I.—MATCH COMMITTEE.

The Prize Meeting of the Association will be conducted by a Match Committee of five members appointed by the Council, with power of substitution by the Council, from time to time as occasion may demand; and said Match Committee shall have power to hear and determine all matters arising at the meeting, submitted for their consideration; and their decision, or that of the majority of them, shall be final, binding and conclusive; but they, or a majority of them, may at their discretion refer any questions to the Council, in which case the decision of the Council shall be final.

Divisions	Dimensions			Marking Values	Color of Disc.

Bull's Eye	6 in. diam.	20 in. diam	3 ft. diam.	5 marks	White
Inner ...	15 "	32 "	4½ "	4 "	Red
Magpie...	24 "	48 "	6 ft. square	3 "	Red & White
Outer	remainder of a circular target 4 feet in diameter.	remainder of a circular target 6 feet in diameter.	remainder of a target 8 ft. x 6 ft.	2 "	Black & White

Hits in corners of 2nd and 3rd class targets outside the outer circle are now of no scoring value and will not be signalled.

PART II.

SIGNALLING AND SCORING.

(b) If a shot hits the ground in front of a target and then rebounds and hits the target it is a ricochet, and is marked in the ordinary matches by waving a black bar across the target, it has no value, but is marked on the score card by the letter R. No spotting disc will be shown for a Ricochet.

(c) *Misses* will *not* be signalled ; but if a target is lowered under the impression that it has been hit, and no hit is found on the target, after raising it the marker will wave a *red flag* across its face, to signify that the target has not been struck.

2. Any target hit, is lowered into the butts for examination, and the position of the hit is shown when the target is again raised, by a *spotting disc* fastened through the bullet hole.

3. When *two* shots strike a target, that which has the highest value alone will be signalled, and the competitor whose proper turn it was to fire at the target will be credited

with that shot, provided that he has fired. *Both shots will*, however, be shown with *spotting discs*. The competitor whose proper turn it was to fire at the target will, *on application to the Range Officer*, be allowed to fire a sighting shot before his next shot in the competition.

4. The marking may be *challenged* before any other shot has been fired at the same target, on the sum of twenty-five (25) cents being first deposited with the Range Officer. If, on examination, the marking in question is confirmed, the twenty-five (25) cents shall be forfeited without appeal. If on the contrary, the objection proves well founded, the correct value will be signalled in the usual way, and the twenty-five (25) cents shall be returned to the competitor who paid it, and the score altered in accordance with the decision received.

5. Any officer in command of a team challenging a shot must deposit the sum of *twenty-five* cents with the officer in charge of the firing point.

6. If on a target being raised the *spotting disc* should appear unmistakably to disagree with the *signal disc*, the Register Keeper shall stop the firing at the target and report the circumstances to the Range Officer, who shall decide the shot, after enquiry of the officer in charge of the butt, but no deposit will be required, nor shall there be any appeal from the decision given.

7. All claims for shots signalled *must be made before* another shot is fired at the target in question, otherwise they shall not be allowed.

8. If at the moment at which a competitor fires, his target should be lowered in such a manner as to falsify the result of his shot, the Range Officer is empowered to cancel the result of such shot, and to permit the competitor to fire another shot in its place.

9. All alterations of the Register must be initialled by the Officer making them, but no alteration except in the case of a clerical error, shall be made, without his first having communicated with the butt.

10. No person will be permitted to go and examine a target during the meeting, except the Range Officer, or such person or persons as he may duly authorize to do soon his behalf.

VIII.—RIFLES.

The arm to be used in all matches shall be the Lee-Enfield, Lee-Metford or Ross rifle, either of Government issue or of *bona fide* Government pattern, and bearing the Gov-ernment viewer's mark.

3. All preliminaries must be completed before taking a position for firing, and will not be allowed as an excuse for delay.

5. Competitors detailed for the same hour shall fire in such order as the Range Officer may direct.

6. When but *one* competitor is present, and there is no other squad with a vacancy to which he can be readily transferred, he shall fire his shots without undue delay, but the officer in charge of the firing point *or some one named by him*, must witness the shooting and countersign the register. Failing such verification the score will be invalidated. Any person present whom the competitor may name will watch the score recorded, and, if need be, raise objection *before* the next shot is fired.

7. No two competitors may shoot in any competition with the same rifle, nors hall a competitor change his rifle at any range during a competition, unless his first rifle should become unserviceable through an accident, which must be verified by the officer in charge.

8. The competitor must, after delivering each shot, pay attention to the score called out by the Register Keeper *and himself see that such score is correctly entered on the black board*, so that any objection to *the score as recorded* may be investigated before the next shot is fired.

9. In the case of unreasonable delay in firing on the part of any competitor, or such delay as the Range Officer may consider likely to prolong the firing beyond the time allowed, the Range Officer shall have the right to caution and time the competitor by a watch or sand glass, and if after such caution the competitor does not fire before the expiration of one minute, the Range Officer shall declare the shot forfeited, and call on the next competitor to proceed with the firing.

XII.—TIES.

1. In the case of ties in which all concerned win money prizes of equal value, and in the case of *absolute* ties not decided by shooting off, the winners' names will be arranged in a bracket.

2. In every case in which competitors are required to shoot off a tie, the shooting off will affect only the prize or prizes for which the ties are specially directed to be shot off.

3. Before commencing to fire off a tie, a competitor may take a sighting shot, provided he has previously notified the Register Keeper or Range Officer that he proposes doing so.

4. All individual numerical ties for Challenge Cups, Medals, Badges, or other Trophies, shall be decided by shooting off for the Trophy, and dividing the money.

5. Absolute ties for money prizes only shall be decided by dividing the money.

6. All other ties shall be decided as follow :—
