best film shown on CBC television in 1972.

Originally presented in the Tuesday-Night series January 18, 1972, the winning film will be showcased in a repeat telecast Saturday, October 6 at 9:30 p.m.

The award presentations were made in Toronto on September 28. Producer-director Poole and five others received medals for their contribution to the winning film. In addition, the judges singled out one other film, one series and 10 individuals for medals in recognition of their outstanding work in films made for showing on CBC-tv last year.

"Politics Of Power — The Fraser And The Future" is a comprehensive look at B.C.'s strategic Fraser River and its present and future role in the economic, ecological and political mainstream of North America.

The judges' citation read "This Vancouver production for Tuesday Night admirably used the film medium to capture the beauty and poignancy of one of our most beautiful and threatened natural resources, the Fraser River. Its superb visual images, literate and impassioned script, delicate, sensitive and disciplined style, was challenging and persuasive. The essential drama captured in this documentary is as gripping as any play or movie, and could not have helped but make Canadians aware of the richness that is our natural heritage, and the fragility of its maintenance."

2 sessions are unnecessary

by Bob McClelland, MLA

It is becoming increasingly clear that two sessions of the Legislative Assembly in British Columbia are totally unnecessary, except as an excuse to pay members two sessional indemnities.

As this column is being written, the business of the Legislature has ground to a halt — in fact it has never even got off the ground.

The government's legislative cupboard is bare. The government was unprepared for this session and as a result the now-handsomely paid MLA's are being wasted in a meaningless role. We have been sitting 12 days so far and to date (Saturday, September 29th) none of the important labor legislation or agriculture legislation, for which this session was supposedly called, has been brought forward.

The only exception is the "Farm Income Assistance Act", Bill No. 9. And while this is a fairly major piece of legislation, it is couched in such vague terms that it too is rendered meaningless. The bill provides absolutely no details to point out the directions in which the government plans to move to provide income stabilization for the farm community.

At any rate, this bill could not have been brought forward since the Agriculture Minister has been absent from the Legislature during the period in which these bills were being debated.

Unless the sessional system can be revamped, it can only be called hypocritical at this time. Under the present rules, members must sit 40 days in order to receive full sessional indemnity. It seems clear that we are being forced to deliberately spin out this current session in order to achieve the 40 days.

I have no quarrel with the concept that an MLA, if he is to work full time, should be adequately paid. But the work must be made productive. If the rules need to be changed then let's change them but let's not get involved in sham and hypocrisy.

Unfortunately, at this moment, the government doesn't seem to know what it is doing and as a result the role of the Legislature is being diluted.

171 permits issued

A total of 171 municipal hunting permits had been issued in Murrayville by Thursday, September 27.

The municipal hall had issued 109 and the RCMP detachment 62 last week in accordance with the new Langley municipal hunting bylaw which calls for local permits besides the normal provincial hunting licence and tags.

THE CORPORATION OF THE TOWNSHIP OF LANGLEY

Council Meeting

The next meeting of the Municipal Council will be held in the Municipal Hall, 4914 - 221st Street, Langley, B.C., on MONDAY, OCTOBER 15, 1973 at 2:00 p.m. and 8:00 p.m. (date changed because of Thanksgiving Day holiday).

D.J. Doubleday
Clerk-Administrator 38-1

THE CORPORATION OF THE TOWNSHIP OF LANGLEY

COURT OF REVISION

1974 VOTERS' LIST

The Court of Revision for the November 1973 election, and for the year 1974, will sit at the Municipal Hall between 10:00 a.m. and 12:00 Noon, Monday, October 1st, 1973.

The Court of Revision shall hear all complaints, and correct and revise the list of electors, and may;

(a) correct the names of electors in any way wrongly stated therein; or
(b) add the names of electors omitted from the list; or
(c) strike out the names of persons from the list who are not entitled to vote or who are disqualified from voting; or
(d) correct any other manifest error therein, and shall add to the list of electors the names of any person who has become qualified to have his name entered on the list of electors since the thirtieth day of September, and for this purpose a declaration may be accepted as duly completed under Section 34 if delivered to the Court before the end of the sitting.

Kindly govern yourselves accordingly.

D.J. Doubleday
Municipal Clerk 36-2

TOTEM TALK

by Bev Penner

This week, Wednesday, September 19 at noon, a Christian rock group named "The Solid Rock Sound" performed in our gym. The group was fairly well received by the students, with such comments as: "They're great, they have what this school needs, as they said, Jesus is the answer etc."

