MAPLE LEAF THEATRE

SATURDAY .NIGHT
SEPTEMBER.. 14
"THE FALL OF THE ROMANOFFS"
ADMISSION 50c
1st Show at 7.30 Sharp
8 REELS.

"The Fall of the Romaniffs," which is coming to the Maple Leaf Theatre on Saturday night, Sept. 14, is withou a parallel, both from the point if view of the subject and the photography. Russia's history for the past fifteen years is vividly told. All the characters, who by their ruthless deeds helped to bring about the state of affairs which ed up to the revolution, are shown as in actual life. Rasputin, the most notorious of hese characters, his life and death, and those with whom he was associated, ar met face to face. Illodor, the "mad monk," appears personally in the picture, and it was many facts whiche h was able to bring from Russia that formed the basis of this truly historical drama.

HERE AND THERE.

Roy Smythe of Revelstoke has a flag flying over his cigar store that he put up the day that Great Britain declared war on Germany, August 4, 1914, and he says it will last until the war is over, as he is of the opinion that the recent successes of he allies mean tht the flag is in splendid condition to fly at the mast until the end of hostilities.

United States citizens of military age residing in Canada have sixty days from July 31st in which to enroll with the Canadian forces or return to the United States. Their attention is directed to a notice which appears in another column.

There is not in all the world mud like that in France. It weighs more than concrete and sticks like a porus plaster. If it dries on legs and arms it has to be broken off before the clothing will come off. If well dried it is shell-proof and turns a bayonet like a duck's turns water. Outside of armour plate and the hide of a cheap politician, I have never seen anything quite so invulnerable as the French mud. It rains every day at the front, so a plentiful supply of mud is never lacking. Some say that the concussio nof heavy shelling makes the naturally rainy climate even worse, but be that as it may, it is wet enough and then some.—From American Soldier's letter.

The Part Long Distance Plays
The part the telephone plays in business and social life is often never appreciated until an emergency arises. Recently a case arose where Long Distance was asked to get on the wire a party who was cruising on a yacht in the Gulf of Georgia. It was not known where he was, but the message was extremely urgent. Without detailing the work of the operator, or the number of places called, it is enough to say that the party was located and a message sent out by row boat that he was wanted on the telephone. Then he talked with Vancouver.
On cuch occasions the inestimable value of the telephone is brought home

Dr. Montgomery, formerly of Comox, was a visitor in town a few days ago.

Mr. Hugh McDonald died at the residence of his son-in-law, J. E. Anderton, Comox, last Thursday, week. He had only been a resident of the district for a short time. The remains were intered in the R. C. cemetery, Rev. Fr. Krutz conducting the ceremony.

Since the first of January of this year 14,500 claims have been presented to the Workmen's Compensation Board, and of these 110 have been for deaths. Last year industrial accidents up to December 31, numbered 217. More caims are being presented to the board to a much larger extent than in the first year, when the act was not so well understood by wokrmen and employers.

The Great War Veteran's Association will hold a dance in the Maple Leaf theatre on Tuesday next the 17th inst. This is the first of a series of fortnightly hops that will be held during the winter months. The Veterans are in need of funds to carry on their work, and are taking this means of raising them. The daughters of the Empire will serve refreshments.

Mr. John Crockett has purchased a new Ford car.

CANADA

NOTICE!

To United States Citizens in Canada

By the United States Military Service Convention Regulations, approved by the Governor-in-Council on 20th August, 1918, **Male Citizens of the United States in Canada, within the ages** for the time being **specified by the Laws of the United States** prescribing compulsory military service, except those who have diplomatic exemption, **are made subject and liable to Military Service in Canada, and become entitled to exemption or discharge therefrom, under the Canadian Laws and Regulations.** The regulations governing this liability are published in the Canada Gazette (Extra) of 21st Aug, 1918; copy whereof may be obtained upon application through the post to the Director of the Military Service Branch of the Department of Justice at Ottawa.

