A great many tourists were noticed in town this week.

Mr. George Dalziel, the Secretary of the Renman Island Fair, was a visitor in our city on Thursday and Friday of last week.

The second of the series of united hurch services was held at St. John's church on Sunday evening. The sacred edefice was filled to overflowing, and a number of extra seats had to be carried in.

One of the most admired places in town now is Mr. O. H. Fechner's flower garden, just opposite the Review office. This garden was a most unpromising looking piece of ground last spring, but the frequent application of water and constant attention have worked wonders.

While driving home in his auto on Monday afternoon Jimmy Hardy met with a serious accident. When near Wood's ranch a chicken ran in front of the machine which was travelling fast. He turned his head to see what had happened to the bird, when the car swung to one side, and in endeavoring to right it, it overturned. In the mx-up Mr. Hardy's jaw was bro- with a serious case. He was then taken n three places, besides which he was badly battered up. He was taken to Rr. Millard's office by Wm. Wood but the Rocor was at Cumberland assisting Dr. McNaughton with a serious case. He was then taken there and had his wounds dressed. He left for Vancouver yesterday morning for further treatment.

The maximum temperature of 106 degrees reported from London, Ont., last Tuesday, is the highest officially recorded for any point in Canada in the past seven years. Stonecliffe, in the Ottawa Valley, where there is a meterological station, on July 3, 1911, reported a maximum of 109 and Medicine Hat reported 108 in July, 1886.

The next regular meetinb of the City Council is scheduled to take place on Monday evening next.

In another column will be found a Military proclamation granting amnesty to all draft evaders and deserters who give themselves up on or before the 24th inst. It is to be hoped that they will take full advantage of this offer. Whatever private views anyone may hold regarding the war or our participation in it, they must remember that the great majority of the people are in favor of carrying on the war to its successful issue, and that if they are to live in this country and enjoy its benefits and civilization they must be prepared to do their bit to to maintain it.

A naturalized Swede was fined the other day for saying "you will see the German flag over the world." He ought to have explained he meant at half mast.

Hindenberg keeps talking about "a strong German peace." A German peace would be so rotten that it would be sure to smell strong, at all events.

One of the curses of the world is that everywhere there is a nationalism instead of an internationalism. We should value work for the sake of the work, instead of its cash value. If this stage is ever reached collecively, character will point out the best and wisest around us.

It is suggested by a Swiss correspondent that Germany may kill off all old men and women in order to save fod for the war effectives, which rightly leads the London Advertiser to believe that there must be talk of such acton in Germany, for only with the Huns could such an idea orginate.

Mr. Frd Thompson, farmer, of Salmon Arm, is developing what may be a profitable side-line. Having on his farm a large deposit of limestone which assays 98 per cent., by the aid of rock-crusher and power supplied by the use of his automobile he has crushed and sold 50 tons of ground limestone.

Gen. Pershing told in Paris a story about a young American soldier. He talked a lot on the voyage over," said the general, "of the delight he would take in sightseeing when on leave. 'Don't miss Notre Dame Cathedral in Paris,' said a French volunteer. 'You bet I won't!' said he. 'Don't miss Westminster Abbey in London,' said a Scot.'No siree! But say, fellows,' the young soldier declared, 'the thing I'm craziest of all to see is the church of England.'"

The recent order of the Dominion *Government in giving draft* evaders up to August 24 in which to report for military service, and thus avoid punishment will affect about 500 men in *British Columbia*, according to Registrar R. S. Lennie. All men who have failed to report for medical examination, or for service when ordered, are regarded under the terms of the Military Service Act as evaders. Mr. Lennie says that those who would avoid unpleasantness in the future will di well to avail themselves of the government offer, for persons still reported as absentees after Aug. 24 will be liable for punishment for all time. If it takes five years, Mr. Lennie is satisfied that draft evaders will be brought to justice so long as they *venture into Canada again.*

Of the 500 men who have been reported as absentees in British Columiab, Mr. Lennie says that the majority have no doubt gone to other provinecs of the diminion, while a few may have gone to the United Sttes. He believes that in the course of time the grat majority of those who fail to report by August 24, will be arrested and punished.

Red Cross

Henri Durant had been deeply impressed by the work of Florence Nightingale in the Crimea. After seeing the horrors of the battle of Solferino, in 1859 when the Austrians were defeated by the French and Piedmontese and 400,000 men were left wounded and dying on the battle-field. he wrote a book called "Souvenir of Solfernio." In this work he attempted to depict the horrible suffering endured on the battlefield through lack of doctors, nurses, ambulances etc. He toured Europe for five years lecturing and his efforts were crowned with success, for at the convention of Geneva 1863 the Red Cross society was formed. The Red Cross flag was adopted as a compliment to the Swiss.