There was a corn sale at noon on Friday, September 21. It was fresh corn on the cob, and the sale was put on by the Salt Company.

This year the Community Recreation 12 class is starting on an entirely new venture, Skydiving! In fact, Monday, September 24 was their first day. Nobody can say that the grade 12 students don't do anything exciting. Hopefully they won't get hung up on any trees!

Last Thursday, September 27, the grade eights held their first Hall Happening of the year.

Things are looking exciting, so, here's to a great time skydiving, and a fantastic Hall Happening.

Former Wilkie Residents Celebrate Golden Wedding Anniversary

Mr. and Mrs. Joe Meier of Aldergrove, B.C. renewed their wedding vows on Aug. 4 at a mass celebrated by Father Julzafel.

Their attendants were Mrs. Mary Fisher of Cameron, Alta. who was bridesmaid 50 years ago, Mr. Joe Bengert, Wilkie, Sask. brother of Mrs. Meier's was best man. Flower girls were Shirley Meier, granddaughter and Marleen Wandler, great-granddaughter. The guest book was presided over by Carol Wandler.

The head table was beautifully decorated by a three tier wedding cake which was donated by Mr. and Mrs. A. Dingley of Art's Bakery, Aldergrove.

Around 130 guests sat down to a hot supper served by the granddaughters, ably assisted by Mrs. Pschieda and Mrs. Grychowski.

The evening was spent by dancing to music supplied by their grandsons Barry Thomas, Brian Thomas and a close friend of Barry's, Mike Norris.

Vancouver, B.C. read telegrams of congratulations from Prime Minister Trudeau, Premier Barrett of B.C., MP Mr. Mark Rose of Langley and MLA Mr. and Mrs. Bob McClelland.

All of Mr. and Mrs. Meier's seven children were able to attend. They are Mr. and Mrs. A. Wandler (Kay) of Aldergrove, Mr. and Mrs. Adrian Meier of Surrey, Mr. and Mrs. John Daniel (Elizabeth) of Sutherland, Sask., Mr. and Mrs. Raymond Meier of Wilkie, Sask., Mr. and Mrs. Willie Meier of Wilkie, Sask., Mr. and Mrs. Louis Meier of Wilkie, Sask., and Mr. and Mrs. A. Thomas (Millie) of Breckendale, B.C.

Also attending were 22 grandchildren and 5 great-grandchildren.

Friends and relatives came from various points being Wilkie, Sask.; Camrose, Alta.; Edmonton, Alta.; Vancouver, B.C.; Progress, B.C.; Squamish, B.C.; Surrey, B.C.; Langley, B.C.; Aldergrove, B.C.; Vancouver, Washington; Houston, B.C.; Nanaimo, B.C.; Saskatoon, Sask.; North Battleford, Sask.; and Yelm, Washington and Thunder Bay, Ontario.

Patricia W.I.

Bazaar Planned

Patricia W.I.'s first meeting of the season was held at the home of the president, Mrs. F.C. Johnston, 10 members attending.

Mrs. Pepin read a letter from Queen Alexandra Solarium with the encouraging news that adoptee Joseph Joe is fully recovered, and is now home again with his grateful parents. The new adoptee is 10 year old Jeaneen Harris.

Pine Grove W.I. sent an invitation to members to help them celebrate their 40th birthday, Tuesday, October 9.

The mail also included a letter from Family Life, with an invitation to members to attend their annual meeting.

Aldergrove Agricultural Fair results were discussed. Patricia W.I. won the Women's Organizations Trophy, and Mrs. Goertz won the Divisional Trophy for Fruit and Vegetables.

Mrs. Pepin commented on various articles in the current Consumers' Affairs Corporation Magazine, and a few, including one on Oven Cleaners, were discussed.

A circular letter from Unitarian Services listed articles of good used clothing required by that organization.

Mrs. Pepin had visited Wild Woods, and reported that the staff would appreciate help with birthday parties held there. It was decided that a suitable game be purchased and one or two members would take it to Wild Woods and join in one of the parties.

Plans are underway for a tea and bazaar to be held in the hall some time in November. The quilt, which was in the prize winning exhibit in the Aldergrove Fair, will be raffled at this function, and tickets are already on sale from W.I. members.

Hostess prizes were won by Mrs. Goertz and Mrs. Wautier. The next meeting will be held at the home of Mrs. Carr, with Mrs. Desmarais co-hostess.