United States Citizens of the description aforesaid who **were in Canada on 30th July, 1918, have sixty days from that date within which to exercise an option to enlist or enroll in the forces of the United States, or to return to the United States;** and those who for any reason **subsequently become liable to Military Service in Canada have thirty days from the date of the accruing of such liability** within which to exercise the like option. It is stipulated by the Convention also that certificates of diplomatic exemption may be granted within the optional periods aforesaid. **Every citizen of the United States to whom the regulations apply is required to report to the Registrar under the Military Service Act, 1917,** for the province or district within which he is, in the manner by the regulations prescribed, **within ten days after the expiry of his optional period,** and will be **subject to penalties** if without reasonable excuse he fail so to report. For the information of those whom it may concern, Sections 3 and 4 defining the requirements of registration, with which it will be necessary strictly to comply, are set out substantially as follows:

REQUIREMENTS

3. Every male citizen of the United States within the ages for the time being specified in the laws of the United States prescribing compulsory military service, not including those who have diplomatic exemption, within ten days after the expiry of the time limited by the Convention within which the Government of the United States may issue him a certificate of diplomatic exemption, shall truly report to the Registrar by registered post, and in writing which is plainly legible, his name in full, his occupation and the date of his birth; stating also whether he is single, married or a widower; and if the latter, whether he has a child living, also if married, the date of his marriage; and stating, moreover his place of residence and usual post-office address in Canada; and, if he reside within a city or place where the streets and dwellings are named and numbered, the name and number of his street and dwelling; or if he reside in another place, the lot and concession number, section, township, range, and meridian, or other definite description whereby his place of residence may be located, having regard to the custom of the locality in which he lives; and if without reasonable excuse he neglect or fail to report in the manner and with the particulars aforesaid, within the time limited as aforesaid, he shall be guilty of an offence, and shall be liable upon summary conviction to a penalty not exceeding Five Hundred Dollars, and to imprisonment for any term not exceeding six months, and moreover, he shall incur a penalty of $10.00 for each day after the time when or within which he should have registered during which he shall continue to be unregistered.

4. Every United States citizen who has diplomatic exemption, although not otherwise subject to these regulations, shall within ten days after the granting of the same truly report to the registrar, in like manner and with the same particulars as required by the last preceding section; and in addition he shall embody in his report a true and complete statement of the particulars of his certificate of diplomatic exemption. Neglect or failure without reasonable excuse to comply with the requirements of this section shall constitute an offence punishable in the manner and by the penalties provided in the last preceding section.

Issued by the Department of Justice, Military Service Branch.

For ignoring the regulation which calls for a reckoning for bad eggs purchased from producers or country dealers, over and above an allowance of one per ent., the William Davies Company and the Matthews Blackwell Compaany, both of Montreal, have been forbidden to buy, sell, or otherwise deal in eggs for 30 days. According to the regulations in force since June 1st last every dealer placing eggs in cold storage is required to furnish to the operator if the warehouse a statement in writing certifying that such ggs have been candled and that bad or unsound eggs have been removed. No licensee of the Canada Food Board is permitted to pay or decess of an allowed margin of one per cent on the total amornt of the transactioni. The objec of the Canada Food board was ti make the handling of such eggsunprofitable for the dealer ,who is now obliged to charge them back against those from whom they were originally purchased. In the case of the two companies under suspension, it was found that no attempt had been made to charge back agains those from whom they were originally purchased. In thecase if the two companies under suspension it was found that no attempt had been made to charge back for unsound eggs in this way, although the candling records showed percentages running as high as fourteen. A firm in Charottetiwn has been disciplinedin the same way for a similar offence.

It was manifestly nothing but fair that the public houldnot be called upon to purchae bad egg. If a dealer purchae bad eggs and pay for them the least trouble for him wiuld be to say nothing abiut it after finding cut the fact by candling, but pass the egg on into the channels of trade. where the consumer would eventually pay for the loss. Everybidy else who handled the eggs from the priducer to the retail storekeeper, would thus have charged their profits and expenses just the same. By the order of the Canada Food Board it is provided that bad eggs be reported and charged back to their source of origin so that the loss is borne by the parties responsibe for their delay in reaching the market fresh. In these times of high prices for eggs and other food commidity, the consumer is doubly entitled to fresh eggs bought in good faith in the regular way. Producers should be careful of the stock they sell and dealers should be watchful of the stock they buy.

After almos two years of negotiation church union at Fernie is now assured. The new organization will be known as the United church, and a brand new pastor will be called.