PROCLAMATION

GEORGE the FIFTH, by the Grace of God of the United Kingdom of Great Britain and Ireland and of the British Dominions beyond the Seas, KING, Defender of the Faith, Emperor of India.

To all to whom these presents shall come or whom the same may in any wise concern,—GREETING :

A Proclamation of conditional amnesty respecting men belonging to Class 1 under the Military Service Act, 1917, who have disobeyed our Proclamation of 13th October, 1917, or their orders to report for duty, or are deserters or absent without leave from the Canadian Expeditionary Force.

E. L. NEWCOMBE, Deputy Minister of Justice, Canada. } WHEREAS considerable numbers of men belonging to Class I under our Military Service Act, 1917, called out on active service in our Canadian Expeditionary Force for the defence of Canada under Our Proclamation of 13th October, 1917, although they have thus become by law soldiers enlisted in the Military Service of Canada,

Have failed to report for duty as lawfully required of them under the said Military Service Act and the regulations thereunder, including the Order in Council duly passed on April 20 last,

Or have deserted,

Or absented themselves without leave from our Canadian Expeditionary Force,

And it is represented that the very serious and unfortunate situation in which these men find themselves is due in many cases to the fact that, notwithstanding the information and warning contained in Our Proclamation aforesaid, they have misunderstood their duty or obligation, or have been misled by the advice of ill-disposed, disloyal or seditious persons.

AND WHEREAS we desire, if possible, to avoid the infliction of the heavy penalties which the law imposes for the offences of which these soldiers have thus been guilty, and to afford them an opportunity within a limited time to report and make their services available in Our Canadian Expeditionary Force as is by law their bounden duty, and as is necessary for the defence of Our Dominion of Canada.

NOW KNOW YE that we in the exercise of Our powers, and of Our good will and pleasure in that behalf, do hereby proclaim and declare and cause to be published and made known THAT THE PENALTIES OF THE LAW WILL NOT BE IMPOSED OR EXACTED as against the men who belong to Class 1 under Our Military Service Act, 1917, and who have disobeyed Our Proclamation aforesaid ; or who have received notice from any of Our registrars or deputy registrars to report for duty on a day now past and have failed so to report ; or who, having reported and obtained leave of absence, have failed to report at the expiry of their leave, or have become deserters from Our Expeditionary Force, PROVIDED THEY REPORT FOR DUTY ON OR BEFORE THE TWENTY FOURTH DAY OF AUGUST 1918.

AND WE DO HEREBY STRICTLY WARN AND SOLEMNLY IMPRESS UPON ALL SUCH MEN, and as well those who employ, harbour, conceal or assist them in their disobedience, that, if they persist in their failure to report, absence or desertion until the expiry of the last mentioned day, they will be pursued and punished with all the rigour and severity of the law, SUBJECT TO THE JUDGMENT OF OUR COURTS MARTIAL WHICH WILL BE CONVENED TO TRY SUCH CASES or other competent tribunals: and also that those who employ, harbour, conceal or assist such men will be held strictly accountable as offenders and subject to the pains, penalties and forfeitures in that behalf by law provided for their said offence.

Provided however that nothing contained in this Our Proclamation is intended to release the men aforesaid from their obligation to report for duty as soon as possible or to grant them immunity from arrest or detention in the meantime for the purpose of compelling them to perform their military duty; Our intention being merely to forego or remit the penalties heretofore incurred for failure to report, absence without leave or desertion incurred by those men of the description aforesaid who shall be in the proper discharge of their military duties on or before the said twenty-fourth day of August, 1918.

Of all of which Our loving subjects and all others whom these presents may concern are hereby required to take notice and govern themselves accordingly.

IN TESTIMONY WHEREOF, We have caused these Our Letters to be made Patent, and the Great Seal of Canada to be hereunto affixed. Witness: Our Right Trusty and Right Entirely Beloved Cousin and Counsellor, Victor Christian William, Duke of Devonshire, Marquess of Hartington, Earl of Devonshire, Earl of Burlington, Baron Cavendish of Hardwicke, Baron Cavendish of Keighley, Knight of Our Most Noble Order of the Garter: One of Our Most Honourable Privy Council; Knight Grand Cross of Our Most Distinguished Order of Saint Michael and Saint George; Knight Grand Cross of Our Royal Victorian Order; Governor General and Commander-in-Chief of Our Dominion of Canada.

At Our Government House, in Our City of OTTAWA, this FIRST day of AUGUST, in the year of Our Lord one thousand nine hundred and eighteen, and in the ninth year of Our Reign.

By Command,

Thomas Mulvey