Weather Report

by Norm Green

1973 Date	Temperatures High	Low	Precip. Rain
Sept. 23	64	52	.02"
Sept. 24	64	46	—
Sept. 25	62	41	Trace
Sept. 26	60	50	—
Sept. 27	75	41	—
Sept. 28	77	44	—
Sept. 29	66	50	—
Sept. 30	—	42	—

Normals for the period: High 64 - 67 deg., low 43 deg., precipitation 1.12".

Nine consecutive days, 18th to 26th, had maximums below normal, but this coolness was not typical of the month. Sixteen days have had maximums 70 deg. or higher while August had seventeen. Last September thirteen consecutive days (16th to 28th) had maximums no higher than 60 deg.

Temperatures and sunshine this month will be above normal while rainfall, for the third consecutive month, is well below normal.

Mean temperature, 58.0 deg. (normal 56.5 deg.). August had 58.8 deg., last Sept. 53.2 deg. (record). High 92 deg. on the 5th (record), low 36 deg. (15th) - the highest minimum since 1967 which had 37 deg. Four of the last five Septembers had frosts, the lowest 26 deg. in 1972 (Sept. record).

Rainfall totals only 1.61" to the 29th, 44 per cent of the normal 3.70", compared to 5.38" last September. Driest Septembers in the past 28 years were 1950 (1.58"), 1957 and 1965, both 1.13".

Total rainfall for the three-month period, July, August and September, is the lowest on record, 1973 - 3.34", 1967 - 3.81", 1952 - 3.91", 1951 - 4.19" Normal 7.46".

Bruce Lee - Exit the Dragon

by Rick Dennis

Thousands lined the streets of Hong Kong, police had to be called to control the crowds, it was one of the biggest events the British crown colony had ever seen. It was the funeral of Chinese-American film hero Bruce Lee, star of such killer karate flicks as "Fists of Fury", "The Big Boss" and "The Chinese Connection". At the peak of a career that threatened to make the one-time Hong Kong slum kid the hottest Asian export to the U.S. market since chicken chow mein, the 33 year old Lee had died at a home of a Chinese actress - and nobody was even sure how.

Lee had been born in the teeming slums of Kowloon, a place so riddled with vice, corruption, squalor and violence that even the police force of Hong Kong avoided patrolling its streets. Heroin is sold from street stalls, gambling and prostitution is wide open here - nothing is illegal in Kowloon except, perhaps, being white, a tourist and wealthy.

It is on the streets of this Asian No-Man's Land that Bruce Lee grew up and it was here that the future film star would learn to defend himself through the ancient art of kung fu, described by one writer as "a semi-mystical system of total concentration combat." Whatever. It worked. Bruce Lee, at the tender age of ten, was the toughest kid on the block in one of the most hard-edged areas on earth.

When he was older, Bruce travelled with his family to the opposite end of the world to relatively peaceful (compared to Kowloon) Seattle. Here he completed high school and later graduated from the University of Washington with a degree in philosophy. This was in 1967 when the North American public was just becoming aware of Eastern philosophy and culture. Lee quickly capitalized on his knowledge of the ancient arts of self defense and set up a school of martial arts.

Business was good and soon Lee was opening up other branches, relocating to Hollywood and teaching such film notables as James Garner and James Coburn. Garner was so impressed by young Lee's prowess and his muscular good looks that he landed him a part in one of his pictures ("Marlowe") playing an Oriental heavy. Later he starred in a few "Batman" episodes and finally landed the part of Kato, the chauffeur in the highly publicized but short-lived "Green Hornet" show.

Lee was apparently good and he had the support of key people in the movie colony but roles for Chinese actors are limited and when a Hong Kong film producer named Raymond Chow asked Lee to travel to the city to star in a Chinese language feature called "The Big Boss", it was an offer he couldn't refuse.

"The Big Boss" became an overnight hit in Asia and Bruce Lee became an instant success, not only the most famous personality in the history of the prolific Chinese cinema but in the U.S. too where the karate movie craze was just beginning. (Lee, incidentally, was originally considered for the lead in "Kung Fu" before David Carradine got the part).

"Bruce was not so much a star as a supernova" wrote a Hong Kong journalist, ... the idol of every skinny little Asian kid in every neighborhood in that continent that had a movie house."

In the States "The Chinese Connection" topped the list of the 50 Top Grossing Films of the Month and his last movie "Enter the Dragon" is playing in Vancouver to capacity crowds.

Ironically Lee was featured in a prominent article in Esquire just a few days before his death.

A coroner's jury finally reached a verdict on his death last week - "death by misadventure" (equivalent to accidental death). Too bad. It's very possible that Lee would have become the biggest box office draw since Clint Eastwood first stormed out of Italy on the wave of spaghetti westerns.

Personally, I never saw any of his movies. But it is obvious from all the publicity his career and untimely death generated that he could have been at once one of the biggest (and most unusual) film heroes in recent movie history.

Market report

Total receipts for the week at West Coast Auctions were 880 cattle, 153 hogs and 96 sheep. All classes of cattle were lower.

The following prices were noted: Good steers $38.00 - 42.50, medium and Holstein steers $34.00 - 37.50, good heifers $36.00 - 39.00, plain and medium heifers $31.00 - 35.50, best Holstein cows $28.00 - 32.80, good beef cows $21.00 - 35.10, canners and cutters $20.00 - 27.50, and bulls $34.00 - 38.00.

Butcher hogs sold for $45.25 - 49.25, sows $20.25 - 35.00, weaners (each) $24.50 - 29.00, feeder hogs $46.00 - 47.50, good lambs $32.00 - 37.75, and ewes $12.25 - 23.25.

Good veal was $58.00 - 69.25, medium veal $47.00 - 47.50, baby calves (each) $30.00 - 142.00, good feeder steers $46.00 - 51.80, feeder heifers $37.00 - 43.90, medium and Holstein feeders $34.00 - 39.00, and light Holstein feeders $40.00 - 46.50.

Card of Thanks

May I take this very belated opportunity to thank those many friends who expressed to me and my family their sympathy by way of flowers to us in this our hour of grief and sorrow in the loss of a much beloved wife. The reason of tardiness being the writer, who has been unavoidable absent in hospital.

Sincerely
Harold Endacott

We wish to thank all our friends and relatives for their consideration and help during our recent loss of a wonderful son, husband, father and brother, Donald Wayne Smith. Your kindness helped us through our bereavement.
- Mrs. Mary Baxter and family

Apple pie dessert to rival mom's

Mom's special version of apple pie, made just the way her Mom used to make it, is probably a favorite around your house.

But don't restrict apples to that use alone. New desserts made with the same flavorful fruits may become almost as popular with your family.

Bake apples individually in tender pastry and serve warm. The secret to this Apple Dumplings recipe, developed by the Holiday Inn of Jefferson City, Mo. - Southwest, is the sauce. Flavored with nutmeg and a hint of lemon, this sauce thickens as it cools. Spoon it over the dumplings, and let it soak into the crust for a mouth-watering treat.

Whether you pick your own apples from the tree or select them at the market, be sure to get firm, crisp apples. Overripe ones yield to slight pressure on the surface and have mealy flesh.

Store your apples in a cool place. Apples kept at a high temperature quickly become soft and mealy.

Americans are fresh apple enthusiasts. About 80 per cent of the yearly apple crop in the United States is used as fresh fruit. The rest goes into juice, jelly, apple butter, vinegar, canned pie stock and applesauce.

THE SAUCE MAKES THE DIFFERENCE

APPLE DUMPLINGS

2 bottles 7-Up (10 oz. ea.)
1½ cups sugar
¼ teaspoon cinnamon
¼ teaspoon nutmeg
¼ cup margarine or butter
6 medium apples
2 cups flour
1 teaspoon salt
2 teaspoons baking powder
¾ cup shortening
½ cup milk

Combine 7-Up, sugar, cinnamon, and nutmeg in a saucepan. Cook over medium heat, stirring constantly, until sugar is dissolved. Add margarine and stir until melted. Set aside. Pare and core apples, but leave whole. Sift flour, salt and baking powder. Cut in shortening. Add milk all at once and stir until moistened. Roll out and cut into six 7-inch squares and place apple in center of each square. Combine 6 tablespoons sugar and 1 teaspoon cinnamon. Sprinkle about 1 teaspoon of this mixture in the centre of each apple. Dot with 2 teaspoons butter. Fold corners of pastry over apple and pinch edges together. Arrange in a 9 x 13 x 2 inch baking dish. Dot with 3 tablespoons butter. Pour syrup into pan. Bake at 425 degrees for 35 minutes. Serve warm with sauce. Makes 6 dumplings.

DIVISION 4 TIE EXCITING GAME 1-1

Saturday was a beautiful day for being out on the soccer field.

The Aldergrove 4 div. came home with another tie 1-1, against the very active Riverdale Wanderers of Surrey. It was 1-0 for the Wanderers in the first half, and Aldergrove tied in the beginning of the second half scored by Gordy Clark, assisted by Franco Romipcole. The game was very exciting from beginning till the end. I am sure the boys will improve even more yet, the season is young yet, let's give the lads a good cheer. I am pretty sure they help put Aldergrove on the map.

See you next week with Aldergrove playing home at Steel Park vs. Poco Royals at 12:30.

Dons fail badly

Dons travelled to Chehalis on Sunday and met up with the home team who could do nothing wrong. Coach Harry Larsen was forced to make a goalkeeper change. After a dispute with the club last week regular keeper Hans Spiecher signed for Bradner Red Shirts and centre forward Anderson has stepped into the gap.

Early in the first half Klynsoon scored a beauty only to see it disallowed because centre forward Hodkinson, who was trying out at centre, was offside.

Before half time the home side had scored four goals.

The second half saw Chehalis go straight into attack and not give the Dons a chance to settle, and in doing so scored six more goals.

Somewhere in the goal avalanche Dons scored one goal by Hodkinson after Potter had cleared a ball to Van Rooy who passed the ball beautifully to the centre.

Chehalis are most definitely a team to be reckoned with and not too many teams if any will beat them. Dons had a very bad game and one they will want to forget.

Hearts lose a point

Hearts of Division 5 lost their first point in four games when they could only get a 1-1 tie with S.V. Royals at the Navy Base on Saturday.

Hearts could not get going in the first half and had to be content to start the second half trailing by one goal.

The second half saw the home side play like they can play and managed to pull one back with a lovely goal from centre Willms.

After that they did everything but score and had to be content with one point.

Pilots play Burnaby in narrow miss

A newly formed Abbotsford junior hockey team, the Abbotsford Pilots played the Burnaby Blazers at Burnaby on Sunday, September 30.

The Pilots played a fine game and ended up only one point under the more experienced team although they had four more shots on goal. Final score was Blazers 5, Pilots 4.

Goals scored by the Abbotsford boys were one unassisted by Doug McGimpsey, one by Bob Avery with assists by Bruce Evans and Marty Schroeder, one by Doug McGimpsy with an assist from Bruce Ward, and one by Ward assisted by Marty Schroeder and Ron Kroeker.

The Pilots next game will be tomorrow, Thursday, Oct. 4 against the Chilliwack Jets. At their last clash the Pilots beat the Jets 6-5.

GENERALS LEAD ALL THE WAY

Aldergrove Generals of Div. 6 B drove to Hartley Park to challenge Blue Mountain Rebels. The game began with the pressure against us in the first 10 minutes of play. With the Generals playing a good defensive game the Rebels were unable to score. In the remainder of the half the Generals scored two goals giving them a 2-0 lead.

The Rebels continued trying to score but were unable to get through either the fullbacks', Les Clark, Phil DesJarlais, and Duncan Cronkite or our goalkeeper, Shawn Campbell. As the game came to an end the Generals gained two more goals, giving them a final score of 4-0. Goals were scored by Donald Cheyenne 1, Chris Jimo 1, Shawn Avery 2. Assists by John Moberg, David Reeves and Danny Lewthwaite.

Recreation program starts

The Langley recreation commission's fall program starts this coming week with a variety of courses and recreational pursuits.

A gymnastics and tumbling program spread out over eight weeks starts next Tuesday, October 9 in the Aldergrove elementary school. Similar programs will be held at County Line (starting Oct. 15), Langley Central, Willoughby, West Langley and North Otter (starts Oct. 11). The fee for the course is only $3 for eight lessons.

Beginning Wednesday, October 10 there will be ballet instruction at Langley central elementary school. This course for age groups 5 to 7 and 8 to 12 will be held between 4 and 5:30 p.m. and costs $5 for eight 45-minute sessions.

Ladies keep fit starts Oct. 11 at 8 p.m. at Glenwood elementary and the fee here is also $5 for eight lesson periods.

Crafts for ladies, also at Glenwood, begins at 7:00 p.m. on October 9. Cost, $5 for eight sessions.

On eight consecutive Tuesdays, starting Oct. 9 there will be hand pottery classes at Glenwood. This course, open to adults and children, will be limited to an enrolment of 20. Glenwood has its own kiln. Cost, $5 for eight periods.

Other programs include karate, archery for target practise or hunting, soccer, minor ice hockey for boys and girls, lacrosse, doll making, boxing, baton twirling and courses for camera fans.

For more information contact Mrs. R. Watt at 856-8102 or 856-2622 or recreation director Pete Swensson at 856-8723.
